RISK FACTORS

The SEC requires the Company to identify risks that are specific to its business and financial condition. The Company is still subject to all the same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. You should consider general risks as well as specific risks when deciding whether to invest.

Risks Related to the Company's Business and Industry

We have a limited operating history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any new company encounters.

The Company is still in an early phase and is just beginning to implement its business plan. There can be no assurance that it will ever operate profitably. The likelihood of its success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by companies in their early stages of development. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan, our continued operations will be in jeopardy and we may be forced to cease operations and sell or otherwise transfer all or substantially all of our remaining assets, which could cause a Purchaser to lose all or a portion of his or her investment.

Although dependent on certain key personnel, the Company does not have any key man life insurance policies on any such people.

The Company is dependent on certain key personnel in order to conduct its operations and execute its business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and its operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

Changes in government regulation could adversely impact our business.

The Company is subject to legislation and regulation at the federal and local levels and, in some instances, at the state level. The FCC and/or Congress may attempt to change the classification of or change the way that our online content platforms are regulated and/or change the framework under which Internet service providers are provided Safe Harbor for claims of copyright infringement, introduce changes to how digital advertising is regulated and consumer information is handled, changing rights and obligations of our competitors. We expect that court actions and regulatory proceedings will continue to refine our rights and obligations under applicable federal, state and local laws, which cannot be predicted. Modifications to existing requirements or imposition of new requirements or limitations could have an adverse impact on our business.

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients, or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may

be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

In order for the Company to compete and grow, it must attract, recruit, retain and develop the necessary personnel who have the needed experience.

Recruiting and retaining highly qualified personnel is critical to our success. These demands may require us to hire additional personnel and will require our existing management personnel to develop additional expertise. We face intense competition for personnel. The failure to attract and retain personnel or to develop such expertise could delay or halt the development and commercialization of our product candidates. If we experience difficulties in hiring and retaining personnel in key positions, we could suffer from delays in product development, loss of customers and sales and diversion of management resources, which could adversely affect operating results. Our consultants and advisors may be employed by third parties and may have commitments under consulting or advisory contracts with third parties that may limit their availability to us.

Changes in employment laws or regulation could harm our performance.

Various federal and state labor laws govern our relationship with our employees and affect operating costs. These laws include minimum wage requirements, overtime pay, healthcare reform and the implementation of the Patient Protection and Affordable Care Act, unemployment tax rates, workers' compensation rates, citizenship requirements, union membership and sales taxes. A number of factors could adversely affect our operating results, including additional government-imposed increases in minimum wages, overtime pay, paid leaves of absence and mandated health benefits, mandated training for employees, increased tax reporting and tax payment requirements for employees who receive tips, a reduction in the number of states that allow tips to be credited toward minimum wage requirements, changing regulations from the National Labor Relations Board and increased employee litigation including claims relating to the Fair Labor Standards Act.

We are subject to income taxes as well as non-income based taxes, such as payroll, sales, use, value-added, net worth, property and goods and services taxes, in both the U.S. and various foreign jurisdictions.

Significant judgment is required in determining our provision for income taxes and other tax liabilities. In the ordinary course of our business, there are many transactions and calculations where the ultimate tax determination is uncertain. Although we believe that our tax estimates are reasonable: (i) there is no assurance that the final determination of tax audits or tax disputes will not be different from what is reflected in our income tax provisions, expense amounts for non-income based taxes and accruals and (ii) any material differences could have an adverse effect on our financial position and results of operations in the period or periods for which determination is made.

We have not prepared any audited financial statements.

Therefore, you have no audited financial information regarding the Company's capitalization or assets or liabilities on which to make your investment decision. If you feel the information provided is insufficient, you should not invest in the Company.

We need to rapidly and successfully develop and introduce new products in a competitive, demanding and rapidly changing environment.

To succeed in our intensely competitive industry, we must continually improve, refresh and expand our product and service offerings to include newer features, functionality or solutions, and keep pace with price-to-performance gains in the industry. Shortened product life cycles due to customer demands and competitive pressures impact the pace at which we must introduce and implement new technology. This requires a high level of innovation by both our software developers and the suppliers of the third-party software components included in our systems. In addition, bringing new solutions to the market entails a costly and lengthy process, and requires us to accurately anticipate customer needs and technology trends. We must continue to respond to market demands, develop leading technologies and maintain leadership in analytic data solutions performance and scalability, or our business operations may be adversely affected.

We must also anticipate and respond to customer demands regarding the compatibility of our current and prior offerings. These demands could hinder the pace of introducing and implementing new technology.

The development and commercialization of our products is highly competitive.

We face competition with respect to any products that we may seek to develop or commercialize in the future. Our competitors include major companies worldwide. Many of our competitors have significantly greater financial, technical and human resources than we have and superior expertise in research and development and marketing approved products and thus may be better equipped than us to develop and commercialize products. These competitors also compete with us in recruiting and retaining qualified personnel and acquiring technologies. Smaller or early stage companies may also prove to be significant competitors, particularly through collaborative

arrangements with large and established companies. Accordingly, our competitors may commercialize products more rapidly or effectively than we are able to, which would adversely affect our competitive position, the likelihood that our products will achieve initial market acceptance, and our ability to generate meaningful additional revenues from our products.

The Company could be negatively impacted if found to have infringed on intellectual property rights.

Technology companies, including many of the Company's competitors, frequently enter into litigation based on allegations of patent infringement or other violations of intellectual property rights. In addition, patent holding companies seek to monetize patents they have purchased or otherwise obtained. As the Company grows, the intellectual property rights claims against it will likely increase. The Company intends to vigorously defend infringement actions in court and before the U.S. International Trade Commission. The plaintiffs in these actions frequently seek injunctions and substantial damages. Regardless of the scope or validity of such patents or other intellectual property rights, or the merits of any claims by potential or actual litigants, the Company may have to engage in protracted litigation. If the Company is found to infringe one or more patents or other intellectual property rights, regardless of whether it can develop non-infringing technology, it may be required to pay substantial damages or royalties to a third-party, or it may be subject to a temporary or permanent injunction prohibiting the Company from marketing or selling certain products. In certain cases, the Company may consider the desirability of entering into licensing agreements, although no assurance can be given that such licenses can be obtained on acceptable terms or that litigation will not occur. These licenses may also significantly increase the Company's operating expenses.

Regardless of the merit of particular claims, litigation may be expensive, time-consuming, disruptive to the Company's operations and distracting to management. In recognition of these considerations, the Company may enter into arrangements to settle litigation. If one or more legal matters were resolved against the Company's consolidated financial statements for that reporting period could be materially adversely affected. Further, such an outcome could result in significant compensatory, punitive or trebled monetary damages, disgorgement of revenue or profits, remedial corporate measures or injunctive relief against the Company that could adversely affect its financial condition and results of operations.

We rely on agreements with third parties to provide certain services, goods, technology, and intellectual property rights necessary to enable us to implement some of our applications.

Our ability to implement and provide our applications and services to our clients depends, in part, on services, goods, technology, and intellectual property rights owned or controlled by third parties. These third parties may become unable to or refuse to continue to provide these services, goods, technology, or intellectual property rights on commercially reasonable terms consistent with our business practices, or otherwise discontinue a service important for us to continue to operate our applications. If we fail to replace these services, goods, technologies, or intellectual property rights in a timely manner or on commercially reasonable terms, our operating results and financial condition could be harmed. In addition, we exercise limited control over our third-party vendors, which increases our vulnerability to problems with technology and services those vendors provide. If the services, technology, or intellectual property of third parties were to fail to perform as expected, it could subject us to potential liability, adversely affect our renewal rates, and have an adverse effect on our financial condition and results of operations.

Specifically, we rely on Twitch, the gaming streaming service, as the exclusive live stream partner for the League's games. Any technical problem with Twitch during one of our games could cause great harm to the business.

Indemnity provisions in various agreements potentially expose us to substantial liability for intellectual property infringement and other losses.

Our agreements with advertisers, advertising agencies, customers and other third parties may include indemnification provisions under which we agree to indemnify them for losses suffered or incurred as a result of claims of intellectual property infringement, damages caused by us to property or persons, or other liabilities relating to or arising from our products, services or other contractual obligations. The term of these indemnity provisions generally survives termination or expiration of the applicable agreement. Large indemnity payments would harm our business, financial condition and results of operations. In addition, any type of intellectual property lawsuit, whether initiated by us or a third party, would likely be time consuming and expensive to resolve and would divert management's time and attention.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of

operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

Security breaches and other disruptions could compromise our information and expose us to liability, which would cause our business and reputation to suffer.

We collect and store sensitive data, including intellectual property, our proprietary business information and that of our customers, suppliers and business partners, and personally identifiable information of our customers and employees, in our data centers and on our networks. The secure processing, maintenance and transmission of this information is critical to our operations and business strategy. Despite our security measures, our information technology and infrastructure may be vulnerable to attacks by hackers or breached due to employee error, malfeasance or other disruptions. Any such breach could compromise our networks and the information stored there could be accessed, publicly disclosed, lost or stolen. Any such access, disclosure or other loss of information could result in legal claims or proceedings, liability under laws that protect the privacy of personal information, and regulatory penalties, disrupt our operations and the services we provide to customers, and damage our reputation, and cause a loss of confidence in our products and services, which could adversely affect our business/operating margins, revenues and competitive position.

The Company intends to use the proceeds from the Offering for unspecified working capital.

This means that the Company has ultimate discretion to use the proceeds as it sees fit and has chosen not to set forth any specific uses for you to evaluate. The net proceeds from this Offering will be used for the purposes, which our management deems to be in our best interests in order to address changed circumstances or opportunities. As a result of the foregoing, our success will be substantially dependent upon our discretion and judgment with respect to application and allocation of the net proceeds of this Offering. The Company may choose to use the proceeds in a manner that you do not agree with and you will have no recourse. A use of proceeds that does not further the Company's business and goals could harm the Company and its operations and ultimately cause an Investor to lose all or a portion of his or her investment.

The Company could be indirectly sold at the holding company level, in which case the investors may not receive any benefit and the Company may never undergo a liquidity event.

The Company is a wholly-owned subsidiary of the holding company, and some of the holding company's shareholders are the Company's officers and directors. If the holding company's shareholders decide to sell their units to a new owner, the investors may never benefit from the Company being sold at a parent level. Thus, the investors' rights and value of their investment in the Company may be limited or adversely affected.

Industry consolidation may result in increased competition, which could result in a loss of customers or a reduction in revenue.

Some of our competitors have made or may make acquisitions or may enter into partnerships or other strategic relationships to offer more comprehensive services than they individually had offered or achieve greater economies of scale. In addition, new entrants not currently considered to be competitors may enter our market through acquisitions, partnerships or strategic relationships. We expect these trends to continue as companies attempt to strengthen or maintain their market positions. The potential entrants may have competitive advantages over us, such as greater name recognition, longer operating histories, more varied services and larger marketing budgets, as well as greater financial, technical and other resources. The companies resulting from combinations or that expand or vertically integrate their business to include the market that we address may create more compelling service offerings and may offer greater pricing flexibility than we can or may engage in business practices that make it more difficult for us to compete effectively, including on the basis of price, sales and marketing programs, technology or service functionality. These pressures could result in a substantial loss of our customers or a reduction in our revenue.

Our business, results of operations, and financial condition may be impacted by the recent coronavirus (COVID-19) outbreak.

The ongoing and evolving coronavirus (COVID-19) outbreak, which was designated as a pandemic by the World Health Organization on March 11, 2020, has caused substantial disruption in international and U.S. economies and markets. If repercussions of the outbreak are prolonged, they could have a materially significant adverse impact on our business. The Company's management cannot at this point estimate the impact of the outbreak on its business, and no provision for this outbreak is reflected in the accompanying financial statements.

COVID-19 risks could affect the company in two ways: 1) a regulatory shut down prohibiting the Company's accommodation partners from providing housing to its personnel or prohibiting athletic events and/or practices could impair the Company's ability to commence or complete its first season; or 2) an internal COVID-19 outbreak in the League's segregated bubble environment could result in a forced League-wide quarantine, delaying game schedules and increasing the Company's expenditures to complete the season.

Affiliates of the Company, including officers, directors and existing shareholders of the Company, may invest in this Offering and their funds will be counted toward the Company achieving the Minimum Amount.

There is no restriction on affiliates of the Company, including its officers, directors and existing shareholders, investing in the Offering. As a result, it is possible that if the Company has raised some funds, but not reached the Minimum Amount, affiliates can contribute the balance so that there will be a closing. The Minimum Amount is typically intended to be a protection for investors and gives investors confidence that other investors, along with them, are sufficiently interested in the Offering and the Company and its prospects to make an investment of at least the Minimum Amount. By permitting affiliates to invest in the offering and make up any shortfall between what non-affiliate investors have invested and the Minimum Amount, this protection is largely eliminated. Investors should be aware that no funds other than their own and those of affiliates investing along with them may be invested in this Offering.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

Like others in our industry, we continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Risks Related to the Offering

The Company's management may have broad discretion in how the Company uses the net proceeds of an offering.

Unless the Company has agreed to a specific use of the proceeds from an offering, the Company's management will have considerable discretion over the use of proceeds from their offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

Investors will be required to purchase the Company Team Units in this offering using custodial accounts managed by Prime Trust, which may reduce an Investor's ability to trade or otherwise liquidate their position without incurring a fee.

In order to better manage its cap table, the Company has elected to exclusively accept investment commitments in the offering through custodial accounts managed by the escrow agent, Prime Trust, LLC. Therefore, to make an investment commitment, a prospective Investor must make a custodial account with Prime Trust and subscribe to the offering in a manner that appoints Prime Trust, LLC as their custodian. While Investors will be able to receive a full refund if their consideration if they cancel their investment commitment, if the Investor wishes to transfer the Company common stock purchased in this offering out of the Prime Trust custodial account, they may incur a fee.

The Company has the right to limit individual Investors commitment amount based on the Company's determination of an Investor's sophistication.

The Company may prevent Investors from committing more than a certain amount to this Offering based on the Company's belief of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation Crowdfunding rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering deadline. The Company has the right to end the Offering early.

The Company may extend the Offering deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after release of such funds to the Company, the Securities will be issued and distributed to you. The Company may also end the Offering early; if the Offering reaches its target Offering amount after 21-calendar days but before the deadline, the Company can end the Offering with 5 business days' notice. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to participate – it also means the Company may limit the amount of capital it can raise during the Offering by ending it early.

If the Company is found to have violated state and federal securities laws in a prior offering of securities, it may face penalties from state and federal regulators and prior investors may have a right to a return of their investment amounts.

If a court or regulatory body with the required jurisdiction ever accused or concluded that the Company may have violated state or federal securities laws, any such violation could result in the Company being required to offer rescission rights to investors in such offering. If such investors exercised their rescission rights, the Company would have to pay to such investors an amount of funds equal to the purchase price paid by such investors plus interest from the date of any such purchase. No assurances can be given the Company will, if it is required to offer such investors a rescission right, have sufficient funds to pay the prior investors the amount required or that proceeds from this Offering would not be used to pay such amounts. In addition, if the Company violated federal or state securities laws in connection with a prior offering and/or sale of its securities, federal or state regulators could bring an enforcement, regulatory and/or other legal action against the Company which, among other things, could result in the Company having to pay substantial fines and be prohibited from selling securities in the future.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it related to this Offering.

Neither the Offering nor the Securities have been registered under federal or state securities laws, leading to an absence of certain regulation applicable to the Company.

No governmental agency has reviewed or passed upon this Offering, the Company or any Securities of the Company. The Company also has relied on exemptions from securities registration requirements under applicable state securities laws. Investors in the Company, therefore, will not receive any of the benefits that such registration would otherwise provide. Prospective Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering on their own or in conjunction with their personal advisors.

Compliance with the criteria for securing exemptions under federal securities laws and the securities laws of the various states is extremely complex, especially in respect of those exemptions affording flexibility and the elimination of trading restrictions in respect of securities received in exempt transactions and subsequently disposed of without registration under the Securities Act or state securities laws.

Risks Related to the Securities

The Team Units will not be freely tradable until one year from the initial purchase date. Although the Team Units may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with his or her attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not be a public market for the Team Units. Because the Team Units not been registered under the Securities Act or under the securities laws of any state or non-United States jurisdiction, the Team Units have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be affected. Limitations on the transfer of the Team Units may also adversely affect the price that you might be able to obtain for the Team Units in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that it is purchasing the Securities for its own account, for investment purposes and not with a view to resale or distribution thereof.

In exchange for each individual Investor's commitment, Investors will receive a beneficial interest in the Omnibus Team Unit Instrument, not Common Stock.

The beneficial interest in the Omnibus Team Unit Instrument does not entitle Investors, excluding Prime Trust as the custodian and trustee, to any voting, information or inspection rights with respect to the Company, aside from any disclosure the Company is required to make under relevant securities regulations, nor are Investors entitled to exchange the beneficial interest for Team Units. Prime Trust as the custodian and trustee shall vote, execute consents, and otherwise make elections pursuant to the terms of the Omnibus Team Unit Instrument in its sole and absolute discretion. Investors should carefully review the subscription agreement for Omnibus Team Unit Instrument to understand the risks inherent in this investment.

Investors will not have voting rights.

Investors will not have the right to vote upon matters of the Company. Investors will never be able to freely vote upon any manager or other matters of the Company.

Investors will not be entitled to any inspection or information rights other than those required by Regulation CF.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by Regulation CF. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information – there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in "default" and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any "default" provisions upon which the Investors will be able to demand repayment of their investment. The Company has ultimate discretion as to whether or not to convert the Securities upon a future equity financing and Investors have no right to demand such conversion. Only in limited circumstances, such as a liquidity event, may the Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never undergo a liquidity event.

The Company may never receive a future equity financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If a liquidity event never occurs, the Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them.

In addition to the risks listed above, businesses are often subject to risks not foreseen or fully appreciated by the management. It is not possible to foresee all risks that may affect us. Moreover, the Company cannot predict whether the Company will successfully effectuate the Company's current business plan. Each prospective Investor is encouraged to carefully analyze the risks and merits of an investment in the Securities and should take into consideration when making such analysis, among other, the Risk Factors discussed above.

Equity securities acquired may be significantly diluted as a consequence of subsequent financings.

Company equity securities will be subject to dilution. Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time.

The amount of additional financing needed by Company will depend upon several contingencies not foreseen at the time of this offering. Each such round of financing (whether from the Company or other investors) is typically intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds are not sufficient, Company may have to raise additional capital at a price unfavorable to the existing investors, including the purchaser. The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to predict accurately the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain such financing on favorable terms could dilute or otherwise severely impair the value of the purchaser's Company securities.

There is no present market for the Securities and we have arbitrarily set the price.

The offering price was not established in a competitive market. We have arbitrarily set the price of the Securities with reference to the general status of the securities market and other relevant factors. The Offering price for the Securities should not be considered an indication of the actual value of the Securities and is not based on our net worth or prior earnings. We cannot assure you that the Securities could be resold by you at the Offering price or at any other price.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on its investment or that it will not lose its entire investment. For this reason, each Investor should read this Form C and all Exhibits carefully and should consult with its own attorney and business advisor prior to making any investment decision.

Series LLC

Under Delaware State law, a limited liability company may be composed of individual series of membership interests. The Company has been created as a series of Fanchise League Company, LLC. Each series effectively is treated as a separate entity, meaning the debts, liabilities, obligations and expenses of one series cannot be enforced against another series of the series limited liability company or against the series limited liability company itself, so long as each series complies with the requirements for it to be deemed a "protected series." Each series can hold its own assets, have its own members, conduct its own operations and pursue different business objectives, but remain insulated from claims of members, creditors or litigants pursuing the assets of or asserting claims against another series. There is a certain degree of uncertainty surrounding the series limited liability company form. For example, the legal separation of the assets and liabilities of each series in a series limited liability company has not been thoroughly tested in court, including federal bankruptcy courts. Although Delaware law provides for legal separation of series, it is possible that courts in other states or jurisdictions would not recognize a legal separation of assets and liabilities in one or more situations. Therefore, even if a Delaware series limited liability company were properly operated with distinct records relating to the assets and liabilities of each series, a court in another jurisdiction could determine not to recognize the legal separation afforded under Delaware or federal bankruptcy law. There is also some uncertainty as to how the IRS will treat the separation of series limited liability company for tax purposes, although most series are treated as separate entities that by default are either partnerships or disregarded entities. The IRS has reserved the right to impose the tax liability of one series onto the series limited liability company or another series.

Members of a Limited Liability Company

Limited liability companies are widely prevalent in today's business environment, in part because they are flexible vehicles that do not require the same rigid policies and procedures as a corporation. This flexibility, however, means that the relationship of members of a limited liability company are largely governed by the Operating Agreement. The governance of any limited liability company can be drastically different from the governance of any other limited liability company. Investors should review the Operating Agreement closely prior to making an investment.

Legal Matters

Any prospective Investor should consult with its own counsel and advisors in evaluating an investment in the Offering.

Additional Information

The summaries of, and references to, various documents in this Form C do not purport to be complete and in each instance reference should be made to the copy of such document which is either an appendix to this Form C or which will be made available to Investors and their professional advisors upon request.

Certain Limited Tax Risks

Partnership Tax Treatment

For federal income tax purposes, the Company is currently treated as a “partnership.” This means that the Company itself is *not* subject to federal income tax. Partnerships are pass-through entities, and all items of income, gain, loss, deduction, and credit are allocated to the partners who are then responsible for their individual tax allocations. The Company will file an information tax return annually on Form 1065 and issue Schedule K-1 to each Investor. Investors may be allocated items of income or gain *without* receiving any distributions or cash. This means that Investors will be responsible for paying any such tax liability, regardless of whether they have received distributions from the Company sufficient to cover any federal, state, or local tax liability.

The League and the Manager have broad discretion to make an alternate election such that the Company would be treated other than a “partnership” for tax purposes. For example, the manager could elect to treat the Company as an “S-Corp” or a “C-Corp” by making appropriate elections. Any decision to make either election may be influenced by a personal tax benefit to the manager or certain members only.

Targeted Allocations

Tax allocations will generally be allocated to the members in the same manner as distributions would be made if, at the end of the applicable tax period, all the assets of the Company were sold at book value, all debts were paid and the remaining assets were distributed to the members (subject to any special or regulatory allocations, including a qualified income offset). The League expects the allocations to be honored by the IRS and believes such allocations to have “substantial economic effect.” However, the manager does not and cannot guarantee that the allocations will be honored and the Company may be required to amend its Form 1065 or one or more Schedule K-1s for any applicable tax year. The Manager and the League may determine, with the advice of tax advisers, that either a single partnership return will be filed for the League or that separate tax returns will be filed for each series of the League.

Phantom Income

There is no guarantee that Investors will receive distributions whenever Investors are allocated items of income or gain, and Investors may be required to cover a substantial tax liability with assets from other sources. The manager intends to take reasonable steps to make distributions sufficient to cover any tax liability, but the manager has no obligation to do so.

Partnership Representative

A “partnership representative” is a person appointed by a partnership to handle various tax issues as they arise. The manager is the partnership representative and, as such, may, in its discretion, make tax determinations, including re-allocating items of gain, loss, deduction, income, or credit to one or more members. By making an investment, each Investor will be required to appoint the manager as the “partnership representative,” which limits the Investor’s rights to participate and make determinations as to how items under dispute by the IRS may be treated.

THE FOREGOING IS ONLY A *BRIEF* EXPLANATION OF A FEW OF THE POTENTIAL TAX RISKS INVOLVED IN MAKING AN INVESTMENT IN THE COMPANY. INVESTORS SHOULD RELY ON THEIR OWN TAX ADVISERS IN MAKING ANY DECISION TO INVEST, NOT ON THE FOREGOING STATEMENTS.

Prior to making an investment decision regarding the Securities described herein, prospective Investors should carefully review and consider this entire Form C. The Company is prepared to furnish, upon request, a copy of the forms of any documents referenced in this Form C. The Company’s representatives will be available to discuss with prospective Investors and their representatives and advisors, if any, any matter set forth in this Form C or any other matter relating to the Securities described in this Form C, so that prospective Investors and their representatives and advisors, if any, may have available to them all information, financial and otherwise, necessary to formulate a well-informed investment decision. Additional information and materials concerning the Company will be made available to prospective Investors and their representatives and advisors, if any, at a mutually convenient location upon reasonable request.

THE SECURITIES OFFERED INVOLVE A HIGH DEGREE OF RISK AND MAY RESULT IN THE LOSS OF YOUR ENTIRE INVESTMENT. ANY PROSPECTIVE INVESTOR CONSIDERING THE

PURCHASE OF THESE SECURITIES SHOULD BE AWARE OF THESE AND OTHER FACTORS SET FORTH IN THIS FORM C AND SHOULD CONSULT WITH HIS OR HER LEGAL, TAX AND FINANCIAL ADVISORS PRIOR TO MAKING AN INVESTMENT IN THE SECURITIES. THE SECURITIES SHOULD ONLY BE PURCHASED BY PERSONS WHO CAN AFFORD TO LOSE ALL OF THEIR INVESTMENT.

THE OFFERING AND THE SECURITIES

The Offering

The Company is offering up to \$265,000 of the Securities under this Offering for a total of the Maximum Offering Amount. The Company is attempting to raise a minimum amount of the Target Offering Amount in this Offering with oversubscriptions to be allocated at the Company's discretion. The Company must receive commitments from investors in an amount totaling the Target Offering Amount by the Offering Deadline in order to receive any funds. If the sum of the investment commitments does not equal or exceed the Target Offering Amount by the Offering Deadline, no Securities will be sold in the Offering, investment commitments will be cancelled and committed funds will be returned to potential investors without interest or deductions. The Company has the right to extend the Offering Deadline at its discretion. The price of the Securities does not necessarily bear any relationship to the Company's asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities.

The Offering is being made through OpenDeal Portal LLC dba Republic, the Intermediary. In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by the Intermediary, including complying with the Intermediary's know your customer (KYC) and anti-money laundering (AML) policies. **If an investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security, indefinitely and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.** Investor funds will be held in escrow with Prime Trust, LLC until the Target Offering Amount of investments is reached. Investors may cancel an investment commitment until 48 hours prior to the Offering Deadline or the Closing, whichever comes first using the cancellation mechanism provided by the Intermediary. **Any investor using a credit card to invest must represent and warrant to not claim fraud or claw back their committed funds to cancel their investment commitment, any cancelled investment commitments must be requested through the Intermediary 48 hours prior to the Offering Deadline or Closing.** The Company will notify Investors when the Target Offering Amount has been reached. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering at least five (5) days after reaching the Target Offering Amount and providing notice to the Investors. If any material change (other than reaching the Target Offering Amount) occurs related to the Offering prior to the Offering Deadline, the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm his or her investment commitment after a material change is made to the terms of the Offering, the Investor's investment commitment will be cancelled, and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon closing of the Offering and the Investor will receive the Securities in exchange for his or her investment. Any Investor funds received after the initial closing will be released to the Company upon a subsequent closing and the Investor will receive Securities via Electronic Certificate/PDF in exchange for his or her investment as soon as practicable thereafter.

Subscription Agreements are not binding on the Company until accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any subscription. If the Company rejects all or a portion of any subscription, the applicable prospective Investor's funds will be returned without interest or deduction.

All investment commitments made in this Offering will be represented by a pro rata beneficial interest (based on the amount invested) in an Omnibus Team Unit Instrument, as described in Exhibit E. Securities sold in this Offering will be deposited into a custodial account with Prime Trust, LLC, who will serve as the trustee, custodian and legal record holder (the "Custodian") for this Offering. In order to receive Securities from this Offering, Investors will be required to establish, or verify that they already have, an account with the Escrow Agent.

The Securities

The Company is a series of Franchise League Company, LLC. As such, the governance of the Company is in large part set out in the Franchise League Company, LLC Operating Agreement attached hereto as Exhibit F (the “**Operating Agreement**”). All capitalized terms that are not defined herein shall have the meaning assigned to them in the Operating Agreement of Franchise League Company, LLC. We request that you please review this Form C and the IPA attached as Exhibit E in conjunction with the following summary information.

Authorized Capitalization

The Company has authorized three classes of securities. Team Units, Team Incentive Units, and Voting Units

Rights and Duties of the Manager

The business and affairs of the Company shall be managed by the League. All decisions concerning the business and affairs of the Company shall be made by the League. The League shall serve as manager of the Company until its successors are selected.

Dissolution

The Company shall have perpetual existence unless it is dissolved and its affairs shall have been wound up upon the written consent of the Company or the entry of a decree of judicial dissolution. The existence of the Company as a separate legal entity shall continue until the cancellation of its Certificate by the manager of the Company who, as of the date of the Offering, is Sohrob Farudi (the “**Manager**”).

Termination

Company may be terminated upon the signing of a Termination Agreement between the Company and Franchise League Company, LLC.

Voting and Control

The units of the Company represent interests only in the Company and not in the Franchise League Company, LLC. The majority vote of those holding a Voting Interest will control all decisions.

Anti-Dilution Rights

The Securities do not have anti-dilution rights, which means that future equity financings will dilute the ownership percentage that the Investor may eventually have in the Company.

Restrictions on Transfer

The Company and the Manager have the sole and exclusive authority to grant, convey, sell, transfer, hypothecate, disassociate or otherwise dispose of all or a portion of the Securities without input or vote of the Investors.

Any Transfer or attempted Transfer of an Interest in the Company in contravention of the Operating Agreement will be invalid and of no force or effect. The Transfer or attempted Transfer of the Securities in violation of the Operating Agreement will not affect the beneficial ownership of the Securities, and, notwithstanding such Transfer or attempted Transfer, the Investor making such prohibited Transfer or attempted Transfer shall retain the right to receive liquidation proceeds with respect to the Securities.

Following a Transfer of the Securities that is permitted under the Operating Agreement, the transferee of such Securities shall be treated as having made all of the capital contributions in respect of, and received all of the distributions received in respect of, such Securities, shall succeed to the Capital Account associated with such Securities and shall receive allocations and distributions pursuant to the Operating Agreement in respect of such Securities.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any Securities into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel stating that a registration statement is not necessary to effect such transfer.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

Drag Along Rights

Investors in the Company holding in the aggregate not less than 51% of the issued and outstanding Voting Units (as defined in the Operating Agreement) within such series (a “Team Majority”) will have the right to cause all other Investors of the Company to join the Team Majority in a bona fide sale of outstanding Company units (a “Team Sale”) to a third party, subject to the Manager’s approval pursuant to the operating agreement. In connection with the foregoing sentence, each Investor will be required to agree with respect to all securities of the Company that he, she or it own(s) or otherwise exercises dispositive authority: (i) to participate in the Team Sale and sell his, her or its Securities within the Company in an amount equal to the product of (x) the number of Team Units (as defined in the Operating Agreement) held by such Investor multiplied by (y) a fraction, the numerator of which is the aggregate number of Team Units within the Company proposed to be transferred in such transaction and the denominator of which is the aggregate number of all issued and outstanding Team Units of the Company as of the date of such transaction; (ii) in the event such Team Sale is to be brought to a vote at a meeting of the Company having voting rights under the operating agreement, after receiving proper notice of any meeting of the Company to vote on the approval of the Team Sale, to be present, in person or by proxy, as a holder of voting securities, at all such meetings and be counted for the purposes of determining the presence of a quorum at such meetings; (iii) to vote (in person, by proxy or by action by written consent, as applicable) all Securities of the Company to which it has beneficial ownership in favor of such Team Sale and in opposition of any and all other proposals that could reasonably be expected to delay or impair the ability of the Company majority to consummate such Team Sale; (iv) to refrain from exercising any dissenters’ rights or rights of appraisal under applicable law at any time with respect to such Team Sale; (v) to execute and deliver all related documentation and take such other action in support of the Team Sale as shall reasonably be requested by the Company majority.

Distributions & Liquidation

Distributions to Investors will occur in accordance with the terms of the Operating Agreement. Because the Company is a series of a series limited liability and due to the somewhat complex nature of distributions and the interplay among the series limited liability company generally, other series, and the Company, it is important that Investors fully understand their rights to distributions under the Operating Agreement. Distributions with respect to any Investor are not guaranteed. Distributions will generally be allocated by the Manager to each series (and to the Company) based on revenues and net income generated by the applicable series (or the Company) and each series will share in the overall net profits of the League. The brief summary of ordinary and liquidation distributions here should not be relied upon. **Investors should review the full terms of the Operating Agreement, together with its Exhibits.**

FANCHISE LEAGUE COMPANY LLC – FCF TEAM 4, LLC
NOTES TO FINANCIAL STATEMENTS
AS OF SEPTEMBER 29, 2020 (INCEPTION)

NOTE 1 – NATURE OF OPERATIONS

Fanchise League Company LLC – FCF Team 4, LLC (the “Company”), a Delaware series limited liability company, operates pursuant to a limited liability company agreement (the “Agreement”) dated September 29, 2020. The Company was formed on September 29, 2020 and operates a professional football team that will play as part of the Fan Controlled Football (FCF) league in 2021. The FCF will enable fans to collectively call plays in real-time, draft players make roster decisions and a host of other decisions generally reserved for coaches, GM’s, and team owners. Fans will be able to watch and participate live via the FCF’s partnership with Twitch.

The Company will generate revenues from league and team level sponsorships, merchandise sales, licensing, and digital advertising, in-app purchases, and subscriptions that will be allocated by the FCF after league-level cost coverage. The Company is capitalized by its parent to fund its operations, Fan Controlled Sports and Entertainment, Inc., (FCSE) which has raised sufficient funds to capitalize the Company through the end of its first FCF season, slated for completion by March 31, 2021. As of September 29, 2020 (inception), the Company has limited working capital and could incur additional losses or take time prior to generating positive working capital. These matters raise substantial concern about the Company’s ability to continue as a going concern (see Note 7). During the next twelve months, the Company intends to fund its operations with funding from a crowdfunding campaign (see Note 8), funds from revenue producing activities, and additional contributions from FCSE, if and when such can be realized. If the Company cannot secure additional short-term capital, it may cease operations. These financial statements and related notes thereto do not include any adjustments that might result from these uncertainties.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America (“US GAAP”).

Use of Estimates

The preparation of the financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the footnotes thereto. Actual results could differ from those estimates. It is reasonably possible that changes in estimates will occur in the near term.

Risks and Uncertainties

The Company has a limited operating history. The Company's business and operations are sensitive to general business and economic conditions in the United States. A host of factors beyond the Company's control could cause fluctuations in these conditions. Adverse conditions may include recession, downturn or otherwise, local competition or changes in consumer taste. These adverse conditions could affect the Company's financial condition and the results of its operations.

Concentration of Credit Risk

The Company maintains its cash with a major financial institution located in the United States of America, which it believes to be credit worthy. The Federal Deposit Insurance Corporation insures balances up to \$250,000. At times, the Company may maintain balances in excess of the federally insured limits.

Cash and Cash Equivalents

The Company considers short-term, highly liquid investment with original maturities of three months or less at the time of purchase to be cash equivalents. Cash consists of funds held in the Company's checking account. As of September 29, 2020, the Company had no cash on hand and has not yet created a bank account.

Fixed Assets

Property and equipment are recorded at cost. Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs are expensed as incurred. When equipment is retired or sold, the cost and related accumulated depreciation are eliminated from the balance sheet accounts and the resultant gain or loss is reflected in income. As of September 29, 2020, the Company had no property and equipment.

Depreciation is provided using the straight-line method, based on useful lives of the assets which range from three to five years.

The Company reviews the carrying value of property and equipment for impairment whenever events and circumstances indicate that the carrying value of an asset may not be recoverable from the estimated future cash flows expected to result from its use and eventual disposition. In cases where undiscounted expected future cash flows are less than the carrying value, an impairment loss is recognized equal to an amount by which the carrying value exceeds the fair value of assets. The factors considered by management in performing this assessment include current operating results, trends and prospects, the manner in which the property is used, and the effects of obsolescence, demand, competition, and other economic factors. The Company had no impairment as of September 29, 2020.

Fair Value Measurements

Generally accepted accounting principles define fair value as the price that would be received to sell an asset or be paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price) and such principles also establish a fair value hierarchy that prioritizes the inputs used to measure fair value using the following definitions (from highest to lowest priority):

- Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2 – Observable inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, including quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data by correlation or other means.
- Level 3 – Prices or valuation techniques requiring inputs that are both significant to the fair value measurement and unobservable.

Revenue Recognition

The Company recognizes revenue when persuasive evidence of an arrangement exists, performance has occurred, the fee for the arrangement is fixed or determinable and collectability is reasonably assured. As of September 29, 2020, the Company had not begun recognizing sales or receiving profit distributions (see Note 5).

Organizational Costs

In accordance with FASB ASC 720, organizational costs, including accounting fees, legal fee, and costs of incorporation, are expensed as incurred.

Recent Accounting Pronouncements

On June 3, 2020, the FASB issued ASU 2020-05, which amends the effective dates of the Board's standards on revenue (ASC 606) and leasing (ASC 842) to give immediate relief to certain entities as a result of the widespread adverse economic effects and business disruptions caused by the coronavirus disease 2019 (COVID-19) pandemic. Specifically, the Board deferred the effective dates of (1) ASC 606 for private companies and private not-for-profit (NFP) entities and (2) ASC 842 for private companies, private NFP entities, and public NFP entities. The deferrals apply only if those entities have not yet issued their financial statements (or made their financial statements available for issuance) as of June 3, 2020. The Company is currently evaluating methods of adoption as well as the impact that adoption of this guidance will have on its financial statements. ASU 2020-05 permits private entities that have not yet issued their financial statements or made financial statements available for issuance as of June 3, 2020, to adopt ASC 606 for annual reporting periods beginning after December 15, 2019, and for interim reporting periods within annual reporting periods beginning after December 15, 2020. However, since the deferral is not mandatory, private entities may still elect to adopt ASC 606 in accordance with previous guidance (i.e., for annual reporting periods beginning after December 15, 2018, and for interim reporting periods within annual reporting periods beginning after December 15, 2019).

In June 2018, FASB amended ASU No. 2018-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The Company currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

NOTE 3 – INCOME TAX PROVISION

The Company is a limited liability company, treated as a partnership for federal and state income tax purposes with all income tax liabilities and/or benefits of the Company being passed through to the members. As such, no recognition of federal or state income taxes for the Company have been provided for in the accompanying financial statements. Any uncertain tax position taken by a member is not an uncertain position of the Company. In accordance with the Agreement, to the extent possible without impairing the Company's ability to continue to conduct its business and activities, and in order to permit its members to pay taxes on the taxable income of the Company, the Company would be required to make distributions to the members in the amount equal to the estimated tax liability of the members. There have been no taxable distributions as of September 29, 2020.

NOTE 4 – MEMBERS' EQUITY

The Founder Members caused the formation of the Company as a Delaware series limited liability company on September 29, 2020 and entered into an Amended and Restated Limited Liability Company Agreement (the "Agreement") with the parent company, Fanchise League Company, LLC ("Manager", "parent company"), which replaced the Fanchise League Company LLC Company Agreement dated October 12, 2017 in its entirety. The Company shall continue until terminated in accordance with the terms of the Agreement or as provided by law, including events of dissolution. The Company shall be dissolved immediately upon the first to occur of the following events:

- a. The sale of all or substantially all of the Company's assets;
- b. The prior written approval of a Majority of Members; and
- c. The entry of a decree of judicial dissolution pursuant to the Delaware Limited Liability Company Act.

Membership interests are represented by issued and outstanding rights. The Company is composed of three classes of Members: 1) League Unit Members (namely the parent company representing Company management), 2) Team Unit Members and 3) Profit Interest Unit Members. In addition to voting rights required by law, the League Unit Members shall be entitled to vote on all matters submitted to a vote of the Company's members. Except as required by law, the Team and Profit Interest Unit Members shall not be entitled to vote on any matters submitted to a vote of the Company's members. The overall management and control of the Company shall be vested in the Company Manager (the "Manager"). All Series Members may earn distributions only from the Series to which they are admitted as Members (namely, Team Unit Members and Profit Interest Unit Members).

The Units shall consist initially of three (3) classes for the Company created by the Manager:

- (i) One (1) class of Units designated "Voting Units" (the "Voting Units"); and
- (ii) One (1) class of Units designated Non-Voting "Team Units" (the "Team Units"); and
- (iii) One (1) class of Units designated Non-Voting "Team Incentive Units" (the "Team Incentive Units") to be issued as Profit Interest Units pursuant to the Equity Incentive Plan.

As of September 29, 2020, each Series is authorized to issue up to:

- 1) 1,000,000 Voting Units;
- 2) 1,800,000 Team Units, of which 500,000 Team Units shall be reserved for sale to third-party investors in each Series; and
- 3) 2,200,000 Team Incentive Units for issuance as Profits Interests or for issuance upon exercise of an option to acquire Team Units, in each case, issued pursuant to the Equity Incentive Plan.

1,000,000 Voting Units and 1,300,000 Team Units shall be initially issued to Fan Controlled Sports & Entertainment, Inc. An illustrative profit allocation example may be found in the Exhibit pages after the disclosures to the financials.

NOTE 5 – REVENUE/RELATED PARTY

The Company will generate revenues from league and team level sponsorships, merchandise sales, licensing, and digital advertising, in-app purchases, and subscriptions that will be allocated by the FCF after league-level cost coverage. For each fiscal year (defined as the period of January 1 through December 31), the Company (or "each Series") will receive the following calculated profits shares from revenues earned at the Fanchise League Company LLC level ("League Revenue") as well as revenues earned that are directly attributable to the four FCF teams ("Team Revenues") as outlined fully in the Agreement:

- (i) Net Income allocable to League Revenue shall be allocated equally among each Series LLC class of Team and Reserved Incentive Units and then, within such class, among the Members of that class pro rata in proportion to each such Member's Team Percentage Interest (in respect of that class, and in each case excluding unvested Units from the calculation of Team Percentage Interest);
- (ii) Net Income allocable to Team Revenue shall be allocated to the class of Team and Reserved Incentive Units to which the Team Revenue corresponds based on the Team Allocation Methodology, and then among the Members of that class pro rata in proportion to each such Member's Team Percentage Interest (in respect of that class, and in each case excluding unvested Units from the calculation of Team Percentage Interest); and
- (iii) Net Losses shall be allocated to Managers.

For purposes of applying the above, expenses shall be treated as first reducing Net Income allocable to League Revenue and then to Team Revenue should expenses exceed League Revenues (to the extent thereof). In summary, if there were sufficient League revenues to cover costs, each team receives 100% of the Team Revenues it generated. If there were not sufficient League revenues, the League will use Team Revenues to offset expenses. If Team Revenues remain after cost offset, each team will receive its pro-rata allocation of remaining revenues based on what % of Team Revenues each team generated. If no Team Revenues remain after cost offset, the League retains all losses.

In its sole discretion, the Manager may cause interim distributions to be made on a quarterly basis as an advance against amounts to be distributed pursuant to the above; provided, that each Member shall promptly repay to the

LLC on the request of the Manager any excess of such interim distributions over the amount of distributions pursuant to the above to which the Member is ultimately determined to be entitled.

NOTE 6 – STOCK-BASED COMPENSATION

Stock Option Plan

In October 2020, the Company adopted a 2020 equity incentive plan (“2020 Plan”) which permits the grant or option of units to its employees for up to 2,200,000 units of Profit Interest Units (PIU). The Company believes that such awards will help the Company attract, retain and motivate its management and other persons, including officers, directors, key employees and consultants, will encourage and reward such persons’ contributions to the performance of the Company and will align their interests with the interests of the Company’s unitholders. PIU awards are generally granted or optioned at a threshold price not less than the market price of the Company’s units at the date of grant. PIU awards generally vest over a period of months or years. No PIU grants have been made as of September 29, 2020.

NOTE 7 – GOING CONCERN

These financial statements are prepared on a going concern basis. The Company began operation in 2020. The Company’s ability to continue is dependent upon management’s plan to raise additional funds through a crowdfunding campaign, capital contributions from the parent and the ability to achieve profitable operations. The financial statements do not include any adjustments that might be necessary if the Company is not able to continue as a going concern.

NOTE 8 – SUBSEQUENT EVENTS

Team Owner and Equity Assignment

In advance of the season opening in 2021, the Company has negotiated one-year Team Owner engagement terms with celebrity athletes who will have an active role in promoting the team and league as a whole, and will be a driving force in the formation and development of his team’s brand, messaging, and fan base. The Team Owner agreement is signed between the Team Owner and Fanchise League Company LLC, and includes equity compensation assigned to the Team Owner is via direct equity in the Company.

Crowdfunded Offering

The Company is offering (the “Crowdfunded Offering”) up to \$250,000 in Team Units. The Company is attempting to raise a minimum amount of \$25,000 in this offering and up to \$250,000 maximum. The Company must receive commitments from investors totaling the minimum amount by the offering deadline listed in the Form C, as amended in order to receive any funds.

The Crowdfunded Offering is being made through OpenDeal Portal LLC (the “Intermediary” aka “Republic” or “Republic.co”). The Intermediary will be entitled to receive a 6% commission fee and 2% of the securities issued in this offering.

COVID 19

In January 2020, the World Health Organization has declared the outbreak of a novel coronavirus (COVID-19) as a “Public Health Emergency of International Concern,” which continues to spread throughout the world and has adversely impacted global commercial activity and contributed to significant declines and volatility in financial markets. The coronavirus outbreak and government responses are creating disruption in global supply chains and adversely impacting many industries. The outbreak could have a continued material adverse impact on economic and market conditions and trigger a period of global economic slowdown. The rapid development and fluidity of this situation precludes any prediction as to the ultimate material adverse impact of the coronavirus outbreak. Nevertheless, the outbreak presents uncertainty and risk with respect to the Company, its performance, and its financial results.

Management’s Evaluation

Management has evaluated subsequent events through November 18, 2020, the date the financial statements were available to be issued. Based on this evaluation, no additional material events were identified which require adjustment or disclosure in the financial statements.

Exhibit A—Illustrative Team Allocation Methodology, from the Amended and Restated Limited Liability Company Agreement

TEAM ALLOCATION METHODOLOGY

Upon the formation of the teams that will comprise the FCF, the Manager shall assign one team to each Series LLC contemplated by this Agreement. Amounts distributable to Series LLC shall be allocated amongst the Series LLC's pro rata in accordance with the profitability of the FCF teams associated with such Series LLC for the applicable Fiscal Year. Each such team's profitability for the applicable Fiscal Year shall be calculated by dividing the aggregate amount of Team Revenue directly associated with such team for such Fiscal Year as determined by the Manager by the aggregate amount of Team Revenue of the FCF for such Fiscal Year.

Any determination by the Manager contemplated by this Exhibit H will be conclusive, absent manifest error, and will be absolutely binding upon the LLC, each of the Members and their respective successors, personal representatives and permitted assigns.

For purposes of illustration, in the event that (i) "Team 4" is assigned to the Team 4 Series LLC issued in connection with this Agreement by the Manager, and (ii) 30% of the aggregate Team Revenue of the FCF for a given Fiscal Year is directly attributable to Team 4 as determined by the Manager, then 30% of the amount distributable to Team 4 Series LLC shall be allocated to the Team 4 Series LLC, and the Team 4 Series LLC Allocation shall be distributed to the Team 4 Series LLC Members pro rata in proportion to each Team 4 Series LLC Member's Team Percentage Interest.

Exhibit B – Distributable Cash Example, from the Amended and Restated Limited Liability Company Agreement

Assume the following:

- i. The Company Member holds a Team 4 Team Units Percentage Interest of 45%.
- ii. A team captain (the "Team Captain") holds a Team 4 Incentive Units Percentage Interest of 40%, comprised of Profits Interests issued pursuant to the Equity Incentive Plan.
- iii. A fan (the "Fan") holds a Team 4 Team Units Percentage Interest of 5%.
- iv. Employees (the "Employees") hold a Team 4 Team Units Percentage Interest of 10%, comprised of Profits Interests issued pursuant to the Equity Incentive Plan.

Year 1

Assume the following:

- v. At the end of Fiscal Year 1, League Revenue is \$3,000,000.
- vi. At the end of Fiscal Year 1, Team Revenue is \$617,500.
- vii. At the end of Fiscal Year 1, total league expenses are \$3,200,000.
- viii. Team 4 is responsible for 70% of the LLC's aggregate Team Revenue.

With the aforementioned assumptions:

- i. FCF's total revenues for Fiscal Year 1 would be \$3,617,500 (i.e., \$3,000,000 League Revenue plus \$617,500 Team Revenue).
- ii. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$417,500 (i.e., \$3,617,500 in aggregate revenue minus total expenses of \$3,200,000).
- iii. Since Distributable Cash (\$417,500) is less than Team Revenue for Fiscal Year 1 (\$617,500), Distributable Cash shall be distributed to the Series LLC's.
- iv. The aggregate amount of Distributable Cash distributable to Team 4 Series LLC would be \$292,250 (i.e., \$417,500 in Distributable Cash multiplied by Team 4's 70% of profitability).

With these assumptions, Distributable Cash would be distributed to the Team 4 Team Unit Members as follows:

- i. The Company Member would receive \$131,512.50 (i.e., \$292,250 multiplied by the Company Member's Team Percentage Interest of 45%).
- ii. The Team Captain would receive \$116,900 (i.e., \$292,250 multiplied by the Team Captain's Team Percentage Interest of 40%).

- iii. The Fan would receive \$14,612.50 (i.e., \$292,250 multiplied by the Fan's Team Percentage Interest of 5%).
- iv. The Employees would receive \$29,225 (i.e., \$292,250 multiplied by the Employees' Team Percentage Interest of 10%).

Year 2

Assume the following:

- ix. At the end of Fiscal Year 2, League Revenue is \$7,000,000.
- x. At the end of Fiscal Year 2, Team Revenue is \$1,235,000.
- xi. At the end of Fiscal Year 2, total league expenses are \$6,000,000.
- xii. Team 4 is responsible for 70% of the LLC's aggregate Team Revenue.

With the aforementioned assumptions:

- v. FCF's total revenues for Fiscal Year 2 would be \$8,235,000 (i.e., \$7,000,000 League Revenue plus \$1,235,000 Team Revenue).
- vi. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$2,235,000 (i.e., \$8,235,000 in aggregate revenue minus total expenses of \$6,000,000).
- vii. Since Distributable Cash (\$2,235,000) is more than Team Revenue for Fiscal Year 2 (\$1,235,000), Distributable Cash shall be distributed to the Series LLC's.
- viii. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$1,235,000 (i.e., the aggregate Team Revenue of \$1,235,000).
- ix. The aggregate amount of Distributable Cash distributable to the Team 4 Series LLC would be \$864,500 (i.e., the aggregate Team Revenue of \$1,235,000 multiplied by Team 4's 70% of profitability).
- x. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$1,000,000 (i.e., \$2,235,000 of Distributable Cash minus \$1,235,000 of Team Revenue).
- xi. The aggregate amount of Distributable Cash distributable to the Team 4 Series LLC would be \$125,000 (i.e., \$1,000,000 of Distributable Cash distributable to the Series LLC's divided by the number of teams)

With these assumptions, Distributable Cash would be distributed to the Team 4 Team Unit Members as follows:

- (a) if the LLC were to liquidate completely after the end of such Fiscal Year,
 - a. The Company Member would receive \$389,025 (i.e., \$864,500 multiplied by the Company Member's Team Unit Percentage Interest of 45%).
 - b. The Team Captain would receive \$345,800 (i.e., \$864,500 multiplied by the Team Captain's Team Unit Percentage Interest of 40%).
 - c. The Fan would receive \$43,225 (i.e., \$864,500 multiplied by the Fan's Team Unit Percentage Interest of 5%).
 - d. The Employees would receive \$86,450 (i.e., \$864,500 multiplied by the Employees' Team Unit Percentage Interest of 10%).
- (b) Any remaining cash would be distributed as follows
 - a. The Company Member would receive \$56,250 (i.e., \$125,000 multiplied by the Company Member's Team Unit Percentage Interest of 45%).
 - b. The Team Captain would receive \$50,000 (i.e., \$125,000 multiplied by the Team Captain's Team Unit Percentage Interest of 40%).
 - c. The Fan would receive \$6,250 (i.e., \$125,000 multiplied by the Fan's Team Unit Percentage Interest of 5%).
 - d. The Employees would receive \$12,500 (i.e., \$125,000 multiplied by the Employees' Team Percentage Interest of 10%).

About The League

Fan Controlled Football (FCF) is a new category of interactive entertainment that blurs the line between traditional sports and video games, with a fan-controlled league that puts fans (you!) in control of everything from real-time play calls to jersey designs.

Video games and esports have dramatically changed consumer expectations for entertainment. Younger fans now require short form content, digital distribution and interactivity, paving the way for the skyrocketing use of platforms like Twitch.

As leagues and teams are scrambling to find new ways to connect and engage, FCF presents fans with a next-gen solution.

How does it work? It all starts with choosing a team.

How It Works

Fans call the shots like a real-life video game

Fans interact with their team owners, who give advice as part of their live commentary during every game.

Fans select from the best of eight play options based on the game situation, with a recommendation engine built in partnership with IBM Watson.

Call the right play and earn FanIQ - as fans climb the leaderboard they unlock greater access and power for running their team.

Live stream + real-time play calling integrated directly into the viewing experience across desktop, mobile and connected TV.

The fan experience is like EA Madden for real life.

Fan Participation

A game where the fans and the players are on the same team

Participation is free and all fans have a voice, but not all fans are created equal.

Fans earn FAN IQ by engaging in the FCF ecosystem, voting, drafting players, calling plays, consuming and creating content, engaging with partners, recruiting fans to their team and more.

The more FAN IQ you earn, the more you rack up badges and reach higher levels on the leaderboard. As you level-up, your voting power increases relative to other fans of your team, and your badges provide special powers and boosts during the weekly draft and games.

FCF presents a unique opportunity for sports fans to actually get out what they put in, and truly make an impact for their team's success on the field.

The FCF is making fantasy football a reality.

Celebrity Backing

Influential Team Owners Drive Awareness + Fandom

Rather than using the traditional model of sports teams being tied to a home city, the FCF has created unique brands for each team that align with the famous fans in their ownership group.

From the smart and cunning Wild Aces, to the hard hitting Beasts, ultra cool Glacier Boyz and party animal Zappers - each team brings its own style that mirrors that of its owners.

FCF fans choose to join the squad they most identify with, creating die hard fandom with no geographic borders.

Famous Team Owners actively engage with their fans to determine their team's unique strategy – from the team names and logos which were all fan submissions, to the players that get drafted and the type of offense they run.

Team Owners drive awareness of their team and the league by actively promoting on social, creating content around team and league votes, co-streaming their games on Twitch and participating in podcasts, interviews and more.

Team Ownership Groups were formed by pairing influential celebrities with big name NFL players. Combined, we tap into a social-influencer base **reaching more than 100 million followers.**

Key Partners

Major strategic partners include Twitch and Verizon

Our vision and execution thus far has attracted key strategic partners for the inaugural season.

The screenshot shows the Sportico website with a search bar and navigation menu. The main article is titled "TWITCH COMBINES LIVE SPORTS AND VIDEO GAMES IN FAN-CONTROLLED FOOTBALL PARTNERSHIP" by Jacob Feldman and Emily Caron, dated October 26, 2020. A secondary article from Verizon Ventures is also visible, titled "Verizon Ventures' Fan Controlled Football investment blends video gaming and sports" by Kristina Serafim. The article discusses the convergence of sports and video gaming, noting that fans, players, and teams are finding new ways to engage. It mentions that the market opportunity is vast, with Global Fantasy Sports revenue expected to jump 50% between 2018 and 2025, and eSports revenue forecasted to rise by 13% in the same period.

Big brand sponsors include Progressive Insurance, Champion, and IBM

FCF has secured multiple six-figure sponsorship deals for its first season. These brands are looking for an authentic way to get in front of the highly coveted Male 18-34 audience that makes up the majority of the FCF fanbase. And FCF's mix of real pro football that plays like a video game for fans is something sponsors are very eager to attach their brand to.

The screenshot shows an Adweek article titled "Fan Controlled Football Signs Progressive as a Partner Ahead of First Season". The sub-headline reads: "The new sports concept has attracted big-name celebrities and brands".

The Venue And Production

A world-class broadcast from the FCF studio arena

Our unique venue is designed to create the cutting edge viewing experience that streaming audiences demand.

- All games are **streamed live on Twitch** from our football soundstage at the Infinite Energy Arena in Atlanta, GA
- Full control of the venue and set design **akin to a motion picture production so as to maximize the digital experience**
- **Dramatically reduced overhead** with only one lease and shared services and personnel across the entire league
- **No travel** - all players and coaches live in one location and are shuttled between hotel and venue maintaining a virus-free bubble
- **Players and staff are sequestered** in the venue and nearby housing for the duration of the season

The screenshot shows the FCF website with a navigation menu (TEAMS, FOUNDING FANS, GAMEPLAN, HOW IT WORKS, NEWS, BE A PLAYER, STORE) and a prominent banner that says "YOUR VOTE COUNTS". Below the banner, it says "Vote to earn credit towards your Progressive Snapshot® Badge" and includes a "VOTE" button.

Progressive has joined FCF as a new sponsor, alongside apparel brand Champion.

Business Model

A streamlined cost model, a dynamic revenue model, and an entirely new approach to the business of sports

FCF's business model is revolutionary when compared to traditional leagues.

Instead of playing in multiple venues across the country, which creates the need to replicate coaching and front office staffs in each market and imposes significant travel costs, the FCF uses a unified model of shared costs and services to ensure a far lower operational cost than other alternative football leagues. This creates a best in class cost model that will drive profitability early in the life cycle of the company.

FCF's approach enables multiple revenue streams - traditional sources including sponsorship, live game rights and merchandise alongside more modern digital monetization.

On the digital front, FCF employs a "freemium" video game revenue model whereby it is entirely free for fans to join and participate, with in-app micro transactions built into the virtual economy of Fan IQ. Additionally, through Twitch, FCF offers content-focused digital subscriptions to enable die hard fans with premium access inside the locker room and onto the practice fields.

Market

FCF is positioned at the intersection of two booming industries - traditional sports and esports - providing a vast market opportunity

Sports in the United States alone is a \$75B industry, and football is king. Average franchise values in the NFL topped \$3B in 2020 and show no signs of stopping.

[Sports & Recreation](#) > [Professional Sports](#)

National Football League average franchise value from 2000 to 2020 (in million U.S. dollars)

According to NewZoo, **esports total audience and revenue is forecasted to rise significantly over the next several years.** Perhaps even more exciting, esports is projected to have more viewers than every pro sports league but the NFL in 2021. FCF is perfectly positioned to take advantage of these trends.

Twitch COO Sara Clemens: We're seeing record levels of engagement

Sara Clemens, COO of Twitch, joins "Squawk Alley" to discuss the company's position as more people are tuning into streaming while at home.

Competition And Proof Of Concept

FCF is pioneering an entirely new category of interactive, fan-controlled pro sports

We have a chance to shape the future of sports, one where fan participation is just as important as the participation of the athletes on the field. We've been working since 2015 to make this dream a reality, and we have first mover advantage in a category we get to define. We also secured a patent for real-time play calling to help us "build a moat" to protect what we're creating.

A vision this bold needs some early validation

Which is why we decided to purchase a new franchise in the Indoor Football League to test our fan-controlled ideas. We owned and operated the Salt Lake Screaming Eagles during the 2017 IFL season, and after 16 games we left with some tremendous results.

Our lead investor, Jeremy Liew of Lightspeed Venture Partners, said **"This is the most elaborate "proof of concept" that we've ever seen!"**

Americans love to watch football. The TV show with the [highest ratings of the season](#) is [Sunday night football](#). Second highest is Thursday night football. Third highest is ... you guessed it, Monday night football.

Our founding team at FCF has multiple venture backed successful exits under their belt, and some experience playing in the NFL too (only one of us can say that!). Our exec team is comprised of an incredible balance of big league (NFL, NBA, MLB) executives, other sports property executives (AFL, IFL, USA Water Polo, ABA), and true startup founders and execs that know how to get it done in the early stages of a business. We are built to win now, and in the future.

The Great Fan-Run Football Experiment

Out near Salt Lake City, a football team gave itself almost completely over to the fans: They chose the team's name, the uniforms, even the plays during the game. And it might just be the next big evolution in football.

Read his blog post on Medium to see why.

Capitalized terms used but not defined herein shall have the respective meanings ascribed thereto in the Form of Omnibus Team Units Instrument attached hereto as Exhibit A (the “**Omnibus Team Units Instrument**”). In consideration of the mutual covenants set forth in this Agreement and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Subscriber and the Company hereby agree as follows.

1. **Subscription.** Subject to the terms and conditions of this Agreement, the Subscriber hereby subscribes \$[] (the “**Subscription Amount**”) for the right to a contingent beneficial ownership of certain shares of the Company's Team Units (the “**Subscription**”), to be represented by a pro rata beneficial interest (based on the Subscription Amount) in a Team Unit issued by the Company to the trustee and custodian designated in the Omnibus Team Unit Instrument, with such trustee and custodian as legal record owner of the Team Units.
2. **General Terms and Conditions.**
 - (a) *Acceptance and Conditions.* The Company reserves the right, in its sole and absolute discretion, to accept or reject the Subscription in whole or in part. The valid execution of this Agreement shall be conditioned upon the following terms being met: (i) Subscriber's completion of the investment commitment process on the Portal hosting the Company's offering; (ii) Subscriber's delivery of the Subscription Amount to an escrow account held for the benefit of the Company's offering, in the manner and method provided in the Company's offering disclosures; (iii) Subscriber's execution of a separate custody account agreement by the Subscriber directly with the trustee and custodian designated in the Omnibus Team Unit Instrument; (iv) Subscriber's delivery of an executed counterpart of this Agreement; and (v) the Company counter-signing this Agreement.
 - (b) *Nature of Interest in Omnibus Team Unit Instrument.* The Company has entered into, or expects to enter into, separate subscription agreements substantially similar in all material respects to this Agreement with other subscribers, and such subscribers shall also hold pro rata beneficial interests (based on their respective subscription amounts) in the Omnibus Team Unit Instrument. Nothing in this Agreement shall be construed to provide the Subscriber, or any other subscribers, as a holder of a beneficial interest in the Omnibus Team Unit Instrument, (i) with any voting, information or inspection, or distribution rights not explicitly provided by the Omnibus Team Unit Instrument (or the Subscriber's beneficial interest therein), and such rights shall be limited

exclusively to those provided for in the Omnibus Team Unit Instrument and in any proxy agreement or (ii) any right to be deemed the legal record owner of the Omnibus Team Unit Instrument, with any right to vote, receive information, conduct inspections or receive distributions or be deemed the holder of Membership Units for any purpose, nor will anything in this Agreement be construed to confer on the Subscriber any of the rights of a unitholder of the Company or any right to vote for the election of directors or upon any matter submitted to unitholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise, unless provided explicitly herein.

The Subscriber understands that the Omnibus Team Unit Instrument (and the Subscriber's beneficial interest therein) and the underlying securities have not been, and will not be, registered under the Securities Act or any state securities laws, by reason of specific exemptions under the provisions thereof which depend upon, among other things, the bona fide nature of the investment intent and the accuracy of the Subscriber's representations as expressed herein.
- (d) The Subscriber has, and at all times under this Agreement will maintain, a custody account in good standing with the custodian and trustee pursuant to a valid and binding custody account agreement.
- (e) The Subscriber acknowledges, and is making the Subscription and purchasing its beneficial interest in the Omnibus Team Unit Instrument in compliance with, the investment limitations set forth in Rule 100(a)(2) of Regulation CF.

- (m) The Subscriber understands the substantial likelihood that the Subscriber will suffer a **TOTAL**

LOSS of all capital invested, and that Subscriber is prepared to bear the risk of such total loss.

- (n) The Subscriber understands and agrees that its beneficial interest in the Omnibus Team Unit Instrument does not entitle the Subscriber, as a holder of such interest, to vote, execute consents, or to otherwise represent the interests thereunder. The Subscriber acknowledges and agrees that the custodian and trustee shall vote, execute consents, and otherwise make elections pursuant to the terms of the Omnibus Team Unit Instrument in its sole and absolute discretion.

An Incentive Unit with a Profits Interest Threshold Amount that is at least equal to its Profit Interest Target Amount is intended to meet the definition of a “profits interest” in I.R.S. Revenue Procedures 93-27 and 2001-43 and the provisions of this Agreement shall be interpreted and applies consistently with such intention; provided, however, that none of the Parties is providing any representation, warranty or covenant to this effect. The Manager shall, if necessary, reduce the amount of each distribution to be made in respect of the Incentive Units under Section 2.09(b) to the extent necessary so that each Incentive Unit constitutes a “profits interest” within the meaning of I.R.S. Revenue Procedures 93-27 and 2001-43. In the event that the amount to be distributed in respect of an Incentive Unit is reduced pursuant to the preceding sentence (the amount of such reduction being referred to as the “Excess Distributions”), the Excess Distributions shall be distributed to the other Team Members pursuant to Section 3.1(b) and the Manager shall have the right to make adjustments to future distributions so that the holder of such Incentive Unit later receives an amount equal to the Excess Distributions out of amounts that, but for this sentence, would have been distributed to other Team Members. An Incentive Unit that is issued with a Profits Interest Threshold Amount that is at least equal to its Profit Interest Target Amount shall be treated in the same manner as any other Incentive Unit for all purposes of this Agreement except (i) as provided in the Equity Incentive Plan and (ii) as specifically provided in this Agreement (for example, with respect to adjustments of amounts distributable with respect to such Incentive Unit as provided in this definition and Article X).

“Profits Interest Target Amount” shall mean in respect of each Incentive Unit that is issued, the amount specified in respect of that Incentive Unit in clause (y) of the first sentence of the definition of Profits Interests.

“Profits Interest Threshold Amount” for an Incentive Unit intended to be a Profits Interest shall mean, unless otherwise determined by the Manager, an amount equal to the amount that would be distributed in respect of such Incentive Unit if it had no Profits Interest Threshold Amount, if, immediately after such Incentive Unit is issued, the LLC were to liquidate completely and in connection with such liquidation (i) sell all of its assets at their fair market values, (ii) settle all of its liabilities to the extent of the available assets of the LLC (but limited, in the case of nonrecourse liabilities as to which the creditors’ rights to repayment are limited solely to one or more assets of the LLC, to the value of such assets), and (iii) each holder of Units were to pay to the LLC at that time the amount of any obligation then unconditionally due to the LLC, and then the LLC were to distribute any remaining cash and other proceeds to the holders of Units in accordance with the distribution provisions of Section 3.3(a); provided, however, the Profits Interest Threshold Amount shall not be less than zero dollars (\$0). The Manager shall have the discretion to set any Incentive Unit’s Profits Interest Threshold Amount to equal an amount that is greater than the amount determined in the prior sentence. The Profits Interest Threshold Amount of an Incentive Unit shall be reduced (but not below zero dollars (\$0)) dollar-for-dollar by the amount by which distributions with respect to such Incentive Unit were previously reduced by reason of the existence of the Profits Interest Threshold Amount. The Manager shall have the discretion to reduce the Profits Interest Threshold Amount with respect to any Incentive Unit if, subsequent to the grant of such Incentive Unit, the fair market value (as determined by the Manager in its sole discretion) of the LLC declines.

“Reserves” shall mean, with respect to a Series, funds set aside or amounts allocated to reserves that shall be maintained in amounts deemed sufficient by the Series Manager associated with such Series for working capital and to pay taxes, insurance, debt service or other costs or expenses incident to the ownership or operation with respect to such Series, or incident to the liquidation of such Series pursuant to this Agreement.

“Secretary” shall mean the Delaware Secretary of State.

“Separate Property” shall mean the respective properties specified in the respective Separate Series Agreement.

“Series Agreement” shall have the meaning set forth in Section 3.02.

“Series” shall mean a designated Series of Members, Series Managers or Limited Liability Company Interests established in accordance with this Agreement and 6 Del.C. § 18-215 having separate rights, powers or duties with respect to Separate Property or obligations or profits and losses associated with Separate Property or obligations and, to the extent provided in this Agreement or a Separate Series. Unless otherwise agreed to in writing by the Series Manager,

each Team interest shall be a separate Series and Separate Property with respect to the Series Members and Series Managers (hereafter “New Series”).

“**Team Incentive Units**” shall have the meaning ascribed to it in Section 3.9(a).

“**Team Percentage Interest**” shall mean, with respect to a Team Member, the percentage of the total Team Units such Member holds of the applicable Class of Team Units. The initial Team Percentage Interest of each Team Member in each class of Team Units is set forth on Exhibit A. Following the Effective Date, the Team Percentage Interests will be adjusted proportionally for any new issuance, conversion, redemption, repurchase or Transfer of any Team Units in accordance with this Agreement. The Manager shall amend Exhibit A to reflect each such adjustment.

“**Team Units**” shall have the meaning ascribed to it in Section 3.9(a)(ii).

“**Treasury Regulations**” shall mean the income-tax regulations, including temporary regulations, promulgated under the Code, as such regulations may be amended from time to time (including corresponding provisions of superseding regulations).

Section 2.05 – Capital Contributions: The Company Member has contributed the amount in the books and records of the Company as its initial capital contribution to the Company. The Company Member may make, but shall not be required to make, additional capital contributions to the Company.

Section 2.06 – Taxation. It is the intent of the Company Member that since the Company has a single owner, the Company shall be disregarded as an entity separate from the Company Member for federal tax purposes.

Section 2.07 - Partnership Representative. Sohrob Farudi or his Designee shall serve as the “Partnership Representative” for the Company within the meaning of Section 6223 of the Code (the “Partnership Representative”). The Partnership Representative shall determine (a) the appropriate treatment of each item of income, gain, loss, deduction and credit of the Company on its Tax returns, (b) the accounting methods and conventions under the Tax Laws of the United States, the and other relevant jurisdictions applicable to the treatment of any such item and (c) any other method or procedure related to the preparation of such Tax returns. The Partnership Representative shall have all of the rights, duties, powers and obligations provided for in Sections 6221 through 6241 of the Code. All elections required or permitted to be made by the Company, and all other Tax decisions and determinations relating to U.S. federal, state or local Tax matters of the Company, shall be made by the Partnership Representative. Tax audits, controversies and litigations shall be conducted under the direction of the Partnership Representative. The Partnership Representative shall, upon request of the Company, provide the Company with information in respect of any of the foregoing and shall use its reasonable best efforts to keep the Company apprised of any material developments on matters in respect of which the Company has requested to be kept so apprised. If Sohrob Farudi ceases to be a Partnership Representative, Members owning at least a majority of the Company’s LLC Units shall be entitled to appoint a new Partnership Representative to replace the Sohrob Farudi.

Section 2.08 – Allocation of Profits and Losses.

(a) Prior to a Liquidation Event, for each Fiscal Year (or other Accounting Period):

(i) Net Income allocable to League Revenue shall be allocated equally among each Series LLC class of Team and Reserved Incentive Units and then, within such class, among the Members of that class pro rata in proportion to each such Member’s Team Percentage Interest (in respect of that class, and in each case excluding unvested Units from the calculation of Team Percentage Interest);

(ii) Net Income allocable to Team Revenue shall be allocated to the class of Team and Reserved Incentive Units to which the Team Revenue corresponds based on the Team Allocation Methodology set forth as Exhibit h, and then among the Members of that class pro rata in proportion to each such Member’s Team Percentage Interest (in respect of that class, and in each case excluding unvested Units from the calculation of Team Percentage Interest); and

(iii) Net Losses shall be allocated in the manner in which such items reduce a Member’s entitlement to distributions under Article III.

For purposes of applying the above, expenses shall be treated as first reducing Net Income allocable to League Revenue (to the extent thereof).

(b) Upon a Liquidation Event, Net Income, Net Loss and items thereof (including gross items thereof) of the LLC for the applicable Fiscal Year (or other Accounting Period) shall be allocated to the Members in such manner that:

(i) if the LLC were to liquidate completely after the end of such Fiscal Year (or other Accounting Period) and in connection with such liquidation (x) sell all of its assets at their Carrying Values, (y) settle all of its liabilities to the extent of the available assets of the LLC (limited, in the case of nonrecourse liabilities, to the collateral securing such liability), and (z) each Member were to pay to the LLC at that time the amount of any obligation then unconditionally due (in a non-Member capacity) to the LLC, then:

(ii) (x) the distribution by the LLC of any remaining cash to the Members in accordance with their respective Capital Account balances (after crediting or debiting the Capital Accounts for any Net Income, Net Loss, items thereof and allocations pursuant to Section 9.3 for such Fiscal Year or other Accounting Period, including any Partner Nonrecourse Debt Minimum Gain and Partnership Minimum Gain resulting from the hypothetical liquidation and crediting Capital Accounts for all contributions to be made (if any) in connection with the liquidation) would correspond as closely as possible to the liquidating distributions that would result if the liquidating distributions had instead been made in accordance with Section 10.3; and (y) any resulting deficit Capital Account balance (after crediting or debiting Capital Accounts for Net Income, Net Loss, items thereof, and allocations pursuant to Section 9.3 for such Fiscal Year or other Accounting Period, including any Partner Nonrecourse Debt Minimum Gain and Partnership Minimum Gain resulting from the hypothetical liquidation and crediting Capital Accounts for all contributions required to be made (if any) in connection with the liquidation) would correspond as closely as possible to the manner in which economic responsibility for such deficit Capital Account balances, if any, would be borne by the Members under the terms of this Agreement or any collateral agreement. For the avoidance of doubt, unvested Units shall be treated as vested for allocation purposes in accordance with I.R.S. Revenue Procedure 2001-43.

Section 2.09 – Distributions.

(a) Within 45 Business Days after the end of each Fiscal Year, the Manager shall cause all Distributable Cash, if any, to be distributed to the Series LLC's in accordance with Section 2.08(b). In connection therewith, the Manager shall determine the amount of the revenues that the LLC earned for such Fiscal Year (i) that is attributable to the league-wide operation of the Business (e.g., league-wide media transactions and sponsorships or league-wide licensing arrangements) (the "League Revenue"), and (ii) that is attributable to the operations of a team included within the Business (e.g., team advertising transactions or team merchandising arrangements) (the "Team Revenue"). For the avoidance of doubt, any revenue that the LLC earns for such Fiscal Year shall be deemed either League Revenue or Team Revenue, and none of the revenue that the LLC earns for such Fiscal Year shall be deemed both League Revenue and Team Revenue. Such determinations as made by the Manager will be conclusive absent manifest error and absolutely binding upon the LLC, each of the Members and their respective successors, personal representatives and permitted assigns. In its sole discretion, the Manager may cause interim distributions to be made on a quarterly basis as an advance against amounts to be distributed pursuant to this Section 2.08; provided, that each Member shall promptly repay to the LLC on the request of the Manager any excess of such interim distributions over the amount of distributions pursuant to this Section 2.08 to which the Member is ultimately determined to be entitled.

(b) If the Manager declares and determines to make any distribution of Distributable Cash to the Members, all such distributions shall be made as follows:

(i) If the amount of Distributable Cash is less than or equal to the amount of Team Revenue for such Fiscal Year, Distributable Cash shall be distributed to the Series LLC's classes of Team and Reserved Incentive Units according to the Team Allocation Methodology set forth as Exhibit H hereto.

(ii) If the amount of Distributable Cash is more than the amount of Team Revenue for such Fiscal Year, Distributable Cash shall be distributed to the Series LLC's as follows:

- (1) an amount equal to the Team Revenue shall be distributed to the Series LLC's Team and Reserved Incentive Units in accordance with Section 2.1(b)(i); and
- (2) the amount by which Distributable Cash exceeds Team Revenue for such Fiscal Year shall be distributed to the Series LLC's Team Units in equal portions.

Exhibit I provides an illustrative example of the calculation of distributions of Distributable Cash to be made to the Series LLC's in accordance with this Section 2.09(b).

(c) Except as otherwise provided by applicable Law, no Member shall be required to restore or repay to the LLC any funds properly distributed to it pursuant to Section 2.09.

Section 2.10 – Dissolution. The Company shall have perpetual existence unless it shall be dissolved and its affairs shall have been wound up upon (a) the written consent of the Company Member or (b) the entry of a decree of judicial dissolution under Section 18-802 of the Act. The existence of the Company as a separate legal entity shall continue until the cancellation of the Certificate as provided in the Act. None of the events described in Section 18-304 of the Act shall cause the Company Member to cease to be a Member of the Company.

Section 2.11 – Assignments. The Company Member may assign its limited liability company interest to any person, which person shall become a Company Member upon the filing of the instrument of assignment with the records of the Company.

Section 2.12 – Liability of Member. The Company Member shall not have any liability for any obligations or liabilities of the Company except to the extent provided in the Act.

Section 3.01 – Series Formation: As established from time to time in accordance with this Agreement, there may be designated additional Series having separate rights, powers or duties with respect to separate property or obligations or profits and losses associated with separate property or obligations and, to the extent provided in this Agreement and a separate Series Agreement, and may have a separate business purpose or investment objective. A Member may be a member of one or more Series.

Section 3.02 – Company Authorization to Form Additional Series: Without the need for the consent of any Person, the Company Member may establish one or more additional Series as they may jointly determine in their sole discretion. The terms of each additional Series shall be as set forth in this Agreement and a separate agreement establishing such Series (a “Separate Series Agreement”) substantially in the form of Exhibits A, B, C, D, attached hereto. A Separate Series Agreement may be executed by the Series Manager as Members associated with such Series. To the extent that a Separate Series Agreement conflicts with this Agreement, this Agreement shall control.

Section 3.02 - Series Agreements. Designation of Series Member Classes by the Manager may be based on the amount, character or type of the Capital Contribution, or the timing of the Capital Contribution to a Series, as the Manager deems appropriate when forming the Series.

Each Series Agreement will describe the characteristics, capital requirements, of a Series, and will include:

- i. Series Members who will make Capital or Non-Capital Contributions to the Series to further its separate business objectives; and

Section 3.02 – Series Autonomy: No debt, liability or obligation of a Series shall be a debt, liability or obligation of any other Series. Separate and distinct records shall be maintained for each and every Series, and

assets associated with any such Series shall be accounted for separately from the other assets of the Company, or any other Series of the Company. The Certificate of Formation shall contain notice of the limitation of liabilities of a Series as to other Series in conformity with the Act.

Section 3.03 – Series Manager: The Company Manager shall be vested with the authority to act as and on behalf of the Company, and shall have the sole and exclusive authority to appoint a Series Manager for each Series. The business and affairs of a Series shall be vested in the Series Manager and Members of that Series in accordance with its Series Agreement. Without limiting the general authority of a Series Manager provided herein, the Series Manager shall have the sole power and authority, on behalf of a Series to:

a) Acquire title or management control of an Asset from any person as the Series Manager(s) may determine, whether or not such person is directly or indirectly affiliated or connected with the Series Manager or any Series Member;

Section 3.05 - Partnership Representative. The Series Manager or its Designee shall serve as the “Partnership Representative” for each individual Series within the meaning of Section 6223 of the Code (the “Partnership Representative”). The Partnership Representative shall determine (a) the appropriate treatment of each item of income, gain, loss, deduction and credit of the Series on its Tax returns, (b) the accounting methods and conventions under the Tax Laws of the United States, the and other relevant jurisdictions applicable to the treatment of any such item and (c) any other method or procedure related to the preparation of such Tax returns. A Series Member may be a Member of one or more Series. A Series Member may earn Distributions only from the Series to which it is admitted as a Member. The Manager shall have the right to cause the LLC to issue or sell to any Persons and admit any such Person as a Member (including Members and Affiliates of Members) any of the following (which for purposes of this Agreement shall be “Additional Interests”): (i) Units in the LLC in addition to Units issued hereunder or pursuant to the Equity Incentive Plan; and (ii) Awards or other rights to purchase or otherwise acquire Units issued pursuant to the Equity Incentive Plan. The Manager shall have the right to increase the number of Units that the LLC is authorized to issue pursuant to Section 3.9, cause the LLC to issue such Additional Interests subject to repurchase or forfeiture based on vesting, and the Manager shall have the right to cause the LLC to repurchase or reacquire such Additional Interests pursuant to the terms governing the vesting of such Additional Interests. Upon any such repurchase or forfeiture, such repurchased or reacquired Additional Interests may be resold and reissued pursuant to the terms of this Article III and the Equity Incentive Plan (if applicable). If an Additional Interest is issued to an existing Member in accordance with the terms of this Agreement, the Manager shall amend Exhibit A without the further vote, act or consent of any other Person to reflect the issuance of such Additional Interest and, upon the amendment of such Exhibit A, such Member shall be issued its Additional Interest

Section 3.08 – Series Capital Contributions and Distributions:

a. **Initial Series Capital Contributions.** The Company Manager may raise Capital Contributions for each Series by the sale of Units in each Series. The Company Manager will determine the minimum or maximum number of Units to be sold on behalf of a Series, and the minimum investment amount required of an individual Investor in a Series, if any. Each Series Member shall contribute to such Series in the amount set forth in a Series Agreement as its Initial Capital Contribution to the Company with respect to such Series.

Section 3.09 – Series Units Generally. Membership Interests sold by the Company on behalf of a

Series may be denominated in Units. Units may be issued in one or more classes or series of classes, as approved by the Company Manager, and references to Units shall be deemed to include fractional Units. The Units shall be uncertificated unless the Company Manager determines that the Units shall be represented by certificates in such form as shall be determined by the Company Manager from time to time. If applicable, the Company may issue a new certificate in place of any certificate therefore issued by it, alleged to have been lost, stolen or destroyed.

Section 3.10 – Classes of Series Units:

- (a) The Units shall consist initially of three (3) classes for each Series created by the Manager:
- (i) One (1) class of Units designated “Voting Units” (the “**Voting Units**”); and
 - (ii) One (1) class of Units designated Non-Voting “Team Units” (the “**Team Units**”); and
 - (iii) One (1) class of Units designated Non-Voting “Team Incentive Units” (the “**Team Incentive Units**”) to be issued as Profit Interest Units pursuant to the Equity Incentive Plan.

As of the date hereof, each Series is authorized to issue up to:

- 1) 1,000,000 Voting Units;
- 2) 1,800,000 Team Units, of which 500,000 Team Units shall be reserved for sale to third-party investors in each Series; and
- 3) 2,200,000 Team Incentive Units for issuance as Profits Interests or for issuance upon exercise of an option to acquire Team Units, in each case, issued pursuant to the Equity Incentive Plan.

1,000,000 Voting Units and 1,300,000 Team Units shall be initially issued to Fan Controlled Sports & Entertainment, Inc. The Units shall have the rights, preferences, privileges, limitations, restrictions and/or obligations as set forth herein and such other relative rights, powers and duties as are set forth in this Agreement.

(b) Equity Incentive Plan. Following the Effective Date, the Manager may adopt an Equity Incentive Plan (the “Equity Incentive Plan”) in a form reasonably acceptable to the Manager and without the requirement that the Equity Incentive Plan be approved by the Members. The Members hereby agree that the Manager shall have the authority to adopt and administer the Equity Incentive Plan, or appoint an administrator thereof, in accordance with the terms of the Equity Incentive Plan and this Agreement. The Manager shall be permitted to issue or deem to be issued or allocated up to the number of Team Incentive Units pursuant to the Equity Incentive Plan, and any such Team Incentive Unit may be issued with a Profits Interest Threshold Amount and may be subject to vesting or other restrictions as determined by the

Manager. The Team Incentive Units may be increased or decreased by the Manager, in its sole discretion. Unless otherwise provided in the Equity Incentive Plan or pursuant to a Unit grant agreement or option agreement, Incentive Units issued under the Equity Incentive Plan shall represent solely an economic interest in the LLC. Holders of such Incentive Units shall be entitled to the allocations and distributions attributable to such Incentive Units, but shall otherwise have no rights or powers (including, without limitation, voting power) to participate in the management of the LLC with respect to their Incentive Units, and shall not be treated as, nor possess any of the rights of, a member of a limited liability company under the Act. Any Member who receives Incentive Units for services shall make a timely and effective election under Section 83(b) of the Code in accordance with Section 1.83-2 of the Treasury Regulations with respect to such Incentive Units unless the Manager determines that such Member shall not be required to file such election. With respect to any Incentive Unit issued that is intended to be a Profits Interest, both the LLC and all Members will (i) treat such Incentive Units as outstanding for U.S. federal income tax purposes, (ii) treat such Member as a partner for U.S. federal income tax purposes with respect to such Incentive Units and (iii) file all tax returns and reports consistently with the foregoing, and neither the LLC nor any of its Members will deduct any amount (as wages, compensation or otherwise) from the fair market value of such Incentive Units for U.S. federal income tax purposes.

Section 3.11 - Class of Series and Voting Rights: Subject to the other provisions of this Agreement or a Series Agreement;

- a. The Company Manager retains the sole and exclusive right to establish Series, Series Member Classes, the quantity and value of Units in a Series to be sold in exchange for Capital Contributions to each Series as may be necessary to accomplish the objectives of the Series or the Company. The voting rights, if any associated with the Units will be specified in a Series Agreement.
- b. If any non-voting Interests are issued by a Series, the non-voting Interest holders although Series Members, shall be passive, shall not have any power to vote, except as otherwise provided in such Series Agreement or by law, and shall only obtain a purely Economic Interest in the particular Series.

Section 3.12 Distributions. The Company Manager does not expect to receive regular Distributions from the Company, and will only share in Distributions in accordance with its membership in a Series.

- a. Within 45 Business Days after the end of each Fiscal Year, the Manager shall cause all Distributable Cash, if any, to be distributed to the Members in accordance with Section 3.10(b). In its sole discretion, the Manager may cause interim distributions to be made on a quarterly basis as an advance against amounts to be distributed pursuant to this Section 3.10; provided, that each Member shall promptly repay to the LLC on the request of the Manager any excess of such interim distributions over the amount of distributions pursuant to this Section 3.1 to which the Member is ultimately determined to be entitled.
- b. If the Manager declares and determines to make any distribution of Distributable Cash to

the Members, all such distributions shall be distributed to the Team Members pro rata in proportion to each such Member's Team Unit and Reserved Incentive Unit Percentage Interest.

- c. Further, unless otherwise determined by the Manager, no distributions shall be made by the LLC with respect to unvested Incentive Units issued out of Reserved Incentive Units; provided, that any amount of distributions that would have been distributed in respect of unvested Incentive Units but for the terms of this sentence shall instead be distributed to the vested Team Units within the same Class as such unvested Team Units, pro rata in proportion to the Team Percentage Interest of such vested Team Units.
- d. Except as otherwise provided by applicable Law, no Member shall be required to restore or repay to the LLC any funds properly distributed to it pursuant to Section 3.1
- e. All Distributions to Series Members pursuant to this Agreement shall be made at such times and in such amounts as shall be determined solely by the Series Manager; provided, however, that the Series Manager shall use its best efforts to cause the Series to distribute to such Series Members an amount of Distributable Cash sufficient to enable the Series Members to pay their federal and state income-tax liabilities attributable to their respective distributive shares of the taxable income of a Series, as applicable.
- f. All amounts withheld pursuant to the Code or any provision of any state or local tax law with respect to any payment, Distribution or allocation to Series Members shall be treated as amounts distributed to the Series Members pursuant to this Agreement for all purposes of this Agreement and the Series Agreements.
- g. Series Manager is authorized to withhold from Distributions to the respective Series Members and to pay over to any federal, state or local government any amounts required to be so withheld pursuant to the Code or any provision of any other federal, state or local law and shall allocate such amounts to those Series Members with respect to which such amounts were withheld.
- h. Notwithstanding any provision to the contrary contained in this Agreement, a Series shall not make any Distribution to any Person on account of its Interest in the Company with respect to such Series if such Distribution would violate the Act or other applicable law.
- i. The Series Manager may base a determination that a Distribution or return of a Series Member's Capital Contribution may be made hereunder in good-faith reliance upon a balance sheet and profit and loss statement of such Series represented to be correct by the person having charge of its books of account or by an independent public or certified public accountant or firm of accountants to fairly reflect the financial condition of such Series.
- j. No Series Member shall be entitled to interest on its Capital Contributions or to return of their Capital Contributions.
- k. Unless otherwise approved by a Series Manager, a Series Member who resigns as a Series Member (a "Resigning Member"), regardless of whether such termination was the result of a voluntary act by such Series Member, shall not be entitled to receive any further

Distributions with respect to such Series. Damages for breach of this Section shall be monetary damages only (and not specific performance), and such damages may be offset against Distributions by such Series to which the Resigning Member would otherwise be entitled.

Section 3.12 – Transfer of Membership:

- a. **Transfers.** The Company Manager, as the issuer of Interests in the Company and its Series, shall have the sole and exclusive authority to grant, convey, sell, transfer, hypothecate, disassociate or otherwise dispose of all or a portion of the Series' Interests without input or vote of the Series Members or Series Managers consistent with the Series Agreement. Once interests in a Series have been sold, the Series Manager may only effect a change in the Membership Interests of a Series Member by following the procedures described below.
- b. **Transfer Void.** Any Transfer or attempted Transfer of an Interest in any Series in contravention of this Agreement shall be absolutely null and void *ab initio* and of no force or effect, on or against the Company, any Series, Series Member, any creditor of the Company or any claimant against the Company and may be enjoined, and shall not be recorded on the books and records of the Company or any Series. No distributions of cash or property of the Company or any Series shall be made to any Transferee of any Interest Transferred in violation hereof, nor shall any such Transfer be registered on the books of the Company or any Series. The Transfer or attempted Transfer of any Interest in violation hereof shall not affect the beneficial ownership of such Interest, and, notwithstanding such Transfer or attempted Transfer, the Series Member making such prohibited Transfer or attempted Transfer shall retain the right to receive liquidation proceeds with respect to such Interest.
- c. **Effect of Permitted Transfer or Assignment.** Following a Transfer of an Interest that is permitted under this Section, the Transferee of such Interest shall be treated as having made all of the Capital Contributions in respect of, and received all of the distributions received in respect of, such Interest, shall succeed to the Capital Account associated with such Interest and shall receive allocations and distributions pursuant to this Agreement in respect of such Interest as if such Transferee were a Series Member.
- d. **Transfers Restricted.** No Series Member shall voluntarily transfer all or any part of its Economic Interest in a Series, except as provided in this Section. In the event a Series Member or a Transferee of a Series Member violates any of the provisions of this Section, such transfer shall be null and void and of no force or effect.
- e. **Voluntary Withdrawal, Resignation or Disassociation Prohibited.** No Series Member may withdraw, resign or voluntarily disassociate from a Series, unless such Series Member complies with the transfer provisions set forth in this Section. The provisions of this Section shall apply to all Voluntary Transfers of a Series Member's Interests in a Series. Involuntary Transfers are addressed in this Section.
- f. **Admission of Additional Series Members.** Only the Company may sell Interests in a Series

or admit Series Members. Once the Company closes the offering period for the sale of Interests in a Series, no additional Interests in the Series may be sold, or any Additional Series Members admitted, unless: a) the admission of an Additional Series Member is approved by the Company. The Company reserves the exclusive right to sell additional Interests in a Series to new or existing Series Members, and to admit new Series Members whose Interests may be equal or senior to the existing Interests in a Series as necessary to raise needed capital for a Series.

- g. **Transfer Prohibited Except as Expressly Authorized Herein.** No Series Member may voluntarily, involuntarily, or by operation of law assign, transfer, sell, pledge, hypothecate, or otherwise dispose of (collectively transfer) all or part of its Interest in the Company or a Series, except as is specifically permitted by this Agreement or a Series Agreement. Any Voluntary Transfer made in violation of this Section shall be void and of no legal effect.
- h. **Substitution.** A permitted transfer of any Series Member's Interest shall only be granted as to that Member's Economic Interest unless the Series Manager accepts a permitted transferee (Transferee) as a Substitute Member. A permitted Transferee shall become a Substitute Member only on satisfaction of all of the following conditions:
- i. Filing of a duly executed and acknowledged written instrument of assignment in a form approved by the Series Manager specifying the Member's Percentage Interest being assigned and setting forth the intention of the assignor that the permitted assignee succeed to the assignor's Economic Interest (or the portion thereof) and/or its Interest as a Series Member; Execution, acknowledgment and delivery by the assignor and assignee of any other instruments reasonably required by the Series Manager including an agreement of the permitted assignee to be bound by the provisions of this Agreement and the Series Agreement; and
 - ii. The Series Manager's approval of the Transferee's or assignee's admission to the Series as a Substitute Member and concurrent and complete Disassociation of all of the Membership and Economic Interests of the Transferor with respect to such Series.
- i. **Effective Date.** Any Transfer in compliance with this Section shall be deemed effective on the first date as of which with the relevant requirements of this Agreement have been satisfied.
- j. **Team Drag-Along.** Notwithstanding anything to the contrary herein, Team or Series Members holding in the aggregate not less than 51% of the issued and outstanding Voting Units within such Team or Series (a "**Team Majority**") shall have the right to cause all other Team or Series Members within such Team or Series to join the Team Majority in a bona fide sale of Team Units (a "**Team Sale**") to a third party, subject to the Series Manager's approval pursuant to this Agreement. In connection with the foregoing sentence, each Series Member hereby agrees with respect to all securities of the Team or

Series which he, she or it own(s) or otherwise exercises dispositive authority:

- i) to participate in the Team or Series Sale and sell his, her or its Team Units within such Team or Series in an amount equal to the product of (x) the number of Team Units held by such Member multiplied by (y) a fraction, the numerator of which is the aggregate number of Team Units within such Team or Series proposed to be Transferred in such transaction and the denominator of which is the aggregate number of all issued and outstanding Team Units within such Team or Series as of the date of such transaction;
- ii) in the event such Team Sale is to be brought to a vote at a meeting of the Series or Team Members having voting rights under this Agreement, after receiving proper notice of any meeting of the Team or Series Members to vote on the approval of the Team Sale, to be present, in person or by proxy, as a holder of voting securities, at all such meetings and be counted for the purposes of determining the presence of a quorum at such meetings;
- iii) to vote (in person, by proxy or by action by written consent, as applicable) all Units of the Series or Team to which it has beneficial ownership in favor of such Team or Series Sale and in opposition of any and all other proposals that could reasonably be expected to delay or impair the ability of the Team or Series Majority to consummate such Team or Series Sale;

TEAM ALLOCATION METHODOLOGY

Upon the formation of the teams that will comprise the FCF, the Manager shall assign one team to each Series LLC contemplated by this Agreement. Amounts distributable to Series LLC pursuant to Section 2.08(b)(i) shall be allocated amongst the Series LLC's pro rata in accordance with the profitability of the FCF teams associated with such Series LLC for the applicable Fiscal Year. Each such team's profitability for the applicable Fiscal Year shall be calculated by dividing the aggregate amount of Team Revenue directly associated with such team for such Fiscal Year as determined by the Manager by the aggregate amount of Team Revenue of the FCF for such Fiscal Year.

Any determination by the Manager contemplated by this Exhibit H will be conclusive, absent manifest error, and will be absolutely binding upon the LLC, each of the Members and their respective successors, personal representatives and permitted assigns.

For purposes of illustration, in the event that (i) "Team 1" is assigned to the Team 1 Series LLC issued in connection with this Agreement by the Manager, and (ii) 30% of the aggregate Team Revenue of the FCF for a given Fiscal Year is directly attributable to Team 1 as determined by the Manager, then 30% of the amount distributable to Team 1 Series LLC pursuant to Section 2.08(b)(i) (the "Team 1 Allocation") shall be allocated to the Team 1 Series LLC, and the Team 1 Series LLC Allocation shall be distributed to the Team 1 Series LLC Members pro rata in proportion to each Team 1 Series LLC Member's Team Percentage Interest.

EXHIBIT I:

DISTRIBUTABLE CASH EXAMPLE

Assume the following:

- i. The Company Member holds a Team 1 Team Units Percentage Interest of 45%.
- ii. A team captain (the "Team Captain") holds a Team 1 Incentive Units Percentage Interest of 40%, comprised of Profits Interests issued pursuant to the Equity Incentive Plan.
- iii. A fan (the "Fan") holds a Team 1 Team Units Percentage Interest of 5%.
- iv. Employees (the "Employees") hold a Team 1 Team Units Percentage Interest of 10%, comprised of Profits Interests issued pursuant to the Equity Incentive Plan.

Year 1

Assume the following:

- v. At the end of Fiscal Year 1, League Revenue is \$3,000,000.
- vi. At the end of Fiscal Year 1, Team Revenue is \$617,500.
- vii. At the end of Fiscal Year 1, total league expenses are \$3,200,000.
- viii. Team 1 is responsible for 70% of the LLC's aggregate Team Revenue.

With the aforementioned assumptions:

- i. FCF's total revenues for Fiscal Year 1 would be \$3,617,500 (i.e., \$3,000,000 League Revenue plus \$617,500 Team Revenue).
- ii. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$417,500 (i.e., \$3,617,500 in aggregate revenue minus total expenses of \$3,200,000).
- iii. Since Distributable Cash (\$417,500) is less than Team Revenue for Fiscal Year 1 (\$617,500), Distributable Cash shall be distributed to the Series LLC's pursuant to Section 2.08(b)(i).
- iv. The aggregate amount of Distributable Cash distributable to Team 1 Series LLC pursuant to Section 2.08(b)(i) would be \$292,250 (i.e., \$417,500 in Distributable Cash multiplied by Team 1's 70% of profitability).

With these assumptions, Distributable Cash would be distributed pursuant to Section 2.08(b)(i) to the Team 1 Team Unit Members as follows:

- i. The Company Member would receive \$131,512.50 (i.e., \$292,250 multiplied by the Company Member's Team Percentage Interest of 45%).
- ii. The Team Captain would receive \$116,900 (i.e., \$292,250 multiplied by the Team Captain's Team Percentage Interest of 40%).
- iii. The Fan would receive \$14,612.50 (i.e., \$292,250 multiplied by the Fan's Team Percentage Interest of 5%).
- iv. The Employees would receive \$29,225 (i.e., \$292,250 multiplied by the Employees' Team Percentage Interest of 10%).

Year 2

Assume the following:

- ix. At the end of Fiscal Year 2, League Revenue is \$7,000,000.
- x. At the end of Fiscal Year 2, Team Revenue is \$1,235,000.
- xi. At the end of Fiscal Year 2, total league expenses are \$6,000,000.

- xii. Team 1 is responsible for 70% of the LLC's aggregate Team Revenue.
With the aforementioned assumptions:
- v. FCF's total revenues for Fiscal Year 2 would be \$8,235,000 (i.e., \$7,000,000 League Revenue plus \$1,235,000 Team Revenue).
- vi. The aggregate amount of Distributable Cash distributable to the Series LLC's would be \$2,235,000 (i.e., \$8,235,000 in aggregate revenue minus total expenses of \$6,000,000).
- vii. Since Distributable Cash (\$2,235,000) is more than Team Revenue for Fiscal Year 2 (\$1,235,000), Distributable Cash shall be distributed to the Series LLC's pursuant to Section 2.08(b)(ii).
- viii. The aggregate amount of Distributable Cash distributable to the Series LLC's pursuant to Section 2.08(b)(ii)(1) would be \$1,235,000 (i.e., the aggregate Team Revenue of \$1,235,000).
- ix. The aggregate amount of Distributable Cash distributable to the Team 1 Series LLC pursuant to Section 2.08(b)(ii)(1) would be \$864,500 (i.e., the aggregate Team Revenue of \$1,235,000 multiplied by Team 1's 70% of profitability).
- x. The aggregate amount of Distributable Cash distributable to the Series LLC's pursuant to Section 2.08(b)(ii)(2) would be \$1,000,000 (i.e., \$2,235,000 of Distributable Cash minus \$1,235,000 of Team Revenue).
- xi. The aggregate amount of Distributable Cash distributable to the Team 1 Series LLC pursuant to Section 2.08(b)(ii)(2) would be \$125,000 (i.e., \$1,000,000 of Distributable Cash distributable to the Series LLC's pursuant to Section 2.08(b)(ii)(2) divided by the number of teams)

With these assumptions, Distributable Cash would be distributed pursuant to Section 2.08(b)(ii) to the Team 1 Team Unit Members as follows:

- (a) Under Section 2.08(b)(ii)(1),
 - i. The Company Member would receive \$389,025 (i.e., \$864,500 multiplied by the Company Member's Team Unit Percentage Interest of 45%).
 - ii. The Team Captain would receive \$345,800 (i.e., \$864,500 multiplied by the Team Captain's Team Unit Percentage Interest of 40%).
 - iii. The Fan would receive \$43,225 (i.e., \$864,500 multiplied by the Fan's Team Unit Percentage Interest of 5%).
 - iv. The Employees would receive \$86,450 (i.e., \$864,500 multiplied by the Employees' Team Unit Percentage Interest of 10%).
- (b) Under Section 2.08(b)(ii)(2),
 - i. The Company Member would receive \$56,250 (i.e., \$125,000 multiplied by the Company Member's Team Unit Percentage Interest of 45%).
 - ii. The Team Captain would receive \$50,000 (i.e., \$125,000 multiplied by the Team Captain's Team Unit Percentage Interest of 40%).
 - iii. The Fan would receive \$6,250 (i.e., \$125,000 multiplied by the Fan's Team Unit Percentage Interest of 5%).
 - iv. The Employees would receive \$12,500 (i.e., \$125,000 multiplied by the Employees' Team Percentage Interest of 10%).

Patrick:

My favorite part of all this, is **THE WEEKLY DRAFT!**

Just watch the highlights, check out the stats, and pick the squad you're gonna roll with...

AND THE FAN EXPERIENCE IS INCREDIBLE!

Because when you make the right decisions, you **LEVEL UP!**

if you pick the right players, if you crush it as a play caller, watch YOUR name climb to the top of the FCF leaderboards.

And the higher you climb the more access and power you unlock as you help lead your team to the championship.

Wild Line:

- That's what I call POWER!
- Power to the fans!
- Control the game you love!

Montage of hard hits & rough action sounds.

Ray:

Let me make it real clear - this is REAL football.

You're calling the shots for actual pro athletes.

The players are real, the emotion is real, the HITS... are real.

Grant:

We've signed HUNDREDS OF INCREDIBLE PLAYERS,

including Heisman Trophy winner, **JOHNNY MANZIEL!**

So while our kickass venue is being built, our teams are in training camp in anticipation of setting the sports world on fire

THIS FEBRUARY

SEASON 1.0 HITS THE FIELD

WITH FOUR TEAMS...

...Each with rapidly growing fanbases and superstar ownership, groups that includes NFL legends, global celebrities and massively popular content creators who will be part of every broadcast working directly with their/our teams fans on their quest for the title.

Show jersey unboxing clips by owners

Show logo soup from sponsors

Sohrob:

SO WHERE CAN YOU WATCH AND PLAY ALONG?

Well, Amazon's Twitch has acquired the streaming rights and we built a patented platform enabling real-time fan decision making and a truly interactive viewing experience

In addition to digital revenues from streaming and the game experience, we are already selling team apparel with our partner Champion.

And we have signed major sponsors including Progressive Insurance, Gatorade and IBM.

We've been hard at work on this for 5 years with the goal of putting the fans in control. This Republic campaign to let fans be true equity owners in our first 4 teams is the highlight for me. This isn't a Green Bay Packers certificate on your wall, this is true equity ownership in a pro football team

<p>Grant on the field with training in the background.</p>	<p>Grant:</p> <p>So step into the OWNERS BOX!</p> <p>Lighstpeed Ventures and Verizon led our Seed Round and this is your chance to invest alongside them.</p> <p>You'll literally own a football team with stars like Quavo from Migos, content creators like Deestroying, Greg Miller, Ronnie2k and Bob Menery and NFL stars Richard Sherman, Marshawn Lynch, Austin Ekeler and Joe Montana.</p> <p>And when your friend says "You mean you have him on your fantasy team?"
