### *Forward-Looking Statement Disclosure*

This Form CA, including any Exhibits referred to in this offering statement, and the intermediary's website contain forward-looking statements and are subject to risks and uncertainties. All statements other than statements of historical fact or relating to present facts or current conditions included in this Form CA are forward-looking statements. Forward-looking statements give the company's current reasonable expectations and projections relating to its financial condition, results of operations, plans, objectives, future performance and business. You can identify forward-looking statements by the fact that they do not relate strictly to historical or current facts. These statements may include words such as "will," "anticipate," "estimate," "expect," "project," "plan," "intend," "believe," "may," "should," "can have," "likely," and other words and terms of similar meaning in connection with any discussion of the timing or nature of future operating or financial performance or other events.

The forward-looking statements contained in this Form CA, including any Exhibits referred to in this offering statement, and on the intermediary's website, are based on reasonable assumptions the company has made in light of its industry experience, perceptions of historical trends, current conditions, expected future developments, and other factors it believes are appropriate under the circumstances. As you read and consider this Form CA, including the Exhibits referred to in this offering statement, and the information on the intermediary's website, you should understand that these statements are not guarantees of performance, results, or other events, all of which involve risks, uncertainties (many of which are beyond the company's control), and assumptions. Although the company believes that these forward-looking statements are based on reasonable assumptions, you should be aware that many factors could affect its actual operations, operating or financial performance, and other actual future events, and cause such operations, performance, and events to differ materially from the operations, performance, and events anticipated in the forward-looking statements. Should one or more of these risks or uncertainties materialize, or should any of these assumptions prove incorrect or change, the company's actual operations, operating or financial performance, or other actual future events may vary in material respects from the performance projected in these forward-looking statements.

Any forward-looking statement made by the company in this Form CA, including any Exhibits referred to in this offering statement, or on the intermediary's website speaks only as of the date of this Form CA. Factors or events that could cause our actual operations, our operating or financial performance, or other future events to differ may emerge from time to time, and it is not possible for the company to predict all of them. The company undertakes no obligation to update any forward-looking statement, or other statement in this Form CA, including any Exhibits referred to in this offering statement, or on the intermediary's website, whether as a result of new information, future developments or otherwise, including decisions made at the company's option, except as may be required by law.

### *About this Form CA*

You should rely only on the information contained in this Form CA (including the Exhibits referred to in this offering statement). You should assume that information contained in this Form CA (including the Exhibits referred to in this offering statement) is accurate only as of the date of this Form CA, regardless of the time of delivery of this Form CA or of any sale of securities. Our business, financial condition, results of operations, and prospects may have changed since that date.

This Form CA (including the Exhibits referred to in this offering statement) does not purport to contain all of the information that may be required to evaluate this offering and any recipient of this Form CA should conduct its own independent analysis. The statements of the company contained in this Form CA are based on information believed to be reliable. No warranty can be made as to the accuracy of such information or that circumstances have not changed since the date of this Form CA. The company does not expect to update or otherwise revise this Form CA or other materials supplied herewith. The delivery of this Form CA at any time does not imply that the information contained in this Form CA is correct as of any time subsequent to the date of this Form CA. This Form CA is submitted in connection with this offering described herein and may not be reproduced or used for any other purpose.

Pursuant to Rule 201 of Regulation Crowdfunding (§ 227.201), an issuer offering or selling securities in reliance on section 4(a)(6) of the Securities Act of 1933, as amended (the "Securities Act") must disclose the following information.

**(d) A description of the business of the issuer and the anticipated business plan of the issuer.**

VegBox is a direct-to-consumer retailer and caterer of plant-based convenience foods. The problem the company is solving is that busy individuals have limited access to healthy meal options from big box fast food chains yet our need for convenience foods is only increasing. Current fast-food options are unhealthy, and they are causing alarming trends in obesity and diabetes. If left unchecked, the current crisis is expected to cause 1 in 3 Americans to suffer from diabetes by 2050.

VegBox understands the need for quick meals. Americans spend over \$50 Billion dollars annually on fast food and consume approximately 20% of their meals in their cars. Healthier, plant-based foods would allow options that rival the most decadent menu items. VegBox wants to make convenience a healthy choice. Customers can expect delicious and nutritious fast-food options in the time it takes to get a gourmet burger. VegBox is raising money to scale the business and eventually operate fast food style restaurants with drive-thru services nationwide.

Please see **Exhibit A**, our amended and updated Pitch Deck, for a description of our business and business plan. Note that our financial growth expectations are forward thinking assumptions and could change depending on the amounts raised in this offering and as a result of other factors disclosed in this Form CA.

**(e) The current number of employees of the issuer.**

One.

**(f) A discussion of the material factors that make an investment in the issuer speculative or risky.**

**Securities.** A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission (the “SEC”) does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the SEC has not made an independent determination that these securities are exempt from registration.

Each prospective investor is hereby advised to carefully read and consider the following risk factors and all other materials provided in determining whether or not to invest.

The following list of risk factors and the risk factors stated elsewhere in this offering statement are not intended and should not be understood as an exhaustive list of all risks related to an investment.

**Any continued future success that the Company might enjoy will depend upon many factors, including factors beyond the control of the Company and/or which cannot be predicted at this time.** These factors may include but are not limited to changes in or increased levels of competition, including the entry of additional competitors and increased success by existing competitors; changes in general economic conditions; increases in operating costs; the Company’s ability to expand its customer base and retain key customers; and reduced margins caused by competitive pressures. These conditions may have a material adverse effect upon the Company’s business, operating results, and financial condition. Some specific risks include but are not limited to the following.

**Control of the Company and all of its operations are solely with its Founder and will remain with her.** Investors must rely upon the judgment and skills of the Founder. Investors have no voting rights. Additionally, because the company’s founder owns the company, she can exert significant control over the company’s business and affairs and have actual or potential interests that may differ from yours.

**We have a limited operating history.**

VegBox is a trade name of Blossoms Events & Catering LLC. The transition to plant-based convenience foods is new for us (2020). Because we have been operating as VegBox for only a short period of time, we have not produced a profit. There is no assurance that we will ever produce a profit. As a new enterprise, we are likely to be subject to risks our management has not anticipated. We have limited resources and will not be able to continue operating without the proceeds from this offering. It is possible that the proceeds from this offering and our other resources may not be sufficient for us to continue to finance our operations.

**We may not have sufficient financial resources to successfully compete in the vegan food business.** A large number of enterprises provide plant-based food products similar to ours. We

will be competing with established businesses that have an operating history and greater financial resources, management experience and market share than we have. There can be no assurance that we will be able to compete or capture adequate market share. We will not be profitable if we cannot compete successfully with other plant-based convenience food businesses.

**Our failure to introduce new products to the market may harm our business.** We operate in a highly competitive industry, which is characterized by frequent introductions of new products and services into the market. Our success will depend, in part, on our ability to improve our present products, to develop new products and to provide necessary services and support.

**We depend on the services of key persons.**

Much of the company's success depends on the skills, experience, and performance of the Founder. The company currently does not have the means to replace the founder in the case of death or disability. The company's success also depends on our suppliers' knowledge and skills, as we have carefully selected these suppliers to meet our needs. The loss of the services of any of the key members of personnel and/or suppliers, or the company's inability to recruit, train, and retain key personnel and/or suppliers may have a material adverse effect on the company's business, operating results, and financial condition.

**Our failure to comply with government rules and regulations may harm our business.**

Our business must comply with local, state and federal rules and regulations. We currently comply with the rules and regulations with which we are required to comply and will continue to do so under future physical and business structures. If we fail to comply with a rule or regulation, we may be subject to fines, or other penalties, or our permit or license may be lost or suspended. We may have to stop operating and our investors may lose their entire investment.

**Limited Disclosures.** The company is at an early stage and may only be able to provide limited information about its business plan and operations because it does not have fully developed operations or a long trading history. The company is also only obligated to provide limited information regarding its business and financial affairs to investors.

**Because there is no secondary market for the Convertible Notes (as defined herein), an investor may not be able to sell their Convertible Note.**

There is no market for the company's Convertible Notes (as defined herein). An investor may never be able to sell their Convertible Note--or any securities into which the Notes convert--or recover any part of their investment.

**There is no guaranteed return on investment.** No assurance can be given that an investor will realize a substantial return on investment, or any return at all, or that an investor will not lose a substantial portion or all of the investment. The future performance and valuation of the company are uncertain. If an investor is able to sell their Convertible Note or is able to convert to equity (if it converts), there is no guarantee that the investor will be able to sell for a price greater than, or equal to, the price the investor paid for the Convertible Note.

**Valuation.** The valuation of private companies, especially early stage companies and startups, is difficult to assess. The price you pay for your investment may have a material impact on your eventual return, if any at all, should the Convertible Note convert and the investor elects to participate in the conversion.

**Additional funds may be needed.** The company currently anticipates that the net proceeds of this offering will be sufficient to meet its anticipated needs for working capital and other cash requirements (as detailed in Item (i) below) for the near future. However, the company may need to raise additional funds in order to fund more rapid expansion, to respond to competitive pressures, or to acquire complementary products or businesses. There can be no assurance that additional financing will be available on terms favorable to the company, or at all. If adequate funds are not available or are not available on acceptable terms, the company's ability to fund its expansion, take advantage of potential acquisition opportunities, develop or enhance services or products or respond to competitive pressures would be significantly limited. Such limitations may have a material adverse effect on the company's business, operating results and financial condition.

**We have incurred start-up organizational costs since inception and may incur future losses.** We have not yet generated a profit from operations. We expect to experience losses from operations, and we cannot predict exactly when or if we will become profitable. If we achieve profitability, we may not be able to sustain it.

**(g) The minimum target offering amount and the deadline to reach the minimum target offering amount.**

The minimum target offering amount is \$20,000, and the deadline to reach this amount is April 30, 2022.

If the sum of the investment commitments does not equal or exceed the minimum target offering amount at the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled, and committed funds will be returned.

We plan for this offering to have a "rolling close." Once we meet the minimum target offering amount, that amount will be closed, and those funds will be released to us. Before the funds investors have committed are released to us, such investors will be notified that the minimum portion of our offering will be closed. Please see Item (h) below for more detail on the rolling close.

**(h) Whether the issuer will accept investments in excess of the minimum target offering amount and, if so, the maximum amount that the issuer will accept and how oversubscriptions will be allocated, such as on a pro-rata, first come-first served, or other basis.**

We will accept investments in excess of the minimum target offering amount, up to a total of \$250,000 (our maximum target offering amount). Oversubscriptions will be allocated on a first-come, first-served basis.

As described in Item (g) above, once we reach our minimum target offering amount (First Milestone), we will close that amount and those funds will be released to us. After that closing, we plan to continue our offering and to have additional closings once we have raised the total amounts listed below. Once we reach each of the below amounts (Milestones), that amount will be closed, and those funds will be released to us. Investors will be notified of each closing before the funds they have committed are released to us. Once we reach our maximum target offering amount (Fifth Milestone) or our offering deadline, whichever comes first, our offering will end and all funds that have been committed but not yet released to us will then be released to us (provided that we have raised at least our minimum target offering amount).

First Milestone: \$20,000 (minimum target offering amount)

Second Milestone: \$50,000 (an additional \$30,000 raised after the First Milestone is reached)

Third Milestone: 100,000 (an additional \$50,000 raised after the Second Milestone is reached)

Fourth Milestone: \$190,000 (an additional \$90,000 raised after the Third Milestone is reached)

Fifth Milestone: \$250,000 (an additional \$60,000 raised after the Fourth Milestone is reached)

**(i) A description of the purpose and intended use of the offering proceeds.**

VegBox will use the proceeds of this offering to fund further growth and expansion of our services including initial supplies and inventory, marketing and advertising. As additional milestones are met, we will increase our staff, purchase equipment, build an app and fund our remodel.

*Line items for use of offering proceeds*

\$20,000 - Crowdfunding costs

\$13,600 – Lease/rental space

\$49,000 - Supply and inventory

\$23,400 - Hiring and training staff

\$7,000 - Marketing

\$10,000 - Advertising and Promotion

\$15,000 - Purchase of equipment

\$4000 - App building

\$2500 - Website

\$23,000 - Remodeling of space

\$38,500 - Operations

\$6000 – State fees

\$3000 - Accountant fees

\$30,000 - Working capital

\$5000 - Legal Fees

*Use of offering proceeds at each milestone*

First Milestone: \$20,000 (minimum target offer amount)

When VegBox reaches the First Milestone, it plans to use the proceeds for leased space, initial supply and inventory purchase and crowdfunding fees.

Second Milestone: \$50,000 (an additional \$30,000 raised)

When VegBox reaches the Second Milestone, it plans to use the proceeds for the purchase of equipment, hiring and training staff, marketing and advertising, state fees, and crowdfunding fees.

Third Milestone: \$100,000 (an additional \$50,000 raised)

When VegBox reaches the Third Milestone, it plans to use the proceeds to improve the website, app building, operating costs, and crowdfunding fees.

Fourth Milestone: \$190,000 (an additional \$90,000 raised)

When VegBox reaches the Fourth Milestone, it plans to use the proceeds for working capital, promotional ads and influencers, crowdfunding fees.

Fifth Milestone: \$250,000 (an additional \$60,000 raised)

When VegBox reaches the Fifth Milestone, it plans to use the proceeds for remodeling its current location, accountant fees, legal fees and crowdfunding fees.

In summary, if we reach our fifth milestone of \$250,000, we will be able to upgrade our current operations to be more efficient, secure a retail space to reach more customers and hire more staff, initiate longer service hours and new services for B2C convenience, obtain and execute targeted marketing and advertising campaigns, and initiate our app and self-service operations which will increase sales and further cut costs, in addition to establishing a quicker, more convenient, service for customers. Each additional milestone reached will help propel VegBox brand awareness and create a path to dominate the vegan fast-causal restaurant marketplace.

**(j) A description of the process to complete the transaction or cancel an investment commitment.**

Investors may cancel an investment commitment until 48 hours prior to the deadline identified in our offering materials.

This offering's intermediary, MiTec, PBC (dba Crowdfund Mainstreet) ("CMS") will notify investors when the minimum target offering amount has been met.

If we reach the minimum target offering amount prior to the deadline identified in our offering materials, we may close the offering early if we provide notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to us upon closing of the offering and the investor will receive securities in exchange for his or her investment.

The issuer may decide to terminate an offering at any time. An offering may also be cancelled if the target raise is not reached. If this occurs, the investor is entitled to a full refund. Within five business days following the cancellation of the offering, CMS will

Send the investor a notification of the cancellation, disclosing the reason for the cancellation, and the refund amount that the investor is expected to receive.

Direct the refund of the investor's funds. Please note that the company may choose not to accept an investment for any reason.

A description of the process to complete the transaction is included in the investor education materials provided on the CMS platform.

**(k) A statement that if an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.**

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

**(l) The price to the public of the securities or the method for determining the price.**

Each security is priced at face value.

Prior to any sale of securities, each investor shall be provided in writing the final price and all required disclosures.

**(m) A description of the ownership and capital structure of the issuer, including:**

**(1) The terms of the securities being offered and each other class of security of the issuer, including the number of securities being offered and/or outstanding, whether or not such securities have voting rights, any limitations on such voting rights, how the terms of the securities being offered may be modified and a summary of the differences between such securities and each other class of security of the issuer, and how the rights of the securities being**

**offered may be materially limited, diluted or qualified by the rights of any other class of security of the issuer.**

The company is owned only by the Founder as shown in Item (c) above.

The issuer is offering a minimum of \$20,000 and a maximum of \$250,000 in convertible promissory notes (the “Convertible Notes” or “Note(s)”).

- Interest Rate:** Annual interest rate of 10%.
- Term:** All principal, together with accrued and unpaid interest under the Note is due and payable on 1/1/25 (the “Maturity Date”).
- Prepayment:** This Note may be prepaid without penalty. If prepayment results from a change of control transaction, the company will pay 108% of the outstanding principal plus accrued interest.
- Conversion:** In the event the company commences, on or before the Maturity Date, an equity financing pursuant to which it sells its preferred equity securities (the “Preferred Units”) constituting at least 10% of the outstanding equity of the company (a “Qualified Financing”), then the holder of the Note, at such holder’s sole option, may choose to convert all, but not less than all, of the then-outstanding principal balance and accrued but unpaid interest owed under the Note into Preferred Units at a conversion price equal to 90% of the price per unit paid by an investor purchasing the Preferred Units in the Qualified Financing.
- Events of Default:** Events of Default include
- (a) The failure by the company to pay any amounts due under the Note when due.
  - (b) A material breach by the company of any other term or provision of the Note.
  - (c) The filing of a petition in bankruptcy or under any similar insolvency law by the company, the making of any assignment for the benefit of creditors, or if any voluntary petition in bankruptcy or under any similar insolvency law is filed against Borrower and such petition is not dismissed within 60 days after the filing thereof.

Except for a default pursuant to (c) above (with respect to which there is no cure period), upon an Event of Default, Borrower shall have 30 days to cure such default after receipt of written notice of default from the holder of the Note specifying the nature of the

company's default. If the default is pursuant to (c) above or if the company is unable to cure its default within such 30-day period, the holder of the Note may, at such holder's option, accelerate repayment of the principal in which case the principal and all interest accrued thereon will be due and payable immediately.

**Amendment and Waiver:** Any term of the Note may be amended with the written consent of the company and the investor. The obligations of the company and the rights of the investor under the Note may be waived with the written consent of the investor.

The Notes have no voting rights. It is likely that the Preferred Units, into which the Convertible Notes could convert, will not have voting rights either.

The above is intended to be only a summary of some of the key terms of the Notes. The above is not a complete description of the terms of the Notes. Please see the form of the Convertible Note filed with the SEC with this offering statement as **Exhibit C** for the complete terms of the investment. The above summary is qualified in its entirety by **Exhibit C**.

**(2) A description of how the exercise of rights held by the principal shareholders of the issuer could affect the purchasers of the securities being offered.**

The Founder has the absolute right to make decisions with respect to the company. It is possible that the Founder will make a decision that has negative consequences for the company and therefore the investors.

**(3) The name and ownership level of each person, as of the most recent practicable date but no earlier than 120 days prior to the date this offering statement is filed, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.**

Please see Item (c) above.

**(4) How the securities being offered are being valued, and examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.**

The Convertible Notes are valued at face value. Any future convertible promissory notes of the company will be valued at face value.

**(5) The risks to purchasers of the securities relating to minority ownership in the issuer and the risks associated with corporate actions including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties.**

Unless the investor's Convertible Note converts into Preferred Units, the investor will have no voting rights or ownership in the company. The company's Founder, the sole decision-maker for the company, could make a decision that would have negative consequences for the company, reduce the company's revenue, and reduce the investor's return. Such decisions include, but are not limited to, the issuance of additional securities, a sale of the issuer or of the assets of the issuer, and transactions with related parties.

Investors must rely upon the judgment and skills of the Founder, who is the sole member, manager, and decision-maker for the company. As note-holders, investors in this offering have no voting rights or ownership of the company. If and when an investor's Convertible Note converts into Preferred Units, the investor will have an ownership interest in the company, but we do not expect the investor to have voting rights, except possibly under limited circumstances required by law. Further, we expect the Founder to continue to own and control a significant percentage of the company after the conversion, if any, of the investor's Convertible Note, as well as for the foreseeable future. We thus expect the Founder to retain significant control over the company's business and affairs.

An investor's percentage ownership of the company, when and if the investor's Convertible Note converts, depends in part upon the amount raised in the Qualified Financing described in Item (m)(1) above and the amount raised in this offering of Convertible Notes. Those amounts are currently unknown.

As described in Item (m)(1) above, the conversion of the Notes will also affect the percentage of the company the investor will own, provided such conversion occurs.

In addition, if the company issues additional equity interests after the investor's Convertible Note has converted into Preferred Units, the investor's ownership in the company could be diluted. If the company issues additional convertible notes before or after the conversion of the investor's Convertible Note, the investor's ownership of the company could also be diluted.

There may be other circumstances in which the investor's ownership interest in the company could be diluted.

**(s) A discussion of the issuer's financial condition, including, to the extent material, liquidity, capital resources and historical results of operations.**

Each prospective investor should read the following discussion and analysis of our financial condition and results of operations together with our certified financials, which have been filed with the SEC as **Exhibit D & E** to this offering statement, and the related notes and other financial information included elsewhere in this offering.

Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. Prospective investors should review the risk factors stated in Items (f) and (m) above, and any risk factors described elsewhere in this offering statement, as such factors could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Blossoms Events and Catering, LLC, DBA VegBox (the “Company”, or “Blossoms Events and Catering” or “VegBox”), as formed on April 16, 2009, is headquartered in Baltimore, Maryland under the provisions and laws of the State of Maryland. Its primary activity is food service. Although not yet profitable, VegBox is operating and revenue-generating. In August of 2020 Blossoms Events and Catering, LLC made a pivot and opened a vegan restaurant under the trade name VegBox.

VegBox restaurant has reached a one-year milestone of being in business. We experienced a slow and steady growth which allowed us to spread the word of our restaurant's name out into the community. To date, most of Blossoms Events and Catering Company’s revenues have come from offering B2C catering services and hot cook to order meal options to individuals looking for our vegan cuisine. These funds are used to continue operating the company as we raise additional capital.

The Company files income tax returns in the U.S. federal jurisdiction and state jurisdictions, as applicable. All highly liquid debt instruments with a maturity of one year or less are considered to be cash equivalents. On December 31, 2020, the Company had no items, other than bank deposits, that would be considered cash equivalents.

The Company maintains its cash in bank deposit accounts which are insured by the Federal Deposit Insurance Corporation up to \$250,000. As of December 31, 2020, the cash balance was \$3,016. As of November 30, 2021, the cash balance was \$283.

If we do not reach all of our Milestones, we will seek alternative funding options. In addition, the company is currently generating revenue so, even if we only reach our First Milestone, we expect the company to be able to continue operating at a slower pace for the foreseeable future.

Operations Milestones Reached:

August 2020

- Opened pilot restaurant concept
- Approval to sell food on delivery platform UberEats

October 2020

- Approval to sell food on delivery platform GrubHub

November 2020

- Approval to sell food on delivery platform DoorDash
- Customer sales increase by 110%

June 2021

- New lunch menu products released
- Breakfast service launched August 2021
- VegBox 1 year anniversary September 2021

Historical cash flows are not indicative of expected cash flows in the future. VegBox restaurant is in the early-stages and daily operation are different than in previous years' operating as a premier catering company. DBA VegBox has recently begun generating revenue and at this time, revenues are increasing month over month. At this point in the company's lifecycle, we project significant increases in revenue for the next several years. Our expectations for revenue growth and cash flow increase are based on our analysis of the vegan market growth, influx of vegan restaurants over the last 3 years, and similar vegan food service establishments in our competitive market.

The viability of the full scaling of VegBox depends on receiving funds from outside capital. All offering proceeds (and additional funds) will improve both our revenue and cash flow. For example, with the funds raised in this offering, we will devote resources to marketing our product to build our recurring customer base for a consistent revenue stream.

Right now, all of our sales are from organic digital content marketing and customer word of mouth.
