Hi [redacted]

We haven't seen you guys at church lately, so now I have to share this by email. Haha :)

Did you know we started a business last year?

Now we're launching a capital funding campaign on Wefunder (like Kickstarter) for Inndirectly in exchange for future equity in the company.

You don't happen to know any investors in high places, do you? :) We'd love for you to take a look, follow us on Wefunder and share with anyone you know who might be interested in being among the first to invest in a startup before we go public with our campaign.
