THE COMPANY AND ITS BUSINESS

The company's business

Description of Rhino Hide Business

Rhino Hide is a new category of product made from a two-part composite-reinforced-liquid that can be poured into small holes at the top of any standard wall. The wall is filled, and the liquid chemically cures in a few hours to a hard consistency. The composites contained in this new patented product make the walls or structures it is filled with, impervious to projectiles from small arms fire or projectiles from extreme weather such as hurricanes or tornadoes.

Currently we have developed a working product, prototyped the filler and successfully tested it. We have also written and submitted a provisional patent developed a website, and created various media content items such as video and images.

Rhino Hide:

- Allows students and teachers to shelter in place
- Can be installed in existing walls and structures

- Takes only hours to install, not weeks like other bulletproof products
- Can be installed at a fraction of the cost of other options
- Improves the buildings resistance to severe storms and fire
- Serves to dampen sound from adjacent rooms

How does Rhino Hide work?

When a bullet is fired into a wall it first impacts the exterior sheet-rock layer. This causes the bullet tip to mushroom, which increases the frontal size of the projectile. As it passes into the **Rhino Hide** layer the high tensile strength fibers resist tearing or puncturing much like the fibers in a bulletproof vest. As the bullet travels forward, the **Rhino Hide** material slows the projectile and spreads the energy like ripple from a stone in water. The wave of energy distributes the energy throughout the wall and stops the bullet.

The **Rhino Hide** Company will be releasing this new product in stages as part of a strategic plan for sustainable growth. Schools are the intended primary market but initially the **Rhino Hide** company will need sales into alternative markets such as home security. Targeting smaller markets, in the private sector, will allow for a more manageable growth and provide us with experience and time to acquire required certifications.

Supply Chain

The Rhino Hide product will be mixed and packaged by a custom chemical blending company until sales are large enough to justify the cost to set up mixing facilities. Customers will make and pay for orders upfront, with a minimum order size and lead-time. Once an order comes in, an order is placed with the mixing company. The mixing company will drop ship the product directly to the end customer. The Rhino Hide product has a limited shelf life. Drop shipping direct from the blender will eliminate cash flow issues and increase the customers time to use the product.

Competition

The Rhino Hide bulletproof wall filler product is the first of its kind. Currently, there are no other products that can be used to make an existing wall bulletproof by filling the internal void. There are a multitude of companies that can provide bulletproof walls by other means. These options require the dismantling and reconstruction of the walls, or require the addition of exterior layers of concrete or paneling. The alternate processes are expensive and time consuming. We intend to partner with the security companies that provide this sort of custom construction services to their customers. Since our product is less expensive and much easier to install we expect that these security companies will become part of our sales force and therefore not be competitors at all.

Jason Giddings

Jason Giddings is Founder and Chief Executive Officer of Giddings Product Development, Inteliscope LLC. An aerospace engineer and a lifelong entrepreneur and inventor, Jason observed that many smaller custom product-based businesses could not afford to build up their own product development teams capable of professional-level industrial design. As a result, he founded Giddings Product Development in 2005. In 2007, services were expanded to include production tooling and manufacturing. In 2010, capabilities were further increased by the addition of printed circuit board design as well as software and firmware development. In 2013, he formed Inteliscope LLC, in an endeavor to create and manufacture a smartphone mount that turns your iPhone or Android into a low cost thermal scope for rifles and archery. RISK FACTORS

These are the principal risks that related to the company and its business:

- **Our patents and other intellectual property could be found to be unenforceable or ineffective.** One of the Company's most valuable assets is its intellectual property. We currently hold 1 provisional patent, as well as current and future trademarks, copyrights, Internet domain names, and trade secrets. We believe the most valuable component of our intellectual property portfolio is our patents and that much of the Company's current value depends on the strength of these patents. The Company intends to continue to file additional patent applications and build its intellectual property portfolio as we discover new technologies related to Bulletproof wall fillers and other security products.
- **There are other potential competitors who are better positioned than we are to take the majority of the market** We will compete with larger, established companies who will see this product category and the opportunity it presents. They have much better financial means and marketing/sales and human

resources than us. They may find a way to circumvent our intellectual property and succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will not render our technology or products obsolete or that the Rhino Hide product developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that that competition will intensify.

- **This is a new company.** It has no history, no clients, no revenues. If you are investing in this company, it's because you think the Rhino Hide product is a good idea, and that Rhino Hide will be able to secure the intellectual property rights to the wall filler product, that we will be able to successfully market, manufacture and sell the Rhino Hide product, that we can price it right and sell it to enough people so that the company will succeed. We have yet to sell any product and we plan to market it such that it that has no commercial contemporaries. Further, we have never turned a profit and there is no assurance that we will ever be profitable
- **Even if we raise the maximum sought in this offering, we may need to raise more funds in order to be able to start manufacturing operations.** We estimate that we will require at least \$100,000 to commence commercial production of the Rhino Hide wall filler product. We believe that we will be able to finance the commercial production of the this product through pre-payment of orders. If we are unable to do so we may need to raise money from bank loans, future sales of securities or some combination thereof.
- **The Company may never receive a future equity.** The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.
- **Our financial review includes a going concern note** The ability to continue as a going concern for the next twelve months is dependent upon our ability to generate sufficient cash flows from operations to meet our obligations, and/or to obtain additional capital financing from our members and/or third parties. No assurance can be given that we will be successful in these efforts. These factors, among others, raise substantial doubt about our ability to continue as a going concern for a reasonable period of time.
- **Any valuation at this stage is speculation.** The value of the company was not established using a formal appraisal, but with what we believe to be the fair market value, based on the estimated value of the limited assets such as product design, prototypes, web assets, business planning and expertise of the founder and team in bringing products and services to the marketplace.
- **Our business projections are only estimates** There can be no assurance that the

company will meet those projections. There can be no assurance that the company (and you) will make money. If there is sufficient demand for the Rhino Hide product, people think its a better option than the competition, and Rhino Hide has priced the product at a level that allows the company to make a profit and still attract business.

- **Previous Regulation Crowdfunding** Jason Giddings has previously performed a Regulation Crowdfunding offering under the issuer ScreenDoor GreenHouse LLC, which did not meet its offering minimum and therefor had no funds closed on.

What it means to be a Minority Holder

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Board Of Directors, and the Investor will have no independent right to name or remove an officer or member of the Board Of Directors of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Dilution

Additional issuances of securities

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities

The Company may have authority to repurchase its securities from shareholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and

create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer

As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company and the Board of Directors of the Company to manage the Company so as to maximize value for shareholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the Board of Directors of the Company. If the Board Of Directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties

The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and Board of Directors of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

FINANCIAL STATEMENTS AND FINANCIAL CONDITION; MATERIAL INDEBTEDNESS

Financial Statements

Our financial statements can be found attached to this document. The financial review covers the period ending in 2018-06-14.

Financial Condition

Results of Operation

Rhino Hide is a new company and does not have an operating history.

Overview

Rhino Hide designs, manufactures, and sells security products. Our flagship product is a two-part composite liquid that is poured into walls and other cavities to provide resistance to projectiles from firearms and severe storms.

Rhino Hide:

- Allows people endangered by projectiles to shelter in place
- Can be installed in existing walls and structures
- Can be installed in a relatively short time, as compared to other bulletproof options
- Can be installed at a fraction of the cost of other options
- Improves the buildings resistance to severe storms
- Serves to dampen sound from adjacent rooms

Previous and Future Sales

Rhino Hide has not yet generated any revenues and does not anticipate doing so until we have completed the final steps of product development, and distribution center set-up, which we do not anticipate occurring until the 5th month after the end of the first funding round. Based on our forecast, with the liquidity of the anticipated full raise amount, we anticipate that we can operate the business for 12 months without further revenue generation.

Financial Milestones

Milestone 1

Our minimum investment goal of \$10,000 is intended to allow us to more aggressively market our campaign to potential investors and help us transition to achieve the maximum fundraising goal of \$107,000 in the first round. We expect the first round to be complete within the first 3 months.

Milestone 2

Once our first round maximum of \$107,000 is achieved, we intend to purchase production equipment and prepare for our first phase production quantities. In the first phase of our sales strategy, we intend to sell to smaller customers such as security companies and other private firms. This will allow us to grow in a lean and responsible

way, testing the market and fine tuning our product and message along the way. We expect Milestone 2 to be complete 10 months after the completion of the first funding round of \$107,000.

Milestone 3

Using the information we collect during the second milestone we expect to be ready to increase production volumes and begin marketing to larger customers such as schools and government agencies. To accomplish this we will need to increase our production capabilities which will require the purchase of capital equipment and, therefore require another fundraising round of up to \$900,000.

Initial growth during the first year depends a lot on how long it takes to meet the funding goals. The financial projections are based on a equipment set up in early August of 2018 but realistically, each fundraising level may take more or less time to reach the goals and transfer the funds.

Sales Outside the US

Our research has shown that this product may also have traction in European countries. After the first year of sales in the US we intend to set up sales channels in Europe as well as other regions. This will require manufacturing facilities specifically in those countries. Setting up manufacturing in other countries can be daunting so a likely approach would be for Rhino Hide to offer licensing options.

Challenges

Operational: Issues may arise from the volume required to satisfy multiple orders each month. An average order can be 5,000 gallons and may be upwards to 15,000 gallons. as the sales grow, warehousing enough product to satisfy the volume of monthly orders will become unsustainable. based on the required space and the short shelf life of the product. To solve this problem we will take orders for product with a standard lead time. the customer will order the product and receive the product a few weeks later.

Liquidity: We intend to sell the product on a cash up-front basis. It is common in the construction industry for product to be purchased and paid in full at the time of the order, even if the delivery may not be immediate. This will solve any cash flow issues since cash will be available for the materials at the time of the order.

Exit Strategy

Our primary exit strategy is to build the company value in the first 4-5 years and then find an acquisition partner.

Liquidity and Capital Resources

Rhino Hide is a new company and has no cash or liquid assets and is currently not

receiving revenue from sales. Our initial fundraising maximum goal of \$107,000 will not be sufficient to bring the company to a point of sustaining itself. It would allow the company to purchase tooling and prepare for future rounds, over the first three months but according to our financial model we expect that the company would require a total of \$300,000 to operate for one year and become self sufficient, including the cost of fundraising.

This will require us to raise the proceeds in a phased approach, where a small portion of the proceeds from the first phase will pay for the preparation of the transition to the second fundraising phase, which has more stringent SEC filing requirements.

Alternative funding options:

Assets are being accumulated and there is currently no debt. After the first phase of fundraising the company will likely have tooling complete and possess sufficient assets to qualify for other types of capital influx.

Accelerator Loan: One possible option is to procure a loan of up to \$250,000 from the local Ignite Northwest Incubator. I am a graduate and, as such, may qualify for this favored program.

Bank Loan: Although it is not preferred and will be avoided, a small business loan based on assets might allow the company to reach its goals without being fully funded, and lines of credit could be used for short term inventory needs. It would be far better for the company to avoid being saddled with debt by taking on more investment from existing or new investors instead of bank loans or alike.

Indebtedness

Rhino Hide has no debt.

Valuation

\$2,000,000.00

The value of the company was not established using a formal appraisal, but with what we believe to be the fair market value, based on the market size and estimated value of the limited assets such as product design, prototypes, provisional patent, web assets, business planning and expertise of the founder and team in bringing products and services to the marketplace. Jason Giddings' contribution of \$69,596.87 consists of the following: \$100.00 cash to set up bank account, \$120.00 filing fee with Idaho Secretary of State, \$1,751.87 other expenses related to business set-up, \$14,375 (115 hours at \$125/hr) to build website, \$15,000 (120 hours at \$125/hr) to design prototype, \$11,250 (90 hours at \$125/hr) to build prototype, and \$27,000 (216 hours at \$125/hr) in

We are seeking to raise a minimum of \$10,000 and up to \$107,000 in this offering through Regulation Crowdfunding. The minimum raise is set to \$10,000 so that the company can get started right away and begin withdrawing funds early in the raise. This will allow the business work to begin early and it will allow a better chance of a successful raise since a portion of the funds can be used for marketing the raise. Although the current offering maximum raise is \$107,000, the financial model will require a total of \$300,000 for the first full year of operation and is expected to be self sustaining after that point. According to SEC rules for crowdfunding Rhino Hide will need to go through a CPA review prior to raising over \$107,000. We plan to start this process prior to the transition into the increased offering size.

For the first \$10,000 of the fund-raise we expect to spend \$5,000 on marketing intended get the word out, since Regulation Crowdfunding does allow advertising of

offerings. This marketing effort will consist mostly of Facebook advertising which has been found to give the best bang for the buck. We expect that this will optimize our raise throughout the 3-month offering duration. We will use the remaining funds for operating costs including the CPA Review process.

If the maximum amount \$107,000 is achieved, \$25,000 will be used to further test and fine tune the product chemistry with the end goal of reducing the material cost. \$55,000 will be used for the set up of the mixing and packaging equipment. The remainder will be used for marketing and working capital as described above.

After this initial offering, we intend to transition into a larger raise to secure funding for the entirety of the first year of operation.

Irregular Use of Proceeds

The Company might incur Irregular Use of Proceeds that may include but are not limited to the following over \$10,000: Vendor payments and salary made to one's self, a friend or relative; Any expense labeled "Administration Expenses" that is not strictly for administrative purposes; Any expense labeled "Travel and Entertainment"; Any expense that is for the purposes of inter-company debt or back payments.

The financial statements of Rhino Hide LLC (which may be referred to as the “Company”, “we,” “us,” or “our”) are prepared in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”). The Company’s headquarters are located in Sagle Idaho.

Rhino Hide LLC is a completely new category of product made from a two-part composite-reinforced liquid that can be poured into small holes at the top of any standard wall. The wall is filled, and the liquid chemically cures in a few hours to a hard consistency. The formulated composite in this new patented product make the walls or structures it is filled with impervious to projectiles from small arms fire or projectiles from extreme weather such as hurricanes or tornadoes.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities, and the reported amount of expenses during the reporting periods. Actual results could materially differ from these estimates. It is reasonably possible that changes in estimates will occur in the near term.

Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company’s assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value:

Level 1 - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets.

Level 2 - Include other inputs that are directly or indirectly observable in the marketplace.

Level 3 - Unobservable inputs which are supported by little or no market activity.

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of December 31, 2016 and 2015. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values.

Cash and Cash Equivalents

For purpose of the statement of cash flows, the Company considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

Revenue Recognition

The Company will recognize revenues from the sale of its wall filler chemical product, when (a) persuasive evidence that an agreement exists; (b) the service has been performed; (c) the prices are fixed and determinable and not subject to refund or adjustment; and (d) collection of the amounts due is reasonably assured.

Stock Based Compensation

The Company accounts for stock options issued to employees under ASC 718 Share-Based Payment. Under ASC 718, share-based compensation cost to employees is measured at the grant date, based on the estimated fair value of the award, and is recognized as expense over the employee's requisite vesting period. The fair value of each stock option or warrant award is estimated on the date of grant using the Black-Scholes option valuation model.

The Company measures compensation expense for its non-employee stock-based compensation under ASC 505 Equity. The fair value of the option issued or committed to be issued is used to measure the transaction, as this is more reliable than the fair value of the services received. The fair value is measured at the value of the Company's common stock on the date that the commitment for performance by the counterparty has been reached or the counterparty's performance is complete. The fair value of the equity instrument is charged directly to stock-based compensation expense and credited to additional paid-in capital.

Income Taxes

The Company is taxed as a S Corporation. Under these provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, the shareholders are liable for individual federal and state income taxes on their respective shares of the Company's taxable income. The Company will pay state income taxes at reduced rates. The Company has not yet filed a tax return and therefore is not yet subject to tax examination by the Internal Revenue Service or state regulatory agencies.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America which it believes to be creditworthy. Balances are insured by the Federal Deposit Insurance Corporation up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

NOTE 3 – DEBT

The Rhino Hide company currently has no debt.

NOTE 4 – COMMITMENTS AND CONTINGENCIES

We are currently not involved with or know of any pending or threatening litigation against the Company or any of its officers.

NOTE 5 – MEMBERS' EQUITY

Protecting People Wherever They Gather

Invest in Rhino Hide

If a shooter can't get into a classroom through a bulletproof door, and they can't shoot or break through the walls, then they can't harm our kids. Based on our testing, a **typical bullet can penetrate as many as eight wall sections** before the projectile is stopped. Students need a way to instantly shelter in place!

Rhino Hide is a completely new category of product made from a two-part composite-reinforced liquid that can be poured into small holes at the top of any standard wall. The wall is filled, and the liquid chemically cures in a few hours to a hard consistency. The formulated composite in this new product, that is currently protected by a provisional patent, make the walls or structures it is filled with impervious to projectiles from small arms fire or projectiles from extreme weather such as hurricanes or tornadoes.

Rhino Hide:

- Allows students and teachers to shelter-in-place
- **Can be installed in existing walls and structures:**
- Takes hours to install, not weeks
- Much lower cost than competitive classroom shelters
- Serves to dampen sound from adjacent rooms

How does Rhino Hide work?

When a bullet is fired into a wall it first impacts the exterior sheetrock layer. Without **Rhino Hide**, the projectile passes right through. **Rhino Hide** provides a reinforcement backing which causes the projectile to mushroom and increases the frontal surface area. As it passes into the **Rhino Hide** layer, the high-compression-strength composite resists puncturing, much like the fibers in a bulletproof vest, and spreads the energy like a ripple from a stone in water. The wave of energy distributes the energy throughout the wall and stops the bullet.

Currently we have developed a working product, prototyped the filler and successfully tested it. We have also written and submitted a provisional patent, developed a website, and created various media content items such as video and images.

THE IMAGE ABOVE SHOWS THE THREE TYPES OF SMALL ARMS FIRE TYPES IN THE UNITED STATES, AND, BASED ON OUR TESTING, HOW EASILY THE BULLETS FROM EACH ONE PENETRATE EIGHT SHEETROCK WALL SECTIONS.

The **Rhino Hide** Brand is a Badge Placed on Structures Protected by Our Product and Tells Bad Actors to Stay Out!

How Our Products Are Better

Time to Shelter

One of the most important aspects of sheltering-in-place is the time it takes for a student to get from his or her chair to the inside of a securely-locked shelter. Currently available shelters are installed in one corner of the room. In the case of danger, students must move from their seats into the shelter. Some shelters must also be set up. These extra steps take up extremely valuable time. **With Rhino Hide, the room is the shelter.** Students just stay where they are and are completely safe.

Cost

Other shelter-in-place options cost about \$1,000 per student. The competitor's product shown here holds 20 students at a cost of \$21,000. **Rhino Hide** can easily protect twice as many students at a lower cost.

Use of Space

Space is a valuable asset. Shelter-in-place options from other companies can take up large portions of the classroom. Since **Rhino Hide** fills the existing walls, it requires no extra space and doesn't require extra time to set up.

Retrofitting

There are already a few options for making walls bulletproof.

Walls can be constructed with special hard paneling inside or can be simply constructed using concrete or brick. The problem is that there are already over 140,000 schools in the US alone, and most of them have standard stick or metal frame walls with sheet-rock exteriors. Demolition and reconstruction of these structures would be very expensive and take months. **Rhino Hide** can be installed in just a few hours per room, at a fraction of the cost.

Where Else can **Rhino Hide** be Used

Police Car Doors and Panels

It is standard operating procedure for police to use their car as a barricade, but this gives them a false sense of security. The thin soft metal in vehicles affords little protection. **Rhino Hide** can solve this problem.

Government Buildings

There are numerous government buildings located all over the world and many are in unfriendly areas like Benghazi, Libya. **Rhino Hide** can be used to fortify these locations.

Rapid Deploy Military Barriers

Every military base on earth requires some sort of ballistic barriers. **Rhino Hide** can be molded into reusable blocks that can be quickly set up and then easily moved if the need arises.

Theaters

Have you ever gone into a theater and your first thought is, "What would I do if a shooter entered?" **Rhino Hide** can fill wall partitions or even the chair backs, giving the audience a place to shelter if the worst happens.

Community Storm Shelters

Oftentimes, schools and other community buildings are used as a gathering place for folks who need shelter from storms. **Rhino Hide** can be used to improve these buildings resistance to projectiles from storms.

Safe Rooms

Residential and community safe rooms and safe buildings are a big business. **Rhino Hide** could provide this security at a fraction of the cost.

Who Am I?

My name is Jason Giddings. I am an aerospace engineer, and I have spent the last 23 years of my life designing and manufacturing product ideas for other people and businesses. I have started and currently own two successful businesses...Giddings Product Development and Inteliscope.

*I invented **Rhino Hide** because I have a daughter in high school. I see school shootings occurring more and more frequently. It is sickening to imagine this sort of violence occurring at her school. Unfortunately, the topic of school shootings has become a political tool. It is frustrating to see politicians on both sides using this, to further their own agendas. There is a solution and it is simple. Keep the bad folks out, and make it impossible to do any harm.*

Accomplishments

This image is a prototype, the final product may vary

Patent

The first step I took when I came up with this idea was to perform exhaustive patent and prior art searches to make sure there was nothing like this already available. Then I wrote a provisional patent, and submitted it to the United States Patent and Trademark Office. This will provide me with a one year window to file for a full design patent. My number one priority, moving forward, is to keep intellectual property secure.

Prototype

The prototypes you see in the video were developed in iterations. I tested several blends to come up with the current functional version, shown. These fillers are provided to the customer in two parts that are mixed, pored into the wall, and chemically react to form a solid. Although the tests using the current blend of materials were perfectly successful, we intend to perform future tests using different durometers and foaming agents in an effort to improve performance and reduce the material cost.

Ignite Accelerator

I dedicated several months to developing the **Rhino Hide** business model by using the techniques studied in an Ignite Northwest Accelerator Program. Using this rigorous class and speaking with numerous expert instructors in a variety of business development fields has given me strong confidence in the Rhino Hide business plan. As part of the class, I developed skills specific to the following areas of business development:

- Value Proposition
- Intellectual Property
- Marketing Tactics
- Revenue Models
- Team/Leadership Development
- Growth Financing Options
- Product-Market Fit
- Market Planning and Strategy
- Go-To-Market Strategies
- Financial Reporting
- Legal

He is a pleasure to work with and was a valuable contributor to others in his class. Jason is a natural leader and has launched other successful products. Our Market and Industry

Federal Education Budget Allocations

(source of chart [click here](#))

According to the National Center for Education Statistics, there are over 138,000 schools in the United States. K-12 enrollment is about 55 million students per year, with an average class size of 21 students. At an average cost of \$15,000 to secure a classroom with **Rhino Hide**, we can estimate that the **total available market size is \$39 billion** to secure approximately 2.6 million classrooms. (Source)

School safety budgets are getting a boost. A March press release from the U.S. House of Representatives Committee on Appropriations touted **\$2.3 billion in increases for school safety this year alone**, with funds coming through programs at the Education, Justice, and Health and Human Services departments. Local funding, which makes up about half of the overall educational budget, is also being increased. (Source)

It's encouraging that the school security problem is getting more attention, but there are challenges to enter the educational market...

1. The average **Rhino Hide** implementation cost is \$270,000 per school, which is a large expenditure for most districts.
2. School Boards plan their budgets a year in advance, which can delay implementation.
3. Most schools will choose to install **Rhino Hide** in off season so as not to interfere with regular class time, which may also delay installation.
4. Government facilities require regulatory considerations that may delay the process.

The fact is that even though schools are the intended primary market, initially the **Rhino Hide** company will need sales into alternative markets such as home security. Targeting smaller markets, in the private sector, will allow for more manageable growth and provide us with experience and time to acquire required certifications.

Invest in Our Company Today!

Schools safety is a massive rising market with tremendous potential, but more importantly, **I believe we can make a meaningful contribution to end the school shooting epidemic now.**

Let's leave the politics to the politicians. Those of us who have the experience and the drive to develop products and businesses can use our skills to do some good here.

I encourage you to invest, a couple hundred bucks or -- if you can afford it -- a couple thousand or more. I am 100% committed to

STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 6-8% (six to eight percent) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of a closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions and rights as the securities being offered and sold by the issuer on StartEngine Capital's website.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.
- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be cancelled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50% and 100% of the funding goal. If the issuer hits its goal early, and the minimum offering period of 21 days has been met, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before new deadline.
- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach \$1.07M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer.
- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.
- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify investors when the issuer meets its

target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

Minimum and Maximum Investment Amounts

- In order to invest, to commit to an investment or to communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non-personal information including information related to income, net worth, and other investments.

No Member shall be entitled to have any Capital Contribution returned to such Member or to receive any distribution from the Company upon withdrawal or otherwise, except in accordance with the express provisions of this Agreement. No unreturned Capital Contribution shall be deemed or considered to be a liability of the Company or any Member. No Member shall be required to contribute any cash or property to the Company to enable the Company to return any Member's Capital Contribution.

SECTION 3.3. Units. Limited liability company interests (as such term is defined in Section 18-101(8) of the Act) in the Company held by the Members shall be represented by "Units".

(a) Classes of Units. The number of Units that the Company is authorized to issue is Three Million Four Hundred Thousand (3,400,000) Units, of which Two Million (2,000,000) Units shall be designated "Class A Units", One Million (1,000,000) Units shall be designated as "Class B Units," and Four Hundred Thousand (400,000) Units shall be designated as Class C Units. Class A Units shall be management units with the right to vote on all matters requiring the approval of the Requisite Management Members or the Requisite Members as set forth in this Agreement. Class B Units shall be non-voting Units. Class C Units shall be Profits Interests which shall have the same voting rights as the Class B Units. The number of Units that the Company is authorized to issue may be increased or decreased from time to time (but not below the number of Units then outstanding, unless in connection with a combination of outstanding Units), and the designation of Units as Class A Units or Class B Units or Class C Units may be changed, or Units may be designated as other classes, by a vote of the Requisite Management Members or a written consent or amendment to this Agreement executed by the Requisite Management Members.

(b) Unvested Units. Any of the classes of Units issued by the Company may be Unvested Units subject to a vesting schedule. The Company may discontinue the relationship of the Obligated Member of providing services to the Company at any time by giving notice to the Obligated Member of such termination (the "Termination Notice"). All Class B and Class C Units of an Obligated Member that have not vested as of the date of the Termination Notice shall be purchased by the Company at a price of \$1 per Unit. In the event of a Reorganization Event, all Unvested Units shall immediately vest.

SECTION 3.4. Issuance of Additional Units; Preemptive Rights.

(a) Issuance of Additional Units. Additional members may be admitted to the Company as Members, and Units (or options, warrants or other rights to acquire Units) may be issued to those persons, upon the majority vote of the Board of Managers. Any

admission of an additional member is effective only after such new member has executed a counterpart to or an agreement to be bound unconditionally to this Agreement. Further, the Board of Managers may accept capital contributions from current members in such amounts, and in consideration for the issuance of such additional Units, as the Board of Managers in its discretion may determine appropriate, subject to compliance with all requirements under the Act which relate to the acceptance of capital contributions and the issuance of additional Units in the Company. Upon receipt of such undertaking by the Company and receipt by the Company of payment for the issuance of the applicable Units, such Person shall be admitted as a Member and listed as such on the books and records of the Company, including with respect to Class B Units a list kept by an online CrowdFunding portal, and thereupon shall be issued its Units. Upon the issuance of Units to any Member, the Board of Managers shall adjust EXHIBIT A to reflect the issuance of Units to such Members, and the percentage Interests of all other Members shall be reduced on a proportionate basis in an aggregate amount equal to the percentage Interest of such additional Member. The Board of Managers may establish an equity incentive plan and reserve Units for issuance thereunder pursuant to the grant of options, restricted Unit awards and other Unit-based awards granted under such plan to the Company's officers, Managers, employees, consultants and advisors.

(b) Preemptive Rights. Subject to the terms and conditions of this SECTION 3.4(b) and applicable securities laws, if the Company proposes to offer or sell any New Securities, the Company shall first offer such New Securities to each holder of Class A Units then outstanding (each, an "Eligible Holder"). Class B Units and Class C Units have no such rights.

(i) The Company shall give notice (the "Offer Notice") to each Eligible Holder, stating (A) its bona fide intention to offer such New Securities, (B) the number of such New Securities to be offered, and (C) the price and terms, if any, upon which it proposes to offer such New Securities.

(ii) By notification to the Company within twenty (20) days after the Offer Notice is given, each Eligible Holder may elect to purchase or otherwise acquire, at the price and on the terms specified in the Offer Notice, up to that portion of such New Securities which equals the proportion that the Units issued and held by such Eligible Holder bears to the total Units then outstanding (assuming full conversion and/or exercise, as applicable, of all outstanding Convertible Securities).

(iii) At the expiration of such twenty (20) day period, the Company shall promptly notify each Eligible Holder that elects to purchase or acquire all the shares available to it (each, a "Fully Exercising Holder") of any other Eligible Holder's failure to do likewise. During the ten (10) day period commencing after the Company has given such notice, each Fully Exercising Holder may, by giving notice to the Company, elect to purchase or acquire, in addition to the number of shares specified above, up to that portion of the New Securities for which Eligible Holders were entitled to subscribe but that were not subscribed for by the Eligible Holders which is equal to the proportion that the Units issued and held by such

Fully Exercising Holder bears to the Units issued and held by all Fully Exercising Units who wish to purchase such unsubscribed shares.

(iv) The closing of any sale pursuant to this SECTION 3.4(b) shall occur within the later of one hundred and twenty (120) days of the date that the Offer Notice is given and the date of initial sale of New Securities pursuant to SECTION 3.4(b)(i).

(v) If all New Securities referred to in the Offer Notice are not elected to be purchased or acquired as provided in this SECTION 3.4(b), the Company may, during the one hundred twenty (120) day period following the expiration of the periods provided in SECTION 3.4(b)(iv), offer and sell the remaining unsubscribed portion of such New Securities to any person or persons at a price not less than, and upon terms no more favorable to the offeree than, those specified in the Offer Notice. If the Company does not enter into an agreement for the sale of the New Securities within such period, or if such agreement is not consummated within thirty (30) days of the execution thereof, the right provided hereunder shall be deemed to be revived and such New Securities shall not be offered unless first reoffered to the Eligible Holders in accordance with this SECTION 3.4(b).

(vi) The Company's compliance with the provisions of this SECTION 3.4(b) may be waived by the affirmative vote or the written consent of Eligible Holders holding at least a majority of the Units held by all Eligible Holders.

ARTICLE IV ALLOCATION OF NET INCOME AND NET LOSSES

SECTION 4.1. General. The Net Income, Net Losses, and individual items of income, gain, loss, deduction, and tax credits for each Fiscal Year of the Company will be allocated to the Members in accordance with their respective Pro Rata Percentages.

SECTION 4.2. Special Allocations. Notwithstanding anything to the contrary in SECTION 4.1, the following special allocations will apply:

(a) Minimum Gain Chargeback. Except as otherwise provided in Treasury Regulations Section 1.704-2(f), notwithstanding any other provision of this ARTICLE IV, if there is a net decrease in Company Minimum Gain during any Fiscal Year, each Member shall be specially allocated items of Company income and gain for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount that equals such Member's share of the net decrease in Company Minimum Gain, determined in accordance with Treasury Regulations Section 1.704-2(g). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant to the sentence. The items to be allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(f)(6) and 1.704-2(j)(2). This SECTION 4.2(a) is intended to comply with the minimum gain chargeback requirement in Treasury Regulations Section 1.704-2(f) and shall be interpreted consistently therewith.

(b) Member Minimum Gain Chargeback. Except as otherwise provided in Treasury Regulations Section 1.704-2(i)(4), notwithstanding any other provision of this SECTION 4.2(b), if there is a net decrease in Member Nonrecourse Debt Minimum Gain attributable to a Member Nonrecourse Debt during any Fiscal Year, each Member who has a share of the Member Nonrecourse Debt Minimum Gain attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(5), shall be specially allocated items of Company income and gain for such Fiscal Year (and, if necessary, subsequent Fiscal Years) in an amount that equals such Member's share of the net decrease in Member Nonrecourse Debt Minimum Gain that is attributable to such Member Nonrecourse Debt, determined in accordance with Treasury Regulations Section 1.704-2(i)(4). Allocations pursuant to the previous sentence shall be made in proportion to the respective amounts required to be allocated to each Member pursuant to the sentence. The items to be allocated shall be determined in accordance with Treasury Regulations Sections 1.704-2(i)(4) and 1.704(j)(2). This SECTION 4.2(b) is intended to comply with the minimum gain chargeback requirement in Treasury Regulations Section 1.704-2(i)(4) and shall be interpreted consistently therewith.

(c) Qualified Income Offset. If any Member unexpectedly receives any adjustments, allocations or distributions described in Treasury Regulations Sections 1.704-1(b)(2)(ii)(d)(4), 1.704-1(b)(2)(ii)(d)(5), or 1.704-1(b)(2)(ii)(d)(6), items of Company income and gain shall be specially allocated to such Member in an amount and manner sufficient to eliminate a deficit in the Member's capital account created by such adjustments, allocations, or distributions as quickly as possible. This SECTION 4.2(c) is intended to constitute a "qualified income offset" within the meaning of Treasury Regulations Section 1.704-1(b)(2)(ii)(d)(3).

(d) Gross Income Allocation. In the event any Member has a deficit balance in such Member's Capital Account (as determined after all other allocations provided for in this ARTICLE IV (other than SECTION 4.2(c)) have been tentatively made and after crediting such Capital Account for any amounts that such Member is obligated to restore or is deemed obligated to restore pursuant to the penultimate sentences of Treasury Regulations Sections 1.704-2(g)(1) and 1.704-2(i)(5), items of Company gross income and gross gain shall be specially allocated to such Member in an amount and manner to eliminate such deficit (as so determined) as quickly as possible.

(e) Nonrecourse Deductions. In accordance with Treasury Regulations Section 1.704-2, any Nonrecourse Deductions for any Fiscal Year shall be specially allocated among the Members in accordance with the Members' respective percentage Interests.

(f) Member Nonrecourse Deductions. Any Member Nonrecourse Deductions for any Fiscal Year shall be specially allocated to the Member who bears the economic risk of loss with respect to the Member Nonrecourse Debt to which such Member Nonrecourse Deductions are attributable in accordance with Treasury Regulations Section 1.704-2(i)(1).

(g) Recapture Income. Any recapture income resulting from the sale or other taxable disposition of any Company asset shall be allocated, to the extent possible, among

the Members in the same proportion that the deductions that directly or indirectly resulted in such recapture income were allocated and in a manner that is consistent with Treasury Regulations Sections 1.1245-1(e) and 1.1250-1(f).

(h) Limitation on Member's Loss Allocations. Company losses shall not be allocated to a Member if the allocation of losses would cause the Member to have a negative balance in the Member's Capital Account in excess of the sum of (i) the amount, if any, that the Member is obligated to restore to the Company under this Agreement and (ii) the amount that the Member is deemed to be obligated to restore to the Company pursuant to the penultimate sentences of Treasury Regulations Sections 1.704-2(g)(1) and 1.704-2(i)(5). Company losses that cannot be allocated to a Member shall be allocated to the other Members; provided, however, that, if no Member may be allocated Company losses due to the limitations of this SECTION 4.2(h), Company losses will be allocated to all Members in accordance with this Agreement (without regard to this SECTION 4.2(h)).

(i) Code Section 754 Adjustments. Pursuant to Treasury Regulations Section 1.704-1(b)(2)(iv)(m), to the extent an adjustment to the adjusted tax basis of any Company asset under Code Section 734(b) or 743(b) is required to be taken into account in determining Capital Accounts, the amount of such adjustment to the Capital Accounts shall be treated as an item of gain (if the adjustment increases the basis of the asset) or loss (if the adjustment decreases such basis), and such gain or loss shall be specially allocated to the Members in a manner that is consistent with the manner in which their Capital Accounts are required to be adjusted pursuant to such Treasury Regulations.

SECTION 4.3. Tax Allocations.

(a) General. Except as otherwise provided in SECTION 4.3(b), as of the end of each Fiscal Year, items of Company income, gain, loss, deduction, and expense shall be allocated for federal, state, and local income tax purposes among the Members in the same manner as the income, gain, loss, deduction, and expense of which such items are components were allocated to Capital Accounts pursuant to this ARTICLE IV.

(b) Code Section 704(c) Allocations. In accordance with Code Sections 704(b) and 704(c) and the Treasury Regulations promulgated thereunder, Company income, gains, deductions, and losses with respect to any property contributed to the capital of the Company shall be allocated among the Members so as to take account of any variation between the adjusted basis of such property to the Company for federal income tax purposes and its fair market value at that time (to be computed in accordance with the Treasury Regulations). If Company property is revalued in accordance with Treasury Regulations Section 1.704-1(b)(2)(iv) at any time, subsequent allocations of Company income, gains, deductions, and losses with respect to such property shall take into consideration any variation between such property's revaluation and its adjusted basis for federal income tax purposes in the same manner as the variation is taken into consideration under Code Section 704(c) and the Treasury Regulations thereunder. Any elections or other decisions relating to such allocations shall be made by the Board of Managers in a manner that reasonably reflects the purpose and intention of this Agreement.

SECTION 4.4. Books of Account. The Company shall keep complete and accurate records and accounts necessary or convenient to record the Company's business and affairs and sufficient to record the determination and allocation of all items of income, gain, loss, deduction and credit, distributions and other amounts as may be provided for herein, including records and accounts of all Company revenues and expenditures and of the acquisition, ownership and disposition of all assets of the Company.

SECTION 4.5. Fiscal Year. The fiscal year of the Company shall end on the 31st day of December of each year unless otherwise determined by the Board of Managers (the "Fiscal Year").

SECTION 4.6. Tax Returns and Information.

(a) Tax Matters Partner. Jason Giddings shall act as the Tax Matters Partner for the Company (the "Tax Matters Partner") in accordance with the definition of "tax matters partner" set forth in Code Section 6231. The Tax Matters Partner shall not be liable to the Company or any Member for any act or omission taken or suffered by it in such capacity in good faith and in the belief that such act or omission is in or is not opposed to the best interests of the Company and shall be indemnified by the Company in respect of any claim based upon such act or omission; provided, however, that such act or omission is not in violation of this Agreement and does not constitute gross negligence, fraud or a willful violation of law. The Tax Matters Partner shall inform all other Members of all material tax matters which may come to its attention in its capacity as tax matters partner by giving the Members notice thereof within ten (10) days after becoming so informed. All expenses and costs of the Tax Matters Partner shall be borne by the Company.

(b) Tax Returns. The Company shall cause income and other required federal, state and local tax returns for the Company to be prepared. The Company shall make such other elections as it shall deem to be in the best interests of the Company and the Members. The cost of preparation of such returns by outside preparers, if any, shall be borne by the Company. In the event of a transfer of an interest in the Company permitted under this Agreement, the Company shall, at the request of the transferring Member, file an election under Code Section 754 to adjust the bases of the assets of the Company in accordance with the provisions of Code Section 743. Any costs associated with such election (such as accounting fees) shall be borne by the transferring Member.

(c) Form K-1. The Company shall furnish to each Member (i) as soon as reasonably possible after the close of each Fiscal Year such information concerning the Company as is reasonably required for the preparation of such Member's income tax returns (provided, however, that if the Company is unable to deliver a Form K-1 by March 1 following the close of the Fiscal Year, the Company shall use its best efforts to provide a requesting Member with a good faith estimate of such information) and (ii) as soon as reasonably possible after the close of each of the Company's first three fiscal quarters of each Fiscal Year such information concerning the Company as is reasonably required to enable the Member to pay estimated taxes.

ARTICLE V
FINANCE & DISTRIBUTIONS

SECTION 5.1. Non-liquidating Distributions. The Board of Managers, in its sole discretion, shall determine the amount of cash or other property available for distribution to Members and the timing of such distributions. Unless otherwise determined by the Board, distributions shall be made as follows:

- (a) First, the advance distributions described in Section 5.3 hereof; and
- (b) Second, to the Members of the Company, in accordance with their respective Pro Rata Percentages.

SECTION 5.2. Liquidating Distributions. Whether the distribution by the Company shall constitute a “liquidating distribution” shall be determined by the Board of Managers, in its sole and absolute discretion. In the event that a distribution is a liquidating distribution, the distribution shall be made and allocated among the Members as follows:

- (a) Third Party Debts. To the extent available, proceeds shall be applied to the payment of debts and liabilities of the Company (including all expenses of the Company incident to its liquidation and all other debts and liabilities that the Company owes to the Members or any Affiliates of a Member).
- (b) Reserves. To the extent available, proceeds shall be applied to the setting up of any reserves which are reasonably necessary for contingent, non-matured or unforeseen liabilities or obligations of the Company.
- (c) Positive Capital Accounts. Distribution shall first be made to all Members with positive Capital Account balances (after such balances have been adjusted to reflect the allocation of Company profit or loss arising from such event), in proportion to and to the extent of such positive balances.
- (d) Remaining Amounts. Distribution, if any, shall next be made to all Members of the Company in accordance with their respective Pro Rata Percentages.

SECTION 5.3. Tax Distributions. Notwithstanding the foregoing, to the extent that there is cash and property on hand, less a reasonable reserve for debts, loans (other than loans made by a Member), and liabilities due and payable, operations and contingencies, the Board of Managers shall authorize distributions to each Member at times and in amounts intended to assist each such Member in paying such Member’s income tax liabilities for a Fiscal Year arising from the allocations made pursuant to Section 4.3 hereof. The amount distributable pursuant to this Section 5.3 shall be an amount which the Company determines will provide each such Member with sufficient funds to pay such Member’s respective federal and state income tax liability for such Fiscal Year, as estimated by the Company. Any distributions made to a Member pursuant to this Section 5.3 and not recovered against other distributions payable to such Member shall constitute a debt of such Member to the Company payable upon dissolution of the Company or such earlier time as the Member ceases to be a Member of the Company.

SECTION 5.4. Restoration of Deficit Capital Accounts. A Member with a deficit balance in its Capital Account after all the allocations and distributions pursuant to SECTIONS 4 and 5 of this Agreement have been made upon liquidation of the Company or its percentage Interest shall not be obligated to contribute property or cash to the Company in order to restore such deficit Capital Account balance.

SECTION 5.5. Amounts Withheld. The Company is authorized to withhold from distributions made to the Members and to pay over to any federal, state, local or foreign government any amounts required to be so withheld pursuant to the Code or any provisions of any other federal, state, local or foreign law.

- (H) Make material changes to compensation for senior management, vice presidents or higher.

(b) Place and Time of Meetings. Meetings of the Members may be held at such place and at such time as may be designated by the Board of Managers. In the absence of a designation of place, meetings shall be held at the Company's principal office. In the absence of a designation of time, meetings shall be held at 10:00 a.m.

(c) Regular Meetings. Regular meetings of Members may be held on an annual or other less frequent periodic basis as may be determined by the Board of Managers.

(d) Special Meetings. Special meetings of the Members of Class A for any purpose or purposes may be called at any time and from time to time by the Board of Managers, and shall be called by the Board of Managers at the written demand of any Member holding at least twenty-five percent (25%) of the outstanding Units. Such demand shall state the purpose or purposes of the proposed meeting. Within ten (10) days after receiving a proper demand to call a meeting, the Board of Managers shall cause a meeting to be duly called on a Business Day determined by the Board of Managers within fifteen (15) days after the date of receipt of such request. Business transacted at any special meeting shall be limited to the purpose or purposes stated in the demand.

(e) Notices of Meetings. A written notice of each regular and/or special meeting of Members shall be given not less than five (5) nor more than sixty (60) days before the date of such meeting to each Member. Every notice of a meeting of Members shall state the place, date and hour of the meeting and the purpose or purposes for which the meeting is called.

(f) Waiver of Notice. Notice of any regular or special meeting may be waived either before, at or after such meeting in writing signed by the Member entitled to the

notice. Attendance by a Member at a meeting shall constitute a waiver of notice of such meeting, unless the Member objects at the beginning of the meeting to the transaction of business because the meeting is not lawfully called or convened.

(g) Quorum; Adjourned Meetings. The presence, in person or by proxy, of the Members who hold a majority of the Units held by the Members of Class A shall constitute a quorum for the transaction of business at any regular or special meeting of the Members. If a quorum is not present at a meeting, the Members present shall adjourn to such day as they shall agree upon by a vote of the Members present who hold a majority of the Units held by the Members who are then present. Notice of any adjourned meeting need not be given if the date, time and place thereof are announced at the meeting at which the adjournment is taken. At adjourned meetings at which a quorum is present, any business may be transacted which might have been transacted at the meeting as originally noticed. If a quorum is present, the Members may continue to transact business until adjournment notwithstanding the withdrawal of enough Members to leave less than a quorum.

(h) Conference Communications. To the fullest extent permitted under the Act, one or more Member(s) may participate in a meeting by any means of communication through which all Members participating in the meeting may simultaneously hear each other during the meeting. For the purposes of establishing a quorum and taking any action at the meeting, Members participating pursuant to this SECTION 6.3(h) shall be deemed present in person at the meeting, and the place of the meeting shall be the place of origination of the conference telephone conversation or other comparable communication technique.

(i) Voting. Each Member of Class A shall have one (1) vote for each Unit having voting rights registered in his, her or its name on the books of the Company. All questions at a meeting shall be decided by a majority vote of the number of Units represented at the meeting at the time of the vote except where otherwise required by the Act or this Agreement. No Member shall have any cumulative voting rights.

(j) Written Action. Any action that may be taken at a meeting of the Members may be taken without a meeting if done in writing and signed by the Requisite Management Members, provided that prompt written notice of the action so taken is delivered to the Members who did not sign such writing.

(k) Information Rights. The Company will share with the Unit holders, (i) audited annual financial statements no later than 90 days after the end of each Fiscal Year, (ii) unaudited quarterly financial statements no later than 45 days after the end of each calendar quarter and a comparison of such quarter's results with the results projected by the Company's annual budget, and (ii) an annual budget for the upcoming fiscal year promptly following approval by the Board of Managers. The obligation of the Company to furnish such information will terminate at the earliest of such time as the Company consummates an initial public offering, becomes subject to the reporting provisions of the Securities Exchange Act of 1934, as amended, or the closing of a change of control. Furthermore, the Company shall in good faith respond to periodic requests from the holders of Class A Units for periodic updates of Company operations.

ARTICLE VII INDEMNIFICATION

SECTION 7.1. General.

(a) To the fullest extent permitted by law, the Company shall indemnify, hold harmless and defend each Indemnitee from and against any and all losses, claims, damages, liabilities, whether joint or several, expenses (including legal fees and expenses), judgments, fines and other amounts paid in settlement, incurred or suffered by such Indemnitee, as a party or otherwise, in connection with any threatened, pending or completed claim, demand, action, suit or proceeding, whether civil, criminal, administrative or investigative, and whether formal or informal, arising out of or in connection with the business or the operation of the Company if the Indemnitee's conduct:

- (i) Was not a breach of the Indemnitee's duty of loyalty to the Company or the Members,
- (ii) Did not include acts or omissions not in good faith or that involved intentional misconduct or a knowing violation of law, and
- (iii) Did not include any transaction from which the Indemnitee derived an improper personal benefit.

(b) An Indemnitee shall have the right to employ separate counsel in any action as to which indemnification may be sought under any provision of this Agreement and to participate in the defense thereof, but the fees and expenses of such counsel shall be at the expense of such Indemnitee unless (i) the Company has agreed in writing to pay such fees and expenses, or (ii) the Company has failed to assume the defense thereof and employ counsel within a reasonable period of time after being given the notice required above. It is understood, however, that the Company shall, in connection with any one such action or separate but substantially similar or related actions in the same jurisdiction arising out of the same general allegations or circumstances, be liable for the reasonable fees and expenses of only one separate firm of attorneys at any time for all such Indemnitees having actual or potential differing interests with the Company, unless but only to the extent the Indemnitees have actual or potential differing interests with each other.

(c) To the fullest extent permitted by law and subject to SECTION 7.1(b), expenses incurred by an Indemnitee in defending any claim, demand, action, suit or proceeding subject to this ARTICLE VII shall, from time to time, be advanced by the Company before the final disposition of such claim, demand, action, suit or proceeding upon receipt by the Company of an undertaking by or on behalf of the Indemnitee to repay such amount unless it is determined that such Indemnitee is entitled to be indemnified therefor pursuant to this ARTICLE VII. An Indemnitee shall not be denied indemnification in whole or in part under this ARTICLE VII merely because the Indemnitee had an interest in the transaction with respect to which the indemnification applies, if the transaction was

not otherwise prohibited by the terms of this Agreement and the conduct of the Indemnitee satisfied the conditions set forth in SECTION 7.1(a).

SECTION 7.2. No Member Liability. Any indemnification provided under this ARTICLE 7 shall be satisfied solely out of assets of the Company, as an expense of the Company. No Member shall be subject to personal liability by reason of these indemnification provisions.

SECTION 7.3. Settlements. The Company shall not be liable for any settlement of any such action effected without its written consent, but if settled with such written consent, or if there is a final judgment against the Indemnitee in any such action, the Company agrees to indemnify and hold harmless the Indemnitee to the extent provided above from and against any loss, claim, damage, liability or expense by reason of such settlement or judgment.

SECTION 7.4. Amendments. Any amendment of this ARTICLE VII shall not adversely affect any right or protection of an Indemnitee who was serving at the time of such amendment or repeal, and such rights and protections shall survive such amendment or repeal with respect to events that occurred before such amendment or repeal.

ARTICLE VIII TRANSFER OF A MEMBER'S INTEREST

SECTION 8.1. Restrictions.

(a) In General. Except as otherwise expressly provided or permitted by this Agreement or in a subscription agreement related to Class B Units, no Member may Transfer or suffer a Disposition of any number of the Units of the Member. Any Disposition which is not made pursuant to and in accordance with the terms and conditions of this Agreement or such subscription agreement shall be void and of no effect and shall vest no right, title or interest in the transferee. Each Member acknowledges that any Disposition of any portion of his, her or its Units may be subject to additional terms and restrictions imposed by the Company's lender(s), and each Member agrees to abide by all such terms and restrictions and to reimburse the Company for (or pay directly to the lender(s)) any costs or fees charged by such lender(s) in connection with a Disposition.

(b) Securities Law Matters. Without limiting any provision of this ARTICLE 8, and in addition to any restrictions set forth herein, each Member hereby represents, warrants and covenants as follows with respect to all Units acquired by such Member as of the date of this Agreement or from time to time hereafter:

(i) The Member is acquiring such Units for the Member's own account for investment only, and not with a view to, or for sale in connection with, any distribution of the Units in violation of the Securities Act of 1933 (the "Securities Act"), or any rule or regulation under the Securities Act.

(ii) The Member has had such opportunity as the Member has deemed adequate to obtain from representatives of the Company such information as is necessary to permit the Member to evaluate the merits and risks of the Member's investment in the Company.

(iii) The Member has sufficient experience in business, financial and investment matters to be able to evaluate the risks involved in the purchase of the Units and to make an informed investment decision with respect to such purchase.

(iv) The Member can afford a complete loss of the value of the Units and is able to bear the economic risk of holding such Units for an indefinite period.

(v) The Member understands that (i) the Units have not been registered under the Securities Act and are “restricted securities” within the meaning of Rule 144 under the Securities Act, (ii) the Units cannot be sold, transferred or otherwise disposed of unless they are subsequently registered under the Securities Act or an exemption from registration is then available; (iii) in any event, the exemption from registration under Rule 144 or otherwise may not be available for at least six months and even then will not be available unless a public market then exists for the Units, adequate information concerning the Company is then available to the public, and other terms and conditions of Rule 144 are complied with; and (iv) there is now no registration statement on file with the Securities and Exchange Commission with respect to any Units and the Company has no obligation or current intention to register the Units under the Securities Act.

(vi) A legend substantially in the following form will be placed on the certificate, if any, representing the Units, and the Member agrees to the conditions set forth in such legend:

“The Units represented by this certificate have not been registered under the Securities Act of 1933, as amended, and may not be sold, transferred or otherwise disposed of in the absence of an effective registration statement under such Act or an opinion of counsel satisfactory to the company to the effect that such registration is not required.”

(vii) In addition, with respect to Units issued to Class B CrowdFunding Members, the Member understands that he is limited by the CrowdFunding Laws in the amount he can purchase, based on his income, and he represents and warrants that his purchase of Units do not violate any applicable provision of federal law. The Member also understands that he is not allowed under the CrowdFunding Laws to sell the Units for at least one year after purchase, and acknowledges that, even after the time restrictions have expired, the market for Units sold under CrowdFunding Laws is limited and may not exist at all. With respect to these provisions, the Member agrees to indemnify and hold harmless Company from and against any claim that the Member has violated any provision of federal or state law with respect to crowdfunding activities. CrowdFunding Member also acknowledges that a legend substantially in the following form will be placed on the certificate, if any, representing the CrowdFunding Units:

“THE SECURITIES ARE BEING OFFERED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933 (THE “ACT”) AND HAVE NOT BEEN REGISTERED UNDER THE ACT OR THE

SECURITIES LAWS OF ANY STATE OR ANY OTHER JURISDICTION. NO FEDERAL OR STATE SECURITIES ADMINISTRATOR HAS REVIEWED OR PASSED ON THE ACCURACY OR ADEQUACY OF THE OFFERING MATERIALS FOR THESE SECURITIES. THERE ARE SIGNIFICANT RESTRICTIONS ON THE TRANSFERABILITY OF THE SECURITIES DESCRIBED HEREIN AND NO RESALE MARKET MAY BE AVAILABLE AFTER RESTRICTIONS EXPIRE. THE PURCHASE OF THESE SECURITIES INVOLVES A HIGH DEGREE OF RISK AND SHOULD BE CONSIDERED ONLY BY PERSONS WHO CAN BEAR THE RISK OF THE LOSS OF THEIR ENTIRE INVESTMENT WITHOUT A CHANGE IN THEIR LIFESTYLE.

SECTION 8.2. Permitted Transfers. Notwithstanding anything in this Agreement to the contrary, subject to the satisfaction of the additional conditions specified in this SECTION 8.2, the following Transfers are hereby specifically permitted, will not require the advance written consent of the Members or the Board of Managers, and will not trigger or create purchase options or other options or obligations under this Agreement (collectively, "Permitted Transfers"):

(a) Pledges. The pledge of Units by a Member is permitted provided that, in addition to the other requirements specified herein, the pledgee acknowledges in writing that the pledged Units (including any rights or interest the pledgee may have or may acquire with respect to the Units) are subject to all terms and provisions of this Agreement, including the provisions relating to Purchase Option Events under SECTION 8.4 hereof.

(b) Permitted Transferees. Transfers of some or all of the Units by a Member to or from their respective Permitted Transferees (as such term is defined below) and between or among their respective Permitted Transferees or between Members and the Company are hereby specifically permitted, will not require the advance written consent of the Members or the Board of Managers and will not trigger or create any purchase options or other options or obligations under this Agreement. For purposes of this Agreement, "Permitted Transferee" means, if such Member is an individual, (i) any Member's and/or his or her spouse's children, stepchildren, grandchildren, step-grandchildren and other issue, and (ii) any entity controlled by the Member (the term "control" for this purpose, shall mean the ability, whether by the ownership of shares or other equity interest, by contract or otherwise, to elect a majority of the directors of a corporation, independently to select the managing partner of a partnership or the manager or managers of a limited liability company, or otherwise to have the power independently to remove and then select a majority of those Persons exercising governing authority over an entity, and control shall be conclusively presumed in the case of the direct or indirect ownership of fifty percent (50%) or more of the equity interests in the specified Person; including, but not limited to, trusts where the beneficiaries of the trust consist of his or her spouse, children, stepchildren, grandchildren or step-grandchildren). For any Member that is not an individual, "Permitted Transferee" shall mean each Affiliate of a Member. In each such situation, the Transfer will only be permitted if, prior to completion of such Transfer, the following shall be provided to the Board of Managers: (i) a written agreement

of the transferee, in form and substance satisfactory to the Board of Managers, to be bound by this Agreement, which shall include an agreement by the transferee to execute any and all other documents that the Board of Managers may deem necessary or appropriate to effect and evidence such Transfer and the agreements indicated above; (ii) if requested by the chief executive officer of the Company, an opinion of counsel, satisfactory in form and substance to the Board of Managers, that the Permitted Transfer will not terminate the Company or impair its tax status, and that the Transfer constitutes an exempt transaction and does not require registration under applicable federal or state securities laws; and (iii) as it relates to pledges of the Units by a Member, the above requirements shall be deemed satisfied to the extent that the pledgee commits to comply with the above requirements in the event that the pledgee shall ever foreclose on the pledged Units.

(c) Permitted Transfers of Class B. To the extent a crowdfunding platform makes the sale or other transfer of Class B Units available to CrowdFunding Members, the sale of Class B Units is permitted provided that, in addition to the other requirements specified herein, the purchaser acknowledges in writing that the purchased Units (including any rights or interest the purchaser may have or may acquire with respect to the Units) are subject to all terms and provisions of this Agreement, including the provisions relating to Purchase Option Events under SECTION 8.4 hereof.

SECTION 8.3. No Voluntary Transfers. Other than those transfers permitted pursuant to SECTION 8.2, no Member may affect a Voluntary Transfer of all or any portion of such Member's Units.

SECTION 8.4. Drag-Along.

(a) Definitions. A "Sale of the Company" shall mean either: (a) a transaction or series of related transactions (whether by purchase, exchange or merger) in which a Person, or a group of related Persons, acquires from Members Units representing more than fifty percent (50%) of the outstanding voting power of the Company (a "Unit Sale"); or (b) a sale of all or substantially all of the Company's assets in a single transaction or a series of related transactions.

(b) Actions to be taken. In the event that (i) the Requisite Members (collectively, the "Electing Holders") and (ii) the Board of Managers approve a Sale of the Company in writing, specifying that this SECTION 8.4 shall apply to such transaction, then each Member and the Company hereby agree:

(i) if such transaction requires Member approval, with respect to all Units that such Member owns or over which such Member otherwise exercises voting power, to vote (in person, by proxy or by action by written consent, as applicable) all Units in favor of, and adopt, such Sale of the Company (together with any related amendment to the Restated Certificate required in order to implement such Sale of the Company) and to vote in opposition to any and all other proposals that could reasonably be expected to delay or impair the ability of the Company to consummate such Sale of the Company;

(ii) if such transaction is a Unit Sale, to sell the same proportion of Units beneficially held by such Member as is being sold by the Electing Holders to the Person to whom the Electing Holders propose to sell their Units, and, except as permitted in subsection (c), below, on the same terms and conditions as the Electing Holders;

(iii) to execute and deliver all related documentation and take such other action in support of the Sale of the Company as shall reasonably be requested by the Company or the Electing Holders in order to carry out the terms and provision of this SECTION 8.4, including without limitation executing and delivering instruments of conveyance and transfer, and any purchase agreement, merger agreement, indemnity agreement, escrow agreement, consent, waiver, governmental filing, Unit certificates (if any) duly endorsed for transfer (free and clear of impermissible liens, claims and encumbrances) and any similar or related documents;

(iv) not to deposit, and to cause their Affiliates not to deposit, except as provided in this Agreement, any Units of the Company owned by such party or Affiliate in a voting trust or subject any Units to any arrangement or agreement with respect to the voting of such Units, unless specifically requested to do so by the acquirer in connection with the Sale of the Company;

(v) to refrain from exercising any dissenters' rights or rights of appraisal under applicable law at any time with respect to such Sale of the Company;

(vi) if the consideration to be paid in exchange for the Units pursuant to this SECTION 8.4 includes any securities and due receipt thereof by any Member would require under applicable law (x) the registration or qualification of such securities or of any person as a broker or dealer or agent with respect to such securities or (y) the provision to any Member of any information other than such information as a prudent issuer would generally furnish in an offering made solely to "accredited investors" as defined in Regulation D promulgated under the Securities Act of 1933, as amended, the Company may cause to be paid to any such Member in lieu thereof, against surrender of the Units which would have otherwise been sold by such Member, an amount in cash equal to the fair value (as determined in good faith by the Company) of the securities which such Member would otherwise receive as of the date of the issuance of such securities in exchange for the Units; and

(vii) in the event that the Electing Holders, in connection with such Sale of the Company, appoint a Member representative (the "Member Representative") with respect to matters affecting the Members under the applicable definitive transaction agreements following consummation of such Sale of the Company, (A) to consent to (x) the appointment of such Member Representative, (y) the establishment of any applicable escrow, expense or similar fund in connection with any indemnification or similar obligations, and (z) the payment of such Member's pro rata portion (from the applicable escrow or expense fund or otherwise) of any

and all reasonable fees and expenses to such Member Representative in connection with such Member Representative's services and duties in connection with such Sale of the Company and its related service as the representative of the Members, and (B) not to assert any claim or commence any suit against the Member Representative or any other Member with respect to any action or inaction taken or failed to be taken by the Member Representative in connection with its service as the Member Representative, absent fraud or willful misconduct.

(c) Exceptions. Notwithstanding the foregoing, a Member will not be required to comply with SECTIONS 8.4(a) and (b) above in connection with any transaction covered by such provisions (a "Proposed Sale") unless:

(i) any representations and warranties to be made by such Member in connection with the Proposed Sale are limited to representations and warranties related to authority, ownership and the ability to convey title to such Member's Units, including but not limited to representations and warranties that (i) the Member holds all right, title and interest in and to the Units such Member purports to hold, free and clear of all liens and encumbrances, (ii) the obligations of the Member in connection with the transaction have been duly authorized, if applicable, (iii) the documents to be entered into by the Member have been duly executed by the Member and delivered to the acquirer and are enforceable against the Member in accordance with their respective terms and (iv) neither the execution and delivery of documents to be entered into in connection with the transaction, nor the performance of the Member's obligations thereunder, will cause a breach or violation of the terms of any agreement, law or judgment, order or decree of any court or governmental agency;

(ii) the Member shall not be liable for the inaccuracy of any representation or warranty made by any other Person in connection with the Proposed Sale, other than the Company (except to the extent that funds may be paid out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any Member of any of identical representations, warranties and covenants provided by all Members);

(iii) the liability for indemnification, if any, of such Member in the Proposed Sale and for the inaccuracy of any representations and warranties made by the Company or its Members in connection with such Proposed Sale, is several and not joint with any other person (except to the extent that funds may be paid out of an escrow established to cover breach of representations, warranties and covenants of the Company as well as breach by any Member of any of identical representations, warranties and covenants provided by all Members), and is pro rata in proportion to, and does not exceed, the amount of consideration paid to such Member in connection with such Proposed Sale;

(iv) liability shall be limited to such Member's applicable share (determined based on the respective proceeds payable to each Member in connection with such Proposed Sale in accordance with the provisions of this

Agreement) of a negotiated aggregate indemnification amount that applies equally to all Members but that in no event exceeds the amount of consideration otherwise payable to such Member in connection with such Proposed Sale, except with respect to claims related to fraud by such Member, the liability for which need not be limited as to such Member;

(v) upon the consummation of the Proposed Sale, (A) each holder of each class or series of the Company's Units will receive the same form of consideration for their Units of such class or series as is received by other holders in respect of their Units of such same class or series, and (B) the aggregate consideration receivable by all holders of Units shall be allocated among such holders in accordance with the provisions of this Agreement in effect immediately prior to the Proposed Sale; provided, however, that, notwithstanding the foregoing, if the consideration to be paid in exchange for any such Units includes any securities and due receipt thereof by any Member would require under applicable law (x) the registration or qualification of such securities or of any person as a broker or dealer or agent with respect to such securities or (y) the provision to any Member of any information other than such information as a prudent issuer would generally furnish in an offering made solely to "accredited investors" as defined in Regulation D promulgated under the Securities Act of 1933, as amended, the Company may cause to be paid to any such Member in lieu thereof, against surrender of the Units held by such Member which would have otherwise been sold by such Member an amount in cash equal to the fair value (as determined in good faith by the Company) of the securities which such Member would otherwise receive as of the date of the issuance of such securities in exchange for such Member's Units; and

(vi) subject to clause (v) above, requiring the same form of consideration to be available to the holders of any single class or series of Units, if any holders of any Units of the Company are given an option as to the form and amount of consideration to be received as a result of the Proposed Sale, all holders of such Units will be given the same option; provided, however, that nothing in this clause (f) shall entitle any holder to receive any form of consideration that such holder would be ineligible to receive as a result of such holder's failure to satisfy any condition, requirement or limitation that is generally applicable to the Company's Members.

SECTION 8.5. Purchase Option Events.

(a) General. In the event of a Purchase Option Event, the Member whose Units are subject to such Purchase Option Event shall be required to send written notice to the Board of Managers and the Remaining Members describing in reasonable detail such Purchase Option Event, including the identity of the transferee and the circumstances of the Purchase Option Event (for example, foreclosure of pledge, divorce decree, etc.).

(b) Purchase Option. Upon the occurrence of a Purchase Option Event, the Remaining Members and the Company shall have the option, exercisable by written notice

to the Offering Member or to his, her or its successor or legal representative, as appropriate, to purchase all or any portion of the Transfer Units of the Offering Member. The purchase price to be paid to the Offering Member shall be as set forth in SECTION 9.1 herein, and the payment terms shall be as set forth in SECTION 9.2 herein; provided however, that for purposes of establishing the purchase price to be paid for the Transfer Units, the following shall apply:

(i) Immediately upon occurrence of the Purchase Option Event, the parties shall commence the SECTION 9.1 process for determining the purchase price for the Transfer Units;

(ii) The “selling party” under SECTION 9.1 shall be the Offering Member, and the “purchasing party” under SECTION 9.1 shall be the Remaining Members or the Company; and

(iii) Decisions to be made by the purchasing party shall be as decided by those Remaining Members holding a majority of the Units held by all Remaining Members.

(c) First Option in Favor of the Remaining Members. The Remaining Members shall have the option, exercisable by written notice to the Offering Member or to his, her or its successor or legal representative, as appropriate, to purchase all or any number of the Transfer Units of the Offering Member. The option shall be exercisable at any time prior to thirty (30) days after determination of the purchase price within which to accept all or any number of the Transfer Units. Exercise of the option shall be made by written notice delivered to the Board of Managers and the Offering Member. Unless otherwise agreed among the Remaining Members, each Remaining Member may purchase that percentage of the Transfer Units which bears the same ratio as the Units of such Remaining Member bears to the Units of all Remaining Members. In the event that a Remaining Member does not purchase the full amount of the Transfer Units that such Remaining Member is entitled to purchase, the other Remaining Members may purchase the excess on a pro rata basis, and the 30-day period specified above shall be extended as necessary to accommodate this process.

(d) Second Option in Favor of the Company. There shall be a second option created in favor of the Company, which shall have a period of thirty (30) days from the expiration of the option described in SECTION 8.4(c) above, within which to acquire all or any number of the Units not purchased by the Remaining Members under SECTION 8.4(c) above. Exercise of the option shall be made by written notice delivered to the Offering Member.

(e) Failure to Exercise Option. Upon expiration of the option period provided to the Company under SECTION 8.4(d) above, if the purchase option has not been exercised, that number of the Transfer Units not elected to be purchased by the Remaining Members and the Company will occur, and such interest shall be Transferred in accordance with the provisions set forth in the Act and this Agreement. Additionally, the involuntary transferee shall be obligated to provide the following to the Board of Managers: (A) a

written agreement of the involuntary transferee, in form and substance satisfactory to the Board of Managers, to be bound by this Agreement and all other agreements applicable to the Members, which shall include an agreement by the involuntary transferee to execute any and all other documents that the Board of Managers may deem necessary or appropriate in order to effect and evidence such Transfer and to confirm that the involuntary transferee and the Transfer Units are subject to and bound by this Agreement; and (B) if requested by the chief executive officer of the Company, an opinion of counsel, satisfactory in form and substance to the Board of Managers, that the Involuntary Transfer will not terminate the Company or impair its ability to be taxed as a partnership and that the Involuntary Transfer constitutes an exempt transaction that does not require registration under applicable federal and state securities laws.

SECTION 8.6. Death. Upon the death of a Member (or in the case of an Affiliate of a Deceased Member, upon the death of such Deceased Member), the following shall occur:

(a) Option in Favor of Remaining Members. In the event of the death of a Member, such Deceased Member's death shall first create an option in favor of the Remaining Members, who shall have a period of thirty (30) days after determination of the purchase price within which to accept all or any number of the Transfer Units of the Deceased Member. Each Remaining Member must accept such offer to the extent of any life insurance proceeds received by the Remaining Member on the life of the Deceased Member which were obtained for the purpose of funding the purchase of the Transfer Units of the Deceased Member upon his or her death. Unless otherwise agreed among the Remaining Members, each Remaining Member may purchase that percentage of the Transfer Units which bears the same ratio as the Units of such Remaining Member bears to the Units of all Remaining Members. Acceptance shall be made by written notice delivered to the Deceased Member's legal representative, with a copy thereof to the Company. The purchase price and payment terms for the Deceased Member's Units shall be the purchase price and payment terms set forth in SECTION 9.1 and SECTION 9.2 herein.

(b) Second Option in Favor of the Company. There shall be a second option created in favor of the Company, which shall have a period of thirty (30) days from the expiration of the option described in SECTION 8.5(a) above, within which to acquire all of the Transfer Units not purchased by the Remaining Members under SECTION 8.5(a) above. Exercise of the option shall be made by written notice delivered to the Deceased Member's legal representative. The purchase price and payment terms for the Deceased Member's Transfer Units shall be the purchase price and payment terms set forth in SECTION 9.1 and SECTION 9.2 herein.

(c) Successor and Assigns. Absent exercise of the option pursuant to SECTIONS 8.5(a) and 8.5(b) above by all or a portion of the Remaining Members and the Company with respect to the all of the Transfer Units, any partial acceptance shall be invalid, the Affiliates and Permitted Transferees will be entitled to retain their Units, and the successors, heirs, devisees, legal representatives, guardians or assigns, as the case may be, of the Deceased Member shall succeed to the Transfer Units of the Deceased Member. The recipient(s) of all or any portion of the Deceased Member's Transfer Units shall

become subject to the rights and obligations of a Member under this Agreement. Prior to the completion of any Transfer of the Deceased Member's Transfer Units pursuant to this SECTION 8.5, the transferee shall provide to the Board of Managers a written agreement, in form and substance satisfactory to the Board of Managers, to be bound by this Agreement.

SECTION 8.7. Disassociation.

(a) Offer Created. Upon the Disassociation of a Member and annually thereafter for a period of thirty (30) days after the date in which the Company delivers to one or more Members Form 1065 (Schedule K-1) or any successor thereto, the Units owned by such Disassociating Member and the Units held by the Permitted Transferees of the Disassociating Member who received such Units from the Disassociating Member shall be deemed to be offered for sale to the Company.

(b) Acceptance of the Offer. The offer shall create an option in favor of the Company. The Company shall have until thirty (30) days after determination of the purchase price within which to exercise all or any portion of this option, it being expressly understood that fewer than all of the Transfer Units may be purchased. Exercise of the option shall be made by written notice delivered to the Disassociating Member.

(c) Failure to Exercise Option. Upon expiration of the option period provided to the Company under SECTION 8.6(b) above, any of the Transfer Units which has not been elected to be purchased by the Company shall be retained by the Disassociating Member, and the rights and interest of the Disassociating Member as they relate to the retained Transfer Units and the Company shall continue to be governed by and subject to all provisions of this Agreement.

SECTION 8.8. Closing Procedures. The closing of any purchase or sale of Units pursuant to this ARTICLE VIII shall take place within thirty (30) days following the last to expire applicable option period. The closing shall occur at the principal business office of the Company. At the closing, the selling party shall deliver to the purchasing party, in exchange for payment of the purchase price, a full and complete assignment of the Units to be purchased and sold, together with any other documents as may be reasonably required to Transfer full and complete title to the Units to the purchasing party, in form satisfactory to the purchasing party. The selling party shall warrant that the selling party has good title to, the right to possession of and the right to sell the Units and that the Units are transferred to the purchasing party free and clear of all pledges, liens, encumbrances, charges, proxies, restrictions, options, transfers and other adverse claims, except those as have been imposed by this Agreement. Each selling party shall further warrant that the selling party will indemnify and hold harmless the purchasing party for all costs, expenses and fees incurred in defending the title to and/or the right to possession of such Units.

SECTION 8.9. Guarantees. Notwithstanding anything in this Agreement to the contrary, coincident with closing on the purchase of all of the Units of a Member pursuant to the provisions of SECTION 8.5, the selling party (or Affiliates of such a Member who have personally guaranteed obligations in favor of the Company and who themselves no longer hold any Units of the Company) shall be released from any and all guaranties of the obligations of the Company.

The Company shall deliver, or cause to be delivered, documentation reasonably acceptable to the selling party or other personal guarantors, as applicable, to confirm this release.

SECTION 8.10. Sale of All Units. Any Member who makes a Disposition of all of the Units of such Member in accordance with the terms of this Agreement, or otherwise, shall no longer be a party to this Agreement and shall have no further rights or interests under this Agreement; provided, however, that a Member who makes a Disposition other than in compliance with the terms of this Agreement shall remain liable to the Company and the other Members for any damages resulting from such Transfer.

ARTICLE IX PURCHASE PRICE; PAYMENT TERMS

SECTION 9.1. Purchase Price. Where any provision of this Agreement provides that the purchase price shall be determined by this SECTION 9.1, the purchase price shall be equal to the fair market value of the Units to be sold, determined in accordance with the following:

(a) Mutual Agreement. The selling party and the purchasing party shall, for a period of fifteen (15) days after the occurrence of the event which triggered the purchase option (except in the case of death, where such 15 day period shall commence upon the later to occur of (i) the appointment of the personal representative of the Deceased Member or (ii) sixty (60) days after the death of the Deceased Member), attempt to mutually agree upon the fair market value of the Units to be sold. If the selling party and the purchasing party are not able to agree within this fifteen (15) day period, fair market value shall be determined by appraisal.

(b) Appraisal. For a period of seven (7) days following expiration of the 15 day period specified in SECTION 9.1(a) above, the selling party and the purchasing party shall attempt to mutually agree upon an appraiser. If the parties agree upon the identity of the appraiser, the appraiser shall determine the fair market value of the Units to be sold, and the value determined by such appraiser shall be the purchase price. If the parties are not able to reach agreement within such 7 day period, each shall within seven (7) days thereafter identify an appraiser. If one party fails to identify an appraiser within such 7 day period, the appraiser identified by the other party shall determine the fair market value of the Units to be sold, and the value determined by such appraiser shall be the purchase price. If both parties identify an appraiser within such 7 day period, the two appraisers shall select a third appraiser and the third appraiser shall determine the fair market value of the Units to be sold. The value determined by such third appraiser shall be the purchase price. The costs and expense of the appraiser(s) shall be paid one-half by the selling party and one-half by the purchasing party.

(c) Involuntary Transfer. In the event the Units are the subject of a Involuntary Transfer, pursuant to SECTION 8.4 above, the fair market value of the Units to be sold shall equal the “book value” of the Units reflected on the books and records of the Company as of the date of the attempted Involuntary Transfer. If there is any disagreement as to the determination of “book value,” such determination shall be made by the accounting firm

regularly engaged by the Company, whose determination shall be final and binding on the parties absent fraud or gross negligence.

SECTION 9.2. Payment Terms. Unless otherwise agreed to by the parties, where any provision of this Agreement provides that the payment terms shall be as specified this SECTION 9.2, the purchase price shall be payable to the Offering Member or his, her or its successor or legal representative as follows:

(a) twenty percent (20%) of the purchase price shall be payable in cash or certified funds at the closing; and

(b) the balance of the purchase price will be represented by a promissory note bearing interest at an annual rate of interest equal to the then current Prime Rate (which rate shall thereafter be fixed for the term of the promissory note), and which promissory note will be payable in equal consecutive monthly installments sufficient to amortize all principal and interest thereunder over sixty (60) equal monthly payments.

ARTICLE X DISSOLUTION AND LIQUIDATION

SECTION 10.1. Dissolution. The Company shall be dissolved upon the happening of any of the following events (each, a "Liquidating Event"):

(a) upon the election of the Board of Managers; or

(b) a judicial dissolution of the Company pursuant to Section 18-802 of the Act.

No other event, including the retirement, withdrawal, insolvency, liquidation, dissolution, insanity, resignation, expulsion, bankruptcy, death, incapacity or adjudication of incompetency of a Member shall cause the dissolution of the Company.

SECTION 10.2. Filing of Certificate of Cancellation. If the Company is dissolved, the Board of Managers shall promptly file a Certificate of Cancellation with the Secretary of State.

SECTION 10.3. Winding Up.

(a) Upon the occurrence of a Liquidating Event, the Company shall continue solely for the purposes of winding up its affairs in an orderly manner, liquidating its assets (subject to the provisions of SECTION 10.3(b) below), and satisfying the claims of its creditors and Members. No Member shall take any action that is inconsistent with, or not necessary to or appropriate for, the winding up of the Company's business and affairs. Any Person elected by the Members owning a majority-in-interest of the total Units (the "Liquidator") shall be responsible for overseeing the winding up and dissolution of the Company and shall take full account of the Company's liabilities and assets and the Company assets shall be liquidated as promptly as is consistent with obtaining the fair market value thereof, and the proceeds therefrom shall be applied and distributed in accordance with ARTICLE V hereof.

(b) Notwithstanding the provisions of SECTION 10.3(a) hereof which require liquidation of the assets of the Company, but subject to the order of priorities set forth therein, if prior to or upon dissolution of the Company the Liquidator determines that an immediate sale of part or all of the Company's assets would be impractical or would cause undue loss to the Members, the Liquidator may, in its sole and absolute discretion, defer for a reasonable time the liquidation of any assets except those necessary to satisfy liabilities of the Company (including to those Members as creditors) and/or distribute to the Members, in lieu of cash, as tenants in common and in accordance with the provisions of SECTION 10.3(a) hereof, undivided interests in such Company assets as the Liquidator deems not suitable for liquidation. Any such distributions in kind shall be made only if, in the good faith judgment of the Liquidator, such distributions in kind are in the best interest of the Members, and shall be subject to such conditions relating to the disposition and management of such assets as the Liquidator deems reasonable and equitable and to any agreements governing the operation of such assets at such time. The Liquidator shall determine the fair market value of any asset distributed in kind using such reasonable method of valuation as it may adopt.

(c) As part of the liquidation and winding-up of the Company, the Liquidator may sell Company assets only with the consent of the Board of Managers, and solely on an "arm's-length" basis, at the best price and on the best terms and conditions as the Liquidator in good faith believes are reasonably available at the time.

(d) The Board of Managers shall not receive any additional compensation for any services performed pursuant to this ARTICLE X, but shall be reimbursed for any expenses incurred on behalf of the Company.

SECTION 10.4. Compliance with Timing Requirements of Regulations. In the event the Company is "liquidated" within the meaning of Regulations Section 1.704-1(b)(2)(ii)(g), distributions shall be made pursuant to this ARTICLE X to the Members who have positive Capital Accounts in compliance with Regulations Section 1.704-1(b)(2)(ii)(b)(2).

SECTION 10.5. Indebtedness of Members. Notwithstanding the foregoing, if any Member shall be indebted to the Company, then until payment of such amount by him, her, or it, the Liquidator shall retain such Member's distributive share of the assets and apply such assets or the income therefrom to the liquidation of such indebtedness and the cost of holding such assets during the period of such liquidation. If such amount has not been paid or otherwise liquidated at the expiration of six (6) months after the date of dissolution of the Company, the Liquidator may sell the Units of such Member at a public or private sale at the best price immediately obtainable which shall be determined in the sole judgment of the Liquidator. The proceeds of such sale shall be applied to the liquidation of the amount then due under this ARTICLE X, and the balance of such proceeds, if any, shall be delivered to such Member.

SECTION 10.6. Rights of Members. Except as otherwise provided in this Agreement, each Member shall look solely to the assets of the Company for the return of its Capital Contribution and shall have no right or power to demand or receive assets other than cash from the Company. Except as provided herein, no Member shall have priority over any other Member

as to the return of its Capital Contributions, distributions, or allocations, except as expressly provided in this Agreement.

SECTION 10.7. Documentation of Liquidation. Upon the completion of the liquidation of the Company cash and assets as provided in SECTION 10.3 hereof, the Company shall be terminated and the Certificate and all qualifications of the Company as a foreign limited liability company in jurisdictions shall be canceled and such other actions as may be necessary to terminate the Company shall be taken. The Liquidator shall have the authority to execute and record any and all documents or instruments required to effect the dissolution, liquidation and termination of the Company.

SECTION 10.8. Reasonable Time for Winding-Up. A reasonable time shall be allowed for the orderly winding-up of the business and affairs of the Company and the liquidation of its assets pursuant to SECTION 10.3 hereof, in order to minimize any losses otherwise attendant upon such winding-up, and the provisions of this Agreement shall remain in effect between the Members during the period of liquidation.

SECTION 10.9. Liability of the Liquidator. The Liquidator shall be indemnified and held harmless by the Company from and against any and all claims, demands, liabilities, costs, damages and causes of action of any nature whatsoever arising out of or incidental to the Liquidator's taking of any action authorized under or within the scope of this Agreement; provided, however, that the Liquidator shall not be entitled to indemnification, and shall not be held harmless, where the claim, demand, liability, cost, damage or cause of action at issue arises out of:

- (i) a matter entirely unrelated to the Liquidator's action or conduct pursuant to the provisions of this Agreement; or
- (ii) the proven willful misconduct or gross negligence of the Liquidator.

SECTION 10.10. Waiver of Partition. Each Member hereby waives any right to partition of the Company property.

ARTICLE XI MISCELLANEOUS

SECTION 11.1. Governing Law. This Agreement shall be construed in accordance with and governed by the laws of the State of Idaho, without regard to the principles of conflicts of law. The laws of the State of Idaho shall be applied in construing the Agreement.

SECTION 11.2. Waiver of Jury Trial. THE COMPANY AND EACH MEMBER HEREBY IRREVOCABLY WAIVE ANY AND ALL RIGHT TO TRIAL BY JURY IN ANY LEGAL PROCEEDING ARISING OUT OF OR RELATED TO THIS AGREEMENT OR THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT.

SECTION 11.3. Amendments and Waivers. Except as otherwise expressly permitted herein, this Agreement may not be modified, altered, supplemented or amended (by merger, repeal, or otherwise) except pursuant to a written agreement executed and delivered by the Requisite Management Members and, if required by law and then only to the extent so required, the holders

of the majority of the Units. Notwithstanding the foregoing, the Board of Managers, without the consent or approval at any time of any Member (each Member, by acquiring its Unit(s), being deemed to consent to any such amendment), may amend any provision of this Agreement or the Certificate of Organization of the Company, and may execute, swear to, acknowledge, deliver, file and record all documents required or desirable in connection therewith, to reflect:

- (i) A change in the name of the Company or the location of the principal place of business of the Company;
- (ii) The admission, dilution, substitution, termination or withdrawal of any Member in accordance with the provisions of this Agreement;
- (iii) A change that is necessary to qualify the Company as a limited liability company or a Company in which the Members have limited liability; and/or
- (iv) A change that is:
 - (a) Of an inconsequential nature and does not adversely affect any Member in any material respect;
 - (b) Necessary or desirable to cure any ambiguity or to correct or supplement any provisions of this Agreement; or
 - (c) Required or specifically contemplated by this Agreement.

By an instrument in writing, the Company and the Members may waive compliance by the Company and any other Member with any provision of this Agreement; provided, however, that such waiver shall not operate as a waiver of, or estoppel with respect to, any other or subsequent failure or with respect to the Company or a Member that has not executed and delivered any such waiver. No failure to exercise and no delay in exercising any right, remedy, or power hereunder shall operate as a waiver thereof, nor shall any single or partial exercise of any right, remedy, or power hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, or power provided herein or by law or at equity.

SECTION 11.4. Notices. All notices required or permitted to be given hereunder shall be in writing and may be delivered by hand, by facsimile, by private courier, or by United States mail. Notices delivered by mail shall be deemed delivered five (5) business days after being deposited in the United States mail, postage prepaid, registered or certified mail, return receipt requested. Notices delivered by hand, by facsimile, or by private carrier shall be deemed given on the business day following receipt (unless such day is a Saturday, Sunday or national holiday, in which case such notice shall be deemed given on the next business day); provided, however, that a notice delivered by facsimile shall only be effective if such notice is also delivered by hand, or deposited in the United States mail, postage prepaid, registered or certified mail, on or before two (2) business days after its delivery by facsimile. All notices to the Company shall be delivered to the following address and all notices to Members shall be delivered to the addresses set forth on EXHIBIT A (or at such other address for a party as shall be specified by like notice, except that notices after giving of which there is a designated period within which to perform an act and notices of changes of address shall be effective only upon receipt):

Rhino Hide LLC
273 Birch Banks Road
Sagle, ID 83860

Notice of change of address shall be effective only when done in accordance with this SECTION 11.4.

SECTION 11.5. Entire Agreement. This Agreement, together with (i) any Unit Subscription Agreement or Unit Award Agreement between the Company and any of the Members and (ii) any equity incentive plan established by the Board of Managers pursuant to SECTION 3.4 hereof any agreement evidencing any award thereunder, constitutes the entire agreement of the parties hereto with respect to the subject matter hereof and thereof and supersedes all prior agreements and undertakings, both written and oral, between the parties with respect to the subject matter hereof and thereof, except for contracts and agreements referred herein.

SECTION 11.6. No Agency. Except to the extent expressly provided herein, this Agreement shall not constitute an appointment of any of the Members as the legal representative or agent of any other Member, nor shall any Member have any right or authority to assume, create or incur in any manner any obligation or other liability of any kind, express or implied, against, or in the name or on behalf of, any other party.

SECTION 11.7. Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any rule of law or public policy, all other conditions and provisions of this Agreement shall nevertheless remain in full force and effect so long as the economic or legal substance of the transactions contemplated hereby is not affected in any manner adverse to any party. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in a mutually acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the greatest extent possible within a reasonable period of time.

SECTION 11.8. Counterparts. This Agreement may be executed in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original but all of which taken together shall constitute one and the same agreement.

SECTION 11.9. Headings; Exhibits. The headings contained in this Agreement are for reference purposes only and shall not affect in any way the meaning or interpretation of this Agreement. All exhibits and annexes attached hereto are incorporated in and made a part of this Agreement as if set forth in full herein.

SECTION 11.10. Further Assurances. The Company and each Member shall execute and deliver such instruments and take such other actions as may be reasonably required in order to carry out the intent of this Agreement.

SECTION 11.11. Specific Performance. The Company and each of the Members acknowledges and agrees that in the event of any breach of this Agreement the non-breaching party

would be irreparably harmed and could not be made whole by monetary damages. It is accordingly agreed that the parties hereto will waive the defense in any action for specific performance that a remedy at law would be adequate and that the Company and the Members hereto, in addition to any other remedy to which they may be entitled at law or in equity, shall be entitled to compel specific performance of this Agreement.

SECTION 11.12. Successors and Assigns. This Agreement shall be binding upon the transferees, successors, assigns and legal representatives of the parties to this Agreement.

SECTION 11.13. Pronouns and Plurals. Whenever the context may require, any pronoun used in this Agreement shall include the corresponding masculine, feminine or neuter forms, and the singular form of nouns, pronouns and verbs shall include the plural and vice versa. Any references in this Agreement to “including” shall be deemed to mean “including without limitation.”

SECTION 11.14. Binding Effect. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their heirs, executors, administrators, successors, legal representatives and permitted assigns.

SECTION 11.15. Creditors. None of the provisions of this Agreement shall be for the benefit of, or shall be enforceable by, any creditor of the Company.

SECTION 11.16. Conversion to Corporation.

(a) In the event that the Board of Managers determines that conducting the business of the Company in a corporate rather than in a limited liability company form would be necessary or desirable, then the Board of Managers, subject to the affirmative vote or written consent of the Requisite Management Members, shall have the power to convert the Company to a corporation or take such other action as it may deem advisable in light thereof, including (A) dissolving the Company, creating one or more subsidiaries of a newly formed corporation and, subject to the Act, transferring to such subsidiaries any or all of the assets of the Company (including by merger) or (B) causing the Members to, and the Members agree to, exchange their Units for shares of common stock of a newly formed corporation; provided, that the Company shall first obtain an opinion of counsel reasonably acceptable to each of the Members (unless such opinion requirement is waived by each of such Members) that any such action will be tax-free to the Members (such conversion to a corporation or other action, the “Conversion”).

(b) The Members shall receive shares of capital stock or other interests of such corporation or its subsidiaries (the “Surviving Corporation Shares”) in exchange for their respective Units, having the same relative economic interest and other rights and obligations in such corporation or its subsidiaries as is set forth in this Agreement, subject to any modifications deemed appropriate by the Board of Managers as a result of the Conversion to corporate form.

(c) At the time of such Conversion and subject to any legal, regulatory, stock exchange or other similar requirements, the Members shall, and hereby agree to take all actions reasonably requested by the Board of Managers in connection with the Conversion

and to cause the resulting corporation to be governed substantially as provided herein; provided, that such governance provisions and such Members' agreement shall terminate effective as of the initial public offering of the resulting corporation's common stock pursuant to an effective registration statement under the Securities Act of 1933, as amended.

SECTION 11.17. Invalidity of Provisions. If any provision of this Agreement is or becomes invalid, illegal or unenforceable in any respects, the validity, legality and enforceability of the remaining provisions contained herein shall not be affected thereby.

IN WITNESS WHEREOF, the Company and each of the Members have caused this Limited Liability Company Agreement to be executed by their duly authorized representatives as of the day and year first written above.
