## Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on this information.

THE COMPANY

1. Name of Issuer:  
The SMART Tire Company, Inc.

COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer:
- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia;
  - Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934;
  - Not an investment company registered or required to be registered under the Investment Company Act of 1940;
  - Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding;
  - Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports);
  - Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

**INSTRUCTION TO QUESTION 2:** If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer:

Director	Principal Occupation	Main Employer	Year Joined as Director
Earl Cole	CEO	The SMART Tire Company	2020
Brian Yennie	CTO	The SMART Tire Company	2020

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer:

Officer	Positions Held	Year Joined
Earl Cole	CEO	2020
Earl Cole	President	2020
Brian Yennie	Secretary	2020
Brian Yennie	Treasurer	2020

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

**INSTRUCTION TO QUESTION 5:** For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, controller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Brian Yennie	4500000.0 Common stock	45.5
Earl Cole	4500000.0 common stock	45.5

**INSTRUCTION TO QUESTION 6:** The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

*In calculating total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security in other instrument, or if securities are held by a member of the family through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (as share in such direction or control — as, for example, a co-trustee), they should be included as being “beneficially owned.” You should include an explanation of those circumstances in a footnote to the “Number of and Class of Securities Now Held.” To avoid those converting voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.*

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer:

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

**INSTRUCTION TO QUESTION 7:** Respondent will provide your company's Webform profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A marks and “read more” links in an un-redacted format. All videos will be transcribed.

*This means that any information provided in your Webform profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Webform profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.*

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Our future success depends on the availability of shape memory alloy materials. Disruptions to our supply chain could adversely affect the business.

The company is a supplier to government contracts. Our future success depends in some cases on successful bids for government funding in collaboration with partners.

Market forces. The company produces premium products with higher price points. A downturn in consumer markets could affect future sales.

Partner stability. From time to time, the company collaborates with other technology companies. Layoffs and project cancellations may be outside of our control.

Technical risk. The company is developing new products using advanced materials that may fail to meet their performance goals.

We rely heavily on our technology and intellectual property, but we may be unable to adequately or cost-effectively protect or enforce our intellectual property rights, thereby weakening our competitive position and increasing operating costs.

We face competition from other companies. Additionally, more well-established and better-capitalized companies could enter our market. Competition could affect our ability to scale our business as planned.

The Company might not sell enough securities in this offering to meet its development or operating needs and fulfill its plans beyond 2023, in which case the Company might be required to reduce staff or cancel new products.

The Company will continue its research and development activities for its initial consumer products and begin its production operations which require capital. There is no certainty that the initial financing will be sufficient to establish that the initial product line is viable, in which case additional development financing will be required. After successful development of the initial product, the Company expects that it will need at least \$2 million in additional capital to grow and expand the business successfully, with additional manufacturing ability, inventory and distribution reach. If the Company is successful, the Company will certainly have to obtain further additional capital beyond the foregoing to expand manufacturing, inventory and distribution reach. As such, it is absolutely certain that the Company will need additional financing. The ability of the Company to secure future capital will depend on many factors, including continued progress in product success, the cost of manufacturing and production, market requirements, advertising costs and fluctuations in raw material prices. The Company does not know whether additional financing will be available when needed, or whether it can be obtained on terms favorable to the Company or its existing investors - particularly in light of current economic conditions, the availability of credit, and other sources of capital. The Company may raise any necessary funds through public or private equity offerings, debt financings or additional corporate collaboration and licensing arrangements. To the extent the Company raises additional capital by issuing equity securities, the Company's members will experience dilution. If the Company raises funds through debt financings, they may become subject to restrictive covenants. To the extent that the Company raises additional funds through collaboration and product licensing arrangements, the Company may be required to relinquish some rights to the Company's proprietary information or product trade secrets and protected intellectual property, or grant licenses on terms that are not favorable to the Company. If adequate funds are not available, the Company may be required to delay, scale-back or eliminate their research and development programs or obtain funds through collaborative partners or others that may require the Company to relinquish rights to certain of the Company's potential product offerings that they would not otherwise relinquish. There can be no assurance that additional financing will be available on acceptable terms or at all, if and when required.

Earl Cole, the Company's co-founder and CEO, and Brian Yennie, the Company's co-founder and CTO, each currently own equivalent equity ownership in the Company, which collectively aggregates approximately 80% of the Company's outstanding equity. The co-founders are currently the Company's sole members of its Board of Directors, and therefore have significant control over the management of the Company and the direction of its policy and affairs. This concentrated control in the Company will limit investors' ability to influence Company matters.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends or form itself. No specific number of risk factors is required to be identified.*

## The Offering

### USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$99,999**

Use of Proceeds: 92.5% towards general operating expenses (payroll, R&D)  
7.5% WeFunder fees

If we raise: **\$1,000,000**

Use of Proceeds: 50% toward salaries and benefits  
20% towards new equipment  
12.5% research & development expenses  
7.5% WeFunder fees  
5% sales and marketing  
5% for rent and utilities

If we raise: **\$4,921,817**

Use of Proceeds: 40% towards salaries and new hires  
20% towards manufacturing equipment  
12.5% research & development expenses  
10% additional cash reserve  
7.5% WeFunder Fees  
7% sales and marketing  
3% toward rent, utilities and lab upgrades

*INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, and that disclosure is provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use, and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the process, method for allocating extraordinary expenses, and intended use of the excess proceeds with sufficient specificity. Please include all intended uses of the proceeds of the offering.*

This offering may be made by means of a prospectus, which is not being provided by the issuer. The issuer is not responsible for any failure by you to describe a potential use of offering proceeds.

## DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

**NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.**

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

**An investor's right to cancel.** An investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the investor about the offering and/or the Company, the investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the investor will receive, and refund the investor's funds.

**The Company's right to cancel.** The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

## Ownership and Capital Structure

### THE OFFERING

13. Describe the terms of the securities being offered.

Priced Round: \$54,454,595.00 pre-money valuation

See exact security attached as [Appendix B, Investor Contracts](#)

The SMART Tire Company, Inc. is offering up to 993,059 shares of Series Seed Preferred Stock, at a price per share of \$5.00.

Investors in the first \$500,001.60 of the offering will receive stocks at a price per share of \$4.60, and a pre-money valuation of \$50,098,227.40.

The campaign maximum is \$4,921,616.60 and the campaign minimum is \$99,999.40.

#### Information Rights

The Company shall furnish to each Purchaser holding that number of shares equal to or in excess of the quotient determined by dividing (x) the Major Purchaser Dollar Threshold by (y) the Series Seed-6 Purchase Price, rounded up to the next whole share (as adjusted for stock splits, stock dividends, combinations, recapitalizations or the like) (a "Major Purchaser") when available (1) annual unaudited financial statements for each fiscal year of the Company, including an unaudited balance sheet as of the end of such fiscal year, an unaudited income statement, and an unaudited statement of cash flows, all prepared in accordance with generally accepted accounting principles and practices; and (2) quarterly unaudited financial statements for each fiscal quarter of the Company (except the last quarter of the Company's fiscal year), including an unaudited balance sheet as of the end of such fiscal quarter, an unaudited income statement, and an unaudited statement of cash flows, all prepared in accordance with generally accepted accounting principles and practices, subject to changes resulting from normal year-end audit adjustments. If the Company has audited records of any of the foregoing, it shall provide those in lieu of the unaudited versions.

**"Major Purchaser Dollar Threshold" means \$500,000.**

#### Inspection Rights

The Company shall permit each Major Purchaser to visit and inspect the Company's properties, to examine its books of account and records and to discuss the Company's affairs, finances and accounts with its officers, all at such reasonable times as may be requested by such Major Purchaser.

#### Additional Rights and Obligations

If the Company issues securities in its next equity financing after the date hereof (the "Next Financing") that (i) (x) have rights, preferences or privileges that are more favorable than the terms of the shares of Series Seed Preferred Stock, such as price-based anti-dilution protection, or (b) provide all such future investors other contractual terms such as registration rights, and (ii) is approved as qualifying as a Next Financing by a majority of the then-outstanding shares of Series Seed Preferred Stock held by all Purchasers, which approval shall not be unreasonably withheld, the Company shall provide substantially equivalent rights to the Purchasers with respect to the shares of Series Seed Preferred Stock (with appropriate adjustment for economic terms or other contractual rights), subject to such Purchaser's execution of any documents, including, if applicable, investor rights, co-sale, voting, and other agreements, executed by the investors purchasing securities in the Next Financing (such documents, the "Next Financing Documents"). Any Major Purchaser will remain a Major Purchaser for all purposes in the Next Financing Documents to the extent such concept exists. The Company shall pay the reasonable fees and expenses, not to exceed \$5,000 in the aggregate, of one counsel for the Purchasers in connection with the Purchasers' review, execution, and delivery of the Next Financing Documents. Notwithstanding anything herein to the contrary, subject to the provisions of

Section 8.1) of the attached subscription agreement, upon the execution and delivery of the Next Financing Documents by Purchasers holding a majority of the then-outstanding shares of Series Seed Preferred Stock held by all Purchasers, this Agreement (excluding any then-existing and outstanding obligations) shall be amended and restated by and into such Next Financing Documents and shall be terminated and of no further force or effect.

**Securities issued by the SPV**

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to investors. The SPV has been formed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. The Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities, in terms of number, denomination, type and rights, as if the investor invested directly in the Company.

**Voting Rights**

If the securities offered by the Company and those offered by the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

**Proxy to the Lead Investor**

The SPV securities have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

**Restriction on Transferability**

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

☒ Yes  
☐ No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

Except as specified in Section 1.2.2 of the attached subscription agreement, any term may be amended, terminated or waived (either generally or in a particular instance and either retroactively or prospectively) only with the written consent of the Company and the Purchasers holding a majority of the then-outstanding shares of Series Seed Preferred Stock (or Common Stock issued on conversion thereof); provided, however, that any amendment to Section 7.1(a) or Section 7.1(c) of the attached subscription agreement will also require the additional written consent of the holders of a majority of the outstanding shares of the Company's Common Stock then held by all of the Common Control Holders.

Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

1. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
2. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

**RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:**

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

**NOTE:** The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

**DESCRIPTION OF ISSUER'S SECURITIES**

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common	11,886,757	10,000,000	Yes <input type="checkbox"/>
Preferred	1,886,765	890,919	Yes <input type="checkbox"/>

**Securities Reserved for  
Issuance upon Exercise or Conversion**

Warrants: \_\_\_\_\_  
Options: 1000000 \_\_\_\_\_

Describe any other rights:

Preferred stock has a 1x liquidation preference over common stock.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The holders of a majority-in-interest of voting rights in the Company could limit the investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a

public offering).

These changes could result in further limitations on the voting rights the investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents.

To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the investor's securities will decrease, which could also diminish the investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an investor's interest will typically also be diluted.

Based on the risk that an investor's rights could be limited, diluted or otherwise qualified, the investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the shareholders may make decisions with which the investor disagrees, or that negatively affect the value of the investor's securities in the Company, and the investor will have no recourse to change these decisions. The investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the investor.

For example, the shareholders may change the terms of the Articles of Incorporation for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The shareholders may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the investor owns. Other holders of securities of the Company may also have access to more information than the investor, leaving the investor at a disadvantage with respect to any decisions regarding the securities he or she owns. The shareholders have the right to redeem their securities at any time. Shareholders could decide to force the Company to redeem their securities at a time that is not favorable to the investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability. In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the investor's securities will decrease, which could also diminish the investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional stock, an investor's interest will typically also be diluted.

Based on the risks described above, the investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

In the future, we will perform valuations of our common stock that take into account factors such as the following:

1. unrelated third party valuations of our common stock;
2. the price at which we sell other securities, such as convertible debt or preferred Stock, in light of the rights, preferences and privileges of our those securities relative to those of our common stock;
3. our results of operations, financial position and capital resources;
4. current business conditions and projections;
5. the lack of marketability of our common stock;
6. the hiring of key personnel and the experience of our management;
7. the introduction of new products;
8. the risk inherent in the development and expansion of our products;
9. our stage of development and material risks related to our business;
10. the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the prevailing market conditions and the nature and history of our business;
11. industry trends and competitive environment;
12. trends in consumer spending, including consumer confidence;
13. overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
14. the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the investor's interest in the Company will depend upon many factors outside the control of the investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Board Of Directors, and the investor will have no independent right to name or remove an officer or member of the Board Of Directors of the Company.

Following the investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the investor in the Company. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the investor in the Company. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from shareholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the investor, and create pressure on the investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the investor will rely upon the executive management of the Company and the Board of Directors of the Company to manage the Company so as to maximize value for shareholders. Accordingly, the success of the investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the Board of Directors of the Company. If the Board Of Directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the investor's initial investment in the Company.

Transactions with related parties. The investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and Board of Directors of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

*INSTRUCTION TO QUESTION 24: name, the currency, annual or real interest rate, maturity date, and any other material terms.*

25. What other exempt offerings has the issuer conducted within the past three years?

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(1) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

- any director or officer of the issuer;
  - any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
  - if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
  - or any immediate family member of any of the foregoing persons.
- ☒ Yes  
☐ No

For each transaction specify the person, relationship to issuer, nature of interest in transaction, and amount of interest.

## FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes

☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

### Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

#### Overview

Reinventing tires w/ NASA for SIT electric, autonomous and space industries.

Pneumatic (air-filled) tires haven't changed much in 100 years. However, NASA has been working for decades developing new tire technologies for outer space. Our mission is to bring this space age innovation back down to earth, as we usher in a new era of electric and autonomous vehicles. Safer, cleaner transportation can impact all of our lives.

We make the world's first fuel-efficient, eco-friendly, lightweight & smooth riding airless tires.

In 5 years, SMART tires aims to be the tire of choice for bicycles & scooters, solving tradeoffs between air-filled and airless tires.

We're aiming for our tires to embark on NASA missions to Mars and the moon, including the first human mission in decades.

Back on earth, we're hoping to be launching the first tires specially made for EVs, saving billions of lbs of rubber & plastic waste, increasing energy efficiency, and eliminating flats.

Next up: we're looking to save millions of gallons of jet fuel.

Projections mentioned above cannot be guaranteed.

#### Milestones

The SMART Tire Company, Inc. was originally organized as an LLC in August 2020. In March of 2021, the Company reorganized as a Delaware corporation. Patents mentioned in this Form C are owned by the Company.

Since then, we have:

- Hyundai Motors and Kia Official Collaboration
- Exclusive NASA license & 5x new patent pending tire inventions
- Multiple Global 500 Aerospace Customers with Space Industry Revenue
- \$300B market opportunity in terrestrial tires, key supplier to future SIT private space industry
- 5000+ customer waiting list for our groundbreaking METL™ bicycle wheelsets
- Patented space tire for the Mars and Moon supply chain
- 12+ years and \$10M+ in government funding and research previously invested

into this technology (different entity)

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

#### Historical Results of Operations

Our company was organized in August 2020 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2021, the Company had revenues of \$0 compared to the year ended December 31, 2020, when the Company had revenues of \$0.
- *Assets.* As of December 31, 2021, the Company had total assets of \$969,790, including \$845,155 in cash. As of December 31, 2020, the Company had \$576 in total assets, including \$576 in cash.
- *Net Losses.* The Company has had net losses of \$436,413 and net losses of \$1,524 for the fiscal years ended December 31, 2021 and December 31, 2020, respectively.
- *Liabilities.* The Company's liabilities totaled \$1,407,637 for the fiscal year ended December 31, 2021 and \$2,100 for the fiscal year ended December 31, 2020.

#### Liquidity & Capital Resources

To-date, the company has been financed with \$156,362 in equity and \$1,356,381 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 3 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

#### Runway & Short/Mid Term Expenses

The SMART Tire Company, Inc. cash in hand is \$45,451.24, as of February 2023. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$58,598.98/month, for an average burn rate of \$58,598.98 per month. Our intent is to be profitable in 12 months.

The company currently has \$100,800 in account receivables, and an additional \$50,000 anticipated revenue from an accelerator / paid proof of concept program. Overall burn rate remains around \$50,000/month.

The company anticipates a minimum of \$150,800 in revenue over the next 3 months. Projected 6-month revenue is \$250,000 - \$500,000 based on current clients and sales. Depending on the outcome of major NASA contracts, this could be substantially higher. We expect to incur approximately \$300k in expenses over the next six months.

The company is not currently profitable. The company is currently a supplier to multiple NASA bids for the Lunar Terrain Vehicle. Selection for this contract would contribute greatly to reaching profitability in 2023. Otherwise, we anticipate revenue to exceed expenses by 2024. Approximate funding needs to profitability are estimated at \$3M-\$5M, but may vary greatly with the award of grants, contracts etc over the next 12 months.

The company has applied for one SBIR Phase I grant through the National Science Foundation, and is evaluating others. Lunar tire revenue is currently ~\$100k in open invoices, and we expect at least this much additional revenue over the short term duration of the campaign.

All projections in the above narrative are forward-looking and not guaranteed.

*DISPENSATION TO DISCLOSE. The disclosure must cover each year for which financial statements are provided. If an issuer has no prior operating history, the discussion should focus on financial statements and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take care to account for periods of the offering and any other known or potential sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. Reference to the issuer in this Question 28 and these requirements refer to the issuer and its predecessors, if any.*

## STAKEHOLDER ELIGIBILITY

30. With respect to the issuer, any predecessor of the issuer, any affiliated issuer, any director, officer, general partner or managing member of the issuer, any beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, any promoter connected with the issuer in any capacity at the time of such sale, any person that has been or will be paid (directly or indirectly) remuneration for solicitation of purchasers in connection with such sale of securities, or any general partner, director, officer or managing member of any such solicitor, prior to May 16, 2016:

(1) Has any such person been convicted, within 10 years (or five years, in the case of issuers, their predecessors and affiliated issuers) before the filing of this offering statement, of any felony or misdemeanor:

i. in connection with the purchase or sale of any security? ☐ Yes ☒ No

ii. involving the making of any false filing with the Commission? ☐ Yes ☒ No

iii. arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, funding portal or paid solicitor of purchasers of securities? ☐ Yes ☒ No

(2) Is any such person subject to any order, judgment or decree of any court of competent jurisdiction, entered within five years before the filing of the information required by Section 4(a)(b) of the Securities Act that, at the time of filing of this offering statement, restrains or enjoins such person from engaging or continuing to engage in any conduct or practice:

i. in connection with the purchase or sale of any security? ☐ Yes ☒ No

ii. involving the making of any false filing with the Commission? ☐ Yes ☒ No

iii. arising out of the conduct of the business of an underwriter, broker, dealer, municipal securities dealer, investment adviser, funding portal or paid solicitor of purchasers of securities? ☐ Yes ☒ No

(3) Is any such person subject to a final order of a state securities commission (or an agency or officer of a state performing like functions); a state authority that supervises or examines banks, savings associations or credit unions; a state insurance commission (or an agency or officer of a state performing like functions); an appropriate federal banking agency; the U.S. Commodity Futures Trading Commission; or the National Credit Union Administration that:

i. at the time of the filing of this offering statement bars the person from:

- A. association with an entity regulated by such commission, authority, agency or officer? ☐ Yes ☒ No
- B. engaging in the business of securities, insurance or banking? ☐ Yes ☒ No
- C. engaging in savings association or credit union activities? ☐ Yes ☒ No

ii. constitutes a final order based on a violation of any law or regulation that prohibits fraudulent, manipulative or deceptive conduct and for which the order was entered within the 10-year period ending on the date of the filing of this offering statement? ☐ Yes ☒ No

(4) Is any such person subject to an order of the Commission entered pursuant to Section 15(b) or 15(c) of the Exchange Act or Section 203(e) or (f) of the Investment Advisers Act of 1940 that, at the time of the filing of this offering statement:

- i. suspends or revokes such person's registration as a broker, dealer, municipal securities dealer, investment adviser or funding portal? ☐ Yes ☒ No
- ii. places limitations on the activities, functions or operations of such person? ☐ Yes ☒ No
- iii. bars such person from being associated with any entity or from participating in the offering of any penny stock? ☐ Yes ☒ No

(5) Is any such person subject to any order of the Commission entered within five years before the filing of this offering statement that, at the time of the filing of this offering statement, orders the person to cease and desist from committing or causing a violation or future violation of:

- i. any scienter-based anti-fraud provision of the federal securities laws, including without limitation Section 17(a)(1) of the Securities Act, Section 10(b) of the Exchange Act, Section 15(c)(1) of the Exchange Act and Section 206(1) of the Investment Advisers Act of 1940 or any other rule or regulation thereunder? ☐ Yes ☒ No
- ii. Section 5 of the Securities Act? ☐ Yes ☒ No

(6) Is any such person suspended or expelled from membership in, or suspended or barred from association with a member of, a registered national securities exchange or a registered national or affiliated securities association for any act or omission to act constituting conduct inconsistent with just and equitable principles of trade?

☐ Yes ☒ No

(7) Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?

☐ Yes ☒ No

(8) Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

☐ Yes ☒ No

If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 16, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(8) of the Securities Act.

**INSTRUCTIONS TO QUESTION 3b:** Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 301(a)(5), of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated issuer is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

**The Lead Investor.** As described above, each investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to investors before investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such a circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

**Tax Filings.** In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTIONS 32. If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:  
(a) a description of the nature and content of such information;  
(b) a description of the format in which such disclosure is presented; and  
(c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

**120 days after the end of each fiscal year covered by the report.**

33. Once posted, the annual report may be found on the issuer's website at:
