RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Company's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

Global crises such as COVID-19 can have a significant effect on our business operations and revenue projections.

The Company's personal care products have been impacted by reduced demand for discretionary consumable products by consumers due to the impact of the COVID-19 pandemic, including increased unemployment and concerns about the economy. Continuing recessionary economic conditions, including after the direct impact of the pandemic has subsided, may continue to impact consumer demand for certain of our products and put downward pressure on product prices.

Additionally, the supply of our products depends on the uninterrupted efficient operation of the facilities of our contract manufacturers and other suppliers and our ability to meet customer service levels, and the manufacturing of certain of our products is concentrated in one or more of our contract manufacturers or other suppliers, with limited alternate qualified facilities available. Any event that disrupts or otherwise negatively impacts our contract manufacturers or other suppliers could result in the delivery of inferior products or our ability to meet customer requirements or service levels. As the COVID-19 pandemic continues, we could face challenges in on time delivery and full product shipments as a result of employee absenteeism or sickness, additional governmental or regulatory actions, closures or other restrictions that limit or close our contract manufacturers' facilities or those of our suppliers.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

We may face potential difficulties in obtaining capital.

We may have difficulty raising needed capital in the future as a result of, among other factors, the inherent business risks associated with our Company and present and future market conditions. We will require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide components and services for our products.

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

In particular, the Company currently relies on a limited number of contract manufacturers for the manufacture of the Company's products. These manufactures are located in Asia, Europe and the United States. We could experience material disruptions in production at these contract manufacturing facilities and other supply chain issues, which could result in out-of-stock conditions. If any of these manufacturers becomes insolvent, ceases or significantly reduces its operations or experiences financial distress, as a result of the COVID-19 pandemic or otherwise, or if any environmental, economic or other outside factors impact its operations, then we may be unable to meet our contractual obligations and customer expectations, which could damage our reputation and result in lost customers and sales, or the incurrence of higher than expected expenses.

Failure to effectively utilize or successfully assert intellectual property rights, and the loss or expiration of such rights, could materially adversely affect our competitiveness. Infringement by us of third-party intellectual property rights could result in costly litigation and/or the modification or discontinuance of our products.

The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. In addition, if our products are found to infringe intellectual property rights of others, the owners of those rights could bring legal actions against us claiming substantial damages for past infringement and seeking to enjoin manufacturing

and marketing of the affected products. If these legal actions are successful, in addition to any potential liability for damages from past infringement, we could be required to obtain a license in order to continue to manufacture or market the affected products, potentially adding significant costs. We might not prevail in any action brought against us or we may be unsuccessful in securing any license for continued use and therefore have to discontinue the marketing and sale of a product.

In particular, see the discussion of the Novoluto litigation matter under “Litigation” below in this Form C.

The Company’s success depends on the experience and skill of its key employees.

The Company depends upon the management and key personnel of the Company and, in particular, of Lora LeeAnne Haddock DiCarlo, our CEO. There can be no assurance that Ms. DiCarlo or any of our other key employees will continue to be employed by the Company for a particular period of time. The loss of Ms. DiCarlo, or any of our key employees, could harm the Company’s business, financial condition, cash flow and results of operations. In addition, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person’s absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Company, and even acquiring key man insurance would not ameliorate all of the risk of relying on key personnel.

Loss of services provided by Cara Delevingne could materially harm our product development and marketing efforts and our sales.

Cara Delevingne is an investor in and service provider to the Company. If for any reason Ms. Delevingne ceases to provide services to the Company, it could materially harm our product development and marketing efforts and our sales.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

In addition, the effectiveness of our brand could suffer if our marketing plans or product initiatives do not have the desired impact on the brand’s image or its ability to attract consumers. Our brand could suffer damage to its reputation due to real or perceived, sustainability, quality or safety issues, including as a result of, among other things, significant product recalls, product-related litigation, defects or impurities in our products, product misuse, changing consumer perceptions of certain ingredients or environmental impacts (including packaging, energy and water use and waste management), or allegations of product tampering. In addition, as our sales on e-commerce platforms grow, we may be unable to prevent sales of counterfeit, pirated, or stolen goods, unlawful or unethical sales, unauthorized resellers online, or sales in violation of our policies.

Additionally, claims made in our marketing campaigns may become subject to litigation alleging false advertising and could cause us to alter our marketing plans and may affect sales or result in the imposition of significant damages against us.

In addition, if our products are found to be defective in labeling or content, we may be exposed to liability, in addition to reputational harm. Sale of our products may expose the Company to potential product liability claims, recalls or other regulatory or enforcement actions initiated by federal, state or foreign regulatory authorities or through private causes of action. Such claims, recalls or actions could be based on allegations that, among other things, the products sold by the Company are misbranded, contain contaminants or impermissible ingredients, provide inadequate instructions regarding their use or misuse, or include inadequate warnings concerning flammability or interactions with other substances. Claims against the Company could also arise as a result of the misuse by purchasers of our

products or as a result of their use in a manner different than the intended use. The Company may be required to pay for losses or injuries actually or allegedly caused by the products the Company sells and to recall any product the Company sells that is alleged to be or is found to be defective.

We face intense competition in our market.

We face intense competition from consumer products companies, both in the U.S. and in international markets. Our products compete with widely-advertised promoted and merchandised brands. During times of economic uncertainty, consumers may purchase more lower price brands. We may be required to reduce the prices for some of our products to respond to competitive and customer pressures, which could have a material adverse effect on the Company. Advertising, promotion, merchandising and packaging also have a significant impact on retail customer decisions regarding the brands and product lines they sell and on consumer purchasing decisions. A newly introduced consumer product (whether improved or newly developed) usually encounters intense competition requiring substantial expenditures for advertising, sales promotion and trade merchandising. If a product gains consumer acceptance, it normally requires continued advertising, promotional support and product improvements to maintain its relative market position. If our advertising, marketing and promotional programs are not effective, our sales will be materially and adversely effected.

Many of our competitors have greater financial resources than we do, and, therefore, have the capacity to outspend us on advertising and promotional activities and introduce competing products more quickly and respond more effectively to changing business and economic conditions than we can. See “Competition” below in this Form C for more information and a discussion of our competitors.

We have a substantial amount of debt.

The Company has a substantial amount of outstanding debt to related parties; see discussion below in this Form C under “Outstanding Debt.” Some of the debt is secured by the assets of the Company. Accordingly, in the event the Company is unable to pay the indebtedness when due, the lender may foreclose on the assets of the Company, which could leave the Company without any assets or any ability to generate revenue. The substantial indebtedness and other contractual commitments of the Company may adversely affect its business, financial condition, results of operations, and ability to meet its existing payment obligations.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including “bugs” and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies

and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

For example, any future determination by the U.S. Food and Drug Administration (“FDA”) or a similar foreign agency or any other agency, or by us in reviewing our compliance with applicable rules and regulations, that our products or quality systems are subject to, or do not comply with, applicable regulations could result in future compliance activities, including product withdrawals or recalls, import detentions, injunctions preventing the shipment of products, or other enforcement actions. In particular, future consumable products that we may develop and offer may require FDA review or approval.

As another example, we are also subject to regulation by the Federal Trade Commission (“FTC”) in connection with the content and truthfulness of our labeling, advertising, promotion, trade practices and other matters. The FTC has instituted numerous enforcement actions against companies for failure to adequately substantiate claims made in advertising or for the use of otherwise false or misleading advertising claims. These enforcement actions have resulted in consent decrees and the payment of civil penalties and/or restitution by the companies involved. Such actions can result in substantial financial penalties and significantly restrict the marketing of our products.

As another example, the Consumer Product Safety Commission (“CPSC”) has jurisdiction over consumer products, regulates their safety and has authority over recalls.

Additional legislation may be introduced which, if passed, could impose substantial new regulatory requirements on wellness devices and other products the Company offers. The effect of additional domestic or international governmental legislation, regulations, or administrative orders, if and when promulgated, cannot be determined. New legislation or regulations may require the reformulation of certain products to meet new standards and require the recall or discontinuance of certain products not capable of reformulation.

We cannot predict whether new legislation regulating our activities will be enacted or what effect any legislation would have on our business.

The Company is subject to conflict-of-interest risks associated with certain lending arrangements.

The Company is party to lending arrangements with a non-officer employee and also with an entity controlled by our Chief Operating Officer. Some or all of these agreements may not have been negotiated in an arms-length manner and may contain terms that are different than those contained in similar arms-length commercial agreements.

The Company is subject to conflict-of-interest risks associated with 100% of the outstanding shares of voting capital stock of the Company being controlled by spousal equivalents.

Lora LeeAnne Haddock DiCarlo, the Company’s Chief Executive Officer, and Douglas Layman, the Company’s Chief Operating Officer, are spousal equivalents who together effectively control 100% of the outstanding voting capital stock of the Company.

Ms. DiCarlo individually owns 24.42% of the outstanding common shares. The Oregon Opportunity Zone Limited Partnership, an entity controlled by Mr. Layman and of which he is the General Partner, owns 63.82% of the outstanding common shares. River Bend Capital LLC owns 11.75% of the outstanding common shares and is an entity wholly-owned by Mr. Layman.

The Company may be subject to various other potential conflicts of interest because some of its officers and directors may be engaged in a range of business activities.

In some cases, the Company’s officers and directors may have fiduciary obligations associated with these business interests that interfere with their ability to devote time to the Company’s business and affairs and that could adversely affect the Company’s operations. These business interests could require significant time and attention of the Company’s officers and directors.

In addition, the Company may also become involved in other transactions which conflict with the interests of its directors and officers who may from time to time deal with persons, firms, institutions or corporations with which the Company may be dealing or which may be seeking investments similar to those desired by the Company. The interests of these persons could conflict with those of the Company. Conflicts of interest, if any, will be subject to the procedures and remedies provided under applicable laws.

Risks Related to the Offering

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission’s EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered Offerings, which may include access to quarterly and annual financial statements that have

been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investor commitment amounts based on the Company's determination of an Investor's sophistication.

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering Deadline.

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

The Company may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on half of the proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Securities law is complex, and the Company could potentially be found to have not complied with securities law in connection with this Offering.

Prior to filing this Form C, the Company engaged in "testing the waters" permitted under Regulation Crowdfunding (17 CFR 227.206), which allows issuers to communicate to determine whether there is interest in the offering. All communication sent is deemed to be an offer of securities for purposes of the antifraud provisions of federal securities laws. Any Investor who expressed interest prior to the date of this Offering should read this Form C thoroughly and rely only on the information provided herein and not on any statement made prior to the Offering. The communications to Investors prior to the Offering are attached hereto as **Exhibit D**.

Risks Related to the Securities

The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney. Additionally, investors will only have a beneficial interest in the Securities, not legal ownership, which may make their resale more difficult.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. Additionally, Investors will only have a beneficial interest in the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the Custodian.

Investors will not have a beneficial interest in equity of the Company until the Company decides to convert the Securities into “CF Shadow Securities” (the type of equity securities issuable upon conversion of the Securities) or until there is a change of control or sale of substantially all of the Company’s assets.

Investors will not have a direct or indirect ownership claim to the Company or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Company. Investors will not have a beneficial interest in shares of the Company unless the Company receives a future round of financing great enough to trigger a conversion and the Company elects to convert the Securities into CF Shadow Securities, in which case the Custodian will become the legal owner and holder of record. The Company is under no obligation to convert the Securities into CF Shadow Securities. In certain instances, such as a sale of the Company or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than a beneficial interest in equity in the Company.

Investors will not have voting rights, even upon conversion of the Securities into CF Shadow Securities. Upon the conversion of the Securities into CF Shadow Securities (which cannot be guaranteed), the holder of the CF Shadow Securities will vote in tandem with the majority holders of whichever series of securities the CF Shadow Securities follow.

Investors will not have the right to vote upon matters of the Company even if and when their Securities are converted into CF Shadow Securities (the occurrence of which cannot be guaranteed). Upon such conversion, the CF Shadow Securities will have no voting rights and, in circumstances where a statutory right to vote is provided by state law, the CF Shadow Security holder, the Custodian, will vote the CF Shadow Securities with the majority of the holder(s) of the securities issued in the round of equity financing that triggered the conversion right. For example, if the Securities are converted in connection with an offering of Series B Preferred Stock, Investors would receive a beneficial interest in CF Shadow Securities in the form of a beneficial interest in shares of Series B-CF Shadow Preferred Stock, and the Custodian would be bound by their terms to vote their shares of Series B-CF Shadow Preferred Stock consistent with the majority of the Series B Preferred Stockholders. Thus, Investors will essentially never be able to vote upon any matters of the Company.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in “default” and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may the Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.

The Company may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an initial public offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company’s assets or profits and have no voting rights or ability to direct the Company or its actions.

Equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.

The Company’s equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor’s economic interest in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company’s needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holder of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

In addition, the Company has certain equity grants and convertible securities outstanding. Should the Company enter into a financing that would trigger any conversion rights, the converting securities would further dilute the equity securities receivable by the holder of the Securities upon a qualifying financing. The Company also has a cash incentive plan for employees that provides for payments in connection with a sale of the Company. These payments will have the effect of reducing amounts available for the holder of the Securities.

Equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Company at the time of conversion.

In the event the Company decides to exercise the conversion right, the Company will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the Conversion Price (as defined in the Omnibus Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the Conversion Price and not in proportion to the price per share paid by new investors receiving the equity securities. Upon conversion of the Securities, the Company may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Company.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Omnibus Crowd SAFE agreement, which is attached hereto as **Exhibit C**.

There is no present market for the Securities and we have arbitrarily set the price.

The Offering price was not established in a competitive market. We have arbitrarily set the price of the Securities. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

In the event of the dissolution or bankruptcy of the Company, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Company, the holder of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, included preferred stock holders, have been paid in full. Neither the holder of the Securities nor the holder of CF Shadow Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Company.

While the Securities provide mechanisms whereby the holder of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Company does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, the holder of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Company does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

The Company anticipates continued commitments to both its product development and sales and marketing functions for the foreseeable future.

Competition

We compete in the personal care consumer product category, which is highly competitive. This category requires significant advertising and promotion. We compete in this category primarily on the basis of product innovation and performance, brand recognition, value and other consumer benefits. If we are unable to maintain price or trade terms acceptable to our customers, they could increase product purchases from competitors and reduce purchases from us, which would harm our sales and potential profitability.

Our competitors include, among others, LUVU Brands, Standard Innovation, Lovehoney, OhMiBod, Doc Johnson, Reckitt Benckiser, Dame, Lelo, Satisfyer and Womanizer. Many of these companies have greater financial resources than we do and have the capacity to outspend us in their attempts to gain market share.

Product introductions typically involve introductory marketing and sales costs in the year of launch, and we usually are not able to determine whether new products and line extensions will be successful until a period of time has elapsed following the introduction of new products or the extension of the product lines. For additional discussion of the competitive environment in which we conduct our business, see "Risk Factors."

Customer Base

The Company sells both direct to consumers and via business-to-business accounts. End customers to date cross a broad age range. Thus far, geographic distribution is weighted heavily towards the US, with management seeing opportunity for growth in Europe and Asia.

Supply Chain

The Company's products are manufactured by contract manufacturers in Asia, Europe and the United States. The products are then delivered to contract warehouses, one in Asia, one in Europe and one in the United States. Products are shipped to customers directly from those warehouses.

Intellectual Property of the Company

Lora DiCarlo presently has thirteen utility patents pending, along with certain brand and product name trademarks registered or pending. More detailed information is included in the table below.

Governmental/Regulatory Approval and Compliance

The Company is subject to and affected by the laws and regulations of U.S. federal, state and local governmental authorities. These laws and regulations are subject to change.

Litigation

The Company is periodically involved in legal actions and claims that arise as a result of events that occur in the normal course of operations.

In addition, on or about January 4, 2021, the Company was served with a complaint filed in United States District Court for the District of Oregon captioned Novoluto GmbH v. Uccellini LLC, d/b/a Lora DiCarlo. Novoluto GmbH (“Novoluto”) is a patent holding company affiliated with WOW Tech Int’l GmbH, a competitor of the Company that manufactures and sells the Womanizer adult stimulation product. The complaint alleges that Company products infringe U.S. Patent Nos. 9,763,851 (“the ’851 Patent”); 9,849,061 (“the ’061 Patent”); and 9,937,097 (“the ’097 Patent”) (collectively, the “Asserted Patents”). On or about February 22, 2021, the Company moved to stay the litigation pending the completion of the inter partes review proceedings (Proceeding Nos. IPR2019-01444, IPR2019-01302, and IPR2020-00007) instituted and ongoing before the United States Patent Trademark Office (“USPTO”) with respect to the validity of the Asserted Patents. On May 19, 2021, the Court entered a stay pending a final decision in each of the three IPR proceedings, the last of which will likely occur in the early fall of 2021. On June 14, 2021, the Patent Trial and Appeals Board (“PTAB”) declined to invalidate any of the claims in the ’097 Patent, leaving all claims of the patent intact. The PTAB is expected to rule on the ’851 and ’061 Patents by September 2021. Given the overlapping arguments raised in the petitions requesting *inter partes* review of the three patents, there is a strong possibility that the central patent claims asserted against the Company will survive the IPR proceedings intact, and the Oregon litigation will resume. If the Company’s products are found to infringe Novoluto’s intellectual property rights, Novoluto could be entitled to substantial damages for past infringement and seek to enjoin manufacturing and marketing of the target products. If Novoluto prevails, in addition to any potential liability for damages from past infringement, the Company could be required to obtain a license in order to continue to manufacture or market the target products, potentially adding significant costs. We might not prevail in any action brought against us or we may

be unsuccessful in securing any license for continued use and therefore have to discontinue the marketing and sale of a product.

Also, a former employee has filed a claim with the Oregon Bureau of Labor and Industries (BOLI) alleging harassment, discrimination and retaliation, resulting in constructive discharge. The Company denies wrong-doing and asserts that the employee’s employment ended because the employee’s position was eliminated and the employee did not accept the alternative position offered; the Company filed a position statement to that effect with BOLI on June 15, 2021. If the former employee were to successfully pursue the claim in court, they could be entitled to damages.

USE OF PROCEEDS

The following table illustrates how we intend to use the net proceeds received from this Offering. The values below are not inclusive of payments to financial and legal service providers and escrow related fees, all of which were incurred in the preparation of this Offering and are due in advance of the closing of the Offering.

Product/IP	14%	\$3,500	14%	\$700,000
General Corporate	14%	\$3,500	14%	\$700,000
Total	100%	\$25,000	100%	\$5,000,000

We intend to use the net proceeds from this Offering for sales and marketing, continued product development and related intellectual property protection, and general corporate purposes.

The Company has discretion to alter the use of proceeds set forth above to adhere to the Company’s business plan and manage liquidity requirements. A “Qualified Financing” for purposes of the Series 1 SAFEs means an equity financing of at least \$1,000,000, excluding the conversion value of the Series 1 SAFEs and any other SAFEs and convertible notes. FINANCIAL INFORMATION

Please see the financial information listed on the cover page of this Form C and attached hereto in addition to the following information. Financial statements are attached hereto as Exhibit A.

Operations

Uccellini Inc. (the "Company") is a Delaware corporation that was originally formed on September 13, 2017 as a Delaware limited liability company. The Company is headquartered in Bend, Oregon.

Cash and Cash Equivalents

At December 31, 2020, the Company's cash and cash equivalents was \$1,224,742; at December 31, 2019, the Company's cash and cash equivalents was \$2,276,194.

As of May 31, 2021 the Company had an aggregate of \$137,270 in cash and cash equivalents. With additional financing already in process, management estimates runway in excess of 12 months, as described below.

Liquidity and Capital Resources

The Company has generated operating losses and negative cash flows from operations since inception. The Company anticipates continued commitments to both its product development and sales and marketing functions for the foreseeable future. With respect to the Company's viability as a going concern, one should refer also to footnotes accompanying the financial statements attached hereto as Exhibit A. Under the Company's recently reduced cost structure, management estimates the Company can achieve breakeven at roughly \$470,000 per month in net revenue, but there can be no guarantee of that.

Management believes the Company could operate on cash reserves and known financing sources for a period in excess of 12 months. Such financing sources include an existing credit line (see discussion above regarding the unsecured promissory note issued effective July 1, 2021 under which the Company may borrow an additional \$350,000), expected additional EIDL financing in the approximate amount of \$350,000, and this Offering. If necessary, management believes it could extend the Company's runway by implementing additional cost controls. Management believes that the proceeds from the Offering and moderate revenue growth (in excess of \$470,000 per month in net revenue) should extend the Company's runway through profitability, but there can be no guarantee of that.

Capital Expenditures and Other Obligations

The Company does not intend to make any material capital expenditures in the near future.

Valuation

The Company has ascribed no pre-Offering valuation to the Company, except that the above-referenced stock options have an exercise price that reflects a \$25,000,000 valuation of the Company; the securities are priced arbitrarily. Specifically, the “Valuation Cap” in the Securities has been established without the benefit of any appraisal or valuation of the Company and does not establish the value of the Securities. The Series 1 SAFEs discussed elsewhere in this Form C have a “Valuation Cap” of \$25,000,000.

Material Changes and Other Information

Trends and Uncertainties

After reviewing the above discussion of the steps the Company intends to take, potential Investors should consider whether achievement of each step within the estimated time frame will be realistic in their judgment. Potential Investors should also assess the consequences to the Company of any delays in taking these steps and whether the Company will need additional financing to accomplish them.

Please see the financial statements attached hereto as **Exhibit A** for subsequent events and applicable disclosures.

The minimum amount that an Investor may invest in the Offering is \$100, and the maximum amount that an Investor may invest in the Offering is \$500,000, each of which is subject to adjustment in the Company’s sole discretion.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by OpenDeal Portal LLC dba Republic (the “**Intermediary**”), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with Prime Trust, LLC until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline, or such earlier time as the Company designates pursuant to Regulation CF, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds.**

The Company will notify Investors through the Intermediary when the Target Offering Amount has been reached. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Company designates pursuant to Rule 304(b) of Regulation CF, the Company may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Company conducts an initial closing (the “**Initial Closing**”), the Company agrees to only withdraw half of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Company may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the amount committed on the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Company upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Company has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Company until they are accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Company rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

The Securities

We request that you please review this Form C, the Subscription Agreement and Omnibus Crowd SAFE instrument attached hereto as **Exhibit C**, in conjunction with the following summary information.

Transfer Agent and Registrar

The Company will act as transfer agent and registrar for the Securities.

Not Currently Equity Interests

The Securities are not currently equity interests in the Company and merely provide a right to receive equity or payments at some point in the future upon the occurrence of certain events.

Dividends

The Securities do not entitle Investors to any dividends.

Conversion

Upon each future equity financing resulting in proceeds to the Company of not less than \$3,000,000 (each an “**Equity Financing**”), the Securities are convertible at the option of the Company, into CF Shadow Securities, which are securities identical to those issued in such future Equity Financing except (1) they do not provide the right to vote on any matters except as required by law, (2) they require the Custodian, to vote in accordance with the majority of the investors purchasing securities from the Company in such Equity Financing with respect to any such required vote and (3) they do not provide any inspection or information rights (other than those contemplated by Regulation CF or otherwise required by law). The Company has no obligation to convert the Securities in any Equity Financing.

Conversion Upon the First Equity Financing

If the Company elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, the Custodian will receive (and the Investor will receive a pro rata beneficial interest in) the number of CF Shadow Securities equal to the greater of the quotient obtained by dividing the aggregate amount all Investors paid for the Securities (the “**SAFE Amount**”) by (a) or (b) immediately below (the “**Conversion Price**”):

(a) the quotient of \$40,000,000 divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**Safes**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes;

OR

(b) the price per share of the securities sold in such Equity Financing multiplied by 90%.

Such Conversion Price shall be deemed the “**First Equity Financing Price**”.

Conversion After the First Equity Financing

If the Company elects to convert the Securities upon an Equity Financing other than the first Equity Financing following the issuance of the Securities, the Custodian will receive (and the Investor will receive a pro rata beneficial interest in) the number of CF Shadow Securities equal to the quotient obtained by dividing (a) the SAFE Amount by (b) the First Equity Financing Price.

Conversion Upon a Liquidity Event Prior to an Equity Financing

In the case of a Liquidity Event (other than an IPO) prior to any Equity Financing, the Custodian will generally be entitled to receive (and the Investor will generally be entitled to receive a pro rata beneficial interest in) the greater of (i) a cash payment equal to the SAFE Amount (the “**Cash Out Amount**”) or (ii) the amount (the “**Conversion Amount**”) that would have been payable in the Liquidity Event had the Custodian held a number of shares of Common Stock of the Company equal to the SAFE Amount divided by the quotient of (a) \$40,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Company’s capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (x) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (y) any Safes; (z) convertible promissory notes; and (aa) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes. A “**Liquidity Event**” means a Change of Control, as defined below, or an IPO, as defined below.

The Cash Out Amount will generally be due and payable by the Company to the Custodian for the benefit of the Investors at the closing of the Liquidity Event. Generally, the Custodian’s right to receive the Cash Out Amount for the benefit of the Investors is junior to payment of indebtedness and creditor claims, on par with payments for other SAFEs and/or Preferred Stock and senior to payments for Common Stock.

If applicable, the Conversion Amount will generally be due and payable by the Company to the Custodian for the benefit of the Investors at the closing of the Liquidity Event. Generally, the Custodian’s right to receive the Conversion Amount for the benefit of the Investors is (A) on par with payments for Common Stock and other SAFEs and/or Preferred Stock who are also receiving proceeds from the Liquidity Event on a similar as-converted to Common Stock basis, and (B) junior to payment of indebtedness and creditor claims and also junior to “cash out” payments to SAFE holders and Preferred Stock liquidation preferences.

“**Change of Control**” as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Company’s board of directors, (ii) any reorganization, merger or consolidation of the Company, in which the outstanding voting security holders of the Company fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Company.

In the case of an IPO (as defined below) prior to any Equity Financing, the Custodian will generally be entitled to receive (and the Investor will generally be entitled to receive a pro rata beneficial interest in) a number of shares of Common Stock of the Company equal to the SAFE Amount divided by the quotient of (a) \$40,000,000 divided by (b) the number, as of immediately prior to the IPO, of shares of the Company's capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (x) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (y) any Safes; and (z) convertible promissory notes. "IPO" means, generally, an initial public offering of the Company's common stock or a reverse merger or reverse takeover whereby an existing public "shell company" acquires the Company.

Conversion Upon a Liquidity Event Following an Equity Financing

In the case of a Liquidity Event (other than an IPO) following any Equity Financing, the Custodian will generally be entitled to receive (and the Investor will generally be entitled to receive a pro rata beneficial interest in) the greater of (i) the Cash Out Amount or (ii) the amount (the "**Post-Equity Financing Conversion Amount**") that would have been payable in the Liquidity Event had the Custodian held a number of shares of Common Stock of the Company equal to the SAFE Amount divided by the First Equity Financing Price.

The Cash Out Amount will generally be due and payable by the Company to the Custodian for the benefit of the Investors at the closing of the Liquidity Event. Generally, the Custodian's right to receive the Cash Out Amount for the benefit of the Investors is junior to payment of indebtedness and creditor claims, on par with payments for other SAFEs and/or Preferred Stock and senior to payments for Common Stock.

If applicable, the Post-Equity Financing Conversion Amount will generally be due and payable by the Company to the Custodian for the benefit of the Investors at the closing of the Liquidity Event. Generally, the Custodian's right to receive the Post-Equity Financing Conversion Amount for the benefit of the Investors is (A) on par with payments for Common Stock and other SAFEs and/or Preferred Stock who are also receiving proceeds from the Liquidity Event on a similar as-converted to Common Stock basis, and (B) junior to payment of indebtedness and creditor claims and also junior to "cash out" payments to SAFE holders and Preferred Stock liquidation preferences.

In the case of an IPO following any Equity Financing, the Custodian will generally be entitled to receive (and the Investor will generally be entitled to receive a pro rata beneficial interest in) a number of shares of Common Stock of the Company equal to the SAFE Amount divided by the First Equity Financing Price.

Each Investor will have a beneficial interest in the Omnibus Crowd SAFE, based on the amount of their investment. An Investor receives a beneficial interest in equity or cash, in each case as described above, based on their Purchase Amount relative to the SAFE Amount.

Dissolution

If there is a Dissolution Event (as defined below) before the Securities terminate, the Investor will generally be entitled (subject to the liquidation priority set forth in the following paragraph) to receive a portion of proceeds legally available for distribution equal to the Cash-Out Amount.

The Cash Out Amount will generally be due and payable by the Company to the Custodian for the benefit of the Investors at the time of the Dissolution Event. Generally, the Custodian's right to receive the Cash Out Amount for the benefit of the Investors is junior to payment of indebtedness and creditor claims, on par with payments for other SAFEs and/or Preferred Stock and senior to payments for Common Stock.

A "**Dissolution Event**" means (i) a voluntary termination of operations by the Company, (ii) a general assignment for the benefit of the Company's creditors or (iii) any other liquidation, dissolution or winding up of the Company (excluding a Liquidity Event), whether voluntary or involuntary.

Termination

The Securities terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur: (i) the issuance of shares or other cash or property to the Custodian for the benefit of the Investors pursuant to the conversion provisions of the Subscription Agreement and

Omnibus Crowd SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Custodian for the benefit of the Investors pursuant to a Liquidity Event or a Dissolution Event.

Voting and Control

Neither the Securities nor the securities issuable upon the conversion of the Securities have voting rights.

The Company, its stockholders and its sole option holder are parties to a Securityholders Agreement dated March 1, 2021 (the “**Securityholders Agreement**”). The Securityholders Agreement provides for, among other things, (1) “drag along” rights that enable holders of more than 75% of the outstanding shares of Common Stock to force a minority stockholder to join in the sale of the Company, (2) “tag along” rights in favor of minority stockholders, which rights provide that, if a majority stockholder sells its shares, the minority stockholder has the right to join the transaction and sell its minority stake in the Company, (3) preemptive rights in favor of the securityholders who are parties to the agreement, and (4) restrictions on transfer of shares, rights of first refusal, certain rights of repurchase and other rights and obligations of the parties to the agreement. None of the Custodian or the Investors will have any rights or obligations under the Securityholders Agreement.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that the Custodian for the benefit of the Investors may eventually have in the Company.

Restrictions on Transfer

In addition to all other restrictions on transfer, the Securities being offered may not be transferred by any purchaser of such Securities during the one-year period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Company; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstances. “Member of the family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships.

An Investor’s interest in the Securities may not be assigned without the Company’s consent, except that such interest may be assigned by the Investor to (i) a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstance, or (ii) any other entity who directly or indirectly, controls, is controlled by or is under common control with the Investor, including, without limitation, any general partner, managing member, officer or director of the Investor, or any venture capital fund now or hereafter existing which is controlled by one or more general partners or managing members of, or shares the same management company with, the Investor, and any such assignment shall require such transferee to assume the rights and obligations of the Investor’s custody account agreement with the Custodian in accordance with the assignment provision thereof, or such transferee must otherwise execute a custody account agreement with the Custodian.

In addition to the foregoing restrictions, prior to making any transfer of an Investor’s interest in the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel reasonably satisfactory to the Company stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer any interest in the Securities or any capital stock into which they are convertible to any of the Company’s competitors, as determined by the Company in good faith.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

Other Material Terms

The Company does not have the right to repurchase the Securities.

- The Securities do not have a stated return or liquidation preference.
- The Company cannot determine if it currently has enough capital stock authorized to issue upon the conversion of the Securities, because the amount of capital stock to be issued is based on the occurrence of future events.

COMMISSION AND FEES

At the conclusion of the Offering, the issuer shall pay a fee of six percent (6%) of the amount raised in the Offering to the Intermediary.

Stock, Warrants and Other Compensation

The Intermediary will also receive compensation in the form of securities equal to two percent (2%) of the total number of the Securities sold in the offering

Independent Auditor's Report

To the Members of
Uccellini, LLC DBA Lora Dicarlo:

We have audited the accompanying financial statements of Uccellini, LLC DBA Lora Dicarlo, which comprise the balance sheets as of December 31, 2020 and 2019, and the related statements of operations and changes in members' equity (deficit), and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the

financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Uccellini, LLC DBA Lora Dicarolo as of December 31, 2020 and 2019, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter – Going Concern

The accompanying financial statements have been prepared assuming that the company will continue as a going concern. As discussed in Note 2 to the financial statements, the company has suffered recurring losses from operations and has a net capital deficiency that raises an uncertainty about its ability to continue as a going concern. Management's plans in regard to these matters are also described in Note 2. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our conclusion is not modified with respect to this matter.

**Uccellini, LLC DBA Lora DiCarlo
Notes to Financial Statements
December 31, 2020 and 2019**

1. The Company and Summary of Significant Accounting Policies

(a) The Company

Uccellini, LLC DBA Lora DiCarlo (“the Company”) offers consumer personal care products and devices. The Company’s administrative, sales, engineering and technical services operations are located in Bend, Oregon. Prior to 2020, the Company was engaged in research, development, and prototype development of its products.

(b) Revenue Recognition

On January 1, 2020, the Company adopted Accounting Standards Update (ASU) 2014-09, *Revenue from Contracts with Customers (Topic 606)*, using the modified retrospective method of adoption. The adoption did not result in a material change to the accounting for the Company’s revenue. Accordingly, no cumulative effect adjustment was recorded as of January 1, 2020.

The Company accounts for revenue contracts with customers through the following steps:

1. Identify the contract with a customer;
2. Identify the performance obligation(s) in the contract;
3. Determine the transaction price to the performance obligations in the contract;
4. Allocate the transaction price; and
5. Recognize revenue when or as the Company satisfies a performance obligation.

The Company’s performance obligations are the sale of personal care products and devices at a fixed price per unit. The Company satisfies the performance obligation upon shipment of the goods to the customer and recognizes revenue when control of the promised good is transferred to the customer, generally upon shipment of the product. The Company has elected to treat shipping and handling activities after a customer has obtained control of the goods as fulfillment activities. Shipping and handling fees that are billed to the customer are recognized in revenue, and the costs associated with such fees and expenses are recorded in cost of goods sold in the statements of operations.

The Company’s contract balances consist of accounts receivable which represent the Company’s unconditional right to receive consideration from its customers. Accounts

receivable are carried at invoice price less an estimate for doubtful accounts, if applicable. The Company does not adjust the amount of consideration for a financing component as the period between the transfer of goods and the customer's payment is, at contract inception, expected to be one year or less. The Company has no other contract assets or liabilities on the balance sheet for any of the periods presented.

The Company sells through various sales channels including direct to consumer, resellers, and distributors.

The Company offers a two-year limited product warranty, for replacement of product or repair, and typically does not allow returns. The warranty is considered an assurance type warranty and not a separate performance obligation.

(c) Cost of Goods Sold

Cost of goods sold primarily consists of costs of products sold to customers and shipping and handling costs relating to shipments of inventory.

(d) Concentrations of Credit Risk

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of temporary cash investments. The Company periodically maintains balances in excess of the federally insured limit.

The Company grants credit to customers of various sizes throughout the United States. Accounts receivable consist primarily of the net amounts to be collected from customers. The Company performs ongoing credit evaluations of its customers' financial condition but requires no collateral from its customers. The Company estimates its allowance for doubtful accounts based on historical write-off activity and known specific issues or disputes that exist as of the balance sheet date. Management believes that the risk of loss on its accounts receivable is adequately reserved for in the accompanying financial statements. Uncollectible accounts are written off against the allowance for doubtful accounts after exhausting all collection attempt remedies.

The Company had accounts receivable from two customers equal to \$89,970 or 72.2% of total accounts receivable at December 31, 2020.

(e) Cash and Cash Equivalents

Cash and cash equivalents include short-term, liquid investments with an original maturity of three months or less at acquisition.

(f) Inventory

Inventory is stated at the lower of cost or net realizable value and consists of finished

goods. The process for evaluating excess and obsolete inventory requires the Company to make subjective judgments and estimates concerning future sales levels, quantities, and prices at which such inventories will be able to be sold in the normal course of business.

(g) Property and Equipment

Property and equipment is stated at cost, less accumulated depreciation and amortization. Depreciation and amortization is determined using the straight-line method

over the estimated useful lives of the related assets, which range from 3 to 5 years. When property and equipment are retired or otherwise disposed of, the cost and accumulated depreciation and amortization are removed from the accounts and any resulting gain or loss is recorded in the results of operations in the period of disposal or retirement.

(h) Long-Lived Assets and Impairment Assessments

Long-lived assets, including property and equipment and other assets, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset group may not be recoverable. In evaluating the value and future economic benefits of long-lived assets, their carrying value is compared to management's estimate of the anticipated undiscounted future net cash flows of the related long-lived asset. There were no impairment charges during the years ended December 31, 2020 and 2019.

(i) Advertising and Promotion Costs

Advertising and promotion costs are expensed as incurred and totaled \$555,449 and \$208,512 during the years ended December 31, 2020 and 2019, respectively.

(j) Income Taxes

The Company is a limited liability company ("LLC") under the Internal Revenue Code but files its income tax return as a partnership. As an LLC, the Company's taxable income (loss) flows to the members' individual federal and state income tax returns. Accordingly, no income tax provision or benefit is presented for financial statement purposes.

The Company follows the guidance under Accounting Standards Codification ("ASC") 740, *Income Taxes*, in accounting for uncertainties in income taxes, and defines the thresholds for recognizing the benefits of tax return positions in the financial statements as "more-likely-than-not" to be sustained by the taxing authority. The Company recognizes interest and penalties related to unrecognized tax benefits as a component of income tax expense. At December 31, 2020, the Company has no unrecognized tax benefits and the Company's statutes of limitations are closed for all federal and state tax years before 2017. The Company is not currently under any Internal Revenue Service or state tax examination.

(k) Equity-Based Compensation

The Company records equity-based compensation expense in accordance with ASC 718, *Compensation – Stock Compensation*. This statement requires that all equity-based

compensation be recognized as an expense in the financial statements and that such cost be measured at the fair value of the award. The Company recognizes equity-based compensation expense over the vesting period of the awards on a straight-line basis.

(l) Use of Estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that

affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(m) Recently Issued Accounting Pronouncements

In February 2016, the Financial Accounting Standards Board (FASB) issued ASU 2016-02, *Leases (Topic 842)*. ASU 2016-02 and subsequent amendments requires lessees to recognize assets and liabilities on their balance sheets for the rights and obligations created by all leases held. The ASU also will require disclosures designed to give financial statement users information on the amount, timing, and uncertainty of cash flows arising from leases. These disclosures include qualitative and quantitative information. ASU 2020-05 delayed the effective date of the standard to fiscal years beginning after December 15, 2021. The Company is evaluating the implications the adoption of this standard will have on the financial statements.

2. Liquidity and Capital Resources; Ability to Continue as a Going Concern

The Company has generated operating losses and negative cash flows from operations since inception. The Company anticipates continued commitments to both its product development and sales and marketing functions for the foreseeable future. These factors have raised substantial doubt about the Company's ability to continue as a going concern. The Company believes it will be able to support its projected growth due to access to debt and equity financing and revenue growth. If the Company is unable to raise additional cash through debt or equity issuances, it has the ability and intent to implement cost reduction measures to sustain its operations.

The accompanying financial statements have been prepared on a going concern basis of accounting, which contemplates continuity of operations, realization of assets, and satisfaction of liabilities and commitments in the normal course of business. The accompanying financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or amounts and classification of liabilities that may result from the outcome of the substantial doubt regarding the Company's ability to continue as a going concern.

3. Property and Equipment

Property and equipment consist of machinery, equipment and office furniture totaling \$123,589 and \$120,415 as of December 31, 2020 and 2019, respectively. Accumulated depreciation totaled \$120,415 as of December 31, 2020 and 2019.

Depreciation and amortization expense totaled \$0 and \$325 during the years ended December 31, 2020 and 2019, respectively.

4. Inventories

As of December 31, 2020 inventories consist of \$628,933 of finished goods. The Company held no inventory as of December 31, 2019.

5. Debt

During October 2018, the Company entered into promissory notes with an employee totaling \$60,000. The notes accrue interest at a rate of 3.00% per annum with all principal and interest due in full in August 2021. These notes can be prepaid at any time without penalty.

In October 2019, the Company entered into a loan and security agreement with a financial institution which is primarily managed by an executive and member of the Company. The agreement included a secured promissory note of \$1,000,000 with interest accruing at 5.84% per annum, compounding monthly from the date the note was issued. The original agreement required monthly principal and interest payments to begin in November 2020 after the interest only period expired. The note was amended in December 2020 to defer the monthly principal plus interest payments until May 2021. The note requires monthly principal plus interest payments from May 2021 through April 2025 and cannot be prepaid.

In October 2019, the Company entered into a unit subscription agreement with the same lender for 2,165,904 units totaling \$1,000,000 that was completed as of December 31, 2019.

During August 2020, the Company entered into an unsecured convertible promissory note with the same related party lender. The note allowed for the disbursement of up to \$900,000 and accrues interest at 4.00% per annum, compounded monthly through March 31, 2021 at which time the interest will accrue at 8.00% per annum, compounded monthly. The note matures on June 30, 2021 and allows for prepayment without penalty. Any prepaid amounts are not eligible to be reborrowed. The balance under this note was \$490,000 as of December 31, 2020. The conversion features under the note were waived by the lender in 2021.

In June 2021, the Company and the lender agreed to modify the above promissory note as follows:

- i) Increase the availability under the loan agreement to \$990,000;
- ii) Interest will continue to accrue at 8.00% per annum, compounded monthly;

- iii) Maturity date of July 1, 2027;
- iv) Monthly interest payments due beginning August 1, 2021;
- v) Monthly revenue sharing payments to the lender will begin in July 2022 calculated at 6.0% of the preceding month's net revenues.
- vi) The Company may repay the advances (principal) at any time without a prepayment fee if paid prior June 30, 2022, unless there is a change in control, in which case the prepayment fee will be 200% of the prepayment amount;

- vii) If the principal amount of the loan is not repaid prior to June 30, 2022, the loan will be considered paid in full when the Company has paid the lender an amount equal to 3.0 times the total amount of advances drawn under the loan agreement.

In March 2020, the World Health Organization declared the outbreak of the novel corona virus (COVID-19) as a pandemic. In connection with the pandemic, the Company entered into a Small Business Administration Paycheck Protection Act loan agreement under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) in May 2020 totaling \$362,695. Interest accrues on the outstanding borrowings at 1.0% per annum. The unpaid principal balance due and owing 180 days after the date of this note shall be amortized over 18 months and paid in equal successive installments together with unpaid interest. The maturity date of the loan is May 1, 2022. The Company expects to have the loan substantially or fully forgiven during 2021.

Separately, the Company also entered into a Small Business Administration Economic Injury Disaster Loan agreement under the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”) in May 2020 totaling \$149,900. Interest accrues on the outstanding borrowings at 3.75% per annum. Installment payments of principal and interest begin in May 2021 and the balance of principal and interest will mature in May 2050. The loan is secured by all tangible and intangible personal property including but not limited to inventory, property and equipment, and cash.

Outstanding borrowings under the notes payable not expected to be forgiven at December 31, 2020 were \$1,699,900. Future minimum principal repayments are due as follows:

2021	\$	700,912
2022		237,648
2023		254,974
2024		270,350
2025		95,980
Thereafter		140,036
Total principal payments	\$	<u>1,699,900</u>

6. Commitments and Contingencies

Office Lease

The Company conducts its operations from a leased facility under a non-cancelable operating lease that requires fixed rental payments through May 2022. The Company recognizes escalating lease payments on a straight-line basis over the life of the lease.

Annual minimum future lease payments are as follows:

Years Ending December 31,			
	2021	\$	82,129
	2022		<u>34,560</u>
		\$	<u>116,689</u>

For the years ended December 31, 2020 and 2019, total rent expense was approximately \$80,000 and \$63,000, respectively.

Legal

The Company is periodically involved in legal actions and claims that arise as a result of events that occur in the normal course of operations. The ultimate resolution of these actions is not expected to have a material adverse effect on the Company's financial position or results of operations.

7. Simple Agreement for Future Equity (“SAFE”) Agreements

During the year ended December 31, 2020, the Company entered into multiple SAFE agreements with various investors in exchange for cash investments totaling \$2,762,980. Upon a change of control, the amount invested under the SAFE agreements will convert into either cash or the Company's common units at the election of the investors. The number of shares the SAFE agreement investors will receive is based on a 25% discount to the pricing in the triggering equity financing. The SAFE agreements do not limit the number of shares that the issuer could be required to issue upon conversion. If there is an equity financing before the termination of the SAFE agreements, the SAFE agreements will automatically convert into the equity securities issued in the equity financing.

If there is a voluntary termination of operations, a general assignment for the benefit of the Company's creditors or any other liquidation, dissolution or winding up of the Company voluntary or involuntary before the SAFE agreements terminate upon conversion, the Company will distribute assets legally available with preference to the SAFE investors, equal to the SAFE agreement purchase amounts, over the common unit holders.

The SAFE agreements have no interest rate or maturity date and the SAFE investors have no voting right prior to conversion. As of December 31, 2020, the SAFE agreements have not yet

converted as a qualifying equity financing had not occurred. The SAFE agreements are recorded as a liability on the balance sheet until conversion occurs.

In January 2021, the Company entered into an additional \$170,288 SAFE agreement under the same terms noted above.

8. Member's Equity

The Company has a single class of member units, of which 14,874,237 units had previously been authorized and issued.

In March 2019, the Company authorized and issued 3,552,083 units to a partnership totaling \$2,000,000. An executive and member of the Company is a partial owner of the entity that acquired these units.

In October 2020, the Company authorized and granted 4,606,580 profits interests as consideration for services to be performed by the grantee that vest either over a stated period or upon achievement of specified conditions. Once vested the profits interests have the rights and obligations of member units. If the grantee services are terminated the vested profits interests are subject to repurchase at the Company's option. The profits interests were valued at \$1.09 per unit based on an internal model with the Company expensing the fair value of the profits interests over the vesting period of the award. A total of 2,303,290 profits interests vested during 2020 and 460,658 profits interests will cliff vest annually over the subsequent four years. The remaining 1,842,632 will vest based on performance conditions. As of December 31, 2020, none of these performance conditions had been met.

The profits interests are accounted for under ASC 718 and \$2,531,250 of equity-based compensation has been included in the accompanying statements of operations for the year ended December 31, 2020. Unrecognized equity-based compensation cost of \$500,000 is expected to be recognized through 2024 related to profits interests outstanding with no performance-based vesting conditions at December 31, 2020. The Company accounts for forfeitures as they occur.

Participation Rights

The Company offers a participation rights equity plan to certain key employees that provides the employee the right to participate in distributions from a change in control, determined as the number of vested participation rights multiplied by a per unit amount equal to the value of the Company's common units in the transaction, less a participation price. The participation rights vest over a stated period and any unvested participation rights are forfeited upon employee termination, with the Company holding a right to repurchase vested

participation rights upon employee termination at its discretion. The participation rights do not provide a right to other distributions by the Company, do not represent a claim to the Company's assets unless upon a change in control, and do not provide the holder any member rights. There were no distributions to participation rights holders during the year ended December 31, 2020. The Company had a total of 1,736,000 participation rights under the equity plan outstanding as of December 31, 2020 of which 654,583 have vested.

9. Subsequent Events

The Company has evaluated subsequent events and transactions through June 21, 2021, the date the financial statements were available for issuance.

In February 2021, the Company filed a certificate of conversion to convert from an LLC to a Delaware corporation. The certificate of incorporation of Uccellini Inc. authorizes for the issuance of 30,000,000 shares of common stock. The Company subsequently issued 18,426,320 shares of common stock in connection with the conversion which were issued based on a 1:1 ratio for existing members as of the date of conversion.

In connection with the conversion, the Company issued a non-qualified stock option in place of the previous profits interest agreement (Note 8). The option includes a total of 4,606,580 shares with an exercise price of \$1.09 and retains the same performance based metrics under the services agreement outlined in Note 8.

The Company received an additional PPP Loan in March 2021 totaling \$372,547. The 2021 PPP Loan is similar in terms with the initial 2020 PPP Loan. The Company anticipates the full amount of the 2021 PPP Loan will be forgiven in 2021.

In 2021, the Company launched a new SAFE fundraising (“2021 SAFE Agreement”) that will convert into the next round of equity financing. The number of shares the SAFE agreement investors will receive is based on a 10% discount to the pricing in the triggering equity financing. The SAFE agreements do not limit the number of shares that the issuer could be required to issue upon conversion. If there is an equity financing before the termination of the SAFE agreements, the SAFE agreements will automatically convert into the equity securities issued in the equity financing.

The SAFE agreements have no interest rate or maturity date and the SAFE investors have no voting right prior to conversion. The SAFE agreements are recorded as a liability on the balance sheet until conversion occurs. The Company has raised approximately \$750,000 under these 2021 SAFE Agreements through June 18, 2021.

This product is the answer.

This product is the answer to my pleasure seeking mission! The stimulator works exactly as advertised. I highly recommend the Baci!!!!

-Chyann K.

First toy for my wife

I bought this product for my wife for Valentine's Day. I chose this device because I read vibrating toys might damage nerves, making it harder to orgasm over time. Despite that problem being solved with Ose, I was still hesitant because I didn't want to be replaced in the bedroom. I took a leap of faith and it worked out. We use it together and it really helped to spice up our sex lives. I may actually enjoy watching her orgasm more than she does.

- Justin L.

Baci Beautiful!

Just got the Baci, and it's a work of art - not only is it physically so pretty it works differently than anything I've ever seen. Due to surgery I can no longer tolerate penetration, the Baci gives a high degree of surface coverage and satisfies externally in ways I did not know were possible. This is bringing me back to my body and pleasure after a long road of poor health and it's a remarkable self love tool. Treat yourself you will not regret it!

- Melissa S.

Kudos to the engineers of this one!

I've tried other clit vacuum stimulator and this is on a whole other level of satisfaction. This is a new design to me but definitely easy to get used to. Love it! This has a great range of pressures for build up and is powerful yet gentle. If i could only use one word to describe it, that would be: "efficient."

- Chelsea.

Excellent. Will not be disappointed.

Lora DiCarlo is using Republic's Custodial Crowd SAFE security. The Custodial Crowd SAFE is similar to the non-custodial Crowd SAFE, except that investors receive beneficial interests rather than direct legal record ownership of the security instrument. The custodian is the legal record holder of the security instrument for the benefit of the investors in the offering. Issuers tend to choose this arrangement for administration purposes and cap table organization. Please see the Crowd SAFE of this specific deal prior to investing. Investors could see their Crowd SAFE investment converted to cash or stock upon a financing event, change of control (M&A), or an initial public offering. Learn more about returns on investment here, but please also review the Form C and Custodial Crowd SAFE instrument of this offering.

**Subscription Agreement for
Beneficial Interest in Omnibus Crowd SAFE
Representing Economic Interest in
Crowd SAFE
(Crowdfunding Simple Agreement for Future Equity)**

Series 2021

This Subscription Agreement (this “**Agreement**”) is entered into by and between the undersigned (the “**Subscriber**”) and Uccellini Inc., a Delaware corporation (the “**Company**”), effective as of [Date of Subscription Agreement]. Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Form of Omnibus Crowd SAFE attached hereto as Exhibit A (the “**Omnibus Crowd SAFE**”). In consideration of the mutual covenants set forth in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Subscriber and the Company hereby agree as follows.

- 1. Subscription.** Subject to the terms and conditions of this Agreement, the Subscriber hereby subscribes \$[] (the “**Subscription Amount**”) for the right to an indirect economic interest in the Company’s Crowd SAFEs and, for the avoidance of doubt, the underlying securities, cash or other consideration into which the Crowd SAFEs convert, (the “**Subscription**”), to be represented by a pro rata beneficial interest (based on the Subscription Amount) in an Omnibus Crowd SAFE issued by the Company to the custodian designated in the Omnibus Crowd SAFE, being Prime Trust, LLC (the “**Custodian**”), with the Custodian as legal record owner of the Crowd SAFE, and, for the avoidance of doubt, the underlying securities, cash or other consideration into which the Crowd SAFEs convert, (the “**Beneficial Interest**”, as defined and calculated in the Omnibus Crowd SAFE).
- 2. General Terms and Conditions.**

- (a) *Acceptance and Conditions.* The Company reserves the right, in its sole and absolute discretion, to accept or reject the Subscription in whole or in part. The valid execution of this Agreement shall be conditioned upon the following terms being met: (i) Subscriber's completion of the investment commitment process on the Intermediary hosting the Company's offering; (ii) Subscriber's delivery of the Subscription Amount to an escrow account held for the benefit of the Company's offering, in the manner and method directed by the Company; (iii) Subscriber's execution of the Omnibus Crowd SAFE; (iv) Subscriber's execution of a separate custody account agreement by the Subscriber directly with the Custodian in the form Omnibus Crowd SAFE attached hereto as Exhibit B; and (v) the Company counter-signing this Agreement and the Omnibus Crowd SAFE.
- (b) *Nature of Interest in Omnibus Crowd SAFE.* The Company has entered into, or expects to enter into, separate subscription agreements substantially similar in all material respects to this Agreement with other subscribers, and such subscribers shall also hold pro rata beneficial interests (based on their respective subscription amounts) in the Omnibus Crowd SAFE. Nothing in this Agreement shall be construed to provide the Subscriber, or any other subscribers, as a holder of a Beneficial Interest (i) with any voting, information or inspection, or dividend rights not explicitly provided by the Omnibus Crowd SAFE (or the Subscriber's Beneficial Interest therein), and such rights shall be limited exclusively to those provided for in the Omnibus Crowd SAFE, or (ii) any right to be deemed the legal record owner of the Crowd SAFE for any purpose, nor will anything in this Agreement be construed to confer on the Subscriber any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise unless provided explicitly herein or in the Crowd SAFE. To the extent the holder of the Omnibus Crowd SAFE or any securities into which it may convert is deemed to have any right to vote or otherwise act on behalf of its interest, whether under applicable law, the governing documents of the Company or otherwise, Subscriber hereby confirms that the Custodian is the record holder of the Omnibus Crowd SAFE or any securities into which it may convert and that the Custodian shall have the sole right to vote and act with respect to the Omnibus Crowd SAFE or any securities into which it may convert all in accordance with, and subject to the limitations set forth in, the Omnibus Crowd SAFE to which the Subscriber has a beneficial interest. Notwithstanding the foregoing, unless otherwise required by the Crowd SAFE or any security into which it may convert, Custodian shall not have any obligation to vote in any corporate action or take any action on behalf of the Omnibus Crowd SAFE beneficial holders.

3. **Subscriber Representations.** By executing this Agreement and the Omnibus Crowd SAFE, the Subscriber hereby represents and warrants to the Company and to the Custodian as follows:

- (a) The Subscriber has full legal capacity, power and authority to execute and deliver this Agreement and the Omnibus Crowd SAFE to perform its obligations hereunder and thereunder. Each of this Agreement and the Omnibus Crowd SAFE constitutes a legal, valid and binding obligation of the Subscriber, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.
- (b) The Subscriber has been advised that the Omnibus Crowd SAFE (and the Subscriber's Beneficial Interest therein) and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section

- 4(a)(6) of the Securities Act (“**Regulation CF**”). The Subscriber understands that neither the Omnibus Crowd SAFE (nor the Subscriber’s Beneficial Interest therein) nor the underlying Beneficial Interest therein may be resold or otherwise transferred unless they are registered or exempt from registration under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply. Subscriber further understands and agrees that its Beneficial Interest and the securities to be acquired by the Subscriber thereunder shall be subject to the further terms and conditions set forth in the Omnibus Crowd SAFE, including without limitation the transfer restrictions set forth in Section 5 of the Omnibus Crowd SAFE.
- (c) The Subscriber is purchasing its Beneficial Interest in the securities represented thereby for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and the Subscriber has no present intention of selling, granting any participation in, or otherwise distributing the same. The Subscriber understands that the Omnibus Crowd SAFE (and the Subscriber’s Beneficial Interest therein) and the underlying securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of the Subscriber’s representations as expressed herein.
 - (d) The Subscriber has, and at all times under this Agreement will maintain, a custody account in good standing with the Custodian pursuant to a valid and binding custody account agreement.
 - (e) The Subscriber acknowledges, and is making the Subscription and purchasing its Beneficial Interest in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF.
 - (f) The Subscriber acknowledges that (i) the Subscriber has received all the information the Subscriber has requested from the Company and (ii) such information is necessary or appropriate for deciding whether to make the Subscription and acquire its Beneficial Interest and the underlying securities.
 - (g) The Subscriber has had an opportunity to (i) ask questions and receive answers from the Company regarding the terms and conditions of the Omnibus Crowd SAFE (and the Subscriber’s Beneficial Interest) and the underlying securities, and (ii) to obtain any additional information necessary to verify the accuracy of the information given to the Subscriber. In deciding to make the Subscription and purchase its Beneficial Interest, the Subscriber is not relying on the advice or recommendations of the Company, the Intermediary or any other third-party, and the Subscriber has made its own independent decision that an investment in the Omnibus Crowd SAFE and the underlying securities is suitable and appropriate for the Subscriber. The Subscriber understands that no federal, state or other agency has passed upon the merits or risks of an investment in the Omnibus Crowd SAFE and the underlying securities or made any finding or determination concerning the fairness or advisability of such investment.
 - (h) The Subscriber understands and acknowledges that as the holder of a Beneficial Interest, the Subscriber shall have no voting, information or inspection rights with respect to the Company, aside from any disclosure requirements the Company is required to make under relevant securities regulations, or as expressly provided in the Omnibus Crowd SAFE.

- (i) The Subscriber understands and acknowledges that the Company has entered into, or expects to enter into, separate subscription agreements substantially similar in all material respects to this Agreement with other subscribers, and that such subscribers shall also hold pro rata Beneficial Interests (based on their respective subscription amounts) in the Omnibus Crowd SAFE.
- (j) The Subscriber understands that no public market now exists for any of the securities issued by the Company, and that the Company has made no assurances that a public market will ever exist for the Omnibus Crowd SAFE, the underlying securities or any other class of the Company's securities.
- (k) Subscriber is not (i) a citizen or resident of a geographic area in which the purchase or holding of the Omnibus Crowd SAFE and the underlying securities is prohibited by applicable law, decree, regulation, treaty, or administrative act, (ii) a citizen or resident of, or located in, a geographic area that is subject to U.S. or other applicable sanctions or embargoes, or (iii) an individual, or an individual employed by or associated with an entity, identified on the U.S. Department of Commerce's Denied Persons or Entity List, the U.S. Department of Treasury's Specially Designated Nationals List, the U.S. Department of State's Debarred Parties List or other applicable sanctions lists. Subscriber hereby represents and agrees that if Subscriber's country of residence or other circumstances change such that the above representations are no longer accurate, Subscriber will immediately notify Company. Subscriber further represents and warrants that it will not knowingly sell or otherwise transfer any interest in the Omnibus Crowd SAFE or the underlying securities to a party subject to U.S. or other applicable sanctions.
- (l) The Subscriber further acknowledges that it has read, understood, and had ample opportunity to ask Company questions about its business plans, "Risk Factors," and all other information presented in the Company's Form C and the offering documentation filed with the SEC.
- (m) The Subscriber understands the substantial likelihood that the Subscriber will suffer a **TOTAL LOSS** of all capital invested, and that Subscriber is prepared to bear the risk of such total loss.
- (n) The Subscriber understands and agrees that its Beneficial Interest does not entitle the Subscriber, as a holder of such interest, to vote, execute consents, or to otherwise represent the interests thereunder. The Subscriber acknowledges and agrees that the Custodian shall vote, execute consents, and otherwise make elections pursuant to the terms of the Omnibus Crowd SAFE.
- (o) The Subscriber understands and agrees that, except as otherwise agreed by the Company in its sole discretion, the Subscriber will not be entitled to exchange its Beneficial Interest for a Crowd SAFE in registered form or other form of security instrument not otherwise contemplated by this Agreement.
- (p) If the Subscriber is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Subscriber hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation, subscription and payment for, and continued ownership of, its Beneficial Interest and the underlying securities will not violate any applicable securities or other laws of the Subscriber's jurisdiction, including (i) the legal requirements within its jurisdiction for the Subscription and the purchase of its Beneficial Interest; (ii) any foreign exchange restrictions applicable to such

Subscription and purchase; (iii) any governmental or other consents that may need to be obtained; and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, conversion, redemption, sale, or transfer of its Beneficial Interest and the underlying securities. The Subscriber acknowledges that the Company has taken no action in foreign jurisdictions with respect to the Omnibus Crowd SAFE (and the Subscriber's Beneficial Interest therein) and the underlying securities.

(q) If the Subscriber is an entity: (i) such entity is duly formed, validly existing and in good standing under the laws of the state of its formation, and has the power and authority to enter into this Agreement; (ii) the execution, delivery and performance by the Subscriber of the Agreement is within the power of the Subscriber and has been duly authorized by all necessary actions on the part of the Subscriber; (iii) to the knowledge of the Subscriber, it is not in violation of its current organizational documents, any material statute, rule or regulation applicable to the Subscriber; and (iv) the performance of the Agreement does not and will not violate any material judgment, statute, rule or regulation applicable to the Subscriber; result in the acceleration of any material indenture or contract to which the Subscriber is a party or by which it is bound, or otherwise result in the creation or imposition of any lien upon the Subscription Amount.

4. **Conversion of Omnibus Crowd SAFE.** Upon the conversion of the Omnibus Crowd SAFE into Equity Securities (as defined in the Omnibus Crowd SAFE) of the Company in accordance with the terms of the Omnibus Crowd SAFE, Custodian will execute and deliver all transaction documents related to the Equity Financing or other corporate event causing the conversion of the Omnibus Crowd SAFE in accordance therewith; provided, that such transaction documents are the same documents to be entered into by all holders of other SAFEs issued by the Company that will convert in connection with the Equity Financing or corporate event and being the same as the purchasers in the Equity Financing (as defined in the form of Omnibus Crowd SAFE) with appropriate variations to give effect to the CF Shadow Series. Subscriber hereby authorizes and consents to the execution by Custodian of all documents necessary to give effect to this Section 4, and agrees that no fiduciary or advisory relationship between Subscriber and Custodian is intended to be or has been created in respect of any of the transactions contemplated by this Agreement, and Subscriber waives, to the fullest extent permitted by law, any claims of any kind that it may have against Custodian for executing any documents on behalf of, or for the benefit of Subscriber pursuant to this Agreement and agrees that Custodian shall have no liability (whether direct or indirect) to the Subscriber in respect any claim or to any person asserting a claim on behalf of or in right of the Subscriber.

5. **Dispute Resolution: Arbitration.**

(a) THE SUBSCRIBER AND THE COMPANY (I) WAIVE THE SUBSCRIBER'S AND THE COMPANY'S RESPECTIVE RIGHTS TO HAVE ANY AND ALL DISPUTES, CONTROVERSIES OR CLAIMS ARISING OUT OF, RELATING TO OR IN CONNECTION WITH THIS AGREEMENT RESOLVED IN A COURT, AND (II) WAIVE THE SUBSCRIBER'S AND THE COMPANY'S RESPECTIVE RIGHTS TO A JURY TRIAL. Instead, any dispute, controversy or claim arising out of, relating to or in connection with this Agreement, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "AAA") under its Commercial Rules. The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent

of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be Bend, Oregon. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

- (b) No Class Arbitrations, Class Actions or Representative Actions. Any dispute, controversy or claim arising out of, relating to or in connection with this Agreement is personal to the Subscriber and the Company and will be resolved solely through individual arbitration and will not be brought as a class arbitration, class action or any other type of representative proceeding. There will be no class arbitration or arbitration in which the Subscriber attempts to resolve a dispute, controversy or claim as a representative of another subscriber or group of subscribers. Further, a dispute, controversy or claim cannot be brought as a class or other type of representative action, whether within or outside of arbitration, or on behalf of any other subscriber or group of subscribers.

6. Miscellaneous.

- (a) Any provision of this Agreement may be amended, waived or modified only upon the written consent of the Company and the Subscriber.
- (b) Any notice required or permitted by this Agreement will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page or otherwise provided, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.
- (c) Neither this Agreement nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this Agreement and/or the rights contained herein may be assigned without the Company's consent by the Subscriber to (i) to a member of the family of the Subscriber or the equivalent, to a trust controlled by the Subscriber, to a trust created for the benefit of a member of the family of the Subscriber or the equivalent, or in connection with the death or divorce of the Subscriber or other similar circumstance, (ii) any other entity who directly or indirectly, controls, is controlled by or is under common control with the Subscriber, including, without limitation, any general partner, managing member, officer or director of the Subscriber, or any venture capital fund now or hereafter existing which is controlled by one or more general partners or managing members of, or shares the same management company with, the Subscriber and that any such assignment shall require such transferee to assume the rights and obligations of the Subscriber's custody account agreement with the Custodian in accordance with the assignment provision thereof, or otherwise execute a custody account agreement with the designated Custodian ; and *provided, further*, that the Company may assign this Agreement in whole, without the consent of the Subscriber, in connection with a reincorporation to change the Company's domicile.
- (d) In the event any one or more of the terms or provisions of this Agreement is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this Agreement operate or would prospectively operate to invalidate this Agreement, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this Agreement and

UCCELLINI INC.

**Omnibus Crowd SAFE
(Crowdfunding Simple Agreement for Future Equity)**

Series 2021

THIS CERTIFIES THAT in exchange for the payment by the subscribers for beneficial interests herein (the “**Subscribers**”) of an aggregate subscription amount of \$[] (the “**SAFE Amount**”), Uccellini Inc., a Delaware corporation (the “**Company**”), hereby issues to Prime Trust, LLC, as custodian (“**Prime Trust**”), the right to certain shares of the Company’s Capital Stock (defined below), subject to the terms set forth below.

This Omnibus Crowd SAFE initially shall entitle each Subscriber to a beneficial ownership interest herein, including the securities or cash into which this Omnibus Crowd SAFE converts equal to (i) the quotient of such Subscriber’s Subscription Amount *divided by* the SAFE Amount; *times* (ii) the number of shares of Capital Stock (or amount of cash or other property, if applicable) that this Omnibus Crowd SAFE converts into pursuant to the provisions herein (the “**Beneficial Interest**”). The number of shares under this instrument shall be subject to adjustment by the Company in the event of any share subdivision, split, dividend, reclassification, combination, consolidation or similar transaction affecting the Capital Stock or the Company.

The “**Valuation Cap**” is \$40,000,000.

The “**Discount**” is 10%.

See Section 2 for certain additional defined terms.

I. Events

(a) Equity Financing.

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(e) (“**First Equity Financing**”), the Company shall notify Prime Trust of the closing of the First Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the SAFE Amount to Capital Stock; or (2) issue to Prime Trust a number of shares of the CF Shadow Series of Capital Stock (whether Preferred Stock or another class issued by the Company) sold in the First Equity Financing. The number of shares of the CF Shadow Series of such Capital Stock shall equal the quotient (rounded down to the nearest whole share) obtained by dividing (x) the SAFE Amount by (y) the applicable Conversion Price (such applicable Conversion Price, the “**First Equity Financing Price**”).

(ii) If the Company elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(e) (each, a “**Subsequent Equity Financing**”), the Company shall promptly notify Prime Trust of the closing of the Subsequent Equity Financing and of the Company’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the SAFE Amount to Capital Stock; or (2) issue to Prime Trust a number of shares of the CF Shadow Series of the Capital Stock (whether Preferred Stock or another class issued by the Company) sold in the Subsequent Equity Financing. The number of shares of the CF Shadow Series of such Capital Stock shall equal the quotient (rounded down to the nearest whole share) obtained by dividing (x) the SAFE Amount by (y) the First Equity Financing Price.

(iii) In connection with any issuance of shares to Prime Trust pursuant to this Section 1(a), Prime Trust will, if and to the extent requested by the Company, execute and deliver to the Company one or more of the transaction documents related to the applicable Equity Financing.

(b) Liquidity Event.

(i) If there is a Liquidity Event (other than an IPO) before the termination of this instrument and before any Equity Financing, then, at the closing of such Liquidity Event, Prime Trust will automatically be entitled to receive (subject to the liquidation priority set forth in Section 1(d) below) a portion of Proceeds, due and payable immediately prior to, or concurrent with, the closing of the Liquidity Event, equal to the greater of (a) a cash payment equal to the SAFE Amount (the “**Cash-Out Amount**”) or (b) the amount that would have been payable to Prime Trust in the Liquidity Event had Prime Trust held at the closing of the Liquidity Event (in lieu of this Crowd SAFE) that number of shares of Common Stock equal to the quotient (rounded down to the nearest whole share) obtained by dividing (A) the SAFE Amount by (B) the Liquidity Price which amount (the “**Conversion Amount**”) shall be payable to Prime Trust in the same form (e.g., cash, stock, other securities or property) as payments to holders of Common Stock and paid to Prime Trust at the same time as payments to holders of Common Stock. The value of payments in any form other than cash shall be the fair market value of such payments as determined in good faith by the Company. Payments to holders of Common Stock that are withheld for an escrow fund, holdback or similar arrangement shall not be deemed to have been paid to the holders until released and actually paid.

(ii) If there is a Liquidity Event (other than an IPO) after one or more Equity Financings have occurred but before the termination of this instrument, then, at the closing of such Liquidity

Event, Prime Trust will automatically be entitled to receive (subject to the liquidation priority set forth in Section 1(d) below) a portion of Proceeds, due and payable immediately prior to, or concurrent with, the closing of the Liquidity Event, equal to the greater of (a) the Cash-Out Amount or (b) the amount that would have been payable to Prime Trust in the Liquidity Event had Prime Trust held at the closing of the Liquidity Event (in lieu of this Crowd SAFE) that number of shares of Common Stock equal to the quotient (rounded down to the nearest whole share) obtained by dividing (A) the SAFE Amount by (B) the First Equity Financing Price which amount (the “**Post-Equity Financing Conversion Amount**”) shall be payable to Prime Trust in the same form (e.g., cash, stock, other securities or property) as payments to holders of Common Stock and paid to Prime Trust at the same time as payments to holders of Common Stock. The value of payments in any form other than cash shall be the fair market value of such payments as determined in good faith by the Company. Payments to holders of Common Stock that are withheld for an escrow fund, holdback or similar arrangement shall not be deemed to have been paid to the holders until released and actually paid.

Notwithstanding the foregoing, if the consideration to be paid in exchange for Common Stock in the Liquidity Event includes any securities and receipt thereof by Prime Trust would, in the good faith determination of the Company, require under applicable law (x) the registration or qualification of such securities or of any person as a broker or dealer or agent with respect to such securities; or (y) the provision to anyone of any information other than such information as a prudent issuer would generally furnish in an offering made solely to “accredited investors” as defined in Regulation D promulgated under the Securities Act, then the Company may cause to be paid to Prime Trust in lieu thereof an amount in cash equal to the fair market value (as determined in good faith by the Company’s board of directors) as of the date of the Liquidity Event of the securities which Prime Trust would otherwise have received.

Notwithstanding the foregoing, in connection with a Liquidity Event intended to qualify as a tax-free reorganization, the Company may reduce the cash portion of Proceeds payable to Prime Trust by the amount determined by the Company in good faith for such Liquidity Event to qualify as a tax-free reorganization for U.S. federal income tax purposes, provided that such reduction (A) does not reduce the total Proceeds payable to Prime Trust and (B) is applied in the same manner and on a pro rata basis to all securityholders who have equal priority to Prime Trust under Section 1(d).

In connection with any Liquidity Event before the termination of this instrument, Prime Trust will, if requested by the Company, execute and deliver to the Company any indemnification support agreement or similar agreement executed and delivered by holders of Common Stock in connection with the Liquidity Event.

If there is an IPO before the termination of this instrument and before any Equity Financing, Prime Trust will automatically be entitled to receive that number of shares of Common Stock equal to the quotient (rounded down to the nearest whole share) obtained by dividing the SAFE Amount by the Liquidity Price. If there is an IPO after one or more Equity Financings have occurred but before the termination of this instrument, Prime Trust will automatically be entitled to receive that number of shares of Common Stock equal to the quotient (rounded down to the nearest whole share) obtained by dividing the SAFE Amount by the First Equity Financing Price. Notwithstanding the foregoing, if the Company’s board of directors determines in good faith (and with the advice of legal counsel) that delivery of Common Stock to Prime Trust pursuant to this paragraph would violate applicable law, rule or regulation, or be prohibited by an underwriter in the IPO, then the Company shall deliver to Prime Trust in lieu thereof, a cash payment equal to the fair market value as of the date of the IPO of the Common Stock which Prime Trust would otherwise have received pursuant to this paragraph, as determined in good faith by the Company’s board of directors.

(c) **Dissolution Event.** If there is a Dissolution Event before this instrument terminates in accordance with Sections 1(a) or 1(b), Prime Trust will automatically be entitled (subject to the liquidation priority set forth in Section 1(d) below) to receive a portion of Proceeds equal to the Cash-Out Amount, due and payable to Prime Trust immediately prior to the consummation of the Dissolution Event.

(d) **Liquidation Priority.** In a Liquidity Event or Dissolution Event, this Crowd SAFE is intended to operate like standard non-participating Preferred Stock. Prime Trust's right to receive its Cash-Out Amount is:

(i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock);

(ii) On par with payments for other SAFEs and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to Prime Trust and such other SAFEs and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to Prime Trust and such other SAFEs and/or Preferred Stock in proportion to the full payments that would otherwise be due; and

(iii) Senior to payments for Common Stock.

Prime Trust's right to receive its Conversion Amount or Post-Equity Financing Conversion Amount, as applicable, is (A) on par with payments for Common Stock and other SAFEs and/or Preferred Stock who are also receiving Proceeds on a similar as-converted to Common Stock basis, and (B) junior to payments described in clauses (i) and (ii) above in this Section 1(d) (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

(e) **Termination.** This instrument will terminate (without relieving the Company or Prime Trust of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier to occur: (i) the issuance of shares or other cash or property to Prime Trust pursuant to Section 1(a) or Section 1(b); or (ii) the payment, or setting aside for payment, of amounts due to Prime Trust pursuant to Sections 1(b) or 1(c).

notice of meeting. Holder acknowledges that notwithstanding its receipt of such materials, all voting rights with respect to the shares of CF Shadow Series shares shall be exercised by Prime Trust, and that Prime Trust intends to exercise such voting rights by voting the shares held by it in accordance with the vote of the majority of the shares (whether Preferred Stock or another class issued by the Company) to which the CF Shadow Series shares correspond held by persons other than Prime Trust that are voted on any matter (e.g., if the Company sells Series A Preferred Stock for cash in the relevant Equity Financing and the CF Shadow Series is Series A-CF Preferred Stock, then Prime Trust would vote in accordance with the vote of the majority of the shares of Series A Preferred Stock held by persons other than Prime Trust), and Prime Trust will not exercise any discretion in voting any CF Shadow Series shares represented by the Beneficial Interests; and

3. Company Representations

(a) The Company is a corporation duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the corporate power and authority to own, lease and operate its properties and carry on its business as now conducted.

(b) The execution, delivery and performance by the Company of this instrument is within the power of the Company and, other than with respect to the actions to be taken when equity is to be issued to Prime Trust, has been duly authorized by all necessary actions on the part of the Company. This instrument constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity. To the knowledge of the Company, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Company; or (iii) any material indenture or contract to which the Company is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Company.

(c) The performance and consummation of the transactions contemplated by this instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Company; (ii) result in the acceleration of any material indenture or contract to which the Company is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Company or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Company, its business or operations.

(d) No consents or approvals are required in connection with the performance of this instrument, other than: (i) the Company's corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of shares of CF Shadow Series issuable pursuant to Section 1.

(e) The Company shall, prior to the conversion of this instrument, reserve from its authorized but unissued shares of Capital Stock for issuance and delivery upon the conversion of this instrument, such number of shares of the Capital Stock as necessary to effect the conversion contemplated by this instrument, and, from time to time, will take all steps necessary to amend its charter to provide sufficient authorized numbers of shares of the Capital Stock issuable upon the conversion of this instrument. All such shares shall be duly authorized, and when issued upon any such conversion, shall be validly issued, fully paid and non-assessable, free and clear of all liens, security interests, charges and other encumbrances or restrictions on sale and free and clear of all preemptive rights, except encumbrances or restrictions arising under federal or state securities laws.

(f) The Company is (i) not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act, (ii) not an investment company as defined in Section 3 of the Investment Company Act of 1940 (the "**Investment Company Act**"), and is not excluded from the definition of investment company by Section 3(b) or Section 3(c) of the Investment Company Act, (iii) not disqualified from selling securities under Rule 503(a) of Regulation CF, (iv) not barred from selling securities under Section 4(a)(6) of the Securities Act due to a failure to make timely annual report filings, (v) not planning to engage in a merger or acquisition with an unidentified company or companies, and (vi) organized under, and subject to, the laws of a state or territory of the United States or the District of Columbia.

(g) The Company has, or will shortly after the issuance of this instrument, engage a transfer agent registered with the U.S. Securities and Exchange Commission to act as the sole registrar and transfer agent for the Company with respect to the Crowd SAFE.

4. Investor Representations

(a) Prime Trust has full legal capacity, power and authority to execute and deliver this instrument and to perform its obligations hereunder. This instrument constitutes a valid and binding obligation of Prime Trust, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

5. Transfer Restrictions.

(a) During the Lock-up Period, neither Prime Trust nor any Holder shall, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the

transfer of any shares to any trust for the direct or indirect benefit of the applicable party or the immediate family of such party, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to Prime Trust and the Holders only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Prime Trust and each Holder shall execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the registrable securities of the Company held by Prime Trust and the Holders (and the Company shares or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. A legend reading substantially as follows will be placed on all certificates representing all of the registrable securities of the Company held by Prime Trust and the Holders (and the shares or securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) No portion of this instrument (or any Beneficial Interest herein) or the underlying securities may be disposed of unless and until the transferee has agreed in writing for the benefit of the Company to make representations and warranties substantially similar to those made by the Subscribers and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The applicable transferor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such shares under the Securities Act.

(e) No disposition of this instrument (or any Beneficial Interest herein) or any underlying securities may be made to any of the Company's competitors, as determined by the Company in good faith.

(f) The Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowd SAFE (or any Beneficial Interest herein) and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws or otherwise, any other agreement between Prime Trust or a Holder and the Company or any agreement between Prime Trust or Holder and any third party:

THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

6. *Miscellaneous*

(a) Except as otherwise agreed by the Company in its sole discretion, Holders will not be entitled to exchange their Beneficial Interests in this instrument for Crowd SAFEs in certificated form.

(b) Prime Trust agrees to take any and all actions determined in good faith by the Company's board of directors to be advisable to reorganize this instrument and any shares of Capital Stock issued pursuant to the terms of this instrument into a special purpose vehicle or other entity designed to aggregate the interests of holders of Crowd SAFEs.

(c) Any provision of this instrument may be amended, waived or modified only upon the written consent of the Company and the majority of the Holders (calculated based on the Beneficial Interests of the Holders).

(d) Any notice required or permitted by this instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(e) Prime Trust through this Omnibus Crowd SAFE shall be considered legal record holder of the Crowd SAFE, and the underlying securities it may convert into. Prime Trust is not entitled, as a holder of this instrument, to vote or receive dividends or be deemed the holder of Capital Stock for any purpose, nor will anything contained herein be construed to confer on Prime Trust, as such, any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise until shares have been issued upon the terms described herein.

(f) Neither this instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this instrument and/or the rights contained herein may be assigned without the Company's consent by Prime Trust to any other entity who directly or indirectly, controls, is controlled by or is under common control with Prime Trust, including, without limitation, any general partner, managing member, officer or director of Prime Trust; and *provided, further*, that the Company may assign this instrument in whole, without the consent of Prime Trust, in connection with a reincorporation to change the Company's domicile.

(g) In the event any one or more of the terms or provisions of this instrument is for any reason

held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(h) All securities issued under this instrument may be issued in whole or fractional parts, in the Company's sole discretion.

(i) All rights and obligations hereunder will be governed by the laws of the State of Delaware, without regard to the conflicts of law provisions of such jurisdiction.

(j) Any dispute, controversy or claim arising out of, relating to or in connection with this instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be Bend, Oregon. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(k) Each Holder has, and at all times under this Omnibus Crowd SAFE will maintain, a custody account in good standing with Prime Trust pursuant to a valid and binding custody account agreement. To the extent any of the provisions of such custody account agreement shall conflict with the terms of this Omnibus Crowd SAFE, the terms of this Omnibus Crowd SAFE will control.

(j) The parties acknowledge and agree that for United States federal and state income tax purposes this Crowd SAFE is, and at all times has been, intended to be characterized as stock, and more particularly as common stock for purposes of Sections 304, 305, 306, 354, 368, 1036 and 1202 of the Internal Revenue Code of 1986, as amended. Accordingly, the parties agree to treat this Crowd SAFE consistent with the foregoing intent for all United States federal and state income tax purposes (including, without limitation, on their respective tax returns or other informational statements).

PRIME TRUST NEW ACCOUNT AGREEMENT

_____ (“Account Holder”, “Customer”, “you”, “your”) hereby requests and directs that Prime Trust, LLC (“Prime Trust”, “Custodian”, “we”, “our”, “us”), a Nevada chartered trust company, establish a Prime Asset Custody Account (“Account”) for and in the name of Account Holder, and to hold as custodian all assets deposited to, or collected with respect to such Account, upon the following terms and conditions:

1. APPOINTMENT OF CUSTODIAN:

Account Holder hereby appoints Prime Trust to be custodian of and to hold or process as directed all securities, currency, cryptocurrency, and other assets of Account Holder (hereinafter referred to as “Custodial Property”) that are delivered to Custodian by Account Holder or Account Holder’s Agent(s) (as defined below) to the Account in accordance with the terms of this Agreement.

2. SELF-DIRECTED INVESTMENTS:

- a. This Account is a self-directed Account that is managed by Account Holder and/or Account Holder’s Agents. Prime Trust will act solely as custodian of the Custodial Property and will not exercise any investment or tax planning discretion regarding your Account, as this is solely your responsibility and/or the responsibility of advisors, brokers and others you designate and appoint as your agent for your Account (“Agents”), if any. Prime Trust undertakes to perform only such duties as are expressly set forth herein, all of which are ministerial in nature.
- b. As a self-directed Account, you acknowledge and agree that:
 - i. The value of your Account will be solely dependent upon the performance of any asset(s) chosen by you and/or your Agents.
 - ii. Prime Trust shall have no duty or responsibility to review or perform due diligence on any investments or other Custodial Property and will make absolutely no recommendation of investments, nor to supervise any such investments. You will perform your own due diligence on all investments and take sole responsibility for all decisions made for your Account.
 - iii. Prime Trust does not provide any valuation or appraisals of Custodial Property, nor does it hire or seek valuations or appraisals on any Custodial Property, provided, however, it may, at its option and with no obligation or liability, to the extent available for any particular asset, include recent price quotes or value estimates from various third-party sources, including but not limited to SEC-registered exchanges and alternative trading systems, digital asset exchanges, and real estate websites on your statement for any such Custodial Property. Prime Trust will not be expected or obligated to attempt to verify the validity, accuracy or reliability of any such third-party valuation, valuation estimates or prices and you agree that Prime Trust shall in no way be held liable for any such valuation estimates or price quotations. Prime Trust shall simply act in a passive, pass-through capacity in providing such information (if any) on your Account statements and that such valuation estimates or price quotations are neither verified, substantiated nor to be relied upon in any way, for any purpose, including, without limitation, tax reporting purposes. You agree to engage a professional, independent advisor for any valuation opinion(s) you want on any Custodial Property.
- c. Account Holder will not direct or permit its Agents to direct the purchase, sale or transfer of any Custodial Property which is not permissible under the laws of Account Holder’s place of residence or illegal under US federal, state or local law. Account Holder hereby warrants that neither you nor your Agents will enter into a transaction or series of transactions, or cause a transaction to be entered into,

110137893.7 0068322-00003

which is prohibited under Section 4975 of the Internal Revenue Code. Pursuant to the directions of the Account Holder or Agent(s), Prime Trust shall process the investment and reinvestment of Custodial Property as directed by Account Holder or its Agents only so long as, in the sole judgment of Prime Trust, such requested investments will not impose an unreasonable administrative burden on Prime Trust (which such determination by Prime Trust shall not be construed in any respect as a judgment concerning the prudence or advisability of such investment). Custodian may rely upon any notice, instruction, request or other instrument believed by it to have been delivered from the Account Holder or its Agents, not only as to its due execution, validity and effectiveness, but also as to the truth and accuracy of any information contained therein.

- d. Buy and sell orders may, at Custodians discretion, be accepted verbally, including via telephone, or electronically, including email and internet-enabled devices and systems, provided, however, that Custodian may, but is not required to, require Account Holder or its Agents to promptly provide email, text or other confirmation to verify such instructions and any such instructions will not be deemed as received until verified in accordance with the Custodians then-in-effect policies and procedures. Account Holder acknowledges that any request to waive or change any policies or procedures for asset disbursements is done so at Account Holders risk. Prime Trust may decline to accept verbal asset transfer or trade instructions in its sole discretion and require written instructions, or instructions triggered from Account Holder or its Agents using tools while logged onto your account (either directly at www.primetrust.com or on any website or application that integrates into Prime Trust systems via API's ("Application Programming Interfaces"), which may or may not bear the Prime Trust brand. Account Holder bears complete and absolute responsibility for all buy, sell, transfer, and disbursement instructions for this Account and will immediately notify Prime Trust of any unauthorized transactions.
- e. Account Holder acknowledges and agrees that the custody of digital assets is generally subject to a high degree of risk, including without limitation, the risk of loss due to the blockchain or smart contract defects as well as forks and other events outside of the Custodian's control. Such Custodial Property is not insured by the Federal Deposit Insurance Corporation or by any Prime Trust insurance policies and so you are advised to directly obtain, at your sole cost and expense, any separate insurance policies you desire for such Custodial Property. Account Holder agrees that transfer requests, as well as sale and purchase orders, for digital assets may be delayed due to security protocols, time-zone differences, communication technology delays or fails, and/or enhanced internal compliance reviews. Accordingly, Prime Trust shall not be liable for any losses or damages, including without limitation direct, indirect, consequential, special, exemplary or otherwise, resulting from delays in processing such transactions.
- f. All instructions for the purchase and sale of securities and/or digital assets shall be executed through one or more broker-dealers or exchanges selected by either you or your Agents, or by Prime Trust, as an accommodation (and not in any capacity as a broker-dealer) and Prime Trust is hereby authorized to debit your account for any fees associated with such transaction(s) and remit those to the executing party.

3. SCHEDULE OF FEES:

The Custodian shall receive reasonable compensation in accordance with its usual Schedule of Fees then in effect at the time of service. The fees and charges initially connected with this Account may include:

- Account Fees: As detailed on Prime Trust's current fee schedule, which may change from time to time and is published on www.primetrust.com. Changes to the fee schedule shall not affect any charges for prior periods and will only be effective as of the date the changes were published.
- Statement Fee: \$0.00 – there are no fees for electronically delivered and available statements
- Third-Party Fees – in the event that we are charged any fees by a third party in performing services on your behalf (e.g. transfer agent fees, legal fees, accounting fees, tax preparation fees, notary fees, exchange fees, brokerage fees, bank fees, blockchain settlement fees, etc.) then you agree to reimburse us for such reasonable charges at cost plus 25% (excluding broker-dealer commissions), and that no prior approval is required from you in incurring such expense.

You agree to pay all fees and expenses associated with your Account. Prime Trust is hereby authorized, at its option, in its sole discretion, to electronically debit the Account for payment of fees and expenses, including charging any linked credit or debit card, pulling funds from any linked bank account, or liquidating any of the Custodial Property without prior notice or liability. Unpaid fees are subject to interest at a rate of 1.50% per month on the outstanding balance and may be applied as a first lien on any Custodial Property. Prime Trust reserves the right to make changes to its fees for custodial services in its sole and absolute discretion.

4. ASSETS AND CUSTODY:

- a. Custodial Property which Prime Trust will generally agree to accept and hold on Account Holder's behalf includes: United States Dollars ("USD"), foreign currencies at the sole discretion of Prime Trust, title to real estate, certain digital assets, private equity and debt securities issued pursuant to laws and regulations of the United States, as well as equity and debt securities which are listed on any US exchange or alternative trading system (e.g. OTC, NASDAQ, NYSE, AMEX, etc.). Securities which have been issued pursuant to regulations of countries other than the US or which are listed on non-US trading systems may be acceptable for custody on a case by case basis. HERO VIDEO TRANSCRIPT:

Do you remember your first time? Were you nervous? Did it leave you breathless?

Hi, I'm Lora Haddock DiCarlo, the Founder & CEO of Lora DiCarlo. I started a company that will literally give you an orgasm. But, when I say "first time", I'm talking about investing. If you're a first time investor, or a first time investor in sexual wellness, your first time should be with Lora DiCarlo.

This company started with an orgasm, and it's grown into something bigger — a mission to destigmatize the conversation about pleasure and masturbation.

We've grown from zero revenue in 2019 to \$7.5M in our first year of business and launched 10 new products in the last 12 months. Our products are award-winning, they're engineered to be inclusive, user-friendly, and most importantly they're mind-blowing.

The wellness market is exceptionally large, but despite the industry's size, there's still a lack of innovation and brand recognition. For example, our internal consumer studies show that only 40% of adult toy owners can actually identify the brand of the device they own.

We see future opportunities in wellness products and telehealth services. We've already brought 11 products and 1 telehealth service to market... and we're just getting started.

Our in-house engineering team and quick-turn development capabilities make it possible to create products to fill the needs of the market, meanwhile pushing the industry to become more inclusive of all anatomies. To achieve this, our products innovate around robotics, material science and electromagnetics.

Our direct-to-consumer eCommerce site ships to 37 countries from warehouse locations in Amsterdam, Hong Kong and Los Angeles. And in September of 2020 we launched business-to-business sales and have distributors and retail partners across the globe.

This was no easy feat and couldn't have been done without our team of marketing and sales experts.... And not to mention the endorsement of our investor, co-owner, and creative advisor, Cara Delevingne.

In December we closed 3 million dollars in funding and will continue to scale this business. We are motivated to continue innovating on consumer needs and desire which we do with the support and validation of investors like Republic Labs, Romulus Capital, VU Fund, Gaingels, River Bend Capital and Cara Delevingne.

We know that investing in sexual wellness is a great opportunity, but what do others think?

Hi, at Vu Venture Partners, we are extremely selective with our investments. We source more than 18 thousand deals per year, but only invest in roughly 0.1% of the companies sourced and reviewed. We are very pleased to have invested in Lora DiCarlo as one of our portfolio companies.

I'm more confident than ever that with your help, we can change the world. We're committed to helping create a world where all humans can embrace their sexuality with positivity and confidence. So see how your pleasure can grow with Lora DiCarlo.

SOLUTION VIDEO TRANSCRIPT:

So the idea for this company all started with an orgasm. Then, it grew into a bigger vision around innovation through inclusion and destigmatizing the conversation around sex and masturbation, because pleasure is good for you.

We're a femme led sex-tech company driving pleasure innovation.

Ose 2, our flagship robotic stimulator that delivers powerful hands-free orgasms.

Baci uses patent-pending microrobotics to create the sensations of a partner's mouth and tongue.

Carezza's patent-pending PercussionTouch technology mimics human touch with sensual stroking sensations.

Filare's dual stimulation points recreate the feel of sensual circling and stroking using 3D technology.

Onda is a robotic massager that strokes internal erogenous zones with a come-hither motion.

I see a world where sexual stigma and shame are erased and gender equity and empowerment are embraced.

INVESTORS VIDEO TRANSCRIPT:
