PointerTop was created out of the frustration we felt as previous business owners in a high-touch marketplace to be missing out on the eCommerce wave. It seemed everyone else was able to get online easily and make money with exponential growth curves, except for us. Our products and services did not lend themselves well to selling on typical shopping sites, nor eBay, nor through affiliates, nor Amazon. Our products and services required trained salesman to sell, and we had to go through the expensive and painstaking work of building satellite offices in every region we wanted to sell, and then managing and training the personnel remotely. After extensive searching, we realized that what we needed simply did not ...[see more](#)
