Risk Factors

RISKS RELATED TO CROWDFUNDING

A Crowdfunding Investment involves risk, including the risk of losing your entire investment. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

Also note, that the portal, Wunderfund, Inc. has not recommended investment in this offering. It is solely up to the individual to make an investment decision.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

RISKS RELATED TO OUR BUSINESS

Orion is a young company with early revenue.

Orion has only had minor revenue to date and therefore is reliant on the success of this funding campaign to remain operational. Until the growth of our revenue, which cannot be guaranteed, Orion must raise funds or risk having to cease operations. This will cause you to lose out on your investment.

We may not be able to raise the additional funding needed to fully implement our business plan.

Additional funding may be required subsequently even if our offering is fully funded. If this is the case, we may also need additional capital in the future. The amount of additional capital needed is dependent on many factors. If additional funding would be needed but not obtained, you may lose your entire investment.

If we obtain additional equity financing, your ownership interest will be diluted.

While not currently planned, if we subsequently determine there is a need for additional financing and decide to issue additional equity securities, such issuance(s) will dilute your ownership interest in the Company.

Series and Future classes of stocks may be senior to your future equity Interests.

If the Company issues new stocks, which it may do in its sole discretion, the new classes of stock may be senior to these equity Interests.

Our business projections are merely estimates.

Our business estimates are subjective and there can be no guarantees that we will meet those projections. There are no guarantees that Orion will become profitable.

The Managers own all the voting rights.

It will be very difficult for the Members to remove the management team members without their approval. The management team will have control over all aspects of operation.

The Competition in Ridesharing is dominated by publicly traded companies & well funded startups.

Orion operates in the ridesharing industry which is currently dominated by Uber and Lyft, both publicly traded companies. Additionally, Lime & Bird, are both series funded tech startups in multiple cities throughout the world. There are other e-bike companies that operate in this space who are also well capitalized.

RISKS RELATED TO THIS OFFERING

We can use the proceeds of your subscription after the minimum is met and before the maximum amount is raised.

We are under no obligation to raise the maximum amount before using the proceeds from this offering. If this offering does not generate at least **\$250,000** we may not be able to fully implement our business plan and would need to scale back our plans. A portion of the proceeds raised will go towards our use of funds detailed with this offering.

Our Managers have unlimited discretion as to the use of proceeds from this offering.

Our Managers have discretion regarding the use of proceeds that we will receive from this offering, both by being Managers and by virtue of having all the voting shares in the company. We cannot assure you that any Manager will apply these funds effectively. Additionally, we cannot assure you that our use of the proceeds will be successful in generating the interest in our business model necessary to produce sufficient revenues to stay in business.

The Security Interests being offered are illiquid and not freely transferable.

The Security Interests we are offering will not be registered under the Securities Act or qualified under applicable state securities laws and may not be resold unless registered (and qualified) or an exemption from registration (and qualification) is available. There is no public market for the interests, and we do not expect that any such market will develop. In addition, there are restrictions on the transferability of the interests pursuant to the terms of the Operating Agreement. If you invest in the Security Interests, you should expect to hold the shares for an indefinite period of time.

The offering price may not accurately reflect the value of the Security Interests.

The pricing of the Security Interests which we are offering was determined subjectively. The pricing is not based on any conventional pricing criteria such as the liquidation value of the Stock or a multiple of net earnings per Unit. We have not obtained any third-party valuations of the Company or Security Interests.

The rights of the Security Interests in this offering differ in various respects from the other classes of Stocks, including that these Security Interests have no voting rights.

The Company currently has two classes of stocks outstanding. Voting Common Interests, and Non-Voting Future Equity Shares, pursuant to this offering. The Voting Common Interests are substantially similar to the common stock of a corporation in that the holders of the Voting Common Interests will only receive a return on their investment after all creditors of the Company have been paid and non-voting common Interests have also been paid.

The Voting Common Interests have “drag-along” rights and can force all Director interests to sell their respective Interests in the event of a merger or an asset sale.

A majority of Voting Common Interests may elect to sell the Company’s Member Interests to a third party. In such an instance, a majority of the Voting Common Interests is permitted to force the other Members to sell their Interests on the same terms as the Voting Common Member Interests are being sold.

The Manager has the right to transfer Interests to others without offering those Interests to be purchased by other Members.

Managers may transfer a portion of their Voting Common Interests that they currently hold, at their discretion, without offering other Members the right to purchase said Interests. The intent is for the Managers to use these Interests to compensate employees or future officers in exchange for services.

The Offering

Purpose - The purpose of this offering is to raise capital for the operations, software development and marketing of the Orion Electronics Company as part of a preliminary Regulation CF raise up to \$250,000. Followed by this raise, the company plans to raise an additional amount of capital for a series See

Completion of Transaction and Delivery of Shares

Investors will be required to execute and deliver a subscription agreement, attached as an exhibit to the Form C of which this offering statement is a part (the “Subscription Agreement”) and pay funds into an escrow account maintained by North Capital Investment Technology, Inc (the “Escrow Agent”) in accordance with the terms of the Subscription Agreement in order to acquire shares.

Investors may Cancel an investment commitment at any time until 48 hours prior to the deadline specified in their Form C.

Wunderfund will notify investors when the funding goal amount has been met.

If Orion Electronics Company, Inc. reaches the Oversubscription limit prior to the deadline specified in their Form C, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment before the 48-hour period to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor’s investment commitment will be cancelled, and the committed funds will be returned.

The offering will be completed upon transfer of funds from the Escrow Agent to Orion Electronics Company, Inc. At that time, shares to be acquired in conjunction with the receipt of the corresponding funds under the Subscription Agreement will be registered in the name of the corresponding investor. The shares acquired by investors pursuant to this Regulation Crowdfunding offering are uncertified. Once an uncertified share is registered in an investor’s name by Orion Electronics Company, Inc., it is deemed delivered under the Uniform Commercial Code. Investors will be provided with written confirmation of such delivery following the closing of the transaction.

Oversubscription will be allocated first based upon size of the investment, with larger investments receiving priority over smaller investments, and then, with regard to the minimum sized investments, on a first come-first served basis.

If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned to investors.

If Orion Electronics Company, Inc. reaches their funding goal prior to the campaign close date, then we, the Company, may conduct multiple closings of escrow. If we provide notice about the new offering deadline to the investors, then the affected investors will have at least five business days to cancel their investment. This is absent of a material change that would require an extension of the offering, and reconfirmation of investment commitment from all investors. The first investments drawn down on will be the largest investments, and then for all investments of the same size drawn down on, it will be on a first come first serve basis; similar to the terms of how oversubscription will be dealt.

The Securities Offered in this Offering

Valuation of Securities

These securities are being valued at the Issuer's discretion. It is important to understand that Wunderfund does not perform valuation services, and that these securities are being offered at whatever value Orion Electronics Company, Inc. decides is a fair market value for their company.

Details on Security Being Offered

Common Stock

The securities offered are for **Common Stock Class B** in Orion. Each equity unit is priced at \$0.25 USD per share with a minimum of **400 Shares** required for purchase. The valuation is **\$2,500,000 USD**, and the company is raising up to **\$250,000** pursuant to the Reg CF offering.

Any investor investing in this round will receive their investment amount, pursuant to the Subscription Agreement, with the full details attached as an exhibit to the Form C, of which this is offering agreement is a part.

The offered securities under this offering will not have Voting rights. These securities will be limited in that they do not offer voting rights, limited informational rights, and no rights to dividends or any revenue the company may generate. The minority investors, which are defined below, in this round will be limited to the information that the company chooses to disclose, and the information disclosed in their annual report filed with U.S Securities and Exchange commission. These securities differentiate from those that holders of preferred stock hold. Preferred stockholders will have a right to vote of decisions the company makes and information about the company. The securities that management retains has access to such rights. The securities being offered in this round only have a right to a percentage of ownership in the company, so the investors will rely upon principal stakeholders of preferred stock to make decisions that increase the value of their investment.

If the company chooses to modify these securities, then they will be done during this campaign. Investors will have to recommit to their investment if there is any modification to these terms as it is considered a material change. If investors do not reconfirm their investment, then their investment will be canceled.

Due to the lack of rights associated with these securities, the officers of the company will retain all decision, voting, and dividend rights. The company has full decision rights without needing a sign-off from non-voting shareholders.

Minority Holder Status

As a minority holder, investors will have limited ability, if any, to influence the policies of Orion Electronics Company, Inc. or any other corporate actions, including the election of directors, additional issuance of securities, repurchase of securities, a sale of Orion Electronics Company, Inc.'s assets, or a merger of Orion Electronics Company, Inc. in another corporation or entity, or transactions with related parties. Those actions are largely within the control of principal stockholders, identified in the "Principal Stockholders" section above. Investors have limited protections against related party transactions as outlined by the policies generally afforded by related case law, the certificate of incorporation or Operating Agreement. Minority holders of securities will have to rely upon the principal stakeholders to make decisions that increase the value of your investment.

Notice of Previous Offerings Conducted

The company raised \$30,000 in convertible debt in a private round under State of Ohio Division of Securities in 2017.

Transfer and Other Restrictions Imposed

Subscription Agreement Right of Redemption

Other Material Information

Investors should understand the potential for ownership of Orion Electronics Company, Inc. to be diluted due to Orion Electronics Company, Inc. issuing additional shares of stock. In other words, when the Company issues more shares, the percentage of the Company that an investor participating in this Regulation Crowdfunding offering will own will decrease, even though the value of Orion Electronics Company, Inc. may increase. Such investors will own a smaller share of the aggregate outstanding capital stock of Orion Electronics Company, Inc.

Such increases in number of shares of Orion Electronics Company, Inc. capital stock outstanding could be the result of another stock offering, employee restricted stock grants, employees exercising stock options, or conversion of certain instruments (e.g., convertible notes, preferred shares or warrants) into shares of the capital stock of Orion Electronics Company, Inc. If Orion Electronics Company, Inc. issues more shares, an investor could experience value dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share if newly authorized and issued securities included stated dividend provisions.

Importantly, Orion Electronics Company, Inc. may issue preferred shares in the future that include liquidation preferences to which the Non-Voting Common Stock is subordinated. Such preferences could diminish the residual proceeds of any liquidity event in which holders of Non-voting Common Stock would otherwise be able to participate.

If you are making an investment expecting to own a certain percentage of Orion Electronics Company, Inc. or expecting each share to hold a certain amount of value, it is important to realize how the value of shares of Non-Voting Common Stock shares can decrease by actions taken by the Company. Dilution can make drastic changes to the value of each share, ownership percentage, voting control, and earnings per share.

There is a high probability that Orion Electronics Company, Inc. will need additional financing in the future. To the extent such financing is executed through the issuance of additional shares of capital stock (as opposed to incurring indebtedness), any investor participating in this offering will be diluted. To the extent that such financing is executed by Orion Electronics Company, Inc. by incurring indebtedness, the value of the Non-Voting Common Stock of any investor participating in this offering will be at risk if Orion Electronics Company, Inc. is unable to repay such indebtedness.
