Offering Memorandum: Part II of Offering Document (Exhibit A to Form C)

Honeyfund.com, Inc.
2519 N McMullen Booth Rd. STE 510-260
Clearwater, FL 33761
https://www.honeyfund.com/

Up to $3,932,184.60 in Common Stock at $1.80
Minimum Target Amount: $9,999.00

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

Company:

Company: Honeyfund.com, Inc.
Address: 2519 N McMullen Booth Rd. STE 510-260, Clearwater, FL 33761

Minimum Investment Amount (per investor): $135.00

Voting Rights of Securities Sold in this Offering

Each Subscriber shall appoint the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as the Subscriber's true and lawful proxy and attorney, with the power to act alone and with full power of substitution, to, consistent with this instrument and on behalf of the Subscriber, (i) vote all Securities, (ii) give and receive notices and communications, (iii) execute any instrument or document that the CEO determines is necessary or appropriate in the exercise of its authority under this instrument, and (iv) take all actions necessary or appropriate in the judgment of the CEO for the accomplishment of the foregoing. The proxy and power granted by the Subscriber pursuant to this Section are coupled with an interest. Such proxy and power will be irrevocable. The proxy and power, so long as the Subscriber is an individual, will survive the death, incompetency and disability of the Subscriber and, so long as the Subscriber is an entity, will survive the merger or reorganization of the Subscriber or any other entity holding the Securities. However, the Proxy will terminate upon the closing of a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933 covering the offer and sale of Common Stock or the effectiveness of a registration statement under the Securities Exchange Act of 1934 covering the Common Stock.

Time-Based:

Friends and Family Early Birds

Invest within the first 48 hours and receive 25% bonus shares.

Super Early Bird Bonus

Invest within the first 5 days and receive 15% bonus shares.

Early Bird Bonus

Invest within the first 14 days and receive 10% bonus shares.

Previous Investor

If you invested in Honeyfund's previous StartEngine raise, receive 5% bonus shares.

Amount-Based:

*All perks occur when the offering is completed.

The 10% StartEngine Owners' Bonus

Honeyfund.com, Inc. will offer 10% additional bonus shares for all investments that are committed by investors that are eligible for the StartEngine Crowdfunding Inc. OWNer's bonus.

This means eligible StartEngine shareholders will receive a 10% bonus for any shares they purchase in this offering. For example, if you buy 100 shares of common stock at $1.80/ share, you will receive own 110 shares for $180. Fractional shares will not be distributed and share bonuses will be determined by rounding down to the nearest whole share.

This 10% Bonus is only valid during the investors eligibility period. Investors eligible for this bonus will also have priority if they are on a waitlist to invest and the company surpasses its maximum funding goal. They will have the first opportunity to invest should room in the offering become available if prior investments are cancelled or fail.

Investors will only receive a single bonus, which will be the highest bonus rate they are eligible for.

The Company and its Business

Company Overview

Honeyfund is a wedding gifting site for couples to receive funds toward their honeymoon (or other savings goals) as a wedding gift. The company has served more than a million couples and processed more than $700 million in giving since 2006. In addition to the Honeyfund website, mobile app, and sister-site Plumfund, Honeyfund powers honeymoon fund gifts for Target's online wedding registry.

Honeyfund doesn't charge a platform fee like other cash gifting and personal crowdfunding sites, so the company makes money from advertisers and partners. The average gift of $120 earns the company 0.8% to 15% from partners depending on where the gift money was sent (a PayPal account, bank account, or digital gift card). Honeyfund also earns money from advertisers in retail, travel, and other industries who wish to reach couples starting their married lives together. The company acquires customers at about $5 and earns $28 per account, on average.

Honeyfund.com was conceived in 2005 after the founders' own wedding. The website honeyfund.com launched in March of 2006. The company was incorporated in California in March of 2009 and moved to Florida in 2017. Honeyfund is now a Florida corporation with 92% founder ownership. The company has previously raised $1.07m in Regulation CF funds through Start Engine.

Honeyfund Internal Records

Competitors and Industry

Honeyfund operates in two markets simultaneously: wedding gifts (approx $19b US) and donation-based crowdfunding (approx $2.85b globally).

The dominant players in wedding gifts are the large retailers like Amazon, Target, and Bed, Bath & Beyond. Other popular wedding gift registry websites include Zola and The Knot. In the personal crowdfunding industry, the largest company by donation volume is GoFundMe, although a small percentage of their overall volume is for personal gift occasions.

Direct competitors in the honeymoon fund niche include Honeymoon Wishes and Travelers Joy.

Honeyfund stands apart from wedding gift competition in that it offers what millennial wedding couples want: cash and experiences. It also differentiates among personal crowdfunding sites as a tasteful place to give and receive gifts between a couple and their friends and family -- a transaction that involves traditions and etiquette that leverages our 15 years of experience in facilitating gifts.

http://crowdexpert.com/crowdfunding-industry-statistics/

Current Stage and Roadmap

Honeyfund was created in 2006 to meet the needs of couples that long for that dream honeymoon, but don't have the budget after paying for their own weddings.

Now, more than a million couples later, Honeyfund is popular among millennial wedding couples who crave experiences over things. In 2020, Covid-19 and the associated recession created hardships for many of our past couples and givers. So we

wondered: What if we upgraded the functionality of Honeyfund, making it one life-long gifting page? And offered rewards for giving and receiving?

The result is a totally new type of crowdfunding page. Imagine signing up for Honeyfund for your wedding and having it continue with you through subsequent life events -- babies, anniversaries, hardships -- you name it. With every Honeyfund gift you give or receive, you get cashback-style rewards, increasing your budget for whatever life throws your way.

We anticipate about 5 months to launch the life-long gifting page and another 6 months for the associated rewards program, leveraging our existing gifting/fundraising functionality and marketing partnerships to fund the rewards.

opportunities, operational continuity, new product/services development and restructuring support to drive business unit success • Hired and managed team of 7 direct reports and 50+ indirect reports

Risk Factors

The SEC requires the company to identify risks that are specific to its business and its financial condition. The company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently more risky than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

These are the risks that relate to the Company:

Uncertain Risk
An investment in the Company (also referred to as "we", "us", "our", or "Company") involves a high degree of risk and should only be considered by those who can afford the loss of their entire investment. Furthermore, the purchase of any of the COMMON STOCK should only be undertaken by persons whose financial resources are sufficient to enable them to indefinitely retain an illiquid investment. Each investor in the Company should consider all of the information provided to such potential investor regarding the Company as well as the following risk factors, in addition to the other information listed in the Company's Form C. The following risk factors are not intended, and shall not be deemed to be, a complete description of the commercial and other risks inherent in the investment in the Company.

Our business projections are only projections
There can be no assurance that the Company will meet our projections. There can be no assurance that the Company will be able to find sufficient demand for our product, that people think it's a better option than a competing product, or that we will able to provide the service at a level that allows the Company to make a profit and still attract business.

Any valuation at this stage is difficult to assess
The valuation for the offering was established by the Company. Unlike listed companies that are valued publicly through market-driven stock prices, the valuation of private companies, especially startups, is difficult to assess and you may risk overpaying for your investment.

The transferability of the Securities you are buying is limited
Any COMMON STOCK purchased through this crowdfunding campaign is subject to SEC limitations of transfer. This means that the stock/note that you purchase cannot be resold for a period of one year. The exception to this rule is if you are transferring the stock back to the Company, to an "accredited investor," as part of an offering

registered with the Commission, to a member of your family, trust created for the benefit of your family, or in connection with your death or divorce.

Your investment could be illiquid for a long time

You should be prepared to hold this investment for several years or longer. For the 12 months following your investment there will be restrictions on how you can resell the securities you receive. More importantly, there is no established market for these securities and there may never be one. As a result, if you decide to sell these securities in the future, you may not be able to find a buyer. The Company may be acquired by an existing player in the educational software development industry. However, that may never happen or it may happen at a price that results in you losing money on this investment.

Management Discretion as to Use of Proceeds

Our success will be substantially dependent upon the discretion and judgment of our management team with respect to the application and allocation of the proceeds of this Offering. The use of proceeds described below is an estimate based on our current business plan. We, however, may find it necessary or advisable to re-allocate portions of the net proceeds reserved for one category to another, and we will have broad discretion in doing so.

Projections: Forward Looking Information

Any projections or forward looking statements regarding our anticipated financial or operational performance are hypothetical and are based on management's best estimate of the probable results of our operations and will not have been reviewed by our independent accountants. These projections will be based on assumptions which management believes are reasonable. Some assumptions invariably will not materialize due to unanticipated events and circumstances beyond management's control. Therefore, actual results of operations will vary from such projections, and such variances may be material. Any projected results cannot be guaranteed.

Developing new products and technologies entails significant risks and uncertainties

We are currently in the research and development stage and have only manufactured a prototype for our life-long gifting feature with rewards. Delays or cost overruns in the development of our life-long gifting feature with rewards and failure of the product to meet our performance estimates may be caused by, among other things, unanticipated technological hurdles, difficulties in manufacturing, changes to design and regulatory hurdles. Any of these events could materially and adversely affect our operating performance and results of operations.

Minority Holder; Securities with Voting Rights

The common stock that an investor is buying has voting rights attached to them. However, you will be part of the minority shareholders of the Company and have agreed to appoint the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as your voting proxy. You are trusting in management discretion in making good business decisions that will grow your investments. Furthermore, in the event of a liquidation of our company, you will only be paid out if there is any cash

remaining after all of the creditors of our company have been paid out.

You are trusting that management will make the best decision for the company
You are trusting in management discretion. You are buying securities as a minority holder, and therefore must trust the management of the Company to make good business decisions that grow your investment.

Insufficient Funds
The company might not sell enough securities in this offering to meet its operating needs and fulfill its plans, in which case it will cease operating and you will get nothing. Even if we sell all the common stock we are offering now, the Company will (possibly) need to raise more funds in the future, and if it can't get them, we will fail. Even if we do make a successful offering in the future, the terms of that offering might result in your investment in the company being worth less, because later investors might get better terms.

This offering involves "rolling closings," which may mean that earlier investors may not have the benefit of information that later investors have.
Once we meet our target amount for this offering, we may request that StartEngine instruct the escrow agent to disburse offering funds to us. At that point, investors whose subscription agreements have been accepted will become our investors. All early-stage companies are subject to a number of risks and uncertainties, and it is not uncommon for material changes to be made to the offering terms, or to companies' businesses, plans or prospects, sometimes on short notice. When such changes happen during the course of an offering, we must file an amended to our Form C with the SEC, and investors whose subscriptions have not yet been accepted will have the right to withdraw their subscriptions and get their money back. Investors whose subscriptions have already been accepted, however, will already be our investors and will have no such right.

Our new product could fail to achieve the sales projections we expected
Our growth projections are based on an assumption that with an increased advertising and marketing budget our products will be able to gain traction in the marketplace at a faster rate than our current products have. It is possible that our new products will fail to gain market acceptance for any number of reasons. If the new products fail to achieve significant sales and acceptance in the marketplace, this could materially and adversely impact the value of your investment.

We face significant market competition
We will compete with larger, established companies who currently have products on the market and/or various respective product development programs. They may have much better financial means and marketing/sales and human resources than us. They may succeed in developing and marketing competing equivalent products earlier than us, or superior products than those developed by us. There can be no assurance that competitors will render our technology or products obsolete or that the products developed by us will be preferred to any existing or newly developed technologies. It should further be assumed that competition will intensify.

The loss of one or more of our key personnel, or our failure to attract and retain other highly qualified personnel in the future, could harm our business

To be successful, the Company requires capable people to run its day to day operations. As the Company grows, it will need to attract and hire additional employees in sales, marketing, design, development, operations, finance, legal, human resources and other areas. Depending on the economic environment and the Company's performance, we may not be able to locate or attract qualified individuals for such positions when we need them. We may also make hiring mistakes, which can be costly in terms of resources spent in recruiting, hiring and investing in the incorrect individual and in the time delay in locating the right employee fit. If we are unable to attract, hire and retain the right talent or make too many hiring mistakes, it is likely our business will suffer from not having the right employees in the right positions at the right time. This would likely adversely impact the value of your investment.

Our ability to sell our product or service is dependent on outside government regulation which can be subject to change at any time

Our ability to sell product is dependent on the outside government regulation such as the FDA (Food and Drug Administration), FTC (Federal Trade Commission) and other relevant government laws and regulations. The laws and regulations concerning the selling of product may be subject to change and if they do then the selling of product may no longer be in the best interest of the Company. At such point the Company may no longer want to sell product and therefore your investment in the Company may be affected.

We rely on third parties to provide services essential to the success of our business

We rely on third parties to provide a variety of essential business functions for us, including manufacturing, shipping, accounting, legal work, public relations, advertising, retailing, and distribution. It is possible that some of these third parties will fail to perform their services or will perform them in an unacceptable manner. It is possible that we will experience delays, defects, errors, or other problems with their work that will materially impact our operations and we may have little or no recourse to recover damages for these losses. A disruption in these key or other suppliers' operations could materially and adversely affect our business. As a result, your investment could be adversely impacted by our reliance on third parties and their performance.

The Company is vulnerable to hackers and cyber-attacks

• As an internet-based business, we may be vulnerable to hackers who may access the data of our investors and the issuer companies that utilize our platform. Further, any significant disruption in service on Honeyfund.com, Inc. or in its computer systems could reduce the attractiveness of the platform and result in a loss of investors and companies interested in using our platform. Further, we rely on a third-party technology provider to provide some of our back-up technology. Any disruptions of services or cyber-attacks either on our technology provider or on Honeyfund.com, Inc. could harm our reputation and materially negatively impact our financial condition and business.

Market and Company Risk

Market risk could result in this investment declining in value because of economic developments or other events that affect the entire market like the current pandemic. Company risk includes changes in this company's products, partners, competitors, or financial position that could negatively impact this company's stock price.

Ownership and Capital Structure; Rights of the Securities

Ownership

The following table sets forth information regarding beneficial ownership of the company's holders of 20% or more of any class of voting securities as of the date of this Offering Statement filing.

Stockholder Name	Number of Securities Owned	Type of Security Owned	Percentage
Sara K Margulis	20,000,000	Common Stock	91.5%

The Company's Securities

The Company has authorized equity stock. As part of the Regulation Crowdfunding raise, the Company will be offering up to 2,184,547 of Common Stock.

Common Stock

The amount of security authorized is 200,000,000 with a total of 21,849,440 outstanding.

Voting Rights

Every shareholder entitled to vote shall be entitled to one vote for each share held, except as otherwise provided by law, by the articles of incorporation or by other provisions of these bylaws. Except with respect to elections of directors, any shareholder entitled to vote may vote part of his or her shares in favor of a proposal and refrain from voting the remaining shares or vote them against the proposal. If a shareholder fails to specify the number of shares he or she is affirmatively voting, it will be conclusively presumed that the shareholder's approving vote is with respect to all shares the shareholder is entitled to vote. At each election of directors, shareholders shall not be entitled to cumulate votes unless the candidates' names have been placed in nomination before the commencement of the voting and a shareholder has given notice at the meeting, and before the voting has begun, of his or her intention to cumulate votes. If any shareholder has given such notice, then all shareholders entitled to vote may cumulate their votes by giving one candidate a number of votes equal to the number of directors to be elected multiplied by the number of his or her shares or by distributing such votes on the same principle among any number of candidates as he or she thinks fit. The candidates receiving the highest number of votes, up to the number of directors to be elected, shall be elected. Votes cast against a candidate or which are withheld shall have no effect. Upon the demand of any shareholder made before the voting begins, the election of directors shall be by ballot rather than by voice vote. Please see voting rights of securities sold in this offering below.

Material Rights

<u>Stock Options</u>

The total amount outstanding on a fully diluted basis (21,849,440.00) includes 514,000 shares to be issued pursuant to outstanding stock options.

Voting Rights of Securities Sold in this Offering

Voting Proxy. Each Subscriber shall appoint the Chief Executive Officer of the Company (the "CEO"), or his or her successor, as the Subscriber's true and lawful proxy and attorney, with the power to act alone and with full power of substitution, to, consistent with this instrument and on behalf of the Subscriber, (i) vote all Securities, (ii) give and receive notices and communications, (iii) execute any instrument or document that the CEO determines is necessary or appropriate in the exercise of its authority under this instrument, and (iv) take all actions necessary or appropriate in the judgment of the CEO for the accomplishment of the foregoing. The proxy and power granted by the Subscriber pursuant to this Section are coupled with an interest. Such proxy and power will be irrevocable. The proxy and power, so long as the Subscriber is an individual, will survive the death, incompetency and disability of the Subscriber and, so long as the Subscriber is an entity, will survive the merger or reorganization of the Subscriber or any other entity holding the Securities. However, the Proxy will terminate upon the closing of a firm-commitment underwritten public offering pursuant to an effective registration statement under the Securities Act of 1933 covering the offer and sale of Common Stock or the effectiveness of a registration statement under the Securities Exchange Act of 1934 covering the Common Stock.

What it means to be a minority holder

As a minority holder of Common Stock of this offering, you have granted your votes by proxy to the CEO of the Company. Even if you were to receive control of your voting rights, as a minority holder, you will have limited rights in regards to the corporate actions of the company, including additional issuances of securities, company repurchases of securities, a sale of the company or its significant assets, or company transactions with related parties. Further, investors in this offering may have rights less than those of other investors, and will have limited influence on the corporate actions of the company.

Dilution

Investors should understand the potential for dilution. The investor's stake in a company could be diluted due to the company issuing additional shares. In other words, when the company issues more shares, the percentage of the company that you own will go down, even though the value of the company may go up. You will own a smaller piece of a larger company. This increase in number of shares outstanding could result from a stock offering (such as an initial public offering, another crowdfunding round, a venture capital round, angel investment), employees exercising stock options, or by conversion of certain instruments (e.g. convertible bonds, preferred shares or warrants) into stock.
If the company decides to issue more shares, an investor could experience value

dilution, with each share being worth less than before, and control dilution, with the total percentage an investor owns being less than before. There may also be earnings dilution, with a reduction in the amount earned per share (though this typically occurs only if the company offers dividends, and most early stage companies are unlikely to offer dividends, preferring to invest any earnings into the company).

Transferability of securities

For a year, the securities can only be resold:

- In an IPO;
- To the company;
- To an accredited investor; and
- To a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

Recent Offerings of Securities

We have made the following issuances of securities within the last three years:

- **Name:** Common Stock
  Type of security sold: Equity
  Final amount sold: $1,067,814.50
  Number of Securities Sold: 1,231,440
  Use of proceeds: Design and development of a life-long funding feature for Honeyfund's primary crowdfunding/wedding registry service. Marketing of Honeyfund's service.
  Date: August 06, 2021
  Offering exemption relied upon: Regulation CF

Financial Condition and Results of Operations

Financial Condition

You should read the following discussion and analysis of our financial condition and results of our operations together with our financial statements and related notes appearing at the end of this Offering Memorandum. This discussion contains forward-looking statements reflecting our current expectations that involve risks and uncertainties. Actual results and the timing of events may differ materially from those contained in these forward-looking statements due to a number of factors, including those discussed in the section entitled "Risk Factors" and elsewhere in this Offering Memorandum.

Results of Operations

Circumstances which led to the performance of financial statements:

Revenues

The Company revenues are made up of advertising and commissions revenues of $64,267 in 2020 and $201,158 in 2019, software upgrade revenues of $34,695 in 2020 and $46,710 in 2019, cash gift related revenues of $143,187 in 2020 and $387,329 in 2019, balance gift related revenues of $410,603 in 2020 and $1,095,872 in 2019.

The aggregate revenues went down 61.3% from $1,696,244 in 2019 to $655,108 in 2020. The decrease in revenues from 2020 to 2019 was mainly due to COVID-19 impact. COVID-19 canceled many weddings and honeymoons resulting in reduced gifting, leading to reduced cash gift revenues and gift card breakage in 2020. Advertisers in retail and travel were negatively impacted by COVID-19 and therefore were not spending for advertising.

Cost of Sales

The Company's cost of revenues consists primarily of merchant processing fees. The total cost of sales dropped 55.8% from $233,197 in 2019 to $103,068 in 2020. The 55.8% decrease in the cost of sales in 2020 was in parallel to the drop in sales caused by COVID-19 pandemic.

Gross Margins

As of December 31, 2020, gross profit was $552,040, which was 84% of revenues, a 62.3% decrease from 2019 gross profit in the amount of $1,463,048 making up 86% of revenues. The decrease in gross profit was due to the decrease in revenues caused by the impact of COVID-19 as mentioned above.

Expenses

The Company's expenses consist of, among other things, advertising and marketing, legal and professional fees, payroll expenses, computer and internet expenses, business development, office supplies, rent, travel and entertainment, insurance, interest expense... etc. Total operating expenses also went from $1,484,150 in 2019 to $1,555,300 in 2020, a 5% increase mainly caused by a 66% increase in advertising and marketing expenses.

As of December 31, 2020, total operating expenses consist of 13% in advertising and marketing at $206,013 and 87% general and administrative (G&A) expenses at $1,349,287. Wages and salaries made up a substantial portion of G&A at 63% with

$848,910 as the company has 11 full-time employees and 3 part-time employees. Other expenses including computer and internet expenses made up 13% of G&A at $177,817 due to the company working with software engineers and user experience designers contractors that develop the Honeyfund software product. Professional fees made up 2% of G&A at $22,349, rent made up close to 2% of G&A at $14,400, Insurance and office supplies made up 2% in aggregate at $22,735. Other operating expenses like depreciation made up 15% of G&A at $196,490.

The company's sales going down 62% in 2020 as stated previously, and the company's total operating expenses going up 4.62% from $1,484,150 in 2019 to $1,555,300, resulted in the company to incur a net loss of $585,334 in 2020.

Historical results and cash flows:

Historical results and cash flows:

The Company had an accumulated deficit of $404,199 and cash in the amount of $1,547,731 as of December 31, 2021. The Company intends to continue to raise additional funds through equity financing. The following summarizes selected items of the cash flows statements.

Operating Activities

As of December 31, 2021, cash provided by operating activities was $375,725 up from cash used in operating activities of $599,241 as of December 31, 2020. The change was mainly due to a change in other current liabilities from -$605,716 in 2020 to $375,725 in 2021.

Investing Activities

The Company cash used in investing activities increased from $277,198 in 2020 to 362,164 in 2021. The increase in cash used in investing activities was due to higher capitalized software expenditures.

Financing Activities

As of December 31, 2021, cash provided by financing activities was up to $887,008, and an increase from cash provided in financing activities of $800,529 in 2020. The increase in cash provided by financing activities in 2020 was caused by an influx of funds from crowdfunding investors in the amount of $838,712.

Management has put a strategy into place to diversify sales beyond weddings and honeymoons, primarily expanding the functionality of the Honeyfund site to allow customers to raise money for other life events beyond the wedding: birthdays, anniversaries, babies, etc, and building a gift card shop where anyone can buy e-gift cards for anyone else as a gift. This is the reason for the Start Engine raise, to fund this expansion. This will help the company diversify outside of weddings and honeymoons which were disproportionately impacted by COVID-19.

Management believes that the company's competitive advantage is an added strength that sets it apart from its competition in both wedding gifting and crowdfunding in that users can turn their friends and family's well wishes into cash to fund the honeymoon or any other savings goal. With the expansion of the page to accommodate all of life's gifting occasions, customers can receive cash and gift cards as a gift for any life event including baby showers, anniversaries, birthdays, holiday gifts, and more, all on one page. There is no need for multiple campaigns on different sites. There is no other known crowdfunding site or gifting website of its kind. In light of all the strategies the company is putting in place and its advantages in the market, the company has no financing concerns at this time.

Liquidity and Capital Resources

What capital resources are currently available to the Company? (Cash on hand, existing lines of credit, shareholder loans, etc...)

As of today April 13, 2022, the Company has an aggregate amount of $1,119,584.80 cash in the bank and approximately $35,884.71 in Bitcoin in a Swan account, and $23,228.11 not yet disbursed in the Start Engine equity campaign.

How do the funds of this campaign factor into your financial resources? (Are these funds critical to your company operations? Or do you have other funds or capital resources available?)

The company has income sufficient to service its existing account holders. The funds will be used to add new features to the platform for the purpose of extending the life-time value of each customer and diversifying outside of weddings. The funds will also be used to expand marketing for the acquisition of new customers and the re-engagement of past customers.

Are the funds from this campaign necessary to the viability of the company? (Of the total funds that your company has, how much of that will be made up of funds raised from the crowdfunding campaign?)

The company is viable without these funds. The funds raised by this campaign will represent about 30-50% of total future funds depending on the amount raised.

How long will you be able to operate the company if you raise your minimum? What expenses is this estimate based on?

The company will be able to operate indefinitely If it raises the offering minimum.

How long will you be able to operate the company if you raise your maximum funding goal?

The company will be able to operate indefinitely If it raises the offering maximum.

Are there any additional future sources of capital available to your company? (Required capital contributions, lines of credit, contemplated future capital raises, etc...)

The company is contemplating a future capital raise however no specific terms have been determined at this time.

Indebtedness

- **Creditor:** U.S. Small Business Administration
  Amount Owed: $482,941.00
  Interest Rate: 3.75%
  Maturity Date: April 22, 2050
  On April 22, 2020 the company entered into a loan agreement with the U.S. Small Business Administration in the amount of $ 500,000. Installment payments, including principal and interest, of $2,437.00 Monthly, will begin Twelve (12) months from the date of the promissory Note. The balance of principal and interest will be payable Thirty (30) years from the date of the promissory Note. Interest will accrue at the rate of 3.75% per annum and will accrue only on funds actually advanced from the date(s) of each advance. The outstanding amount of the loan as of today is $482,941

- **Creditor:** Customers Bank
  Amount Owed: $182,813.00
  Interest Rate: 1.0%
  Maturity Date: March 02, 2026
  : On March 2, 2021, the company entered the Paycheck Protection Program ('PPP') loan agreement with Customers Bank in the amount of $ 182,813 which bore an interest rate of 1% fixed per annum. It covered the period from March 3, 2021, to May 5, 2021. The company will apply to Lender for forgiveness of the amount due on this loan in the amount equal to the sum of the following costs incurred by Borrower during the 8-week period beginning on the date of first disbursement of this loan: a. Payroll costs, b. Any payment of interest on a covered mortgage obligation (which shall not include any prepayment of or payment of principal on a covered mortgage obligation), c. Any payment on a covered rent obligation, d. Any covered utility payment. The outstanding amount of the loan as of today is $182,813.

The Company has not conducted any related party transactions

Valuation

Pre-Money Valuation: $39,328,992.00

Valuation Details:

Valuation Basis

Honeyfund is a recognized brand in wedding gifts, with 15 years of proven execution.

Honeyfund powers the “honeymoon fund” feature on Target’s wedding registry, provides honeymoon registry services for Hilton’s global collection of resorts, and has served more than 1.1 million couples and 6.5 million givers since 2006, with $690 million in giving.

Honeyfund is entering a market opportunity (occasion gifts) that’s ~7x the size of its current market (wedding gifts).

Peer companies in personal crowdfunding have sold for $55 mil (You Caring) and $16 m (Fundly). (Source: Pitchbook) Meanwhile, Peer companies in wedding registry such as Deposit a Gift and MyRegistry were sold with a high multiple. (Source: Pitchbook).

☒Further, marketplace-type companies trade for 1-2x GMV according to a study published on Forbes (https://www.forbes.com/sites/ryancaldbeck/2015/11/10/how-to-value-online-marketplaces/#5319894354fd.)

Honeyfund’s 2019 revenue was $1.6 million as illustrated in its financial statement and Honeyfund’s 2019 GMV was $39 million as computed by internal records. In consideration of all these factors, the company raised $1.07 million in an initial Start Engine Equity Crowdfunding campaign on a valuation of $18.97 million pre-money and $20.04 million post-money. Management believes this was a substantial discount reflecting the uncertainty of Covid-19, which the company has subsequently recovered from.

Honeyfund’s YTD 2021 revenue as of October 31, 2021 was approximately $1.96 million and Honeyfund’s YTD 2021 Gross Marketplace Volume (GMV) was $42.95 million as computed by internal records. This represents 257.9% revenue growth and 208.4% GMV growth over the same period in 2020 ($548,832 revenue and $13.93 million GMV) and 26.9% revenue growth and 19.3% GMV growth over the same period in 2019 ($1.55 million revenue and $36.00 million GMV).

Honeyfund increased revenue per member in Q3 2021 to $28 from $14 in 2019, resulting in 100% growth in revenue per member.

In consideration of all the factors, management believes $39.33m pre-money valuation represents a reasonable valuation. The company set its valuation internally, without a formal third-party independent valuation.

Disclaimers

The Company set its valuation internally, without a formal-third party independent evaluation. The pre-money valuation has been calculated on a fully diluted basis. In making this calculation, we have assumed: (i) the company only has one class of stock, common stock; (ii) all outstanding options, warrants, and other securities, if any, with a right to acquire shares are exercised; and (iii) any shares reserved for issuance under a stock plan, if any, are issued. The Company does not have any outstanding convertible securities.

Use of Proceeds

If we raise the Target Offering Amount of $9,999.00 we plan to use these proceeds as follows:

- *StartEngine Platform Fees*
  2.5%
- *Research & Development*
  96.5%
  The company will use the proceeds to pay for software developers to develop the life-long funding functionality.

If we raise the over allotment amount of $3,932,184.60, we plan to use these proceeds as follows:

- *StartEngine Platform Fees*
  2.5%
- *Marketing*
  36.5%
  Acquire new customers and engage repeat customers for the life-long gifting page and rewards program.
- *Research & Development*
  30.0%
  Design and develop the rewards program and life-long gifting page.
- *Operations*
  30.0%
  Develop existing partnerships for the rewards program. Implement rewards program terms and operations.

The Company may change the intended use of proceeds if our officers believe it is in the best interests of the company.

Regulatory Information

Disqualification

No disqualifying event has been recorded in respect to the company or its officers or directors.

Compliance Failure

The company has not previously failed to comply with the requirements of Regulation Crowdfunding.

Ongoing Reporting

The Company will file a report electronically with the SEC annually and post the report on its website no later than April 30 (120 days after Fiscal Year End). Once posted, the annual report may be found on the Company's website at https://www.honeyfund.com/ (www.honeyfund.com/blog).

The Company must continue to comply with the ongoing reporting requirements until:

(1) it is required to file reports under Section 13(a) or Section 15(d) of the Exchange Act;

(2) it has filed at least one (1) annual report pursuant to Regulation Crowdfunding and has fewer than three hundred (300) holders of record and has total assets that do not exceed $10,000,000;

(3) it has filed at least three (3) annual reports pursuant to Regulation Crowdfunding;

(4) it or another party repurchases all of the securities issued in reliance on Section 4(a)(6) of the Securities Act, including any payment in full of debt securities or any complete redemption of redeemable securities; or

(5) it liquidates or dissolves its business in accordance with state law.

Statement of Changes in Stockholders' Equity 4

Statement of Cash Flows 5

Notes to Financial Statements 6

INDEPENDENT ACCOUNTANT'S AUDIT REPORT

To the Board of Directors of
Honeyfund.com, Inc.
Clearwater, Florida

Opinion

We have audited the financial statements of Honeyfund.com, Inc., which comprise the balance sheets as of December 31, 2021, and 2020, and the related statements of income, changes in stockholders' equity, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Honeyfund.com, Inc. as of December 31, 2021, and 2020, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Honeyfund.com, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Honeyfund.com, Inc.'s ability to continue as a going concern for period of twelve months from the end of the year ended December 31, 2021.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Honeyfund.com, Inc.'s internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Honeyfund.com, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

See accompanying notes to financial statements

All amounts in these Notes are expressed in thousands of United States dollars ("$" or "US$"), unless otherwise indicated.

1. NATURE OF OPERATIONS

Honeyfund.com, Inc. was originally incorporated on March 16, 2009, in the state of California. The company moved to Florida in 2017 and reincorporated in Florida on July 1, 2019. The financial statements of Honeyfund.com, Inc. (which may be referred to as the "Company", "we", "us", or "our") are prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). The Company's headquarters are located in Clearwater, Florida.

Honeyfund.com is a wedding gifting site for couples to receive funds toward their honeymoon (or other savings goals) as a wedding gift. The company has served more than a million couples and processed more than $700 million in giving since 2006. In addition to the Honeyfund,com website, mobile app, and sister-site Plumfund.com, Honeyfund.com powers honeymoon fund gifts for Target's online wedding registry.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("US GAAP"). The Company has adopted the calendar year as its basis of reporting. The Company has adopted the calendar year as its fiscal year.

Use of Estimates

The preparation of financial statements in conformity with United States GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks. The Company's cash is deposited in demand accounts at financial institutions that management believes are creditworthy. The Company's cash and cash equivalents in bank deposit accounts, at times, may exceed federally insured limits. As of December 31, 2021, and December 31, 2020, the Company's cash and cash equivalents exceeded FDIC insured limits by $1,297,731 and $397,162, respectively.

Accounts Receivable

Accounts receivable are recorded at net realizable value or the amount that the Company expects to collect on gross customer trade receivables. We estimate losses on receivables based on known troubled accounts and historical experience of losses incurred. Receivables are considered impaired and written-off when it is probable that all contractual payments due will not be collected in accordance with the terms of the agreement. As of December 31, 2021, the Company determined that no reserve was necessary.

Property and Equipment

Property and equipment are stated at cost. Normal repairs and maintenance costs are charged to earnings as incurred and additions and major improvements are capitalized. The cost of assets retired or otherwise disposed of and the related depreciation are eliminated from the accounts in the period of disposal and the resulting gain or loss is credited or charged to earnings.

Depreciation is computed over the estimated useful lives of the related asset type or term of the operating lease using the straight-line method for financial statement purposes. The estimated service lives for property and equipment is as follows:

Category	Useful Life
Computers and Electronics	5 years
Furniture and fixtures	5-7 years

Intangible Assets

The company capitalizes its software expenses connection with internally developed solution. Intangible assets will be amortized over the expected period to be benefitted. Intangible assets are reviewed annually for impairment or when events or circumstances indicate their carrying amount may not be recoverable.

Income Taxes

Honeyfund.com, Inc. is an S-corporation for income tax purposes. Under these provisions, the Company does not pay federal corporate income taxes on its taxable income. Instead, the members are liable for individual federal and state income taxes on their respective shares of the Company's taxable income. The Company has filed tax returns from inception through 2019 and is not subject to tax examination by the Internal Revenue Service or state regulatory agencies

Revenue Recognition

The Company recognizes revenues primarily from the sale of its service when (a) persuasive evidence that an agreement exists of an arrangement with the customer reflecting the terms and conditions under which products or services will be provided; (b) delivery has occurred or services have been performed; (c) the prices are fixed and determinable and not subject to refund or adjustment; and (d) collection of the amounts due is reasonably assured.

Customers of Honeyfund.com sign up on our website (www.honeyfund.com) or via the Honeyfund.com app. Plumfund.com customers sign up on plumfund.com. The customer creates a page describing their fundraising campaign and invite their friends and family to contribute money or gift cards. After the gift's transactions are processed, the funds are deposited into the customer's preferred account (PayPal, bank account or gift card balance on Honeyfund.com). The company earns money from payment processing and/or gift card partners. The company also earns money from advertisers who it promotes through banner ads, email, and its social media accounts.

Cost of revenues

Costs of revenues consist of merchant account fees.

Advertising and Promotion

Advertising and promotional costs are expensed as incurred. Advertising and promotional expense for the years ended December 31, 2021 and December 31, 2020 amounted to $294,485 and $206,013, which is included in sales and marketing expense.

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1—Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2—Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3—Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through April 8, 2022 which is the date the financial statements were issued.

Recently Issued and Adopted Accounting Pronouncements

In February 2019, FASB issued ASU No. 2019-02, Leases, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2019-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The standard implementation did not have a material impact.

In June 2019, FASB amended ASU No. 2019-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December

15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The standard implementation did not have a material impact.

In August 2019, amendments to existing accounting guidance were issued through Accounting Standards Update 2019-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021, and early application is permitted. The standard implementation did not have a material impact.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

3. DETAILS OF CERTAIN ASSETS AND LIABILITIES

Accounts receivable consists primarily of trade receivables. Accounts payable consist primarily of trade payables. Prepaid expenses consist of the following items:

As of Year Ended December 31,	2021	2020
Gift Card partners	54,023	124,375

Thereafter	17,909
Total	**$ 505,257**

6. CAPITALIZATION AND EQUITY TRANSACTIONS

Common Stock

Per its original articles of incorporation, the Company was authorized to issue 100,000 shares of common shares with no par value. On October 12, 2020, the company amended its articles of incorporation to authorize the issuance of 200,000,000 shares of common stock and simultaneously undertook a 1-for-2,000 stock split.

As of December 31, 2021, and December 31, 2020, common stock totaling 23,519,987 and 21,145,425 have been issued and outstanding, respectively.

7. DEBT

Loans

During 2020, the Company has entered into loan contracts. The details and terms of the Company's loans and the terms is as follows:

					For the Year Ended December 2021					For the Year Ended December 2020				
Debt Instrument Name	Principal Amount	Interest Rate	Borrowing Period	Maturity Date	Interest Expense	Accrued Interest	Current Portion	Non-Current Portion	Total Indebtedness	Interest Expense	Accrued Interest	Current Portion	Non-Current Portion	Total Indebtedness
US SBA - PPP Loan 1	$ 181,200	1.00%	4/22/2020	4/22/2022	$ -	$ -	$ -	$ -	$ -	$ 1,208	$ 1,208	$ 122,388	$ 58,812	$ 181,200
US SBA - PPP Loan 2	$ 182,813	1.00%	2/1/2021	2/1/2026	$ 1,676	$ 1,676	$ -	$ 182,813	$ 182,813	$ -	$ -	$ -	$ -	$ -
US SBA - SBA Loan	$ 500,000	3.75%	4/22/2020	30 years	$ 18,750	$ 19,065	$ -	$ 500,000	$ 500,000	$ 12,500	$ 12,500	$ 16,667	$ 500,000	$ 500,000
									-					-
Total					$ 20,426	$ 20,741	$ -	$ 682,813	$ 682,813	$ 13,708	$ 13,708	$ 139,055	$ 558,812	$ 681,200

The Company's first PPP loan, including accrued interest was forgiven in 2021. The Company recognized other income in the amount of the forgiven loan and related accrued interest in 2021.

The Company has applied for forgiveness of the second PPP loan in the amount of $182,813, including accrued interest of $1,676 as of December 31, 2021.

The summary of the future maturities is as follows:

As of Year Ended December 31, 2020	
2022	$ 29,244
2023	29,244
2024	29,244
2025	29,244
2026	212,057
Thereafter	353,780
Total	**$ 682,813**

8. SHAREBASED COMPENSATION

Stock Option Grant

The Company authorized an Equity Incentive Plan (which may be referred to as the "Plan"). The Plan provides for the grant of shares of stock options, stock appreciation rights, and stock awards (performance shares) to employees, non-employee directors, and non-employee consultants. The option exercise price generally may not be less than the underlying stock's fair market value at the date of the grant and have a term of four years. The amounts granted each calendar year to an employee or nonemployee is limited depending on the type of award. As of December 31, 2021, all shares were vested.

Stock Options Employees & Advisors

The granted options had an exercise price of $0.00, expire 1 year after last vesting date anniversary, and vesting over a four-year period. The stock options were valued using the Black-Scholes pricing model with a range of inputs indicated below:

As of Year Ended December 31,	2018
Expected life (years)	10.00
Risk-free interest rate	3%
Expected volatility	75%
Annual dividend yield	0%

The risk-free interest rate assumption for options granted is based upon observed interest rates on the United States government securities appropriate for the expected term of the Company's employee stock options.

The expected term of employee stock options is calculated using the simplified method which takes into consideration the contractual life and vesting terms of the options.

The Company determined the expected volatility assumption for options granted using the historical volatility of comparable public company's common stock. The Company will continue to monitor peer companies and other relevant factors used to measure expected volatility for future stock option grants, until such time that the Company's common stock has enough market history to use historical volatility.

The dividend yield assumption for options granted is based on the Company's history and expectation of dividend payouts. The Company has never declared or paid any cash dividends on its common stock, and the Company does not anticipate paying any cash dividends in the foreseeable future.

Management estimated the fair value of common stock based on recent sales to third parties. Forfeitures are recognized as incurred.

Stock option expense for the years ended December 31, 2021 and December 31, 2020 was $0 and $0, respectively.

Stock Options Investors

As part of the formation of the Company, the Company issued 257 options to certain investors. The options carry $0.01 exercise price and vest immediately. All options are outstanding as of December 31, 2021 and December 31, 2020.

Phantom Stock Plan

Board of Directors approved Employee Phantom Stock Compensation Plan, subject to the term and conditions. Under the Phantom Stock Plan, 3,108,000 shares of phantom stock may be awarded, and in the aggregate is not exceeding the equivalent of 15% of the company. The award is in the form of phantom common stock, which allows employee to receive additional compensation in the event of sale of the company's stock or assets. The value of this phantom share award is based on the growth of the company's value from the date of the granting to the event date. The award vests over three years with 34% vesting one year after effective date, 2.75% per month from one to three years after the effective date.

A summary of the changes in the number of outstanding phantom stock awards during the year ended December 31, 2021 for the Phantom Plans is provided below:

	Number of Awards
Outstanding at December 31, 2019	**727,625**
Granted	-
Settled	-
Forfeited	-
Outstanding at December 31, 2020	**727,625**
Granted	1,334,000
Settled	(20,000)
Forfeited	
Outstanding at December 31, 2021	**2,041,625**

A summary of liabilities for shares vested and compensation costs recognized in "General and administrative" in our Statements of Operations for the Director Phantom Stock Plan is provided below:

Year Ended December 31,	**2021**	**2020**
Liabilities for shares vested	$ 40,976	$ 81,427
Compensation expenses (benefit)	$ (40,451)	$ -

While the Stock Incentive Plan currently serves as our primary equity plan, the terms of the Phantom Stock Plan will continue to govern all awards granted under the Phantom Stock Plan until such awards have been settled, forfeited, canceled, or have otherwise expired or terminated.

9. RELATED PARTY

There are no related party transactions.

10. COMMITMENTS AND CONTINGENCIES

Operating Leases

The Company enters various operating leases for facilities on a month-to-month basis.

Rent expense was in the amount of $5,644 and $14,400 as of December 31, 2021, and December 31, 2020 respectively.

Contingencies

The Company's operations are subject to a variety of local and state regulation. Failure to comply with one or more of those regulations could result in fines, restrictions on its operations, or losses of permits that could result in the Company ceasing operations.

Litigation and Claims

From time to time, the Company may be involved in litigation relating to claims arising out of operations in the normal course of business. As of December 31, 2021, there were no pending or threatened lawsuits that could reasonably be expected to have a material effect on the results of the Company's operations.

11. SUBSEQUENT EVENTS

The Company has evaluated subsequent events through April 8, 2022 the date the financial statements were available to be issued.

The company continues to raise external capital through crowdfunding.

There have been no other events or transactions during this time which would have a material effect on these financial statements.

CERTIFICATION

I, Sara K Margulis, Principal Executive Officer of Honeyfund.com, Inc., hereby certify that the financial statements of Honeyfund.com, Inc. included in this Report are true and complete in all material respects.

VIDEO TRANSCRIPT

Video 1

“Hi, Kevin O'Leary Here,

Life is expensive and unpredictable.

So when Honeyfund came into the Shark Tank pitching their unique platform that turns wedding gifts into cash, I jumped at the opportunity to invest.

Everyone attends weddings, and everyone brings a gift. As an investor, I love this model because I earn money on each and every one of those gestures of love and support.

But, what about life after the wedding? People still need financial support from friends and family for all of life’s milestones and mishaps -- like buying a home, having a baby, or even an unexpected illness. And with a global pandemic, they need it now more than ever.

That’s why Honeyfund is building a permanent life-long funding platform that doesn’t require separate accounts and campaigns, unlike other “fund-me” type crowdfunding competitors. Each personalized honeyfund account can be tailored and transformed to handle any life event -- and the site automatically notifies the couple's network of friends and family when an update is posted. Supporters don’t have to go do different websites or pages to send gifts, so they’ll never miss an important event.

There’s been a huge consumer shift away from gifts of “stuff” to cash and experiences -- Honeyfund led that shift in the $19B wedding gift industry. Now they’re pioneering the same trend in the larger $130B all occasion gift market. That’s a 7x growth opportunity. And they have a database of 7 million people to serve. That's why I am an investor.

Read their story below to learn more about this unique investment opportunity.

Take Care My Friends.”

Video 2

VO: Where have you always wanted to go? Chances are, you've had a dream honeymoon destination in mind for years. What if we told you we could get you there.

VO: Later in April of 2015 we got married in Nashville. So we were trying to figure out what registry to do and then heard about Honeyfunds. So we put it on the website and lo and behold one by one all of our gifts were fulfilled. Even the fruity drinks for Carmen and the entire Honeyfund.

VO: With Honeyfund, the world's most trusted online wedding registry, your honeymoon is our business. With no platform fees you can set up your custom cash-powered registry page quickly, easily, and budget-friendly. Despite the name, we offer more than just honeymoons. That's right you can use Honeyfund for wedding funds, a home down payment, charity registry, or any

savings goal. Whatever you need to start your marriage right. We're here to ensure your future is bright. We've helped more than a million couples just like you make their dreams come true.

VO: Here’s how it all works.

VO: Step one, create.

VO: Using our design tools, you can create a custom Honeyfund page as you unique as your love. Whether you create a wishlist of experiences or choose a simple donation box, you’ll get cash in your bank account, for a small processing fee, of 2.4%.

VO: You can also register for zero fee gift cards from nearly 200 popular travel, dining, and shopping brands.

VO: Step two. Share.

VO: Once you’ve created your personal Honeyfund page, share the page with friends, family, wedding guests. Honeyfund can be your main wedding page or linked to a wedding website of your choice. And if you’re ver stuck, our five-star customer service team can show you how.

VO: Step three. Receive.

VO: With your unique link, your guests will be able to donate easily. Eliminating the hassle of finding a gift and allowing you take that trip, make that down payment, or do whatever else you’ve chosen to receive.

VO: Unlike other cash registry sites, there’s never a fee to guests on Honeyfund. The best part, Honeyfund is free to try.

VO: So, what are you waiting for? You have nothing to lose and everything to gain.

VO: Stop dreaming and start your forever journey by setting up your free cash powered registry today.

STARTENGINE SUBSCRIPTION PROCESS (Exhibit E)

Platform Compensation

- As compensation for the services provided by StartEngine Capital, the issuer is required to pay to StartEngine Capital a fee consisting of a 5.5-13% (five and one-half to thirteen) commission based on the dollar amount of securities sold in the Offering and paid upon disbursement of funds from escrow at the time of a closing. The commission is paid in cash and in securities of the Issuer identical to those offered to the public in the Offering at the sole discretion of StartEngine Capital. Additionally, the issuer must reimburse certain expenses related to the Offering. The securities issued to StartEngine Capital, if any, will be of the same class and have the same terms, conditions and rights as the securities being offered and sold by the issuer on StartEngine Capital's website.

- As compensation for the services provided by StartEngine Capital, investors are also required to pay StartEngine Capital a fee consisting of a 0-3.5% (zero to three and a half percent) service fee based on the dollar amount of securities purchased in each investment.

Information Regarding Length of Time of Offering

- Investment Cancellations: Investors will have up to 48 hours prior to the end of the offering period to change their minds and cancel their investment commitments for any reason. Once within 48 hours of ending, investors will not be able to cancel for any reason, even if they make a commitment during this period.

- Material Changes: Material changes to an offering include but are not limited to: A change in minimum offering amount, change in security price, change in management, material change to financial information, etc. If an issuer makes a material change to the offering terms or other information disclosed, including a change to the offering deadline, investors will be given five business days to reconfirm their investment commitment. If investors do not reconfirm, their investment will be canceled and the funds will be returned.

Hitting The Target Goal Early & Oversubscriptions

- StartEngine Capital will notify investors by email when the target offering amount has hit 25%, 50% and 100% of the funding goal. If the issuer hits its goal early, the issuer can create a new target deadline at least 5 business days out. Investors will be notified of the new target deadline via email and will then have the opportunity to cancel up to 48 hours before the new deadline.

- Oversubscriptions: We require all issuers to accept oversubscriptions. This may not be possible if: 1) it vaults an issuer into a different category for financial statement requirements (and they do not have the requisite financial statements); or 2) they reach
$5M in investments. In the event of an oversubscription, shares will be allocated at the discretion of the issuer.

- If the sum of the investment commitments does not equal or exceed the target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be canceled and committed funds will be returned.

- If a StartEngine issuer reaches its target offering amount prior to the deadline, it may conduct an initial closing of the offering early if they provide notice of the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). StartEngine will notify

investors when the issuer meets its target offering amount. Thereafter, the issuer may conduct additional closings until the offering deadline.

Minimum and Maximum Investment Amounts

- In order to invest, to commit to an investment or to communicate on our platform, users must open an account on StartEngine Capital and provide certain personal and non- personal information including information related to income, net worth, and other investments.

- Investor Limitations: There are no investment limits for investing in crowdfunding offerings for accredited investors. Non-accredited investors are limited in how much they can invest on all crowdfunding offerings during any 12-month period. The limitation on how much they can invest depends on their net worth (excluding the value of their primary residence) and annual income. If either their annual income or net worth is less than $107,000, then during any 12-month period, they can invest either $2,200 or 5% of their annual income or net worth, whichever is greater. If both their annual income and net worth are equal to or more than $107,000, then during any 12-month period, they can invest up to 10% of annual income or net worth, whichever is greater, but their investments cannot exceed $107,000.
