INDEPENDENT ACCOUNT'S REVIEW REPORT

To the Board of Directors
Adara Thoroughbred Corp.
New York, New York

We have reviewed the accompanying financial statements of Adara Thoroughbred Corp., which comprise of the balance sheet as of September 24, 2020, and the related statement of income, statement of retained earnings and statement of cash flows for the year then ended, and the related notes to the financial statements. A review includes primarily applying analytical procedures to management's financial data and making inquiries of company management. A review is substantially less in scope than an audit, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement whether due to fraud or error.

Accountant's Responsibility

Our responsibility is to conduct the review engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the AICPA. Those standards require us to perform procedures to obtain limited assurance as a basis for reporting whether we are aware of any material modifications that should be made to the financial statements for them to be in accordance with accounting principles generally accepted in the United States of America. We believe that the results of our procedures provide a reasonable basis for our conclusion.

Accountant's Conclusion

Based on our review, we are not aware of any material modification that should be made to the accompanying financial statements in order for them to be in conformity with accounting principles generally accepted in the United States of America.

ADARA THOROUGHbred CORP.
NOTES TO THE FINANCIAL STATEMENT
SEPTEMBER 24,2020

1. Summary of Significant Accounting Policies

The Company

Adara Thoroughbred Corp. (the "Company") was incorporated in the State of Delaware on September 23, 2020. The Company is an early stage company that will acquire an ownership interest in Adara (the "Horse"), a two-year old colt out of Mattie Camp by Empire Maker. The Company will manage the ownership of the Horse, including making decisions as to the choice of trainer, choice of races, breeding opportunities, potential stud services and eventual sale of the horse. The Company is operated by K&G Stables LLC., a Delaware limited liability Company ("K&G"). George Hall is the managing member of K&G.

Fiscal Year

The Company operates on a December 31st year-end.

Basis of Presentation

The accompanying financial statements have been prepared in accordance with U.S. generally accepted accounting principles (US GAAP).

Use of Estimates

The preparation of the financial statement in conformity with accounting principles generally accepted in the United States of America requires the use of management's estimates. These estimates are subjective in nature and involve judgments that affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities at fiscal year-end. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all highly liquid financial instruments purchased with maturities of three months or less to be cash equivalents. As of September 24, 2020, the Company held no cash equivalents.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include, recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Income Taxes

The Company complies with FASB ASC 740 for accounting for uncertainty in income taxes recognized in a company's financial statements, which prescribes a recognition threshold and measurement process for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For those benefits to be recognized, a tax position must be more-likely-than-not to be sustained upon examination by taxing authorities. FASB ASC 740 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. Based on the Company's evaluation, it has been concluded that there are no significant uncertain tax positions requiring recognition in the Company's financial statements. The Company believes that its income tax positions would be sustained on audit and does not anticipate any adjustments that would result in a material change to its financial position. As of September 24, 2020, the Company has not recorded any income tax benefits or liabilities as it has not yet begun operations.

See independent accountant's review report.

1. Summary of Significant Accounting Policies (continued)

Fair Value of Financial Instruments

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants as of the measurement date. Applicable accounting guidance provides an established hierarchy for inputs used in measuring fair value that maximizes the use of observable inputs and minimizes the use of unobservable inputs by requiring that the most observable inputs be used when available. Observable inputs are inputs that market participants would use in valuing the asset or liability and are developed based on market data obtained from sources independent of the Company. Unobservable inputs are inputs that reflect the Company's assumptions about the factors that market participants would use in valuing the asset or liability. There are three levels of inputs that may be used to measure fair value:

- | | |
|---------|--|
| Level 1 | - Observable inputs that reflect quoted prices (unadjusted) for identical assets or liabilities in active markets. |
| Level 2 | - Include other inputs that are directly or indirectly observable in the marketplace. |
| Level 3 | - Unobservable inputs which are supported by little or no market activity. |

The fair value hierarchy also requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

Fair-value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of Inception. Fair values were assumed to approximate carrying values because of their short term in nature or they are payable on demand.

Concentrations of Credit Risk

From time to time cash balances, held at a major financial institution may exceed federally insured limits of \$250,000. Management believes that the financial institution is financially sound and the risk of loss is low.

Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred or services have been rendered, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. As of September 24, 2020, the Company has not earned any revenue.

Advertising Expenses

The Company expenses advertising costs as they are incurred.

New Accounting Pronouncements

There are no recent accounting pronouncements that are expected to have a material impact on the Company's current financial statements or current financial position.

2. Commitments and Contingencies

The Company is not currently involved with and does not know of any pending or threatening litigation against the Company or its members.

See independent accountant's review report.

ADARA THOROUGHbred CORP.
NOTES TO THE FINANCIAL STATEMENT
SEPTEMBER 24, 2020

3. Equity

Common Stock – Class A

Under the certificate of incorporation, the Company has authorized the issuance of up to 29,999 shares of common stock – Class A, at a \$0.01 par value. As of September 24, 2020, no shares of common stock – Class A have been issued and none are outstanding. Common stock – Class A is not entitled to any votes.

Common Stock – Class B

Under the certificate of incorporation, the Company has authorized the issuance of up to one share of common stock – Class B, at a \$0.01 par value. As of September 24, 2020, one share of common stock – Class B has been issued and is outstanding. Common stock – Class B is entitled to one vote per share.

4. Subsequent Events

The Company has evaluated subsequent events through September 29, 2020, the date through which the financial statement was available to be issued. It has been determined that no additional events require additional disclosure.

See independent accountant's review report.
