Walnut, CA 91789

We have reviewed the accompanying balance sheet of Crowdera Inc as of December 31, 2018, and the related statements of income, retained earnings, and cash flows for the year then ended. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. Accordingly, we do not express such an opinion.

Accountant's Responsibility

Our responsibility is to conduct the review in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our report.

Accountant's Conclusion

Based on our review, **we are not aware of any material modifications** that should be made to the accompanying financial statements in order for them to be in accordance with [the applicable financial reporting framework].

Equipment and Assets

The Company capitalizes long-lived assets with an original purchase price of \$75000 or more. Depreciation is calculated on a straight-line basis over management's estimate of the asset's useful life, less a nominal amount to account for estimated salvage value.

Cost of Sales

Cost of Sales includes costs of inventory items and other supplies sold to the Company's customers.
