

APPENDIX A:
INVESTMENT RISKS

YOU MIGHT LOSE YOUR MONEY

When you buy a certificate of deposit from a bank, the Federal government (through the FDIC) guarantees you will get your money back. Buying a Note is not like that at all. The ability of Avalon Lounge and Game Cafe to make the payments you expect, and ultimately to give you your money back, depends on a number of factors, including many beyond our control.

LIMITED OPERATING HISTORY

Avalon Lounge and Game Cafe is a newly established entity and has no history for prospective investors to consider.

RELIANCE ON MANAGEMENT

As a securities holder, you will not be able to participate in Avalon Lounge and Game Cafe's management or vote on and/or influence any managerial decisions regarding Avalon Lounge and Game Cafe. Furthermore, if the founders or other key personnel of Avalon Lounge and Game Cafe were to leave Avalon Lounge and Game Cafe or become unable to work, Avalon Lounge and Game Cafe (and your investment) could suffer substantially.

INABILITY TO SELL YOUR INVESTMENT

The law prohibits you from selling your securities (except in certain very limited circumstances) for 12 months after you acquire them. Even after that one-year period, a host of Federal and State securities laws may limit or restrict your ability to sell your securities. Even if you are permitted to sell, you will likely have difficulty finding a buyer because there will be no established market. Given these factors, you should be prepared to hold your investment for its full term.

CHANGES IN ECONOMIC CONDITIONS COULD HURT AVALON LOUNGE AND GAME CAFE

Factors like global or national economic recessions, changes in interest rates, changes in credit markets, changes in capital market conditions, declining employment, changes in real estate values, changes in tax policy, changes in political conditions, and wars and other crises, among other factors are unpredictable and could negatively affect Avalon Lounge and Game Cafe's financial performance or ability to continue to operate.

NO REGISTRATION UNDER SECURITIES LAWS

The Notes will not be registered with the SEC or the securities regulator of any State. Hence, neither Avalon Lounge and Game Cafe nor the Notes will be subject to the same degree of regulation and scrutiny as if they were registered.

YOU HAVE A LIMITED UPSIDE

Notes include a maximum amount you can receive. You cannot receive more than that even if Avalon Lounge and Game Cafe is significantly more successful than your initial expectations.

YOU DO HAVE A DOWNSIDE

Conversely, if Avalon Lounge and Game Cafe fails to generate enough revenue, you could lose some or all of your money.

PAYMENTS AND RETURN ARE UNPREDICTABLE

Because your payments are based on the revenue of Avalon Lounge and Game Cafe, and the revenue of Avalon Lounge and Game Cafe can go up or down (or even disappear altogether) unpredictably, it is impossible to predict how much you will receive and when. And because the payments are unpredictable, so is your ultimate return.

THE NOTES ARE UNSECURED AND UNINSURED

The Notes are not secured by any collateral, nor are they guaranteed or insured by the FDIC or any other entity.

SUBORDINATION

The Notes shall be subordinated to all indebtedness of Avalon Lounge and Game Cafe to banks, commercial finance lenders, leasing and equipment financing institutions, and/or other institutions regularly engaged in the business of lending money.

LACK OF GUARANTY

The Notes are not personally guaranteed by any of the founders or any other person.

LIMITATION OF INDIVIDUAL RIGHTS IN EVENT OF DEFAULT

In the event of a default under the Notes, you will not be able to enforce your rights individually (for example, by bringing a lawsuit). Instead, a representative will be appointed according to the procedures set forth in the Note Indenture. It's possible that you will not like the representative, or that the representative will do things you believe are wrong or misguided. If an event of default has occurred and a representative has been appointed, all of the representative's reasonable expenses must be paid before any further payments are made with respect to the Notes.

THE COMPANY IS NOT SUBJECT TO THE CORPORATE GOVERNANCE REQUIREMENTS OF THE NATIONAL SECURITIES EXCHANGES

Any company whose securities are listed on a national stock exchange (for example, the New York Stock Exchange) is subject to a number of rules about corporate governance that are intended to protect investors. For example, the major U.S. stock exchanges require listed companies to have an audit committee made up entirely of independent members of the board of directors (i.e., directors with no material outside relationships with Avalon Lounge and Game Cafe or management), which is responsible for monitoring Avalon Lounge and Game Cafe's compliance with the law. Avalon Lounge and Game Cafe will not be required to implement these and other investor protections.

FUTURE INVESTORS MIGHT HAVE SUPERIOR RIGHTS

If Avalon Lounge and Game Cafe needs more capital in the future and takes on additional debt or other sources of financing, the new investors might have rights superior to yours. For example, they might have the right to be paid before you are, to receive larger distributions, to have a greater voice in management, or otherwise.

CONFLICT OF INTEREST WITH COMPANIES AND THEIR MANAGEMENT

In many ways, your interests and the interests of Avalon Lounge and Game Cafe's management will coincide: you both want Avalon Lounge and Game Cafe to be as successful as possible. However, your interests might be in conflict in other important areas, including these: You

might want Avalon Lounge and Game Cafe to act conservative to make sure they are best equipped to repay the Note obligations, while Avalon Lounge and Game Cafe might prefer to spend aggressively to invest in the business. You would like to keep the compensation of managers low, while managers want to make as much as they can.

CHANGES IN LAWS

Changes in laws or regulations, including but not limited to zoning laws, environmental laws, tax laws, consumer protection laws, securities laws, antitrust laws, and health care laws, could negatively affect Avalon Lounge and Game Cafe's financial performance or ability to continue to operate. Specifically, any additional regulation on the industry could significantly negatively affect the business.

UNINSURED LOSSES

Although Avalon Lounge and Game Cafe will carry some insurance, Avalon Lounge and Game Cafe may not carry enough insurance to protect against all risks to the business. Additionally, there are some kinds of risks that are very difficult or impossible to insure against, at least at a reasonable cost. Therefore, Avalon Lounge and Game Cafe could incur an uninsured loss that could damage its business.

LACK OF ONGOING INFORMATION

Avalon Lounge and Game Cafe will be required to provide some information to investors for at least 12 months following the offering. However, this information is far more limited than the information that would be required of a publicly-reporting company; and Avalon Lounge and Game Cafe is allowed to stop providing annual information in certain circumstances. However, as Avalon Lounge and Game Cafe is an S-Corp, they are required to file an annual corporate report which investors will receive.

INCOMPLETE OFFERING INFORMATION

Title III does not require us to provide you with all the information that would be required in some other kinds of securities offerings, such as a public offering of shares (for example, publicly-traded firms must generally provide investors with quarterly and annual financial statements that have been audited by an independent accounting firm). Although Title III does require extensive information, it is possible that you would make a different decision if you had more information.

FINANCIAL FORECASTS RISKS

The financial forecasts provided by us herein are reasonable forecasts by us based upon assumption of stable economic conditions and other various assumptions regarding operations. The validity and accuracy of these assumptions will depend in large part on future events over which Avalon Lounge and Game Cafe and the key persons will have no control. Changes in assumptions or their underlying facts could significantly affect the forecasts. To the extent that the assumed events do not occur, the outcome may vary significantly from the projected outcomes. Consequently, there can be no assurance that the actual operating results will correspond to the forecasts provided herein. Additionally, Avalon Lounge and Game Cafe is a newly established entity and therefore has no operating history from which forecasts could be projected with.

COMPETITION

The market in which we operate is highly competitive and could become increasingly competitive with new entrants in the market. Avalon Lounge and Game Cafe competes with many other businesses, both large and small, on the basis of quality, price, location, and customer experience. Changes in customer preference away from Avalon Lounge and Game Cafe's core business or the inability to compete successfully against the with other competitors could negatively affect Avalon Lounge and Game Cafe's financial performance.

THE COMPANY MIGHT NEED MORE CAPITAL

Avalon Lounge and Game Cafe might need to raise more capital in the future to fund/expand operations, buy property and equipment, hire new team members, market its services, pay overhead and general administrative expenses, or a variety of other reasons. There is no assurance that additional capital will be available when needed, or that it will be available on terms that are not adverse to your interests as an investor. If Avalon Lounge and Game Cafe is unable to obtain additional funding when needed, it could be forced to delay its business plan or even cease operations altogether.
