## Impact. Driven. Finance

Creci is bringing impact investing into the mainstream and helping investors do better than the meager interest they receive on most deposit accounts.

With your participation, Creci is putting money to work in progressive companies to build a more hopeful road ahead. Together we can re-envision the future of finance!

## How it works

We make it possible for investors to financially support social, and environmental impact businesses in the United States and Latin America with as little as a \$10 investment.

We believe that sustainable business models and companies transitioning to the green economy are the key to solving big challenges like climate change, food insecurity, lack of education, poverty and gender inequality to name a few.

So, we help close the credit gap and provide them with the financing they need to grow or transition. In turn, we are able to provide impact investors – investors like you – a competitive return!

## Four easy steps to become a Creci Impact Investor

Creci's proprietary platform democratizes impact investing by making it easy for you to become an impact investor. No trips to a boring bank. No waiting in line.

Register on our platform, link your account, get verified, and choose your investment. That's it! Your time is now. Start earning a financial return while helping sustainable businesses grow, and positively impact local communities. All within minutes!

These are just some of the impact companies Creci has financed:

*"I have had an excellent experience with Creci"*

Elvia Maria Tapia Peñates  
Bareke

*Companies such as Piña Colada, Bareke and A&N Servicios have hired more than 90 people from marginalized communities with little access to formal employment.*

Dear, [name]

As you may know, along with my cofounder, I am pursuing a dedicated objective as CEO of Creci, Inc. of bringing sustainability and finance together to mobilize business to create social and environmental change.

We provide credit products to companies that enable them to drive impact through their business models, and we want to grow our portfolio substantially. At Creci we believe that business has a very important role to play in making lasting change within the existing economic system.

I am writing to share with you that **in January 2022** we plan to allow individuals and investors to come to our website and set up an investor account that will allow them to purchase **Creci Notes** for as little as \$10.

Each Creci Note **will earn a 5% fixed return**. In this interest rate environment, the 5% you earn on our notes provides a premium over other debt instruments and the very small returns earned by savings accounts. We will use these investments to fund our credit products for sustainable businesses so that they can amplify progress on urgent sustainability issues.

***We are very excited about this development and invite you as part of a select group to [pre-register](#) as a Creci Impact Investor and to share the experience with friends who are also interested in impact investing!***

By pre-registering, you will be the first to be notified when our investor platform is live. ***In addition to the financial return you will earn, you will also achieve a social return as the funds invested are allocated to support companies that are working to achieve ambitious impact and sustainability goals:*** these include clean water, employment in low-income areas, and education for people in distressed circumstances, among other things.

When pre-registering, you will also become part of the ***Creci Impact Investor Community*** we are building to provide you with information on impact investing, the companies we support and the impact they are making. We are also developing other unique benefits for our community members, and you will be the first to know about these prior to launch.

***We would love for you to join us on this journey as a Creci impact investor!! By purchasing Creci Notes, you will be earning a fixed return while investing in a sustainable future.***

If you have already pre-registered, we are thrilled to know that we have great supporters like you, and thank you sincerely.

Sincerely,

**Andres Idarraga**  
**Co-Founder and CEO**
