(D) The Company’s Business and Business Plan

Seven Sisters Brewery – The idea for Seven Sisters Brewery grew out of the rapid expansion of the craft beer industry and market. In particular, Virginia changed the laws and regulations to encourage growth in 2012. Owner and manager David Clark attended Virginia Commonwealth University from 2010 to 2014, a time period when Richmond, Virginia saw significant growth

during this period. David's interest in the business opportunities prompted his research on the industry and market in 2016. Through 2017, David developed the plans and projections for opening a brewery. He also completed a Fermentation Science course at Appalachian State University in the summer of 2017.

In the Fall of 2017, he began work with a local developer in Wytheville, Virginia. The property was a former light industrial site within the town's historic district. R.P Johnson & Sons had operated at the location in some form for more than 150 years. The existing building dated to the 1930s & 1940s. Discussions continued through late 2017 to mid-2018, exploring with options for the site with architect, engineers and consultants. Much of the time in 2018 was devoted to resolving planning and engineering questions. By late 2018, the detail work of planning and designing the space was complete. Construction and renovation began in January 2019. The completed location consists of a 10,000 square-foot brewery. Four-thousand square feet of the space is devoted to the production and storage of raw materials, kegs, cold storage-and importantly, the beer. The brewery features a six-thousand square foot taproom with 16-ft ceilings, tables and bar area, outdoor seating and roll-up doors opening to a parking area for food trucks. The brewing equipment was manufactured by Deutsche Beverage Technology and features a 5-barrel brewhouse and five 10-barrel fermenters. With this system, Seven Sisters can support up to 1500-barrel annual production. Additional growth in production has also been accounted for within the brewery space. While the space is well suited for further expansion into additional markets due to already existing shipping and receiving already rented by the brewery and the additional unleased space available within the building.

Seven Sisters completed the required regulatory and licensing approvals in September 2019. Beer production began immediately. The brewery opened to the public on October 25, 2019. The renovated building offers a warm, welcoming atmosphere that has been well received by the public-both local and regional travelers. The taproom is kid- and pet-friendly. A small stage in the taproom provides a venue to music, trivia as well as group meetings. Seven Sisters is blessed with the talents of Joe Hayes, a master brewer with more than 25 years of experience, so the beer is exceptional. Reviews on social media are very positive. Seven Sisters maintains a 5 star rating on Facebook, a 4.8 star rating on Google, and a 4.0 rating on Untapped.

With the opening in October, Seven Sisters anticipated slow growth thru the Winter of 2019-20. In the Spring, plans were in place to rapidly grow, taking advantage of travelers, outdoor events and the demand for a family-friendly social gathering spot. As with many businesses, the impact of COVID-19 is being felt. Seven Sisters has received some grant and loan funding to support operations in the near-term. We are seeking additional funding to support and grow operations through and beyond the pandemic. Please check us out online (@7sistersbrew on Facebook, @7sistersbrewva on Instagram, and at sevensistersbreweryva.com) and if in the region or traveling thru, come sample the great beer!

If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	0.4 - 4.0% ²
Payment Deadline	2027-07-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.8 x 1.6 x
Sharing Start Date	The first day after disbursement that the Company has revenues greater than one (\$1) dollar
First Payment Date	Thirty (30) days after the last day of the calendar quarter ending not less than Sixty (60) days after the sharing start date.
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.45%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 0.4% and a maximum rate of 4.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$10,000	0.4%
\$32,500	1.3%
\$55,000	2.2%
\$85,000	3.4%
\$100,000	4.0%

³ To reward early participation, the investors who contribute the first \$20,000.0 raised in the offering will receive a 1.8x cap. Investors who contribute after \$20,000.0 has been raised in the offering will receive a 1.6x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	293
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited liability company interests are equity securities, with voting rights, whereas the revenue sharing notes being offered are debt securities with no voting rights.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Debbie Clark	23.5%
Dale Clark	23.5%
David Clark	34%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.
