**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019 and 2018**

**NOTE 1. BACKGROUND INFORMATION**

EveryDay Contacts, Inc. (EDC) was incorporated in the State of Delaware on May 9, 2018. EDC operates a research, development, and production facility in Albuquerque. EDC prepares contact lenses with a patent pending surface technology that improves the wettability and comfort of silicon hydrogel contact lenses.

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES**

This summary of significant accounting policies of EDC is presented to assist in the understanding of EDC's financial statements. The financial statements and notes are the representations of EDC's management who is responsible for their integrity and objectivity.

The Financial Accounting Standards Board (FASB) has issued the Accounting Standards Codification (ASC or the Codification) as the source of authoritative accounting principles recognized by the FASB to be used by nongovernmental entities when preparing financial statements in accordance with Generally Accepted Accounting Principles (GAAP) in the United States. The Codification essentially reduces the GAAP hierarchy to two levels: authoritative and non-authoritative, with the Codification being authoritative GAAP.

*Estimates.* The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

*Cash and Cash Equivalents.* For purposes of the statements of cash flows, EDC considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

*Fixed Assets, Net.* Fixed assets are stated at cost and consists of optical testing equipment. Depreciation is computed using the straight-line method over the lives of the assets, which is five years.

*Intellectual Property, Net.* Intellectual property is stated at cost and consists of legal fees and other expenses for patents. Amortization is computed using the straight-line method over the lives of the assets, which is ten years.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019 and 2018**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

*Revenue and Cost Recognition.* EDC follows ASC 606 and recognizes revenue only when all of the following criteria have been met:

- Persuasive evidence of an arrangement exists;
- Delivery has occurred or services have been rendered;
- The fee for the arrangement is fixed or determinable; and
- Collectability is reasonably assured.

*Persuasive Evidence of an Arrangement* – EDC documents all terms of an arrangement in a written contract signed by the customer prior to recognizing revenue.

*Delivery Has Occurred or Services Have Been Performed* – EDC performs all services or delivers all products prior to recognizing revenue. Professional consulting services are considered to be performed when the services are complete.

*The Fee for the Arrangement Is Fixed or Determinable* – Prior to recognizing revenue, a customer's fee is either fixed or determinable under the terms of the written contract.

*Collectability Is Reasonably Assured* – EDC determines that collectability is reasonably assured prior to recognizing revenue. Collectability is assessed on a customer by customer basis based on criteria outlined by management. EDC does not enter into arrangements unless collectability is reasonably assured at the outset. If it is determined during the arrangement that collectability is not reasonably assured, revenue is recognized on a cash basis.

Cost are recognized when paid or when EDC incurs an obligation to pay for goods or services, whichever occurs first.

*Income Taxes.* Provisions for income taxes are based on taxes payable or refundable for the current year and deferred taxes on temporary differences between the amount of taxable income and pretax financial income and between the tax bases of assets and liabilities and their reported amounts in the financial statements. Deferred tax assets and liabilities are included in the financial statements at currently enacted income tax rates applicable to the period in which the deferred tax assets and liabilities are expected to be realized or settled as prescribed in FASB ASC 740. As changes in tax laws or rate are enacted, deferred tax assets and liabilities are adjusted through the provision for income taxes.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019 and 2018**

**NOTE 2. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

EDC has implemented the accounting guidance for uncertainty in income taxes using the provisions of FASB ASC 740. Using that guidance, tax positions initially need to be recognized in the financial statements when it is more-likely-than-not the positions will be sustained upon examination by the tax authorities.

As of December 31, 2019 and 2018, EDC had no uncertain tax positions, or interest and penalties, that qualify for either recognition or disclosure in the financial statements.

With few exceptions, EDC is no longer subject to U.S. federal, state, and local income tax examinations by tax authorities for years before 2018.

*Rights and Privileges of Capital Stock and Preferred Stock.* As of December 31, 2018, the authorized capital of the EDC consisted of 10,000,000 shares of capital stock comprised common stock with a par value of \$0.001 per share. EDC had 7,000,000 shares issued and outstanding as of December 31, 2018.

As of December 31, 2019, EDC had the authority to issues 40,000,000 shares consisting of 30,000,000 shares of common and 10,000,000 shares of preferred, both at \$0.001 par value. EDC had 7,000,000 shares of common and 5,662,690 shares of preferred outstanding as of December 31, 2019.

Shares may but need not be represented by certificates. Unless otherwise provided by law, the rights and obligations of stockholders are identical whether or not their shares are represented by certificates.

The business and affairs of EDC shall be managed by or under the direction of the Board of Directors. Elections of directors need not be by written ballot unless otherwise provided in the Bylaws of EDC. In furtherance of and not in limitation of the powers conferred by the laws of the State of Delaware, the Board of Directors of EDC is expressly authorized to make, amend or repeal Bylaws of EDC.

The Board of Directors shall consist of no less than one person. The number of directors may from time to time be designated by the then-existing Board of Directors. Directors shall be elected by the stockholders at each annual stockholders meeting to hold office until the next annual meeting of the stockholders and until their respective successors are elected and qualified. Directors need not be stockholders.

*Stock Option Plan.* In May 2018, EDC adopted a Stock Option Plan (Plan) that provides for the granting of stock options to certain key employees. The Plan reserves 3,000,000 shares of common stock. Options under the Plan are to be granted at no less than fair market value of the shares at the date of grant.

**NOTES TO FINANCIAL STATEMENTS**  
**December 31, 2019 and 2018**

**NOTE 3. RECEIVABLE FROM STOCKHOLDER**

The receivable from stockholder represents the sale of 7,000,000 shares of stock to a shareholder for the initial capitalization of EDC. ASC 505-10-45-1 and 45-2 require notes receivable from the issuance of stock to be presented as a contra-equity account. Accordingly, the note receivable from a shareholder has been presented in the stockholders' equity section of the balance sheet.

Stock options were valued using a Section 709A valuation report obtained by EDC and dated June 21, 2018 which valued EDC's shares at \$0.01 per share. Stock options vest over 48 months with a one-year cliff. The Board may designate certain options as vesting upon issuance.

**NOTE 10. NET OPERATING LOSSES AND INCOME TAXES**

For the years ended December 31, 2019 and 2018, EDC incurred net operating losses and, accordingly, no provision for income taxes has been recorded.

For financial reporting purposes, EDC has incurred a loss in each period since its inception. Based on the available objective evidence, including EDC's history of losses, management believes it is more likely than not that the net deferred tax assets will not be fully realizable. Accordingly, EDC provided for a full valuation allowance against its net deferred tax assets as of December 31, 2019 and 2018, respectively.

As of December 31, 2019, EDC has available unused net operating losses that may be applied against future taxable income and that expire as follows:

Management of EDC is also the management of Lotus Leaf Coatings, Inc (LL). EDC and LL have executed the following agreements:

*Services Agreement* – Effective as of June 8, 2018. The agreement is to co-locate EDC and LL by having EDC sublease office space and contract for the use of LL’s equipment. **NOTE 12. GOING CONCERN**

EDC is a startup company that is dependent upon outside investor funding to support EDC until it is mature enough to support itself on company generated cash flow. The entire premise of the business model is built upon a novel technology that requires FDA approval prior to generating sales. Management started EDC with complete knowledge that there would be a period of time between the inception of EDC and the future point in time where EDC could support itself upon cashflow. To date, EDC has been able to generate outside investment from accredited investors to develop its technology and business relationships. EDC’s current plans involve securing additional outside investment from a both existing investors in EDC and new unrelated investors.
