## ABOUT THIS FORM C/A

You should rely only on the information contained in this Form C/A. We have not authorized anyone to provide any information or make any representations other than those contained in this Form C/A, and no source other than OpenDeal Portal LLC dba Republic (the “**Intermediary**”) has been authorized to host this Form C/A and the Offering. If anyone provides you with different or inconsistent information, you should not rely on it. We are not offering to sell, nor seeking offers to buy, the Securities (as defined below) in any jurisdiction where such offers and sales are not permitted. The information contained in this Form C/A and any documents incorporated by reference herein is accurate only as of the date of those respective documents, regardless of the time of delivery of this Form C/A or the time of issuance or sale of any Securities.

Statements contained herein as to the content of any agreements or other documents are summaries and, therefore, are necessarily selective and incomplete and are qualified in their entirety by the actual agreements or other documents. Prior to the consummation of the purchase and sale of the Securities, the Issuer will afford prospective Investors (defined below) an opportunity to ask questions of, and receive answers from, the Issuer and its management concerning the terms and conditions of this Offering and the Issuer. Potential purchasers of the Securities are referred to herein as “**Investors**” or “**you**”. The Issuer is referred to herein as the “**Issuer**” or “**we**”.

In making an investment decision, you must rely on your own examination of the Issuer and the terms of the Offering, including the merits and risks involved. The statements of the Issuer contained herein are based on information believed to be reliable; however, no warranty can be made as to the accuracy of such information or that circumstances have not changed since the date of this Form C/A. For example, our business, financial condition, results of operations, and prospects may have changed since the date of this Form C/A. The Issuer does not expect to update or otherwise revise this Form C/A or any other materials supplied herewith.

This Form C/A is submitted in connection with the Offering described herein and may not be reproduced or used for any other purpose.

### CAUTIONARY NOTE CONCERNING FORWARD-LOOKING STATEMENTS

This Form C/A and any documents incorporated by reference herein contain forward-looking statements and are subject to risks and uncertainties. All statements other than statements of historical fact or relating to present facts or current conditions included in this Form C/A are forward-looking statements. Forward-looking statements give our current reasonable expectations and projections regarding our financial condition, results of operations, plans, objectives, future performance and business. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements may include words such as “anticipate,” “estimate,” “expect,” “project,” “plan,” “intend,” “believe,” “may,” “should,” “can have,” “likely” and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events.

The forward-looking statements contained in this Form C/A and any documents incorporated by reference herein are based on reasonable assumptions we have made in light of our industry experience, perceptions of historical trends, current conditions, expected future developments and other factors we believe are appropriate under the circumstances. As you read and consider this Form C/A, you should understand that these statements are not guarantees of performance or results. Although we believe that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect our actual operating and financial performance and cause our performance to differ materially from the performance anticipated in the forward-looking statements. Should one or more of these risks or uncertainties materialize, or should any of these assumptions prove incorrect or change, our actual operating and financial performance may vary in material respects from the performance projected in these forward-looking statements.

Investors are cautioned not to place undue reliance on these forward-looking statements. Any forward-looking statements made in this Form C/A or any documents incorporated by reference herein are accurate only as of the date of those respective documents. Except as required by law, we undertake no obligation to publicly update any forward-looking statements for any reason after the date of this Form C/A or to conform these statements to actual results or to changes in our expectations.

## THE OFFERING AND THE SECURITIES

### The Offering

The Issuer is offering a minimum amount of \$50,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$1,000,000 (the “**Maximum Offering Amount**”) of Crowd SAFE (Simple Agreement for Future Equity) (the “**Securities**”) on a best efforts basis as described in this Form C/A (this “**Offering**”). The Minimum Individual Purchase Amount is \$100 and the Maximum Individual Purchase Amount is \$300,000. The Issuer reserves the right to amend the Minimum Individual Purchase Amount and Maximum Individual Purchase Amount, in its sole discretion. In particular, the Issuer may elect to participate in one of the Intermediary’s special investment programs and may offer alternative Minimum Individual Purchase Amounts and Maximum Individual Purchase Amounts to Investors participating in such programs without notice. The Issuer must raise an amount equal to or greater than the Target Offering Amount by July 26, 2024 (the “**Offering Deadline**”). Unless the Issuer receives investment commitments, which are fully paid for and meet all other requirements set by this Offering, in an amount not less than the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be canceled and all committed funds will be returned.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Issuer’s asset value, net worth, revenues or other objective established criteria of value, and should not be considered indicative of the actual value of the Securities.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the **Intermediary** (as defined above), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Issuer are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with a qualified third party escrow agent meeting the requirements of Regulation CF (“**Escrow Agent**”) until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline or an intermediate close, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds. If the investor does not cancel an investment commitment before the 48-hour period prior to the Offering Deadline, the funds will be released to the Issuer and the investor will receive their Securities.**

The Issuer will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Issuer reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Issuer continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

### The Deal Page

A description of our products, services and business plan can be found on the Issuer’s profile page on the Intermediary’s website under <https://republic.com/fuelgems> (the “**Deal Page**”). The Deal Page can be used by prospective Investors to ask the Issuer questions and for the Issuer to post immaterial updates to this Form C/A as well as make general announcements. You should view the Deal Page at the time you consider making an investment commitment. Updates on the status of this Offering can also be found on the Deal Page.

### Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Issuer will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be canceled and the committed funds will be returned without interest or deductions.

## **Intermediate Closings**

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Issuer designates pursuant to Rule 304(b) of Regulation CF, the Issuer may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments). Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before such early closing date.

If the Issuer conducts an initial closing (the “**Initial Closing**”), the Issuer agrees to only withdraw seventy percent (70%) of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Issuer may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the Target Offering Amount as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Issuer upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Issuer has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Issuer until they are accepted by the Issuer, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Issuer rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

## **The Securities**

We request that you please review this Form C/A and the Instrument attached as Exhibit B, in conjunction with the following summary information.

### ***Not Currently Equity Interests***

The Securities are not currently equity interests in the Issuer and merely provide a right to receive equity at some point in the future upon the occurrence of certain events (which may or may not occur).

### ***Dividends and/or Distributions***

The Securities do not entitle Investors to any dividends.

### ***Nominee***

The Nominee (as defined below) will act on behalf of the Investors as their agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Securities. The Nominee will take direction from a pre-disclosed party selected by the Issuer and designated below on any matter in which affects the Investors’ economic rights. The Nominee is not a fiduciary to the Investors and the Investors agree to indemnify the Nominee per the terms of the Security.

### ***Conversion***

Upon the next sale (or series of related sales) by the Issuer of its Capital Stock to one or more third parties resulting in gross proceeds to the Issuer of not less than \$200,000 cash and cash equivalent (each an “**Equity Financing**”), the Securities are convertible into shares of the securities issued in said Equity Financing, at the option of the Issuer.

Conversion Upon the First Equity Financing (Early Investors)

**FIRST TRANCHE: FOR THE FIRST \$800,000 OF AGGREGATE SUBSCRIPTIONS IN THE OFFERING:**

If the Issuer elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, each investor who invests during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$800,000.00 USD, will receive the number of securities equal to the greater of the quotient obtained by dividing the amount the Investor paid for the Securities (the “**Purchase Amount**”) by (a) or (b) immediately below (the “**Conversion Price**”):

- (a) the quotient of \$13,000,000 divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Simple Agreements for Future Equity, including the Securities (collectively, “**Safes**”), and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes;

OR

- (b) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is less than or equal to the Valuation Cap, the lowest price per share of the securities sold in such Equity Financing.

Such Conversion Price shall be deemed the “**First Equity Financing Price for Early Investors**”.

Conversion Upon the First Equity Financing (Standard Investors)

**SECOND TRANCHE: FOR THE NEXT \$200,000 OF AGGREGATE SUBSCRIPTIONS IN THE OFFERING:**

If the Issuer elects to convert the Securities upon the first Equity Financing following the issuance of the Securities, each investor who invests during the second tranche of the Offering, which includes all subscriptions from \$800,000.01 USD to \$1,000,000.00 USD, will receive the number of securities equal to the greater of the quotient obtained by dividing the amount the investor paid for the securities (the “**Purchase Amount**”) by (a) or (b) immediately below (the “**Conversion Price**”):

- (a) the quotient of \$17,500,000 divided by the aggregate number of issued and outstanding shares of capital stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible preferred stock and all outstanding vested or unvested options or warrants to purchase capital stock, but excluding (i) shares of capital stock reserved for future issuance under any equity incentive or similar plan, (ii) convertible promissory notes, (iii) any Safes, and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes.

OR

- (c) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is less than or equal to the Valuation Cap, the lowest price per share of the securities sold in such Equity Financing.

Such Conversion Price shall be deemed the “**First Equity Financing Price for Standard Investors**”.

A summary of the foregoing terms is set forth below:

<b>Aggregate Amount of Subscriptions</b>	<b>Valuation Cap</b>
\$0 - \$800,000.00	\$13,000,000
\$800,000.01 - \$1,000,000	\$17,500,000

*Conversion After the First Equity Financing*

If the Issuer elects to convert the Securities upon an Equity Financing other than the first Equity Financing following the issuance of the Securities, at the Issuer's discretion the Investor will receive, the number of converted securities equal to the quotient obtained by dividing (a) the Purchase Amount by (b) the First Equity Financing Price.

*Conversion Upon a Liquidity Event Prior to an Equity Financing (Early Investors)*

For investors who invest during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$800,000.00 USD, in the case of the Issuer's undergoing an **IPO** (as defined below) of its Capital Stock or a Change of Control (as defined below) of the Issuer (either of these events, a "**Liquidity Event**") prior to any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the "**Cash Out Option**") or (ii) a number of shares of Common Stock of the Issuer equal to the Purchase Amount divided by the quotient of (a) \$13,000,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Issuer's capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (x) any Safes; (y) convertible promissory notes; and (z) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes.

*Conversion Upon a Liquidity Event Prior to an Equity Financing (Standard Investors)*

For investors who invest during the second tranche of the Offering, which includes all subscriptions from \$800,000.01 USD to \$1,000,000.00 USD, in the case of the Issuer's undergoing an **IPO** (as defined below) of its Capital Stock or a Change of Control (as defined below) of the Issuer (either of these events, a "**Liquidity Event**") prior to any Equity Financing, the Investor will receive, at the option of the Nominee and within thirty (30) days of receiving notice (whether actual or constructive), either (i) a cash payment equal to the Purchase Amount subject to the following paragraph (the "**Cash Out Option**") or (ii) a number of shares of Common Stock of the Issuer equal to the Purchase Amount divided by the quotient of (a) \$17,500,000 divided by (b) the number, as of immediately prior to the Liquidity Event, of shares of the Issuer's capital stock outstanding (on an as-converted basis), assuming the exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (w) shares of capital stock reserved for future issuance under any equity incentive or similar plan; (x) any Safes; (y) convertible promissory notes; and (z) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or Safes.

In connection with the Cash Out Option, the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event. If there are not enough funds to pay the Investors and the holders of other SAFEs (collectively, the "**Cash-Out Investors**") in full, then all of the Issuer's available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

"**Change of Control**" as used above, means (i) a transaction or series of related transactions in which any person or group becomes the beneficial owner of more than fifty percent (50%) of the outstanding voting securities entitled to elect the Issuer's board of directors, (ii) any reorganization, merger or consolidation of the Issuer, in which the outstanding voting security holders of the Issuer fail to retain at least a majority of such voting securities following such transaction or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer.

"**IPO**" as used above, means: (A) the completion of an underwritten initial public offering of Capital Stock by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Issuer to the public, which

in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer's initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers shares of existing capital stock of the Issuer for resale, as approved by the Issuer's board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Issuer.

#### *Conversion Upon a Liquidity Event Following an Equity Financing*

In the case of a Liquidity Event following any Equity Financing, the Investor will receive, at its option and within thirty (30) days of receiving notice (whether actual or constructive), either (i) the Cash Out Option or (ii) a number of shares of the most recently issued capital stock equal to the Purchase Amount divided by the First Equity Financing Price. Shares of capital stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of capital stock issued in connection with the Issuer's most recent Equity Financing.

If there are not enough funds to pay the Investors and the other Cash-Out Investors in full, then all of the Issuer's available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts.

If the Issuer's board of directors determines in good faith that delivery of equity securities to the Investor pursuant to Liquidity Event paragraphs above would violate applicable law, rule or regulation, then the Issuer shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such capital stock, as determined in good faith by the Issuer's board of directors.

#### ***Dissolution***

If there is a **Dissolution Event** (as defined below) before the Securities terminate, subject to the preferences applicable to any series of preferred stock then outstanding, the Issuer will distribute all proceeds legally available for distribution with equal priority among the (i) holders of the Securities (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Issuer's board of directors at the time of the Dissolution Event), (ii) all other holders of instruments sharing in the distribution of proceeds of the Issuer at the same priority as holders of Common Stock upon a Dissolution Event and (iii) all holders of Common Stock.

A "**Dissolution Event**" means (i) a voluntary termination of operations by the Issuer, (ii) a general assignment for the benefit of the Issuer's creditors or (iii) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

#### ***Termination***

The Securities terminate (without relieving the Issuer of any obligations arising from a prior breach of or non-compliance with the Securities) upon the earlier to occur of: (i) the issuance of shares in the converted securities to the Investor pursuant to the conversion provisions of the Crowd SAFE agreement or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to a Liquidity Event or a Dissolution Event.

#### ***Voting and Control***

Neither the Securities **nor the securities issuable upon the conversion** of the Securities have voting rights unless otherwise provided for by the Issuer. In addition, to facilitate the Offering Crowd SAFE Investors being able to act together and cast a vote as a group, to the extent any securities acquired upon conversion of the Securities confer the holder with voting rights (whether provided by the Issuer's governing documents or by law), the Nominee (as defined above) will act on behalf of the holders as agent and proxy in all respects. The Nominee will vote consistently with at the direction of the Chief Executive Officer of the Issuer ("**Nominee Designee**").

#### ***Anti-Dilution Rights***

The Securities do not have anti-dilution rights, which means that future equity issuances and other events will dilute the ownership percentage that Investors may eventually have in the Issuer.

### ***Restrictions on Transfer***

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred: (1) to the Issuer; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. “Member of the family” as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Issuer with an opinion of counsel reasonably satisfactory to the Issuer stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any capital stock into which they are convertible to any of the Issuer’s competitors, as determined by the Issuer in good faith.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

### ***Other Material Terms***

- The Issuer does not have the right to repurchase the Securities.
- The Securities do not have a stated return or liquidation preference.

## **COMMISSION AND FEES**

### **Cash Commission**

At the conclusion of the Offering, the Issuer shall pay the Intermediary the greater of (A) a fee of seven percent (7%) of the dollar amount raised in the Offering and (B) a cash fee of twelve thousand dollars (\$12,000).

### **Other Compensation**

The Intermediary will also receive compensation in the form of the Securities equal to two percent (2%) of the total number of the Securities sold in the Offering. The total number of Securities outstanding after the Offering is subject to increase in an amount equal to the Intermediary’s fee of two percent (2%) of the Securities issued in this Offering.

## **RISK FACTORS**

*Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C/A. In addition to the risks specified below, the Issuer is subject*

*to the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.*

### **Risks Related to the Issuer's Business and Industry**

***We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.***

The Issuer is still in an early phase and we are just beginning to implement our business plan. There can be no assurance that we will ever operate profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early-stage companies. The Issuer may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

***Global crises and geopolitical events, including without limitation, COVID-19 can have a significant effect on our business operations and revenue projections.***

A significant outbreak of contagious diseases, such as COVID-19, in the human population could result in a widespread health crisis. Additionally, geopolitical events, such as wars or conflicts, could result in global disruptions to supplies, political uncertainty and displacement. Each of these crises could adversely affect the economies and financial markets of many countries, including the United States where we principally operate, resulting in an economic downturn that could reduce the demand for our products and services and impair our business prospects, including as a result of being unable to raise additional capital on acceptable terms, if at all.

***The amount of capital the Issuer is attempting to raise in this Offering may not be enough to sustain the Issuer's current business plan.***

In order to achieve the Issuer's near and long-term goals, the Issuer may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Issuer will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause an Investor to lose all or a portion of their investment.

***We may face potential difficulties in obtaining capital.***

We may have difficulty raising needed capital in the future as a result of, among other factors, our lack of revenues from sales, as well as the inherent business risks associated with our Issuer and present and future market conditions. Our business currently does not generate any sales and future sources of revenue may not be sufficient to meet our future capital requirements. We will require additional funds to execute our business strategy and conduct our operations. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our research, development or commercialization programs, product launches or marketing efforts, any of which may materially harm our business, financial condition and results of operations.

***We may not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.***

Unless we increase our authorized capital stock, we may not have enough authorized common stock to be able to obtain funding by issuing shares of our common stock or securities convertible into shares of our common stock. We may also not have enough authorized capital stock to issue shares of common stock to investors upon the conversion of any security convertible into shares of our common stock, including the Securities.

***We may implement new lines of business or offer new products and services within existing lines of business.***

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or

services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

***We rely on other companies to provide components and services for our products.***

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

***We rely on various intellectual property rights, including trademarks, in order to operate our business.***

The Issuer relies on certain intellectual property rights to operate its business. The Issuer's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

***The Issuer's success depends on the experience and skill of the board of directors, its executive officers and key employees.***

We are dependent on our board of directors, executive officers and key employees. These persons may not devote their full time and attention to the matters of the Issuer. The loss of our board of directors, executive officers and key employees could harm the Issuer's business, financial condition, cash flow and results of operations.

***Although dependent on certain key personnel, the Issuer does not have any key person life insurance policies on any such people.***

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Issuer has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Issuer will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Issuer and our operations. We have no way to guarantee key personnel will stay with the Issuer, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

***Damage to our reputation could negatively impact our business, financial condition and results of operations.***

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

***Our business could be negatively impacted by cyber security threats, attacks and other disruptions.***

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

***Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.***

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

***The use of Individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.***

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain

access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

***The Issuer is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.***

The Issuer may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) issuer, the Issuer is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Issuer's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Issuer of such compliance could be substantial and could have a material adverse effect on the Issuer's results of operations.

***We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.***

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

***Future demand for fuel additives is uncertain and may be affected by changes to federal mandates, public perception, consumer acceptance and overall consumer demand for transportation fuel, any of which could negatively affect demand for fuel additives and our results of operations.***

Although many trade groups, academics and governmental agencies support *fuel additives* that promotes a cleaner environment, others may criticize the use of fuel-additives. If negative views of fuel additives gain broader acceptance, support for existing measures promoting use of *fuel additives* could decline, leading to a reduction or repeal of federal usage mandates, which would materially and adversely affect the demand for our fuel additives. These views could also negatively impact public perception of the fuel industry and acceptance of fuel additives.

There are limited markets for fuel additives beyond those established by federal mandates. The demand for fuel additives is affected by the overall demand for transportation fuel. Demand for transportation fuel is affected by the number of miles traveled by consumers and vehicle fuel economy. Lower demand for fuel additives would reduce the value of our products, erode our overall margins and diminish our ability to generate revenue or to operate profitably.

Demand for transportation fuel is affected by cost, number of miles traveled and vehicle fuel economy. Miles traveled typically increases during the spring and summer months related to vacation travel, followed closely by the fall season due to holiday travel. Global events, such as COVID-19, greatly decreased miles traveled and in turn, the demand for ethanol. Consumer demand for gasoline may be impacted by various transportation trends, such as widespread adoption of electric vehicles. Numerous automakers have announced plans to phase out the production of gasoline and diesel powered vehicles by the mid-2030s. These announcements coincide with pledges to ban the sale of internal combustion engines in countries such as Japan and the United Kingdom by 2035, as well as a statewide ban in California, which several states are imitating. If realized, these bans would accelerate the decline of liquid fuel demand for surface transportation. The EPA has proposed CAFE standards which would require aggressive EV deployment by Original Equipment Manufacturers (OEMs). We are closely monitoring legislation and regulation that may impact the future sales of electric vehicles as well as vehicles with internal combustion engines in various states and around the world.

Our business is directly affected by the supply and demand for fuels in the markets served by our assets. Reduced demand for fuel, regardless of cause, may erode our margins and reduce our ability to generate revenue and operate profitably.

***Business disruptions due to unforeseen operational failures or factors outside of our control could impact our ability to fulfill contractual obligations.***

Natural disasters, pandemics, transportation issues, significant track damage resulting from a train derailment, aging equipment breakdowns, coupled with supply chain challenges impacting repairs or replacements, or labor strikes by transportation providers could adversely impact operations. Shifts in global markets, supply or demand changes, as well as adverse weather conditions, could impact the supply and demand of fuel. If we are unable to meet customer demands, we could potentially lose customers or volume with such customers.

***We may be adversely affected by environmental, health and safety laws, regulations and liabilities, and which may not be adequately covered by insurance.***

We are subject to various federal, state and local environmental laws and regulations, including those relating to the discharge of materials into the air, water and ground; the generation, storage, handling, use, transportation and disposal of hazardous materials and wastes; and the health and safety of our employees. In addition, some of these laws and regulations require us to operate under permits that are subject to renewal or modification. These laws, regulations and permits often require expensive pollution control equipment or operational changes to limit actual or potential impacts to the environment. A violation of these laws and regulations or permit conditions may result in substantial fines, natural resource damages, criminal sanctions, permit revocations and/or production facility shutdowns. In addition, we have made, and expect to make, significant capital expenditures on an ongoing basis to comply with increasingly stringent environmental laws, regulations and permits.

New laws, new interpretations of existing laws, increased governmental enforcement of environmental laws or other developments could require us to make significant additional expenditures. Continued government and public emphasis on environmental issues will likely result in increased future investments for environmental controls at our facilities. Present and future environmental laws and regulations, and interpretations of those laws and regulations, applicable to our operations, more vigorous enforcement policies and discovery of currently unknown conditions may require substantial expenditures that could have a material adverse effect on our results of operations and financial condition.

The hazards and risks associated with producing fuel additives may also result in personal injury claims or damage to property and third parties. As protection against operating hazards, we may maintain insurance coverage against some, but not all, potential losses. However, we could sustain losses for uninsurable or uninsured risks, or in amounts in excess of existing insurance coverages. Events that result in significant personal injury or damage to our property or third parties or other losses that are not fully covered by insurance could have a material adverse effect on our results of operations and financial condition.

***We may face substantial delays in obtaining regulatory approvals for use of our carbon-based fuel additive in the fuel markets, which could substantially hinder our ability to commercialize our products.***

Large-scale commercialization of our carbon-based fuel additive may require approvals from state and federal agencies. Some states require that fuels meet certification requirements and other standards. Any delay in receiving approval will slow or prevent the commercialization of our carbon-based fuel additive products for fuel markets, which could have a material adverse effect on our business, financial condition and results of operations.

## **Risks Related to the Offering**

***State and federal securities laws are complex, and the Issuer could potentially be found to have not complied with all relevant state and federal securities law in prior offerings of securities.***

The Issuer has conducted previous offerings of securities and may not have complied with all relevant state and federal securities laws. If a court or regulatory body with the required jurisdiction ever concluded that the Issuer may have violated state or federal securities laws, any such violation could result in the Issuer being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Issuer would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Issuer will, if it is required to offer such investors a rescission right,

have sufficient funds to pay the prior investors the amounts required or that proceeds from this Offering would not be used to pay such amounts.

In addition, if the Issuer violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Issuer which, among other things, could result in the Issuer having to pay substantial fines and be prohibited from selling securities in the future.

***The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.***

You should not rely on the fact that our Form C/A is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C/A, nor any document or literature related to this Offering.

***Neither the Offering nor the Securities have been registered under federal or state securities laws.***

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C/A and the accompanying exhibits.

***The Issuer's management may have broad discretion in how the Issuer uses the net proceeds of the Offering.***

Unless the Issuer has agreed to a specific use of the proceeds from the Offering, the Issuer's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

***The Intermediary Fees paid by the Issuer are subject to change depending on the success of the Offering.***

At the conclusion of the Offering, the Issuer shall pay the Intermediary the greater of (A) a fee of seven percent (7%) of the dollar amount raised in the Offering and (B) a cash fee of twelve thousand dollars (\$12,000).

The compensation paid by the Issuer to the Intermediary may impact how the Issuer uses the net proceeds of the Offering.

***The Issuer has the right to limit individual Investor commitment amounts based on the Issuer's determination of an Investor's sophistication.***

The Issuer may prevent any Investor from committing more than a certain amount in this Offering based on the Issuer's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Issuer's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Issuer's determination.

***The Issuer has the right to extend the Offering Deadline.***

The Issuer may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Issuer attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Issuer extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Issuer receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Issuer receives the Target Offering Amount, at which time it will be released to the Issuer to be used as set forth herein. Upon or shortly after the release of such funds to the Issuer, the Securities will be issued and distributed to you.

***The Issuer may also end the Offering early.***

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Issuer can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Issuer may limit the amount of capital it can raise during the Offering by ending the Offering early.

***The Issuer has the right to conduct multiple closings during the Offering.***

If the Issuer meets certain terms and conditions, an intermediate close (also known as a rolling close) of the Offering can occur, which will allow the Issuer to draw down on seventy percent (70%) of Investor proceeds committed and captured in the Offering during the relevant period. The Issuer may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

**Risks Related to the Securities**

***Investors will not have voting rights, even upon conversion of the Securities and will grant a third-party nominee broad power and authority to act on their behalf.***

In connection with investing in this Offering to purchase a Crowd SAFE ((Simple Agreement for Future Equity) investors will designate Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (the “Nominee”) to act on their behalf as agent and proxy in all respects. The Nominee will be entitled, among other things, to exercise any voting rights (if any) conferred upon the holder of the Securities or any securities acquired upon their conversion, to execute on behalf of an investor all transaction documents related to the transaction or other corporate event causing the conversion of the Securities, and as part of the conversion process the Nominee has the authority to open an account in the name of a qualified custodian, of the Nominee’s sole discretion, to take custody of any securities acquired upon conversion of the Securities. Thus, by participating in the Offering, investors will grant broad discretion to a third party (the Nominee and its agents) to take various actions on their behalf, and investors will essentially not be able to vote upon matters related to the governance and affairs of the Issuer nor take or effect actions that might otherwise be available to holders of the Securities and any securities acquired upon their conversion. Investors should not participate in the Offering unless he, she or it is willing to waive or assign certain rights that might otherwise be afforded to a holder of the Securities to the Nominee and grant broad authority to the Nominee to take certain actions on behalf of the investor, including changing title to the Security.\

***The Securities will not be freely tradable under the Securities Act until one year from when the securities are issued. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.***

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Issuer. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distribute, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the Terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services.

***Investors will not become equity holders until the Issuer decides to convert the Securities or until there is a change of control or sale of substantially all of the Issuer’s assets. The Investor may never directly hold equity in the Issuer.***

Investors will not have an ownership claim to the Issuer or to any of its assets or revenues for an indefinite amount of time and depending on when and how the Securities are converted, the Investors may never become equity holders of the Issuer. Investors will not become equity holders of the Issuer unless the Issuer receives a future round of financing great enough to trigger a conversion and the Issuer elects to convert the Securities. The Issuer is under no obligation to convert the Securities. In certain instances, such as a sale of the Issuer or substantially all of its assets, an initial public offering or a dissolution or bankruptcy, the Investors may only have a right to receive cash, to the extent available, rather than equity in the Issuer. Further, the Investor may never become an equity holder, merely a beneficial owner of an equity interest, should the Issuer or the Nominee decide to move the Crowd SAFE or the securities issuable thereto into a custodial relationship.

***Investors will not have voting rights, even upon conversion of the Securities.***

Investors will not have the right to vote upon matters of the Issuer even if and when their Securities are converted (the occurrence of which cannot be guaranteed). Under the terms of the Securities, a third-party designated by the Issuer will exercise voting control over the Securities. Upon conversion, the Securities will **continue** to be voted in line with the designee identified or pursuant to a voting agreement related to the equity securities the Security is converted into. For example, if the Securities are converted in connection with an offering of Series B Preferred Stock, Investors would directly or beneficially receive securities in the form of shares of Series B-CF Preferred Stock and such shares would be required to be subject to the terms of the Securities that allows a designee to vote their shares of Series B-CF Preferred Stock consistent with the terms of the Security. Thus, Investors will essentially never be able to vote upon any matters of the Issuer unless otherwise provided for by the Issuer.

***Investors will not be entitled to any inspection or information rights other than those required by law.***

Investors will not have the right to inspect the books and records of the Issuer or to receive financial or other information from the Issuer, other than as required by law. Other security holders of the Issuer may have such rights. Regulation CF requires only the provision of an annual report on Form C/A and no additional information. Additionally, there are numerous methods by which the Issuer can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Issuer such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

***Investors will be unable to declare the Security in “default” and demand repayment.***

Unlike convertible notes and some other securities, the Securities do not have any “default” provisions upon which Investors will be able to demand repayment of their investment. The Issuer has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Issuer.

***The Issuer may never elect to convert the Securities or undergo a liquidity event and Investors may have to hold the Securities indefinitely.***

The Issuer may never conduct a future equity financing or elect to convert the Securities if such future equity financing does occur. In addition, the Issuer may never undergo a liquidity event such as a sale of the Issuer or an initial public offering. If neither the conversion of the Securities nor a liquidity event occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. If a transfer, resale, assignment or distribution of the Security should occur prior to the conversion of the Security or after, if the Security is still held by the original purchaser directly, the transferee, purchaser, assignee or distributee, as relevant, will be required to sign a new Nominee Rider (as defined in the Security) and provide personally identifiable information to the Nominee sufficient to establish a custodial account at a later date and time. Under the terms of the Securities, the Nominee has the right to place shares received from the conversion of the Security into a custodial relationship with a qualified third party and have said Nominee be listed as the holder of record. In this case, Investors will only have a beneficial interest in the equity securities derived from the Securities, not legal ownership, which may make their resale more difficult as it will require coordination with the custodian and Republic Investment Services. The Securities are not equity interests, have no ownership rights, have no rights to the Issuer’s assets or profits and have no voting rights or ability to direct the Issuer or its actions.

***Any equity securities acquired upon conversion of the Securities may be significantly diluted as a consequence of subsequent equity financings.***

The Issuer's equity securities will be subject to dilution. The Issuer intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities resulting from the conversion of the Securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor's control and economic interests in the Issuer.

The amount of additional financing needed by the Issuer will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Issuer with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Issuer's needs, the Issuer may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Issuer. There can be no assurance that the Issuer will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

***Any equity securities issued upon conversion of the Securities may be substantially different from other equity securities offered or issued by the Issuer at the time of conversion.***

In the event the Issuer decides to exercise the conversion right, the Issuer will convert the Securities into equity securities that are materially different from the equity securities being issued to new investors at the time of conversion in many ways, including, but not limited to, liquidation preferences, dividend rights, or anti-dilution protection. Additionally, any equity securities issued at the First Equity Financing Price (as defined in the Crowd SAFE agreement) shall have only such preferences, rights, and protections in proportion to the First Equity Financing Price and not in proportion to the price per share paid by new investors receiving the equity securities. Upon conversion of the Securities, the Issuer may not provide the holders of such Securities with the same rights, preferences, protections, and other benefits or privileges provided to other investors of the Issuer.

The forgoing paragraph is only a summary of a portion of the conversion feature of the Securities; it is not intended to be complete, and is qualified in its entirety by reference to the full text of the Crowd SAFE agreement, which is attached as [Exhibit B](#).

***There is no present market for the Securities and we have arbitrarily set the price.***

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our asset value, net worth, revenues or other established criteria of value. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

***In the event of the dissolution or bankruptcy of the Issuer, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.***

In the event of the dissolution or bankruptcy of the Issuer, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors and more senior security holders, including any holders of preferred stock, have been paid in full. No holders of any of the Securities can be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Issuer.

***While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Issuer does not have sufficient cash on hand, this obligation may not be fulfilled.***

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Issuer does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

*There is no guarantee of a return on an Investor's investment.*

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C/A and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

**IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C/A, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.**

## BUSINESS

### Description of the Business

FuelGems, Inc. is a company that provides the most advanced and powerful multi-action fuel additive on the market.

### Business Plan

Our revolutionary, powerful, proprietary fuel additive for gasoline, diesel and biofuel, has a high prospective client growth.

One gram of our advanced material treats 265 gallons of fuel. At such a small treatment rate the additive can be added at wholesale level allowing refineries, gas stations and terminals to treat all their fuel while passing the cost to consumers, without consumers noticing. In other words, any company that utilizes this additive will have the cleanest and most efficient fuel on the market. The driving experience greatly increases with FuelGems fuel additive due to smoother running engine and increased power. Drivers will not only save money, have a less pollutive car, but also enjoy an improved driving experience.

The versatility, cheap price and incredibly powerful effects would allow FuelGems to be added to fuel on a wholesale level by terminals or Oil and Gas companies to treat vast amount of fuel. There are 700 refineries, bringing several of these on board as clients would capture huge market share and very quickly.

We intent to sell our fuel additive to fleets and later to individual drivers. We intend to outsource production and license the technology.

### The Issuer's Products and/or Services

Product / Service	Description	Current Market
Fuel additive	Our fuel additive increases gas mileage by up to 35%, increases lubrication, and decreases dangerous emissions by up to 49.5%. Technology is 800x to 20,000x more effective than competing fuel additives. A tiny amount of one gram of environmentally friendly carbon nanoparticles, which burn up inside the engine, treat 265 gallons of either gasoline, diesel or ethanol.	We believe our market is any IC engine that uses fuel, which is over \$3.5 trillion globally.

### Customer Base

While the global fuel market is about \$3.5 trillion, our primary two markets of focus are corporate fleets/logistics operators and fuel distributors/Oil and Gas companies. The corporate fleet market includes small fleets of 2+ vehicles to thousands of vehicles. These segments include medium and large trucks used for delivery and transport of freight and farming vehicles. We researched there are over 2 million semi-trucks in US. We estimate the corporate fleet and logistics fuel market to be \$400+bn worldwide. The growth of this market is modest, at under 3%, FuelGems growth would be very aggressive once the customers learn about the product and use it. The growth would be fueled by the need to save money. Fuel distributors and Oil and Gas companies control billions of gallons of fuel sold. There are about 700 refineries world-wide. Capturing a small portion of this market would ensure major success.

## FINANCIAL INFORMATION

Please see the financial information listed on the cover page of this Form C/A and attached hereto in addition to the following information. Financial statements are attached hereto as Exhibit A.

### Cash and Cash Equivalents

As of March 31, 2024 the Issuer had an aggregate of \$205,458.04 in cash and cash equivalents, leaving the Issuer with approximately 12 months of runway. Runway is calculated by dividing cash-on-hand by average monthly net loss (if any).

### Liquidity and Capital Resources

The proceeds from the Offering are essential to our operations. We plan to use the proceeds as set forth above under the section titled “*Use of Proceeds*”, which is an indispensable element of our business strategy.

### Capital Expenditures and Other Obligations

The Issuer does not intend to make any material capital expenditures in the near future.

### Valuation

Although the Securities provide certain terms, which may include a valuation cap, the Intermediary has ascribed no pre-Offering valuation to the Issuer; the Securities are priced arbitrarily and the Issuer makes no representations as to the reasonableness of any specified valuation cap.

### *Trends and Uncertainties*

After reviewing the above discussion of the steps the Issuer intends to take, potential Investors should consider whether achievement of each step within the estimated time frame will be realistic in their judgment. Potential Investors should also assess the consequences to the Issuer of any delays in taking these steps and whether the Issuer will need additional financing to accomplish them.

Please see the financial statements attached as Exhibit A for subsequent events and applicable disclosures.

### Material Changes and Other Information

FuelGems, Inc. is filing this material Form C/A to (i) extend the Offering Deadline from April 30, 2024 to July 26, 2024, (ii) as part of the extension, update the cash on hand from \$264,126.90 as of October 31, 2023 to \$205,458.04 as of March 31, 2024, (iii) update the Issuer’s financial statements, (iv) decrease the Maximum Offering Amount from \$3,000,000 to \$1,000,000, and (v) update the “Valuation Cap” in the Instrument. The Form C filed by the Issuer on January 2, 2024, is hereby amended and superseded in all respects by this Form C/A.

#### TRANSACTIONS WITH RELATED PERSONS AND CONFLICTS OF INTEREST

From time to time the Issuer may engage in transactions with related persons. Related persons are defined as any director or officer of the Issuer; any person who is the beneficial owner of twenty percent (20%) or more of the Issuer’s outstanding voting equity securities, calculated on the basis of voting power; any promoter of the Issuer; any immediate family member of any of the foregoing persons or an entity controlled by any such person or persons. Additionally, the Issuer will disclose here any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, to which the issuer was or is to be a party and the amount involved exceeds five percent (5%) of the aggregate amount of capital raised by the issuer in reliance on section 4(a)(6), including the Target Offering Amount of this Offering, and the counter party is either (i) any director or officer of the issuer; (ii) any person who is, as of the most recent practicable date but no earlier than 120 days prior to the date the offering statement or report is filed, the beneficial owner of twenty percent (20%) or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power; (iii) if the issuer was incorporated or organized within the past three years, any promoter of the issuer; or (iv) any member of the family of any of the foregoing persons, which includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, and shall include adoptive relationships. The term *spousal equivalent* means a cohabitant occupying a relationship generally equivalent to that of a spouse.

The Issuer has conducted the following transactions with related persons:

- Before and after the inception of the Issuer, Kirill Gichunts used his own debit card to pay for the Issuer's recurring operational items such as e-mail hosting, website hosting, cloud storage, and certain sales and marketing tools. The total sum of these transactions is \$42,500. The items are interest rate free.
- On March 29, 2021, the Issuer entered into a Restricted Stock Purchase Agreement with Kirill Gichunts under which the Issuer sold, and Kirill Gichunts purchased, 3,550,000 shares of common stock at a per share purchase price of \$0.0001, for an aggregate purchase price of \$355.00, and the Issuer also entered into a certain technology assignment agreement with him.

Financial Statements and Independent Auditor's Report

For the calendar years ended December 31, 2023 and 2022

## INDEPENDENT AUDITOR'S REPORT

April 15, 2024

To: Board of Directors, FUELGEMS, INC.

Re: 2023 and 2022 Financial Statement Audit

We have audited the accompanying financial statements of FUELGEMS, INC. (a corporation organized in Delaware) (the "Company"), which comprise the balance sheets as of December 31, 2023 and 2022, and the related statements of operations, stockholders' equity/deficit, and cash flows for the calendar years thus ended, and the related notes to the financial statements.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit of the Company's financial statements in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion.

An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of its operations, shareholders' equity/deficit and cash flows for the calendar years 2023 and 2022 in accordance with accounting principles generally accepted in the United States of America.

**Going Concern**

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in the Notes to the financial statements, the Company has suffered recurring losses from operations and has a net capital deficiency that raise substantial doubt about its ability to continue as a going concern. Management's evaluation of the events and conditions and management's plans regarding these matters are also described in the Notes to the financial statements. The financial statements do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

Sincerely,

IndigoSpire CPA Group

**Calendar years ended December 31, 2023 and 2022**  
**See accompanying Independent Auditor's Report**

**NOTE 1 - NATURE OF OPERATIONS**

FUELGEMS, INC. ("the Company") is a corporation organized under the laws of the State of Delaware on March 14, 2019. The Company has invented an incredibly powerful new fuel additive that skyrockets the cleanness and performance of Gasoline, Diesel and Bio-fuel. A micro dose of 1 to 5 grams of this advanced material is needed to treat 260 gallons of fuel (1,000 liters). This proprietary and patented additive slashes greenhouse gas and dangerous emissions by up to 50%, increases lubrication and conserves precious fuel by up to 9%.

Since Inception, the Company has relied on funds from related party notes, SAFE obligations and common stock issued to fund its operations. As of December 31, 2023, the Company will likely incur losses prior to generating positive working capital. These matters raise substantial concern about the Company's ability to continue as a going concern. As of December 31, 2023, the Company is still mostly in the developmental process, with very limited revenue. The Company's ability to continue as a going concern is dependent on the Company's ability to raise short term capital, as well as the Company's ability to generate funds through revenue producing activities.

**NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

*Basis of Presentation*

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("GAAP"). In the opinion of management, all adjustments considered necessary for the fair presentation of the financial statements for the years presented have been included.

*Use of Estimates*

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates.

*Risks and Uncertainties*

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include: recession, downturn or otherwise, changes in regulations or restrictions in imports, competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

*Cash and Cash Equivalents*

The Company considers short-term, highly liquid investments with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists of funds held in the Company's checking account. The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits. As of December 31, 2023 and 2022, the Company had \$222,544 and 366,652 cash on hand, respectively. The Company held no cash equivalents as of December 31, 2023.

*Receivables and Credit Policy*

Trade receivables from customers are uncollateralized customer obligations due under normal trade terms, primarily requiring payment before services are rendered. Trade receivables are stated at the amount billed to the customer. Payments of trade receivables are allocated to the specific invoices identified on the customer's remittance advice or, if unspecified, are applied to the earliest unpaid invoice. The Company, routinely assesses its outstanding accounts. At this time, the Company has not yet earned revenue or extended credit to customers.

#### *Property and Equipment and Intangible Assets*

Property and equipment are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are expensed as incurred. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the balance sheet accounts and the resultant gain or loss is reflected in income.

Depreciation is provided using the straight-line method, based on useful lives of the assets which range from three to fifteen years depending on the asset type.

The Company reviews the carrying value of assets for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. As of December 31, 2023 and 2022, the Company maintained a net book value of long-lived assets of \$172,447 and \$188,465, respectively.

#### *Fair Value Measurements*

The Company has determined the fair value of certain assets and liabilities in accordance with United States GAAP, which provides a framework for measuring fair value.

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs.

A fair value hierarchy has been established, which prioritizes the valuation inputs into three broad levels. Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability.

#### *Income Taxes*

The Company is taxed as a C corporation. The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in a company's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position.

The Company has incurred taxable losses since inception but is current in its tax filing obligations. The Company is not presently subject to any income tax audit in any taxing jurisdiction.

#### *Revenue Recognition*

The Company adopted ASC 606, Revenue from Contracts with Customers, as of January 1, 2019 (the "transition date") using the full retrospective method. There was no transition adjustment recorded upon the adoption of ASC 606. Under ASC 606, revenue is recognized when a customer obtains control of promised goods or services, in an amount that reflects the consideration which the entity expects to receive in exchange for those goods or services.

To determine revenue recognition for arrangements that an entity determines are within the scope of ASC 606, the Company performs the following steps: (i) identify the contract(s) with a customer, (ii) identify the performance obligations in the contract, (iii) determine the transaction price, (iv) allocate the transaction price to the performance obligations in the contract and (v) recognize revenue when (or as) the entity satisfies a performance obligation. At contract inception, once the contract is determined to be within the scope of ASC 606, the Company assesses the goods or services promised within each contract and determines those that are performance obligations and assesses whether each promised good or service is distinct. The Company then recognizes as revenue the amount of the transaction price that is allocated to the respective performance obligation when (or as) the performance obligation is satisfied.

The company has recognized just \$5,000 of revenue. When fully commercialized, the Company anticipates earning revenue by the sale and license of its proprietary technology.

#### *Sales and Marketing Expenses*

The Company expenses advertising costs as they are incurred.

#### *Organizational Costs*

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fees, and costs of incorporation are expensed as incurred.

#### *Recent Accounting Pronouncements*

In February 2017, FASB issued ASU No. 2017-02, "Leases (Topic 842)," that requires organizations that lease assets, referred to as "lessees," to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2017-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The Company is currently evaluating the effect that the updated standard will have on its financial statements and related disclosures. The Company will adopt this standard after required to and when applicable to the Company.

In May 2018, FASB issued ASU 2018-09, "Compensation- Stock Compensation (Topic 718): Scope of Modification Accounting", clarifies such that an entity must apply modification accounting to changes in the terms or conditions of a share-based payment award unless all of the following criteria are met: (1) the fair value of the modified award is the same as the fair value of the original award immediately before the modification. The ASU indicates that if the modification does not affect any of the inputs to the valuation technique used to value the award, the entity is not required to estimate the value immediately before and after the modification; (2) the vesting conditions of the modified award are the same as the vesting conditions of the original award immediately before the modification; and (3) the classification of the modified award as an equity instrument or a liability instrument is the same as the classification of the original award immediately before the modification. The ASU is effective for all entities for fiscal years beginning after December 15, 2018, including interim periods within those years. Early adoption is permitted, including adoption in an interim period. The Company is currently evaluating the impact that this standard will have on our consolidated financial statements and will adopt this change when applicable to the Company.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to the Company, or (iv) are not expected to have a material impact the Company's financial statements.

### **NOTE 3 – INCOME TAX PROVISION**

As discussed above, the Company is a C corporation for federal income tax purposes. The Company has incurred tax losses since inception, however valuation allowances has been established against the deferred tax assets associated with the carryforwards of those losses as there does not yet exist evidence that the deferred tax assets created by those losses will ever be utilized.

Tax returns once filed which will remain subject to examination by the Internal Revenue Service under the statute of limitations for a period of three years from the date it is filed.

#### **NOTE 4 – SHARE CAPITAL**

##### *Common Shares*

The Company's articles of incorporation the Company is authorized to issue 10,000,000 shares of 0.0001 par value Common Stock. Founders, management, and other strategic investors have also been issued shares.

#### **NOTE 5 – SAFE INSTRUMENTS**

##### *SAFE Issuances*

During 2020, the Company issued Notes payable in connection with its equity crowdfunding campaign ("Crowd Notes"). The Crowd Notes are similar to simple agreements for future equity ("SAFEs"), have no maturity date and bear no interest. The Crowd Notes provide a right to the holder to future equity in the Company in the form of Company Preferred Stock in certain equity financing or corporate transaction events. In the crowdfunding campaign, a large portion of the SAFEs were issued with 20 percent discount and \$4.5mm valuation cap conversion features. The remainder of the SAFEs were issued with 20 percent discount and \$8.5mm valuation cap conversion features.

Additionally, the Company issued SAFE instruments in conjunction with an exempt offering under Regulation D. These SAFEs were issued with a 20 percent discount and \$8.5mm valuation cap conversion features.

The Company incurred costs in association with the crowdfunding offering. Those costs have been recorded against equity raised.

The Company accounts for the SAFE instruments under ASC 480 (Distinguishing Liabilities from Equity), which requires that they be recorded at fair value as of the balance sheet date. Any changes in fair value are to be recorded in the statement of income. The Company has determined that the fair value at the date of issuance, and as of December 31, 2023 are both consistent with the proceeds received at issuance, and therefore there is no mark-to-market fair value adjustments required or reflected in income for the year ended December 31, 2023. During 2022, the Company issued an additional \$826,984 in SAFE instruments.

##### *Equity Incentive*

Under the Operating Agreement, the Company can issue compensatory equity interests to employees, contractors, and advisors. Two hundred and seventy-five thousand (275,000) shares of common stock is reserved for equity incentives. These shares typically vest over 48 months. As of December 31, 2023, no shares have been issued under this Plan.

#### **NOTE 6 – COMMITMENTS AND CONTINGENCIES**

##### *Legal Matters*

The Company is not currently involved in or aware of threats of any litigation.

#### **NOTE 7 – RELATED PARTY TRANSACTIONS**

The Company, from time to time, may engage in related party transactions including the \$42,501 of related party, interest-free loans payable as of December 31, 2023. At this time, as these transactions would be between related parties, there is no guarantee that the terms, conditions, interest rates or prices are transacted at an arm's-length rate.

## **NOTE 8 – SUBSEQUENT EVENTS**

### *Management's Evaluation*

Management has evaluated subsequent events through April 15, 2024, the date the financial statements were available to be issued. As discussed above, the Company continues to offer securities under the Regulation CF campaign hosted by on a FINRA approved Regulation CF portal.

Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

THE ISSUER RESERVES THE RIGHT TO DENY THE PURCHASE OF THE SECURITIES BY ANY FOREIGN PURCHASER.

**FUELGEMS, INC.**

**Crowd SAFE  
(Crowdfunding Simple Agreement for Future Equity)**

**Series 2023**

THIS CERTIFIES THAT in exchange for the payment by [Investor Name] (the “Investor”, and together with all other Series 2023 Crowd SAFE holders, “Investors”) of \$[ ] (the “Purchase Amount”) on or about [Date of Crowd SAFE], FuelGems, Inc., a Delaware corporation (the “Issuer”), hereby issues to the Investor the right to certain shares of the Issuer’s Capital Stock (defined below), subject to the terms set forth below.

The “Valuation Cap” is \$13,000,000 for each investor who invests during the first tranche of the Offering, which includes the initial subscriptions amounting up to and including a sum of \$800,000.00 USD (“Early Investors”) and \$17,500,000 for each investor who invests during the second tranche of the Offering, which includes all subscriptions from \$800,000.01 USD to \$1,000,000.00 USD (“Standard Investors”).

See Section 2 for certain additional defined terms.

**1. Events**

(a) **Equity Financing.**

(i) If an Equity Financing occurs before this instrument terminates in accordance with Sections 1(b)-(d) (“First Equity Financing”), the Issuer shall promptly notify the Investor of the closing of the First Equity Financing and of the Issuer’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Purchase Amount to Capital Stock; or (2) issue to the Investor a number of shares of the Capital Stock (whether Preferred Stock or another class issued by the Issuer) sold in the First Equity Financing. The number of shares of Capital Stock shall equal the quotient obtained by dividing (x) the Purchase Amount by (y) the **First Equity Financing Price** (as defined below).

(ii) If the Issuer elects to continue the term of this Crowd SAFE past the First Equity Financing and another Equity Financing occurs before the termination of this Crowd SAFE in accordance with Sections 1(b)-(d) (each, a “**Subsequent Equity Financing**”), the Issuer shall promptly notify the Investor of the closing of the Subsequent Equity Financing and of the Issuer’s discretionary decision to either (1) continue the term of this Crowd SAFE without converting the Investor’s Purchase Amount to Capital Stock; or (2) issue to the Investor a number of shares of Capital Stock (whether Preferred Stock or another class issued by the Issuer) sold in the Subsequent Equity Financing. The number of shares of such Capital Stock shall equal to the quotient obtained by dividing (x) the Purchase Amount by (y) the First Equity Financing Price.

(b) **Liquidity Event.**

(i) If there is a Liquidity Event before the termination of this instrument and before any Equity Financing, the Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Issuer a number of shares of Common Stock equal to the Purchase Amount (or a lesser amount as described below) divided by the Liquidity Price.

(ii) If there is a Liquidity Event before the termination of this instrument but after one or more Equity Financings have occurred, each Investor must select, at its option, within thirty (30) days of receiving notice (whether actual or constructive), either (1) to receive a cash payment equal to the Purchase Amount (or a lesser amount as described below) or (2) to receive from the Issuer a number of shares of the most recent issued Capital Stock (whether Preferred Stock or another class issued by the Issuer) equal to the Purchase Amount divided by the First Equity Financing Price. Shares of Capital Stock granted in connection therewith shall have the same liquidation rights and preferences as the shares of Capital Stock issued in connection with the Issuer’s most recent Equity Financing.

(iii) If there are not enough funds to pay the Investor and holders of other Crowd SAFEs (collectively, the “**Cash-Out Investors**”) in full, then all of the Issuer’s available funds will be distributed with equal priority and pro rata among the Cash-Out Investors in proportion to their Purchase Amounts. In connection with this Section 1(b), the Purchase Amount (or a lesser amount as described below) will be due and payable by the Issuer to the Investor immediately prior to, or concurrent with, the consummation of the Liquidity Event.

Notwithstanding Section 1(b)(i)(2) or Section 1(b)(ii)(2), if the Issuer’s board of directors determines in good faith that delivery of Capital Stock to the Investor pursuant to Section 1(b)(i)(2) or Section 1(b)(ii)(2) would violate applicable law, rule or regulation, then the Issuer shall deliver to Investor in lieu thereof, a cash payment equal to the fair market value of such Capital Stock, as determined in good faith by the Issuer’s board of directors.

(c) **Dissolution Event.** If there is a Dissolution Event (defined below) before this instrument terminates in accordance with Section 1(a) or Section 1(b), subject to the preferences applicable to any series of Preferred Stock, the Issuer will distribute its entire assets legally available for distribution with equal priority among the (i) Investors (on an as converted basis based on a valuation of Common Stock as determined in good faith by the Issuer’s board of directors at the time of Dissolution Event), (ii) all other holders of instruments sharing in the assets of the Issuer at the same priority as holders of Common Stock upon a Dissolution Event and (iii) and all holders of Common Stock.

(d) **Termination.** This instrument will terminate (without relieving the Issuer or the Investor of any obligations arising from a prior breach of or non-compliance with this instrument) upon the earlier

to occur: (i) the issuance of Capital Stock to the Investor pursuant to Section 1(a) or Section 1(b); or (ii) the payment, or setting aside for payment, of amounts due to the Investor pursuant to Section 1(b) or Section 1(c).

## 2. *Definitions*

“**Capital Stock**” means the capital stock of the Issuer, including, without limitation, Common Stock and Preferred Stock.

“**Change of Control**” means (i) a transaction or series of related transactions in which any “person” or “group” (within the meaning of Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended), becomes the “beneficial owner” (as defined in Rule 13d-3 under the Securities Exchange Act of 1934, as amended), directly or indirectly, of more than 50% of the outstanding voting securities of the Issuer having the right to vote for the election of members of the Issuer’s board of directors, (ii) any reorganization, merger or consolidation of the Issuer, other than a transaction or series of related transactions in which the holders of the voting securities of the Issuer outstanding immediately prior to such transaction or series of related transactions retain, immediately after such transaction or series of related transactions, at least a majority of the total voting power represented by the outstanding voting securities of the Issuer or such other surviving or resulting entity or (iii) a sale, lease or other disposition of all or substantially all of the assets of the Issuer.

“**Common Stock**” means common stock, par value \$0.0001 per share, of the Issuer.

“**Dissolution Event**” means (i) a voluntary termination of operations, (ii) a general assignment for the benefit of the Issuer’s creditors, (iii) the commencement of a case (whether voluntary or involuntary) seeking relief under Title 11 of the United States Code (the “Bankruptcy Code”), or (iv) any other liquidation, dissolution or winding up of the Issuer (excluding a Liquidity Event), whether voluntary or involuntary.

“**Equity Financing**” shall mean the next sale (or series of related sales) by the Issuer of its Capital Stock to one or more third parties following the date of this instrument from which the Issuer receives gross proceeds of not less than \$200,000 cash or cash equivalent (excluding the conversion of any instruments convertible into or exercisable or exchangeable for Capital Stock, such as SAFEs or convertible promissory notes) with the principal purpose of raising capital.

“**Equity Securities**” shall mean Common Stock or Preferred Stock or any securities convertible into, exchangeable for or conferring the right to purchase (with or without additional consideration) Common Stock or Preferred Stock, except in each case, (i) any security granted, issued and/or sold by the Issuer to any director, officer, employee, advisor or consultant of the Issuer in such capacity for the primary purpose of soliciting or retaining his, her or its services, (ii) any convertible promissory notes issued by the Issuer, and (iii) any SAFEs issued.

“**First Equity Financing Price**” shall mean (x) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is less than or equal to the Valuation Cap, the lowest price per share of the Equity Securities sold in the First Equity Financing or (y) if the pre-money valuation of the Issuer immediately prior to the First Equity Financing is greater than the Valuation Cap, the SAFE Price.

“**Fully Diluted Capitalization**” shall mean the aggregate number, as of immediately prior to the First Equity Financing, of issued and outstanding shares of Capital Stock, assuming full conversion or exercise of all convertible and exercisable securities then outstanding, including shares of convertible

Preferred Stock and all outstanding vested or unvested options or warrants to purchase Capital Stock, but excluding (i) the issuance of all shares of Capital Stock reserved and available for future issuance under any of the Issuer's existing equity incentive plans, (ii) convertible promissory notes issued by the Issuer, (iii) any SAFEs, and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

**“Intermediary”** means OpenDeal Portal LLC, a registered securities crowdfunding portal CRD#283874, or a qualified successor.

**“IPO”** means: (A) the completion of an underwritten initial public offering of Capital Stock by the Issuer pursuant to: (I) a final prospectus for which a receipt is issued by a securities commission of the United States or of a province of Canada, or (II) a registration statement which has been filed with the United States Securities and Exchange Commission and is declared effective to enable the sale of Capital Stock by the Issuer to the public, which in each case results in such equity securities being listed and posted for trading or quoted on a recognized exchange; (B) the Issuer's initial listing of its Capital Stock (other than shares of Capital Stock not eligible for resale under Rule 144 under the Securities Act) on a national securities exchange by means of an effective registration statement on Form S-1 filed by the Issuer with the SEC that registers shares of existing capital stock of the Issuer for resale, as approved by the Issuer's board of directors, where such listing shall not be deemed to be an underwritten offering and shall not involve any underwriting services; or (C) the completion of a reverse merger or take-over whereby an entity (I) whose securities are listed and posted for trading or quoted on a recognized exchange, or (II) is a reporting issuer in the United States or the equivalent in any foreign jurisdiction, acquires all of the issued and outstanding Capital Stock of the Issuer.

**“Liquidity Capitalization”** means the number, as of immediately prior to the Liquidity Event, of shares of the Issuer's capital stock (on an as-converted basis) outstanding, assuming exercise or conversion of all outstanding vested and unvested options, warrants and other convertible securities, but excluding: (i) shares of Capital Stock reserved and available for future grant under any equity incentive or similar plan; (ii) any SAFEs; (iii) convertible promissory notes; and (iv) any equity securities that are issuable upon conversion of any outstanding convertible promissory notes or SAFEs.

**“Liquidity Event”** means a Change of Control or an IPO.

**“Liquidity Price”** means the price per share equal to (x) the Valuation Cap divided by (y) the Liquidity Capitalization.

**“Lock-up Period”** means the period commencing on the date of the final prospectus relating to the Issuer's IPO, and ending on the date specified by the Issuer and the managing underwriter(s). Such period shall not exceed one hundred eighty (180) days, or such other period as may be requested by the Issuer or an underwriter to accommodate regulatory restrictions on (i) the publication or other distribution of research reports, and (ii) analyst recommendations and opinions.

**“Preferred Stock”** means the preferred stock of the Issuer.

**“Regulation CF”** means Regulation Crowdfunding promulgated under the Securities Act.

**“SAFE”** means any simple agreement for future equity (or other similar agreement), including a Crowd SAFE, which is issued by the Issuer for bona fide financing purposes and which may convert into Capital Stock in accordance with its terms.

“SAFE Price” means the price per share equal to (x) the Valuation Cap divided by (y) the Fully Diluted Capitalization.

### 3. *Issuer Representations*

(a) The Issuer is a corporation duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the power and authority to own, lease and operate its properties and carry on its business as now conducted.

(b) The execution, delivery and performance by the Issuer of this instrument is within the power of the Issuer and, other than with respect to the actions to be taken when equity is to be issued to Investor, has been duly authorized by all necessary actions on the part of the Issuer. This instrument constitutes a legal, valid and binding obligation of the Issuer, enforceable against the Issuer in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors’ rights generally and general principles of equity. To the knowledge of the Issuer, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Issuer; or (iii) any material indenture or contract to which the Issuer is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Issuer.

(c) The performance and consummation of the transactions contemplated by this instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Issuer; (ii) result in the acceleration of any material indenture or contract to which the Issuer is a party or by which it is bound; or (iii) result in the creation or imposition of any lien upon any property, asset or revenue of the Issuer or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Issuer, its business or operations.

(d) No consents or approvals are required in connection with the performance of this instrument, other than: (i) the Issuer’s corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of shares of Capital Stock issuable pursuant to Section 1.

(e) The Issuer shall, prior to the conversion of this instrument, reserve from its authorized but unissued shares of Capital Stock for issuance and delivery upon the conversion of this instrument, such number of shares of the Capital Stock as necessary to effect the conversion contemplated by this instrument, and, from time to time, will take all steps necessary to amend its charter to provide sufficient authorized numbers of shares of the Capital Stock issuable upon the conversion of this instrument. All such shares shall be duly authorized, and when issued upon any such conversion, shall be validly issued, fully paid and non-assessable, free and clear of all liens, security interests, charges and other encumbrances or restrictions on sale and free and clear of all preemptive rights, except encumbrances or restrictions arising under federal or state securities laws.

(f) The Issuer is (i) not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act, (ii) not an investment company as defined in Section 3 of the Investment Company Act of 1940 (the “**Investment Company Act**”), and is not excluded from the definition of investment company by Section 3(b) or Section 3(c) of the Investment Company Act, (iii) not disqualified from selling securities under Rule 503(a) of Regulation CF, (iv) not barred from selling securities under Section 4(a)(6) of the Securities Act due to a failure to make timely annual report filings, (v) not planning to engage in a merger or acquisition with an unidentified company or companies, and (vi) organized under, and subject to, the laws of a state or territory of the United States or the District of Columbia.

(g) The Issuer has, or will shortly after the issuance of this instrument, engage a transfer agent registered with the U.S. Securities and Exchange Commission to act as the sole registrar and transfer agent for the Issuer with respect to the Crowd SAFE.

#### **4. *Investor Representations***

(a) The Investor has full legal capacity, power and authority to execute and deliver this instrument and to perform its obligations hereunder. This instrument constitutes a valid and binding obligation of the Investor, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

(b) The Investor has been advised that this instrument and the underlying securities have not been registered under the Securities Act or any state securities laws and are offered and sold hereby pursuant to Section 4(a)(6) of the Securities Act. The Investor understands that neither this instrument nor the underlying securities may be resold or otherwise transferred unless they are registered under the Securities Act and applicable state securities laws or pursuant to Rule 501 of Regulation CF, in which case certain state transfer restrictions may apply.

(c) The Investor is purchasing this instrument and the securities to be acquired by the Investor hereunder for its own account for investment, not as a nominee or agent, and not with a view to, or for resale in connection with, the distribution thereof, and the Investor has no present intention of selling, granting any participation in, or otherwise distributing the same. The Investor understands that the Securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of each Investor's representations as expressed herein.

(d) The Investor acknowledges, and is purchasing this instrument in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF, promulgated under Section 4(a)(6)(B) of the Securities Act.

(e) The Investor acknowledges that the Investor has received all the information the Investor has requested from the Issuer and the Investor considers necessary or appropriate for deciding whether to acquire this instrument and the underlying securities, and the Investor represents that the Investor has had an opportunity to ask questions and receive answers from the Issuer regarding the terms and conditions of this instrument and the underlying securities and to obtain any additional information necessary to verify the accuracy of the information given to the Investor. In deciding to subscribe to this instrument, the Investor is not relying on the advice or recommendations of the Issuer or of the Intermediary and the Investor has made its own independent decision that an investment in this instrument and the underlying securities is suitable and appropriate for the Investor. The Investor understands that no federal or state agency has passed upon the merits or risks of an investment in this instrument and the underlying securities or made any finding or determination concerning the fairness or advisability of this investment.

(f) The Investor understands and acknowledges that as a Crowd SAFE investor, the Investor shall have no voting, information or inspection rights, aside from any disclosure requirements the Issuer is required to make under relevant securities regulations.

(g) The Investor understands that no public market now exists for any of the securities issued by the Issuer, and that the Issuer has made no assurances that a public market will ever exist for this instrument and the securities to be acquired by the Investor hereunder.

(h) The Investor is not (i) a citizen or resident of a geographic area in which the purchase of or holding of the Crowd SAFE and the underlying securities is prohibited by applicable law, decree,

regulation, treaty, or administrative act, (ii) a citizen or resident of, or located in, a geographic area that is subject to U.S. or other applicable sanctions or embargoes, or (iii) an individual, or an individual employed by or associated with an entity, identified on the U.S. Department of Commerce's Denied Persons or Entity List, the U.S. Department of Treasury's Specially Designated Nationals List, the U.S. Department of State's Debarred Parties List or other applicable sanctions lists. Investor hereby represents and agrees that if Investor's country of residence or other circumstances change such that the above representations are no longer accurate, Investor will immediately notify Issuer. Investor further represents and warrants that it will not knowingly sell or otherwise transfer any interest in the Crowd SAFE or the underlying securities to a party subject to U.S. or other applicable sanctions.

(i) If the Investor is not a United States person (as defined by Section 7701(a)(30) of the Internal Revenue Code of 1986, as amended), the Investor hereby represents that it has satisfied itself as to the full observance of the laws of its jurisdiction in connection with any invitation, purchase and payment for, and continued ownership of, its beneficial interest in the Crowd SAFE and the underlying securities will not violate any applicable securities or other laws of the Investor's jurisdiction, including (i) the legal requirements within its jurisdiction for the purchase of its beneficial interest in the Crowd SAFE; (ii) any foreign exchange restrictions applicable to such purchase; (iii) any governmental or other consents that may need to be obtained; and (iv) the income tax and other tax consequences, if any, that may be relevant to the purchase, holding, conversion, redemption, sale, or transfer of its beneficial interest in the Crowd SAFE and the underlying securities. The Investor acknowledges that the Issuer has taken no action in foreign jurisdictions with respect to the Crowd SAFE (and the Investor's beneficial interest therein) and the underlying securities.

(j) If the Investor is a corporate entity: (i) such corporate entity is duly incorporated, validly existing and in good standing under the laws of the state of its incorporation, and has the power and authority to enter into this Crowd SAFE; (ii) the execution, delivery and performance by the Investor of the Crowd SAFE is within the power of the Investor and has been duly authorized by all necessary actions on the part of the Investor; (iii) to the knowledge of the Investor, it is not in violation of its current charter or bylaws, any material statute, rule or regulation applicable to the Investor; and (iv) the performance of this Crowd SAFE does not and will not violate any material judgment, statute, rule or regulation applicable to the Investor; result in the acceleration of any material indenture or contract to which the Investor is a party or by which it is bound, or otherwise result in the creation or imposition of any lien upon the Purchase Amount.

(k) The Investor further acknowledges that it has read, understood, and had ample opportunity to ask Issuer questions about its business plans, "Risk Factors," and all other information presented in the Issuer's Form C and the offering documentation filed with the SEC.

(l) The Investor represents that the Investor understands the substantial likelihood that the Investor will suffer a **TOTAL LOSS** of all capital invested, and that Investor is prepared to bear the risk of such total loss.

## ***5. Transfer Restrictions.***

(a) The Investor hereby agrees that during the Lock-up Period it will not, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned by the Investor or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the

economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any shares to any trust for the direct or indirect benefit of the Investor or the immediate family of the Investor, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to the Investor only if all officers and directors of the Issuer are subject to the same restrictions and the Issuer uses commercially reasonable efforts to obtain a similar agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. The Investor further agrees to execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Issuer may impose stop transfer instructions with respect to the Investor's registrable securities of the Issuer (and the Issuer shares or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. The Investor agrees that a legend reading substantially as follows will be placed on all certificates representing all of the Investor's registrable securities of the Issuer (and the shares or securities of the Issuer held by every other person subject to the restriction contained in Section 5(a)):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE ISSUER'S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE ISSUER AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE ISSUER'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) Without in any way limiting the representations and warranties set forth in Section 4 above, the Investor further agrees not to make any disposition of all or any portion of this instrument or the underlying securities unless and until the transferee has agreed in writing for the benefit of the Issuer to make the representations and warranties set out in Section 4 and the undertaking set out in Section 5(a) and:

(i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or

(ii) The Investor shall have notified the Issuer of the proposed disposition and shall have furnished the Issuer with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Issuer, the Investor shall have furnished the Issuer with an opinion of counsel reasonably satisfactory to the Issuer that such disposition will not require registration of such shares under the Securities Act.

(e) The Investor agrees that it shall not make any disposition of this instrument or any underlying securities to any of the Issuer's competitors, as determined by the Issuer in good faith.

(f) If the Investor intends to transfer the Crowd SAFE ("**Transfer**") in accordance with this Section 5, the investor accepting transfer ("**Transferee**") must pass and continue to comply with the

Nominee's (as defined in Exhibit A) (and any applicable affiliate's) know your customer ("KYC") and anti-money laundering ("AML") policies and execute Exhibit A contemporaneously and in connection with the Transfer. The Investor understands that the Transferee's failure to pass the requisite KYC and AML procedures or to execute Exhibit A contemporaneously with the Transfer will render the Transfer void, null, unenforceable, and the Transferee will be unable to redeem their security.

(g) The Investor understands and agrees that the Issuer will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Crowd SAFE and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Issuer's charter or bylaws, any other agreement between the Investor and the Issuer or any agreement between the Investor and any third party:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

## 6. *Miscellaneous*

(a) The Investor agrees to execute the Nominee Rider and Waiver, attached hereto as Exhibit A contemporaneously and in connection with the purchase of this Crowd SAFE. The Investor agrees and understands that the Investor's failure to execute Exhibit A contemporaneously with this Crowd SAFE will render the Crowd SAFE void, null and unenforceable.

(b) This Crowd SAFE contemplates the potential tokenization of this instrument and any equity securities that may be issued upon conversion of this SAFE. The Issuer may, in its sole discretion, tokenize this SAFE and the underlying equity securities as separate blockchain tokens ("Tokens") on a blockchain network. The Investor acknowledges and consents to the potential tokenization of this SAFE and the underlying equity securities, and agrees to abide by any terms and conditions related to the Tokens as set forth by the Issuer.

(c) The Investor agrees to take any and all actions determined in good faith by the Issuer's board of directors to be advisable to reorganize this instrument and any shares of Capital Stock issued pursuant to the terms of this instrument into a special purpose vehicle or other entity designed to aggregate the interests of holders of Crowd SAFEs.

(d) Any provision of this instrument may be amended, waived or modified only upon the written consent of either (i) the Issuer and the Investor, or (ii) the Issuer and the majority of the Investors (calculated based on the Purchase Amount of each Investors Crowd SAFE). Any notice required or permitted by this instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(e) The Investor is not entitled, as a holder of this instrument, to vote or receive dividends or be deemed the holder of Capital Stock for any purpose, nor will anything contained herein be construed to confer on the Investor, as such, any of the rights of a stockholder of the Issuer or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive purchase rights or otherwise until shares have been issued upon the terms described herein.

(f) Neither this instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other; *provided, however*, that this instrument and/or the rights contained herein may be assigned without the Issuer's consent by the Investor to any other entity who directly or indirectly, controls, is controlled by or is under common control with the Investor, including, without limitation, any general partner, managing member, officer or director of the Investor, or any venture capital fund now or hereafter existing which is controlled by one or more general partners or managing members of, or shares the same management company with, the Investor; and *provided, further*, that the Issuer may assign this instrument in whole, without the consent of the Investor, in connection with a reincorporation to change the Issuer's domicile.

(g) In the event any one or more of the terms or provisions of this instrument is for any reason held to be invalid, illegal or unenforceable, in whole or in part or in any respect, or in the event that any one or more of the terms or provisions of this instrument operate or would prospectively operate to invalidate this instrument, then such term(s) or provision(s) only will be deemed null and void and will not affect any other term or provision of this instrument and the remaining terms and provisions of this instrument will remain operative and in full force and effect and will not be affected, prejudiced, or disturbed thereby.

(h) All securities issued under this instrument may be issued in whole or fractional parts, in the Issuer's sole discretion.

(i) All rights and obligations hereunder will be governed by the laws of the State of Delaware, without regard to the conflicts of law provisions of such jurisdiction.

(j) Any dispute, controversy or claim arising out of, relating to or in connection with this instrument, including the breach or validity thereof, shall be determined by final and binding arbitration administered by the American Arbitration Association (the "AAA") under its Commercial Arbitration Rules and Mediation Procedures ("**Commercial Rules**"). The award rendered by the arbitrator shall be final, non-appealable and binding on the parties and may be entered and enforced in any court having jurisdiction. There shall be one arbitrator agreed to by the parties within twenty (20) days of receipt by respondent of the request for arbitration or, in default thereof, appointed by the AAA in accordance with its Commercial Rules. The place of arbitration shall be within twenty-five (25) miles of the Issuer's principal place of business. Except as may be required by law or to protect a legal right, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

(k) The parties acknowledge and agree that for United States federal and state income tax purposes this Crowd SAFE is, and at all times has been, intended to be characterized as stock, and more particularly as common stock for purposes of Sections 304, 305, 306, 354, 368, 1036 and 1202 of the Internal Revenue Code of 1986, as amended. Accordingly, the parties agree to treat this Crowd SAFE consistent with the foregoing intent for all United States federal and state income tax purposes (including, without limitation, on their respective tax returns or other informational statements).

(l) The Investor agrees any action contemplated by this Crowd SAFE and requested by the Issuer must be completed by the Investor within thirty (30) calendar days of receipt of the relevant notice

(whether actual or constructive) to the Investor.

## EXHIBIT A

### Nominee Rider and Waiver

Republic Investment Services LLC (f/k/a NextSeed Services, LLC) (the “**Nominee**”) is hereby designated and appointed to act for and on behalf of the Investor as Investor’s nominee, agent and proxy in all respects under the Crowd SAFE Series 2023 issued by FuelGems, Inc. (the “**SAFE**”) and any securities which may be issuable to Investor upon conversion of the Security (the “**Conversion Securities**” and together with the SAFE, the “**Securities**”). Nominee is expressly authorized to perform such acts, and execute such documents, agreements and instruments, for and on behalf of Investor and in the Investor’s name, reasonably deemed necessary in Nominee’s sole discretion without Investor’s consent to any of the following:

(1) cause, at any time hereinafter, the title to any Security to be held of record by (such holder, the “**Custodian**”) a corporation, partnership, a trust (whether or not the trustees are named) or other organization or by one or more qualified persons as trustees, custodians or any other fiduciary capacity with respect to a single trust, estate or account, in each case, of the Nominee’s sole discretion (“**Custodial Conversion**”) for the benefit of the Investor;

(2) in connection with any conversion of the SAFE into Conversion Securities of the Issuer, execute and deliver to the Issuer all transaction documents related to such transaction or other corporate event causing the conversion of the SAFE into Conversion Securities in accordance therewith; *provided*, that such transaction documents are the same documents to be entered into by all holders of other SAFES of the same class issued by the Issuer that will convert in connection with the Equity Financing, Liquidity Event, Dissolution Event or other corporate event (“**Transactional Conversion**”);

(3) receive all notices and communications on behalf of the Investor from the Issuer concerning any Securities;

(4) vote at any meeting or take action by written consent in lieu of a meeting, or otherwise consent, confirm, approve or waive any rights, as a holder of any Securities, in each case, in all respects thereto (without prior or subsequent notice to the Investor) consistently at the direction of the Chief Executive Officer of FuelGems, Inc. (the “**Nominee Designee**”); *provided*, the Nominee shall have no obligation to vote or take any other action consistent with the Nominee Designee as to the engagement or termination of the Custodian;

(5) in connection with any Custodial Conversion and/or Transactional Conversion, open an account in the name of the Investor with a Custodian and allow the Custodian to take custody of the Conversion Securities in exchange for a corresponding beneficial interest held by the Investor; *provided* Nominee will take reasonable steps to send notice thereof to the Investor, including by email, using the last known contact information of such Investor;

(6) appoint any person, firm, or corporation to act as its agent or representative for the purpose of performing any function that Nominee is or may be authorized hereunder to perform; and

(7) take any such other and further actions incidental to any of the above.

(the foregoing, collectively, the “**Nominee Services**”). Capitalized but undefined terms used in this Nominee Rider and Waiver shall have the meaning ascribed to them in the Security unless otherwise defined.

The Nominee shall not sell, transfer or assign the beneficial interest in any Security to any third-party without the Investor's written consent. Investor covenants and agrees to take all necessary actions and perform such functions as necessary to ensure Nominee receives prompt and timely responses to enable Nominee to perform Nominee Services.

Neither Nominee nor any of its affiliates nor any of their respective officers, partners, equity holders, members, managers, officers, directors, employees, agents or representatives shall be liable to Investor for any action taken or omitted to be taken by it hereunder, or in connection herewith or therewith, except for damages caused by its or their own recklessness or willful misconduct.

Notwithstanding anything to the contrary, the Nominee may render Nominee Services at its sole option and until the termination hereof, which shall occur upon the earliest of: (1) the SAFE or any Conversion Security is (i) terminated or (ii) registered under the Exchange Act; (2) a Custodial Conversion; (3) the Nominee, the Investor and the Issuer mutually agree to terminate the Nominee Services, and (4) the Nominee provides notice of termination at least 7 days in advance to the Investor and the Issuer. Upon any such termination, the Nominee shall have no further obligations hereunder.

This Nominee Rider and Waiver shall be binding upon the Nominee and the Investor and inure to the benefit of and bind their respective assigns, successors, heirs, executors, beneficiaries, and administrators.

To the extent you provide the Issuer with any personally identifiable information ("PII") in connection with your election to invest in the Securities, the Issuer and its affiliates may share such information with the Nominee, the Custodian, the Intermediary, and the appointed transfer agent for the Securities solely for the purposes of facilitating the offering of the Securities and for each party to provide services with respect to the ownership and administration of the Securities. Investor irrevocably consents to such uses of Investor's PII for these purposes during the Term and Investor acknowledges that the use of such PII is necessary for the Nominee to provide the Nominee Services.

Hello, My name is Kirill Gichunts and I am the CEO of FuelGems. We are a team of PhD scientists and business experts, that developed and are bringing to a massive 3.5 trillion market one of the most powerful fuel additives in motor fuel history.

Only 1 gram of our active material is used to treat a whopping 265 gallons of either gasoline, diesel or bio-fuel, making FuelGems fuel additive hundreds to thousands times more powerful than competing fuel additives. Our active material is an advanced nanoparticle which we synthesize using proprietary reactors that we build. This technology is unique to FuelGems.

We tested our fuel additive through regular day to day use and controlled field trials and saw fuel savings of 8% to 20%. This means CO2 is decreased by up to 20%, but we also decrease carbon monoxide, particulate pollution and other dangerous pollutants by up to 49.5%.

With global geopolitical events the fuel prices have greatly increased. During 1970s high energy prices caused economies to go into crisis. The high energy prices are starting to rattle economies. FuelGems is a solution to decrease pressure from high oil prices. This is a perfect time for FuelGems to shine.

We have completed two highly successful campaigns and have over 2000 investors. With some of the proceeds from the second campaign, we have filed for patents in over 20 countries, and this represents the majority of fuel used world wide.

Now, we are expanding globally to address the massive demand from some of the worlds biggest Oil And Gas companies as well as Governments. The unique design of our nanoparticle and the fuel additive would allow Oil&Gas refineries to add the additive during the refining process for a very low cost. Our IP protection strategy would allow us to license our technology or form Joint Ventures for accelerated growth.

With 700 refineries out there supplying \$3.5 trillion worth of fuel annually, winning a small number of these would make for a very valuable company.

High oil prices, recession and turbulent economy are perfect conditions for FuelGems to grow and to thrive. We are well positioned for global growth and with your help we will work to become a global clean energy player. Support us and lets build this momentum together!

As an owner of a car and truck rental company, I know what optimization means for the business. Every dollar saved today will create valuable resources for you tomorrow. So when I was approached to become a beta-tester for the new fuel additive, which can reduce fuel consumption, and increase life and efficiency for an engine - I thought, "Deal! Sign me up!"

FuelGems is a fuel additive with one key ingredient - unique carbon nanoparticles. It is safe for use, and its already receiving positive feedback from research institute testing and real life trials, but I wanted to try it out for myself and use it in my business. After reviewing real-life trials data, I was surprised to learn it really works, and I noticed an immediate and positive impact after only a few weeks. Fuel costs were reduced by 8-9 percent, which when applied to a large logistics operation which spends millions on fuel every year that ends up being quite a large number.

Our trucks drive over a hundred of miles every day. So the engine health and timely maintenance on our trucks is something we always keep in mind. And when I learned that the fuel additive actually increases lubrication - I was stunned. It will improve the life of the engine and your fuel pump. The fact that it reduces dangerous emissions and greenhouse gasses is the icing on a cake for our corporate responsibility and for people and the planet. Besides, its easy to use! Adding just a tiny amount to your fuel is all it takes, gets the job done.

I think this technology will really shake up the market. Imagine how much businesses that spend tens of millions on fuel every gain could gain from reduced fuel consumption or longer engine life?

Its impressive, and I definitely want to be a part of this process.

I think nowadays many people pay careful attention to their impact on Nature. Pollution is not a myth, and we all, unfortunately, contribute to it. Electric car market is growing; however, Gasoline and Diesel are not going to disappear overnight. Luckily I found out about FuelGems and realized - there is hope - this single product can decrease CO2 emissions from diesel and gasoline worldwide.

Basically, it is a fuel additive that lowers various dangerous emissions and fuel consumption and, consequently reduces carbon footprint. Its great I can make my car make less harm to the environment. Moreover, this saves me money! Reducing gasoline consumption by 8% to 9% - it might be a small number, but imagine how much it will save in a year? This makes FuelGems additive that much better!

As a potential early adopter and user, I will have a chance to evaluate all the advantages on my own. This powerful fuel additive makes gasoline and diesel cleaner, more efficient, and even more importantly, it increases lubricity for longer engine fuel pump life. I am thrilled that I can increase the life of my vehicle.

There are already so many people who supported FuelGems, and I would definitely be happy to be their first customer when it gets to the market.

It's revolutionizing the fuel tech industry and could help preserve the environment and the health over the next several decades.

Meet Fuel Gems - one of the most powerful and clean fuel additives in history for the \$3.5 trillion market.

Our mission is to reduce CO2 from diesel and gasoline by a massive 9% and reduce dangerous emissions globally.

Realizing how fuels have become corrosive, dirty, with low efficiency, we spent more than 5 years in laboratories to increase efficiency and reduce dangerous emissions such as unburned hydrocarbons, the evil particulate pollution, carbon monoxide, and CO2 by up to 50%.

Our technology was tested at multiple research centers, including Conn Center for Renewable Energy, Coventry University, and in real-life driving of over 1 million miles. Our latest 7,500 mile real life trial showed fuel savings of 9%, and particulate matter, soot, was reduced by 6%, improving an already high quality EN590 diesel fuel.

The additive is very affordable and easy to use in any application. It can be added to fuel by anyone who operates any mode of transport, gas station operators, and refineries. A tiny amount of 1-5 grams of our environmentally friendly active material is needed to treat 260 gallons of fuel. This is a whopping up to 800 times less than some competing fuel additives.

We believe that our product should be available to everyone. That is why FuelGems would bring immense benefit to both B2B and B2C markets. We plan to distribute the product by having refineries add it to their fuel and via retail at gas station shops, amazon, truck stops, and auto stores.

More than 1200 people already supported us on Wefunder. They became a part of our generous and amazing community, who believe that the fuel could be more efficient, reduce pollution and make the planet cleaner. And this is really possible with FuelGems now.

Join us and become a part of this revolutionary technology today!

## **Investor Testimonials**

### **Joe Merrill at Sputnik ATX**

Hi this is Joe Merrill at Sputnik ATX in Austin Texas. We are a major investor in FuelGems. We love the company, we love the founders, it's a stack of PHD's. They are tremendous business people as well. And what they have created is a nano additive. That we can put into our fuel that will lower greenhouse gas emissions from our car by 6-9%. And when you look at what else fuelgems does it reduces unburnt hydrocarbons. That's the stuff that is very polluting in our fuel. It reduces that by 50%. This is an incredible technology. This is an incredible team. This is why the investors from some of the top top VC funds in the world are putting their money into FuelGems, that is why we are putting our money behind FuelGems. We love the team, we love the product. Fossil fuel unfortunately aren't going away. But as long as they stay I feel better knowing that FuelGems will be going into the tank.

### **Oksana Malysheva at Sputnik ATX**

Greetings from Austin Texas. Let me ask you a question. How often do you get to contribute to this world being safer, more environmentally safe. For us at Sputnik ATX that opportunity came when a company called FuelGems walked through our door. Hi I am Oksana Malysheva, I am a Managing Director at Sputnik ATX. We are a venture Capital firm out of Austin that invest in early stage promising technologies and companies. FuelGems happens to be just that. Imagine a world where you add a tiny additive, very sophisticated, but fairly easy to produce, particle that you add 1 gram to 250 gallons of gas, just a tiny tiny addition, and with that you reduce unburnt hydrocarbons by 50%, you reduce carbon monoxide by 15% and it gets even better, while producing these terrific environmental benefits you also get to save 9% on your gas because your engine runs more efficiently. While the technology is quite sophisticated, and I totally got a kick out of evaluating it, because in my former life I use to be a PhD physicist and actually my lab mate worked in a similar arena so I get to understand a little more than your average venture capitalist about the nitty gritty about this technology, what it does is very simple, and its easy to implement, and its environmentally safe and its already being tested by many reputable companies, it was proven safe to put into cars and is already making the current fleet of cars more efficient. FuelGems is raising funds, Sputnik had invested and supported them along the way and I hope your join them in this journey and together with this one simple addition we will make our world a better place, join up.
