This form – Form C – is the form used to provide that information.

(D) The Company’s Business and Business Plan

Greater Boston's Leading Reptile Store

We started Jabberwock Reptiles because of a single leopard gecko! My background as a scientist led to an interest in leopard gecko breeding, and before I knew it I had close to 100 geckos! I found the hobby to be fun and rewarding, but had to drive hours to find products and services. So 9 years ago Jabberwock Reptiles was born. [cite paper article]

I am proud to say that Jabberwock Reptiles is now a market-leading local reptile store in the Greater Boston and surrounding New England area. We have built deep roots in the community over the past 9 years, providing reptile enthusiasts and casual pet owners alike with curated top of the line products, specialized services and personalized customer advice. We take our role seriously, and listen carefully to our customers.

Our customers come in not only to purchase our products and services but to be part of the Jabberwock community, often lingering in the store to enjoy conversations with other customers and staff.

Diverse Revenue Streams

Of course we provide the products for each customer need, but we go beyond to match recommendations to each individual situation. We have tested countless products in our store, and have a deep understanding of keeping and breeding multiple species.

We started offering reptile boarding 5 years ago when our customer group told us they needed a vacation solution. While a neighbor may feed your fish, they may not want to feed live worms and insects to your bearded dragon! Boarding provides peace of mind for our customers that their pet is getting top-line care. Boarding has grown in popularity year over year, for summer, holiday and school vacation periods which means we are offering boarding essentially year-round. It has become so popular that we have to turn customers away, with reservations filling up early for the most popular times.

Other services that we provide include basic animal care and evaluation, including nail clipping and sex determination.

With the current pandemic, we would like to expand our customer service to include pet food delivery in the near future.

Growth

We have grown steadily at about 12% each year since we opened in Winchester in 2011. This year, despite the pandemic, we are on track to grow another 12% or more. We believe that we can grow our customer base even more by adding a number of new product lines to broaden the appeal to additional customer segments that may not have considered a reptile pet. We can also expand

repeat business by offering a new delivery service.

We expect this growth to continue and potentially accelerate with our expansion plans.

Expansion Plans

With more space we can dramatically expand our popular terrarium, vivarium and bioactive habitat section. Creating complete, natural, green mini-ecosystems will bring in new customers that may be interested in aquaponics and plant based terraria without a reptile component. The benefits of having a bit of the natural world in our homes are well known - it makes us happy!

We also plan to create a learning space, with resources for anyone that wants to interact with the natural environment. We will include activities, kits and toys for adults and kids alike. Ecology, entomology, herpetology and adventure will all be on offer!

When allowed, we will host special events like talks and discussions by various experts, from reptile veterinarians to local park based naturalists in our expanded space. We intend for our expansion to drive customer engagement, offering in-store activities and fun experiences for reptile enthusiasts, families and curious newcomers.

Finally, the expanded 'backroom' space will allow boarding expansion, and room to initiate a delivery service and a vivarium creation service.

A new store drives new growth. We will expand our customer base with these new offerings, and drive growth rates of 25% or more in the coming years.

Will the Company accept commitments that exceed the Target Offering Amount?	Yes

(K) Material Changes

In the event the issuer undergoes a material change, the Investor will be notified of such change. The investor will have five (5) business days from the receipt of such notice to reconfirm their investment. Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.7 - 3.0% ²
Payment Deadline	2028-10-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.7 x 1.5 x
Sharing Start Date	The first day after disbursement that the Company has revenues greater than one (\$1) dollar
First Payment Date	Thirty (30) days after the last day of the calendar quarter ending not less than Sixty (60) days after the sharing start date.
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.38%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.7% and a maximum rate of 3.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$40,000	1.7%
\$47,500	2.0%
\$55,000	2.4%
\$62,500	2.7%
\$70,000	3.0%

³ To reward early participation, the investors who contribute the first \$10,000.0 raised in the offering will receive a 1.7x cap. Investors who contribute after \$10,000.0 has been raised in the offering will receive a 1.5x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Stock
Number of Shares Outstanding	1000
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	yes
How these securities differ from the revenue sharing notes being offered to investors	Stock Shares represent ownership in Jabberwock Reptiles Inc.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Stephen Ayer	100%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.
