Education

UCL

Master of Science (MSc), Computer Science & Machine Learning, Distinction (82%), Dean's List Award (#2 in class)
2015 – 2016

Activities and Societies: Computing Society

The UCL computer science masters degree offers a practical foundation in computer science. I focused on natural language processing and applied machine learning, with elements of the course taught by the Gatsby Computational Neuroscience Unit, sponsored by Google Deepmind.

I came #2 in my class of 62 students, and achieved the Dean's List award, a national level UK award for the top graduates from universities each year.

London School of Economics and Political Science

BSc Hons, Economics, 1st Class Honours

2009 – 2012

Activities and Societies: Founding team of the 'Analyst' Magazine - first student-led financial newspaper on campus; Winner 'Best Sound Business Pitch' - LSE Entrepreneurs Incubator Project.

Graduated with First Class Honors in Economics, London School of Economics, specialising in Financial Analysis, Accounting & Valuation, Public Economics and International Economics.
