Founder, CEO

evrmore

Dec 2019 – Present · 1 yr 3 mos

Greater New York City Area

Ivy has been forging her domain expertise in category-defining product design and management. Her portfolio of products is focused on for-benefit implementations that embed digital psychology, applied neuroscience, meta-learning, and game dynamics to help people build transferrable life skills that surpass traditional performance-based metrics.

She believes that brands, designers, creators, and marketers alike need to have the growth-mindset and tools to help us not only be accountable for our digital selves but also be fluent in navigating the shadows that emerging tech casts in long-term life quality and betterment.

Global Keynote Speaker

Ivy Mahsciao

Jan 2015 – Present · 6 yrs 2 mos

Education

MIT Sloan Executive Education

Certification, System Dynamics

2019

Certification for MIT's unique, powerful, and integrative system dynamics approach to assess problems with systems thinking, causal loops, stock and flow analysis and simulation models. Program presents theories through applications to analyze long-term side effects and impacts of decisions and understand the ways in which performance is tied to structures and policies.

MIT Sloan Executive Education

Certification, Applied Neuroscience

2019

Certification for explorative neuroscience concepts and cognitive learning techniques to engage stakeholders and help catalyze innovations that lead to sustainable business success. Program presents theories and models to preserve and re-direct cognitive resources, somatic exercises that prime neurophysiological affects for habituation and collaboration, risk profile analysis and resilience training, as well as gender and cultural diversity in organizations and teams using neural tethering models.

Nalanda Institute for Contemplative Science

Certification, Mindfulness-Based Psychotherapy

2016 – 2018

Certification for The Nalanda Institute's historic, intensive program integrating mindfulness and compassion-based systems of Buddhist psychology and meditation with contemporary psychotherapy, neuroscience, and health psychology.
