(D) The Company's Business and Business Plan

The System

We will acquire a world class brewing system from Blichmann Engineering including, but not limited to:

- 3.5 BBL Blichmann Hybrid™ + Brewhouse
- Four 4 BBL Unitank Fermentation Vessels used to ferment our wort and produce high quality craft beer
- Oxygenation and Carbonation Kit
- 1.33 HP Glycol Chilling Unit used for fermentation temperature control.

The Market

We are focused on bringing high end craft beer to NOVA.

- We are targeting a retail space in a few locations. Primarily we have focused on our attention on Haymarket (with a median age of 33.6 and a median household income of \$127,000+) and Manassas Park (with nearly 5,000 residential units within a 1 mile radius and a median income of \$92.5k, and a secondary and tertiary market that exceeds 170,000 residents and is expected to climb to over 180,000 by next year), this area is ready for another brewery.
- According to the Brewers Association, the number of breweries in Virginia ranks as the 12th highest in the US, however those Virginia breweries rank 5th in growth up over 36% since 2015, with an economic impact to the Commonwealth of Virginia in the order of \$1.866B.
- Currently only 1 brewery exists in Haymarket and there are no other breweries in Manassas Park, with a continually growing and more affluent population, a brewery in either location can expect to match that growth and also elevate the growth of other businesses that fall within its primary market.

The Space

We envision a high end customer experience, where the setting and ambiance is focused solely on our product.

- Our focus will be on building a large, welcoming indoor space with high end finishes; something that is currently lacking in the area.
- We have worked with city administrators to secure approval for retail space, ensuring high

visibility and foot traffic in our eventual location.

- We plan for a build out of 1500-2000 sq ft of interior space, with an additional 500 sq ft of outdoor seating at the center of an upscale retail center.

The Team

Cody Powell, General Manager/CFO

Cody is a 20 year veteran of the US Army/Army Reserve and US Federal Government, where he currently serves as a senior manager with the National Geospatial-Intelligence Agency. He has a strong background in operations management, as well as his Project Management Professional (PMP) certification, and has led successful operations from the age of 23. He holds an MBA from Norwich University (birthplace of the ROTC), and brings exceptional management skills to the team.

A homebrewer for almost a decade, Cody dreamed of owning a brewery for several years, and in 2016 attained his MBA in pursuit of this goal. He built his first business plan not long after, and has spent the intervening years working with fellow home brewers who share his passion to bring Trouvaille to life.

Stephen Boyajian, Head Brewer

Stephen is a Web and Graphic Designer by trade, having worked for large corporations and government agencies over the past 20+ years. He is currently in his 6th year as a Senior Web Developer for the Air Force Office of Scientific Research. Prior to this, Stephen occupied the role of Editor-in-Chief for a nationally published cigar magazine. He has 10+ years of team management experience and is a Certified ScrumMaster from ScrumAlliance.

Stephen has been a homebrewer for 6 years and in that time has made great strides in his process winning over 60 individual awards from local and national competitions, including 2 Best of Shows and 4 Brewer of the Year awards. In his spare time, he volunteers by coaching little league baseball and organizing events for his local cub scout pack.

Jacob Osman, Quality Control Manager

Jake is currently an opto-mechanical and product engineer for a subcontracting firm working under multiple US Government entities. Previously, he designed and manufactured high-speed camera systems for the food and beverage industries. He has a background in interdisciplinary physics and over a decade of experience in the mechanical engineering field. He also possesses a Master of Engineering in Sustainable Energy Systems.

Jake's fascination with craft beer started early in his college days. After putting it off for far too long, he got his first homebrew kit and made his debut beer, a simple pale ale, in 2016. From there the hobby quickly grew into a dedicated passion and a love for sharing a nice brew with friends and family. He has a deep appreciation for the brewing process and has accumulated over 25 local and regional awards as well as a recent Brewer of the Year recognition.

Ricky Elliott, Procurement Manager

Ricky L. Elliott Jr. grew up in Cincinnati, Ohio. After completing high school in 2000, he enlisted in the United States Navy. He was trained as a Hospital Corpsman and deployed five times with three combat deployments in Iraq and Afghanistan with the United States Marine Corps and United States Army. He left the military in 2013 and moved to the Northern Virginia to work for

the United States Government.

Ricky's passion for brewing and drinking beer has grown over the last five years with the ultimate goal of owning and operating a brewery. He's looking forward to the altruistic nature of the brewing community and building a high quality brand with his fellow home brewers to make Trouvaille a house hold name.

Gregory Ramirez, Operations Manager

Greg has been a Honda master auto technician for over 15 years. Enthusiastic and dedicated to his craft, Greg added homebrewing to his repertoire, bringing an engineering mindset to the art of designing great beer. Always at work on perfecting the craft of brewing, he shared the dream of opening a brewery with his friends, with the motto "there is a beer for everyone". Greg's favorite beer styles are Stouts, IPAs and German lagers. In his spare time, he likes to run and road bike.

Our Story

The story of Trouvaille Brewing Company (pronounced /trōō'vī/) is really the story of four different breweries; Congressional Brewing, 2327 Brewing, Happy Hound Brewing, and Alba Garage Brewing. These home breweries have served as the incubator for the passion for great beer; as we honed our recipes in garages, we saw a level of quality we believe will set us apart in a market that is primed for more great beer. Our beer has won over 100 individual awards and garnered critical acclaim at both the regional and national level. We have perfected our craft, and are ready to bring our vision to Northern Virginia (NOVA).

- Our ownership group brings a unique collection of skills to the Manassas brewing scene, including management, engineering, and most importantly, award-winning brewing experience.
- We are a team of 5 experienced homebrewers with over 100 individual medals in competitions ranging from local to the national level.
- We have ample operations management experience, with an MBA and PMP certifications.
- The craft beer industry is a close one, built on community. We will coordinate closely and have the support of local breweries, ensuring a welcoming environment for our new business.

Explanation

A “material change” means a change that an average, careful investor would want to know about before making an investment decision. If a material change occurs after you make an investment commitment but before the Offering closes, then the Company will notify you and ask whether you want to invest anyway. If you do not affirmatively choose to invest, then your commitment will be cancelled, your funds will be returned to you, and you will not receive any securities.

(L) Price of the Securities

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as

“Notes.” The Notes are being offered at their face amount. For example, you will pay \$1,000 for a Note with a face amount of \$1,000.

(M) Terms of the Securities

Overview

The Company is offering “securities” in the form of revenue sharing notes, which we refer to as the “Notes.” The Terms of the Notes are set forth in the Revenue Share Agreement accompanying this Form C in Appendix A. Copies of the Note and Revenue Sharing Agreement are attached to this Form C.

Summary of Terms

Revenue Percentage ¹	2.0 - 5.0% ²
Payment Deadline	2027-01-01
Maximum Payment Multiple ³ - Early Investors - All Other Investors	1.8 x 1.6 x
Sharing Start Date	The first day after disbursement that the company has revenues greater than one (\$1) dollar
First Payment Date	The last day of the calendar quarter ending not less than 90 days after the Sharing Start Date
Seniority	Subordinated
Securitization	Unsecured
Accrual Rate	0.48%

¹ as defined in the note agreement included in Appendix A

² The rate of revenue sharing is calculated on a linear scale with a minimum rate of 2.0% and a maximum rate of 5.0% and is rounded to the nearest 1/10th percent. The final rate is based on the amount raised and is calculated after the offering has successfully closed. As the amount raised in the offering increases, the rate of revenue sharing increases. For example, a hypothetical offering could result in the following revenue sharing percentages, depending on the amount raised:

Amount Raised	Revenue Sharing Percentage
\$40,000	2.0%
\$55,000	2.8%
\$70,000	3.5%
\$85,000	4.2%
\$100,000	5.0%

³ To reward early participation, the investors who contribute the first \$40,000.0 raised in the offering will receive a 1.8x cap. Investors who contribute after \$40,000.0 has been raised in the offering will receive a 1.6x cap.

Your Right to Payments under the Note

Your right to payments under the Note is set forth in the Note, together with a separate document

called the Revenue Sharing Agreement. Copies of the Note and Revenue Sharing Agreement are attached to this Form C. Additionally, general terms are outlined below and in the Company's offering page.

Obligation to Contribute Capital

Once you pay for your Note, you will have no obligation to contribute more money to the Company, and you will not be personally obligated for any debts of the Company. However, under some circumstances you could be required by law to return some or all of a distribution you receive from the Company.

No Right to Transfer

You should plan to hold the Notes until maturity. The Notes will be illiquid (meaning you might not be able to sell them) for at least four reasons:

- The Revenue Sharing Agreement prohibits the sale or other transfer of Notes without the Company's consent.
- If you want to sell your Note the Company will have the first right of refusal to buy it, which could make it harder to find a buyer.
- Even if a sale were permitted, there is no ready market for Notes, as there would be for a publicly-traded stock.
- By law, for a period of one year you won't be allowed to transfer the Investor Shares except (i) to the Company itself, (ii) to an "accredited" investor, (iii) to a family or trust, or (iii) in a public offering of the Company's shares.

Security

The Notes are not secured by any assets of the Company or any assets of persons associated with the Company.

Modification of Terms of Notes

The terms of the Notes and the Revenue Sharing Agreement may be modified or amended with the consent of Investors holding 50% of the Notes, measured by the total amount outstanding under each Note.

Other Classes of Securities

Name of Security	Limited Liability Company Interests
Number of Shares Outstanding	N/A
Describe Voting Rights of These Securities, Including Any Limitations on Voting Rights	N/A
How these securities differ from the revenue sharing notes being offered to investors	Limited Liability Company Interests are an equity interest, whereas Revenue Sharing Notes are a debt obligation of the Company.

Dilution of Rights

The Company has the right to create additional classes of securities, both equity securities and debt securities (e.g., other classes of promissory notes). Some of these additional classes of securities could have rights that are superior to those of the Notes. For example, the Company could issue promissory notes that are secured by specific property of the Company.

The People Who Control the Company

Each of these people owns 20% or more of the total voting power of the Company:

Name of Holder	% of Voting Power (Prior to Offering)
Gregory Ramirez	20%
Ricky Elliott	20%
Jacob Osman	20%
Stephen Boyajian	20%
Cody Powell	20%

How the Exercise of Voting Rights Could Affect You

You will receive payments with respect to your Note only if the Company makes enough money to pay you, or, if the Company does not make enough money to pay you, if there is enough value in the collateral the Company pledged as security for the Notes.

The people with voting rights control the Company and make all the decisions about running its business. If they make good business decisions, it is more likely you will be paid. If they make poor business decisions, it is less likely you will be paid. For example, if they hire too many people and/or try to expand too quickly, the business could be harmed. The people with voting rights could also decide to file for bankruptcy protection, making it more difficult for you to be paid.

How the Notes are Being Valued

The Notes are being valued at their face value. We don't anticipate that we'll ever need to place a value on the Notes in the future.

(N) The Funding Portal

The Company is offering its securities through MainVest, Inc., which is a "Funding Portal" licensed by the Securities and Exchange Commission and FINRA. MainVest Inc.'s Central Index Key (CIK) number is 0001746059, their SEC File number is 007-00162, and their Central Registration Depository (CRD) number is 298384.

(O) Compensation of the Funding Portal

MainVest will be paid 6.0% of the final offering amount, upon the successful completion of the

offering. MainVest does not receive compensation if the offering does not succeed. MainVest, Inc. owns no interest in the Company, directly or indirectly, and will not acquire an interest as part of the Offering, nor is there any arrangement for MainVest to acquire an interest.

(P) Indebtedness of the Company

The Company has no indebtedness outside of the debt the Company is expecting to raise through regulation crowdfunding on MainVest.
