Robert Paulson

--

December 1, 2012, Robert reported directly to Tony

Excellent Director with a wealth of commercial and government experience. Technically brilliant and has a photographic memory.

**Chuck Hoppe, PMP**

Associate Director, Science,
Technology, & Engineering
at U.S. Army CERDEC

October 2, 2012, Tony was
senior to Chuck but didn't
manage directly

I worked with Dr Tether for two years; brilliant man that took to heart the "DARPA Hard" challenge. If the project didn't have a high difficulty or high probability of failure...but, had a high potential for leap ahead affect, it wasn't a "DARPA Hard Problem". Under his leadership, the DARPA team had some phenomenal successes.
