Co-Founder, CEO
Voatz

Jan 2015 – Present · 6 yrs 10 mos

Boston MA

Voatz is a mobile elections platform that is changing the way the world votes. Backed by cutting-edge security, biometrics and a blockchain-based elections infrastructure, Voatz enables smartphone and tablet voting to increase accessibility and security in elections. Since 2016, Voatz has successfully conducted 76 elections with several governments, major political parties, universities, and non-profits. In 2018, Voatz ran the first mobile blockchain vote in US Federal Mid-Term Election history with the State of West Virginia. In 2020, Voatz became the first smartphone app based mobile elections platform to be used in the US Presidential Elections. More than 300,000 voters have directly used the Voatz platf ...see more
