Further Investment Information

Special Additional Information: We are delighted to be beginning Phase 2 of our exciting journey to bring the world's first Security Token Market to life. Our team has been at work on a Market Beta, creating 100 additional securities, over 30 additional data points, and a new Market Dashboard.

We are in discussions with a number of potential partners, some of the most prestigious investment firms in Canada and around the world, who are ready to provide additional data, analytics, and tools. We have also been in discussions with a number of potential issuers, who are ready to issue their securities on our platform, and we are in the process of onboarding our first issuer, which is a real estate fund with a total value of $1.5 billion USD.

We have also formed a strategic partnership with a leading capital formation firm, with a total value of $1.5 billion USD, which will be available to us on our platform. We are also in discussions with a number of other strategic partnerships, including with Bitcoin, Ethereum, and Ripple, to name a few.
