The National Energy Improvement Fund, LLC (“NEIF” or the “Company”) is a Pennsylvania public benefit, for profit, limited liability company (LLC) organized on July 17, 2017. NEIF is a Certified B Corporation. The Company is located at 1005 Brookside Road, Suite 200, Allentown, PA 18106 and 1800 Wazee Street, Suite 300, Denver, CO 80202. The Company’s website address is www.neifund.org.

NEIF operates as a multi-state non-bank financial services company. NEIF provides financing for essential energy and resilience improvements like heating, ventilation, air-conditioning (HVAC), roofing, lighting, and battery storage, which make homes and businesses more resilient, efficient, healthy, and comfortable and helps contractors grow their businesses. Led by energy financing pioneers, Peter Krajsa, Matthew Brown, Laura Nelson and a team responsible for over \$900 million in innovative energy financing programs, NEIF is currently the nation’s only Certified B Corporation® specializing in energy efficiency and resilience lending and is supervised as a consumer lender and servicer in 41 states. NEIF operates its commercial financing platform nationally.

With a heritage dating to 1947 (AFC First and later Harcourt Brown & Carey), NEIF was organized as a for-profit Public Benefit Corporation in 2017 and commenced operations in July 2018. Title: Chairman and CEO
Dates of Service: May 1978-October 2015

Peter Krajsa, Co-Chair and Managing Member, is a recognized innovator in energy efficiency finance for over two decades. Peter spear-headed the creation of a number of major national energy finance programs as CEO of AFC First Financial Corporation, a specialty residential energy efficiency lender, operating programs nationally with a network of over 6,000 participating contractors. Most recently, he headed national channel business development for the innovative energy lender, Renew Financial, which acquired AFC First in 2015, as part of its national expansion plans.

As CEO of AFC First, a company founded by his parents in 1947, Peter led the development of the company's national EnergyLoan® program as one of Fannie Mae's approved lenders; created the Keystone Home Energy Loan Program in cooperation with the Pennsylvania Treasury Department, DEP and PHFA, which laid the foundation for WHEEL, (Warehouse for Energy Efficiency Loans), the world's first investment grade rated securitization of a portfolio of unsecured energy loans, the Connecticut Solar Leasing program which is the nation's first state sponsored solar leasing program, and many other state, utility and manufacturer financing programs, including on-bill financing programs in Connecticut and Illinois. After running AFC with his brother, primarily as a mortgage banker and direct lender, Peter moved the company exclusively into energy efficiency lending in 1999. Under his leadership, AFC First closed over \$500 million in energy efficiency loans, was named by the U.S. DOE as the nation's first private Home Performance with ENERGY STAR sponsor, selected as one of five national pilot lenders for the HUD PowerSaver program, received the Alliance to Save Energy Andromeda Award and established the Green Energy Training Academy supported by the Rockefeller Foundation. He holds a B.S. Economics from the Wharton School, University of Pennsylvania.

He subsequently worked with an environmental, energy and finance consulting firm conducting research on viability of clean coal companies in the late 1980s. He went on to work with the City of New York, where he was in charge of establishing public-private partnerships for the financing of natural gas fueling stations, among other related activities.

In 1994 he moved to Denver where he headed the National Conference of State Legislatures energy program for 11 years. In this role, he directed a program that provided non-partisan advice on a wide variety of state clean energy policies, including renewable energy standards, tax policy, and establishment of public benefit funds, among numerous other roles. During this time, he testified in more than 35 state legislatures, as well as in front of the Federal Energy Regulatory Commission. In 2005, Matthew moved to Paris, France to begin consulting work with the International Energy Agency, focusing on renewable energy and energy efficiency. Upon his return to Colorado, Matthew built upon his background in a combination of clean energy policy and finance to develop an extensive practice that involves assisting state governments, utilities, lenders, the U.S. Department of Energy, national associations and others in the area of clean energy finance.

Matthew has led HB&C's engagement with the four California investor-owned utilities to develop and implement energy efficiency financing programs as well as a similar engagement to develop a third party financing program with utility bill collections for the Hawaii Public Utilities Commission. He had led the engagement with Xcel Energy advising on financing. Matthew has worked extensively with financial institutions to advise on deployment of capital through loans and leases for clean energy in the western United States as well as nationally. Matthew's expertise in advising governments that are looking to support financing program development has led to the development of multiple public-private partnerships between state governments and private capital providers and lenders. Matthew holds a BA from Brown University and an MBA from New York University's Stern School of Business.

Limited operating history

The Company and its Business (defined below) are continuing to be developed, in part, with the proceeds of the Offering. The Company, which was organized in 2017 and began to operate in 2018, has a limited history of operations or earnings.

Benefit company

As used herein, the term “Business” shall refer to operating as a “Benefit Company” by engaging in certain activities for the general public benefit, including promoting energy savings by increasing and improving access for affordable financing of energy efficiency, and resiliency improvements for consumers and business. As used herein, “Benefit Company” shall generally refer to an entity that: (i) has an expanded purpose beyond maximizing “share value” to include general and/or specific public benefits explicitly; (ii) is required to consider and balance the impact of its actions not only on its equity holders but also on the general public; and (iii) is required to make available to the public certain benefit reports that assess the entity’s overall social and environmental performance. The Company operates as a Benefit Company, which means, among other items, that the Company may consider factors other than maximizing profit and “member equity” when making business decisions, including, but not limited to, general or specific public benefits. Any such decisions may adversely affect the profitability of the Company and/or the ability of investors to realize a return on their investments.

The Company faces significant competition — Other persons and entities in the geographic area to be served by the Company are currently engaged in businesses or providing products or services that are similar to, or competitive with, the Business of the Company (a “Competitive Business”). In the future, additional persons or entities may also become engaged in Competitive Business activities in the geographical area of the Business. The Company is operating in an extremely competitive lending environment. In addition, future competitors may enter the Company’s line of business. The Company’s competitors may offer services which the Company does not offer or plan to offer, and may have substantially greater resources, name recognition and market presence that benefit them in attracting business. Such competition may adversely impact the profitability of the Company.

Lack of energy efficiency and resilience financing/loan transactions — The Company’s revenue will be closely related to the number of energy efficiency and resiliency financing/loan transactions in which it participates. A lack of financing transactions, or defaults under any such financing transactions, would have a direct adverse impact on the ability of the Company to meet its obligations.

General economic conditions may have a significant impact on the Company’s financial condition and operating results — The success of the Company depends in large part on general economic conditions. Adverse changes in the economy could reduce the growth rate of the Company, impair the Company’s ability

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

to collect loans, and generally affect the Company's financial condition and results of operations. Any sustained economic downturn could: (i) reduce the demand for the Company's services; (ii) lead to increased instances of loan defaults; and/or (iii) influence other factors which could negatively impact revenues. The Company will primarily provide unsecured energy efficiency loans for residential projects as well as brokering both unsecured and secured financing for commercial projects. The Company's unsecured products are largely based on the Fannie Mae underwriting standards and performance characteristics which historically provided annualized loss rates of less than 1%, far lower than traditional unsecured lending. The risks associated with unsecured loan originations include, without limitation, the lack of collateral with value to offset credit exposure in a loan default scenario, credit quality, and access to capital. The Company focuses on these types of programs because of market expectations, point-of-purchase loan delivery requirements, and the transaction speed necessary for equipment replacement projects i.e., heat pump replacement in winter where a customer has no heat.

The Company's revenue stream and ability to generate new programs is dependent on its ability to generate a high-quality loan portfolio — While the credit risk associated with these loans generally resides with the capital source, it is the Company's business risk that loan performance drives revenue through its program management fee. A significant increase in loan defaults would have a negative impact on the Company, its profitability and its ability to pay preferred stock dividends. Loan quality is directly impacted by underwriting standards applied by the Company in approving borrowers for financing of energy efficiency and resiliency improvements. Weakening these underwriting standards could lead to a higher level of defaults than has been the case historically, which could impact the Company's profitability and its ability to pay any distributions to Members. The Company takes no credit risk in its commercial finance brokerage activities.

The Company is dependent on outside capital sources to provide permanent financing for the loans it generates. An economic downturn could impact capital markets by making capital more expensive or unavailable, thus interrupting the Company's business model and impacting its ability to operate profitably or impacting its ability to pay Distributions on the Certificates. The Company relies on servicing rights, and forecasts expected revenue streams that may not result as expected. An adverse impact on the Company's retained servicing rights would have an adverse impact on future revenue streams and impact the Company's ability to operate profitably and pay Distributions on the Certificates.

Without limiting the foregoing, the Company estimates the value of its servicing rights on an annual basis, taking into account underlying characteristics of the loans it is servicing, including, without limitation, prepayment speeds, default rates, cost to service loans, and an implied present value factor to state the current value of expected future revenue streams. Any material change in these forecasts (or the actual results of such forecasts) could result in an adverse impact on the Company's (i) retained servicing rights, (ii) future revenue streams or available cash, and/or (iii) the Company's ability to operate profitably and/or satisfy its obligations (including, without limitation, any obligations under the Certificates).

Risks related to minority ownership factors: A majority of the Company is owned by a small number of owners — Beneficial Owners (holding 20% or more of the Company's outstanding voting equity securities) own 100% of the Company. Subject to any fiduciary duties owed to other owners or investors under Pennsylvania law, these owners may be able to exercise significant influence over matters requiring owner

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

approval, including the election of directors or managers and approval of significant Company actions. They may have interests that are different from yours. Importantly, they can influence the approval to pay cash distributions to Preferred Classes. For example, these owners may support proposals and actions with which you may disagree. The concentration of ownership could delay or prevent a change in control of the Company or otherwise discourage a potential acquirer from attempting to obtain control of the Company, which in turn could reduce the price potential investors are willing to pay for the Company. In addition, these owners could use their Company, or support or reject other management and board proposals that are subject to owner approval. Holders of the Certificates are minority owners with no voting rights. They will not have an input on decisions made by the Board and/or the Principal Shareholders. Investors in this offering may have fewer rights than other investors.

Risks Related to Certain Corporate Actions: Transactions with related parties — Any related party transaction that results in Company expenditures, potentially reduces the Company's available funds, which could create an increased risk that sufficient funds may not be available to satisfy the Company's obligations under the Notes. In addition, it is possible that a related party transaction may be on terms that are not reflective of fair market value.

Preferred Equity Risk

Preferred stocks are equity securities, just like common stocks. The dividend or distribution payments on preferred stocks must typically be paid before any dividends can be paid to common stockholders. The dividends and return of principal are not guaranteed by the Company in the same way that interest payments and return of original investment on the Company's bonds are guaranteed. If the Company misses an interest payment on its bonds, it is in default of its bond agreement, and bondholders can sue the Company. If the Company misses a preferred dividend or distribution payment, it's not in default.

Uncertainty around the timing and size of Distribution Payments. There is no defined maturity. Preferred securities receive Dividend or Distribution Payments whose timing and size is determined by a waterfall for available cash, defined in the Company's Operating Agreement, and prior to distribution must be approved by the Board. While a Company may intend to pay distributions based on a specific schedule, the actual schedule of payments will be dependent on how the Company is performing, ability to access cash, among other variables. It is possible that the Company would need to delay payments for one quarter or many quarters or for an undefined period of time. Investors cannot rely on this cash flow in the same manner they could for a fixed income investment. Investors may never receive interest (dividends) on their original investment amount or their original investment amount back.

Limited Upside potential -- While the ability to make timely and complete Dividend or Distribution Payments is generally supported by good operating performance and increased value in the Company's equity, the Certificates do not include any equity-related upside or bonus, unlike other Classes of Preferred securities may be structured, or most commonly with Common Stock.

Interest rate and Market risk — The Preferred CF 2.0, while equity certificates, do have debt-like features in that they seek to meet a 7 year amortization schedule and have a stated interest (dividend) rate. Interest rates fluctuate over time and may go up or go down. If interest rates more generally go up for a similar

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

investment in the future, this investment will maintain its original lower rate. Subject to any applicable restrictions on the transfer of such Certificates, if an investor desires to sell their Certificate to someone else, a third-party, such third-party may require a discount from the investor's original or un-retained principal investment amount, which would cause them to potentially realize a loss on their investment.

Volatility in interest rates may come from a wide variety of factors and can be very difficult to forecast. For example, rate moves may come from fundamental factors such as central bank announcements related to monetary policy due to inflation concerns and economic growth. Another example impacting interest rates can be geopolitical risk and shocks to the equity markets. Uncertainty in global and financial markets can have a negative impact on interest rates, and the demand for securities that themselves are riskier inherently.

Any investment is subject to general market risk. Market risk is the impact of the overall condition of financial markets. When the markets are doing well, that sentiment generally carries over to individual securities - and vice versa. Geopolitical, economic, and other uncertainties can impact the markets significantly, creating increased volatility. Generally, volatile markets can be a cause for reduced valuations of companies and investments. Inflation and interest rate risk can operate separately or in tandem. Interest rate risk impacts a business by potentially increasing their costs to do business e.g., borrowing costs. If you couple this with a rise in rates due to inflation, then the value of the dollars the company earns are worth less. Not all businesses can pass on higher costs to their customers. And this increases the possibility that demand is reduced and that customers may pull back from purchases.

Call risk — The Certificates, at the option of the Company, can be redeemed at any time with no penalty to the Company. At the time the Company calls your Certificate and pays you the un-retained principal back and interest owed, you may find when you reinvest your money, current interest rates are lower, and your new investment will carry a lower interest rate. And, there is a risk that when interest rates are lower, the Company may want to call the security.

Priority of Payment risk — The Certificates are a form of equity and any distribution and/or liquidation rights under the Certificates, are unsecured obligations of the Company that are “subordinated” (i.e., junior in distribution priority and liquidation preference) to the rights of all currently existing, and potentially future, senior classes of equity or debt securities of the Company (currently, the Class A Units, the Class B Units, Class E, Class CF and Class F Units). Therefore, the Company's obligations to the holders of any existing, and potentially future, “senior” classes of securities must be satisfied in-full before payment can be made on the Certificates. Accordingly, there can be no assurance that the Company will have sufficient cash flow to pay its other operating expenses and/or obligations, and, therefore, investors may realize a loss, which could be substantial, on their investment in the Certificates. For the avoidance of doubt, no assurance can be given that a Class CF 2.0 Member will realize their anticipated return on said investment, or any return at all, or that said Class CF 2.0 Member will not lose their entire investment. In addition, given the Certificates have no voting rights, they can not influence the Company in a manner that benefits the Certificate holders.

Additional Issuance or Repurchase of Securities

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

The Company may issue additional securities – securities can range from debt obligations to equity obligations. They could be higher, pari passu, or lower down in the payment waterfall. This may reduce cash available to pay dividends to the Class CF 2.0 investors. The Company may repurchase securities from time to time. Any repurchase of securities potentially reduces the Company’s available funds to existing and outstanding security holders.

A sale of the Company or of assets of the Company

A sale of the Company may be at a lesser value than the valuation you might expect for the Company. A sale of assets may decrease the valuation of the Company, reducing the value of the Certificates. Certificate holders and minority shareholders will have no rights to influence the decision to sell the Company or assets of the Company.

Valuation risk — While the Company believes that the interest rate that is applicable to the Certificates is generally reflective of market terms for an investment of this nature, there is currently a very limited market of comparable offerings to reference. Unlike listed companies that are valued publicly through market-driven trading, the valuation of securities of private companies, especially startups or in early stages, is difficult.

There can be no assurance that the Company will ever provide liquidity to Purchasers through either a Change of Control event or a registration of the Securities. While this Class CF 2.0 of Preferred Units has an expected pay-back of original investment, thus reducing the importance of having a liquidity event that other classes of Preferred securities might have, it is important to understand that there can be no assurance that any form of merger, combination, or sale of the Company will take place, triggering a Change of Control redemption of the Certificates under the terms of the Operating Agreement, or that any merger, combination, or sale would provide liquidity for Purchasers. Furthermore, you may be unable to register the Certificates for resale by Purchasers for legal, commercial, regulatory, market-related or other reasons. In the event that you are unable to effect a registration, Purchasers could be unable to sell their Certificates unless an exemption from registration is available, as outlined in the Subscription Agreement.

Company Insiders or Intermediate Family Members May Invest

The amount raised in this offering may include investments from company insiders or immediate family members. Officers, directors, executives, and existing owners with a controlling stake in the company (or their immediate family members) may make investments in this offering. Any such investments will be included in the raised amount reflected on the campaign page.

General Crowdfunding Risks

Speculative — Investments in startups and early-stage ventures are speculative, and these enterprises can fail. Unlike an investment in a mature business where there is a track record of revenue and income, the success of a startup or early-stage venture often relies on the development of a new product or service that may or may not find a market. You should be able to afford and be prepared to lose your entire investment.

Illiquidity — Pursuant to state and federal securities laws, you will be limited in your ability to resell your investment for the first year and may need to hold your investment for an indefinite period of time. Unlike

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

investing in companies listed on a stock exchange where you can quickly and easily trade securities on a market, you may have to locate an interested buyer when you do seek to resell your crowdfunded investment.

Cancellation restrictions — Once you make an investment commitment for a crowdfunding offering, you will be committed to make that investment (unless you cancel your commitment within a specified period of time).

Limited disclosure — The Company may disclose only limited information about the Company, its business plan, the offering, and its anticipated use of proceeds, among other things. An early-stage company may be able to provide only limited information about its business plan and operations because it may not have fully developed operations or a long history to provide more disclosure. The Company is also only obligated to file information annually regarding its business, including financial statements, and certain companies may not be required to provide annual reports after the first 12 months. A publicly listed company, in contrast, is required to file annual and quarterly reports and promptly disclose certain events—continuing disclosure that you can use to evaluate the status of your investment. In contrast, you may have only limited continuing disclosure about your crowdfunding investment.

Investment in personnel — An early-stage investment is also an investment in the entrepreneur or management of the Company. Being able to execute on the business plan is often an important factor in whether the business is viable and successful. You should also be aware that a portion of your investment may fund the compensation of the company’s employees, including its management. You should carefully review any disclosure regarding the company’s use of proceeds.

Possibility of fraud — As with other investments, there is no guarantee that crowdfunding investments will be immune from fraud.

Lack of professional guidance — Many successful companies partially attribute their early success to the guidance of professional early-stage investors (e.g., angel investors and venture capital firms). These investors often negotiate for seats on the company’s board of directors and play an important role through their resources, contacts and experience in assisting early-stage companies in executing their business plans. An early-stage company primarily financed through crowdfunding may not have the benefit of such professional investors.

Raising Additional Capital

The Company may have difficulty obtaining additional funding and cannot assure investors that additional capital will be available to the Company when needed, if at all, or if available, will be obtained on terms acceptable to the Company. If the Company is not able to raise capital to pursue its business plans, the Company may not have the cash to provide security holders a return on their investment. If the Company raises additional funds through bank loans or other debt obligations, the terms of the additional debt issued could impose significant restrictions on operations. If adequate funds are not available, the Company may have to delay, scale back, or eliminate some of its operations or development and commercialization activities. Under these circumstances, if the Company is unable to

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

acquire additional capital or is required to raise it on terms that are less satisfactory than desired, it may have a material adverse effect on the Company's financial condition.

No Public Market; Restrictions on Transfer

There is no public market for and the Noteholders may be unable to sell the Securities. The Company's offer and sale of the Securities will not be registered under the Securities Act or under any state securities laws. No transfer of the Securities may be made unless the transfer is registered under the Securities Act and applicable state securities laws, or an exemption is available. As a precondition to the effectiveness of any such transfer, the Company may require the transfer or to provide it with an opinion of legal counsel stating that the transfer is legal and to pay any costs the Company incurs in connection with the transfer.

Restrictions on Transferability of Notes Will Limit the Ability of Purchasers to Transfer their Interests

Securities offered hereby will be "restricted securities" within the meaning of the Securities Act and, consequently, will be subject to the restrictions on transfer set forth in the Securities Act and the rules and regulations promulgated thereunder. As restricted securities, the Securities may not be offered, sold, transferred or delivered, directly or indirectly, unless such an exemption from registration under the Securities Act and any applicable state securities laws is available. Moreover, there will be no liquid, public market for the Securities, and none is expected to develop.

Prospective Investors Should Not Rely on the Past Success of the Company or Employees

Any prior transactions sponsored by the Company or its employees should not be relied upon by prospective investors to anticipate the success of this Offering, the Project, or the Company. Such generalizations are difficult to make, and prospective investors should not, therefore, rely on any prior transaction discussions to anticipate the success of this Offering or the Company.

No Tax Advice

No assurance or warranty of any kind is made with respect to any tax consequences relating to an investment in the Company. Each prospective investor should consult with and rely solely upon the advice of his, her or its own tax advisers

Change in Regulations

The Company is subject to legislation and regulation at all levels of government—federal, state, and local. Regulations are continually being reviewed and we expect that court actions and regulatory proceedings could change the Company's obligations under applicable federal, state and local laws, which cannot be predicted. Modifying existing requirements or new requirements can have a negative impact on Company business.

Use of Proceeds

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

While the Company intends to use funds raised in the Offering in a manner consistent with that listed in the Use of Proceeds section, the Company ultimately has discretion over the use of the proceeds to use in legitimate ways for its business. Investors have no control over the ultimate use of raised funds.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

TRANSACTION MECHANICS

The following describes the process to invest in National Energy Improvement Fund, LLC and how an investor's transaction and delivery of securities will be completed.

- a. *Investor Commitment*: Through the Honeycomb Portal, an investor will submit a requested investment amount. As a part of this process, an investor will execute an investment contract with National Energy Improvement Fund, LLC ("Subscription Agreement") by way of the investor's electronic signature.
- b. *Acceptance of Investment*: Upon completion of the investment commitment, the investor will receive via email a confirmation of their transaction detailing the amount, terms, and date of execution.
- c. *Investor Transfer of Funds*: Upon receiving confirmation that an investment has been accepted, the investor will transfer funds to the escrow account of a third-party bank managed by Honeycomb Portal.

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

- d. *Early Closings*: If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which the Form C is posted on the Honeycomb Portal.
- e. *Book Entry*: All investments will be in book entry form. This means that the Investor will not receive a certificate representing their investment. Each investment will be recorded by Honeycomb Portal and visible by the investor through their Investor Dashboard.

Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met.

If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

The Qualified Third Party of the Offering is Thread Bank.

Note: For more information about the investment and cancellation process, see Honeycomb's Education Materials.

Details of Security Being Offered

The securities being offered to investors are Class CF 2.0 Preferred Equity Investment Certificates. They are governed by a separate document called Subscription Agreement , which you can view on the "Investor Info" tab of the campaign page.

This section summarizes the principal features of the Subscription Agreement. However, this is only a summary. Before investing, you should read the Subscription Agreement in its entirety.

- The principal amount of your investment will be the amount you invest.
- All communications from the Company, including but not limited to all tax forms, will be via electronic delivery.
- Once you pay for your Security, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company.

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

- If there is a default under your Security, you may not take collection action personally. Instead, you and the other investors will together appoint a single representative to represent all of you. This Administrative Agent will have the power to take any action against the Company that he or she believes is appropriate. The fees and any expenses of the Administrative Agent will be the responsibility of the Company, but the Administrative Agent will be paid before any additional amounts are paid to you or other investors.
- If you want to sell your Security, you must first offer to sell it back to the company – a so-called “first right of refusal.” If the Company doesn’t buy it, the Company may impose restrictions on the transfer. For example, the Company may require a legal opinion that the transfer is allowed under the securities laws.
- The Security offered does not have any voting rights.
- The Terms of Security being offered may not be modified or amended.

Restrictions on Transfer of the Securities Being Offered

The security will be illiquid (meaning you might not be able to sell it) for four reasons:

- The security prohibits the sale or other transfer of securities without the Company’s consent.
- If you want to sell your security, the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for the security as there would be for a publicly-traded company.
- For a period of one year, you will not be allowed to transfer the security except (i) to the Company itself, (ii) to an “accredited” investor, (iii) to a family or trust, or (iv) in a public offering of the Company’s shares.

As a result, you should plan to hold your security until maturity.

ADDITIONAL MATTERS RELATED TO THE SECURITY

1. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The Company does not have the right to change the terms of the Subscription Agreement. However, it does have the right to create additional classes of securities, both equity securities and debt securities. Some of these additional classes of securities could have rights that are superior to those of the Subscription Agreement. For example, the Company could issue Subscription Agreements that are secured by specific property of the Company.

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

2. *Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?*

n/a

3. *How could the exercise of rights held by the principal shareholders affect the purchasers of the securities being offered?*

The principal shareholders could make decisions that are bad for the company and thereby adversely affect the economic interests of investors holding Subscription Agreement. They could also issue other classes of securities with rights superior to those of investors holding Subscription Agreement.

4. *How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.*

The value of the Security is determined by the face amount of the security payable to be issued. The terms of the Security were determined by the Owner based on the Owner's opinion about the value of the project.

The Owner does not expect there to be any reason to place a value on the security in the future. In the event that future valuation is required, any value given by the company will be determined in accordance with U.S. generally accepted accounting principles.

5. *What are the risks to purchasers of the securities relating to minority ownership in the issuer?*

The company could issue securities with rights superior to those of the subscription agreement.

6. *What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?*

The company could issue securities with rights superior to those of the Subscription Agreement.

Transactions with related parties – for example, the payment of excessive compensation – could reduce the amount of money available to make payments with respect to the Subscription Agreement.

7. *What other exempt offerings has the issuer conducted within the past three years?*

1. Offering.

This Subscription Agreement (this "**Agreement**") addresses the offer for sale (the "**Offering**") of up to \$1,000,000 of Class CF 2.0 Preferred Term Units (hereinafter, the "**Certificates**", "**Class CF 2.0 Equity Investment Certificates**" or the "**Class CF 2.0 Units**") issued by National Energy Improvement Fund, LLC, a Pennsylvania public benefit, for profit, limited liability company (LLC) organized on July 17, 2017 (the "**Company**") during the period set forth on the Company's offering page at www.honeycombcredit.com, subject to adjustment as described below (the "Offering Period", the last day of which is the "Offer Close Date"). The Certificates have no voting rights. The Certificates will be issued as of the date immediately succeeding the Offer Close Date (the "**Issuance Date**").

The terms of the Certificates are generally summarized in the section entitled "Terms of the Offering" in the Form C submitted by the Company to the SEC as attached hereto as Appendix 2 ("**Form C**", and, together with the Operating Agreement (defined below) and all related attachments and disclosures to such documents, the "**Offering Disclosure Documents**"), and are also summarized in Appendix 1 attached hereto. Appendix 4 attached hereto contains a redacted copy of the Company's Fifth Amended and Restated Operating Agreement, dated June 5, 2024 (the "**Operating Agreement**"). Capitalized terms used, but not otherwise defined herein, shall have the respective meanings ascribed to such terms in the Operating Agreement. In the case of a discrepancy between this agreement, the Form C, and/or the Operating Agreement, the terms in the Operating Agreement shall govern.

The Certificates are not being registered under the Securities Act of 1933, as amended ("**Securities Act**"), or under the securities laws of the Commonwealth of Pennsylvania (or of any other state or jurisdiction), but rather are being offered by the Company pursuant to certain exemptions from registration under "Regulation Crowdfunding", as adopted by the U.S. Securities and Exchange Commission ("**SEC**") under the Securities Act of 1933 and the Securities Exchange Securities Act of 1934 (collectively, "**Regulation Crowdfunding**").

In accordance with Regulation Crowdfunding, the Company may elect to shorten the Offering Period by notice to the Offerees not less than five (5) business days prior to the new Offer Close Date. The Company may also elect to extend the Offering Period under certain circumstances.

The undersigned (the "**Offeree**") understands that during the Offering Period, any material updates to the Offering (including changes to the Offer Close Date) will be communicated to the Offeree via email from Honeycomb Credit and will be available on the Company's Offering Page at www.honeycombcredit.com. The Offeree will be asked to reconfirm its investment commitment by responding to the email, or in another manner if outlined in the communication from Honeycomb, and will not be required to reconfirm by re-signing this Agreement.

For the avoidance of doubt, the term "Certificates" as defined herein shall be understood to represent the Class CF 2.0 Preferred Term Units (**Class CF 2.0 Equity Investment Certificates**) or the "**Class CF 2.0 Units**") and this shall not be in conflict with any definition of "Certificates" or "Membership Unit Certificates" as stated in the Operating Agreement.

2. **Subscription.**

By signing this Agreement, the Offeree confirms that it wishes to subscribe for the number of Certificates (the "**Subscribed Securities**") at a price per Certificate ("Original Issue Price") as set forth on the signature page below. The Offeree's obligation hereunder is unconditional, without limitation, and does not depend on the issue and sale of any other Subscribed Securities to any other person or entity.

Subscriptions are generally allocated on a first-come, first-served basis if interest in the Offering exceeds the Target Offering Amount. The Company is under no obligation to accept any additional subscriptions for the Subscribed Securities once the Company has received subscriptions for the Maximum Offering Amount.

The Offeree also understands that (i) the Company has the unconditional right, in its sole discretion, to accept, partially accept, or reject this subscription, and (ii) this subscription is contingent upon the Offeree qualifying under the suitability standards described below.

The subscription is deemed to be accepted by the Company only when this Agreement is signed by a duly authorized officer of the Company and delivered to the Offeree after the Closing (as defined below).

At any time up to forty-eight (48) hours prior to the Offer Close Date, the Offeree may cancel any investment commitment made in connection with the Offering for any reason, in which case any amounts paid by Offeree will be refunded to the Offeree in full (without interest).

3. **Closing and Payment.**

The closing of the purchase and sale of the Subscribed Securities (the "**Closing**") will take place on the Issuance Date or at such other time as the Company may designate by notice to the Offeree.

The Offeree understands that: (i) if its subscription is rejected in whole, or in part, or if the Offering is withdrawn, the funds that the Offeree has deposited constituting the Purchase Price will be refunded promptly without interest; and (ii) if the Offeree's subscription is accepted, such funds will be released to the Company as payment of the Purchase Price.

4. **Record of Purchase; Uncertificated Securities.**

If the Offeree's subscription is accepted in whole, or in part, by the Company, the Offeree will receive a signed counterpart of this Agreement as a record of its purchase of the Subscribed Securities. This process may take several days or more after the Offer Close Date.

The Offeree will also receive notice from the Company after the Offer Close Date of the digital entry of the Subscribed Securities as reflected on the books and records of the Company.

The Company will maintain all books and records electronically. The Offeree hereby waives any right to receive a physical Membership Unit Certificate representing the Subscribed Securities and consents and agrees to the issuance of uncertificated Certificates.

All Distributions shall be made as follows and in the following order of priority (collectively, the “Distribution Priorities”):

Withheld Class KEEP QNB Distribution Payments (together with any interest accrued thereon).

(viii) Eighth, to the holders of the Common Units, in accordance with Section 4.04(a)(2) of the Operating Agreement.

Liquidation Preferences

The Class CF 2.0 Units are junior in liquidation preference to the rights of any senior classes of debt or equity securities (currently the Class A Units, Class A-1 Units, Class B Units, Class E Units, Class CF Units and Class F Units). As further set forth in the Operating Agreement, upon the dissolution or other liquidation of the Company, after the Company has first paid, satisfied or discharged from Company funds all of the debts, liabilities and obligations of the Company to its creditors any remaining assets of the Company shall first be distributed to the Members in following order (the respective liquidation preferences of each Class of Unit as described below are collectively referred to herein as the “Liquidation Preferences”):

- The Company shall first distribute to the Class A Members and the Class A-1 Members (pro-rata) an amount equal to, as applicable, their respective: (A) Class A Original Issue Price of their respective Class A Units (and, if applicable, any accrued but unpaid Class A Distribution Payments and Withheld Class A Distribution Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class A Bonus Payments); and (B) Class A-1 Original Issue Price of their respective Class A-1 Units (and, if applicable, any accrued but unpaid Class A-1 Distribution Payments and Withheld Class A-1 Distribution Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class A-1 Bonus Payments)T
- Following such payment(s) to the Class A and Class A-1 Members, the Company shall then distribute to the Class B Members an amount equal to the Class B Remaining Unpaid Amount of their respective Class B Units (and, if applicable, any accrued but unpaid Class B Distribution Payments and Withheld Class B Redemption Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class B Bonus Payments);
- Following such payment to the Class B Members, the Company shall then distribute to the Class E Members an amount equal to the unpaid portion of their respective Class E Original Issue Price of their respective Class E Units (and, if applicable, any accrued but unpaid Class E Distribution Payments, Withheld Class E Distribution Payments (together with any interest accrued thereon) and any Withheld Class E Redemption Payments (together with

any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class E Bonus Payments);

- Following such payment to the Class E Members, the Company shall then distribute to each Class CF Member an amount equal to: (i) the remaining accrued, but unpaid, Class CF Distribution Payments and Withheld Class CF Distribution Payments (together with any interest accrued thereon); and (ii) any unpaid portion of the respective Class CF Original Issue Price associated with their Class CF Units;
- Following such payment to the Class CF Members, the Company shall then distribute to each Class F Member an amount equal to: (i) the remaining accrued, but unpaid, Class F Distribution Payments and Withheld Class F Distribution Payments (together with any interest accrued thereon); and (ii) any unpaid portion of the respective Class F Original Issue Price associated with their Class F Units;
- Following such payment to the Class F Members, the Company shall then distribute to each Class CF 2.0 an amount equal to: (i) the remaining accrued, but unpaid, Class CF 2.0 Distribution Payments and Withheld Class CF 2.0 Distribution Payments (together with any interest accrued thereon); and (ii) any unpaid portion of the respective Class CF 2.0 Original Issue Price associated with their Class CF 2.0 Units.
- Notwithstanding anything to the contrary provided herein, any sums received by the Company on account of the KEEP Home Energy Loans shall be exclusively applied (prior to using such funds to make any other liquidation payments to Members pursuant to this Section 9.02(a)(3)) of the Operating Agreement to fund distributions to QNB on account of the Class KEEP QNB Units until such time as all KEEP Home Energy Loans are paid in full or otherwise charged off and QNB has been paid an amount equal to any accrued, but unpaid, Class KEEP QNB Distribution Payments and any Withheld Class KEEP QNB Distribution Payments (together with any interest accrued thereon). After all of the payments required have been made, any remaining assets of the Company shall be distributed to the Common Members (see Operating Agreement for additional detail).

Distribution Priority and Liquidation Preference – Summarized

To summarize the above and without limiting any of the foregoing and for the avoidance of doubt, the distribution rights evidenced by the Certificates shall be subordinate and junior in right of payment to the prior payment in full of: (i) all existing and future payments owing to any existing, and potentially future, “senior” classes of debt or equity securities of the Company (currently including the Class A Units, Class A-1 Units, the Class B Units, Class E, Class CF, Class F Units and the specific provisions related to Class KEEP QNB); and (ii) all existing claims of third-party creditors of the Company, whether now outstanding or subsequently created, assumed or incurred (collectively, “**Senior Obligations**”), which shall consist of: (a) the principal of (and premium, if any)

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

and interest, if any, on all indebtedness of the Company for money borrowed from third-parties, including, but not limited to, all obligations to the Company's general and secured creditors; (b) any deferred obligations of the Company for the payment of the purchase price of property or assets acquired by the Company; (c) all obligations, contingent or otherwise, of the Company in respect of any letters of credit, bankers' acceptances, security purchase facilities and similar credit transactions; (d) any capital lease obligations of the Company; (e) all obligations of the Company in respect of interest rate swap, cap or other similar agreements, interest rate future or option contracts, currency swap agreements, currency future or option contracts, commodity contracts and other similar arrangements; (f) all obligations of the type referred to in Clauses (a) through (e) of other persons for the payment of which the Company is responsible or liable as obligor, guarantor or otherwise; (g) all obligations of the types referred to in Clauses (a) through (f) of other persons secured by a lien on any property or asset of the Company; and (h) any and all amendments, renewals, extensions, modifications, and deferrals of the indebtedness and obligations of the type referred to in Clauses (a) through (g); except that the term "Senior Obligations" does not include (i) the Certificates, (ii) any security or obligation that by its terms expressly is junior to, or ranks equally in right of payment with, the Certificates. The Certificates are not secured by any assets of the Company and are not covered by a guarantee from any principals, subsidiaries or affiliates of the Company. There are no restrictions upon the Company against creating senior debt securities, senior equity securities and/or any other indebtedness or ownership interests which may rank on a parity with, or be senior or subordinate to, the subordinated Certificates.

Optional Redemption

As further set forth in the Operating Agreement, at any time, the Company may redeem any outstanding Class CF 2.0 Units for a payment equal to: (i) any accrued, but, unpaid Class CF 2.0 Distribution Payments and Withheld Class CF 2.0 Distribution Payments (together with any interest accrued thereon); and (ii) any unreturned portion of the Class CF 2.0 Original Issue Price associated with such Class CF 2.0 Units.

Change of Control

As used herein, "**Change of Control**" shall mean: (i) the sale, transfer or assignment, in one transaction or a series of related transactions, of all or substantially all of the assets of the Company to an unaffiliated third party; (ii) the sale, transfer or assignment, in one transaction or a series of related transactions, of greater than fifty percent (50%) of the Class C Common Units of the Company to an unaffiliated third party; or (iii) a merger or consolidation of the Company with, or into, any other unaffiliated entity if the Company is not the surviving entity. The Company shall

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

give the Class CF 2.0 Member notice of a Change of Control at least five (5) Business Days prior to the effective date of such Change of Control.

As further set forth in the Operating Agreement, subject to: (i) the availability of funds; and (ii) any applicable Distribution Priorities, Liquidation Preferences and/or any other limitations that are set forth in the Operating Agreement, if, prior to the expiration of the Class CF 2.0 Payment Period, a Change of Control event occurs, then, at the closing of such transaction, each Class CF 2.0 Member shall be entitled to receive all: (i) remaining accrued, but unpaid, Class CF 2.0 Distribution Payments and Withheld Class CF 2.0 Distribution Payments (together with any interest accrued thereon); and (ii) any unpaid portion of the respective Class CF 2.0 Original Issue Price associated with their Class CF 2.0 Units.

All Payments on Business Days

If the dates for any payments hereunder falls on a day that is not a business day, the required payment shall be made on the next succeeding Business Day. As used herein, "Business Day" means any day except a Saturday, Sunday or other day on which commercial banks in the City of New York, New York are authorized by law to close.

Application of Payments

The Company shall pay all amounts accrued distributions, or other payments, due on the Certificates in lawful money of the United States of America, in immediately available funds, at the place as the Holder may designate from time to time in writing to the Company. All payments shall be applied (i) to the Certificates pro rata, based on the aggregate Class CF 2.0 Distribution Payment balance of all outstanding Certificates, and (ii) first to interest due on any outstanding delayed Distribution Payments, and then to scheduled Class CF 2.0 Distribution Payments in accordance with a standard amortization schedule.

Valuation

The Certificates are a preferred equity instrument and are valued based upon their respective Original Issue Price (principal amount). The Company believes that the annual interest rate applicable to the Certificates is reflective of general market terms for similar securities. The Company believes the premium over generally available seven-year bank notes of deposit reflects the equity nature of the Certificates, subordination of the Certificates, and the Company's lack of FDIC insurance for its obligations.

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

No Voting Rights

The Certificates have no Voting Rights. The Certificates are a non-voting preferred equity security and holders of Certificates will have no voting rights or other ability to influence any actions of the Company.

Modification and Termination

Pursuant to Regulation CF, the terms of the Offering can be modified or offering canceled up to and including the Close date. For further information on this see the Offering Disclosure Documents.

Restrictions on Transfer of Securities being Offered: Pursuant to Regulation CF

The Certificates being offered may not be transferred by any purchaser of such securities during the one (1) year period beginning when the securities were issued except for limited circumstances. For further information see Appendix 3. After the one (1) year period, any transfer or sale of the Certificates must receive prior written consent from the Issuer to ensure accurate records of ownership among other material items. Additional restrictions on transfer may be set forth in the Operating Agreement.

Rights of the securities being offered (materially limited, diluted or qualified by the rights of other classes of security)

As noted above, any distribution and/or liquidation rights under the Certificates, are unsecured obligations of the Company that are “subordinated” (i.e., junior in distribution priority and liquidation preference) to the rights of all currently existing, and potentially future, senior classes of equity or debt securities of the Company (currently, the Class A Units, the Class A-1 Units, the Class B Units, Class E, Class F and Class CF Units). Therefore, the Company’s obligations to the holders of any existing, and potentially future, “senior” classes of securities must be satisfied in-full before payment can be made on the Certificates. Accordingly, there can be no assurance that the Company will have sufficient cash flow to pay its other operating expenses and/or obligations, and, therefore, investors may realize a loss, which could be substantial, on their investment in the Certificates. For the avoidance of doubt, no assurance can be given that a Class CF 2.0 Member will realize their anticipated return on said investment, or any return at all, or that said Class CF 2.0 Member will not lose their entire investment. Each prospective investor should consult with the prospective investor’s personal attorney, investment advisor and accountant prior to making any investment decision. Similarly, in the event of a liquidation of the Company, the Company would need to satisfy its obligations to the holders of any existing, and potentially future, “senior” classes of securities before payment can be made on the Certificates. In addition, the Certificates have no voting rights or other ability to influence the actions of the Company.

Differences between Classes of Securities

Each class of security authorized and/or issued by the Company has different rights and/or preferences. As discussed above, the Certificates are subordinated/junior to other existing, and

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

potentially future, senior classes of securities and have no voting rights. In addition, the Certificates evidence a fixed equity interest, and therefore do not provide the Class CF 2.0 Members with a right to participate in the growth of the Company or to otherwise receive any distributions from the Company's profits other than the Class CF 2.0 Distribution Payments.

Effect of Principal Shareholders Rights on Purchasers of Security being Offered

The principal Members and Beneficial Owners, Peter J. Krajsa and Matthew H. Brown, own all of the voting equity of the Company and are the sole members of the Company's Board of Managers. Accordingly, they have the sole ability to control the day-to-day operations of the Company whereas Class CF 2.0 Members have no ability to influence Company action. As noted above, if the Company: (i) creates any additional "senior" classes of equity; and/or (ii) incurs additional third-party debts or liabilities, then, in either case, those obligations and/or liabilities could potentially reduce the Company's available funds, which, in turn, could materially impact the ability of the Company to satisfy its payment obligations under the Certificates.

Security risk to purchasers associated with corporate actions:

- Additional issuances of securities — If such additional securities are "senior" in distribution or liquidation preference to the Certificates, then there is an increased risk that sufficient funds may not be available to provide Distribution Payments to the Certificate holders.
- Issuer repurchases of securities — Any repurchase of securities potentially reduces the Company's available funds, which could create an increased risk that sufficient funds may not be available to provide Distribution Payments to the Certificate holders.
- A sale of the issuer or of assets of the issuer — As noted above, upon a Change of Control event, the Certificate holder is entitled to the return of un-returned principal and accrued interest. However, it is possible that, following a Change of Control event, the proceeds from any such transaction (after satisfying the Company's other "senior" or "secured" debts and liabilities and Classes of Preferred senior in the waterfall), may be insufficient to satisfy Distribution Payments owed.
- Transactions with related parties — Any related party transaction that results in Company expenditures, potentially reduces the Company's available funds, which could create an increased risk that sufficient funds may not be available to satisfy the Company's obligations under the Notes. In addition, it is possible that a related party transaction may be on terms that are not reflective of fair market value.
- Transactions — NEIF has had no transactions since the beginning of the Company's last fiscal year that meet the reporting requirements of Regulation Crowdfunding under Section 227.201(r).

Appendix 3. Restrictions on the Transfer or Sale Of Securities

Within the First Year after the Purchase

At any time during the first year of when the securities were issued, the securities may not be resold, pledged or transferred without the prior written consent of the Company. During the period of one (1) year from when the securities were issued, the securities generally may not be resold, pledged or transferred unless: (1) to the issuer of the securities; (2) to an "accredited investor"; (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships.

The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Beyond the First Year after the Purchase

At any time after one (1) year from when the securities were issued, the securities may not be resold, pledged or transferred without the prior written consent of the Company, which consent shall not be unreasonably withheld if the holder thereof gives notice to the Company of such holder's intention to effect such sale, pledge, or transfer, and

(a) there is in effect a registration statement under the Securities Act covering the proposed transaction; or

(b) such notice describes the manner and circumstances of the proposed sale, pledge, or transfer in sufficient detail and, if reasonably requested by the Company, is accompanied at such holder's expense by either (i) a written opinion of legal counsel who shall, and whose legal opinion shall, be reasonably satisfactory to the Company, addressed to the Company, to the effect that the proposed transaction may be effected without registration under the Securities Act; (ii) a "no action" letter from the SEC to the effect that the proposed sale, pledge, or transfer of such securities without registration will not result in a recommendation by the staff of the SEC that action be taken with respect thereto; or (iii) any other evidence reasonably

satisfactory to the Company to the effect that the proposed sale, pledge, or transfer of the securities may be effected without registration under the Securities Act.

Additional restrictions on transfer may be set forth in the Operating Agreement.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of National Energy Improvement Fund, LLC and Subsidiaries and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. Strength in Numbers

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about National Energy Improvement Fund, LLC and Subsidiaries' ability to continue as a going concern for one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of National Energy Improvement Fund, LLC and Subsidiaries' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about National Energy Improvement Funds LLC and Subsidiaries' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Supplementary Information

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The schedule on page 27 is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

NATIONAL ENERGY IMPROVEMENT FUND, LLC AND SUBSIDIARIES

Notes to Consolidated Financial Statements December 31, 2024 and 2023

1. Nature of Operations and Summary of Significant Accounting Policies:

The consolidated financial statements of National Energy Improvement Fund, LLC and Subsidiaries (the “Company”) include the accounts of National Energy Improvement Fund, LLC and two wholly owned subsidiaries acquired in May 2020 as follows:

NEIF-MSH Financial, LLC
NEIF-MSH Insurance, LLC

The Company originates unsecured loans for energy-efficient home improvements on behalf of various investors and provides loan servicing at agreed-upon interest margins for those loans, certain loans for which servicing rights were acquired, as well as providing servicing on Pennsylvania loans under the Keystone HELP Program on a fee per loan basis (altogether, the “loan servicing fees”). The Company also provides access to financing for commercial energy improvements, generating applications for a variety of third-party capital providers, which conduct full origination and loan servicing. The Company is compensated through origination fees on the financing and the negotiated service fee agreements with each investor. Additionally, the Company receives insurance commissions as a licensed insurance agency through its subsidiary NEIF-MSH Insurance, LLC.

National Energy Improvement Fund, LLC is organized as a Pennsylvania limited liability company with two types of common membership and seven types of preferred membership. The membership interests bear different rights with regard to profit-sharing and distributions, as discussed in Note 14.

Each of the two subsidiaries is organized as a single-member Pennsylvania limited liability company, wholly owned by National Energy Improvement Fund, LLC. The Company decided to cease operations in both of these subsidiaries as of December 31, 2023, however, NEIF-MSH Insurance, LLC continues to receive commissions for prior insurance products sold.

The Company’s significant accounting policies, all of which conform to generally accepted accounting principles (GAAP), are summarized as follows:

Revenue Recognition Policy

The Company derives its primary revenue stream from the servicing of unsecured energy efficiency improvement loans. Revenues are recognized on a

SUBSIDIARIES**

December 31, 2024 and 2023**

monthly basis as loan payments are collected from consumers and represent the difference between the interest rate charged on the loan and the amount required to be paid to the investor. Additionally, the Company generates certain origination fees that are charged to the borrower at the time of the loan. The Company also recognizes revenue for the change in the present value of the future servicing rights for the entire servicing portfolio as well as gains from the sale of loans to other investors.

Disaggregation of Revenue from Contracts with Customers

For the years ended December 31, 2024 and 2023, the Company’s revenue based on the timing of satisfaction of performance obligations is as follows:

	<u>2024</u>	<u>2023</u>
Performance obligations satisfied at a point in time	\$ 1,783,712	\$ 637,992
Performance obligations satisfied over time	<u>2,489,053</u>	<u>3,339,182</u>
	<u>\$ 4,272,765</u>	<u>\$ 3,977,174</u>

Revenue from performance obligations satisfied at a point in time consist of loan origination fees charged to commercial customers, income from rebates and dealer charges, and gains on loan sales.

Revenue from performance obligations satisfied over time consist of loan servicing fees and the related gains and losses on loan servicing rights.

Performance Obligations

For performance obligations related to the origination fees charged to commercial customers, income from rebates and dealer charges and gains on loan sales, control transfers to the customer at a point in time on the date that loan settlement occurs in the case of origination fees and gains on loan sales and upon receipt in the case of rebates and dealer charges.

For performance obligations related to loan servicing fees, control transfers to the customer over time. Revenue is recognized as loans are serviced as adjusted for the present value of future servicing rights based on assumptions for future interest rates, loan prepay speeds, and expected cash flows net of estimated loan servicing costs.

Variable Consideration

The nature of the Company's business gives rise to variable consideration including estimated future loan servicing costs that generally reduces revenue. Variable consideration is estimated at the most likely amount that is expected to be earned. Estimated amounts are included in the transaction price to the extent it is probable that a significant reversal of cumulative revenue recognized will not occur when the uncertainty associated with the variable consideration is resolved. Estimates of variable consideration are estimated based upon historical experience and known trends.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Loan Servicing Fees Receivable

Loan servicing fees receivable represent amounts due from third parties for whom the Company provides loan servicing. The amounts are paid within thirty days of month end and require no allowance for uncollectibility as the loans are owned by the various investors.

Loan Servicing Asset

The Company provides loan servicing to third parties. To determine the fair value of the loan servicing asset, the Company uses a valuation model that calculates the present value of estimated future net servicing income. The valuation model incorporates assumptions that market participants would use in estimating future net servicing income, such as the cost to service, the discount rate, the custodial earnings rate, an inflation rate, ancillary income, prepayment speeds and default rates, late fees and losses. See Note 2 for more information on the valuation of servicing rights.

The Company has elected to initially measure and carry its servicing assets using the fair value method. Under the fair value method, the servicing assets are carried in the balance sheet at fair value and the changes in fair value, primarily due to changes in valuation inputs and assumptions and to the collection and

realization of expected cash flows, are reported in gains (losses) on servicing rights in the period in which the change occurs.

Investment in Affiliated Company

The Company owns a 50% interest in RB Funding, LLC, an entity organized to facilitate rebate factoring for various rebate programs throughout the country. The investment is recorded using the equity method of accounting for investments in affiliates.

Equipment, Leasehold Improvements and Software

Equipment, leasehold improvements, and web portal development costs are stated at cost. Maintenance, repairs, and minor renewals are expensed as incurred; major renewals and betterments are capitalized. When assets are sold, retired, or otherwise disposed, their cost and related accumulated depreciation and amortization are removed from the accounts and the resulting gains and losses are included in operations. Depreciation and amortization are computed on the straight-line basis over the shorter of the lease term or the estimated useful lives of the assets. Web portal development costs are being amortized over 60 months.

Cash Equivalents

For purposes of the statements of cash flows, the Company considers all highly-liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Concentration of Credit Risk

The Company maintains cash balances which may exceed federally-insured limits, but the Company historically has not experienced any credit related losses on cash balances.

Income Taxes

The Company has elected the default entity classification for a limited liability company and as such is taxed as a partnership under the Internal Revenue Code and under similar provisions of Pennsylvania law. Under those provisions, the Company does not pay income taxes on its taxable income and is not allowed to deduct net operating loss carryovers or carrybacks. Instead, any income or losses are passed through to the members who are individually responsible for any taxes due.

Advertising

The Company's policy is to expense advertising costs as incurred. Advertising expense amounted to \$41,151 and \$109,133 for the years ended December 31, 2024 and 2023, respectively.

Leases

The Company determines if an arrangement is a lease at inception. Operating leases are included in right-of-use ("ROU") operating lease assets and ROU operating lease liabilities on the balance sheets. ROU assets represent the Company's right to use an underlying asset for the lease term and ROU lease liabilities represent the obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized based on the present value of lease payments over the lease term. As most leases do not provide an implicit rate, the Company generally uses the risk-free US Treasury rate over a similar term as the lease payments.

Lease expense for lease payments is recognized on a straight-line basis over the lease term. Leases with a lease term of 12 months or less at inception are not recorded on the balance sheets and are expensed on a straight-line basis over the lease term in the statements of operations.

Subsequent Events Evaluation

The Company has evaluated events and transactions occurring subsequent to December 31, 2024, for items that could potentially be recognized or disclosed in these financial statements. The evaluation was conducted through February 15, 2025, the date these financial statements were available for issuance.

Adoption of New Accounting Standard – Allowance for Credit Losses

In June 2016, the FASB issued guidance (FASB ASC 326) which significantly changed how entities measure credit losses for most financial assets and certain other instruments that are not measured at fair value through net income. The most significant change in this standard is a shift from the incurred loss model to the expected loss model. Under the standard, disclosures are required to provide users of the financial statements with useful information in analyzing an entity's exposure to credit risk and the measurement of credit losses. Financial assets held by the Company that are subject to the guidance in FASB ASC 326 were loan servicing fees and other receivables. The Company adopted the standard effective January 1, 2023. The impact of the adoption was not considered

material to the financial statements and primarily resulted in enhanced disclosure only.

The Company, despite profitability, had reported negative cash flows from operating activities amounting to \$2,350,531 for the year ended December 31, 2023. This condition had raised substantial doubt about the ability of the Company to continue as a going concern.

During 2024, management raised significant additional capital as further described in Note 14 in accordance with its plans. Such additional capital should provide the Company with sufficient cash to meet its obligations until more successful operations are achieved.

The National Energy Improvement Fund, LLC (“NEIF” or the “Company”) is a Pennsylvania public benefit, for profit, limited liability company (LLC) organized on July 17, 2017. NEIF is a Certified B Corporation. The Company is located at 1005 Brookside Road, Suite 200, Allentown, PA 18106 and 1800 Wazee Street, Suite 300, Denver, CO 80202. The Company’s website address is www.neifund.org.

NEIF operates as a multi-state non-bank financial services company. NEIF provides financing for essential energy and resilience improvements like heating, ventilation, air-conditioning (HVAC), roofing, lighting, and battery storage, which make homes and businesses more resilient, efficient, healthy, and comfortable and helps contractors grow their businesses. Led by energy financing pioneers, Peter Krajsa, Matthew Brown, Laura Nelson and a team responsible for over \$900 million in innovative energy financing programs, NEIF is currently the nation’s only Certified B Corporation® specializing in energy efficiency and resilience lending and is supervised as a consumer lender and servicer in 41 states. NEIF operates its commercial financing platform nationally.

With a heritage dating to 1947 (AFC First and later Harcourt Brown & Carey), NEIF was organized as a for-profit Public Benefit Corporation in 2017 and commenced operations in July 2018. NEIF went through additional assessment and scrutiny to officially be designated as a Certified B Corporation® by the international certification board. Certified B Corporations are businesses that balance purpose and profit, and are legally required to consider the impact of their decisions on their workers, customers, suppliers, community, and the environment. Certified B Corporations® (B Corps™) meet the highest verified standards of social and environmental performance, public transparency, and legal accountability in five categories: governance, workers, customers, community, and the environment. NEIF is also an approved Home Improvement Expert™ Partner of the U.S. Department of Energy.

NEIF provides fixed rated, point-of-purchase financing for most installed products that improve a home’s energy efficiency, health, resilience, or comfort, installed by NEIF - Approved Contractors. These include heating, cooling, insulation, roofing, generators, windows, and renewables. NEIF also offers financing for commercial energy improvements such as lighting, battery storage, solar and mechanical systems, typically as a program administrator for utilities. In addition, the company provides advance funding to contractors for utility and other rebates.

FOCUSED ON AFFORDABILITY OF ESSENTIAL IMPROVEMENTS

Affordability is the **greatest impediment** to the adoption of home and building energy efficiency upgrades. They can be expensive — and are often unexpected. Rebates only cover a small portion of the cost, and traditional financing typically offers short-term “teaser” rates, includes a high cost to contractors, or involves a cumbersome loan process.

NEIF is focused on improving the delivery channel, increasing affordability, and aiding contractor cash flow.

NEIF's comprehensive solutions address four market gaps

- **Confusing and high cost financing** — Many contractors offer non-transparent, high contractor fees, and “promotional financing” which can increase the cost to the customer and limit affordability.
- **Contractor cash constraints** — Contractors are often cash-strapped, time-strapped, and lacking a true partner to grow their business.
- **Generic and limited products** — Generic lending products don't fully address the specialized needs of energy programs nor the emerging and fast-growing markets for resiliency solutions (high quality roofs, battery storage, etc.).
- **Inadequate support to Utilities, States, and Green Banks** — Most lenders lack the specialized expertise required to effectively partner with programs that promote energy efficiency, renewable energy, and resiliency.

Residential Financing Market

INTENDED FOR REVIEW BY POTENTIAL INVESTORS ON HONEYCOMB CREDIT ONLY. DO NOT COPY OR DISTRIBUTE

- The annual home improvement market is in excess of \$250 billion (Joint Center for Housing Studies, Harvard University²)
- More than half of all home improvements are financed, 11% of this are financed with point of purchase financing other than credit cards (bankrate.com).
- NEIF’s principal competitors like Synchrony, GreenSky and EnerBank focus on short term promotional financing programs (“Zero %”) with high costs to the contractors.
- NEIF focuses on transparent, fixed-rate installment financing with no or low- cost to the contractor.
- NEIF required share of the market to hit its planned maximum volume and sustained profitability is estimated to be 0.25% (less than a quarter of one percent)

NEIF experiences indicate that financing options for core energy and resiliency improvements remain unfocused and fragmented

- Approximately, 80% of all energy-related improvements are “reactive” – that is, they are a response to a heating or cooling system outage or other urgent upgrade.
- For many homeowners, these “reactive” home improvements (\$2,500 to \$25,000) come as a surprise, un-budgeted major capital expense and can often fall into the consumer’s financing “twilight zone” – too big for a credit card, too small for a home equity loan.
- Credit cards, short-term promotional programs, or cumbersome traditional financing do not address the needs of buyers and contractors looking for fast turn-around, fair pricing and longer-term affordability for a major capital purchase in energy-related improvements.
- Because a reactive improvement is time sensitive and consumers may have limited, less-than-affordable or inefficient financial options available to them, they often are only able to afford cheaper and less efficient systems or improvements.
- Small and mid-size commercial borrower(s) face similar hurdles with limited and mostly short-term payment options available.

Existing products and providers do not fully address the financing needs of the multi-billion energy and resiliency improvement market

- Large National Banks and Finance Companies offer sophisticated point of purchase programs for contractors, but are generally focused on “promotional” finance programs with high costs and dealer fees that may result in a hidden finance charge to consumers. For

² <https://www.jchs.harvard.edu/press-releases/residential-remodeling-continue-steady-expansion>

most of these programs, lenders' energy improvements are just another line item to finance like hot tubs and All-terrain vehicles (ATVs). Additionally, there is no motivation to integrate with utility or other energy programs, or provide specific energy industry know-how to consumers and contractors.

- Fintech platforms and internet lenders need massive volume to feed venture capital and private equity investor returns, requiring them to focus on large, high cost improvements like solar. Access to loan capital is based on the “big Wall Street banks” interest to provide financing and price. While some fintech lenders offer financing for basic energy improvements, it is typically treated as an “add-on” and not a core product.
- Local Banks and Lenders commonly focus on home equity loans or financing products that are more complex and require a longer time to process, making them unresponsive to the immediate needs of the consumer. They are generally not engaged in point-of-purchase financing, contractor network development and management, or energy-specific program administration.

NEIF's business model combines recurring revenue and transaction fees

- NEIF earns recurring revenue on its loan servicing portfolio and retainer contracts, and transaction fee revenue on loan origination, contractor management, and other services.
- For selected loan products, NEIF originates and funds loans to homeowners and businesses for eligible energy and resilience improvements installed by qualified contractors. NEIF sells the underlying loans into pre-committed capital pools. NEIF retains ownership, for the life of the loan, of a loan servicing origination and spread for account management, payment processing, collections and reporting, as well as a program management spread for contractor management, training, improvement qualification, and reporting. These spreads are paid out of the loan yield on the outstanding balance of the loan portfolio and range from 1.5% to 4% annually depending on the level of services.
- NEIF receives monthly retainers from utilities and other programs. Services include the management of lending activities for a utility's commercial and small business initiatives, and range from \$1,000 monthly to \$5,000 monthly depending on the level of service.
- NEIF provides premium subscription services to contractors for preferred access to sales tools, NEIF's proprietary financing portals, and additional marketing services.
- A \$25 million servicing portfolio, for example, would be projected to generate about \$2 million in lifetime servicing revenue. This assumes \$25 million in loans originated results in \$2.088 million in servicing revenue based on an 87-month average life and 2.49% spread.
- NEIF originates commercial transactions for financing products provided by third-party lenders that enhance NEIF's product offerings. Examples include larger loan amounts or different financing structures like commercial Property Assessed Clean Energy (PACE), Power Purchase Agreements (PPA), working capital lines of credit for contractors, and certain types of lease arrangements. NEIF receives a funding transaction fee of 1% to 4% of the loan amount.
- NEIF earns processing fee revenue and profit participation for advance payment to contractors for utility and government rebates through its interest in RB Funding, LLC (Rebate Bridge).
- NEIF is a licensed or compliant lender in all the states in which it operates. It maintains a full origination and servicing operation, deriving revenue for ongoing servicing fees, origination and placement fees paid by capital sources, retainers by utilities, and service fees paid by programs.

FOCUSED ON AFFORDABILITY OF ESSENTIAL IMPROVEMENTS

Affordability is the **greatest impediment** to the adoption of home and building energy efficiency upgrades. They can be expensive — and are often unexpected. Rebates only cover a small portion of the cost, and traditional financing typically offers short-term “teaser” rates, includes a high cost to contractors, or involves a cumbersome loan process.

NEIF is focused on improving the delivery channel, increasing affordability, and aiding contractor cash flow.

The Stipulated Fair Market Value shall be the Buy-Out Price for Common Units offered pursuant to this Agreement. If the parties fail to make a valuation for a particular year, the Stipulated Fair Market Value shall be the agreed value per Common Unit set forth in such most recently signed stipulation, increased (or decreased) proportionately by the increase (or decrease) in book value per Common Unit from the date of the last signed stipulation of value until one (1) month prior to the date of the event causing the transfer of the Units. For purposes of this Agreement, the term “**book value**” shall mean the book value of the Common Units of the Company, as of the applicable date, as determined in accordance with generally accepted accounting principles by the accounting firm then servicing the Company, and such determination when made, certified and delivered to the Company shall be binding upon the Company and upon all parties bound by the terms of this Agreement. As an example, assume: (a) the Stipulated Fair Market Value as set forth in the most recent agreed upon stipulation was One Thousand Dollars and 00/100 Cents (\$1,000.00) per Common Unit; and (b) the book value, as of that date, is One Hundred Dollars and 00/100 Cents (\$100.00) per Common Unit; and (c) the book value, as of the date of the applicable “triggering event”, is One Hundred Ten Dollars and 00/100 Cents (\$110.00) per Common Unit; then (d) the Stipulated Fair Market Value shall be equal to One Thousand One Hundred Dollars and 00/100 Cents (\$1,100.00) per Common Unit (i.e., a ten percent (10%) increase from the most recent agreed upon Stipulated Fair Market Value).

“**Treasury Regulations.**” The income tax regulations, including temporary regulations, promulgated under the Code, as those regulations may be amended from time to time (including corresponding provisions of succeeding regulations).

Article II – ORGANIZATION

2.01. Principal Place of Business; Other Offices. The principal place of business of the Company shall be at 1005 Brookside Road, Suite 200, Allentown, PA 18106 or at such other place as the Board may designate from time to time, which need not be in the Commonwealth of Pennsylvania. The Company may have such other offices as the Board of Managers may designate from time to time.

2.02. Purpose. The object and purpose of, and the nature of the business to be conducted and promoted by, the Company is engaging in any lawful act or activity for which limited liability companies may be organized under the Act and engaging in any and all lawful activities necessary, convenient, desirable or incidental to the foregoing, including but not limited to, qualifying and operating as a “Benefit Company” by engaging in certain activities for the general public benefit, including, promoting energy savings by increasing and improving access for affordable financing of energy efficiency improvements for consumers and business (the “**Business**”).

2.03. Term. The existence of the Company commenced on the date the Certificate was filed in the office of the Department of State of the Commonwealth of Pennsylvania and shall

continue until the Company is dissolved in accordance with the provisions of this Agreement and the Act.

Article III – MEMBERSHIP UNITS

3.01 Members and Subsequent Members. The current Members of the Company are the Persons listed on Attachment A. When any Person is admitted as a Member or ceases to be a Member, the Board shall cause the Company to prepare a revised version of Attachment A and distribute it to all the Members.

3.02 Record Holders of Membership Units. The Company shall be entitled to treat the Person in whose name a Membership Unit stands on the books of the Company as the absolute owner thereof and as a Member of the Company. The Company shall not be bound to recognize any equitable or other claim to, or interest in, such Membership Unit on the part of any other Person, whether or not the Company has express or other notice of any such claim.

3.03 No Transfers or Assignment of Units Unless in Accordance with this Agreement.

(a) Except as permitted hereunder, a Member shall not assign or transfer or permit the assignment or transfer of all or any portion of said Member's Common Units in the Company or rights in said Member's Units in the Company. Each Member hereby acknowledges the reasonableness of this prohibition in view of the purposes of the Company and the relationship of the Members. Any assignment of a Member's Units or rights in violation of this Article III shall be deemed invalid, null and void and of no force or effect. Without limiting any other restrictions on the assignment of Units as may be set forth herein, each Member agrees that it will not assign all or any portion of its Units in the Company, and the Company agrees that it shall not issue any Units:

(i) except as permitted under the Securities Act and other applicable federal or state securities or blue sky laws, and then, with respect to an assignment of Units, only upon delivery to the Company of an opinion of counsel in form and substance satisfactory to the Company to the effect that such transfer may be effected without registration under the Securities Act;

(ii) if such assignment or issuance would cause the Company to be considered a "publicly traded partnership" under Section 7704(b) of the Code within the meaning of Treasury Regulations Section 1.7704-1(h)(1)(ii), including the look-through rule in Treasury Regulations Section 1.7704-1(h)(3);

(iii) if such assignment or issuance would affect the Company's existence or qualification as a limited liability company under the Act;

(iv) if such assignment or issuance would cause the Company to lose its current status for federal income tax purposes;

(v) if such assignment or issuance would cause the Company to be required to register as an investment company under the Investment Company Act of 1940, as amended; or

(vi) if such assignment or issuance would cause the assets of the Company to be deemed "Plan Assets" as defined under the Employee Retirement Income Security Act of 1974 or its accompanying regulations or result in any "prohibited transaction" thereunder involving the Company.

(b) Any person or entity to whom a Member attempts to assign the Member's Units in violation of this Article III or to whom a Member's Units are involuntarily assigned shall not be entitled to vote on matters coming before the Members; to be a Manager and/or participate in the management of the Company; to act as an agent of the Company; to attend meetings of the Members; to inspect Company books and records; to have access to any other information of the Company; to demand an accounting with respect to the Company; or to have any other rights in, or with respect to, the Member's Units. Any assignee of, or successor to, a Member's Units who does not become a Member and desires to make further assignments of the interest shall be subject to all of the restrictions on the assignment of the interest contained herein. Unless an assignee or successor becomes a Member, the assignee or successor shall not be entitled to any of the rights granted to a Member hereunder or under the Act, other than the right to receive the distributions and return of contributions to which the assignor or predecessor would otherwise have been entitled; and unless and until the assignee or successor is admitted as a Member, the assignee or successor shall not have any right to inspect Company books and records, have access to any other information of the Company or to demand an accounting with respect to the Company except to the extent necessary to prepare the assignee's or successor's state and federal income tax returns.

(c) No Member may pledge, hypothecate or otherwise encumber any Units: (i) without the express prior written consent of a majority vote of the Board (except that Units may be pledged as security to any financial institution lending money to the Company); and (ii) only if the pledging or encumbering Member retains all rights incident to ownership of such Units in the Company, other than the right to transfer it, until payment of the obligation for which said interest serves as security.

3.04 Additional Restrictions on Transfer and Assignability of Common Units.

(a) Limited Transferability. Except to the extent that transfers or assignments of Common Units are permitted or required to be transferred by this Agreement, Common Units shall not be transferable or assignable, in whole or in part. For the avoidance of doubt, the restrictions on transfers set forth in this Section 3.04 shall not apply to Preferred Units.

(b) Right of First Refusal. If a Common Member obtains a bona fide written offer for the purchase of the Member's Common Units in the Company (which offer must be for a price denominated in U.S. dollars) which the Common Member intends to accept, then the Common Member shall be deemed to be an Offering Member and shall give written notice of that intention ("**Notice of Intention**") to the Company. To be effective, the Notice of Intention must state or describe: (i) the interest to be Assigned; (ii) the name and address of the proposed assignee;

(iii) the amount to be paid and the terms of payment; (iv) the date of the proposed Assignment; and (v) an Offer to sell the Offering Member's Offered Interest to the Company and the Remaining Members.

(1) The Company, for thirty (30) days after delivery of the Notice of Intention, may elect to have the Buy-Out Price of the Offering Member's Offered Interest in the Company be determined in accordance with Section 3.04(e) and, for thirty (30) days after it has been notified of the determination of the Buy-Out Price (the "**Company Option Period**"), may elect to purchase the Offering Member's Offered Interest for the lesser of the Buy-Out Price or the price set forth in the Notice of Intention. In either case, the purchase shall be on the terms set forth in Section 3.04(f) (the "**Terms**"). If the Company properly exercises that option, then the Offering Member shall sell, and the Company shall purchase, said Offering Member's Offered Interest at that price and on those terms.

(2) If the Company does not exercise its option to purchase all of the Offered Interest, the Company shall notify the Remaining Member(s) and the Offering Member of its rejection of the Offer ("**Notice of Rejection**") no later than five (5) days after the sooner of such rejection or the expiration of the Company Option Period (if applicable). If the Buy-Out Price has not been determined during the Company Option Period, the Remaining Member(s) shall have thirty (30) days to elect to have the Buy-Out Price determined in accordance with Section 3.04(e). The Remaining Member(s) shall have sixty (60) additional days from the latter of the determination of the Buy-Out Price or the date of the Notice of Rejection to determine if the Remaining Member(s) shall purchase the Offered Interest at and on the lower of the price set forth in the Notice of Intention or the Buy-Out Price and Terms. Each Remaining Member shall have an option to purchase a pro-rata portion of the Offered Interest (based on said Remaining Member's Pro-Rata Percentage). If some, but not all, of the Offered Interest is so purchased by the Remaining Member(s) and/or the Company, the purchasing Remaining Member(s) shall have the option (for a period of an additional five (5) days to purchase the unpurchased Offered Interest). If the Remaining Member(s) properly exercise this option, the Offering Member shall sell and the Remaining Member(s) shall purchase said Offering Member's Offered Interest at that price and Terms.

(3) If the Company and the Remaining Member(s) do not timely exercise their options to purchase the entire Offered Interest, then the Offered Interest may be Assigned to the proposed assignee upon the terms stated in the Notice of Intention, provided that the proposed assignee agrees in writing to be bound by this Agreement and, provided that, unless the Board of Managers agrees otherwise, the assignee shall be and remain a mere interest holder in the Company, shall not be admitted as a Member and shall have only the rights affirmatively granted in the last sentence of Section 3.04(a). If an Assignment which is permitted hereunder in this Section 3.04(b)(3) is not completed by the latter of the date specified in the Notice of Intention or fifteen (15) days after the expiration of the last applicable purchase option, then the Offering Member's Offered Interest will become subject again to the purchase option contained in this Section 3.04(b).

(c) Voluntary Withdrawal. A Common Member may not voluntarily withdraw from the Company.

(d) Involuntary Assignment.

(1) If: (i) an “Order for Relief” is entered with respect to a Common Member under the Bankruptcy Code; (ii) a trustee, receiver or liquidator is appointed with respect to a Common Member in any insolvency proceeding; (iii) a charging order is entered with respect to a Common Member's Common Units in the Company; (iv) there is a judgment or decree that has the effect of transferring beneficial ownership of a Common Member’s Common Units in the Company or the voting rights of said Common Member to other than said Common Member; or (v) there is a bankruptcy, insolvency or other material adverse change in the financial condition of a Common Member that will result in a default under the Company’s financing documents and as a result of which the lender may declare the Company to be in default of the maximum amount of indebtedness, then said Common Member shall be deemed to make an Offer to sell all of said Offered Interest in the Company to the Company and the Remaining Members.

For thirty (30) days after it learns of the Offer, the Company may elect to have the Buy-Out Price of the Offering Member's entire Offered Interest in the Company determined under Section 3.04(e). For thirty (30) days after it has been notified of the determination of the Buy-Out Price (“**Company Option Period**”), the Company may elect to redeem the Member's Offered Interest for the Buy-Out Price and Terms. If the Company timely makes that election, then the Company shall purchase, and the Offering Member or the Offering Member's legal representative or successor shall sell to the Company, the Offering Member's Offered Interest in the Company at the Buy-Out Price and Terms.

If the Company does not elect to have the Buy-Out Price determined in accordance with Section 3.04(e) or, after the determination of the Buy-Out Price, does not elect to redeem the Offering Member's Offered Interest in the Company at the Buy-Out Price and Terms, then, the Company shall notify the Remaining Member(s) and the Offering Member of its rejection of the Offer (“**Notice of Rejection**”) no later than five (5) days after the sooner of such rejection or the expiration of the Company Option Period (if applicable). If the Buy-Out Price has not been determined during the Company Option Period, the Remaining Member(s) shall have thirty (30) days to elect to have the Buy-Out Price determined in accordance with Section 3.04(e). The Remaining Member(s) shall have sixty (60) additional days from the latter of the determination of the Buy-Out Price or Notice of Rejection to determine if the Remaining Member(s) shall purchase the Offered Interest at and on the Buy-Out Price and Terms. Each Remaining Member shall have an option to purchase a pro-rata portion of the Offered Interest (based on said Remaining Member’s Pro-Rata Percentage). If some, but not all of the Offered Interest is so purchased by the Remaining Member(s) and/or the Company, the purchasing Remaining Member(s) shall have the option (for an additional five (5) days) to purchase the unpurchased Offered Interest. If the Remaining Member(s) properly exercise their option, the Offering Member shall sell and the Remaining Member(s) shall purchase said Offering Member’s Offered Interest at and on the Buy-Out Price and Terms. If the Company and/or Remaining Member(s) do not purchase all of the Offered Interest, unless the Board of Managers agrees otherwise, the successor to the Common Member shall be and remain a mere interest holder in the Company, shall not be admitted as a Member, and shall have only the rights affirmatively granted in the last sentence of Section 3.04(a).

(2) In the event of the death of a Common Member (except with respect to any Common Units owned by more than one Common Member as tenants by the entirety or joint tenants with right of survivorship where there is a surviving Common Member), the deceased Common Member's personal representative shall be deemed to have made an Offer to sell to the Company and the Remaining Member(s) said Common Member's Offered Interest in the Company at and on the Buy-Out Price and Terms.

(3) In the event a Common Member is Disabled, said Common Member (or said Member's personal representative, if applicable) shall be deemed to have made an Offer to sell all of said Member's Offered Interest in the Company at and on the Buy-Out Price and Terms.

(4) In the event an Employee Member's employment with the Company is terminated for any reason, the Employee Member shall be deemed to have given a Notice and to have made an Offer to sell to the Company and the Remaining Member(s) all of such Employee Member's Membership Unit owned at the time of said Notice at and on the Buy-Out Price and Terms. An Employee Member's Termination of Employment shall be deemed to have occurred at such time as such Member's services to the Company as a payroll employee of the Company have ceased, without regard to the reasons for, or circumstances surrounding, such cessation of services.

(5) Upon notification to the Company that an Offer has been made pursuant to Sections 3.04(d)(2), 3.04(d)(3) or 3.04(d)(4), the Buy-Out Price shall be determined pursuant to Section 3.04(e), and for thirty (30) days after such determination ("**Company Option Period**"), the Company may exercise an option to purchase the Offered Interest at and on the Buy-Out Price and Terms. The Company shall maintain life insurance policies insuring the lives of the members of the Board of Managers with a policy death benefit of not less than One Million (\$1,000,000) Dollars. Accordingly, in the event that the Company receives any proceeds of life insurance on account of the death of an Offering Member, the Company must exercise its option to purchase the Offered Interest to the extent of such proceeds.

(6) If the Company does not exercise its option to purchase the Offered Interest pursuant to Section 3.04(d)(5), the Company shall issue a Notice of Rejection no later than five (5) days after expiration of the Company Option Period. The Remaining Member(s) shall have sixty (60) additional days, from the Notice of Rejection to determine if said Remaining Member(s) shall purchase the Offered Interest at and on the Buy-Out Price and Terms. Each Remaining Member shall have an option to purchase a pro-rata portion of the Offered Interest (based on each Remaining Member's Pro-Rata Percentage). Notwithstanding the foregoing, in the event a Remaining Member receives any proceeds of life insurance on account of the death of an Offering Member and the Company has not exercised its option pursuant to Section 3.04(d)(5), said Remaining Member must exercise his/her/its option to purchase the Offered Interest to the extent of such proceeds. If the Remaining Member(s) and/or the Company properly exercise their option(s), the Offering Member (or said Offering Member's personal representative) shall sell, and the Remaining Member(s) and/or the Company shall purchase, said Offering Member's Offered Interest at and on the Buy-Out Price and Terms.

(7) If the entire Offered Interest is not purchased by the Remaining Members and/or the Company pursuant to Section 3.04(d)(5) and/or Section 3.04(d)(6), then, unless the Board of Managers agrees otherwise, the successor to the Common Member shall be and remain a mere interest holder in the Company, shall not be admitted as a Member, and shall have only the rights affirmatively granted in the last sentence of Section 3.04(a).

(e) Buy-Out Price.

(1) The Buy-Out Price for an Offering Member's Offered Interest which is purchased pursuant to Section 3.04(b) shall be, at the Company's election, the lesser of: (i) the price set forth in the Notice of Intention; or (ii) the applicable Stipulated Fair Market Value at the Offered Interest.

(2) The Buy-Out Price for an Offering Member's Offered Interest which is purchased pursuant to Section 3.04(d) shall be the applicable Stipulated Fair Market Value of the Offered Interest.

(f) Terms. The Buy-Out Price to be paid to an Offering Member under Section 3.04(b) or Section 3.04(e) shall be paid, at the discretion of the Purchaser, either within three (3) months after the election to purchase or in sixty (60) consecutive equal monthly installments, including interest on the unpaid balance of the purchase price at a rate equal to the Prime Rate, beginning three (3) months after the election to purchase and continuing until the purchase price has been fully paid. The unpaid balance may be prepaid at any time without premium or penalty. The Offering Member (or the Offering Member's personal or legal representatives,) as the case may be, if requested to do so by the Purchaser, shall sign and deliver to the Purchaser an assignment, in a form reasonably approved by counsel for the Purchaser, which shall transfer to the Purchaser good and marketable title to the Offering Member's Offered Interest in the Purchaser, free and clear of all liens, claims and encumbrances; and the Purchaser, if requested to do so by the Offering Member, shall execute and deliver the promissory note of the Purchaser, generally in the form attached hereto as Attachment B, for the Buy-Out Price, containing a right, on the part of the holder, to accelerate payment in the event of any default. To secure the note, the Purchaser shall execute and deliver to the seller a security agreement and financing statements covering the Offered Interest which has been purchased/redeemed. The Purchaser is hereby designated as the Member's attorney-in-fact for the purposes of removing the Offering Member's name from the Purchaser's roster of Members and for the purpose of transferring the Offering Member's Offered Interest to the Purchaser. This power is coupled with an interest and is irrevocable.

(g) Payment for Company Property. The amount to be paid to a Member or a Member's personal or legal representatives under this Section shall be deemed to be paid in exchange for the interest of the Member in Company property, in accordance with, and subject to, Section 736(b) of the Code.

(h) Vote on Purchase. The Board of Managers shall have the sole authority to vote on whether the Company will redeem a Member's Offered Interest. If a Member is also a

Manager, that Member may not vote on the purchase of his, her or its interest in the Company pursuant to this Section 3.04.

(i) Admission of Additional Members. No new Member may be admitted without the consent of the Board of Managers, provided, however, that the new Member must execute and deliver to the Company a written Joinder in the form of Attachment C consenting to be bound by all of the terms of this Agreement.

(j) Non-recognition of Certain Transfers. The Company and the Board of Managers will not, nor be compelled to, recognize any transfer, or issue any certificate representing any Membership Unit to any person who has not delivered to the Company a written undertaking to be bound by the terms and conditions of this Agreement in the form of the Joinder attached hereto as Attachment C.

(k) Legends on Membership Unit Certificate. The following legend shall be imprinted on each Membership Unit Certificate, or in the case of uncertificated securities, substantially equivalent language on each Subscription Agreement:

THE MEMBERSHIP UNIT(S) REPRESENTED BY THIS CERTIFICATE HAS NOT BEEN REGISTERED WITH THE SECURITIES AND EXCHANGE COMMISSION UNDER THE SECURITIES ACT OF 1933, AS AMENDED, OR UNDER THE PENNSYLVANIA SECURITIES ACT OF 1972, AS AMENDED, OR SIMILAR LAWS OR ACTS OF OTHER STATES, IN RELIANCE UPON EXEMPTIONS UNDER THOSE LAWS AND ACTS. NOTICE IS HEREBY GIVEN THAT THE SALE, OFFER FOR SALE, ASSIGNMENT, TRANSFER, PLEDGE, HYPOTHECATION OR OTHER DISPOSITION OF THE MEMBERSHIP UNIT(S) REPRESENTED BY THIS CERTIFICATE IS SUBJECT TO, AND RESTRICTED BY, THE PROVISIONS OF A CERTAIN NATIONAL ENERGY IMPROVEMENT FUND, LLC FIFTH AMENDED AND RESTATED OPERATING AGREEMENT, AMONG THE COMPANY AND THE COMPANY'S MEMBERS, EFFECTIVE AS OF __APRIL 2024, A COPY OF WHICH AGREEMENT MAY BE INSPECTED AT THE PRINCIPAL OFFICE OF THE COMPANY. BY THE EXECUTION OF THIS CERTIFICATE AND THE ACQUISITION OF THE MEMBERSHIP UNIT(S) REFERENCED HEREIN, EACH PRESENT AND FUTURE MEMBER REPRESENTS, INTER ALIA, THAT SUCH MEMBER IS ACQUIRING SUCH MEMBER'S MEMBERSHIP UNIT(S) FOR INVESTMENT AND WITHOUT A VIEW TO DISTRIBUTION OR RESALE AND THAT SUCH MEMBER WILL NOT SELL, OFFER FOR SALE, TRANSFER, PLEDGE, OR OTHERWISE DISPOSE OF SUCH MEMBER'S MEMBERSHIP UNIT(S): (I) OTHER THAN IN ACCORDANCE WITH THE OPERATING AGREEMENT; AND (II) WITHOUT REGISTRATION OR OTHER COMPLIANCE WITH THE ABOVE-REFERENCED LAWS AND ACTS AND THE RULES AND REGULATIONS ISSUED THEREUNDER.

(l) Bring-Along Rights. In the event that a Common Member or Common Member(s) owning fifty-one percent (51%) or more of the total issued and outstanding Common Units (a "**Majority Member(s)**") of the Company accepts an offer to purchase all or a portion of

his, her or their Common Units such that the purchaser would own fifty-one percent (51%) or more of the Common Units of the Company upon completion of the transaction (and the Company has not exercised its right to acquire the Majority Members' Offered Interest pursuant to this Agreement), then the Majority Members may send a written notice (the "**Bring-Along Notice**") to the remaining Common Members specifying the name of the purchaser, the consideration payable and a summary of the material terms of such proposed purchase. Upon receipt of a Bring-Along Notice, each remaining Common Member shall be obligated and hereby covenants to: (i) sell all of their respective Common Units (or such portion of their Common Units as may be required by the purchaser) free of any liens, claims and/or encumbrances of any nature in the transaction contemplated by the Bring-Along Notice on the terms and conditions listed therein; and (ii) otherwise take all necessary action to cause the consummation of such transaction, including, without limitation and if applicable, voting his or her Common Units in favor of the transaction and not exercising any appraisal rights (whether arising hereunder or by operation of law) in connection therewith. Each Common Member further agrees and covenants to take all actions (including, without limitation, executing documents) in connection with consummation of the proposed transaction as may reasonably be requested by the Majority Members, and hereby appoints the Majority Members as each remaining Common Member's attorney-in-fact to do the same on such remaining Common Member's behalf.

(m) Follow-Along Rights. If the Majority Members accept an offer to sell all, or a percentage of, their Common Units (so long as such sale involves fifty-one percent (51%) or more of the total issued and outstanding Common Units of the Company) to a proposed transferee or transferees (such proposed transferee or transferees are hereinafter referred to collectively as the "**Follow-Along Purchasers**") and the Company has not exercised their right to acquire the Majority Members' Offered Interest pursuant to this Agreement, then the Majority Members shall send written notice to the remaining Common Members ("**Follow-Along Notice**") which notice shall specify, in reasonable detail: (i) all of the terms and conditions upon which such sale is to occur; and (ii) make explicit reference to this Section and state that such Common Members have a right to sell their Follow-Along Units (defined below) pursuant to such sale. All or any remaining Common Members shall, at their election, have the right to participate in any such sale (the "**Follow Along Right**"), exercisable in accordance with Subsection (1) below, and require the Follow-Along Purchasers to purchase: (i) all of their Common Units if the Majority Members are selling all of their Common Units; or (ii) the same percentage of their Units that the Majority Members are selling to the Follow-Along Purchasers (the "**Follow-Along Units**").

(1) If a remaining Common Member wishes to exercise said Member's Follow-Along Rights pursuant to Section 3.04(m) above, then such Member(s) must notify the Majority Members in writing within thirty (30) days following receipt of the Follow-Along Notice. If a Member does not notify the Majority Members within such thirty (30) day period, then such Member shall be deemed to have waived the Follow-Along Right with respect to the proposed sale.

(2) Any Follow-Along Units purchased pursuant to this Section shall be paid for upon the same terms and conditions received by the Majority Members from the Follow-Along Purchasers.

ARTICLE IV – FINANCIAL AND TAX MATTERS

4.01 Initial Capital Contributions. A record of the Initial Capital Contribution that each Member has made, or is deemed to have made, to the Company shall be maintained by Company and/or the accountant regularly serving the Company.

(a) Additional Capital Contributions. A Member shall not be required to make any Capital Contribution to the Company not specifically agreed to in writing between the Member and the Company, or be obligated or required under any circumstances to restore any negative balance in the Member's Capital Account.

(b) No Interest. Interest shall not be paid on, or with respect to, the Capital Contribution or Capital Account of any Member.

(c) No Right to Return of Capital Contributions. Although the Board may direct the Company to make distributions to the Members from time to time as a return of their Capital Contributions, a Member shall not have the right to withdraw or demand a return of any of the Member's Capital Contribution or Capital Account, except upon dissolution or liquidation of the Company.

(d) Unit Ownership. The Unit Ownership of each Member, as of the date hereof, shall be as set forth in Attachment A.

4.02 Capital Accounts. At all times while there is more than one (1) Member, a Capital Account shall be established and maintained on the books of the Company for each Member.

(a) Tax Provisions. The allocation and capital account maintenance provisions of Treasury Regulations under Section 704 of the Internal Revenue Code are hereby incorporated by reference, including a "qualified income offset" within the meaning of Treas. Reg. Section 1.704-1(b)(2)(ii)(d), the rules regarding allocation of "partner nonrecourse deductions" under Treas. Reg. Section 1.704-2(i)(1), "minimum gain chargeback" under Treas. Reg. Section 1.704-2(f) and "partner nonrecourse debt minimum gain chargeback" under Treas. Reg. Section 1.704-2(i)(4), and the limitation on allocation of losses to any Member that would cause a deficit capital account in excess of such Member's capital contribution obligations and share of minimum gain and partner nonrecourse debt minimum gain under Treas. Reg. Section 1.704-1(b)(2)(ii)(d) as modified by Treas. Reg. Sections 1.704-2(g)(1) and 1.704-2(i)(5).

(b) Contributed Property. To the extent contributed property has a fair market value at the time of contribution that differs from the contributing Member's basis in the property, and to the extent the carrying value of property of the Company otherwise differs from the Company's basis in such property, depreciation, gain and loss for capital account purposes shall be computed by reference to such carrying value rather than such tax basis. In accordance with Section 704(c) of the Code, income, gain, loss and deduction with respect to such property shall, solely for tax purposes, be shared among the Members so as to take account of the variation between the basis of the property to the Company and its fair market value at the time of contribution, or at the time that the carrying value of such property is adjusted under Treas. Reg. Section 1.704-1(b)(2)(iv)(f), as the case may be.

4.03 Allocation of Profits or Losses. At all times while there is more than one (1) Member, Profits or Losses shall be allocated to the Common Members in accordance with Percentage Interests, except as otherwise provided in Section 4.02.

(v) Fifth, to the holders of Class F Units, pro-rata, until the holders of Class F Units have been paid an amount equal to any accrued, but unpaid, Class F Distribution Payments and any Withheld Class F Distribution Payments (together with any interest accrued thereon); and

(vi) Sixth, to the holders of Class CF 2.0 Units pro-rata, until the holders of Class CF 2.0 Units have been paid an amount equal to any accrued, but unpaid, Class CF 2.0 Distribution Payments and any Withheld Class CF 2.0 Distribution Payments (together with any interest accrued thereon);

(vii) Seventh, to QNB on account of its Class KEEP QNB Units in an amount equal to any accrued, but unpaid, Class KEEP QNB Distribution Payments and any Withheld Class KEEP QNB Distribution Payments (together with any interest accrued thereon), provided that, notwithstanding the foregoing or anything to the contrary provided herein, any sums received by the Company on account of the KEEP Home Energy Loans shall be exclusively applied to fund the distributions required to be made to QNB pursuant to this Section 4.01(a)(1)(vii) prior to using any such funds to make distributions to any other Class of Members pursuant to this Section 4.04 until such time as the KEEP Home Energy Loans are paid in full or otherwise charged off and QNB has been paid an amount equal to any accrued, but unpaid, Class KEEP QNB Distribution Payments and any Withheld Class KEEP QNB Distribution Payments (together with any interest accrued thereon).

(viii) Eighth, to the holders of the Common Units, in accordance with Section 4.04(a)(2) below.

In addition, following the payment of all required distribution payments, redemption payments and/or bonus payments to the Preferred Members in accordance with the terms of this Agreement, in the event that the Company declares any “special” dividends or distributions, then the holders of any issued and outstanding Class A-1 Units shall collectively be entitled to payment equal to 14.82% (such payment to be paid, pro-rata, to the holders of any such outstanding Class A-1 Units based on their respective ownership of the outstanding Class A-1 Units) of any such “special” dividends or distributions.

(2) Common Units. Subject to: (i) Sections 4.04(a)(1) and (b) hereof; (ii) the availability of funds; (iii) the establishment of reasonable reserves in accordance with Section 4.04(a)(3) and Section 4.05 below; and (iv) payment of any properly approved salaries/bonuses to employees of the Company, operating expenses or other similar expenses of the Company, distributions of cash and/or other assets or property of the Company, from whatever source (including, without limitation, net proceeds of Company operations and sale, and financing or refinancing of Company assets) shall be made to the Common Members in accordance with their respective Percentage Interests at such times, and in such amounts, as the Board (or, as applicable, any committee thereof, including, but not limited to, the Finance Committee) shall determine.

(3) In making determinations regarding distributions, the Board (or, as applicable, any committee thereof; including, but not limited to, the Finance Committee) may set

aside funds and establish reserves for such items as may be determined in accordance with Section 4.05 hereof. The Board, in its commercially reasonable discretion, shall have the authority to interpret and apply the terms of this Section 4.04 (as well as any other provisions of this Agreement regarding the distribution of Company funds).

(b) Minimum Distribution. With respect to any taxable year of the Company in which Common Members are allocated taxable income for Federal income tax purposes (and for this purpose all items of income, gain, loss or deduction required to be separately stated pursuant to Section 703 of the Code shall be included in the calculation of taxable income (other than the amount, if any, by which capital losses exceed capital gains)), the Company shall attempt to distribute to the Common Members (subject to the constraints provided in the last sentence of this Section 4.04(b)), within ninety (90) days after the close of that taxable year, an amount equal to the aggregate taxable income allocated to the Common Members, multiplied by the highest Federal marginal tax rate (not to exceed thirty-four percent (34%), multiplied by each respective Common Member's Percentage Interest. For purposes of the preceding sentence, the Company's taxable income for a year shall be reduced by any net loss of the Company in prior years that has not previously been so taken into account under this Section 4.04(b). Nothing herein shall require the Company to borrow money or reduce its cash flow so as to restrict its ability to operate the day-to-day activities of the business in order to make such distributions.

4.05 Establishment of Reserves. The Board (or, as applicable, any committee thereof, including, but not limited to, the Finance Committee) shall have the right and obligation to establish reasonable reserves for business operations, maintenance, improvements, acquisitions, capital expenditures and other contingencies, such reserves to be funded with such portion of the operating revenues of the Company as the Board may deem necessary or appropriate for that purpose.

4.06 Tax Returns. The Board of Managers shall arrange for the preparation of all tax returns required to be filed for the Company. All information needed by the Members and other Persons who were Members during the applicable taxable year for income tax purposes shall be prepared by the Company's accountants and furnished to each such Person after the end of each taxable year of the Company.

4.07 Tax Elections.

(a) Elections to be Made. To the extent permitted by applicable tax law, the Board (on behalf of the Company) may make the following elections on the appropriate tax returns:

- (1) to adopt the calendar year as the Company's taxable year;
- (2) to adopt the accrual method of accounting;
- (3) if a transfer of a Membership Unit as described in Section 743 of the Code occurs, on written request of any transferee Member, or if a distribution of Company property is made on which gain described in Section 734(b)(1)(A) of the Code is recognized or there is an excess of adjusted basis as described in Section 734(b)(1)(B) of the Code, to elect, pursuant to Section 754 of the Code, to adjust the basis of Company properties;

(4) to elect to amortize the organizational expenses of the Company and the start-up expenditures of the Company in excess of Five Thousand (\$5,000.00) Dollars ratably over a period of one hundred eighty (180) months as permitted by Sections 195 and 709(b) of the Code; and

(5) any other election the Board may deem appropriate and in the best interests of the Members.

(b) No Election of Corporate Taxation. The Members acknowledge that the Board of Managers may direct the Company to make an S election to be taxed as an S corporation for federal and state tax purposes under Section 1362 of the Code (the “**S Election**”). In the event an S Election is made, each Member agrees to promptly execute any required documentation to consummate such S Election, including but not limited to Internal Revenue Service Form 2553 and an Amended and Restated Operating Agreement, if deemed necessary by the Board of Managers. In such an event, all provisions of this Agreement and the Company’s Certificate of Formation are to be construed so as to preserve the S Election. Further, if an S Election is made, any partnership tax provisions that may be set forth herein that conflict with the preservation of the S Election and taxation as an S corporation shall be deemed to be of no force and effect and shall be deemed removed without further action by the Members. In the event an S Election is made, it is the intention of the Company, the Board of Managers and the Members that, in accordance with the making of the S Election such that the Company is to be taxed as an S-corporation, there shall be only a single “Class” of Membership Units.

4.08 Partnership Representative.

(a) In General. The “Partnership Representative” of the Company pursuant to Section 6223 of the Code shall be a Person that is designated as such by the Board. Any Person who is designated “Partnership Representative” shall inform each other Member of all significant matters that may come to its attention in its capacity as “Partnership Representative” by giving notice thereof on or before the fifth (5th) business day after becoming aware thereof and, within that time, shall forward to each other Member copies of all significant written communications it may receive in that capacity. The Company shall reimburse the Partnership Representative for any reasonable, documented and out-of-pocket costs incurred representing the interests of the Members in respect of Company tax matters.

(b) Authority of the Partnership Representative. Subject to the terms and conditions hereof, for federal tax purposes, the Partnership Representative shall generally have authority to take any action that may be taken by a partnership representative under the provisions of Subchapter C of Chapter 63 of the Code, as revised by Section 1101 of the 2015 Budget Act, as such provisions may thereafter be amended and including Treasury regulations or other guidance issued thereunder.

(c) Disputes between the Partnership Representative and the Company. If a dispute arises from or relates to the actions or conduct of the Partnership Representative, and if the dispute cannot be settled first through good faith negotiations within thirty (30) days of the alleged breach, the parties agree to endeavor first to settle the dispute in accordance with the dispute resolution provisions set forth in Section 11.5 hereof.

4.09 Tax Withholding. Unless treated as a Tax Payment Loan, any amount paid by the Company for or with respect to any Member on account of any withholding tax or other tax payable with respect to the income, profits or distributions of the Company pursuant to the Code, the Treasury Regulations, or any state or local statute, regulation or ordinance requiring such payment (each a “**Withholding Tax Act**”) shall be treated as a distribution to the Member for all purposes of this Agreement. To the extent that the amount required to be remitted by the Company under a Withholding Tax Act exceeds the amount then otherwise distributable to the Member, the excess shall constitute a loan from the Company to the Member (a “**Tax Payment Loan**”). Each Tax Payment Loan shall be payable upon demand and shall bear interest, from the date that the Company makes the payment to the relevant taxing authority, at the applicable Federal short-term rate under Section 1274(d)(1) of the Code, determined and compounded semiannually. So long as any Tax Payment Loan or the interest thereon remains unpaid, the Company shall make future distributions due to the Member under this Agreement by applying the amount of any such distribution first to the payment of any unpaid interest on all Tax Payment Loans of the Member and then to the repayment of the principal of all Tax Payment Loans of the Member. The Board shall take all actions necessary to enable the Company to comply with the provisions of any Withholding Tax Act applicable to the Company and to carry out the provisions of this Subsection.

ARTICLE V – MANAGEMENT

5.01 Management by Board of Managers.

(a) Exclusive Responsibility.

(1) Subject to the provisions of this Agreement (including Section 5.01 (1) below), the management of the business and affairs of the Company shall be the sole and complete responsibility of the Board of Managers. The authority of the Board shall include, but is not limited to, the following items:

(i) At any time, and for any purpose, undertake an offering of: (A) additional Membership Units, issue additional Membership Units and/or create additional Classes of Units (or offer or issue any warrants with respect to the Company); and/or (B) any other type of equity or debt securities.

(ii) Borrow money from any source, including, without limitation, from the Members, and, if security is required therefore, to mortgage or subject to any other security device any portion of the Company’s property, to obtain replacements of any mortgage or other security device, and to prepay, in whole or in part, refinance, increase, modify, consolidate or extend any mortgage or other security device, all of the foregoing on such terms and in such amounts as the Board of Managers deems, in its sole discretion, to be in the best interest of the Company;

(iii) Acquire and enter into any contract of insurance which the Board of Managers deems necessary and proper for the protection of the Company, for the conservation of the Company’s assets, or for any purpose convenient or beneficial to the Company;

(iv) Approve all Company employment agreements, the right to hire and fire such personnel, and employ, from time to time, on behalf of the Company, individuals on such terms and for such compensation as the Board of Managers shall determine, and to enter into agreements for the transfer of Membership Units to such Persons as provided herein;

(v) Make decisions as to accounting principles and elections, whether for book or tax purposes (and such decisions may be different for each purpose) and engage an independent auditor to audit the books and records of the Company;

(vi) Set up or modify recordkeeping, billing and accounts payable accounting systems;

(vii) Open checking and savings accounts, in banks or similar financial institutions, in the name of the Company, and deposit cash in, and withdraw cash from, such accounts;

(viii) Execute, on behalf of and in the name of the Company, make, perform and carry out all types of contracts, agreements, instruments, notes, certificates, titles or other documents of any kind or nature as deemed necessary and desirable by the Board of Managers, including, without limitation, contracts, leases, other agreements with Affiliates of the Members, and amend, extend, or modify any contract, lease, or agreement at any time entered into by the Company, provided that the Board of Managers uses its best efforts to insure that all such contracts, leases, or agreements are representative of fair market value;

(ix) Require each Member to execute such documents and provide such information as is necessary or desirable to comply with the requirements of the Commonwealth of Pennsylvania and its agencies with respect to licenses or other permits or requests of the Company, and federal government and local government filings and requirements as necessary to carry out the business of the Company; and

(x) All acts necessary or desirable to carry out the business for which the Company is formed.

(2) The Company may act only by actions taken by, or under the direction of, the Board in accordance with this Agreement. A Member in his, her or its capacity as such shall not have any right, authority or power to act for or on behalf of the Company or otherwise bind the Company in any way. A Member shall not have the right to seek or obtain partition by court decree or operation of law of any Company property, or the right to own or use particular assets of the Company.

(b) Composition. The number of Managers on the Board may be set at any time by a majority vote of the Class C Units. The initial number of Managers is two (2) and the initial Managers are Peter Krajsa and Matthew Brown.

(c) Election. Each Manager shall be elected by a vote of the holders of a majority of the issued and outstanding Class C Units for a period of one (1) year.

(d) Removal. Any member of the Board of Managers may be removed from office, with or without cause, at any time by the consent of the holders of a majority of the Class C Units upon providing written notice by such Class to the Company of such termination. A successor Manager, elected by the vote of the majority of the appointing Class, shall be specified in such written notice to the Company. Any member of the Board of Managers may resign at any time by giving prior written notice to the Class C Members. In the event that any Manager ceases to serve as Manager (whether by reason of termination, resignation, removal or any other cause), thereby creating a vacancy on the Board of Managers, the Class C Members may designate a successor to fill such vacancy upon the consent of the holders of a majority of the issued and outstanding Class C Units.

(e) Regular Meetings. The Board shall establish a date, time and place for the annual meeting of the Board, which may be held without notice other than pursuant to this Section immediately after the annual meeting of Members. The Board of Managers may provide, by resolution, the time and place for the holding of additional regular meetings without notice other than pursuant to such resolution.

(f) Special Meetings. Special meetings of the Board of Managers may be called at the request of any Manager upon five (5) days written notice to other Managers (such notice may be delivered via email or other similar means of electronic communication). The time, place and purpose or purposes for such special meetings shall be stated in the notice of such meeting.

(g) Quorum. The presence of the Managers (or, as applicable, the committee members then appointed) that hold a majority of the total votes of the Board shall constitute a quorum at any meeting of the Board of Managers (or any committee thereof).

(h) Action by the Board. If there is more than one (1) Manager on the Board (or any committee thereof), then whenever an act/action is to be taken by the Board, it shall be authorized by a majority vote of the Managers (or, as applicable, the committee members then appointed) (at a meeting where a Quorum is present).

(i) Action by Consent. Any action required, or permitted to be taken, at a meeting of the Board of Managers (or any committee thereof) may be taken without a meeting, without prior notice, and without a vote, upon the consent of the Managers (or, as applicable, the committee members then appointed) who would have been entitled to cast the minimum number of votes that would be necessary to authorize the action at a meeting at which all Managers (or, as applicable, the committee members then appointed) entitled to vote thereon were present and voting. The consents shall be in writing, or in electronic form, and shall be filed with the Company.

(j) Remote Participation. The presence or participation, including voting and taking other action, at a meeting of Board of Managers (or any committee thereof), by conference,

telephone or other electronic means, including, without limitation, the internet, shall constitute the presence of, or vote or action by, the applicable Manager (or committee member).

(k) Delegation/Board Committees.

(1) The Board of Managers may delegate the right, power and authority to manage the day-to-day business, affairs, operations and activities of the Company to any officer, employee or agent of the Company, subject to the ultimate direction, control and supervision of the Board. If the Board appoints an officer of the Company with a title that is commonly used for officers of a business corporation, the assignment of such title shall constitute the delegation of the authority and duties that are normally associated with that office, subject to any specific delegation of authority and duties made by the Board. Any number of offices may be held by the same Person. The salaries and other compensation, if any, of the officers and agents of the Company shall be fixed from time to time by the Board.

(2) The Board of Managers, by resolution adopted by a majority, may designate one (1) or more Managers, or other individuals, to constitute one (1) or more committees to serve at the pleasure of the Board of Managers and to exercise the authority of the Board of Managers to the extent provided in the resolution establishing the committee and permitted by law. A committee of the Board of Managers shall not have the authority to take any action that requires the consent of the holders of Class C Units and Class D Units pursuant to Section 5.01(1) below. The parties to this Agreement acknowledge that the Board has previously established a “Finance Committee”, which among any other designated matters, has certain authority with respect to: (i) the declaration of distributions to Common Members; and (ii) setting officer compensation. For the purpose of determining the Finance Committee’s ability to set officer compensation only, the term “officers” shall be deemed to include only the Managers and the Chief Operating Officer of the Company.

(l) Limitation. Notwithstanding Subsection (a), the Board of Managers shall not without first receiving the affirmative vote of: (i) a majority of the Class C Units; and (ii) a majority of the Class D Units:

- (1) Wind up, dissolve or otherwise terminate the Company;
- (2) Engage in a merger or consolidation with or into any corporation, partnership, limited liability company or any other entity, whether or not the Company shall be the surviving entity of such merger or consolidation;
- (3) Sell all, or substantially all, of the Company’s assets to any Person;
- (4) Divide into two (2) or more limited liability companies; or
- (5) Engage in any similar business transaction.

(m) Deadlock Resolution. In the event of a “**Deadlock**” (as defined below) among the Board of Managers (if there shall be more than one Manager on the Board) or the

Members (pertaining to a decision on which they are eligible to vote), the Board or, as applicable, the Members, whichever the case may be, shall exercise their best efforts to resolve such Deadlock through non-binding mediation (such mediation shall be conducted at a mutually agreeable location (or, if the parties cannot agree on a location, the location shall be selected by the Company's regularly retained legal counsel), and the mediator shall be a neutral, experienced, mediator chosen by the Company's regularly retained legal counsel). For purposes of this Deadlock Resolution provision, "**Deadlock**" shall mean that, following a good faith effort at mediation, the Managers or the Members, whichever the case may be, remain deadlocked in the determination of a material matter, the Managers or the Members, whichever the case may be, remain unable to break the deadlock, and irreparable injury to the Company is threatened or being suffered, or the business and affairs of the Company can no longer be conducted generally because of the deadlock. If the best efforts of the Managers or the Members, whichever the case may be, to resolve a Deadlock through mediation fail, the Managers or the Members, shall refer the manner to arbitration in accordance with Section 11.5 hereof.

5.02 Non-exclusive Service. The Manager(s) need not devote services to the Company on a substantially full-time basis and need only devote so much time to the Company's activities as the Board determines to be necessary for the efficient conduct thereof.

5.03 Conflicts of Interest.

(a) Other Business Opportunities. Subject to the other express provisions of this Agreement, the Manager(s) may engage in and possess interests in other business ventures of any and every type and description, independently or with others, with no obligation to offer to the Company or any Member or Manager the right to participate therein.

(b) Interested Transactions. A contract or transaction between the Company and a Manager or between the Company and another domestic or foreign association in which a Manager has a management role or a financial or other interest, shall not be void or voidable solely for that reason, or solely because said Manager participates in the authorization of the contract or transaction, if:

(1) the material facts as to the relationship or interest and as to the transaction are disclosed or known to the other Manager(s) and the contract or transaction is authorized by the other Manager(s) (if applicable); or

(2) the contract or transaction is fair to the Company as of the time it is authorized.

5.04 Limitation of Liability. The Managers, as such, shall not be liable for the debts, obligations or liabilities of the Company except to the extent required by the Act. A Manager shall not be personally liable, as such, for monetary damages (other than under criminal statutes and under Federal, state and local laws imposing liability on managers for the payment of taxes) for any action taken, or any failure to take any action, unless the Manager's conduct constitutes self-dealing, willful misconduct or recklessness. No amendment or repeal of this Section shall apply to, or have any effect on the liability or alleged liability of, any person who is or was a Manager

of the Company for or with respect to any acts or omissions of said Manager occurring prior to the effective date of such amendment or repeal. If the Act is amended to permit a Pennsylvania limited liability company to provide greater protection from personal liability for its managers than the express terms of this Section, this Section shall be construed to provide for such greater protection.

5.05 Annual Compensation. The Managers may be entitled to an annual management fee as compensation for managing the day-to-day affairs of the Company.

5.06 Benefit Company. Each Manager shall consider the following interests and factors when discharging his or her duties under the Act and this Agreement:

- (a) The effects of any action upon:
 - (1) The Members;
 - (2) Any employees and work force of the Company;
 - (3) The interests of customers as beneficiaries of the general public benefit purposes of the Company;
 - (4) Community and societal considerations;
 - (5) The local and global environment;
 - (6) The short-term and long-term interests of the Company, including benefits that may accrue to the Company from its long-term plans and the possibility that these interests may be best served by the continued independence of the Company; and
 - (7) The ability of the Company to accomplish its general public benefit purpose; and
- (b) Any other pertinent factors or interests of any other group that they deem appropriate; but
- (c) Shall not be required to give priority to the interests of any person or group referred to in Subsections (a) or (b) over the interests of any other person or group unless the Company has stated in its Certificate its intention to give priority to certain interests related to its accomplishment of its general public benefit purpose.

5.07 Exoneration from Personal Liability/Limitation on Standing.

(a) A Manager shall not be personally liable, as such, for monetary damages for any action taken as a Manager in the course of performing the duties specified in Section 5.06 above unless the action constitutes self-dealing, willful misconduct, or a knowing violation of Law.

(b) A Manager shall not be personally liable for monetary damages for failure of the Company to pursue or create general public benefit.

(c) A Manager does not have a duty to a person that is a beneficiary of the general public benefit purpose of the Company arising from the status of the person as a beneficiary.

ARTICLE VI – MEMBERS

6.01 Limited Voting Rights of Members. Each Member shall only have those limited voting rights as specifically provided for herein or in the Act. Accordingly, except as otherwise specifically provided in this Agreement or as may be otherwise required under the Act, any decision, determination or other action to be made or taken by the Members shall be made or taken by majority vote of the holders of **Class C Units only**. Accordingly, and for the avoidance of doubt, except as otherwise provided in this Agreement or as may be otherwise be specifically required under the Act, the Class A Members, Class B Members, Class CF Members and Class CF 2.0 Members, Class D Members, Class E and Class F Members shall have no voting rights and shall not manage the business or affairs of the Company.

6.02 No Action by Members. A Member, as such, shall not take part in, or interfere in any manner with, the management, conduct or control of the business and affairs of the Company. Except as otherwise provided in the Act, the Certificate or this Agreement, whenever any action is to be taken by vote of the Members or a Class of the Members (pursuant to Section 6.01 above), it shall be authorized upon receiving the affirmative vote of a majority of the votes cast by all Members (or Class of Members) **entitled to vote thereon**. Recording the fact of abstention does not constitute casting a vote.

6.03 Meetings of Members.

(a) Quorum. A meeting of the Members shall not be organized for the transaction of business unless a quorum is present. The presence of Members entitled to cast at least a majority of the votes that all Members are entitled to cast on a particular matter to be acted upon at the meeting shall constitute a quorum for the purposes of consideration and action on the matter. The Members present at a duly organized meeting can continue to do business until adjournment notwithstanding the withdrawal of enough Members to leave less than a quorum. If a meeting cannot be organized because a quorum has not attended, the Members present may adjourn the meeting to such time and place as they may determine.

(b) Location. All meetings of the Members shall be held at the principal place of business of the Company or at such other place within or without the Commonwealth of Pennsylvania as shall be specified or fixed in the notice thereof.

(c) Adjournment. The chairman of the meeting or the Members present and entitled to vote shall have the power to adjourn a meeting from time to time, without any notice other than announcement at the meeting of the time and place at which the adjourned meeting will be held.

(d) Call of Meetings. A meeting of the Members for any proper purpose or purposes may be called at any time by the Board or by: (i) the consent of a majority of the holders of Class C Units; and, if any other Class of Units are also entitled to vote on a particular matter; then (ii) the consent of the holders of a majority of the outstanding Units of such Class shall also be required; provided the calling Person gives notice (subject to Section 6.03(e) hereof) to the Members no more than thirty (30) days or less than two (2) business days prior to such meeting. Only business within the purpose or purposes described in the notice of the meeting may be conducted at a meeting of the Members. The notice shall specify the location of the meeting.

(e) Notices. Notice of a meeting of Members shall be given to the Members either personally or by sending a copy thereof:

By: (i) email or other means of electronic communication; (ii) first-class or express mail, postage prepaid; or (iii) courier service, charges prepaid, to the postal address of each Member appearing on the books of the Company. Notice pursuant to this paragraph shall be deemed to have been given: (i) with respect to email, on the date such communication was sent, if sent during regular business hours; or (ii) when deposited in the United States mail or with the courier service.

(f) Waiver of Notice. A waiver of notice of a meeting signed by a Member entitled to the notice, whether before or after the meeting, shall be deemed equivalent to the giving of the notice. Attendance of a Member at a meeting constitutes a waiver of notice of the meeting, except where a Member attends a meeting for the express purpose of objecting to the transaction of any business on the ground that the meeting is not lawfully called or convened.

6.04 Proxies.

(a) General Rule. Every Member entitled to vote at a meeting of the Members or to express consent or dissent without a meeting may authorize another Person to act for the Member by proxy. The presence of, or vote or other action at a meeting of Members by, or the expression of consent or dissent by, a proxy of a Member shall constitute the presence of, or vote or action by, or consent or dissent of the Member.

(b) Minimum Requirements. Every proxy shall be executed by a Member or by the duly authorized attorney-in-fact of the Member and filed with the Board. An email or other electronic transmission by the Member, or a photographic, photostatic, facsimile or similar reproduction of a writing executed by the Member shall be treated as properly executed for purposes of this Section if it sets forth a confidential and unique identification number or other mark furnished by the Company to the Member for the purposes of a particular meeting or transaction.

(c) Revocation. A proxy, unless coupled with an interest, shall be revocable at will, notwithstanding any other agreement or any provision in the proxy to the contrary, but the revocation of a proxy shall not be effective until written notice thereof has been given to the Board. An unrevoked proxy shall not be valid after three (3) years from the date of its execution unless a longer time is expressly provided in the proxy. A proxy shall not be revoked by the death or

incapacity of the maker unless, before the vote is counted or the authority is exercised, written notice of the death or incapacity is given to the Board.

6.05 Conduct of Meetings. All meetings of the Members shall be presided over by the Board, a Person designated by the Board or, in the absence of the Board or a Person designated by the Board, a Person chosen by the Members present. The Person presiding at the meeting shall determine the order of business and the procedure at the meeting, including such regulation of the manner of voting and the conduct of discussion as seem to him or her in order.

6.06 Action by Consent or Remote Participation.

(a) Action by Consent. Any action required or permitted to be taken at a meeting of Members may be taken without a meeting, without prior notice, and without a vote, upon the consent of Members who would have been entitled to cast the minimum number of votes that would be necessary to authorize the action at a meeting at which all Members entitled to vote thereon were present and voting. The consents shall be in writing or in electronic form and shall be filed with the Board. An action taken by less than unanimous consent of the Members shall not become effective until after at least ten (10) days' written notice of the action has been given to each Member entitled to vote thereon who has not consented thereto.

(b) Remote Participation. The presence or participation, including voting and taking other action, at a meeting of Members, by conference telephone or other electronic means, including, without limitation, the Internet, shall constitute the presence of, or vote or action by, the Member.

6.07 Voting by Joint Holders. Where a Membership Unit is held in any form of joint or common ownership by two (2) or more Persons:

(a) if less than all of those Persons are present in person or by proxy at a meeting of the Members, the entire Membership Unit held in joint or common ownership shall be deemed to be represented at the meeting and the Company shall accept, as the vote of those Membership Units, the vote cast by a majority of those Persons present; and

(b) if the Persons are equally divided upon whether the Membership Unit held by them shall be voted or upon the manner of voting the Membership Unit, the voting of the Membership Unit shall be divided equally among the Persons without prejudice to the rights of those Persons among themselves.

6.08 No Liability of Members. The Members, as such, shall not be liable for the debts, obligations or liabilities of the Company except to the extent required by the Act.

**ARTICLE VII – INDEMNIFICATION OF MANAGERS, OFFICERS
AND OTHER AUTHORIZED REPRESENTATIVES**

7.01 Indemnification.

(a) Indemnification of Covered Persons. Except as expressly prohibited by Law, the Company shall indemnify, defend and hold harmless each Covered Person from and against any and all debts, losses, claims, damages, costs, demands, fines, judgments, contracts (implied and expressed, written and unwritten), penalties, obligations, payments, liabilities of every type and nature (whether known or unknown, fixed or contingent), including, without limitation, those arising out of any lawsuit, action or proceeding (whether brought by or on behalf of a party to this Agreement or by any third party), together with any reasonable costs and expenses (including, without limitation, reasonable attorneys' fees, out-of-pocket expenses and other reasonable costs and expenses incurred in investigating, preparing or defending any pending or threatened lawsuit, action or proceeding) incurred in connection with the foregoing (collectively “**Damages**”) suffered or sustained by such Covered Person by reason of any act, omission or alleged act or omission by such Covered Person arising out of such Covered Person’s activities taken primarily on behalf of the Company, or at the request or with the approval of the Company, or primarily in furtherance of the interests of the Company. Notwithstanding the foregoing, indemnification shall not be available under this Section where the acts, omissions or alleged acts or omissions upon which an actual or threatened action, proceeding or claim is based constituted willful misconduct or recklessness.

(b) Indemnification Procedure. The procedure under which indemnification shall be provided under this Section shall be as follows:

(1) A party seeking indemnification from the Company pursuant to Subsection (a) (an “**Indemnified Party**”) shall give prompt notice to the Company of the assertion of any claim, including any claim brought by a third party, in respect of which indemnity may be sought (a “**Claim**”) and shall give the Company such information with respect thereto as the Company may reasonably request, but no failure to give such notice shall relieve the Company of any liability hereunder except to the extent the Company has suffered actual prejudice thereby.

(2) Except as provided in Section 7.01(b)(3), the Company shall have the right, exercisable by written notice (the “**Notice**”) to the Indemnified Party (which Notice shall state that the Company expressly agrees that as between the Company and the Indemnified Party, the Company shall be solely obligated to satisfy and discharge the Claim) within thirty (30) days of receipt of notice from the Indemnified Party of the commencement of or assertion of any Claim, to assume the defense of the Claim, using counsel selected by the Company and reasonably acceptable to the Indemnified Party. If the Company fails to give the Indemnified Party the Notice within the stated time period, the Indemnified Party shall have the right to assume control of the defense of the Claim and all Damages in connection therewith shall be reimbursed by the Company upon demand of the Indemnified Party.

(3) The Company shall not have the right to assume the defense of a Claim:

(i) seeking an injunction, restraining order, declaratory relief or other non-monetary relief against the Indemnified Party (whether or not the Company is also named as a party); or

(ii) if the named parties to the action (including any impleaded parties) include both the Indemnified Party and the Company and the Indemnified Party has been advised by counsel that there are one or more legal or equitable defenses available to the Indemnified Party that are different from those available to the Company.

(4) A party defending a Claim shall not have the right to compromise or settle any claim for non-monetary relief against any other party without the other party's consent. A party defending a Claim shall not have the right to compromise or settle any claim for monetary relief against any other party without the other party's consent unless the monetary relief is paid in full by the settling party. A party shall not unreasonably withhold or deny his, her or its consent under this subsection, but an Indemnified Party shall not be required to consent to a compromise or settlement of a Claim, if in the reasonable judgment of the Indemnified Party, the compromise or settlement would have a continuing material adverse effect on the Indemnified Party's business (including any material impairment of its relationships with customers and suppliers).

(5) If at any time after the Company assumes the defense of a Claim, the situation changes such that the Company would not be able to assume the defense of the Claim under Subsection (3) above if the Claim were newly filed at that time, the Indemnified Party shall have the same rights as if the Company never assumed the defense of the Claim.

(6) The Company or the Indemnified Party, as the case may be, shall always have the right to participate, at its own expense, in the defense of any Claim that the other is defending.

(7) Whether or not the Company chooses to defend or prosecute a Claim involving a third party, the Company and the Indemnified Party shall cooperate in the defense or prosecution thereof and shall furnish such records, information and testimony, and attend such conferences, discovery proceedings, hearings, trials and appeals as may be reasonably requested in connection therewith.

(c) Right to Advancement of Expenses. Except as expressly prohibited by law, expenses (including legal fees) incurred by a Covered Person in defending any claim, demand, action, suit or proceeding shall, from time to time, be advanced by the Company prior to the final disposition of such claim, demand, action, suit or proceeding upon receipt by the Company of an undertaking by, or on behalf of, the Covered Person to repay such amount if it shall be determined that the Covered Person is not entitled to be indemnified as authorized in Section 7.01(a).

(d) Insurance. The Company may purchase and maintain insurance, to the extent and in such amounts as the Board shall deem reasonable, on behalf of Covered Persons and such other Persons as the Board shall determine, against any liability that may be asserted against or expenses that may be incurred by any such Person in connection with the activities of the Company or such indemnities, regardless of whether the Company would have the power to indemnify such Person against such liability under the provisions of this Agreement. The Company may enter into indemnity contracts with Covered Persons and such other Persons as the Board shall determine and adopt written procedures pursuant to which arrangements are made for the

advancement of expenses and the funding of obligations under this Section 7.01 and containing such other procedures regarding indemnification as are appropriate.

(e) Non-Exclusivity of Rights. The rights conferred on any person by this Section 7.01 shall not be exclusive of any other rights which such person may have or hereafter acquire under any statute, provision of the Certificate, this Agreement, vote of the Board or the Members or otherwise.

(f) Amendment or Repeal. Any repeal or modification of this Section 7.01 shall not adversely affect any right or protection hereunder of any person in respect of any act or omission occurring prior to the time of such repeal or modification.

(g) Changes in Law. References in this Section 7.01 to law shall be to such law as it existed on the date this Agreement was executed or as such law thereafter may be changed, except that:

(1) in the case of any change that limits the indemnification rights or the rights to advancement of expenses that the Company may provide, the rights to indemnification and to the advancement of expenses provided in this Section 7.01 shall continue as theretofore agreed upon to the extent permitted by law; and

(2) if the change permits the Company without the requirement of any further action by the Board to provide broader indemnification rights or rights to the advancement of expenses than the Company was permitted to provide prior to the change, then the rights to indemnification and the advancement of expenses shall be so broadened to the extent permitted by law.

(h) Applicability. The provisions of this Section 7.01 shall be applicable to all actions, suits or proceedings commenced after its adoption, whether such arise out of acts or omissions which occurred prior or subsequent to such adoption and shall continue as to a person who has ceased to be a Covered Person, and shall inure to the benefit of the heirs and personal or legal representatives of such person.

ARTICLE VIII – BOOKS, RECORDS, REPORTS, AND BANK ACCOUNTS

8.01 Maintenance of Books.

(a) Financial Records. The Company shall keep books and records of accounts, which shall be maintained on an accrual basis, or such other method as is required for Federal income tax purposes, in accordance with the terms of this Agreement, except that the Capital Accounts of the Members shall be maintained in accordance with Section 4.02.

(b) Company Records. In addition to the financial records required to be maintained under Subsection (a), the Company shall keep the following records:

- (1) A list setting forth the full name and last known mailing address of each Member and Manager.
- (2) A copy of the Certificate and all amendments thereto.
- (3) Copies of all of the Company's Federal, state and local income tax returns and annual financial statements.
- (4) Copies of the currently effective this Agreement, and all amendments thereto, and copies of any operating agreements no longer in effect.
- (5) Minutes of the permitted proceedings of the Members, if any.

8.02 Reports.

(a) In General. The Board shall be responsible for the preparation of financial reports of the Company and for the coordination of the financial matters of the Company with the Company's certified public accountants. The financial statements described in Subsections (b) and (c) shall be prepared in accordance with accounting principles generally employed when financial records are kept on an accrual basis. The Company shall bear the costs of preparing the reports required by Subsections (b) and (c).

(b) Annual Reports. On or before the one hundred twentieth (120th) day following the end of each fiscal year of the Company, the Board shall cause each Member to be furnished with unaudited financial statements of the Company prepared by the Company's regularly retained accountant.

(c) Annual Benefit Reports. Together with the annual reports described in Subsection (b) hereof, the Managers shall cause each Member to be furnished with an annual benefit report, including:

(1) A narrative description of: (i) the ways the Company pursued general public benefit during the year and the extent to which general public benefit was created; (ii) any circumstances that have hindered the creation by the Company of general public benefit; and (iii) the process and rationale for selecting or changing the third-party standard used to prepare the benefit report;

(2) An assessment of the overall social and environmental performance of the Company against a third-party standard applied consistently with any application of that standard in prior benefit reports or accompanied by an explanation of the reasons for any inconsistent application. The assessment does not need to be audited or certified by a third-party standards provider; and

(3) A statement of any connection between the organization that established the third-party standard, or its directors, officers or any holder of five percent (5%) or more of the governance interests in the organization, and the Company or its Members, Managers,

officers or any holder of five percent (5%) or more of the outstanding interests in the Company, including any financial or governance relationship which might materially affect the credibility of the use of the third-party standard.

The Managers shall cause the annual benefit reports to be posted on the Company's internet website, except that any financial or proprietary information may be omitted from the benefit report posted. Concurrently with the delivery of the benefit report to the Members, the Managers shall cause a copy of the benefit report to be delivered to the Department of State for filing, except that any financial or proprietary information may be omitted from the benefit report as filed.

(d) Other Reports. The Manager(s) also may cause to be prepared or delivered such other reports as the Manager(s) may deem appropriate.

8.03 Financial Accounts. The Board shall establish and maintain one (1) or more separate bank and investment accounts in the Company name with financial institutions and firms as determined by the Board.

ARTICLE IX – DISSOLUTION, LIQUIDATION, AND TERMINATION

9.01 Dissolution. The Company shall dissolve, and its affairs shall be wound up, upon the first to occur of the following:

(a) The affirmative vote, consent or agreement of the Board and the Members holding at least: (i) a majority of the outstanding Common Units (voting as a single Class); and (ii) a majority of the outstanding Preferred Units (voting as a single Class); or

(b) The entry of an order of judicial dissolution of the Company under Section 8972 of the Act.

9.02 Liquidation and Termination.

(a) Procedure. Upon dissolution of the Company, the Board shall act as liquidator or may appoint one (1) or more representatives or Members as liquidator. The liquidator shall proceed diligently to wind up the affairs of the Company and make final distributions as provided herein and in the Act. The costs of liquidation shall be borne as a Company expense. Until final distribution, the liquidator shall continue to operate the Company properties with all of the power and authority of the Board. The Board, in its commercially reasonable discretion, shall have the authority to interpret and apply the terms of this Section 9.02. The steps to be accomplished by the liquidator are as follows:

(1) As promptly as possible after dissolution and again after final liquidation, the liquidator shall cause a proper accounting to be made by a recognized firm of certified public accountants of the Company's assets, liabilities, and operations through the last day of the calendar month in which the dissolution occurs or the final liquidation is completed, as applicable;

(2) The liquidator shall first pay, satisfy or discharge from Company funds all of the debts, liabilities and obligations of the Company to its creditors (including, without limitation, all expenses incurred in liquidation and any advances described in Section 4.10) or otherwise make adequate provision for payment and discharge thereof (including, without limitation, the establishment of a cash escrow fund for contingent liabilities in such amount and for such term as the liquidator may reasonably determine), all in accordance with the provisions of the Act as may be applicable;

(3) Subject to the terms hereof, after all of the payments required by Subparagraphs (1) and (2) above have been made, any remaining assets of the Company shall first be distributed to the Preferred Members as follows in the following order (the respective liquidation preferences of each Class of Unit set forth in this Section 9.02(a)(3) and in Section 9.02(a)(4) below are collectively referred to herein as the “**Liquidation Preferences**”):

(i) The Company shall first distribute to the Class A Members and the Class A-1 Members (pro-rata) an amount equal to, as applicable, their respective: (A) Class A Original Issue Price of their respective Class A Units (and, if applicable, any accrued but unpaid Class A Distribution Payments and Withheld Class A Distribution Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class A Bonus Payments); and (B) Class A-1 Original Issue Price of their respective Class A-1 Units (and, if applicable, any accrued but unpaid Class A-1 Distribution Payments and Withheld Class A-1 Distribution Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class A-1 Bonus Payments)

(ii) Following such payment(s) to the Class A Members, the Company shall then distribute to the Class B Members an amount equal to the Class B Remaining Unpaid Amount of their respective Class B Units (and, if applicable, any accrued but unpaid Class B Distribution Payments and Withheld Class B Redemption Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class B Bonus Payments);

(iii) Following such payment to the Class B Members, the Company shall then distribute to the Class E Members an amount equal to the unpaid portion of their respective Class E Original Issue Price of their respective Class E Units (and, if applicable, any accrued but unpaid Class E Distribution Payments, Withheld Class E Distribution Payments (together with any interest accrued thereon) and any Withheld Class E Redemption Payments (together with any interest accrued thereon) and/or any otherwise unpaid portions of any applicable Class E Bonus Payments);

(iv) Following such payment to the Class E Members, the Company shall then distribute to each Class CF Member an amount equal to: (A) the remaining accrued, but unpaid, Class CF Distribution Payments and Withheld Class CF Distribution Payments (together with any interest accrued thereon); and (B) any unpaid portion of the respective Class CF Original Issue Price associated with their Class CF Units;

(v) Following such payment to the Class CF Members and Class CF 2.0 Members, the Company shall then distribute to each Class F Member an amount equal to: (A) the remaining accrued, but unpaid, Class F Distribution Payments and Withheld Class F Distribution Payments (together with any interest accrued thereon); and (B) any unpaid portion of the respective Class F Original Issue Price associated with their Class F Units;

(vi) Following such payment to the Class F Members, the Company shall then distribute to each Class CF 2.0 an amount equal to: (A) the remaining accrued, but unpaid, Class CF 2.0 Distribution Payments and Withheld Class CF 2.0 Distribution Payments (together with any interest accrued thereon); and (B) any unpaid portion of the respective Class CF 2.0 Original Issue Price associated with their Class CF 2.0 Units; and

(vii) Notwithstanding anything to the contrary provided herein, any sums received by the Company on account of the KEEP Home Energy Loans shall be exclusively applied (prior to using such funds to make any other liquidation payments to Members pursuant to this Section 9.02(a)(3)) to fund distributions to QNB on account of the Class KEEP QNB Units until such time as all KEEP Home Energy Loans are paid in full or otherwise charged off and QNB has been paid an amount equal to any accrued, but unpaid, Class KEEP QNB Distribution Payments and any Withheld Class KEEP QNB Distribution Payments (together with any interest accrued thereon).

(4) After all of the payments required by Subparagraphs (1), (2) and (3) have been made, any remaining assets of the Company shall be distributed to the Common Members as follows:

(i) The liquidator may sell any or all Company property, including to Members, and any resulting gain or loss from each sale shall be computed and allocated to the Capital Accounts of the Common Members;

(ii) With respect to all Company property that has not been sold, the fair market value of that property shall be determined and the Capital Accounts of the Common Members shall be adjusted to reflect the manner in which the unrealized income, gain, loss, and deduction inherent in property that has not been reflected in the Capital Accounts previously would be allocated among the Common Members if there were a taxable disposition of that property for the fair market value of that property on the date of distribution;

(iii) After completion of the steps in Subparagraphs (i) and (ii), the remaining assets shall be distributed to the Common Members in an amount equal to the credit balance in each of their Capital Accounts, after giving effect to all contributions, distributions and allocations for all periods; and

(iv) The remaining assets shall be distributed to the Common Members in accordance with their respective Percentage Interests.

(b) Distributions. All distributions in kind to the Members shall be made subject to the liability of each distributee for costs, expenses, and liabilities relating to the assets

distributed in kind theretofore incurred or for which the Company has committed prior to the date of termination and those costs, expenses, and liabilities shall be allocated to the distributees pursuant to this Section. The distribution of cash and/or property to a Member in accordance with the provisions of this Section constitutes a complete return to the Member of his, her or its Capital Contributions and a complete distribution to the Member of his, her or its Membership Unit in all the Company's property. To the extent that a Member returns funds to the Company, he, she or it has no claim against any other Member for those funds.

9.03. Deficit Capital Accounts. Notwithstanding anything to the contrary contained in this Agreement, and notwithstanding any custom or rule of law to the contrary, to the extent that the deficit, if any, in the Capital Account of any Member results from or is attributable to deductions and losses of the Company (including non-cash items such as depreciation), or distributions of money pursuant to this Agreement to all Members in proportion to their respective Percentage Interests, upon dissolution of the Company, such deficit shall not be an asset of the Company and such Members shall not be obligated to contribute such amount to the Company to bring the balance of such Member's Capital Account to zero.

9.04. Certificate of Dissolution. Upon completion of the liquidation of Company assets as provided herein, the Company is terminated, and the Board (or such other Person or Persons as the Act may require or permit) shall file a Certificate of Dissolution with the Department of State of the Commonwealth of Pennsylvania and take such other actions as may be necessary to terminate the existence of the Company.

9.05 Inadvertent Termination. The Company shall not be dissolved upon the occurrence of an event under Sections 8971(a)(3) or 8971(a)(4) of the Act. The transfer of a Member's Membership Unit in the Company shall not inadvertently cause a termination of the Company for federal income tax purposes under Code Section 708(b)(1) because there has been a sale or exchange of fifty (50%) percent or more of the total interests in the Company's capital and profits within a twelve (12) month period.

ARTICLE X – RESTRICTIVE COVENANTS

10.01 Non-Competition Provisions.

(a) Each Employee Member agrees that during the longer of: (i) the period of time during which a Member holds any Membership Units in the Company and for one (1) year after a Member no longer holds any Membership Units in the Company; or (ii) during the term of a Member's employment as an employee of Company and for one (1) year after the termination of said Member's employment with the Company for any reason (whether such termination is voluntary or involuntary), said Employee Member agrees that said Employee Member shall not:

(i) As a proprietor, partner, investor or member, co-venturer, or otherwise own, directly or indirectly, greater than a twenty-five percent (25%) ownership interest in any Person that acts as a direct lender that is engaged in the business of commercial or residential energy efficient lending during any of the aforementioned time periods set forth in Section 10.01(a) above;

(ii) Knowingly canvass, solicit or accept, directly or indirectly, for Member's own behalf or on behalf of any other person(s), any customer of the Company or prospective customer that Company is actively soliciting, for the purpose of selling, marketing or distributing any product or service competitive with any product or service then offered by Company;

(iii) Directly or indirectly solicit, recruit, employ, hire or cause to be hired by an entity other than Company, any of Company's other employees, or induce such employees to terminate their employment with Company; or

(iv) Otherwise interfere with, solicit, or disrupt the relationship, contractual or otherwise, between Company and its customers, suppliers, agents, consultants, officers or employees.

(b) [Intentionally Omitted]

(c) Each Employee Member recognizes and agrees that:

(i) Said Employee Member has contemporaneously received valuable consideration in exchange for the limitations set forth herein (including, but not limited to, the benefits derived pursuant to this Agreement);

(ii) Said Employee Member has sufficient skills and assets such that the limitations upon his or her activity for the time period and within the geographic region shall not prevent him or her from earning a living during: the period during which said Employee Member owns any Membership Units in the Company; the restrictive one (1) year period after said Employee Member no longer owns any Membership Units in the Company; and/or the one (1) year restrictive period subsequent to said Employee Member's termination of employment with the Company;

(iii) The limitations set forth herein are reasonable and necessary for the protection of legitimate interests of the Company. However, in the event that any of the provisions of this section should be determined to exceed the time, geographical or occupational limitations permitted by applicable law, then such provisions shall be and are hereby reformed to the maximum time, geographical or occupational limitations permitted by applicable law;

(iv) Breach by the Employee Member of any of the covenants set forth in this Section 10.01 would cause irreparable harm to the Company, that the Company's remedies in the event of such breach would be inadequate and that accordingly, in the event of such breach a restraining order or injunction or both may be issued against the Employee Member, in addition to any other rights and remedies which are available to the Company, without the necessity for the posting of a bond by the Company. In the event that the Employee Member is found to have breached this Section 10.01, the Employee Member shall also be liable for any reasonable legal fees and other costs and expenses incurred by the Company in enforcing its rights under this Section 10.01;

(v) In the event that the Employee Member is found in breach or violation of the restrictive covenant set forth herein, the period of restrictive covenant shall be extended by a time period equivalent to the time period during which the Employee Member was in breach or violation of same; and

(vi) All parties agree that the terms of this Section 10.01 shall survive the termination of this Agreement.

10.02 Proprietary Information and Confidentiality.

(a) Proprietary Information. “**Proprietary Information**” is defined for purposes of this Agreement as consisting of, but not limited to: information, materials or records which relate to: (i) the Company’s past, present or future Business operations, services, research, development, improvements, inventions, processes, techniques, distributors or suppliers, client and client prospect information, contractor lists and/or databases (including any lists or databases regarding loan investors/capital producers) costs of providing services, price lists, fee schedules, contract information or other compilations for marketing or development; (ii) administrative, management, financial, sales, marketing or manufacturing activities of the Company or of a third party which provided proprietary information to the Company on a confidential basis. “Client and client prospect information” shall include the name, title and position of contact persons, rates, contract terms and conditions, needs, preferences, concerns, corporate personality and other information that is useful in obtaining and maintaining the client’s repeat business and goodwill. All such information, including any materials, software or documents containing such information, even if such information should be determined not entitled to protection as a trade secret of Company, shall be considered by Company as proprietary and confidential.

(b) Confidentiality. The Members agree to preserve, and protect, the confidentiality of the Proprietary Information and all physical forms thereof, whether disclosed to the Members before this Agreement is signed or afterward. In addition, the Members shall not: (i) disclose or disseminate the Proprietary Information to any third party who does not have a legitimate business need to know; (ii) copy, transmit, reproduce, or remove Proprietary Information from the Company’s premises without a valid business purpose; or (iii) use Proprietary Information for the benefit of any Member or for the benefit of any third party.

(c) Ownership of Proprietary Information.

(1) The Members acknowledge and agree that all Proprietary Information is the property of the Company. Each Member agrees to deliver to the Company all documents and other tangible items containing Proprietary Information immediately upon such time as the Member no longer owns a Membership Unit in the Company; provided, however, such Member may retain copies that are reasonably required to retain for tax purposes, and any copies of records or documents that establish or directly relate to rights, claims or defenses such Member may have with respect to the Company, the Remaining Members and/or third parties.

(2) The Members understand and agree that all clients of the Company and client prospects of the Company are and/or will be and remain clients and client prospects of

the Company, and all revenue generated by any such clients from services of a type provided by the Company shall inure to the exclusive benefit of the Company. No Member shall have any rights in or to any clients or client prospects of the Company upon such time as he or she no longer owns a Membership Unit in the Company.

ARTICLE XI – GENERAL PROVISIONS

11.1 Notices.

(a) To the Members. Any notice required to be given to a Member under the provisions of this Agreement or by the Act shall be given either personally or by sending a copy thereof:

(1) By first-class or express mail, postage prepaid, or courier service, charges prepaid, to the postal address of the Member appearing on the books of the Company. Notice pursuant to this paragraph shall be deemed to have been given to the Member when deposited in the United States mail or with a courier service for delivery to the Member.

(2) By facsimile transmission, e-mail or other electronic communication to the Member's facsimile number or address for e-mail or other electronic communications supplied by the Member to the Company for the purpose of notice. Notice pursuant to this paragraph shall be deemed to have been given to the Member when sent.

(b) To the Board or the Company. Any notice to the Company or the Board must be given to the following address: 1005 Brookside Road, Suite 200, Allentown, PA 18106, or at such other address provided by the Board.

11.2 Effect of Waiver or Consent. A waiver or consent, express or implied, to or of any breach or default by any Person in the performance by that Person of his, her or its obligations with respect to the Company is not a consent or waiver to or of any other breach or default in the performance by that Person of the same or any other obligations of that Person with respect to the Company. Failure on the part of a Person to contest of any act of any Person or to declare any Person in default with respect to the Company, irrespective of how long that failure continues, does not constitute a waiver by that Person of his, her or its rights with respect to that default until the period of the applicable statute of limitations has run.

11.3 Amendment. This Agreement or the Certificate may be amended from time to time only with the approval of the Board and the affirmative vote of the Members holding at least: (a) a majority of the issued and outstanding Class C Units; and (b) if any such amendment disproportionately affects the rights or obligations of any other Class of Units (an "**Affected Class**") then the affirmative consent of a majority of the outstanding Units in each such Affected Class shall also be required. Notwithstanding the foregoing, the Board may make certain "technical" amendments to this Agreement to: (i) reflect a redemption, issuance or other transfer of Units; (ii) to correct any typographic errors or to further clarify and/or interpret certain provisions of this Agreement (in the Board's commercially reasonable discretion); or (iii) to

comply with changes to the Code or other Federal requirements, so long as such amendment does not affect specific rights or obligations of specific Classes of Members.

11.4 Binding Effect and Rights of Third Parties. This Agreement has been adopted to govern the operation of the Company, and shall be binding on, and inure to, the benefit of the Members and their respective heirs, personal representatives, successors and assigns. This Agreement is expressly not intended for the benefit of any creditor of the Company or any other Person, except a Person entitled to indemnification, contribution or advancement of expenses under Article VII. Except and only to the extent provided by applicable statute no such creditor or other Person shall have any rights under this Agreement.

11.5 Arbitration. Except for actions for specific performance or injunctive relief (as may be available with respect to breaches of Article X hereof) or as otherwise provided in this Agreement (including, but not limited to, any mediation required under Section 5.01(m)), the parties hereto shall have the right to demand that any controversy or claim arising out of, or related to, this Agreement, or any documents or instruments executed pursuant to its provisions, or the breach thereof, shall be settled by confidential arbitration utilizing a single private arbitrator in accordance with the then current rules of the American Arbitration Association, and judgment upon the award rendered by the arbitrator shall be final, binding and may be entered in any court having jurisdiction thereof. The parties hereby consent to the holding of arbitration in Lehigh County, Pennsylvania, and consent to the jurisdiction of the courts of the Commonwealth of Pennsylvania for the enforcement of these provisions and the entry of judgment on any award rendered hereunder. Should the chosen court of the Commonwealth of Pennsylvania for any reason lack jurisdiction, any court with jurisdiction shall enforce this provision and enter judgment on any award.

11.6 Governing Law. This Agreement shall be governed by and interpreted and enforced in accordance with, the substantive laws of the Commonwealth of Pennsylvania (including, without limitation, provisions concerning limitations of actions), without reference to the conflicts of laws rules of that or any other jurisdiction, except that Federal laws shall also apply to the extent relevant. Subject to Section 11.5 above, any legal suit, action or proceeding arising out of or relating to this Agreement shall be instituted in the federal or state courts of the Commonwealth of Pennsylvania (Lehigh County), and each party irrevocably submits to the exclusive jurisdiction of such courts in any such suit, action or proceeding.

11.7 Severability. If any provision of this Agreement or the application thereof to any Person or circumstance is held invalid or unenforceable to any extent, the remainder of this Agreement and the application of that provision to other Persons or circumstances shall not be affected thereby and that provision shall be enforced to the greatest extent permitted by law.

11.8 Expenses. Any Member who breaches this Agreement, or fails to honor the commitments contained herein, will be liable for all expenses, including costs and reasonable attorneys' fees and accountants' fees, incurred by the Company, the Manager or any other Member(s) to enforce this Agreement regardless of the outcome of the matter.

11.9 Execution in counterparts. This Agreement may be executed in any number of counterparts, each of which shall be deemed to be an original as against any party whose signature appears thereon, and all of which shall together constitute one and the same instrument.

11.10 Entire Agreement. This Agreement constitutes the entire agreement among the Members with respect to the subject matter hereof and supersedes all prior agreements, express or implied, oral or written, with respect thereto (including, but not limited to, the Existing Agreement). The express terms of this Agreement control and supersede any course of performance or usage of trade inconsistent with any of the terms hereof.
