FUNDRAISE

Acropolis Games was envisioned as a place for people of all interested to meet and play games. It has evolved into something far greater! Acropolis was always meant to be a safe and inclusive environment where people could gather and feel included. The community has really embraced this concept and has made Acropolis their own.

Ever since Acropolis opened in May 2015 the various communities have shown continued growth and that promises to continue with an improved location in downtown Adrian. We believe that our increased visibility in the community will lead to more foot traffic and thus more immersion into our community.
