The Ohio Soybean Council (OSC), in partnership with Persistence Data Mining, Inc. (PDMI), has wo

Experience

CEO

Persistence Mining Inc. · Full-time

Apr 2012 – Present · 8 yrs 11 mos

La Jolla, CA

PDMI is setting the standard in Soil Health with the introduction of the Soilytics™ solution, our hyperspectral soil nutrient mapping technology. Imaging allows us to take many more samples more quickly and efficiently. The importance of soil health is a global concern. It is important to essential services like food production, climate change, prevention of land degradation, water quality and the nutritional quality of our food.
