## Announcements

We are continuing to build the **team** by bringing in the **best** talent in **key** areas like product development, marketing, finance, and operations. We have now over **10** full and part-time team members working around the clock to make this trading platform possible for **you!**

Again, the **Pocket Properties** team wants to thank everyone who has invested so far, we are counting down the months until our platform's targeted launch in **December of 2021!**

Much of our current launch **delay** is tied to the heavy legal costs associated with becoming the **stock exchange for real estate**, by **investing** you could help **speed up** our launch date. In the meantime our team will continue doing everything in our power to bring **you** the **best trading platform** for fractional real estate investing at the soonest date possible.

**Click the link below to find out how you can get involved with ONLY \$100!**
