Urbie · Self-employed
Sep 2018 – Present · 3 yrs 2 mos
Toronto, Ontario, Canada

We design and develop IoT technologies that address urban pollution and its negative impact on our health & well-being. We primarily focus on getting rid of air pollution, drinking water pollution, noise pollution, light pollution, and more. Sustainability is at the heart of what we do.

We are proud to announce that our first product Urbie Air got successfully funded on Kickstarter with over \$250k in pre-order revenue. Urbie Air received huge media success thanks to Unilad Tech, Interesting Engineering, Gadgetflow, Gadgetify, Fox News, C...see more
