Risk Factors

RISKS RELATED TO CROWDFUNDING

A crowdfunding Investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including merits and risks involved. These securities have not be recommended or approved by any federal or state commission or regulatory authority. Furthermore, these authorities have no passed upon the accuracy or adequacy of this document. Also note, that the portal, Wunderfund, has not recommended investment in this offering. It is solely up to the individual to make an investment decision.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

RISKS RELATED TO OUR BUSINESS

If our technology is not fully completed & business plan fails, you may lose your entire investment.

We will use the net proceeds of this offering to build our web application based on our business plan. If we cannot successfully build this application, execute the business plan, you will likely lose most, if not all, of your investment.

We have no operating history.

We have no sales or revenues to date, no operating history, and are unproven in marketing the Neat Meets services we intend to offer. You must consider the risks and uncertainties frequently encountered by early stage companies like ours and risks and uncertainties in the highly competitive hospitality industry in general.

We may not be able to raise the additional funding needed to fully implement our business plan.

Additional funding may be required subsequently even if our offering is fully funded. If this is the case, we may also need additional capital in the future. The amount of additional capital needed is dependent on many factors. If additional funding would be needed but not obtained, you may lose your entire investment.

If we obtain additional equity financing, your ownership interest will be diluted.

While not currently planned, if we subsequently determine there is a need for additional financing and decide to issue additional equity securities, such issuance(s) will dilute your ownership interest in the Company.

Series and Future classes of membership interests may be senior to your equity units

If the Company issues new membership interests, which it may do in its sole discretion, the new classes of membership interests may be senior to these equity units.

The Managers own a majority of the voting rights

It will be very difficult for the Members to remove the management team of George VonAllmen, Don Farrell, and Ananda Jami as Managers without their approval. The management team will have control over all aspects of operation.

Our patent is currently pending

If our patent does not come through, we run the risk of a large online provider implementing a similar concept. Our patent pending status, may give us the ability to be first to market, enhancing our chances for large hotel companies buying our company, or partnering with us for our services.

Establishing partnerships with the hospitality industry is not a given

It is not a given that we will close any of the hotel or hospitality deals we have in our pipeline. While we do have relationships with many of them, we cannot control the timing or predict whether they will contract with us.

Threat of Competitors in the Market

There are well established booking service providers in the industry who are well capitalized and have been operating for years. It's likely they will defend their market share in this industry.

RISKS RELATED TO THIS OFFERING

We can use the proceeds of your subscription after the \$20,000 minimum is met and before the maximum amount is raised.

We are under no obligation to raise the maximum amount before using the proceeds from this offering. If this offering does not generate at least \$107,000 we may not be able to fully implement our business plan and would need to scale back our plans. A portion of the proceeds raised will go towards our use of funds detailed with this offering.

Our Manager has unlimited discretion as to the use of proceeds from this offering.

Our Managers, have discretion with regard to the use of proceeds that we will receive from this offering, both by being Managers of a manager-managed LLC and by virtue of having all the voting shares in the company. We cannot assure you that the Manager will apply these funds effectively. Additionally, we cannot assure you that our use of the proceeds will be successful in generating the interest in our business model necessary to produce sufficient revenues to stay in business.

The Security Interests being offered are illiquid and not freely transferable.

The Security Units we are offering will not be registered under the Securities Act or qualified under applicable state securities laws, and may not be resold unless registered (and qualified) or an exemption from registration (and qualification) is available. There is no public market for the interests and we do not expect that any such market will develop. In addition, there are restrictions on the transferability of the interests pursuant to the terms of the Operating Agreement. If you invest in the Security Interests, you should expect to hold the shares for an indefinite period of time.

The offering price may not accurately reflect the value of the Security Interests.

The pricing of the Security Interests which we are offering was determined subjectively. The pricing is not based on any conventional pricing criteria such as the liquidation value of the Membership Interests or a multiple of net earnings per Unit. We have not obtained any third party valuations of the Company or Security units.

The rights of the Security Interests in this offering differ in various respects from the other classes of Membership Interests, including that these Security Interests have no voting rights.

The Company currently has two classes of membership interests outstanding. Voting Common Units, and Non-Voting Common Units pursuant to this offering. The Voting Common Units are substantially similar to the common stock of a corporation in that the holders of the Voting Common Units will only receive a return on their investment after all creditors of the Company have been paid and non-voting common units have also been paid.

The Voting Common Interests have “drag-along” rights and can force all Membership interests to sell their respective Interests in the event of a merger or an asset sale.

A Majority of Voting Common Interests may elect to sell all of the Company’s Membership Interests to a third party. In such an instance, a Majority of the Voting Common Interests is permitted to force the other Members, including the all other Members, to sell their Interests on the same terms as the Voting Common Membership Interests are being sold.

The Manager has the right to transfer Units to others without offering those Units to be purchased by other Members.

Managers may transfer a portion of their Voting Common Units that they currently hold, at their discretion, without offering other Members the right to purchase said Units. The intent is for the Managers to use these units to compensate employees or future officers in exchange for services.

In other words, when the Company issues more shares, the percentage of the Company that an investor participating in this Regulation Crowdfunding offering will own will decrease, even though the value of EConnect People, LLC (dba NeatMeets) may increase. Such investors will own a smaller share of the aggregate outstanding capital stock of EConnect People, LLC (dba NeatMeets).

Such increases in number of shares of EConnect People, LLC (dba NeatMeets) capital stock outstanding could be the result of another stock offering, employee restricted stock grants, employees exercising stock options, or conversion of certain instruments (e.g., convertible notes, preferred shares or warrants) into shares of the capital stock of EConnect People, LLC (dba NeatMeets). If EConnect People, LLC (dba NeatMeets) issues more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share if newly authorized and issued securities included stated dividend provisions.

Importantly, EConnect People, LLC (dba NeatMeets) may issue preferred shares in the future that include liquidation preferences to which the Non-Voting Common Stock is subordinated. Such

preferences could diminish the residual proceeds of any liquidity event in which holders of Non-voting Common Stock would otherwise be able to participate.

If you are making an investment expecting to own a certain percentage of EConnect People, LLC (dba NeatMeets) or expecting each share to hold a certain amount of value, it is important to realize how the value of shares of Non-Voting Common Stock shares can decrease by actions taken by the Company. Dilution can make drastic changes to the value of each share, ownership percentage, voting control, and earnings per share.

There is a high probability that EConnect People, LLC (dba NeatMeets) will need additional financing in the future. To the extent such financing is executed through the issuance of additional shares of capital stock (as opposed to incurring indebtedness), any investor participating in this offering will be diluted. To the extent that such financing is executed by EConnect People, LLC (dba NeatMeets) by incurring indebtedness, the value of the Non-Voting Common Stock of any investor participating in this offering will be at risk if EConnect People, LLC (dba NeatMeets) is unable to repay such indebtedness.
