Kenny Cason

CTO | Co-Founder at Arrived Homes
Seattle, Washington, United States

Summary

I love to learn and build all things. I enjoy the challenges of tech entrepreneurship, studying foreign languages and culture, and am proficient in Chinese and Japanese. I also enjoy math, game development, and art.

My favorite programming language is Kotlin. I have spent most of my recent years using: Kotlin, Java, Typescript, HTML/CSS, LibGDX, Hadoop, Spark, Storm, Kafka, HBase, Map/Reduce, HDFS, Elasticsearch, Spring, React, MySQL, Git, Maven, ANTLR, IntelliJ.

Experience

Arrived Homes

CTO | Co-Founder

March 2019 - Present (5 years 1 month)

- Home ownership, without the responsibilities.
- Buy shares of rental homes, earn passive income, and let Arrived take care of the rest.

Sprout Social, Inc.

Senior Staff Software Engineer

December 2017 - January 2019 (1 year 2 months)

- Help lead integration of Simply Measured technologies into Sprout Social post-merger.

Datarank, Inc.

CTO | CoFounder

August 2011 - January 2019 (7 years 6 months)

Use Social Data to obtain market research in an instant - get instant insights from thousands of users and get back to business. No focus groups. No observer bias.

- Fortune 500 Customers
- Y Combinator Summer 2013

- Sold to Simply Measured in 2015.

Simply Measured, A Sprout Social Company

2 years 5 months

Director Of Engineering

October 2017 - February 2018 (5 months)

Principal Software Engineer

October 2015 - October 2017 (2 years 1 month)

Greater Seattle Area

Combining DataRank + Simply Measured technologies and market vision to become the only social data company to provide social analytics, listening, and attribution solutions.

Lockheed Martin

Software Engineer
