Important information: Bad Actor Report by CrowdCheck is provided as a tool to help securities issuers and intermediaries establish that they have conducted "reasonable care" to discover whether any covered persons involved in the offering trigger any of the "Bad Actor" disqualifications that prevent the issuer from conducting certain securities offerings or require disclosure. While the search conducted by CrowdCheck is robust, CrowdCheck does not guarantee that the search will identify all disqualifying events. A more complete search would only be possible with expensive in-person investigation, and would be affected by the locations in which the subject person had lived. Additionally, false positives may occur due to similarity in names of individuals that will require further efforts on the part of the issuer and intermediary. CrowdCheck only checks persons that are identified to it as "covered persons" and is not responsible for establishing whether any given individual is a "covered person." The results of the Bad Actor Report do not constitute legal advice or investment advice of any kind.
