

**Barrel Head Brewhouse in San Francisco**

Barrel Head's arrival in Nopa was a long-awaited event...so long awaited that we worried it wouldn't live up to expectations. Instead, it surpassed them — Barrel Head's massive space is home to a stunning selection of draft beers; four house brew ranging from a persimmon-laced saison to a bourbon barrel-aged porter; an impressive selection of cocktails; and a mouthwatering menu of creative comfort food. Oh, they do brunch too, should you want to get your beer on early in the day (we know we do).

**Number of beers on tap:** 30

**What to eat:** Poutine, crispy Brussels salad, burger.
