THE FUTURE OPERATION OF THE COMPANY IS SPECULATIVE AND INVOLVES A DEGREE OF RISK. THERE IS NO GUARANTEE OR COMMITMENT OR OBLIGATION OF THE COMPANY THAT IT WILL BE SUCCESSFUL OR THAT IT WILL REMAIN IN EXISTENCE LONG ENOUGH FOR THE COMPANY WILL PAY BACK ALL OF THE INVESTMENT THAT IT HAS RECEIVED.

PRIOR TO MAKING A DECISION TO MAKE AN INVESTMENT AND IN PURCHASING UNITS IN THIS PROPOSAL, PROSPECTIVE INVESTORS SHOULD CAREFULLY CONSIDER THE FOLLOWING RISK FACTORS.

1. Operation of a Nail Spa Business. The likelihood of success of the Company must be considered in light of the problems, expenses, complications and delays frequently encountered in connection with a startup.
2. Dependence upon Key Personnel: Potential Conflicts of Interest. The Company is dependent in its operations upon the services of its management and service providers.
3. Competition. There are numerous competitors of the Company engaged in the nail spa industry. Many of these competitors have established brand names and/or pre-existing relationships with many of the Company's prospective customers. It will be necessary for the Company to communicate the quality and style of its operations in order to get customers to support the nail spa. There can be no guarantee that the Company will be successful in its efforts.
4. The Economy. The economy can weigh heavily upon the retail industry and the ability of people to use support the beauty industry. The demand for beauty services may fall if the economy should decline.
5. Force Majeure. Operation of any business contemplates the risk that natural or other disasters may cause significant interruptions. The Company may incur losses from natural disasters that are not insurable
6. Lack of Liquidity. There is no established market or exchange for the resale of the Units. An Investor seeking to sell their Units may have great difficulty in finding a buyer and may find no buyers for their Units.
7. Limited Transferability of Securities. The Investor should be fully aware of the long-term nature of his or her financial support of the Company. The Units may be transferred only if certain requirements are satisfied. The Investor has represented to the Company that it is acquiring the Units for his or her own investment only and without a view to their immediate resale or distribution. Even if the Investor offers to sell his or her Units after meeting all requirements, there may be no buyers for the Units. There is no market or exchange where the Support may offer their Units for sale. The Investor should consider any investment as 'illiquid' and one that cannot be readily converted into cash. Accordingly, purchasers of the Units must bear the economic risk inherent in the investment for an indefinite period.

8. Risk of Litigation. If the Company is subjected to lawsuits or proceedings by government entities or private parties, or other investors, then expenses or liabilities of the Company arising from any such suit would be borne by the Company. While the Company will seek to obtain a general liability insurance policy covering its activities, such insurance may not cover all costs and expenses related to litigation.

9. Income Taxes Imposed on Investors. It is anticipated that any distributions made to Investors above the amount of their investment will be taxed as ordinary income and treated as a passive investment for tax purposes. However, the tax circumstances of each Investor may vary, and Investors should check with their personal tax advisor to determine how they may be taxed.

10. Speculative Determination of Offering Price. The price of the Units being offered hereby was speculatively determined by the Company based upon a large number of assumptions regarding future events that may or may not happen. Accordingly, the price per Unit indicated on the cover of this Memorandum must be considered in terms of the likelihood that all of these future events may occur and the accuracy of the assumptions in terms of their impact on future value. The price for Units in this Offering bears no direct relationship to the current book value, assets or earnings of the Company or any other objective criteria of value.

11. New Business. The Company is newly formed and has limited operating history. Therefore, a prospective Investor has no prior performance of the Company upon which they may rely in assessing the future performance of the Company.

ANGELA DUPREE owns 100% before offering closes.

All officers, 0; directors, and employees as a group own 0%

The Company currently intends to retain its earnings for future growth and, therefore, do not anticipate declaring any dividends in the foreseeable future. The Company would expect that determinations to pay dividends on its shares would be based primarily upon the financial condition, results of operations, regulatory and business capital requirements, any restrictions contained in financing or other agreements binding upon the Company, and other factors that the board of directors deems relevant.

2. BUSINESS PLAN

The company strategy is to: Oh So Polished will open with 4 licensed nail technicians, 3 licensed hair all experienced professionals that will keep up will with the ever changing products and techniques within their craft. Unanticipated obstacles to execution of business plan

Our proposed plan of operation and prospects will depend largely upon our ability to successfully establish Company's presence in a timely fashion, retain and continue to hire skilled management, technical, marketing and other personnel; and attract and retain significant numbers of quality business partners and corporate clients. There can be no assurance that we will be able to successfully implement our business plan or develop or maintain future business relationships, or that unanticipated expenses, problems or technical difficulties which would result in material delays in implementation will not occur.

Competition

The market is highly competitive. There are low barriers to entry, and we expect that competition will intensify in the future. We believe that numerous factors, including price, client base, brand name, and general economic trends (particularly unfavorable economic conditions adversely affecting consumer investment), will affect our ability to compete successfully. Our competitors include many large companies that have substantially greater market presence and financial, technical, marketing and other resources than we do. There can be no assurance that we will be able to have the financial resources, technical expertise or marketing and support capabilities to compete successfully. Increased competition could result in significant price competition, which in turn could result in lower revenues, which could materially adversely affect our potential profitability.

Over Reliance on Management

We depend on our senior management to work effectively as a team, to execute our business strategy and business plan, and to manage employees and consultants. Our success will be dependent on the personal efforts of key personnel. Any of our officers or employees can terminate his or her employment relationship at any time, and the loss of the services of such individuals could have a material adverse effect on our business and prospects. Our senior management team has worked together for only a very short period and may not work well together as a management team.

Forward Looking Statements

This Memorandum contains forward-looking statements that are based on our current expectations, assumptions, estimates, and projections about our business, our industry, and the industry of our clients. When used in this Memorandum, the words "expects," "anticipates," "estimates," "intends," "believes," and similar expressions are intended to identify forward-looking statements. These forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those projected. The cautionary statements

made in this Memorandum should be read as being applicable to all related forward-looking statements wherever they appear in this Memorandum.

Investment in the Shares involves significant risks and is suitable only for persons of adequate financial means who have no need for liquidity with respect to this investment and who can bear the economic risk of a complete loss of their investment. The Offering is made in reliance on exemptions from the registration requirements of the Securities Act and applicable state securities laws and regulations.

The suitability standards discussed below represent minimum suitability standards for prospective investors. The satisfaction of such standards by a prospective investor does not necessarily mean that the Shares are suitable investment for such prospective investor. Prospective investors are encouraged to consult their personal financial advisors to determine whether an investment in the Shares is appropriate. The Company may reject subscriptions, in whole or in part, in its absolute discretion.

The Company will require each investor to represent in writing, among other things, that (i) by reason of the investor's business or financial experience, or that of the investor's professional advisor, the investor is capable of evaluating the merits and risks of an investment in the Shares and of protecting its own interests in connection with the transaction (ii) the investor is acquiring the Shares for its own account, for investment only and not with a view toward the resale or distribution thereof, (iii) the investor is aware that the Shares have not been registered under the Securities Act or any state securities laws, (iv) the investor is aware of, and has executed and delivered, the subscription agreement to be entered into in connection with the purchase of the Shares, (v) the investor is aware of the absence of a market for the Shares, and (vi) unless otherwise approved by the Company, such investor meets the suitability requirements set forth below.

Except as set forth below, each investor must represent in writing that he or she qualifies as a "non-accredited investor," as such term is defined in Rule Crowdfunding under the Securities Act and must demonstrate the basis for such qualification. To be an accredited investor, an investor must fall within any of the following categories at the time of the sale of the Shares to that investor:

Who Can Invest? And how much?

Generally, anyone can invest in an offering on Buy the Block; however, securities laws limit how much an investor – even those deemed “accredited investors” – may invest, in a single offer. These limits are calculated during a rolling 12-month period and for a given investor may not exceed:

the greater of \$2,200 or 5 percent of the annual income or net worth of such investor, as applicable, if either the annual income or the net worth of the investor is less than \$107,000; and

10 percent of the annual income or net worth of such investor, as applicable, not to exceed a maximum aggregate amount sold of \$107,000, if either the annual income or net worth of the investor is equal to or more than \$107,000.

As used in this Memorandum, the term "net worth" means the excess of total assets over total liabilities. In computing net worth for the purpose of (1) above, the principal residence of the investor must be valued at cost, including cost of improvements, or at recently appraised value by an institutional lender making a secured loan, net of encumbrances. In determining income, an investor should add to the investor's adjusted gross income any amounts attributable to tax exempt income received, losses claimed as a limited partner in any limited partnership, deductions claimed for depletion, contributions to an IRA or other retirement plan, alimony payments, and any amount by which income from long term capital gains has been reduced in arriving at adjusted gross income.

Any person or entity who meets the suitability standards set forth herein and who desires to purchase Shares offered hereby shall be required to deliver all the following to the Company prior to such purchase: (a) Signed original copies of the Subscription Agreement. On each signature page, the subscriber must sign, print his, her or its name, address, and social security number or tax identification number where indicated and print the number of Shares subscribed for and the date of execution. The Subscription Agreement will be used by the Company to determine whether the prospective purchaser is a "non-accredited investor," whether he or she has the requisite knowledge and experience in financial and business matters to be capable of evaluating the merits and risks of a purchase of the Shares, and to determine whether state suitability requirements have been met. All questions must be answered in full. If the answer to any question is "no" or "not applicable," please so state. The last page of the Subscription Agreement must contain the printed name of the subscriber, the required signature and the date of execution.

The Company reserves the right to accept or reject any subscription for Shares in whole or part for any reason whatsoever. If a subscriber is rejected by the Company, all funds tendered for investment will be returned to the subscriber, without interest or deduction, promptly after such rejection, along with notice thereof.
