

00:08  
same old rosemary olive oil combination  
00:11  
so I just threw these ingredients  
00:16  
together and this sauce is what happened  
00:23  
[Music]  
00:31  
the garlic roasted into the roast and  
00:34  
the almonds toasted into a nice crust on  
00:38  
the outside and everybody loved it  
00:40  
especially my husband so I kept making  
00:43  
it and I would try with different  
00:45  
vinegars and I tried it with different  
00:47  
diets and you know that kind of thing  
00:48  
but that was always my our favorite was  
00:52  
the recipe that is an animal it's  
00:54  
immediate plan you must start as you  
00:56  
must start this and I kept saying don't  
00:58  
be ridiculous  
00:59  
but my craft and he said it finally he  
01:04  
badgered me so much and so hard that I  
01:07  
probably said okay fine I'll do it and  
01:10  
then it just blew up in we got a patent  
01:16  
in 96 we were in over 200 stores by the  
01:20  
time by 97 98 we were in six hundred  
01:24  
stores across the country  
01:25  
we had a 4,000 square foot plan and  
01:28  
compared to our private matters part of  
01:30  
a plan it was crazy but in 2000  
01:33  
distribution changed and we just had the  
01:35  
one product so please pull it because we  
01:38  
didn't really have anything else so the  
01:40  
distributor's were ministers interested  
01:41  
in

01:43  
I brought it out about two years ago  
01:48  
right after my husband died and I wanted  
01:54  
to do something to honor his memory and  
01:55  
also to have something to do to get my  
01:57  
mind off of everything and so I did that  
02:00  
I brought them almost back out I started  
02:02  
selling in a little store in Lockhart  
02:04  
and then I discovered Blackduck garlic I  
02:07  
mean who knew fermented garlic and so  
02:11  
somebody suggested that I just switched  
02:13  
the garlic's out and try it and see what  
02:15  
would happen and it was incredible so  
02:19  
now I have two products and I think  
02:21  
Bryan would be really really excited  
02:23  
about that and we sell it online and  
02:27  
we're at farmers markets and people are  
02:29  
addicted what can I say  
02:33  
you
