Jun 2014 – Oct 2016 · 2 yrs 5 mos
Richardson, Texas

Member of Technical Staff III
Verizon
Jul 2008 – Mar 2014 · 5 yrs 9 mos
Verizon - Richardson

Education

California Polytechnic State University-San Luis Obispo
Masters, Electrical Engineering
2005 – 2008
Activities and Societies: I graduated with my Masters in Electrical Engineering in 2008. My primary areas of focus were digital image processing and digital signal processing where I completed my thesis work in automated face detection in a car environment. Having the ability to track faces within a car leads to exciting abilities such as non audio speech recognition via lip movement.

Trinity University
BS, Engineering Science
2001 – 2005
Activities and Societies: I graduated with an Engineering Science degree and Math Minor from Trinity.
