Ya know, Wichita's new Riverfront Stadium -- home to Wind Surge -- is ahead-of-its-time in every way. And stunning! So glad I got to join a VIP tour yesterday with [Wichita Manufacturers Association](#) for their behind-the-curtain event, thanks to the kind invite from [Amanda Dickson, CPA](#) Dickson at RSM.

This pic is with my new buddy [Aditya Joshi](#) (super smart guy headed to [University of California, Berkeley](#) in 2 weeks) who surprised me when he reserved equity in our crowdrise. How cool is that!? These youngsters are sure smart! (wink)

Anyone can reserve equity like Aditya... because portals like [WeFunder](#) level the playing field when it comes to deal flow for all, ease of investing, and at micro levels like \$250. Countless success stories already from this.

Game up and check it out >>>>>>> www.wefunder.com/kaas

Hard to believe the gov made this approach illegal for over 80 years.

Huge thanks to [Wefunder](#), [Arora Project](#) and The SEC for this monumental opportunity to allow the crowd access -- essentially anyone in the world -- to micro-invest in us as if we were a public company!

Humbled: the President of a crowdfunding marketing and ad agency just reserved equity in OUR crowd campaign.

Their LI bio says (redacted excerpt): "X is the industry's only full-service, turnkey product launch agency. We have helped file more than 700 patents... raised over \$150 million dollars through crowdfunding..."

Employees win with this tech. So do companies.

What's really neat is that basically anyone with \$250 can potentially win too. How big of a win? Well, we have some thoughts about that.

Perks are what incentivize people to invest more... and it's working.

We offer six (6) perks for our Wefunder campaign:

> <https://lnkd.in/eZXEQCN>

We are "testing the waters" to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. No offer to buy securities will be accepted. No part of the purchase price will be received until a Form C is filed and only through Wefunder's platform. Any indication of interest involves no obligation or commitment of any kind.

PERKS!

The crowd has grabbed
several \$500 and \$2,000
level perks.

It is live!

Our first equity crowdfunding investment. Anyone can reserve equity for \$250 or more. Totally democratizes investing, amazing.

Many of you know I have been part of a team over the past two years that formed a tech startup called Knowledge as a Service Inc.

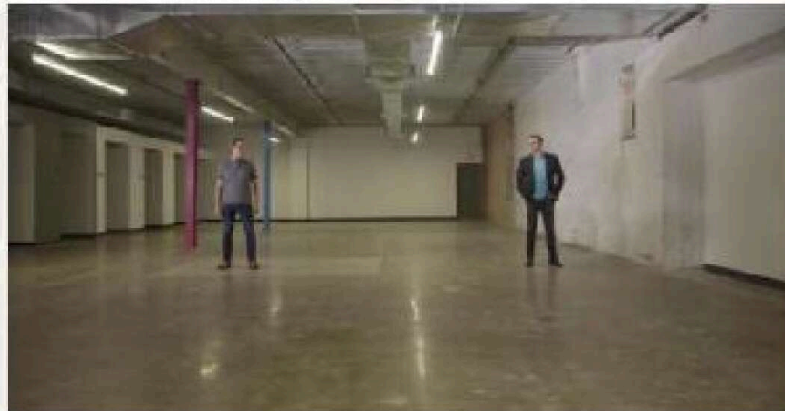

It's blazing a trail with a software product some of you have used called Ringorang that is clinically proven to change human behavior -- and it's being applied to empowering people to command their own destinies and businesses to thrive. Like, where employees are disempowered because their companies are unable to train them in a way that produces results.

And, if you know my story, you'll get just how thrilled I am to be applying it to mental health and even addiction recovery.

It used to be only venture capitalists got access to this kind of investment. Legislation has changed that with Regulation CF. Check it out and please consider sharing with your friends while we're still in the "early bird" round.

🤖 Did you know >>>> pretty much anyone can reserve equity ownership in our tech company -- even as low as \$250 -- and decide later to invest or not? It's a click-to-reserve button.

Then in a few weeks, you make your decision. This gives you time and space to think about it, learn more, connect with us.

That's what's nice about [Wefunder.com](https://www.wefunder.com): they make it easy for pretty much anyone to get equity in startups.

B. Wayne Berkley 👤 feeling blessed at Groove Labs

July 24 at 10:2 AM · Wichita, KS

This is a historic day for Wichita's startup community 🎉

We're the first to launch an equity crowdfunding under the revised Reg CF exemption.

I made my homework to see our "Early Bird" terms on Wefunder before we launch national marketing campaigns in a few weeks (see our partner form's Project) But first >>>

👉 **Shout-out time**

High-kows to the following Wichitans for helping us get to this point... to the launch pad, because if this works, it's largely be because Wichita made it happen.

To Tonya Wilhamsport at National Institute for Aviation Research, Wichita State University for the best, folks support and inspiring us to execute here.

To Paul Gray for his authentic testimonials and referrals.

To Wichita Business Journal for the material e-partnership of Daniel McLeay.

To Makaway Cycling Company for being our first B2C customer.

To System for being our second B2C customer!

To Acronex/Kurzer and the winning team at Greater Wichita Partnership for ensuring we're connected and "in the crowd".

To Sam Foreman at Foreman Law for letting us shoot some bull in his local office.

To Wichita Regional Chamber of Commerce for accepting and promoting us (and for the great logo space in Sept).

To FlightSolutions, not because I know our upcoming meeting will rock!

To Bill Hamby and Rodney Richter for "you know who".

To Ted Wilson, Kaitlyn, Paul, Steve, Greg, Steve, Robert, Gilbert, Mark, Benches, Joyce Coleman, Matt, Spilchick, Jason, Mel, Jennifer, Margaret, Steve A. Russell for encouragement and friendship.

To Tracy, Curt and the awesome team at Groove Labs for office space and dedication to entrepreneurs.

To Fawcett Wichita for my kick-off office space (it's rental).

To Jack, Marissa, Dan, Steve and AP, Chaz for generous referrals.

To Phil Macy for reminding me where he power really is.

To Ryan, Jay, Jeff, Stephen and Martin, Wichita for key insights and hospitality.

To Cameron, necessary for our special advice.

To Linda Loren at W. Frank Harbo School of Business (Wichita State University) for the live studios (see thank you).

To Brandon, Paulson and Jennifer, thank you for the upcoming podcast and chairs.

To Jack, Subramanian and Emma, Subramanian for a truly unpretentious vision.

To Scott, Murray for stepping up quick for the video at Garvey Center.

To Josh, Dending, May, Beth, Lynn and the team at QX 3.0 / Scaleable Venture Partners for guidance and encouragement.

To Rob, Gerlach (Wichita State University), Mike, Harris, JR, Bayard and Ben, Wolf (Ad Astra MD) for believing in us and what's possible for B2C.

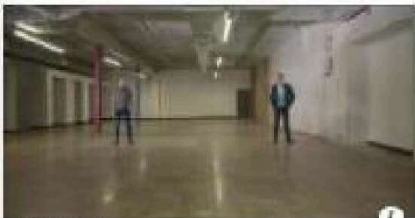

To Gay, Gilbert, Brian, Hensley, Will, Matthews for staying close as we grow.

And to the other groups and people in Wichita, surely large to mention in this post. Please tag yourself and accept my apologies.

👉 Here's the campaign: <https://www.wefunder.com/kuw>

Let's see how Wichita responds to that "Only the Keeper of the Flame" knows about ways the true will flow. 🙏
