RISK FACTORS

Investing in the Securities involves a high degree of risk and may result in the loss of your entire investment. Before making an investment decision with respect to the Securities, we urge you to carefully consider the risks described in this section and other factors set forth in this Form C. In addition to the risks specified below, the Company is subject to same risks that all companies in its business, and all companies in the economy, are exposed to. These include risks relating to economic downturns, political and economic events and technological developments (such as hacking and the ability to prevent hacking). Additionally, early-stage companies are inherently riskier than more developed companies. Prospective Investors should consult with their legal, tax and financial advisors prior to making an investment in the Securities. The Securities should only be purchased by persons who can afford to lose all of their investment.

Risks Related to the Company's Business and Industry

The operating companies have been in business for more than 10 years, but we have a limited joint history upon which you can evaluate our performance, and accordingly, our prospects must be considered in light of the risks that any young company encounters.

The Company is still in an early phase but is operating profitably. The likelihood of our success should be considered in light of the problems, expenses, difficulties, complications and delays usually encountered by early stage companies. The Company may not be successful in attaining the objectives necessary for it to overcome these risks and uncertainties.

Global crises such as COVID-19 can have a significant effect on our business operations and revenue projections.

Despite the impossibility of operating in the offices, the Company's revenue has not been adversely affected, due to a home-office plan implemented in March 2020.

The amount of capital the Company is attempting to raise in this Offering may not be enough to sustain the Company's current business plan.

In order to achieve the Company's near and long-term goals, the Company may need to procure funds in addition to the amount raised in the Offering. There is no guarantee the Company will be able to raise such funds on acceptable terms or at all. If we are not able to raise sufficient capital in the future, we may not be able to execute our business plan.

We may face potential difficulties in obtaining capital.

We will require additional funds to execute our business strategy. If adequate funds are unavailable, we may be required to delay, reduce the scope of or eliminate one or more of our inorganic growth strategies.

Currently, our authorized capital stock consists of 16,600,000 shares of common stock and 600,000 preferred shares, of which 16,000,000 shares of common stock and 0 of preferred shares are issued and outstanding. We may not have enough authorized common stock to be able to obtain funding by issuing shares of our common or preferred stock .

We may implement new lines of business or offer new products and services within existing lines of business.

As an early-stage company, we may implement new lines of business at any time. There are substantial risks and uncertainties associated with these efforts, particularly in instances where the markets are not fully developed. In developing and marketing new lines of business and/or new products and services, we may invest significant time and resources. Initial timetables for the introduction and development of new lines of business and/or new products or services may not be achieved, and price and profitability targets may not prove feasible. We may not be successful in introducing new products and services in response to industry trends or developments in technology, or those new products may not achieve market acceptance. As a result, we could lose business, be forced to price products and services on less advantageous terms to retain or attract clients or be subject to cost increases. As a result, our business, financial condition or results of operations may be adversely affected.

We rely on other companies to provide components and services for our products.

We depend on suppliers and contractors to meet our contractual obligations to our customers and conduct our operations. Our ability to meet our obligations to our customers may be adversely affected if suppliers or contractors do not provide the agreed-upon supplies or perform the agreed-upon services in compliance with customer requirements and in a timely and cost-effective manner. Likewise, the quality of our products may be adversely impacted if companies to whom we delegate manufacture of major components or subsystems for our products, or from whom we acquire such items, do not provide components which meet required specifications and perform to our and our customers' expectations. Our suppliers may be unable to quickly recover from natural disasters and other events beyond their control and may be subject to additional risks such as financial problems that limit their ability to conduct their operations. The risk of these adverse effects may be greater in circumstances where we rely on only one or two contractors or suppliers for a particular component. Our products may utilize custom components available from only one source. Continued availability of those components at acceptable prices, or at all, may be affected for any number of reasons, including if those suppliers decide to concentrate on the production of common components instead of components customized to meet our requirements. The supply of components for a new or existing product could be delayed or constrained, or a key manufacturing vendor could delay shipments of completed products to us adversely affecting our business and results of operations.

We rely on various intellectual property rights, including trademarks, in order to operate our business.

The Company relies on certain intellectual property rights to operate its business. The Company's intellectual property rights may not be sufficiently broad or otherwise may not provide us a significant competitive advantage. In addition, the steps that we have taken to maintain and protect our intellectual property may not prevent it from being challenged, invalidated, circumvented or designed-around, particularly in countries where intellectual property rights are not highly developed or protected. In some circumstances, enforcement may not be available to us because an infringer has a dominant intellectual property position or for other business reasons, or countries may require compulsory licensing of our intellectual property. Our failure to obtain or maintain intellectual property rights that convey competitive advantage, adequately protect our intellectual property or detect or prevent circumvention or unauthorized use of such property, could adversely impact our competitive position and results of operations. We also rely on nondisclosure and noncompetition agreements with employees, consultants and other parties to protect, in part, trade secrets and other proprietary rights. There can be no assurance that these agreements will adequately protect our trade secrets and other proprietary rights and will not be breached, that we will have adequate remedies for any breach, that others will not independently develop substantially equivalent proprietary information or that third parties will not otherwise gain access to our trade secrets or other proprietary rights. As we expand our business, protecting our intellectual property will become increasingly important. The protective steps we have taken may be inadequate to deter our competitors from using our proprietary information. In order to protect or enforce our patent rights, we may be required to initiate litigation against third parties, such as infringement lawsuits. Also, these third parties may assert claims against us with or without provocation. These lawsuits could be expensive, take significant time and could divert management's attention from other business concerns. The law relating to the scope and validity of claims in the technology field in which we operate is still evolving and, consequently, intellectual property positions in our industry are generally uncertain. We cannot assure you that we will prevail in any of these potential suits or that the damages or other remedies awarded, if any, would be commercially valuable.

The Company's success depends on the experience and skill of the board of directors, its executive officers and key employees.

In particular, we are dependent on Luis Adrian Gómez Moreno, our CEO, Gonzalo de Velasco, our Head of Public and Corporate Safety, Oscar Gutierrez Cruz our Finance Director, Salvador Aranda Calvillo our Director of Resilience Managed Services, Gustavo Davila Covarrubias our Director of Public and Safety, Alberto Gomez Ferrer our Technology Director, Sitlalmina Hernandez Serrano our Cyber Intelligence Director, Cynthia Jimenez Garcia PMO Director, Mariana Paredes Pacheco our People Director, Alfredo Sastre Barraza, Cybersecurity Director, Javier Vargas Rodriguez our Director of Strategic Accounts and Mario Ramirez Fuentes, our Commercial Director. The Company has employment agreements with all of them, however there can be no assurance that they will continue to be employed by the Company for a particular period of time. The loss of any directors or executive officers could harm the Company's business, financial condition, cash flow and results of operations.

Although dependent on certain key personnel, the Company does not have any key person life insurance policies on any such people.

We are dependent on certain key personnel in order to conduct our operations and execute our business plan, however, the Company has not purchased any insurance policies with respect to those individuals in the event of their death or disability. Therefore, if any of these personnel die or become disabled, the Company will not receive any compensation to assist with such person's absence. The loss of such person could negatively affect the Company and our operations. We have no way to guarantee key personnel will stay with the Company, as many states do not enforce non-competition agreements, and therefore acquiring key man insurance will not ameliorate all of the risk of relying on key personnel.

Damage to our reputation could negatively impact our business, financial condition and results of operations.

Our reputation and the quality of our brand are critical to our business and success in existing markets, and will be critical to our success as we enter new markets. Any incident that erodes consumer loyalty for our brand could significantly reduce its value and damage our business. We may be adversely affected by any negative publicity, regardless of its accuracy. Also, there has been a marked increase in the use of social media platforms and similar devices, including blogs, social media websites and other forms of internet-based communications that provide individuals with access to a broad audience of consumers and other interested persons. The availability of information on social media platforms is virtually immediate as is its impact. Information posted may be adverse to our interests or may be inaccurate, each of which may harm our performance, prospects or business. The harm may be immediate and may disseminate rapidly and broadly, without affording us an opportunity for redress or correction.

Our business could be negatively impacted by cyber security threats, attacks and other disruptions.

We continue to face advanced and persistent attacks on our information infrastructure where we manage and store various proprietary information and sensitive/confidential data relating to our operations. These attacks may include sophisticated malware (viruses, worms, and other malicious software programs) and phishing emails that attack our products or otherwise exploit any security vulnerabilities. These intrusions sometimes may be zero-day malware that are difficult to identify because they are not included in the signature set of commercially available antivirus scanning programs. Experienced computer programmers and hackers may be able to penetrate our network security and misappropriate or compromise our confidential information or that of our customers or other third-parties, create system disruptions, or cause shutdowns. Additionally, sophisticated software and applications that we produce or procure from third-parties may contain defects in design or manufacture, including "bugs" and other problems that could unexpectedly interfere with the operation of the information infrastructure. A disruption, infiltration or failure of our information infrastructure systems or any of our data centers as a result of software or hardware malfunctions, computer viruses, cyber-attacks, employee theft or misuse, power disruptions, natural disasters or accidents could cause breaches of data security, loss of critical data and performance delays, which in turn could adversely affect our business.

Security breaches of confidential customer information, in connection with our electronic processing of credit and debit card transactions, or confidential employee information may adversely affect our business.

Our business requires the collection, transmission and retention of personally identifiable information, in various information technology systems that we maintain and in those maintained by third parties with whom we contract to provide services. The integrity and protection of that data is critical to us. The information, security and privacy requirements imposed by governmental regulation are increasingly demanding. Our systems may not be able to satisfy these changing requirements and customer and employee expectations, or may require significant additional investments or time in order to do so. A breach in the security of our information technology systems or those of our service providers could lead to an interruption in the operation of our systems, resulting in operational inefficiencies and a loss of profits. Additionally, a significant theft, loss or misappropriation of, or access to, customers' or other proprietary data or other breach of our information technology systems could result in fines, legal claims or proceedings.

The use of individually identifiable data by our business, our business associates and third parties is regulated at the state, federal and international levels.

The regulation of individual data is changing rapidly, and in unpredictable ways. A change in regulation could adversely affect our business, including causing our business model to no longer be viable. Costs associated with information security – such as investment in technology, the costs of compliance with consumer protection laws and costs resulting from consumer fraud – could cause our business and results of operations to suffer materially. Additionally, the success of our online operations depends upon the secure transmission of confidential information over public networks, including the use of cashless payments. The intentional or negligent actions of employees, business associates or third parties may undermine our security measures. As a result, unauthorized parties may obtain access to our data systems and misappropriate confidential data. There can be no assurance that advances in computer capabilities, new discoveries in the field of cryptography or other developments will prevent the compromise of our customer transaction processing capabilities and personal data. If any such compromise of our security or the security of information residing with our business associates or third parties were to occur, it could have a material adverse effect on our reputation, operating results and financial condition. Any compromise of our data security may materially increase the costs we incur to protect against such breaches and could subject us to additional legal risk.

The Company is not subject to Sarbanes-Oxley regulations and may lack the financial controls and procedures of public companies.

The Company may not have the internal control infrastructure that would meet the standards of a public company, including the requirements of the Sarbanes Oxley Act of 2002. As a privately-held (non-public) Company, the Company is currently not subject to the Sarbanes Oxley Act of 2002, and its financial and disclosure controls and procedures reflect its status as a development stage, non-public company. There can be no guarantee that there are no significant deficiencies or material weaknesses in the quality of the Company's financial and disclosure controls and procedures. If it were necessary to implement such financial and disclosure controls and procedures, the cost to the Company of such compliance could be substantial and could have a material adverse effect on the Company's results of operations.

We operate in a highly regulated environment, and if we are found to be in violation of any of the federal, state, or local laws or regulations applicable to us, our business could suffer.

We are also subject to a wide range of federal, state, and local laws and regulations, such as local licensing requirements, and retail financing, debt collection, consumer protection, environmental, health and safety, creditor, wage-hour, anti-discrimination, whistleblower and other employment practices laws and regulations and we expect these costs to increase going forward. The violation of these or future requirements or laws and regulations could result in administrative, civil, or criminal sanctions against us, which may include fines, a cease and desist order against the subject operations or even revocation or suspension of our license to operate the subject business. As a result, we have incurred and will continue to incur capital and operating expenditures and other costs to comply with these requirements and laws and regulations.

The U.S. Securities and Exchange Commission does not pass upon the merits of the Securities or the terms of the Offering, nor does it pass upon the accuracy or completeness of any Offering document or literature.

You should not rely on the fact that our Form C is accessible through the U.S. Securities and Exchange Commission's EDGAR filing system as an approval, endorsement or guarantee of compliance as it relates to this Offering. The U.S. Securities and Exchange Commission has not reviewed this Form C, nor any document or literature related to this Offering.

Neither the Offering nor the Securities have been registered under U.S. federal or state securities laws.

No governmental agency has reviewed or passed upon this Offering or the Securities. Neither the Offering nor the Securities have been registered under federal or state securities laws. Investors will not receive any of the benefits available in registered offerings, which may include access to quarterly and annual financial statements that have been audited by an independent accounting firm. Investors must therefore assess the adequacy of disclosure and the fairness of the terms of this Offering based on the information provided in this Form C and the accompanying exhibits.

This Offering has not been approved by the Mexican National Securities Registry, and the Securities will not be registered therewith nor maintained by the Mexican National Banking and Securities Commission.

Neither this Offering nor the Securities have been approved by, registered with or maintained by the Mexican National Securities Registry or the Mexican National Banking and Securities Commission. Accordingly, the Securities may not be offered or sold publicly in Mexico, except to certain Mexican investors that qualify as institutional or accredited investors pursuant to the private placement exemption set forth in Article 8 of the Mexican Securities Market Law (Ley del Mercado de Valores). If you live outside the United States, it is your responsibility to fully observe the laws of any relevant territory or jurisdiction outside the United States in connection with your acquisition of the Securities, including obtaining required governmental or other consents or observing any other legal requirements.

The Company's management may have broad discretion in how the Company uses the net proceeds of the Offering.

Unless the Company has agreed to a specific use of the proceeds from the Offering, the Company's management will have considerable discretion over the use of proceeds from the Offering. You may not have the opportunity, as part of your investment decision, to assess whether the proceeds are being used appropriately.

The Company has the right to limit individual Investor commitment amounts based on the Company's determination of an Investor's sophistication.

The Company may prevent any Investor from committing more than a certain amount in this Offering based on the Company's determination of the Investor's sophistication and ability to assume the risk of the investment. This means that your desired investment amount may be limited or lowered based solely on the Company's determination and not in line with relevant investment limits set forth by the Regulation CF rules. This also means that other Investors may receive larger allocations of the Offering based solely on the Company's determination.

The Company has the right to extend the Offering Deadline.

The Company may extend the Offering Deadline beyond what is currently stated herein. This means that your investment may continue to be held in escrow while the Company attempts to raise the Target Offering Amount even after the Offering Deadline stated herein is reached. While you have the right to cancel your investment in the event the Company extends the Offering Deadline, if you choose to reconfirm your investment, your investment will not be accruing interest during this time and will simply be held until such time as the new Offering Deadline is reached without the Company receiving the Target Offering Amount, at which time it will be returned to you without interest or deduction, or the Company receives the Target Offering Amount, at which time it will be released to the Company to be used as set forth herein. Upon or shortly after the release of such funds to the Company, the Securities will be issued and distributed to you.

The Company may also end the Offering early.

If the Target Offering Amount is met after 21 calendar days, but before the Offering Deadline, the Company can end the Offering by providing notice to Investors at least 5 business days prior to the end of the Offering. This means your failure to participate in the Offering in a timely manner, may prevent you from being able to invest in this Offering – it also means the Company may limit the amount of capital it can raise during the Offering by ending the Offering early.

The Company has the right to conduct multiple closings during the Offering.

If the Company meets certain terms and conditions, an intermediate close of the Offering can occur, which will allow the Company to draw down on half of the proceeds committed and captured in the Offering during the relevant period. The Company may choose to continue the Offering thereafter. Investors should be mindful that this means they can make multiple investment commitments in the Offering, which may be subject to different cancellation rights. For example, if an intermediate close occurs and later a material change occurs as the Offering continues, Investors whose investment commitments were previously closed upon will not have the right to re-confirm their investment as it will be deemed to have been completed prior to the material change.

Risks Related to the Securities

Investors will be required to purchase beneficial interests in the Securities in this offering using custodial accounts managed by Prime Trust, which may reduce an Investor's ability to trade or otherwise liquidate their position without incurring a fee.

In order to better manage its cap table, the Company has elected to exclusively accept investment commitments in the offering through custodial accounts managed by the escrow agent, Prime Trust. Therefore, to make an investment commitment, a prospective Investor must make a custodial account, and maintain its good standing, with Prime Trust pursuant to a valid and binding custody account agreement, and subscribe to the offering in a manner that appoints Prime Trust as their custodian and legal record holder of the Securities. While Investors will be able to receive a full refund if their consideration if they cancel their investment commitment, if the Investor wishes to transfer the Company common stock purchased in this offering out of the Prime Trust custodial account, they may incur a fee.

Investors Purchasing the Securities will have limited rights.

Upon executing the Subscription Agreement for Beneficial Interest in Omnibus Series A Preferred Stock Instrument Representing Economic Interest in the Securities, in the form attached as Exhibit E to this Form C (the "**Subscription Agreement**"), the Investor, as a holder of a beneficial interest in Omnibus Series A Preferred Stock Instrument Representing Economic Interest in the Securities Beneficial Interest, shall have no (i) voting, information or inspection, or dividend rights not explicitly provided by the Omnibus Series A Preferred Stock Instrument (or the Investor's Beneficial Interest therein), and such rights shall be limited exclusively to those provided for in the Omnibus Series A Preferred Stock Instrument, or (ii) right to be deemed the legal record owner of the Securities for any purpose, nor will anything in such Subscription Agreement be construed to confer on the Investor any of the rights of a stockholder of the Company or any right to vote for the election of directors or upon any matter submitted to stockholders at any meeting thereof, or to give or withhold consent to any corporate action or to receive notice of meetings, or to receive subscription rights or otherwise, unless provided explicitly herein or in the Omnibus Series A Preferred Stock Instrument.

Investors will hold beneficial shares issued by the holding company, not the operating entities.

The Company does not directly generate income nor serve clients. All the business activity and generation of income is performed through its fully owned subsidiaries. The financial information reflects the consolidated financial information of the Company and its subsidiaries.

The Securities will not be freely tradable under the Securities Act until one year from the initial purchase date. Although the Securities may be tradable under federal securities law, state securities regulations may apply, and each Investor should consult with their attorney.

You should be aware of the long-term nature of this investment. There is not now and likely will not ever be a public market for the Securities. Because the Securities have not been registered under the Securities Act or under the securities laws of any state or foreign jurisdiction, the Securities have transfer restrictions and cannot be resold in the United States except pursuant to Rule 501 of Regulation CF. It is not currently contemplated that registration under the Securities Act or other securities laws will be effected. Limitations on the transfer of the Securities may also adversely affect the price that you might be able to obtain for the Securities in a private sale. Investors should be aware of the long-term nature of their investment in the Company. Each Investor in this Offering will be required to represent that they are purchasing the Securities for their own account, for investment purposes and not with a view to resale or distribution thereof.

In exchange for each individual Investor's commitment, Investors will receive a beneficial interest in the Omnibus Series A Preferred Stock Instrument, not our Series A Preferred Stock or our common stock.

Upon acceptance of an individual Investor's subscription, such Investor will receive the right to an indirect economic interest in certain shares of Series A Preferred Stock, to be represented by a pro rata beneficial interest in an Omnibus Series A Preferred Stock Instrument issued by the Company to the custodian designated therein, presently being Prime Trust, with Prime Trust, in its capacity as Custodian as legal record owner of the Series A Preferred Stock. The beneficial interest in the Omnibus Series A Preferred Stock Instrument does not entitle Investors, excluding Prime

Trust as the custodian and legal record holder, to any voting, information or inspection rights with respect to the Company, aside from any disclosure the Company is required to make under relevant securities regulations, nor are Investors entitled to exchange the beneficial interest for Series A Preferred Stock. Prime Trust as the custodian shall vote, execute consents, and otherwise make elections pursuant to the terms of the Omnibus Series A Preferred Stock Instrument and any ancillary agreements, in each instance to the exclusion of each Investor. Investors should carefully review the Subscription Agreement for the Omnibus Series A Preferred Stock Instrument to understand the risks inherent in this investment vehicle.

Investors will not have voting rights

Investors will not have the right to vote upon matters of the Company.

Investors will not be entitled to any inspection or information rights other than those required by law.

Investors will not have the right to inspect the books and records of the Company or to receive financial or other information from the Company, other than as required by law. Other security holders of the Company may have such rights. Regulation CF requires only the provision of an annual report on Form C and no additional information. Additionally, there are numerous methods by which the Company can terminate annual report obligations, resulting in no information rights, contractual, statutory or otherwise, owed to Investors. This lack of information could put Investors at a disadvantage in general and with respect to other security holders, including certain security holders who have rights to periodic financial statements and updates from the Company such as quarterly unaudited financials, annual projections and budgets, and monthly progress reports, among other things.

Investors will be unable to declare the Security in “default” and demand repayment.

Unlike convertible notes and some other securities, the Securities do not have any “default” or mandatory redemption provisions upon which Investors will be able to demand repayment of their investment. Only in limited circumstances, such as a liquidity event, may Investors demand payment and even then, such payments will be limited to the amount of cash available to the Company.

The Company may never elect to undergo a liquidity event and Investors may have to hold the Securities indefinitely.

The Company may never conduct a future equity financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an initial public offering. If this occurs, Investors could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are beneficial equity interests, have beneficial ownership rights and have no voting rights or ability to direct the Company or its actions.

A liquidity event may involve the Company’s sole majority stockholder, instead of the Company.

One hundred percent of the Company’s outstanding stock, before giving effect to the Offering, is owned by a single stockholder, Pursuit SCA SICAV RAIF. A potential acquiror may choose to purchase Pursuit SCA SICAV RAIF, instead of the Company. If this occurs, and if the Company never undergoes a liquidity event itself, Investors could be left holding the Securities in perpetuity.

The Securities may be significantly diluted as a consequence of subsequent equity financings.

The Company’s equity securities will be subject to dilution. The Company intends to issue additional equity to employees and third-party financing sources in amounts that are uncertain at this time, and as a consequence holders of equity securities will be subject to dilution in an unpredictable amount. Such dilution may reduce the Investor’s economic interests in the Company.

The amount of additional financing needed by the Company will depend upon several contingencies not foreseen at the time of this Offering. Generally, additional financing (whether in the form of loans or the issuance of other securities) will be intended to provide the Company with enough capital to reach the next major corporate milestone. If the funds received in any additional financing are not sufficient to meet the Company’s needs, the Company may have to raise additional capital at a price unfavorable to their existing investors, including the holders of the Securities.

The availability of capital is at least partially a function of capital market conditions that are beyond the control of the Company. There can be no assurance that the Company will be able to accurately predict the future capital requirements necessary for success or that additional funds will be available from any source. Failure to obtain financing on favorable terms could dilute or otherwise severely impair the value of the Securities.

There is no present market for the Securities and we have arbitrarily set the price.

The Offering price was not established in a competitive market. The price of the Securities is based upon the Company's projected cash flows. We cannot guarantee that the Securities can be resold at the Offering price or at any other price.

In the event of the dissolution or bankruptcy of the Company, Investors will not be treated as debt holders and therefore are unlikely to recover any proceeds.

In the event of the dissolution or bankruptcy of the Company, the holders of the Securities that have not been converted will be entitled to distributions as described in the Securities. This means that such holders will only receive distributions once all of the creditors have been paid in full. The holders of the Securities can not be guaranteed any proceeds in the event of the dissolution or bankruptcy of the Company.

While the Securities provide mechanisms whereby holders of the Securities would be entitled to a return of their purchase amount upon the occurrence of certain events, if the Company does not have sufficient cash on hand, this obligation may not be fulfilled.

Upon the occurrence of certain events, as provided in the Securities, holders of the Securities may be entitled to a return of the principal amount invested. Despite the contractual provisions in the Securities, this right cannot be guaranteed if the Company does not have sufficient liquid assets on hand. Therefore, potential Investors should not assume a guaranteed return of their investment amount.

There is no guarantee of a return on an Investor's investment.

There is no assurance that an Investor will realize a return on their investment or that they will not lose their entire investment. For this reason, each Investor should read this Form C and all exhibits carefully and should consult with their attorney and business advisor prior to making any investment decision.

IN ADDITION TO THE RISKS LISTED ABOVE, RISKS AND UNCERTAINTIES NOT PRESENTLY KNOWN, OR WHICH WE CONSIDER IMMATERIAL AS OF THE DATE OF THIS FORM C, MAY ALSO HAVE AN ADVERSE EFFECT ON OUR BUSINESS AND RESULT IN THE TOTAL LOSS OF YOUR INVESTMENT.

THE OFFERING AND THE SECURITIES

The Offering

The Company is offering a minimum amount of \$105,000 (the “**Target Offering Amount**”) and up to a maximum amount of \$5,000,000 (the “**Maximum Offering Amount**”) of Series A Preferred Stock (the “**Securities**”) at a price per share of \$8.75 on a best efforts basis as described in this Form C (this “**Offering**”). We must raise an amount equal to or greater than the Target Offering Amount by September 24, 2021 (the “**Offering Deadline**”). Unless we raise at least the Target Offering Amount by the Offering Deadline, no Securities will be sold in this Offering, all investment commitments will be cancelled and all committed funds will be returned. Potential purchasers of the Securities are referred to herein as “**Investors**” or “**you**”.

The price of the Securities was determined arbitrarily, does not necessarily bear any relationship to the Company’s asset value, net worth, revenues or other established criteria of value, and should not be considered indicative of the actual value of the Securities. The minimum amount that an Investor may invest in the Offering is \$262.50 and the maximum amount that an Investor may invest in the Offering is \$750,000, each of which is subject to adjustment in the Company’s sole discretion.

In order to purchase the Securities, you must make a commitment to purchase by completing the subscription process hosted by OpenDeal Portal LLC dba Republic (the “**Intermediary**”), including complying with the Intermediary’s know your customer (KYC) and anti-money laundering (AML) policies. **If an Investor makes an investment commitment under a name that is not their legal name, they may be unable to redeem their Security indefinitely, and neither the Intermediary nor the Company are required to correct any errors or omissions made by the Investor.**

Investor funds will be held in escrow with Prime Trust, LLC until the Target Offering Amount has been met or exceeded and one or more closings occur. Investors may cancel an investment commitment until up to 48 hours prior to the Offering Deadline, or such earlier time as such earlier time the Company designates pursuant to Regulation CF, using the cancellation mechanism provided by the Intermediary. **Investors using a credit card to invest must represent and warrant to cancel any investment commitment(s) by submitting a request through the Intermediary at least 48 hours prior to the Offering Deadline, instead of attempting to claim fraud or claw back their committed funds.**

The Company will notify Investors when the Target Offering Amount has been reached through the Intermediary. If the Company reaches the Target Offering Amount prior to the Offering Deadline, it may close the Offering early *provided* (i) the expedited Offering Deadline must be twenty-one (21) days from the time the Offering was opened, (ii) the Intermediary must provide at least five (5) business days’ notice prior to the expedited Offering Deadline to the Investors and (iii) the Company continues to meet or exceed the Target Offering Amount on the date of the expedited Offering Deadline.

Material Changes

If any material change occurs related to the Offering prior to the current Offering Deadline the Company will provide notice to Investors and receive reconfirmations from Investors who have already made commitments. If an Investor does not reconfirm their investment commitment after a material change is made to the terms of the Offering within five (5) business days of receiving notice, the Investor’s investment commitment will be cancelled and the committed funds will be returned without interest or deductions. If an Investor does not cancel an investment commitment before the Target Offering Amount is reached, the funds will be released to the Company upon the closing of the Offering and the Investor will receive the Securities in exchange for their investment.

Intermediate Closings

In the event an amount equal to two (2) times the Target Offering Amount is committed and meets all required terms of the Offering prior to the Offering Deadline on such date or such later time the Company designates pursuant to Rule 304(b) of Regulation CF, the Company may conduct the first of multiple closings of the Offering early, *provided* (i) the early closing date must be twenty-one (21) days from the time the Offering opened and (ii) that all Investors will receive notice of such early closing date at least five (5) business days prior to such new offering deadline (absent a material change that would require an extension of the Offering and reconfirmation of all investment commitments).

Investors who committed on the date such notice is provided or prior to the issuance of such notice will be able to cancel their investment commitment until 48 hours before the such early closing date.

If the Company conducts an initial closing (the “**Initial Closing**”), the Company agrees to only withdraw half of the proceeds that are in escrow and will only conduct such Initial Closing if there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of the Initial Closing. The Company may only conduct another close (a “**Subsequent Closing**”) before the Offering Deadline if the amount of investment commitments made as of the date of such Subsequent Closing exceeds two times the amount committed as of the date of the Initial Closing and there are more than twenty-one (21) days remaining before the Offering Deadline as of the date of such Subsequent Closing.

Any investment commitments received after an intermediate closing will be released to the Company upon a subsequent closing and the Investor will receive evidence of the Securities via electronic certificate/PDF in exchange for their investment commitment as soon as practicable thereafter.

The Company has agreed to return all funds to Investors in the event a Form C-W is ultimately filed in relation to this Offering, regardless of whether multiple closings are conducted.

Investment commitments are not binding on the Company until they are accepted by the Company, which reserves the right to reject, in whole or in part, in its sole and absolute discretion, any investment commitment. If the Company rejects all or a portion of any investment commitment, the applicable prospective Investor’s funds will be returned without interest or deduction.

PRIME TRUST, THE ESCROW AGENT SERVICING THE OFFERING, HAS NOT INVESTIGATED THE DESIRABILITY OR ADVISABILITY OF AN INVESTMENT IN THIS OFFERING OR THE SECURITIES OFFERED HEREIN. THE ESCROW AGENT MAKES NO REPRESENTATIONS, WARRANTIES, ENDORSEMENTS, OR JUDGEMENT ON THE MERITS OF THE OFFERING OR THE SECURITIES OFFERED HEREIN. The Securities

The Company has authorized 600,000 shares of Series A Preferred Stock. The Series A Preferred Stock is non-voting and the holders shall not have the power to vote on, or consent to, any matter presented to stockholders for a vote or action by written consent. The holders of Series A Preferred Stock shall be entitled to participate, on a pro rata basis together with holders of Common Stock and any other equity securities of the Company based on the number of shares held by each such holder, in the proceeds of a liquidation, dissolution or sale of the Company. The rights, privileges and terms of the Series A Preferred Stock are set forth in the form of Amended and Restated Certificate of Incorporation attached hereto as Exhibit D.

Transfer Agent and Registrar

The Company will act as transfer agent and registrar for the Securities.

Equity Interests

The Securities are beneficial equity interests in the Company held by the Custodian on behalf of the Investors.

Dividends

The Securities do not entitle Investors to any dividends.

Liquidation Payments

If there is a Dissolution Event (as defined below), but not including any Liquidity Event (as defined below), the Company will distribute all proceeds available for distribution with equal priority among (a) the holders of the Securities, (b) all other holders of outstanding instruments sharing in the distribution of proceeds of the Company and (c) the holders of Common Stock.

If there is a Liquidity Event (as defined below), the holders of the Securities are entitled to payment from the proceeds legally available for distribution, before any payment is made to the Common Stock, of an amount equal to one times (1x) the Original Issue Price of the Securities. After the holders of the Securities have received their full preferential distributions in accordance with the foregoing, the Company will distribute any remaining proceeds legally available for distribution with equal priority among (a) the holders of the Securities, (b) all other holders of outstanding instruments sharing in the distribution of proceeds of the Company and (c) the holders of Common Stock, pro rata based on the number of shares on an as-converted to Common Stock basis.

A “**Dissolution Event**” means any of (a) a voluntary termination of operations of the Company, (b) a general assignment for the benefit of the Company’s creditors, or (c) any other liquidation, dissolution or winding up of the Company, whether voluntary or involuntary (but not including any Liquidity Event).

A “**Liquidity Event**” means any of:

- (a) a merger or consolidation involving the Company (or involving a subsidiary of the Company where the Company issues shares of its stock), in which at least a majority, by voting power, of the Company’s outstanding stock is converted or exchanged; or
- (b) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, of all or substantially all of the Company’s assets (including a sale or disposition of one or more subsidiaries containing all or substantially all of the assets of the Company and its subsidiaries taken as a whole).

Voting and Control

The Securities do not have voting rights. Holders of Securities shall not have the power to vote on, consent to or approve any matter presented to the stockholders of the Company for their action or consideration at any meeting of stockholders of the Company (or by written action of stockholders in lieu of meetings).

In the event of any meeting of the stockholders of the Company at which the outstanding Securities are entitled to vote (or with respect to any written consent in lieu of such a meeting), the Custodian shall vote all Securities then held by the Custodian as directed in writing by the Company’s board of directors. Except as described in the preceding sentence, the Company does not have any voting agreements in place.

The Company does not have any shareholder or equity holder agreements in place.

Anti-Dilution Rights

The Securities have basic anti-dilution rights for stock splits, dividends and the like, but no anti-dilution rights for sales of securities at a lower price per share than the price per share of the Securities, which means that future equity issuances and other events may dilute the ownership percentage and economic value that the Investor may eventually have in the Company.

In the event that the Company declares a dividend on the common stock that is payable in common stock or effects a subdivision, combination or consolidation of the outstanding shares of common stock into a greater or lesser number of shares, then the dividend, liquidation and merger or consolidation amounts payable to holders of Securities will be increased or reduced in proportion to the resulting increase or decrease in the total number of shares of common stock outstanding.

If the Company is a party to any merger, consolidation or similar transaction in which shares of common stock are exchanged or changed into stock or securities of another entity, cash or property of another entity, then the Securities will be exchanged or changed into an amount per share equal to the amount of consideration into which or for which each share of common stock would have been entitled to receive pursuant to such transaction.

Restrictions on Transfer

Any Securities sold pursuant to Regulation CF being offered may not be transferred by any Investor of such Securities during the one-year holding period beginning when the Securities were issued, unless such Securities are transferred:

(1) to the Company; (2) to an accredited investor, as defined by Rule 501(d) of Regulation D promulgated under the Securities Act; (3) as part of an IPO; or (4) to a member of the family of the Investor or the equivalent, to a trust controlled by the Investor, to a trust created for the benefit of a member of the family of the Investor or the equivalent, or in connection with the death or divorce of the Investor or other similar circumstances. "Member of the family" as used herein means a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother/father/daughter/son/sister/brother-in-law, and includes adoptive relationships. Each Investor should be aware that although the Securities may legally be able to be transferred, there is no guarantee that another party will be willing to purchase them.

In addition to the foregoing restrictions, prior to making any transfer of the Securities or any capital stock into which they are convertible, such transferring Investor must either make such transfer pursuant to an effective registration statement filed with the SEC or provide the Company with an opinion of counsel reasonably satisfactory to the Company stating that a registration statement is not necessary to effect such transfer.

In addition, the Investor may not transfer the Securities or any capital stock into which they are convertible to any of the Company's competitors, as determined by the Company in good faith.

Furthermore, upon the event of an IPO, the capital stock into which the Securities are converted will be subject to a lock-up period and may not be lent, offered, pledged, or sold for up to 180 days following such IPO.

Other Material Terms

- The Company does not have the right to repurchase the Securities.
- The Securities do not have a stated return.
- The Company cannot determine if it currently has enough capital stock authorized to issue upon the conversion of the Securities, because the amount of capital stock to be issued is based on the occurrence of future events.

COMMISSION AND FEES

At the conclusion of the Offering, the issuer shall pay a cash fee comprised of: (i) four point six percent (4.6%) of any amounts raised.

Stock, Warrants and Other Compensation

The Intermediary will also receive compensation in the form of shares of Series A Preferred Stock having an aggregate value based on the price per share at which the Series A Preferred Stock is being sold equal to: one point three percent (1.3%) of the securities sold).

INDEPENDENT ACCOUNTANT'S REVIEW REPORT

To the Board of Directors of
AI4Sec, Inc

Opinion

We have audited the consolidated balance sheet of AI4Sec, Inc and subsidiaries as of December 31, 2020 and 2019, and the related consolidated statements of income and retained earnings and cash flows for the year then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We did not audit the financial statements of Cyber Team, S.A.P.I. de C.V., a wholly owned subsidiary, which statements reflect total assets and revenues constituting 99 percent and 99 percent, respectively, of the related consolidated totals. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for Cyber Team, is based solely on the report of the other auditors.

In our opinion, based on our audit and the report of the other auditors, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AI4Sec, Inc as of December 31, 2020 and 2019, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of AI4Sec, Inc and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about AI4Sec, Inc's ability to continue as a going concern for period of twelve months from the end of the year ended December 31, 2020.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of AI4Sec, Inc's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about AI4Sec LLC's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Outstanding Operations

The most recently discovered coronavirus (COVID-19), although it was reported to already exist in December 2019, the impact actually intensified in 2020. On January 30, 2020, the World Health Organization declared that COVID-19 It was a public health emergency and officially declared it as a global pandemic on March 1, 2020 (classified as a health emergency by the Mexican Government on March 30, 2020, as published in the Official Federative Gazette (DOF for its acronym in Spanish).

The impact of the COVID-19 pandemic is uneven but serious in all economic sectors. One of the main effects is the disruption of economic growth around the world that can even turn into a global recession. Therefore, no company is immune from the influence of this pandemic. The effects of COVID-19 on economic activity in Mexico are already occurring and are affecting the various aspects of business entities.

As an independent legal entity, the Company was not affected by the pandemic; However, its subsidiary companies, according to an analysis carried out by the management of all the subsidiaries, had the following effects, among others:

Open contracts for the provision of services were postponed at the beginning of the pandemic for two months; however, as the pandemic occurs at the third quarter of 2020, the needs for a more robust and efficient cybersecurity due to the increase of internet transactions, the services provided by the Group were increasingly required, which is why revenues increased compared to 2019 in 48%.

The main actions implemented by the Company's management to reduce the impacts of the pandemic are the following:

In ARAME, NTECH, CSS, and CMS, agreements were reached to reduce costs and expenses with technology service providers and lessors that had a marginal impact on the results at least while the health contingency due to COVID-19.

Likewise, complementary measures were implemented to make spending more efficient by having savings in representation expenses for developing new technologies and new software, and costs for seminars, new business opportunities costs, conventions and annual events budgeted were diminished in comparison to the 2019 forecast.

The Group has contracts to fulfill for the following months and it is considered that this contingency did not affect the Group's ongoing business, it should be noted that the budgeted flows were not reduced in the short term at the time of reactivation of the economy in Mexico.

In early 2020, through its subsidiary CSS, the Company acquired the non-controlling interest that until that date was owned by the previous shareholders; for that reason, in these consolidated financial statements the non-controlling interest that had been recognized until December 31, 2019 was recognized as an adoption effect in the consolidated financial statements figures for 2019.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Consolidation

The Company's consolidated financial statements include the accounts of subsidiaries over which the Company exercises control. Intercompany accounts and transactions have been eliminated in consolidation.

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries at December 31, 2020. Control is achieved when the Company is exposed, or has rights, to variable returns from its involvement with the investee and has the capacity to affect those returns through its power over the investee. Specifically, the Company controls an investee if, and only if, the Company has:

- Power over the investee (i.e., existing rights that give it the current capacity to direct the relevant activities of the investee)
- Exposure, or rights, to variable returns from its involvement with the investee
- The capacity to use its power over the investee to affect its returns

Generally, there is a presumption that a greater part of voting rights results in control. To support this presumption and when the Company has less than a majority of the voting or similar rights of an investee, the Company considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- Contractual arrangement(s) with the other voting holders of the investee
- Rights stemming from other contractual arrangements
- Company's voting rights and possible voting rights

The Company re-assesses as to whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Company obtains control over the subsidiary and ceases when the Company loses control of the subsidiary. Assets, liabilities, revenue and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated financial statements from the date the Company gains control until the date the Company ceases to control the subsidiary.

A change in the ownership interest of a subsidiary, without loss of control, is accounted for as an equity transaction.

If the Company loses control over a subsidiary, it derecognizes the related assets (including goodwill), liabilities, non-controlling interest and other components of equity, while any resultant gain or loss is recognized in profit or loss. Any investment held is recognized at fair value.

Basis of Presentation

The accounting and reporting policies of the Company conform to accounting principles generally accepted in the United States of America ("US GAAP"). The Company has adopted the calendar year as its basis of reporting.

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

Use of Estimates

The preparation of consolidation financial statements in conformity with United States GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. The estimates and assumptions adopted are based on experience and other relevant factors considering the ongoing business and are continually reviewed using available information. Actual results could differ from those estimates.

Cash and Cash Equivalents

Cash and cash equivalents include all cash in banks. The Company's cash is deposited in demand accounts at financial institutions that management believes are creditworthy. The Company subsidiaries' cash and cash equivalents are primarily held in Mexican financial institutions. The Company's corporate cash and cash equivalents are held in Mexican and US financial institutions. The Company's cash and cash equivalents, at times, may exceed federally insured limits.

Accounts Receivable and Allowance for Doubtful Accounts

Accounts receivable are recorded at net realizable value or the amount that the Company expects to collect on gross customer trade receivables. We estimate losses on receivables based on known troubled accounts and historical experience of losses incurred. Receivables are considered impaired and written-off when it is probable that all contractual payments due will not be collected in accordance with the terms of the agreement. As of December 31, 2020 and 2019, the past due receivables greater than 61 days amounted to \$ 93,348 and \$ 220,132, respectively, which was covered by the allowance for uncollectible receivables as of December 31, 2020 and 2019, respectively.

Impairment of financial assets

Further disclosures relating to impairment of financial assets are also provided in the following notes:

- Trade receivables, including contract assets – Note 5

The Company recognizes an allowance for expected credit losses (ECLs) for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date.

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

The Company has not created an ECL on the fact that the financial assets are current within the established payment terms.

The Company considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before considering any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Inventories

Inventories are recorded at cost or at the lower of net realizable value. The cost is determined by the acquisition cost method. For the allocation of the unit cost of the inventories, the identified costs formula is used, since, as they are segregated for specific projects, they are allocated using the specific identification of their individual costs. When the projects are completed, their carrying amounts are recognized as project costs in the period in which the related income is recognized.

Prepaid expenses

Advances of goods and services to be acquired or to be received have not yet transferred the corresponding inherent benefits and risks. They are presented as advance payments considering the probable future economic benefit associated to such disbursements. At the time of receiving the goods or services, the amount of advances is recognized as an expense in the consolidated statement of income for the period, or as an asset when the certainty exists that the goods acquired or services received will generate future economic benefits. In the event that a loss from impairment is determined in the value of the advances, such impairment is applied to net income. Such advances are presented classified as a current asset when the period by which it is expected to obtain its economic benefits is equal or lower than one year and non-current if the expected benefit is greater than one year.

Property and Equipment

Property and equipment are stated at cost. Normal repairs and maintenance costs are charged to earnings as incurred and additions and major improvements are capitalized. The cost of assets retired or otherwise disposed of and the related depreciation are eliminated from the accounts in the period of disposal and the resulting gain or loss is credited or charged to earnings.

Depreciation is computed over the estimated useful lives of the related asset type or term of the operating lease using the straight-line method for financial statement purposes. The estimated service lives for property and equipment is as follows:

	<u>Useful Life</u>
Machinery	10 years
Furniture and equipment	10 years
Transportation equipment	4 years
Computer Equipment	3.3 years

Impairment of Long-lived Assets

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

Long-lived assets, such as property and equipment and identifiable intangibles with finite useful lives, are periodically evaluated for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. We look for indicators of a trigger event for asset impairment and pay special attention to any adverse change in the extent or manner in which the asset is being used or in its physical condition. Assets are grouped and evaluated for impairment at the lowest level of which there are identifiable cash flows, which is generally at a location level. Assets are reviewed using factors including, but not limited to, our future operating plans and projected cash flows. The determination of whether impairment has occurred is based on an estimate of undiscounted future cash flows directly related to the assets, compared to the carrying value of the assets. If the sum of the undiscounted future cash flows of the assets does not exceed the carrying value of the assets, full or partial impairment may exist. If the asset carrying amount exceeds its fair value, an impairment charge is recognized in the amount by which the carrying amount exceeds the fair value of the asset. Fair value is determined using an income approach, which requires discounting the estimated future cash flows associated with the asset.

Trademark Rights, Customer List and Non-Compete Agreement

Trademark rights, the customer list, and the non-compete agreement are capitalized when they can be reliably quantified, are expected to produce future economic benefits, and control of those benefits is maintained, and initially recognized at their acquisition cost.

Intangible assets are amortized using the straight-line method and based on their estimated useful life during the life of the contract signed for five years.

The costs of intangible assets with indefinite life are not subject to amortization.

Impairment tests are carried out on an annual basis on intangible assets whose life is indefinite, even when they are not available for use, as well as on those intangibles with a defined life whose amortization period exceeds twenty years from the date on which they were available for use.

During years ended December 31, 2020 and 2019, respectively, no impairment losses were recognized for intangible assets.

The Company conducts annual tests to determine if goodwill has suffered any impairment. The recoverable value of the Cash-Generating Units (CGU) has been determined based on their value in use, determined through estimates.

The recoverable value of each cash-generating unit was determined based on a calculation of value-in-use using cash flow projections based on financial budgets approved by management and covering a period of five years. Budgeted cash flows have been updated to reflect lower demand for products.

Cash flows beyond the five-year period were extrapolated using a 15% growth rate similar to the longterm average growth rate for the industry in which the Group operates. The Group's growth rate was higher than the average growth rate of the industry in which the Group operates. Group's management considers that this growth rate is justified by the acquisition of NTECH and ARAME. As a result of this analysis, management did not identify an impairment of the cash-generating unit.

Investments in associates' shares

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

Permanent investments in companies in which there is significant influence are initially recognized based on the net fair value of the identifiable assets and liabilities of said companies at the acquisition date.

Alternatively, the investment in associates is adjusted after the initial recognition, by the corresponding portion of both the net profits or losses of the associate, as well as by the distribution of profits or capital reimbursements in the same way. When the fair value of the consideration paid is greater than the value of the investment in the associate, the difference corresponds to goodwill which is presented as part of the same investment. When the fair value of the consideration paid is less than the value of the investment, the latter is adjusted to the fair value of the consideration paid. In the event of indications of impairment, investments in associates are subjected to impairment tests.

Goodwill

Goodwill represents the excess cost of a business acquisition over the fair value of the identifiable net assets acquired. Fair values for goodwill and indefinite-lived intangible assets are determined based on discounted cash flows, market multiples or appraised values, as appropriate. Goodwill is evaluated for impairment annually in accordance with ASC 350.

Business Combination

A business combination is defined as an acquisition of assets and liabilities that constitute a business. A business consists of inputs, including non-current assets and processes, including operational processes, that when applied to those inputs have the ability to create outputs that provide a return to the Company. Business combinations are accounted for using the acquisition method of accounting. The consideration of each acquisition is measured at the aggregate of the fair values of tangible and intangible assets obtained, liabilities and contingent liabilities incurred or assumed, and equity instruments issued by the Company at the date of acquisition. Key assumptions routinely utilized in allocation of purchase price to intangible assets include projected financial information such as revenue projections for companies acquired. As of the acquisition date, goodwill is measured as the excess of consideration given, generally measured at fair value, and the net of the acquisition date fair values of the identifiable assets acquired and the liabilities assumed.

Income Taxes

Income tax incurred in the year is presented as a short-term liability net of the prepayments made during the year. The tax incurred is recognized as an expense in profit or loss, except to the extent that it stemmed from a transaction or event that is recognized off profit or loss, either in other comprehensive income or directly in an equity item.

Deferred tax is provided using the liability method on temporary differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes at the reporting date.

Deferred tax liabilities are recognized for all taxable temporary differences, except:

- When the deferred tax liability arises from the initial recognition of goodwill or an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss,
- In respect to taxable temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

Deferred tax assets are recognized for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognized to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilized, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss,
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint arrangements, deferred tax assets are recognized only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilized. Unrecognized deferred tax assets are re-assessed at each reporting date and are recognized to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Concentration of Credit Risk

Concentrations arise when a number of counterparts are engaged in similar business activities, or activities in the same geographical region, or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political or other conditions.

Concentrations indicate the relative sensitivity of the Company's performance to developments affecting a particular industry.

To avoid excessive concentrations of risk, the Company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Selective hedging is used within the Company to manage risk concentrations at both the relationship and industry levels.

The credit risk in accounts receivable is mitigated by the fact the Company has a broad customer base geographically diverse. The Company continuously monitors its customer trade accounts and it requires no collateral to guarantee collection of its receivables. However, in the event that the Company's collection cycles deteriorate significantly, its financial performance could be adversely affected.

Employee benefits

Even though the company has its own employees, it subcontracts personnel services with non-related companies, recognizing pursuant to Mexican Federal Labor Law ("LFT"), a seniority premium when they retire after 15 years of service or at the time of their separation, disability, or death. The accounting standard that establishes the rules for the valuation and recording of the liabilities generated by other remuneration at the end of the employment relationship is

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

IAS 19, *Employee benefits (amended 2011)*, outlines the accounting requirements for employee benefits, including short-term benefits (e.g. wages and salaries, annual leave), post-employment benefits such as retirement benefits, other long-term benefits (e.g. long service leave) and termination benefits.

Considering the effects of the adoption of IAS 19 as not significant, the company has carried out a conventional calculation in accordance with LFT as of December 31, 2020 and 2019, determining an obligation based on the seniority premiums accrued in both years that, depending on the number of workers, their seniority and the benefits granted figure is not relevant for that purpose.

Provisions, commitments, and contingencies

Provisions, commitments, can contingencies are recognized when there is a present obligation stemming from a past event, which is likely to result in an outflow of economic resources and may be reasonably estimated.

Liabilities are recognized when:

- i. A present obligation exists (legal or assumed) stemming from a past event.
- ii. It is probably that the outflow of economic is required as a tool to settle an obligation.
- iii. The obligation may be reasonably estimate.

Provisions for contingencies are recognized only when the outflow of resources is probably for their extinction. Likewise, the commitments are only recognized when they generate a loss.

The company recognizes a contingent asset at the time the gain is realized.

Foreign Currency

The company's consolidated financial statements are presented in United States Dollars, ("USD"), which is the reporting currency of the Company. The functional currency of the company is the currency of its primary economic environment. In accordance with ASC 830, Foreign Currency Matters, foreign denominated monetary assets and liabilities are translated to their USD equivalents using foreign exchange rates which prevailed at the balance sheet date. Non-monetary assets and liabilities are translated at exchange rate prevailing at the transaction date. Revenue and expenses were translated at the prevailing rate of exchange at the date of the transaction. Related translation adjustments are reported as a separate component of stockholders' equity/(deficit), whereas gains or losses resulting from foreign currency transactions are included in results of operations.

Revenue Recognition

The Company recognizes revenues in accordance with FASB ASC 606, *Revenue From Contracts with Customers*, when delivery of goods as delivery is the sole performance obligation in its contracts with customers. The Company makes judgments regarding the timing in which revenue must be recognized based on the contracts entered into, the average time of service provision and the percentage of write-offs. In the process of applying the Company's accounting policies, management has made the following judgments, which have had the most significant effects on the amounts recognized in the consolidated financial statements:

Identification of performance obligations

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

The provision of the service in a continuous, unvarying and regular manner is considered a single performance obligation of the Company towards its customers.

Determine the deadlines for the fulfillment of service

The Company concluded that revenue from services should be recognized over time since the customer simultaneously receives and consumes the benefits provided.

Agent or principal consideration

Revenue stemming from contracts with customers is recognized when control of the services is transferred to the customer for an amount that is consistent with the consideration to which the Company expects to be entitled in exchange for that service. In general terms, the Company has concluded that it acts as the principal in its income contracts.

Effects of converting functional currency

In 2019 the effects of converting the functional currency of Scanda Latam S.A.S. (associate company of ARME) to its reporting currency (Mexican Pesos) in accordance with ASI 21, *The effects of changes in foreign exchange rates*, remaining the corresponding conversation rate effect in its equity, considered in ARAME's equity method for its investment in that associate.

As of December 31, 2020, Scanda Latam. S.A.S., associate company of ARAME, was split-off resulting from the situation detail in the notes below to the accompanying consolidated financial statements. For that reason, ARAME has cancelled its investment in that associate and recognized in its results the corresponding amount, pursuant to IAS 28, *Investments in associates and joint ventures*.

Cost of sales

Costs for contracts with customers are recognized in the consolidated net profit or loss as the control of services agreed with customers is transferred and, therefore, the obligations to be fulfilled are satisfied. Prior to their recognition in net profit or loss, costs for contracts are recognized in accordance to the following:

- The incremental costs for obtaining a contract are recognized as an asset (asset from contracts with customers) if they are considered recoverable; otherwise, these costs are recognized in net profit or loss at the time of incurrence.
- Costs to fulfill a contract and those that are not within the scope of other FRS are recognized as an asset (asset from contracts with customers), as long as these costs contain all the following requirements: (i) they relate directly to a contract that the Group can specifically identify, (ii) generate or improve Group resources that will be used to satisfy (or to continue satisfying) obligations to be fulfilled in the future in the current contract, (iii) are recoverable and , (iv) can be quantified in a reliable manner.

Impairment is recognized in profit or loss when the carrying amount of a contract asset recognized by incremental costs or costs to fulfill a contract exceeds:

- The pending amount to recognize as income in exchange for the services with which the asset relates, less

- Costs directly related to the delivery of those services that have not yet been recognized as expenses

Leases

A single accounting recognition lease model is recognized by the less and requires that in the consolidated financial statements the assets and liabilities for all leases with a duration of more than 12 months be recognized, unless the underlying asset be of low value, regardless of whether the lease indicates that it is financial or operating.

It is required to recognize a right-of-use asset, which represents the right to use the underlying leased asset and a lease liability that represents the obligation to face the lease payments. The right-of-use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date, plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The company assesses at the beginning of a contract, whether it contains a lease. To determine if a contract contains a lease, the following are evaluated:

- There is an identifiable asset or assets in the contract,
- Substantially all the economic benefits of the use of the asset are obtained throughout the entire period of use; and
- The use of the asset is directed

The non-cancelable period of the contract (term of the lease) is also evaluated based on the following:

- If there is reasonable certainty that the lessee will extend the term; and
- If there is reasonable certainty that the lessee will not extend the term.

To determine the discount rate to be used to record the lease liability at the beginning of each contract at the present value of future payments, these are discounted using any of the following interest rates:

The rate implicit in the lease ("TIIA") – only for leases having the characteristics of financial lease, which is when there is a transfer of substantially all the risks and rewards of ownership of the underlying asset from the lessor to the lessee;

Incremental lessee financing interest rate ("TIIFA") – only applies to leases having the characteristics of operating lease; which is when there is not a substantial transfer of all the risks and rewards of ownership for the underlying asset; and

The risk-free interest rate ("TILR") – only applies to lease contracts having the characteristics of operating lease and it is impractical to apply the TIIFA.

The company had decided not to recognize the right-of-use fixed assets' asset and lease liabilities for leases of low-value assets and short-term leases, mainly the lease contract that the company maintains for rental of corporate offices, where the obligations and benefits substantially remain with the lessor. The company recognizes lease payments associated with these leases as a straight-line expense during the term of the lease, which are as follows:

Fair Value of Financial Instruments

The carrying value of the Company's financial instruments included in current assets and current liabilities (such as cash and cash equivalents, restricted cash and cash equivalents, accounts receivable, accounts payable and accrued expenses approximate fair value due to the short-term nature of such instruments).

The inputs used to measure fair value are based on a hierarchy that prioritizes observable and unobservable inputs used in valuation techniques. These levels, in order of highest to lowest priority, are described below:

Level 1—Quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical assets or liabilities.

Level 2—Observable prices that are based on inputs not quoted on active markets but corroborated by market data.

Level 3—Unobservable inputs reflecting the Company's assumptions, consistent with reasonably available assumptions made by other market participants. These valuations require significant judgment.

Subsequent Events

The Company considers events or transactions that occur after the balance sheet date, but prior to the issuance of the financial statements to provide additional evidence relative to certain estimates or to identify matters that require additional disclosure. Subsequent events have been evaluated through May 26, 2021, which is the date the financial statements were issued.

Recently Issued and Adopted Accounting Pronouncements

In February 2019, FASB issued ASU No. 2019-02, Leases, that requires organizations that lease assets, referred to as "lessees", to recognize on the balance sheet the assets and liabilities for the rights and obligations created by those leases with lease terms of more than 12 months. ASU 2019-02 will also require disclosures to help investors and other financial statement users better understand the amount, timing, and uncertainty of cash flows arising from leases and will include qualitative and quantitative requirements. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021,

CONSOLIDATED NOTES TO FINANCIAL STATEMENTS

and early application is permitted. We are currently evaluating the effect that the updated standard will have on the financial statements and related disclosures.

In June 2019, FASB amended ASU No. 2019-07, Compensation – Stock Compensation, to expand the scope of Topic 718, Compensation – Stock Compensation, to include share-based payment transactions for acquiring goods and services from nonemployees. The new standard for nonpublic entities will be effective for fiscal years beginning after December 15, 2019, and interim periods within fiscal years beginning after December 15, 2020, and early application is permitted. The standard implementation did not have a material impact.

In August 2019, amendments to existing accounting guidance were issued through Accounting Standards Update 2019-15 to clarify the accounting for implementation costs for cloud computing arrangements. The amendments specify that existing guidance for capitalizing implementation costs incurred to develop or obtain internal-use software also applies to implementation costs incurred in a hosting arrangement that is a service contract. The guidance is effective for fiscal years beginning after December 15, 2020, and interim periods within fiscal years beginning after December 15, 2021, and early application is permitted. The standard implementation did not have a material impact.

The FASB issues ASUs to amend the authoritative literature in ASC. There have been a number of ASUs to date, including those above, that amend the original text of ASC. Management believes that those issued to date either (i) provide supplemental guidance, (ii) are technical corrections, (iii) are not applicable to us or (iv) are not expected to have a significant impact on our financial statements.

3. ACQUISITIONS AND DIVESTITURES

As of December 31, 2020, the company has not acquired any business. In 2019, the company made the following business acquisitions:

(i) In July 2019 and November 2019, Cybolt Team acquired 99.99% of the voting shares of the capital stock of NTECH and ARAME, respectively, non-public companies located in Mexico City. Both companies will have a presence in the information technology market.

The purchase price of the shares was \$ 472,146 for NTECH and \$ 776,901 for ARAME, which were paid in July 2019 and November 2019, respectively. The valuation method for the acquisition of businesses used was the purchase method.

As of December 31, 2019, the company has identified and substantially measured the fair value of all assets and liabilities related to the acquisition of the aforementioned businesses.

The fair value of the net assets and liabilities identified at the acquisition date and shown below could be modified once the allocation period has concluded:

Contingent Consideration

As part of the purchase contract with the previous owners NTECH and ARAME, a contingent consideration was agreed upon. The previous owners of the acquired businesses will receive additional payments according to the following:

- If they generate certain levels of pre-tax profits no later than December 31, 2020, additional cash flows to those already paid at the acquisition date.
 - The company commits for the payment of the acquisitions of ARAME and NTECH businesses, and several assets necessary for CMS operations for a determinable amount according to a predefined formula that is estimated at \$ 5,162,907 of which around \$ 3,508,772 will be paid in 2021 according to the profit for the year 2020 and the rest in 2022, if the expected direct marginal contribution of the next three years is reached according to what has been agreed upon in the corresponding acquisition contracts.
- 1) On December 31, 2019, the company acquired 99.99% of the shares of CMS through a consideration paid in cash for \$4,244; therefore as for the date of the consolidated financial statements, the company directly acquired control of CMS, thus becoming the company's subsidiary.

The aforementioned acquisition is recognized through the purchase method, which requires an evaluation to be made between the amount of the consideration paid and the value assigned to identifiable assets and liabilities assumed of the acquired business.

The fair value of assets acquired, and liabilities assumed at the acquisition date are shown below:

	<u>Fair Values</u>

Given that the consideration is less than the value assigned to the identifiable assets and liabilities assumed of the acquired business, the net assets of the acquired business are valued at a higher value than the consideration, for which such amount is recognized as gain on business purchase in the consolidated statement of income.

AI4SEC, INC
CONSOLIDATED NOTES TO FINANCIAL STATEMENTS
FOR YEAR ENDED TO DECEMBER 31, 2020 AND DECEMBER 31, 2019

Concentrations arise when a number of counterparts are engaged in similar business activities, or activities in the same geographical region or have economic features that would cause their ability to meet contractual obligations to be similarly affected by changes in economic, political, or other conditions.

Concentrations indicate a relative sensitivity of the company's performance to developments affecting a particular industry.

To avoid excessive concentrations of risk, the company's policies and procedures include specific guidelines to focus on the maintenance of a diversified portfolio. Identified concentrations of credit risks are controlled and managed accordingly. Selective hedging is used within the company to manage risk concentrations at both the customer and industry levels.

The credit risk in accounts receivable is mitigated by the fact that the company has a broad customer base that is geographically diverse. The company continuously monitors its customer trade accounts and it requires no collateral to guarantee collection of its receivables. However, in the event that the company's collection cycles deteriorate significantly, its financial performance could be adversely affected.

Market opportunity

Very fragmented landscape, we seek to consolidate the top services in cyber-security and digital risk management under one roof.

Our global TAM is USD \$173B+ in 2020 and is projected to reach USD \$270B by 2026 with North America poised to capture a large share in the global market for cybersecurity.

We are positioning ourselves as market leaders, specializing in cybersecurity in North America and the world.

Competition

Cybolt occupies a pure security niche and is applicable to any scale

Cybolt is an industry disrupter powered by the minds of some of the largest and best companies in Mexico. Our industry reputation and brand recognition already place us above competitors in our space. We are a pure security platform that can help any company, regardless of size.

We are a market-leading pure-play cyber security provider in Mexico. Digital risk management is not an afterthought, it's in our DNA.

Vision

We envision an equity value of \$1B USD in the near future

With your investment, Cybolt will continue to capitalize on our current growth and success by establishing new partnerships with new players.

In the near future, we have an ambitious organic and inorganic growth plan, with the goal of becoming an unicorn.

Where are we going?

The entrance to the US and European markets will be done through the acquisition of strategic players with commercial capabilities while keeping the core operations in Mexico resulting in reduced costs.

The current opportunity we see is a gap of the demand and the supply in the US. In the RSA Conference 2021, industry experts reported that there will be 4 million unfilled cybersecurity jobs globally in 2021.

Cybolt can serve the US market and fill the Cyber Security Engineers gap

RESOLVED, that the Certificate of Incorporation of this corporation be amended and restated in its entirety to read as follows:

FIRST: The name of the corporation is:

AI4SEC, Incorporated (the “**Corporation**”).

SECOND: The address of its registered office in the State of Delaware is: 16192 Coastal Highway, in the City of Lewes, County of Sussex, Zip Code 19958. The name of its registered agent at such address is Harvard Business Services, Inc.

THIRD: The purpose of the Corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of Delaware.

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 16,600,000 shares of Common Stock, \$0.001 par value per share (“**Common Stock**”) and (ii) 600,000 shares of Preferred Stock, \$0.001 par value per share (“**Preferred Stock**”).

The rights, preferences, privileges, restrictions and other matters relating to the capital stock of the Corporation are as follows:

A. COMMON STOCK

1. General. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of the Preferred Stock set forth herein.

2. Voting. The holders of the Common Stock are entitled to one (1) vote for each share of Common Stock held at all meetings of stockholders (and written actions in lieu of meetings).

3. Dividends. The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Amended and Restated Certificate of Incorporation) the holders of the Common Stock then outstanding shall receive a dividend on each outstanding share of Common Stock, calculated on the record date for determination of holders entitled to receive such dividend.

B. PREFERRED STOCK

The Series A Preferred Stock shall be non-voting, and the holders of Series A Preferred Stock shall not have the power to vote on, consent to or approve any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written action of stockholders in lieu of meetings).

Unless otherwise indicated, references to “sections” or “Sections” in this Part B of this Article Fourth refer to sections and Sections of Part B of this Article Fourth. References to “Preferred Stock” mean the Series A Preferred Stock.

1. Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

1.1 Payments.

1.1.1 Payments Upon Dissolution Event. In the event of any Dissolution Event (as defined below), but not including any Liquidity Event (as defined below), (a) the holders of shares of Preferred Stock then outstanding, (b) the holders of instruments then outstanding sharing in the distribution of proceeds of the Corporation, and (c) the holders of shares of Common Stock then outstanding, shall be entitled to be paid out of the assets available for distribution to the stockholders in such Dissolution Event, pro rata based on the number of shares held by each such holder, treating for this purpose all such securities as if they had been converted to Common Stock

pursuant to the terms of this Amended and Restated Certificate of Incorporation immediately prior to such Dissolution Event.

1.1.2 Payments to Holders of Preferred Stock Upon Liquidity Event. In the event of any Liquidity Event, the holders of shares of Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution, or out of the consideration payable, to its stockholders, before any payment shall be made to the holders of Common Stock by reason of their ownership thereof, an amount per share equal to the Original Issue Price (as defined below) applicable to the Preferred Stock, plus any dividends declared but unpaid thereon. “**Original Issue Price**” means, with respect to the Series A Preferred Stock, \$8.75 per share. If upon such Liquidity Event, the assets of the Corporation available for distribution, or the consideration payable, to its stockholders, is insufficient to pay the holders of shares of Preferred Stock the full amount to which they are entitled under this Section 1.1.2, the holders of shares of Preferred Stock shall share ratably in any distribution of such assets or payment of such consideration in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

1.1.2 Distribution of Remaining Assets Upon Liquidity Event. In the event of any Liquidity Event, after the payment in full of all amounts required to be paid to the holders of shares of Preferred Stock pursuant to Section 1.1.2, the remaining assets of the Corporation available for distribution, or the remaining consideration payable, to its stockholders, shall be distributed among (a) the holders of shares of Preferred Stock then outstanding, (b) the holders of instruments then outstanding sharing in the distribution of proceeds of the Corporation, and (c) the holders of shares of Common Stock then outstanding, pro rata based on the number of shares held by each such holder, treating for this purpose all such securities as if they had been converted to Common Stock pursuant to the terms of this Amended and Restated Certificate of Incorporation immediately prior to such Liquidity Event.

1.2 Definitions.

1.2.1 Dissolution Event. Each of the following events shall be considered a “**Dissolution Event**”:

- (a) a voluntary termination of operations of the Corporation;
- (b) a general assignment for the benefit of the Corporation’s creditors; or
- (c) any other liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary (but not including any Liquidity Event).

1.2.2 Liquidity Event. Each of the following events shall be considered a “**Liquidity Event**”:

- (a) a merger or consolidation in which (i) the Corporation is a constituent party or (ii) a subsidiary of the Corporation is a constituent party and the Corporation issues shares of its capital stock pursuant to such merger or consolidation, in each case, excluding any such merger or consolidation involving the Corporation or a subsidiary in which the shares of capital stock of the

Corporation outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) (i) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole, or (ii) the sale or disposition (whether by merger, consolidation or otherwise, and whether in a single transaction or a series of related transactions) of one (1) or more subsidiaries of the Corporation if substantially all of the assets of the Corporation and its subsidiaries taken as a whole are held by such subsidiary or subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

2. Conversion. Each share of Preferred Stock shall be convertible, from time to time in accordance with the terms and conditions of this Amended and Restated Certificate of Incorporation, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the applicable Original Issue Price by the applicable Conversion Price (as defined below) in effect at the time of conversion. The “**Conversion Price**” applicable to the Series A Preferred Stock shall initially be equal to \$8.75. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

2.1 Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the first date following the date the first share of Series A Preferred Stock was issued (the “**Original Issue Date**”), effect a subdivision of the outstanding Common Stock, the Conversion Price in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Original Issue Date combine the outstanding shares of Common Stock, the Conversion Price in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this Section shall become effective at the close of business on the date the subdivision or combination becomes effective.

2.2 Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the Conversion Price in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Conversion Price then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing, (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price shall be adjusted pursuant to this Section as of the time of actual payment of such dividends or distributions; and (b) that no such adjustment shall be made if the holders of Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

2.3 Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and the provisions of Section 1 do not apply to such dividend or distribution, then and in each such event the holders of Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

2.4 Adjustment for Merger or Reorganization, etc. If there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Sections 2.2 or 2.3), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one (1) share of Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 2 with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 2 (including provisions with respect to changes in and other adjustments of the Conversion Price) shall thereafter be applicable,

as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Preferred Stock.

2.5 Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price pursuant to this Section 2, the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which the Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Preferred Stock (but in any event not later than ten (10) days thereafter), furnish or cause to be furnished to such holder a certificate setting forth (i) the Conversion Price then in effect, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of Preferred Stock.

2.6 Notice of Record Date. In the event:

(a) that the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation; or

(c) of any Dissolution Event or any Liquidity Event;

then, and in each such case, the Corporation will send or cause to be sent to the holders of the Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Preferred Stock and the Common Stock. Such notice shall be sent at least ten (10) days prior to the record date or effective date for the event specified in such notice.

FIFTH: The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by statute or by this Certificate of Incorporation or the Bylaws of the Corporation, the directors are hereby empowered to exercise all such powers and do all such acts and things as may

be exercised or done by the Corporation. Election of directors need not be by written ballot, unless the Bylaws so provide.

SIXTH: The Board of Directors is authorized to make, adopt, amend, alter or repeal the Bylaws of the Corporation. The stockholders shall also have power to make, adopt, amend, alter or repeal the Bylaws of the Corporation.

SEVENTH: To the fullest extent permitted by the Delaware General Corporation Law, as the same exists or may hereafter be amended, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. Any repeal or modification of the foregoing provisions of this Article SEVENTH by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of the Corporation with respect to any acts or omissions occurring prior to, such repeal or modification.

3. That the foregoing amendment and restatement was approved by the holders of the requisite number of shares of this corporation in accordance with Section 228 of the General Corporation Law.

4. That this Amended and Restated Certificate of Incorporation, which restates and integrates and further amends the provisions of this Corporation's Certificate of Incorporation, has been duly adopted in accordance with Sections 242 and 245 of the General Corporation Law.

(b) The execution, delivery and performance by the Company of this Omnibus Series A Preferred Instrument is within the power of the Company and, other than with respect to the actions to be taken when equity is to be issued to Prime Trust, has been duly authorized by all necessary actions on the part of the Company. This Omnibus Series A Preferred Instrument constitutes a legal, valid and binding obligation of the Company, enforceable against the Company in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity. To the knowledge of the Company, it is not in violation of (i) its current charter or bylaws; (ii) any material statute, rule or regulation applicable to the Company; or (iii) any material indenture or contract to which the Company is a party or by which it is bound, where, in each case, such violation or default, individually, or together with all such violations or defaults, could reasonably be expected to have a material adverse effect on the Company.

(c) The performance and consummation of the transactions contemplated by this Omnibus Series A Preferred Instrument do not and will not: (i) violate any material judgment, statute, rule or regulation applicable to the Company; (ii) result in the acceleration of any material indenture or contract to which the Company is a party or by which it is bound; or (iii) result in the creation or imposition of any

lien upon any property, asset or revenue of the Company or the suspension, forfeiture, or nonrenewal of any material permit, license or authorization applicable to the Company, its business or operations.

(d) No consents or approvals are required in connection with the performance of this Omnibus Series A Preferred Instrument, other than: (i) the Company's corporate approvals; (ii) any qualifications or filings under applicable securities laws; and (iii) necessary corporate approvals for the authorization of the issuable shares of Series A Preferred pursuant to Section 1.

(e) The Company is (i) not required to file reports pursuant to Section 13 or Section 15(d) of the Exchange Act, (ii) not an investment company as defined in Section 3 of the Investment Company Act of 1940 (the "**Investment Company Act**"), and is not excluded from the definition of investment company by Section 3(b) or Section 3(c) of the Investment Company Act, (iii) not disqualified from selling securities under Rule 503(a) of Regulation CF, (iv) not barred from selling securities under Section 4(a)(6) of the Securities Act due to a failure to make timely annual report filings, (v) not planning to engage in a merger or acquisition with an unidentified company or companies, and (vi) organized under, and subject to, the laws of a state or territory of the United States or the District of Columbia.

(f) The Company has engaged, or shortly after the issuance of this Omnibus Series A Preferred Instrument, will engage a transfer agent registered with the U.S. Securities and Exchange Commission to act as the sole registrar and transfer agent for the Company with respect to the Omnibus Series A Preferred Instrument and the Capital Stock.

4. Prime Trust Representations

(a) Prime Trust has full legal capacity, power and authority to execute and deliver this Omnibus Series A Preferred Instrument and to perform its obligations hereunder. This Omnibus Series A Preferred Instrument constitutes a legal, valid and binding obligation of Prime Trust, enforceable in accordance with its terms, except as limited by bankruptcy, insolvency or other laws of general application relating to or affecting the enforcement of creditors' rights generally and general principles of equity.

5. Transfer Restrictions

(a) During the Lock-up Period, and otherwise subject to Section 7(f), neither Prime Trust nor any Holder shall, without the prior written consent of the managing underwriter: (A) lend; offer; pledge; sell; contract to sell; sell any option or contract to purchase; purchase any option or contract to sell; grant any option, right, or warrant to purchase; or otherwise transfer or dispose of, directly or indirectly, any shares of Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock (whether such shares or any such securities are then owned or are thereafter acquired); or (B) enter into any swap or other arrangement that transfers to another, in whole or in part, any of the economic consequences of ownership of such securities; whether any such transaction described in clause (A) or (B) above is to be settled by delivery of Common Stock or other securities, in cash, or otherwise.

(b) The foregoing provisions of Section 5(a) will: (x) apply only to the IPO and will not apply to the sale of any shares to an underwriter pursuant to an underwriting agreement; (y) not apply to the transfer of any shares to any trust for the direct or indirect benefit of the applicable party or the immediate family of such party, provided that the trustee of the trust agrees to be bound in writing by the restrictions set forth herein, and provided further that any such transfer will not involve a disposition for value; and (z) be applicable to Prime Trust and the Holders only if all officers and directors of the Company are subject to the same restrictions and the Company uses commercially reasonable efforts to obtain a similar

agreement from all stockholders individually owning more than 5% of the outstanding Common Stock or any securities convertible into or exercisable or exchangeable (directly or indirectly) for Common Stock. Notwithstanding anything herein to the contrary, the underwriters in connection with the IPO are intended third-party beneficiaries of Section 5(a) and will have the right, power and authority to enforce the provisions hereof as though they were a party hereto. Prime Trust and each Holder shall execute such agreements as may be reasonably requested by the underwriters in connection with the IPO that are consistent with Section 5(a) or that are necessary to give further effect thereto.

(c) In order to enforce the foregoing covenant, the Company may impose stop transfer instructions with respect to the registrable securities of the Company held by Prime Trust and the Holders (and the Company shares or securities of every other person subject to the foregoing restriction) until the end of the Lock-up Period. A legend reading substantially as follows will be placed on all certificates representing all of the registrable securities of the Company held by Prime Trust and the Holders (and the shares or securities of the Company held by every other person subject to the restriction contained in Section 5(a)):

THE SECURITIES REPRESENTED BY THIS CERTIFICATE ARE SUBJECT TO A LOCK-UP PERIOD BEGINNING ON THE EFFECTIVE DATE OF THE COMPANY'S REGISTRATION STATEMENT FILED UNDER THE SECURITIES ACT OF 1933, AS AMENDED, AS SET FORTH IN AN AGREEMENT BETWEEN THE COMPANY AND THE ORIGINAL HOLDER OF THESE SECURITIES, A COPY OF WHICH MAY BE OBTAINED AT THE COMPANY'S PRINCIPAL OFFICE. SUCH LOCK-UP PERIOD IS BINDING ON TRANSFEREES OF THESE SECURITIES.

(d) No portion of this Omnibus Series A Preferred Instrument (or any Beneficial Interest) or the underlying securities may be disposed of unless and until the transferee has agreed in writing for the benefit of the Company to make representations and warranties substantially similar to those made by the Subscribers and:

- (i) There is then in effect a registration statement under the Securities Act covering such proposed disposition and such disposition is made in accordance with such registration statement; or
- (ii) The applicable transferor shall have notified the Company of the proposed disposition and shall have furnished the Company with a detailed statement of the circumstances surrounding the proposed disposition and, if reasonably requested by the Company, an opinion of counsel reasonably satisfactory to the Company that such disposition will not require registration of such shares under the Securities Act.

(e) No disposition of this instrument (or any Beneficial Interest) or any underlying securities may be made to any of the Company's competitors, as determined by the Company in good faith.

(f) The Company will place the legend set forth below or a similar legend on any book entry or other forms of notation evidencing this Omnibus Series A Preferred Instrument (or any Beneficial Interest) and any certificates evidencing the underlying securities, together with any other legends that may be required by state or federal securities laws, the Company's charter or bylaws or otherwise:

THIS INSTRUMENT HAS BEEN ISSUED PURSUANT TO SECTION 4(A)(6) OF THE SECURITIES ACT OF 1933, AS AMENDED (THE "SECURITIES ACT"), AND NEITHER IT NOR ANY SECURITIES ISSUABLE PURSUANT HERETO HAVE

BEEN REGISTERED UNDER THE SECURITIES ACT OR THE SECURITIES LAWS OF ANY STATE. THESE SECURITIES MAY NOT BE OFFERED, SOLD OR OTHERWISE TRANSFERRED, PLEDGED OR HYPOTHECATED EXCEPT AS PERMITTED BY RULE 501 OF REGULATION CROWDFUNDING UNDER THE SECURITIES ACT AND APPLICABLE STATE SECURITIES LAWS OR PURSUANT TO AN EFFECTIVE REGISTRATION STATEMENT OR EXEMPTION THEREFROM.

(g) Prime Trust shall use commercially reasonable efforts to facilitate a disposition contemplated in Section 5(d)(i).

6. Dividends, Distributions, Voting Rights

(a) Whenever Prime Trust shall receive any cash dividend or other cash distribution on the shares of Series A Preferred, Prime Trust shall distribute to the Holders such amounts of such sum as are, as nearly as practicable, in proportion to each Holder's Beneficial Interest; provided, however, that in case the Company or Prime Trust shall be required to and shall withhold from any cash dividend or other cash distribution in respect of the shares of Series A Preferred represented by the Beneficial Interest held by any Holder an amount on account of taxes, the amount made available for distribution or distributed in respect of shares of Series A Preferred subject to such withholding shall be reduced accordingly. Prime Trust shall distribute or make available for distribution, as the case may be, only such amount, however, as can be distributed without attributing to any Holder of Beneficial Interests a fraction of one cent, and any balance not so distributable shall be held by Prime Trust (without liability for interest thereon) and shall be added to and be treated as part of the next sum received by Prime Trust for distribution to Holders of Beneficial Interests then outstanding.

(b) Whenever Prime Trust shall receive any distribution other than cash on the shares of Series A Preferred, Prime Trust shall distribute to the Holders of Beneficial Interests such amounts of the securities or property received by it as are, as nearly as practicable, in proportion to the respective Beneficial Interests held by such Holder, in any manner that Prime Trust and the Company may deem equitable and practicable for accomplishing such distribution. If, in the opinion of Prime Trust after consultation with the Company, such distribution cannot be made proportionately among all Holders, or if for any other reason (including any requirement that the Company or Prime Trust withhold an amount on account of taxes), Prime Trust deems, after consultation with the Company, such distribution not to be feasible, Prime Trust may, with the approval of the Company, adopt such method as it deems equitable and practicable for the purpose of effecting such distribution, including the sale (at public or private sale) of the securities or property thus received or any part thereof, at such place or places and upon such terms as it may deem proper. The net proceeds of any such sale shall be distributed or made available for distribution, as the case may be, by Prime Trust to the Holders of Beneficial Interests as provided by Section 6(a) in the case of a distribution received in cash. The Company shall not make any distribution of such securities or property to the Holders of Beneficial Interests unless the Company shall have provided to Prime Trust an opinion of counsel stating that such securities or property have been registered under the Securities Act or do not need to be registered.

(c) Upon any change in par or stated value, split-up, combination or any other reclassification of the shares of Series A Preferred, or upon any recapitalization, reorganization, merger, amalgamation or consolidation affecting the Company or to which it is a party or sale of all or substantially all of the Company's assets, Prime Trust shall, upon the instructions of the Company: (i) make such adjustments in the shares of Series A Preferred as may be required by, or as is consistent with, the provisions of the articles of incorporation of the Company to fully reflect the effects of such split-up, combination or other reclassification of the shares of Series A Preferred, or of such recapitalization, reorganization, merger,

consolidation or sale and (ii) treat any shares or other securities or property (including cash) that shall be received by Prime Trust in exchange for or upon conversion of or in respect of the shares of Series A Preferred as new securities held under this Agreement, and Beneficial Interests then outstanding shall thenceforth represent the proportionate interests of Holders thereof or the new securities so received in exchange for or upon conversion of or in respect of such shares of Series A Preferred. The Company shall cause effective provision to be made in the charter of the resulting or surviving corporation (if other than the Company) for protection of such rights as may be applicable upon exchange of the shares of Series A Preferred for securities or property or cash of the surviving corporation in connection with the transactions set forth above. The Company shall cause any such surviving corporation (if other than the Company) expressly to assume the obligations of the Company hereunder.

(d) Upon receipt of notice of any meeting, or consent in lieu of a meeting, at which the holders of the shares of Series A Preferred are entitled to vote, Prime Trust shall, as soon as reasonably practicable thereafter, mail or provide electronically to the Holders of Beneficial Interests a notice, which shall be provided by the Company and which shall contain such information as is contained in such notice of meeting or other form of consent in lieu of a meeting. Holder acknowledges that notwithstanding its receipt of such materials, all voting rights with respect to the shares of Series A Preferred shall be exercised by Prime Trust in accordance with this Section 6(d). At any meeting of the stockholders at which holders of the shares of Series A Preferred are entitled to vote, or with respect to any written consent of the stockholders in lieu of such a meeting, Prime Trust shall vote all shares of Series A Preferred then held by Prime Trust as directed in writing by the Company's board of directors. Notwithstanding the foregoing provisions of this Section 6(d), the Series A Preferred shall be non-voting.

7. Miscellaneous

(a) Except as otherwise agreed by the Company in its sole discretion, Holders will not be entitled to exchange their Beneficial Interests in this Omnibus Series A Preferred Instrument for Series A Preferred in certificated form.

(b) Prime Trust agrees to take any and all actions determined in good faith by the Company's board of directors to be advisable to reorganize this Omnibus Series A Preferred Instrument and any shares of Capital Stock issued pursuant to the terms of this Omnibus Series A Preferred Instrument into a special purpose vehicle or other entity designed to aggregate the interests of the Holders.

(c) Any provision of this Omnibus Series A Preferred Instrument may be amended, waived or modified only upon the written consent of the Company and the majority of the Holders (calculated based on the Beneficial Interests of the Holders).

(d) Any notice required or permitted by this Omnibus Series A Preferred Instrument will be deemed sufficient when delivered personally or by overnight courier or sent by email to the relevant address listed on the signature page, or 48 hours after being deposited in the U.S. mail as certified or registered mail with postage prepaid, addressed to the party to be notified at such party's address listed on the signature page, as subsequently modified by written notice.

(e) Prime Trust through this Omnibus Series A Preferred Instrument shall be considered legal record holder of the Series A Preferred and any shares of securities convertible therefrom, including the Common Stock.

(f) Neither this Omnibus Series A Preferred Instrument nor the rights contained herein may be assigned, by operation of law or otherwise, by either party without the prior written consent of the other;

provided, however, that this Omnibus Series A Preferred Instrument and/or the rights contained herein may be assigned without the Company's consent by Prime Trust to any other entity who directly or indirectly, controls, is controlled by or is under common control with Prime Trust, including, without limitation, any general partner, managing member, officer or director of Prime Trust; and *provided, further*, that the Company may assign this Omnibus Series A Preferred Instrument in whole, without the consent of Prime Trust, in connection with a reincorporation to change the Company's domicile. Prime Trust New Account Agreement

_____ (“Account Holder”, “Customer”, “you”, “your”) hereby requests and directs that Prime Trust, LLC (“Prime Trust”, “Custodian”, “we”, “our”, “us”), a Nevada chartered trust company, establish a Prime Asset Custody Account (“Account”) for and in the name of Account Holder, and to hold as custodian all assets deposited to, or collected with respect to such Account, upon the following terms and conditions:

1. APPOINTMENT OF CUSTODIAN:

Account Holder hereby appoints Prime Trust to be custodian of and to hold or process as directed all securities, currency, cryptocurrency, and other assets of Account Holder (hereinafter referred to as “Custodial Property”) that are delivered to Custodian by Account Holder or Account Holder’s Agent(s) (as defined below) to the Account in accordance with the terms of this Agreement.

2. SELF-DIRECTED INVESTMENTS:

- a. This Account is a self-directed Account that is managed by Account Holder and/or Account Holder’s Agents. Prime Trust will act solely as custodian of the Custodial Property and will not exercise any investment or tax planning discretion regarding your Account, as this is solely your responsibility and/or the responsibility of advisors, brokers and others you designate and appoint as your agent for your Account (“Agents”), if any. Prime Trust undertakes to perform only such duties as are expressly set forth herein, all of which are ministerial in nature.
- b. As a self-directed Account, you acknowledge and agree that:
 - i. The value of your Account will be solely dependent upon the performance of any asset(s) chosen by you and/or your Agents.
 - ii. Prime Trust shall have no duty or responsibility to review or perform due diligence on any investments or other Custodial Property and will make absolutely no recommendation of investments, nor to supervise any such investments. You will perform your own due diligence on all investments and take sole responsibility for all decisions made for your Account.
 - iii. Prime Trust does not provide any valuation or appraisals of Custodial Property, nor does it hire or seek valuations or appraisals on any Custodial Property, provided, however, it may, at its option and with no obligation or liability, to the extent available for any particular asset, include recent price quotes or value estimates from various third-party sources, including but not limited to SEC-registered exchanges and alternative trading systems, digital asset exchanges, and real estate websites on your statement for any such Custodial Property. Prime Trust will not be expected or obligated to attempt to verify the validity, accuracy or reliability of any such third-party valuation, valuation estimates or prices and you agree that Prime Trust shall in no way be held liable for any such valuation estimates or price quotations. Prime Trust shall simply act in a passive, pass-through capacity in providing such information (if any) on your Account statements and that such valuation estimates or price quotations are neither verified, substantiated nor to be relied upon in any way, for any purpose, including, without limitation, tax reporting purposes. You agree to engage a professional, independent advisor for any valuation opinion(s) you want on any Custodial Property.

- c. Account Holder will not direct or permit its Agents to direct the purchase, sale or transfer of any Custodial Property which is not permissible under the laws of Account Holder's place of residence or illegal under US federal, state or local law. Account Holder hereby warrants that neither you nor your Agents will enter into a transaction or series of transactions, or cause a transaction to be entered into, which is prohibited under Section 4975 of the Internal Revenue Code. Pursuant to the directions of the Account Holder or Agent(s), Prime Trust shall process the investment and reinvestment of Custodial Property as directed by Account Holder or its Agents only so long as, in the sole judgment of Prime Trust, such requested investments will not impose an unreasonable administrative burden on Prime Trust (which such determination by Prime Trust shall not be construed in any respect as a judgment concerning the prudence or advisability of such investment). Custodian may rely upon any notice, instruction, request or other instrument believed by it to have been delivered from the Account Holder or its Agents, not only as to its due execution, validity and effectiveness, but also as to the truth and accuracy of any information contained therein.
- d. Buy and sell orders may, at Custodians discretion, be accepted verbally, including via telephone, or electronically, including email and internet-enabled devices and systems, provided, however, that Custodian may, but is not required to, require Account Holder or its Agents to promptly provide email, text or other confirmation to verify such instructions and any such instructions will not be deemed as received until verified in accordance with the Custodians then-in-effect policies and procedures. Account Holder acknowledges that any request to waive or change any policies or procedures for asset disbursements is done so at Account Holders risk. Prime Trust may decline to accept verbal asset transfer or trade instructions in its sole discretion and require written instructions, or instructions triggered from Account Holder or its Agents using tools while logged onto your account (either directly at www.primetrust.com or on any website or application that integrates into Prime Trust systems via API's ("Application Programming Interfaces"), which may or may not bear the Prime Trust brand. Account Holder bears complete and absolute responsibility for all buy, sell, transfer, and disbursement instructions for this Account and will immediately notify Prime Trust of any unauthorized transactions.
- e. Account Holder acknowledges and agrees that the custody of digital assets is generally subject to a high degree of risk, including without limitation, the risk of loss due to the blockchain or smart contract defects as well as forks and other events outside of the Custodian's control. Such Custodial Property is not insured by the Federal Deposit Insurance Corporation or by any Prime Trust insurance policies and so you are advised to directly obtain, at your sole cost and expense, any separate insurance policies you desire for such Custodial Property. Account Holder agrees that transfer requests, as well as sale and purchase orders, for digital assets may be delayed due to security protocols, time-zone differences, communication technology delays or fails, and/or enhanced internal compliance reviews. Accordingly, Prime Trust shall not be liable for any losses or damages, including without limitation direct, indirect, consequential, special, exemplary or otherwise, resulting from delays in processing such transactions.
- f. All instructions for the purchase and sale of securities and/or digital assets shall be executed through one or more broker-dealers or exchanges selected by either you or your Agents, or by Prime Trust, as an accommodation (and not in any capacity as a broker-dealer) and Prime Trust is hereby authorized to debit your account for any fees associated with such transaction(s) and remit those to the executing party.

3. SCHEDULE OF FEES:

The Custodian shall receive reasonable compensation in accordance with its usual Schedule of Fees then in effect at the time of service. The fees and charges initially connected with this Account may include:

- Account Fees: As detailed on Prime Trust's current fee schedule, which may change from time to time and is published on www.primetrust.com. Changes to the fee schedule shall not affect any charges for prior periods and will only be effective as of the date the changes were published.

SECOND: The address of its registered office in the State of Delaware is: 16192 Coastal Highway, in the City of Lewes, County of Sussex, Zip Code 19958. The name of its registered agent at such address is Harvard Business Services, Inc.

THIRD: The purpose of the Corporation is to engage in any lawful act or activity for which a corporation may be organized under the General Corporation Law of Delaware.

FOURTH: The total number of shares of all classes of stock which the Corporation shall have authority to issue is (i) 16,600,000 shares of Common Stock, \$0.001 par value per share (“**Common Stock**”) and (ii) 600,000 shares of Preferred Stock, \$0.001 par value per share (“**Preferred Stock**”).

The rights, preferences, privileges, restrictions and other matters relating to the capital stock of the Corporation are as follows:

A. COMMON STOCK

1. General. The voting, dividend and liquidation rights of the holders of the Common Stock are subject to and qualified by the rights, powers and preferences of the holders of the Preferred Stock set forth herein.

2. Voting. The holders of the Common Stock are entitled to one (1) vote for each share of Common Stock held at all meetings of stockholders (and written actions in lieu of meetings).

3. Dividends. The Corporation shall not declare, pay or set aside any dividends on shares of any other class or series of capital stock of the Corporation (other than dividends on shares of Common Stock payable in shares of Common Stock) unless (in addition to the obtaining of any consents required elsewhere in this Amended and Restated Certificate of Incorporation) the holders of the Common Stock then outstanding shall receive a dividend on each outstanding share of Common Stock, calculated on the record date for determination of holders entitled to receive such dividend.

B. PREFERRED STOCK

The Series A Preferred Stock shall be non-voting, and the holders of Series A Preferred Stock shall not have the power to vote on, consent to or approve any matter presented to the stockholders of the Corporation for their action or consideration at any meeting of stockholders of the Corporation (or by written action of stockholders in lieu of meetings).

Unless otherwise indicated, references to “sections” or “Sections” in this Part B of this Article Fourth refer to sections and Sections of Part B of this Article Fourth. References to “Preferred Stock” mean the Series A Preferred Stock.

1. Liquidation, Dissolution or Winding Up; Certain Mergers, Consolidations and Asset Sales.

1.1 Payments.

1.1.1 Payments Upon Dissolution Event. In the event of any Dissolution Event (as defined below), but not including any Liquidity Event (as defined below), (a) the holders of shares of Preferred Stock then outstanding, (b) the holders of instruments then outstanding sharing in the distribution of proceeds of the Corporation, and (c) the holders of shares of Common Stock then outstanding, shall be entitled to be paid out of the assets available for distribution to the stockholders in such Dissolution Event, pro rata based on the number of shares held by each such holder, treating for this purpose all such securities as if they had been converted to Common Stock

pursuant to the terms of this Amended and Restated Certificate of Incorporation immediately prior to such Dissolution Event.

1.1.2 Payments to Holders of Preferred Stock Upon Liquidity Event. In the event of any Liquidity Event, the holders of shares of Preferred Stock then outstanding shall be entitled to be paid out of the assets of the Corporation available for distribution, or out of the consideration payable, to its stockholders, before any payment shall be made to the holders of Common Stock by reason of their ownership thereof, an amount per share equal to the Original Issue Price (as defined below) applicable to the Preferred Stock, plus any dividends declared but unpaid thereon. “**Original Issue Price**” means, with respect to the Series A Preferred Stock, \$8.75 per share. If upon such Liquidity Event, the assets of the Corporation available for distribution, or the consideration payable, to its stockholders, is insufficient to pay the holders of shares of Preferred Stock the full amount to which they are entitled under this Section 1.1.2, the holders of shares of Preferred Stock shall share ratably in any distribution of such assets or payment of such consideration in proportion to the respective amounts which would otherwise be payable in respect of the shares held by them upon such distribution if all amounts payable on or with respect to such shares were paid in full.

1.1.2 Distribution of Remaining Assets Upon Liquidity Event. In the event of any Liquidity Event, after the payment in full of all amounts required to be paid to the holders of shares of Preferred Stock pursuant to Section 1.1.2, the remaining assets of the Corporation available for distribution, or the remaining consideration payable, to its stockholders, shall be distributed among (a) the holders of shares of Preferred Stock then outstanding, (b) the holders of instruments then outstanding sharing in the distribution of proceeds of the Corporation, and (c) the holders of shares of Common Stock then outstanding, pro rata based on the number of shares held by each such holder, treating for this purpose all such securities as if they had been converted to Common Stock pursuant to the terms of this Amended and Restated Certificate of Incorporation immediately prior to such Liquidity Event.

1.2 Definitions.

1.2.1 Dissolution Event. Each of the following events shall be considered a “**Dissolution Event**”:

- (a) a voluntary termination of operations of the Corporation;
- (b) a general assignment for the benefit of the Corporation’s creditors; or
- (c) any other liquidation, dissolution or winding up of the Corporation, whether voluntary or involuntary (but not including any Liquidity Event).

1.2.2 Liquidity Event. Each of the following events shall be considered a “**Liquidity Event**”:

- (a) a merger or consolidation in which (i) the Corporation is a constituent party or (ii) a subsidiary of the Corporation is a constituent party and the Corporation issues shares of its capital stock pursuant to such merger or consolidation, in each case, excluding any such merger or consolidation involving the Corporation or a subsidiary in which the shares of capital stock of the

Corporation outstanding immediately prior to such merger or consolidation continue to represent, or are converted into or exchanged for shares of capital stock that represent, immediately following such merger or consolidation, at least a majority, by voting power, of the capital stock of (1) the surviving or resulting corporation; or (2) if the surviving or resulting corporation is a wholly owned subsidiary of another corporation immediately following such merger or consolidation, the parent corporation of such surviving or resulting corporation; or

(b) (i) the sale, lease, transfer, exclusive license or other disposition, in a single transaction or series of related transactions, by the Corporation or any subsidiary of the Corporation of all or substantially all the assets of the Corporation and its subsidiaries taken as a whole, or (ii) the sale or disposition (whether by merger, consolidation or otherwise, and whether in a single transaction or a series of related transactions) of one (1) or more subsidiaries of the Corporation if substantially all of the assets of the Corporation and its subsidiaries taken as a whole are held by such subsidiary or subsidiaries, except where such sale, lease, transfer, exclusive license or other disposition is to a wholly owned subsidiary of the Corporation.

2. Conversion. Each share of Preferred Stock shall be convertible, from time to time in accordance with the terms and conditions of this Amended and Restated Certificate of Incorporation, into such number of fully paid and non-assessable shares of Common Stock as is determined by dividing the applicable Original Issue Price by the applicable Conversion Price (as defined below) in effect at the time of conversion. The “**Conversion Price**” applicable to the Series A Preferred Stock shall initially be equal to \$8.75. Such initial Conversion Price, and the rate at which shares of Preferred Stock may be converted into shares of Common Stock, shall be subject to adjustment as provided below.

2.1 Adjustment for Stock Splits and Combinations. If the Corporation shall at any time or from time to time after the first date following the date the first share of Series A Preferred Stock was issued (the “**Original Issue Date**”), effect a subdivision of the outstanding Common Stock, the Conversion Price in effect immediately before that subdivision shall be proportionately decreased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be increased in proportion to such increase in the aggregate number of shares of Common Stock outstanding. If the Corporation shall at any time or from time to time after the Original Issue Date combine the outstanding shares of Common Stock, the Conversion Price in effect immediately before the combination shall be proportionately increased so that the number of shares of Common Stock issuable on conversion of each share of such series shall be decreased in proportion to such decrease in the aggregate number of shares of Common Stock outstanding. Any adjustment under this Section shall become effective at the close of business on the date the subdivision or combination becomes effective.

2.2 Adjustment for Certain Dividends and Distributions. In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable on the Common Stock in additional shares of Common Stock, then and in each such event the Conversion Price in effect immediately before such event shall be decreased as of the time of such issuance or, in the event such a record date shall have been fixed, as of the close of business on such record date, by multiplying the Conversion Price then in effect by a fraction:

(1) the numerator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date, and

(2) the denominator of which shall be the total number of shares of Common Stock issued and outstanding immediately prior to the time of such issuance or the close of business on such record date plus the number of shares of Common Stock issuable in payment of such dividend or distribution.

Notwithstanding the foregoing, (a) if such record date shall have been fixed and such dividend is not fully paid or if such distribution is not fully made on the date fixed therefor, the Conversion Price shall be recomputed accordingly as of the close of business on such record date and thereafter the Conversion Price shall be adjusted pursuant to this Section as of the time of actual payment of such dividends or distributions; and (b) that no such adjustment shall be made if the holders of Preferred Stock simultaneously receive a dividend or other distribution of shares of Common Stock in a number equal to the number of shares of Common Stock as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

2.3 Adjustments for Other Dividends and Distributions. In the event the Corporation at any time or from time to time after the Original Issue Date shall make or issue, or fix a record date for the determination of holders of Common Stock entitled to receive, a dividend or other distribution payable in securities of the Corporation (other than a distribution of shares of Common Stock in respect of outstanding shares of Common Stock) or in other property and the provisions of Section 1 do not apply to such dividend or distribution, then and in each such event the holders of Preferred Stock shall receive, simultaneously with the distribution to the holders of Common Stock, a dividend or other distribution of such securities or other property in an amount equal to the amount of such securities or other property as they would have received if all outstanding shares of Preferred Stock had been converted into Common Stock on the date of such event.

2.4 Adjustment for Merger or Reorganization, etc. If there shall occur any reorganization, recapitalization, reclassification, consolidation or merger involving the Corporation in which the Common Stock (but not the Preferred Stock) is converted into or exchanged for securities, cash or other property (other than a transaction covered by Sections 2.2 or 2.3), then, following any such reorganization, recapitalization, reclassification, consolidation or merger, each share of Preferred Stock shall thereafter be convertible in lieu of the Common Stock into which it was convertible prior to such event into the kind and amount of securities, cash or other property which a holder of the number of shares of Common Stock of the Corporation issuable upon conversion of one (1) share of Preferred Stock immediately prior to such reorganization, recapitalization, reclassification, consolidation or merger would have been entitled to receive pursuant to such transaction; and, in such case, appropriate adjustment (as determined in good faith by the Board of Directors of the Corporation) shall be made in the application of the provisions in this Section 2 with respect to the rights and interests thereafter of the holders of the Preferred Stock, to the end that the provisions set forth in this Section 2 (including provisions with respect to changes in and other adjustments of the Conversion Price) shall thereafter be applicable,

as nearly as reasonably may be, in relation to any securities or other property thereafter deliverable upon the conversion of the Preferred Stock.

2.5 Certificate as to Adjustments. Upon the occurrence of each adjustment or readjustment of the Conversion Price pursuant to this Section 2, the Corporation at its expense shall, as promptly as reasonably practicable but in any event not later than ten (10) days thereafter, compute such adjustment or readjustment in accordance with the terms hereof and furnish to each holder of Preferred Stock a certificate setting forth such adjustment or readjustment (including the kind and amount of securities, cash or other property into which the Preferred Stock is convertible) and showing in detail the facts upon which such adjustment or readjustment is based. The Corporation shall, as promptly as reasonably practicable after the written request at any time of any holder of Preferred Stock (but in any event not later than ten (10) days thereafter), furnish or cause to be furnished to such holder a certificate setting forth (i) the Conversion Price then in effect, and (ii) the number of shares of Common Stock and the amount, if any, of other securities, cash or property which then would be received upon the conversion of Preferred Stock.

2.6 Notice of Record Date. In the event:

(a) that the Corporation shall take a record of the holders of its Common Stock (or other capital stock or securities at the time issuable upon conversion of the Preferred Stock) for the purpose of entitling or enabling them to receive any dividend or other distribution, or to receive any right to subscribe for or purchase any shares of capital stock of any class or any other securities, or to receive any other security; or

(b) of any capital reorganization of the Corporation, any reclassification of the Common Stock of the Corporation; or

(c) of any Dissolution Event or any Liquidity Event;

then, and in each such case, the Corporation will send or cause to be sent to the holders of the Preferred Stock a notice specifying, as the case may be, (i) the record date for such dividend, distribution or right, and the amount and character of such dividend, distribution or right, or (ii) the effective date on which such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up is proposed to take place, and the time, if any is to be fixed, as of which the holders of record of Common Stock (or such other capital stock or securities at the time issuable upon the conversion of the Preferred Stock) shall be entitled to exchange their shares of Common Stock (or such other capital stock or securities) for securities or other property deliverable upon such reorganization, reclassification, consolidation, merger, transfer, dissolution, liquidation or winding-up, and the amount per share and character of such exchange applicable to the Preferred Stock and the Common Stock. Such notice shall be sent at least ten (10) days prior to the record date or effective date for the event specified in such notice.

FIFTH: The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. In addition to the powers and authority expressly conferred upon them by statute or by this Certificate of Incorporation or the Bylaws of the Corporation, the directors are hereby empowered to exercise all such powers and do all such acts and things as may

be exercised or done by the Corporation. Election of directors need not be by written ballot, unless the Bylaws so provide.

SIXTH: The Board of Directors is authorized to make, adopt, amend, alter or repeal the Bylaws of the Corporation. The stockholders shall also have power to make, adopt, amend, alter or repeal the Bylaws of the Corporation.

SEVENTH: To the fullest extent permitted by the Delaware General Corporation Law, as the same exists or may hereafter be amended, a director of the Corporation shall not be personally liable to the Corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. Any repeal or modification of the foregoing provisions of this Article SEVENTH by the stockholders of the Corporation shall not adversely affect any right or protection of a director of the Corporation existing at the time of, or increase the liability of any director of the Corporation with respect to any acts or omissions occurring prior to, such repeal or modification.

3. That the foregoing amendment and restatement was approved by the holders of the requisite number of shares of this corporation in accordance with Section 228 of the General Corporation Law.

4. That this Amended and Restated Certificate of Incorporation, which restates and integrates and further amends the provisions of this Corporation's Certificate of Incorporation, has been duly adopted in accordance with Sections 242 and 245 of the General Corporation Law.
