Seattle, WA

PROJECT/PROGRAM MANAGER

Managed a variety of projects, processes, logistics and financials for one of the Pacific Northwest's most active Angel Investors, with assets of >\$200M.

Seafood Distribution and Sales

- Managed customer relationships, including **Safeway, Costco, Kroger, Pacific Seafood** and other importers/exporters.
- Handled logistics and sales for halibut program, involving the weekly processing, shipping, and selling >150k pounds of seafood in a 24-48 hour window, Within tight timetables, managed orders, sold and routed correctly across the continental U.S., Hawaii, and Guam – always delivering on time and at budget.
- Worked with transportation partners to move millions of pounds of fresh seafood from some of the most remote places in Alaska to the continental US and Hawaii – a challenge due to being a highly perishable product requiring strict refrigeration standards. Often handled complex transportation issues that resulted with so many variables in the cold chain network.

Finance

- Analyzed Angel investment opportunities and audited business valuation and forecasting, providing guidance to primary funders.
- Sourced investment opportunities to be reviewed
- Created summary financial reports for multiple equity, loan, and real estate positions. Known for effectively encapsulating complex financial information in reports that could be easily reviewed by busy senior leadership.
- Managed the finance-side of the fish sales and procurement business and providing up-to-the-minute reporting to evaluate product sales opportunities.
- Leveraged Excel, Quickbooks and other SaaS tools that kept records up-to-date.

Technology

- Responsible for the selection, implementation and set-up for company's seafood technology systems, including networks, software development (basic knowledge of Java and Python).

Real Estate

- Evaluated real estate rental value for >15 properties across the U.S.
- Served as property manager remotely for properties across US.
