Chief Executive Officer

Parknav · Full-time
2015 – Present · 6 yrs
San Francisco Bay Area

PARKNAV revolutionizes real-time on-street parking with a highly accurate and scalable solution. Using BIG DATA and AI, PARKNAV brings the most advanced precise parking availability information. We provide on-street parking, free, metered, permit, curbside restrictions, traffic control data as well as data acquisition from city sensors. Parknav is available in over 1000+ cities across North America & Europe and has over 5.5 billion recorded parking events !

University of Illinois at Urbana-Champaign
