(D) The Company’s Business and Business Plan

Our Story

This journey all started 5 years ago when Joel was given a home brew kit as a gag gift. He started using the kit and instantly fell in love with the process and the science of brewing beer. He started doing research, bought different books on brewing, became a member of the American Home Brewer’s Association and joined a local home brew club in Southern California. The backyard shed was soon turned into a “brew shed”, hops were planted in the planter and a wide range of beers were produced. There were really good beers produced and some not so good, but, like with everything, practice makes perfect! And there was a lot of practice, with beers being brewed almost every 2 weeks or so. Fast forward to 2020. We are now all living in the great state of Arizona and due to Covid-19, we are given the gift of time to start working on the dream of opening a family brewery. We got together to discuss one of the most important things, the name! After discussing for a little bit, White Elephant Brewing Company was mentioned. With all our different personalities and what we bring to the business, it is something of a “White Elephant”.

- All of our family members finally living in Arizona to bring our dream alive!
- Becca deciding to take the lead and really hit the ground running as she has always had the drive to be an entrepreneur

Our Story

It all started when Joel Quisenberry got a home brew kit for Christmas as a gag gift back in 2015. He started using the kit and instantly fell in love with the process and the science of brewing beer. He started doing research, bought different books on brewing, became a member of the

American Home Brewer's Association and joined a local home brew club in Southern California. The backyard shed was soon turned into a "brew shed", hops were planted in the planter and a wide range of beers were produced. There were really good beers produced and some not so good, but, like with everything, practice makes perfect! And there was a lot of practice, with beers being brewed almost every 2 weeks or so.

The idea for a family brewery started to come about a few years after that home brew kit was gifted. At the time it was just an idea and was placed on the back burner due to different life events (having children, moving, graduating college, starting new careers). We all (Joel, Patty, Danielle, Samantha, Rebecca, and Mike) did not live in the same state (spread out between California, Arizona and Hawaii), so the timing was just not right to start a business.

Fast forward to 2020. We are now all living in the great state of Arizona and due to Covid-19, we are given the gift of time to start working on the dream of opening a family brewery. We got together to discuss one of the most important things, the name! After discussing for a little bit, White Elephant Brewing Company was mentioned. We all look around the table and instantly say "that name describes our family to a T". With all our different personalities and what we bring to the business, it is something of a "White Elephant". Grab a pint and become part of the White Elephant Brewing Company family!

Communicate with the Customer

White Elephant Brewing Company will communicate with its customers by:

- Posting on social media accounts (Instagram, Facebook, etc) on our progress of building and brewing beer to start the hype of our grand opening.
- Utilize a PR agent to contact news stations/magazines, etc for bits on the local news or websites.
- Providing contact information on the company website along with a subscribe option to receive emails from us.
- Be present at future beer festivals (given the state of the nation due to COVID-19) with our merchandise such as coasters and stickers along with business cards.

Future of the Company

Although the microbrewery industry is fairly new to Arizona, there has been massive growth in new microbreweries opening up across the valley.

- White Elephant Brewing Company plans to open our first location in Phoenix, AZ near Deer Valley Airport. A
- As our sales in our taproom and cans grows, we plan to open additional taprooms in other parts of the valley to bring in new customers and serve a majority of the valley.

Concept

White Elephant Brewing Company proposes not to be just another brewery/taproom, but to be three related businesses:

- A taproom serving top-quality ales and lagers, both of our own production and those available from other local breweries;
- A 7 barrel brewery with a yearly capacity of 2500 barrels;
- And a wholesale distributor which supplies the needs of selected local taverns in the local market.

- The principle of the brewery/taproom is to make people aware of the brewing renaissance in this and other countries.

Our Mission Statement

White Elephant Brewing Company's mission is to bring knowledge and excellent craft beer to the metro Phoenix area. We provide a vast range of taps to expand customers brew experience and family values by having all our family members working day-to-day.

Company Advantages

One thing that will define White Elephant Brewing Company operation is the plan to brew both European Style Lagers and Worldwide Style Ales, something to date that has not been consistently executed by local breweries of our size.

- We plan to offer 1-2 lagers and 5-8 ales supplied by White Elephant Brewing, including seasonal beers such as Oktoberfest, Summer ales and lagers, and a Winter Ale.
- The brewery hardware will be such that we will be able to produce top-quality examples of each of these beers, unlike the more simply conceived brewhouses of many competing breweries.
- Moreover, the capacity of The White Elephant Brewing brewhouse and storage facilities will enable us to be responsive to the demands and quality expectations of the wholesale market.

Growth Strategy

There are two facets to the marketing of the Brewery/Taproom having to do specifically with pub operations:

- The Taproom will have a selection of 9-12 beers produced in-house, as well as 3-6 beers from other local breweries and some of the best craft beers from across the country. In this way we will appeal to both the casual beer drinker and encouraging sales of our beers without restricting our clientele.
- Pending space and licensing constraints, we will offer limited live music on certain days.
- Food options at White Elephant Brewing Company will consist of loose and pre-packaged snacks. Food trucks will be contacted and arranged to be at site as available. Outside food will be welcomed and relationships with local restaurants will be forged to allow for delivery of food.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as “Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a

Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	1.0 - 2.0% ²
Payment Deadline	2027-07-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.8 x 1.6 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.48%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 1.0% and a maximum rate of 2.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$50,000	1.0%
\$62,500	1.2%
\$75,000	1.5%
\$87,500	1.8%
\$100,000	2.0%

³ To reward early participation, the investors who contribute the first \$50,000.0 raised in the offering will receive a 1.8x cap. Investors who contribute after \$50,000.0 has been raised in the offering will receive a 1.6x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Danielle Quisenberry	25%
Samantha Quisenberry	25%
Rebecca Quisenberry	25%
Patricia Quisenberry	25%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount upon the successful completion of the

offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.

(P) Indebtedness of the Company

The Company has no indebtedness outside of the debt the Company is expecting to raise through regulation crowdfunding on MainVest.

(Q) Other Offerings of Securities within the Last Three Years

The Company has not made any offerings with other third-party regulation crowdfunding companies in the past three years.

(S) The Company’s Financial Condition
