RISK FACTORS

The SEC requires the Company to identify risks that are specific to its business and financial condition. The Company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

Risks Related to the Company's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and is just beginning to implement its business plan. There can be no assurance that it will ever operate profitably. The likelihood of its success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by companies in their early stages of development. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause a Purchaser to lose all or a portion of his or her investment.

The Company's success depends on the experience and skill of the board of directors, its executive officers and key employees.

In particular, the Company is dependent on Carol Barash who is CEO of the Company, John Scotti, who is a manager of the Company and Todd Padgett, who is a manager of the Company. The Company has or intends to enter into an employment agreement with Carol Barash, although there can be no assurance that it will do so or that she will continue to be employed by the Company for a particular period of time. The loss of Carol Barash, John Scotti or Todd Padgett could harm the Company's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Company does not have any key man life insurance policies on any such people.

The Company is dependent on certain key personnel in order to conduct its operations and execute its business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their

death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and its operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

The products and Services we sell are advanced, and we need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our products and services offerings to include newer features, functionality or solutions, and keep pace with price-to-performance gains in the industry. Shortened product life cycles due to customer demands and competitive pressures impact the pace at which we must introduce and implement new technology. This requires a high level of innovation by both our software developers and the suppliers of the third-party software components included in our systems. In addition, bringing new solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate customer needs and technology trends. We must continue to respond to market demands, develop leading technologies and maintain leadership in analytic data solutions performance and scalability, or our business operations may be adversely affected. We must also anticipate and respond to customer demands regarding the compatibility of our current and prior offerings. These demands could hinder the pace of introducing and implementing new technology. Our future results may be affected if our products cannot effectively interface and perform well with software products of other companies and with our customers' existing IT infrastructures, or if we are unsuccessful in our efforts to enter into agreements allowing integration of third-party technology with our database and software platforms. Our efforts to develop the interoperability of our products may require significant investments of capital and employee resources. In addition, many of our principal products are used with products offered by third parties and, in the future, some vendors of non-Company products may become less willing to provide us with access to their products, technical information and marketing and sales support. As a result of these and other factors, our ability to introduce new or improved solutions could be adversely impacted and our business would be negatively affected.

The Company could be negatively impacted if found to have infringed on intellectual property rights.

Technology companies, including many of the Company's competitors, frequently enter into litigation based on allegations of patent infringement or other violations of intellectual property rights. In addition, patent holding companies seek to monetize patents they have purchased or otherwise obtained. As the Company grows, the intellectual property rights claims against it will likely increase. The Company intends to vigorously defend infringement actions in court and before the U.S. International Trade Commission. The plaintiffs in these actions frequently seek injunctions and substantial damages. Regardless of the scope or validity of such patents or other intellectual property rights, or the merits of any claims by potential or actual litigants, the Company may have to engage in protracted litigation. If the Company is found to infringe one or more patents or other intellectual property rights, regardless of whether it can develop non-infringing technology, it may be required to pay substantial damages or royalties to a third-party, or it may be subject to a temporary or permanent injunction prohibiting the Company from marketing or selling certain products. In certain cases, the Company may consider the desirability of entering into licensing agreements, although no assurance can be given that such licenses can be obtained on acceptable terms or that litigation will not occur. These licenses may also significantly increase the Company's operating expenses.

Regardless of the merit of particular claims, litigation may be expensive, time-consuming, disruptive to the Company's operations and distracting to management. In recognition of these considerations, the Company may enter into arrangements to settle litigation. If one or more legal matters were resolved against the Company's consolidated financial statements for that reporting period could be materially adversely affected. Further, such an outcome could result in significant compensatory, punitive or trebled monetary damages, disgorgement of revenue or profits, remedial

corporate measures or injunctive relief against the Company that could adversely affect its financial condition and results of operations.

We rely on agreements with third parties to provide certain services, goods, technology, and intellectual property rights necessary to enable us to implement some of our applications.

Our ability to implement and provide our applications and services to our clients depends, in part, on services, goods, technology, and intellectual property rights owned or controlled by third parties. These third parties may become unable to or refuse to continue to provide these services, goods, technology, or intellectual property rights on commercially reasonable terms consistent with our business practices, or otherwise discontinue a service important for us to continue to operate our applications. If we fail to replace these services, goods, technologies, or intellectual property rights in a timely manner or on commercially reasonable terms, our operating results and financial condition could be harmed. In addition, we exercise limited control over our third-party vendors, which increases our vulnerability to problems with technology and services those vendors provide. If the services, technology, or intellectual property of third parties were to fail to perform as expected, it could subject us to potential liability, adversely affect our renewal rates, and have an adverse effect on our financial condition and results of operations.

Changes in government regulation could adversely impact our business.

The Company is subject to legislation and regulation at the federal and local levels and, in some instances, at the state level. We expect that court actions and regulatory proceedings will continue to refine our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients, or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of large volumes of customer and employee data, including credit and debit card numbers and other personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that customer and employee data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

Risks Related to the Offering

The Company's management may have broad discretion in how the Company uses the net proceeds of an offering. Unless the Company has agreed to a specific use of the proceeds from an offering, the Company's management will have considerable discretion over the use of proceeds from their offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investors commitment amount based on the Company's determination of an Investor's sophistication.

The Company may prevent Investors from committing more than a certain amount to this Offering based on the Company's belief of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation Crowdfunding rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering deadline. The Company has the right to end the Offering early.

The Company may extend the Offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Amount even after the Offering deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering deadline is reached without the Company receiving the Target Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. The Company may also end the Offering early; if the Offering reaches its target Offering amount after 21-calendarary days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

Like others in our industry, we continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.

No governmental agency has reviewed or passed upon this Offering, the Company or any Securities of the Company. The Company also has relied on exemptions from securities registration requirements under applicable state securities laws. Investors in the Company, therefore, will not receive any of the benefits that such registration would otherwise provide. Prospective Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering on their own or in conjunction with their personal advisors.

Compliance with the criteria for securing exemptions under federal securities laws and the securities laws of the various states is extremely complex, especially in respect of those exemptions affording flexibility and the elimination of trading restrictions in respect of securities received in exempt transactions and subsequently disposed of without registration under the Securities Act or state securities laws.

The Company's management may have broad discretion in how the Company uses the net proceeds of an offering. Unless the Company has agreed to a specific use of the proceeds from an offering, the Company's management will have considerable discretion over the use of proceeds from their offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on half of the proceeds of the offering committed and captured during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors previously closed upon will not have the right to re-confirm their investment as it will be deemed completed.

Risks Related to the Securities

The units of SAFE will not be freely tradable until one year from the initial purchase date. Although the units of SAFE may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the units of SAFE. Because the units of SAFE have not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the units of SAFE have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the units of SAFE may also adversely affect the price that you might be able to obtain for the units of SAFE in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that it is purchasing the Securities for its own account, for investment purposes and not with a view to resale or distribution thereof.

Investors will not become equity holders until the Company decides to convert the Securities into CF Shadow Securities or until there is a change of control or sale of substantially all of the Company's assets.

Investors will not have an ownership claim to the Company or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Company. Investors will not become equity holders of the Company unless the Company receives a future round of financing great enough to trigger a conversion and the Company elects to convert the Securities into CF Shadow Series Securities. The Company is under no obligation to convert the Securities into CF Shadow Securities (the type of equity Securities Investors are entitled to receive upon such conversion). In certain instances, such as a sale of the Company or substantially all of its assets, an IPO or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Company.

Investors will not have voting rights, even upon conversion of the Securities into CF Shadow Securities; upon the conversion of the Crowd SAFE to CF Shadow Securities (which cannot be guaranteed), holders of Shadow Securities will be required to enter into a proxy with the intermediary to ensure any statutory voting rights are voted in tandem with the majority holders of whichever series of securities the Shadow Securities follow.

Investors will not have the right to vote upon matters of the Company even if and when their Securities are converted into CF Shadow Securities (which the occurrence of cannot be guaranteed). Upon such conversion, CF Shadow Securities will have no voting rights and even in circumstances where a statutory right to vote is provided by state law, the CF Shadow Security holders are required to enter into a proxy agreement with the Intermediary ensuring they will vote with the majority of the security holders in the new round of equity financing upon which the Securities were converted. For example, if the Securities are converted upon a round offering Series B Preferred Units, the Series B-CF Shadow Security holders will be required to enter into a proxy that allows the Intermediary to vote the same way as a majority of the Series B Preferred Shareholders vote. Thus, Investors will never be able to freely vote upon any manager or other matters of the Company.

Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.
Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders.

Investors will be unable to declare the Security in "default" and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any "default" provisions upon which the Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may the Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never elect to convert the Securities or undergo a liquidity event.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

Equity securities acquired upon conversion of SAFE securities may be significantly diluted as a consequence of subsequent financings.

Company equity securities will be subject to dilution. Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from SAFE conversion will be subject to dilution in an unpredictable amount. Such dilution may reduce the purchaser's control and economic interests in the Company.

The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors, including the purchaser. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the purchaser's Company securities.

Equity securities issued upon conversion of company SAFE securities may be substantially different from other equity securities offered or issued at the time of conversion.

Company may issue to converting SAFE holders equity securities that are materially distinct from equity securities it will issue to new purchasers of equity securities. This paragraph does not purport to be a complete summary of all such distinctions. Equity securities issued to SAFE purchasers upon their conversion of Company SAFE securities will be distinct from the equity securities issued to new purchasers in at least the following respects: to the extent such equity securities bear any liquidation preferences, dividend rights, or anti-dilution protections, any equity securities issued at the Conversion Price (as provided in the SAFE Agreements) shall bear such preferences, rights, and protections only in proportion to the Conversion Price and not in proportion to the price per share paid by new investors in the equity securities. Company may not provide converting SAFE purchasers the same rights, preferences, protections, and other benefits or privileges provided to other purchasers of Company equity securities.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

In a dissolution or bankruptcy of the Company, Investors will not be treated as priority debt holders and therefore are unlikely to recover any assets in the event of a bankruptcy or dissolution event.

In a dissolution or bankruptcy of the Company, Investors of Securities which have not been converted will be entitled to distributions as described in the Crowd SAFE. This means that such Investors will be at the lowest level of priority and will only receive distributions once all creditors as well as holders of more senior securities, including any holders of preferred securities, have been paid in full. If the Securities have been converted into CF Shadow Share Securities or SAFE Preferred Securities, the Investors will have the same rights and preferences (other than the ability to vote) as the holders of the Securities issued in the equity financing upon which the Securities were converted. Neither holders of Crowd SAFE nor holders of CF Shadow Share Securities nor SAFE Preferred Securities can be guaranteed a return in the event of a dissolution event or bankruptcy.

While the Crowd SAFE provides for mechanisms whereby a Crowd SAFE holder would be entitled to a return of their purchase amount, if the Company does not have sufficient cash on hand, this obligation may not be fulfilled.

In certain events provided in the Crowd SAFE, holders of the Crowd SAFE may be entitled to a return of their principal amount. Despite the contractual provisions in the Crowd SAFE, this right cannot be guaranteed if the Company does not have sufficient liquid assets on hand. Therefore, potential purchasers should not assume that they are guaranteed a return of their investment amount.

THE OFFERING AND THE SECURITIES

The Offering

The Company is offering up to 1,070,000 of The Securities for up to \$1,070,000. The Company is attempting to raise a minimum amount of \$100,000.00 in this Offering (the "**Target Amount**"). The Company must receive commitments from investors in an amount totaling the Target Amount by Offering Deadline (the "**Offering Deadline**") in order to receive any funds. If the sum of the investment commitments does not equal or exceed the Target Amount by the Offering Deadline, no Securities will be sold in the Offering, investment commitments will be cancelled and committed funds will be returned to potential investors without interest or deductions. The Company has the right to extend the Offering Deadline at its discretion. The Company will accept investments in excess of the Target Amount up to \$1,070,000.00 (the "**Maximum Amount**") and the additional Securities will be allocated at the Company's discretion.

The price of the Securities does not necessarily bear any relationship to the Company's asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities you must make a commitment to purchase by completing the Subscription Agreement. Investor funds will be held in escrow with Prime Trust, LLC until the Target Amount of investments is reached. Investors may cancel an investment commitment until 48 hours prior to the Offering Deadline or the Closing, whichever comes first using the cancellation mechanism provided by the Intermediary. The Company will notify Investors when the Target Amount has been reached. If the Company reaches the Target Amount prior to the Offering Deadline, it may close the Offering at least five (5) days after reaching the Target Amount and providing notice to the Investors. If any material change (other than reaching the Target Amount) occurs related to the Offering prior to the Offering Deadline, the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm his or her investment commitment after a material change is made to the terms of the Offering, the Investor's investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Amount is reached, the funds will be released to the Company upon closing of the Offering and the Investor will receive the Securities in exchange for his or her investment. Any Investor funds received after the initial closing will be released to the Company upon a subsequent closing and the Investor will receive Securities via Electronic Certificate/PDF in exchange for his or her investment as soon as practicable thereafter.

In the event two-times the Minimum Amount is reached prior to the Deadline (or such earlier time the Company designates pursuant to Reg. CF Rule 304(b) ("**Offering Deadline**")), the Company may conduct the first of multiple closings of the Offering early, provided all investors will receive notice of the new offering deadline at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Investors who committed on or before such notice will have until 48 hours before the new offering deadline to cancel their investment commitment. In the event the Company does conduct one of multiple closes, the Company agrees to only withdraw half of the proceeds that are in escrow and will only conduct a close if there will be more than twenty-one (21) days remaining before the Offering Deadline.

The Company may only conduct another close before the Offering Deadline if: (i) the amount of investment commitments made exceeds two times the amount committed at the time of the last close and at the time of the next close; and (ii) more than twenty-one (21) days remain before the Offering Deadline.

The Company has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of any subsequent closes.

Subscription Agreements are not binding on the Company until accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any subscription. If the Company rejects all or a portion of any subscription, the applicable prospective Investor's funds will be returned without interest or deduction.

The price of the Securities was determined arbitrarily. The minimum amount that an Investor may invest in the Offering is \$100.00.

The Offering is being made through OpenDeal Portal LLC dba Republic, the Intermediary. The following two fields below sets forth the compensation being paid in connection with the Offering.

Dividends

The Securities do not entitle the Investors to any dividends.

Conversion

Upon each future equity financing of greater than \$1,000,000.00 (an "**Equity Financing**"), the Securities are convertible at the option of the Company, into CF Shadow Series Securities, which are securities identical to those issued in such future Equity Financing except 1) they do not have the right to vote on any matters except as required by law, 2) they must vote in accordance with the majority of the investors in such future Equity Financing with respect to any such required vote and 3) they are not entitled to any inspection or information rights (other than those contemplated by Regulation CF). The Company has no obligation to convert the Securities in any future financing.

Conversion Upon the First Equity Financing

If the Company elects to convert the Securities upon the first Equity Financing following the issuance of the Securities (the "First Equity Financing"), the Investor will receive the number of CF Shadow Series Securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the "Purchase Amount") by:

The Company shall provide the Major Investors with at least ten (10) business days prior written notice of the first Equity Financing, including the price and terms thereof. A Major Investor shall have a right to convert, in its sole discretion, any Securities then held by the Major Investor upon the closing of the first Equity Financing into a number of units of the CF Shadow Series Securities equal to the greater of the quotient obtained by dividing the Purchase Amount by (a) the Valuation Cap Amount or (b) the Discount Amount.

Conversion After the First Equity Financing

If the Company elects to convert the Securities upon an Equity Financing after the first Equity Financing following the issuance of the Securities, the Investor will receive the number of CF Shadow Series Securities equal to the greater of the quotient obtained by dividing the Purchase Amount by (a) the Valuation Cap Amount, or (b) the Discount Amount.

Conversion Upon a Liquidity Event Prior to an Equity Financing

In the case of an initial public offering of the Company ("IPO") or Change of Control (see below) (either of these events, a "**Liquidity Event**") of the Company prior to any Equity Financing, the Investor will receive, at the option of the Investor, either (i) a cash payment equal to the Purchase Amount (subject to the following paragraph) or (ii) a number of units of common securities of the Company equal to the Purchase Amount divided by the quotient of (a) \$10,000,000.00 divided by (b) the number, as of immediately prior to the Liquidity Event, of units of the Company's equity interests (on an as-converted basis) outstanding, assuming exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (i) units of common securities reserved and available for future grant under any equity incentive or similar plan; (ii) any Safes; and (iii) convertible promissory notes.

In connection with a cash payment described in the preceding paragraph, the Purchase Amount will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investors and holders of other Safes (collectively, the "Cash-Out Investors") in full, then all of the Company's available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

"Change of Control" as used above and throughout this section, means (i) a transaction or transactions in which any person or group becomes the beneficial owner of more than 50% of the outstanding voting securities entitled to elect the Company's board of directors, (ii) any reorganization, merger or consolidation of the Company, in which the outstanding voting security holders of the Company fail to retain at least a majority of such voting securities following such transaction(s) or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

excluding: (i) units of common securities reserved and available for future grant under any equity incentive or similar plan; (ii) any Safes; and (iii) convertible promissory notes. Major Investors will have the right to participate in new securities offerings unless the securities (i) are issued as a dividend or distribution on outstanding securities, (ii) are issued upon conversion or exercise of outstanding securities, (iii) are issued to employees, directors or consultants pursuant to a plan, agreement or arrangement approved by the Company's Board of Directors, (iv) are issued pursuant to the acquisition of another corporation or its assets by the Company, or (v) up to one million dollars (\$1,000,000), of such, are issued by the Company annually to fund obligations to make cash dividends or interest payments on outstanding securities.

A "Dissolution Event" means (i) a voluntary termination of operations by the Company, (ii) a general assignment for the benefit of the Company's creditors or (iii) any other liquidation, dissolution or winding up of the Company (excluding a Liquidity Event), whether voluntary or involuntary.

The Securities have no voting rights at present or when converted.

The Company does not have any voting agreements in place.

The Company does not have any shareholder/equity holder agreements in place.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity financings will dilute the ownership percentage that the Investor may eventually have in the Company.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: 1) to the Company, 2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act, 3) as part of an IPO or 4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. "Member of the family" as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Remember that although you may legally be able to transfer the Securities, you may not be able to find another party willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any Securities into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any Securities into which they are convertible to any of the Company's competitors, as determined by the Company in good faith.

Furthermore, upon the event of an IPO, the equity interests into which the Securities are converted will be subject to a lock-up period and may not be sold for up to 180 days following such IPO.

Other Material Terms

- The Company does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.
- The Company cannot determine if it currently has enough equity interests authorized to issue upon the conversion of the Securities, because the amount of equity interests to be issued is based on the occurrence of future events.

STORY2 LLC
NOTES TO FINANCIAL STATEMENTS
For the Years Ended December 31, 2018 and 2017
(Unaudited)

NOTE 1 – NATURE OF OPERATIONS

Story2 LLC (formerly Story to College, LLC) (the “Company”) teaches students and professionals to speak and write powerfully and authentically using the science of storytelling.

Story2 LLC courses and coaching are based in the neuroscience of storytelling and communication, tapping into the innate ability to speak, write, and build connections with other people. The skills the Company teaches improve students’ spoken and written communication and their ability to communicate effectively in high stakes situations: admissions, job search, pitching. The Company conducts its business through an online model providing the StoryBuilder app, asynchronous and live online courses, and coaching.

Since inception, the Company has relied on angel investors and founders for raising capital to fund operations. As of December 31, 2018, the Company had no working capital and will likely incur additional losses prior to generating positive working capital. These matters raise substantial concern about the Company’s ability to continue as a going concern. During the next 12 months, the Company intends to fund operations from issuance of additional convertible notes (see Note 6), capital contributions from majority shareholders and profitability generated from revenue producing activities. If the Company cannot secure additional short-term capital, it may cease operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

The Company incorporated on July 31, 2014 in the State of Delaware. The Company is headquartered in New York, New York.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates. It is reasonably possible that changes in estimates will occur in the near term.

Risks and Uncertainties

As shown in the accompanying financial statements, the Company has incurred losses from operations since inception, and as of December 31, 2018, the Company's current liabilities exceed current assets. These factors raise substantial doubt about the Company's ability to continue as a going concern. The Company's member's intent is to continue funding operating cash flow needs and seek investors in the form of either debt or equity. However, there can be no assurance that the member will be successful in this regard.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists primarily of accounts held with commercial banking institutions.

Accounts Receivable

Accounts receivable are uncollateralized, non-interest-bearing customer obligations due under normal trade terms. Management reviews individual customer account balances and determines delinquency based on the specific customer's agreed upon terms. Management does not charge interest on delinquent balances. The Company applies collections of accounts receivable to specific invoices in accordance with customer specifications, or if unspecified, to the oldest outstanding invoices. The Company does not consider an allowance of doubtful accounts necessary.

Income Taxes

As a limited liability entity, the Company's taxable income or loss is allocated to the member. Therefore, no provision for federal income taxes has been included in the financial statements.

The Company follows professional standards related to accounting for uncertainty in income taxes, which prescribes a recognition threshold of more-likely-than-not to be sustained upon examination. Measurement of the tax uncertainty occurs if the recognition threshold has been met. The standards also provide guidance on de-recognition, classification, interest and penalties, accounting in interim periods, disclosure and transition requirements.

The Company files returns in the U.S. federal jurisdiction as well as certain state jurisdictions. In the normal course of business, the Company is subject to examination by taxing authorities; as of the date of this report there are no on-going examinations. The Company has evaluated its tax positions for all open tax years and has concluded that there are no significant uncertain tax positions for either federal or state purposes. Further, there are no tax related interest or penalties included in the financial statements.

Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. Revenue that is collected in advance of when it is earned is considered unearned and is reported as deferred revenue on the Company's financial statements. The revenue is recognized during the year in which the Company's services are performed.

Advertising Expenses

The Company expenses advertising costs as they are incurred. Advertising expenses were \$13,909 and \$17,480 for the years ended December 31, 2018 and 2017, respectively. \$29,520 of Advertising expenses in 2017 was reclassified to distinguished differences in expenses associated with Advertising and overall general Marketing expenses.

Organizational Costs

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 720, organizational costs, including accounting fees, legal fee, and costs of incorporation are expensed as incurred.

Recent Accounting Pronouncements

In February 2016, FASB issued Accounting Standards Update (ASU) No. 2016-02, *Leases*, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2016-02 will also require disclosures to help investors and other financial statement users to better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The Company is currently evaluating the effect that the updated standard will have on its financial statements and related disclosures.

NOTE 3 – INCOME TAX PROVISION

The Company is taxed as a limited liability entity. The Company's taxable income or loss is allocated to the member. Therefore, no provision for federal income taxes has been included in the financial statements.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

Operating Lease Commitments

The Company has a month-to-month lease in New York, New York. Rent expenses for the years ended December 31, 2018 and 2017 total approximately \$72,000 and \$54,000, respectively.

Legal Matters

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company or its member.

NOTE 5 – LINE OF CREDITS/LOANS

Line of Credit

The Company has a line of credit agreement with a bank for \$200,000 maximum. The agreement will continue until all amounts outstanding are paid off or until both parties agree in writing to terminate the agreement. Borrowing under the agreement bears interest at the national prime rate plus .25%. The line of credit is personally guaranteed by a relative of the member of the Company and secured by the underlying assets of the Company. The balance of the line of credit was \$198,553 and \$170,000 as of December 30, 2018 and 2017, respectively.

Long-term Debt

The Company has a note payable to the Empire State Certified Development Corporation payable in monthly installments over a ten-year period maturing March 2024, including interest adjusted monthly at *The Wall Street Journal Prime* rate plus 2.75%.

	<u>2018</u>	<u>2017</u>
Notes Payable	\$63,860	\$69,709
Less: Current portion of Notes Payable	<u>9,337</u>	<u>9,337</u>
	\$54,523	\$60,372

NOTE 6 – CONVERTIBLE DEBT

Issuance of Convertible Notes

The Company has issued convertible promissory notes (the “Notes”) totaling \$201,000 and \$418,000 during the years ended December 31, 2018 and 2017, respectively. The accrued interest on the notes totaled approximately \$317,000 and \$160,000 as of December 31, 2018 and 2017, respectively. These Notes bear interest at 6% per annum, compounded annually. In late 2018, all but one note had extensions on maturity signed to extend the maturity to December 31, 2020. The Kaplan note was not

extended by the end of 2018 but is currently being extended. Therefore, and when the Kaplan note is extended, \$1,976,000 of the Notes will come due and payable during 2020. When the notes come due the associated accrued interest will also become due and payable. The Notes may be prepaid at any time without penalty upon five days prior written notice to the holder.

In the event the Company consummates, prior to the Maturity Date, an equity financing pursuant to which the Company sells securities or membership interests of the Company resulting in aggregate gross proceeds to the Company of not less than \$2,000,000 (a "Qualified Financing"), then the principal and accrued interest under the Notes shall automatically convert into the membership interests offered to purchasers in the Qualified Financing at a conversion price equal to the lesser of (a) 80% of the purchase price per membership interest paid by purchasers in the Qualified Financing and (b) the quotient of \$5,500,000 divided by the aggregate number of the Company's outstanding units as of immediately prior to the initial closing of the Qualified Financing (assuming full conversion or exercise of all convertible and excisable securities then outstanding other than the notes). The holder of a note shall receive the same rights, privileges and protections as the purchasers in the Qualified Financing.

In the event that, prior to the Maturity Date, an event of default or conversion of these Notes, the Company effects a liquidation event, the unpaid principal and accrued interest under the Notes shall automatically convert into the right to receive a cash amount equal to the greater of i) the unpaid principal and interest under the note, and ii) the amount the holder would be entitled had the aggregate principal amount been converted into Class A Units of the Company at a conversion price equal to the quotient of \$5,500,000 divided by the aggregate number of the Company's outstanding units.

NOTE 7 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company's member's intent is to continue funding operating cash flow needs and seek investors in the form of either debt or equity. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

NOTE 8 - SUBSEQUENT EVENTS

Anticipated Crowdfunded Offering

The Company is offering (the "Crowdfunded Offering") up to \$1,070,000 of Simple Agreements for Future Equity ("Crowd SAFEs"). The Company is attempting to raise a minimum of \$25,000 in the Crowdfunded Offering and up to \$1,070,000 maximum. Crowd SAFE
(Crowdfunding Simple Agreement for Future Equity)

Series 2020

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “**Investor**”, and together with all other Series 2020 Crowd SAFE holders, “**Investors**”) of \$[] (the “**Purchase Amount**”) on or about [Date of Crowd SAFE], Story2 LLC, a Delaware limited liability company (the “**Company**”), hereby issues to the Investor the right to certain units of the Company’s Equity Interests (defined below), subject to the terms set forth below.

The “**Discount**” is 10%.

The “**Valuation Cap**” is \$10,000,000.

See Section 2 for certain additional defined terms.

1. Events

(a) **Equity Financing.**

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(d) (“**First Equity Financing**”), the Company shall notify the Investor of the closing of the First Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Purchase Amount to Equity Interests; or (2) issue to the Investor a

number of units of the CF Shadow Series of the Equity Interests (whether Preferred Securities or another class issued by the Company), as applicable, sold in the First Equity Financing. The number of units of the CF Shadow Series of such Equity Interests shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price.

(ii) If the Company elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(d) (each, a “**Subsequent Equity Financing**”), the Company shall notify the Investor of the closing of the Subsequent Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Investor’s Purchase Amount to Equity Interests; or (2) issue to the Investor a number of units of the CF Shadow Series of the Equity Interests (whether Preferred Securities or another class issued by the Company) sold in the Subsequent Equity Financing. The number of units of the CF Shadow Series of such Equity Interests shall equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the applicable Conversion Price.

(b) **Liquidity Event.**

(i) If there is a Liquidity Event before the termination of this instrument and before any Equity Financing, the Investor will, at its option, either (i) receive a cash payment equal to the Purchase Amount (subject to the following paragraph) or (ii) automatically receive from the Company a number of units of Common Securities equal to the Purchase Amount divided by the Liquidity Price, if the Investor fails to select the cash option. In connection with this Section 1(b)(i), the Purchase Amount will be due and payable by the Company to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investor and holders of other Crowd SAFEs (collectively, the “**Cash-Out Investors**”) in full, then all of the Company’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

(ii) If there is a Liquidity Event after one or more Equity Financings have occurred but before the termination of this instrument, the Investor will, at its option, either (i) receive a cash payment equal to the Purchase Amount (as described in the foregoing paragraph) or (ii) automatically receive from the Company a number of units of the most recent issued Equity Interests (whether Preferred Securities or another class issued by the Company) equal to the Purchase Amount divided by the Liquidity Price, if the Investor fails to select the cash option. Units of Equity Interests granted in connection therewith shall have the same liquidation rights and preferences as the units of Equity Interests issued in connection with the Company’s most recent Equity Financing.

(c) **Dissolution Event.** If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), subject to the preferences applicable to any series of Preferred Securities, the Company will distribute its entire assets legally available for distribution with equal priority among the (i) Investors (on an as converted basis based on a valuation of Common Securities as determined in good faith by the Company’s board of directors at the time of Dissolution Event), (ii) all other holders of instruments sharing in the assets of the Company at the same priority as holders of Common Securities upon a Dissolution Event and (iii) and all holders of Common Securities.

(d) **Termination.** This instrument will terminate (without relieving the Company or the Investor of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of units in the CF Shadow Series to the Investor pursuant to Section 1(a) or Section 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Sections 1(b) or 1(c).

2. Definitions

“**CF Shadow Series**” shall mean a series of Equity Interests that is identical in all respects to the units of Equity Interests (whether Preferred Securities or another class issued by the Company) issued in the relevant Equity Financing (e.g., if the Company sells Series A Preferred Securities in an Equity Financing, the Shadow Series would be Series A-CF Preferred Securities), except that:

- (i) CF Shadow Series members shall have no voting rights and shall not be entitled to vote on any matter that is submitted to a vote or for the consent of the members of the Company;
- (ii) Each of the CF Shadow Series members shall enter into a proxy agreement, in the form of Exhibit A attached hereto, appointing the Intermediary as its irrevocable proxy with respect to any matter to which CF Shadow Series members are entitled to vote by law. Entering into such proxy agreement is a condition of receiving CF Shadow Units and such agreement provides that the Intermediary will vote with the majority of the holders of the relevant class of the Company's Equity Interests on any matters to which the proxy agreement applies; and
- (iii) CF Shadow Series members have no information or inspection rights, except with respect to such rights deemed not waivable by laws.

“**Change of Control**” means (i) a transaction or series of related transactions in which any “person” or “group” (within the meaning of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), becomes the “beneficial owner” (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of more than 50% of the outstanding voting securities of the Company having the right to vote for the election of members of the Company’s board of directors, (ii) any reorganization, merger or consolidation of the Company, other than a transaction or series of related transactions in which the holders of the voting securities of the Company outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of the Company or such other surviving or resulting entity or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

“**Common Securities**” means common limited liability company membership units of the Company or common stock of the Company, if the Company is restricted as a corporation, including the securities issuable upon the conversion of this instrument pursuant to Section 1(a) or 1(b). For purposes of this Crowd SAFE, “common limited liability company membership units” refers to those interests in the Company that, as of the relevant event, would be last to receive a repayment of all capital contributions made in respect of such interests.

“**Conversion Price**” means either: (i) the SAFE Price or (ii) the Discount Price, whichever calculation results in a greater number of units of Equity Interests.

“**Discount Price**” means the product of (i) the price per unit of Equity Interests sold in an Equity Financing and (ii) 100% less the Discount.

“Dissolution Event” means (i) a voluntary termination of operations, (ii) a general assignment for the benefit of the Company’s creditors, (iii) the commencement of a case (whether voluntary or involuntary) seeking relief under Title 11 of the United States Code (the “Bankruptcy Code”), or (iv) any other liquidation, dissolution or winding up of the Company (excluding a Liquidity Event), whether voluntary or involuntary.

“Equity Financing” shall mean the next sale (or series of related sales) by the Company of its Equity Securities to one or more third parties following the date of this instrument from which the Company receives gross proceeds of not less than \$1,000,000 cash or cash equivalent (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Equity Interests, such as SAFEs or convertible promissory notes) with the principal purpose of raising capital.

“Equity Interests” means the equity interests of the Company, including without limitation, the Common Securities and Preferred Securities of the Company.

This instrument constitutes a valid and binding obligation of the Investor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

(b) The Investor has been advised that this instrument and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that neither this instrument nor the underlying securities may be resold or otherwise transferred unless they are registered under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply.

(c) The Investor is purchasing this instrument and the securities to be acquired by the Investor hereunder for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same. Each Investor understands that the Securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of each Investor's representations as expressed herein.

In deciding to purchase this instrument, the Investor is not relying on the advice or recommendations of the Company or of the Intermediary and the Investor has made its own independent decision that an investment in this instrument and the underlying securities is suitable and appropriate for the Investor. The Investor understands that no federal or state agency has passed upon the merits or risks of an investment in this instrument and the underlying securities or made any finding or determination concerning the fairness or advisability of this investment.

(g) The Investor understands that no public market now exists for any of the securities issued by the Company, and that the Company has made no assurances that a public market will ever exist for this instrument and the securities to be acquired by the Investor hereunder.

(h) If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation to subscribe for this instrument, including (a) the legal requirements within its jurisdiction for the purchase of this instrument; (b) any foreign exchange restrictions applicable to such purchase; (c) any governmental or other consents that may need to be obtained; and (d) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, conversion, redemption, sale, or transfer of this instrument. The Investor's subscription and payment for and continued beneficial ownership of this instrument and the underlying securities will not violate any applicable securities or other laws of the Investor's jurisdiction. The Investor acknowledges that the Company has taken no action in foreign jurisdictions with respect to this instrument and the underlying securities.

(i) Each Investor further acknowledges that it has read, understood, and had ample opportunity to ask Company questions about its business plans, "Risk Factors," and all other information presented in the Company's Form C and the offering documentation filed with the SEC.

(j) Each Investor represents that the Investor understands the substantial likelihood that the Investor will suffer a **TOTAL LOSS** of all capital invested, and that Investor is prepared to bear the risk of such total loss.

5. Transfer Restrictions.

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any units of Equity Interests or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Equity Interests (whether such units or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Equity Interests or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any of the Company's securities issued to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any Company's securities to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all members individually owning more than 5% of the outstanding Common Securities or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Securities. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the Investor's registrable securities of the Company (and the Company securities or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. The Investor agrees that a legend reading substantially as follows will be placed on all certificates representing all of the Investor's registrable securities of the Company (and the securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE COMPANY'S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE COMPANY AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE COMPANY'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) Without in any way limiting the representations and warranties set forth in Section 4 above, the Investor further agrees not to make any disposition of all or any portion of this instrument or the underlying securities unless and until the transferee has agreed in writing for the benefit of the Company to make the representations and warranties set out in Section 4 and the undertaking set out in Section 5(a) and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, the Investor shall have furnished the Company with an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such securities under the Securities Act.

(e) The Investor agrees that it shall not make any disposition of this instrument or any underlying securities to any of the Company's competitors, as determined by the Company in good faith.

(f) The Investor understands and agrees that the Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowd SAFE and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws, any other agreement between the Investor and the Company or any agreement between the Investor and any third party:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

6. *Miscellaneous*

(a) The Investor agrees to take any and all actions determined in good faith by the Company's board of managers or equivalent governance body to be advisable to reorganize this instrument and any Equity Interests issued pursuant to the terms of this instrument into a special purpose vehicle or other entity designed to aggregate the interests of holders of Crowd SAFEs.

(b) Any provision of this instrument may be amended, waived or modified only upon the written consent of either (i) the Company and the Investor, or (ii) the Company and the majority of the Investors (calculated based on the Purchase Amount of each Investors Crowd SAFE).

(c) Any notice required or permitted by this instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(d) The Investor is not entitled, as a holder of this instrument, to vote or receive dividends or be deemed the holder of Equity Interests for any purpose, nor will anything contained herein be construed to confer on the Investor, as such, any of the rights of a member of the Company or any right to vote for the election of directors or upon any matter submitted to member at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise until units have been issued upon the terms described herein.

(e) Neither this instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this instrument and/or the rights contained herein may be assigned without the Company's consent by the Investor to any other entity who directly or indirectly, controls, is controlled by or is under common control with the Investor, including, without limitation, any general partner, managing member, officer or director of the Investor, or any venture capital fund now or hereafter existing which is controlled by one or more

general partners or managing members of, or units the same management company with, the Investor; and *provided, further*, that the Company may assign this instrument in whole, without the consent of the Investor, in connection with a reincorporation to change the Company's domicile.

(f) In the event any one or more of the terms or provisions of this instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(g) All securities issued under this instrument may be issued in whole or fractional parts.

(h) All rights and obligations hereunder will be governed by the laws of the State of New York, without regard to the conflicts of law provisions of such jurisdiction.

(i) Any dispute, controversy or claim arising out of, relating to or in connection with this instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "**AAA**") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be New York, NY. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(j) In the event the Investor, together with its affiliates, purchases one or more Crowd SAFEs with an aggregate Purchase Amount equal to or exceeding \$25,000 (a "**Major Investor**"), the Company shall provide the Investor with at least ten (10) business days prior written notice of the First Equity Financing, including the price and terms thereof. The Major Investor shall have a right to convert, in its sole discretion, any Crowd SAFEs then held by the Major Investor upon the closing of the First Equity Financing into a number of units of the CF Shadow Series of Equity Interests in accordance with Section 1(a). For the avoidance of doubt, this clause shall only apply to the Purchase Amount from the current Offering of the Company's Equity Interests and will not be integrated with any previous offerings of the Company's Units.

(k) The Company shall provide each Major Investor with at least ten (10) business days prior written notice ("**Notice**") including the price and terms thereof of the First Equity Financing consisting of any new equity securities other than Excluded Securities (such Securities other than Excluded Securities the "**New Securities**"). The Investor shall have the right, upon Notice from the Company, within ten (10) days following receipt of the Notice, whether such Notice is provided before or after the issuance (the "**Exercise Period**"), to elect to subscribe for, at the price and on the terms stated in the Notice, such number of New Securities equal to the product obtained by multiplying the number of New Securities (calculated on an as-converted basis) by a fraction, the numerator of which is the Common Securities (calculated on an as-converted basis) held by the Investor on the date of such Notice (and prior to the issuance) and the denominator of which is the total number of Common Securities (calculated on an as-converted basis) issued and outstanding on the date of such Notice (and prior to the issuance); provided, however, the denominator shall not include units of Common Securities reserved and available for future grant under any equity incentive or similar plan of the Company. If all or any portion of the New

Securities are not subscribed to by the Investor as described above, then the Company may, at its election, during a period of thirty (30) days following the expiration of the Exercise Period, issue the remaining New Securities to other parties at a price and upon terms not more favorable than those stated in such Notice. In the event the Company has not issued the New Securities within such thirty (30) day period, the Company shall not thereafter issue any New Securities without first offering such securities to the Investor in the manner provided in this clause. Failure by the Investor to exercise its option to subscribe with respect to one offering and issuance of New Securities shall not affect its option to subscribe for equity securities in any subsequent offering and issuance. This clause shall not apply to “**Excluded Securities**” issued by the Company which shall mean (i) securities issued as a dividend or distribution on outstanding securities, (ii) securities issued upon conversion or exercise of outstanding securities, (iii) securities issued to employees, directors or consultants pursuant to a plan, agreement or arrangement approved by the Company’s Board of Directors, (iv) securities issued pursuant to the acquisition of another corporation or its assets by the Company, or (v) up to one million dollars (\$1,000,000) in securities issued by the Company annually to fund obligations to make cash dividends or interest payments on outstanding securities.

Reference is hereby made to a certain Crowdfunding Simple Agreement for Future Equity (the “**Crowd SAFE**”) dated [CrowdSAFE Date] between Story2 LLC, a Delaware limited liability company (the “**Company**”) and [Investor Name] (“**Member**”). In connection with a conversion of Member’s investment in the Crowd SAFE into Preferred Securities of a CF Shadow Series (as defined in the Crowd SAFE) pursuant to the Crowd SAFE, the Member and OpenDeal Portal, LLC, d/b/a “**Republic**” (the “**Intermediary**”) as another holder of Preferred Securities of a CF Shadow Series hereby agree as follows:

1) Grant of Irrevocable Proxy.

- a) With respect to all of the units of Preferred Securities of CF Shadow Series owned by the Member as of the date of this Irrevocable Proxy or any subsequent date (the “**Units**”), Member hereby grants to Intermediary an irrevocable proxy under Section 302 of the Delaware Limited Liability Company Act, or Section 212 of the Delaware General Corporation Law, as applicable, to vote the Units in any manner that the Intermediary may determine in its sole and absolute discretion. For the avoidance of doubt, the Intermediary, as the holder (“**Holder**”) of the irrevocable proxy (rather than the Member) will vote the Units with respect to all member meetings and other actions (including actions by written consent in lieu of a meeting) on which holders of Units may be entitled to vote. The Intermediary hereby agrees to vote all Units consistently with the majority of the preferred units on which the CF Shadow Series is based. This proxy revokes any other proxy granted by the Member at any time with respect to the Units.
- b) The Intermediary shall have no duty, liability or obligation whatsoever to the Member arising out of the Intermediary’s exercise of the this irrevocable proxy. The Member expressly acknowledges and agrees that (i) the Member will not impede the exercise of the Intermediary’s rights under this irrevocable proxy and (ii) the Member waives and relinquishes any claim, right or action the Member might have, as a member of the Company or otherwise, against the Intermediary or any of its affiliates or agents (including any directors, officers, managers, members, and employees) in connection with any exercise of the irrevocable proxy granted hereunder.
- c) This irrevocable proxy shall expire as to those Units on the earlier of (i) the date that such Units are converted into Common Securities of the Company or (ii) the date that such Units are converted to cash or a cash equivalent, but shall continue as to any Units not so converted.

2) Legend. The Member agrees to permit an appropriate legend on certificates evidencing the Units or any transfer books or related documentation of ownership reflecting the grant of the irrevocable proxy contained in the foregoing Section 1.

3) Representations and Warranties. The Member represents and warrants to the Intermediary as follows:

- a) The Member has the all necessary rights, power and authority to execute, deliver and perform his obligations under this Irrevocable Proxy. This Irrevocable Proxy has been duly executed and delivered by the Member and constitutes such Member’s legal and valid obligation enforceable against the Member in accordance with its terms.

- b) The Member is the record owner of the Units listed under the name on this Appendix A and the Member has plenary voting and dispositive power with respect to such Units; the Member owns no other units of the Equity Interests of the Company; there are no proxies, voting trusts or other agreements or understandings to which such Member is a party or bound by and which expressly require that any of the Units be voted in any specific manner other than pursuant to this irrevocable proxy; and the Member has not entered into any agreement or arrangement inconsistent with this Irrevocable Proxy.
- 4) **Equitable Remedies.** The Member acknowledges that irreparable damage would result if this Irrevocable Proxy is not specifically enforced and that, therefore, the rights and obligations of the Intermediary may be enforced by a decree of specific performance issued by arbitration pursuant to the Crowd SAFE, and appropriate injunctive relief may be applied for and granted in connection therewith. Such remedies shall, however, not be exclusive and shall be in addition to any other remedies that the Intermediary may otherwise have available.
- 5) **Defined Terms.** All terms defined in this Irrevocable Proxy shall have the meaning defined herein. All other terms will be interpreted in accordance with the Crowd SAFE.
- 6) **Amendment.** Any provision of this instrument may be amended, waived or modified only upon the written consent of the (i) the Member and (ii) the Intermediary.
- 7) **Assignment.**
- a) In the event the Member wishes to transfer, sell, hypothecate or otherwise assign any Units, the Member hereby agrees to require, as a condition of such action, that the counterparty or counterparties thereto must enter into a proxy agreement with the Intermediary substantially identical to this Irrevocable Proxy.
- b) The Intermediary may transfer its rights as Holder under this instrument after giving prior written notice to the Member.
- 8) **Severability.** In the event any one or more of the terms or provisions of this instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

Video Transcript – Story2

Hi. I'm Dr. Carol Barash, founder and CEO of Story2.

From college admission essays to job interviews and all types of public speaking, Story2 is shifting the way the world communicates.

Most people are deeply afraid to speak and write out loud, I know that I was.

78% of high school students and half of all college students lack the essential communication skills they need to succeed in the 21st century.

Through a patented writing process and simple, online platform, Story2 is solving that problem and connecting people around the world.

Over tens of thousands of years, storytelling evolved in the human brain to help us navigate our fear of the unknown.

Memories, emotions, and action are triggered at once. That same flow of memories, emotions, and action ignites when we read or listen to other people's stories. Our brains are literally searching all the time to find common ground through stories.

That's what makes storytelling such a powerful way to communicate. And why it's at the heart of everything we do.

Our storytelling app gives you the tools you need to speak and write powerfully. Story2 makes it super simple to get your big ideas out of your head, to organize them, and bring them to the world.

Story2 combines a fast and easy writing process with asynchronous and live online courses and coaching to build your writing confidence and enable you to conquer high-stakes communications like college admissions, job interviews, or starting your own business.

We've taught more than 200,000 people how to tell their unique stories out loud to pursue their boldest dreams.

And that's just the beginning! In 2019, just a few months ago we opened our second office in Hangzhou, China, and in 2020 we'll open a third in Mumbai, India.

I had this story bouncing around in my head for years. Story2 helped me get it out of my head and onto paper but in my own voice.

Back in high school, I used Story2 to help me write my personal statement. I got into NYU, one of my top schools, I studied abroad in Shanghai and I think I have the skills that I need to jumpstart my career.

Story2 is changing the way the world communicates. I invite you to join us.
