Environment

In 2013 and 2014 we organised and led Let's do it Colombia. An event in Bogota where more than 3000 people went out to collect garbage in 20 different points in the city. It was a team of 30 foreign people and volunteers. We collected almost 60 tons of garbage, and helped to clear really contaminated areas of the city. <http://www.letsdoitcolombia.org/>.
