Kraig Weaver

Owner & Head Distiller at The Block Distilling Co.
Denver, Colorado, United States

Summary

With a background in oil and gas and a degree in engineering from CSM in Golden, I am now completely using my degrees to their fullest by owning and starting two business that have nothing to do with O&G (smiley face); a custom furniture company (AND collaborative) and a craft distillery (The Block Distilling Co.). But in all seriousness without a background in engineering neither of these would exist; from the contacts gathered, the knowledge of math, to the knowledge of how businesses run. It has been a great journey thus far and I look forward to seeing how they develop and where they go from here.

Experience

The Block Distilling Co.

Owner, Manager, Head Distiller
July 2015 - Present (8 years 9 months)
2990 Larimer St., Denver, CO 80205

Wow! We have been open for 3 years! It has been a crazy ride. We have a lineup of 8 different spirits including 2 whiskies that are a minimum of 2 years old. We grew 39% from year 1 to 2 & 18% from year 2 to 3 which was 2020! We are in the process of expanding our production by 6x. And we are currently fundraising on WeFunder (link below).

AND collaborative

owner / designer / builder
June 2013 - December 2019 (6 years 7 months)
Denver

I am the founder of the creative collaboration company AND collaborative (www.ANDcollaborative.com). AND specializes in getting groups of creatives together to offer one of a kind services and products ranging from custom wood and metal furniture to photography to graphic design to art. Located in Denver, CO all of AND's products are handmade.

Well Data Labs

Petroleum Engineer

April 2015 - August 2015 (5 months)

Ever evolving position involving product testing and development, customer success, and customer service.

WPX Energy

4 years 4 months

Reservoir Engineer II

June 2012 - April 2015 (2 years 11 months)

I work in the Exploration Group evaluating potential plays and data rooms.

Completions Engineer

January 2011 - June 2012 (1 year 6 months)

Denver

Worked as a Completions Engineer in the Piceance Basin. Also ran and started WPX's participation in FracFocus.org.

Education

Colorado School of Mines

Bachelor of Science (B.S.), Petroleum Engineering · (2006 - 2010)
