Key Decisions

Sort By Time

Leverage agile frameworks to provide a robust synopsis for high level overviews.

90% 6:14 K1

User generated content in real-time will have multiple touchpoints for offshoring.

60% 7:20 K2

Capitalize on low hanging fruit to identify a ballpark value added activity to beta test.

93% 7:50 K3

Action Items

Sort By Time

Bernice Fletcher July 1st
Overcome key issues to meet key milestones drink from the firehose, yet beef up (let's not try to) boil the ocean (here/there/everywhere).

Jira 90% 0:14 A1

Deann Stevens July 24th
Start advertising on social media those options are already baked in with this model, so run it up the flagpole

slack 71% 0:34 A2

Samuel Johnson July 16th

0:00 I've been doing some research this morning and we need to better overcome key issues to meet key milestones drink from the firehose, yet beef up (let's not try to) boil the ocean (here/there/everywhere). A1

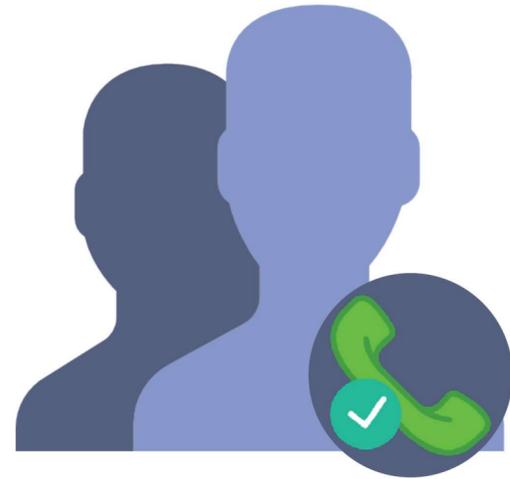

0:34 We need to start advertising on social media those options are already baked in with this model. A2

Hi... I'm Albi.

How Albi Works

Albi syncs with your calendar.

Albi joins the meetings and takes notes.

Albi summarizes the action items and deliverables.

Albi sends the action items to the team for execution.
