## Summary

[www.kevingallagherconsulting.com](http://www.kevingallagherconsulting.com)

I was honored at the recent ICIS WORld Surfactans Conference to win the Industry Contribution Award (May 2019). I enjoy using my more than 40 years of experience (including a 37 year career at Croda) to help you and your business be successful. In April 2016, I was also honored with the Lifetime Achievement Award at the Global In-Cosmetics Conference in Paris.

Helping people understand the industry, the opportunities, drivers and trends has led to a successful consulting business. This includes helping with acquisitions and divestments and acting as deal advisor for both strategic and private equity clients.

I'm currently specializing in advising clients on strategy for specialty chemicals and ingredients, especially those used in Personal and Consumer Care, providing strategic advice on acquisitions and divestitures, and functioning successfully as a strategic deal advisor in this space.

During my career, I've been the first President of Croda's Global Personal Care & Actives business. In this capacity, I've had P&L responsibility for Croda's Global Personal Care & Actives businesses around the world. In addition, I was also President Croda Inc. and also served as a member of the Executive Committee of Croda International Plc.

Throughout my 37 year career at Croda, I've had the wonderful opportunity to hold diverse roles in R&D and Quality Management, Sales and Marketing. I've been active within the Chemical industry, and have had the honor of serving on the American Cleaning Institute (ACI) Board of Directors (also Executive Committee and Chair of the Nominations Committee), the Personal Care Product Council (PCPC) Board of Directors, the Newark College

of Engineering (NJIT) Advisory Board and the Rutgers University Chemistry and Chemical Biology Advisory Board.
