Experience

Co-founder

bunny.money

Apr 2018 – Present · 3 yrs 8 mos

bunny.money is a Public Benefit Corporation developing a mobile app to help Americans save effortlessly and support the people and nonprofits they care about. We do so by powering a personalized saving account and a near-zero fee payment solution to channel online donations - this describes a new approach called "Save for Good®" for our users, "Fundraise for Good" for the nonprofits on our marketplace.

We are incubated in France at Village by CA (Crédit Agricole bank) and in the US at Silicon Fintech Bay in Redwood City, CA.   ...see more

Senior Software Engineer

MY BACCHUS · Freelance

Mar 2020 – Present · 1 yr 9 mos

My Bacchus provides an IoT solution to guarantee the best quality of wines & cellars.
It adapts to your vats, barrels and bottles to monitor and control in real-time the evolution of wines and cellars.

Software Engineer, Innovation Group

Crédit Mutuel Arkéa · Apprenticeship

Jan 2017 – Feb 2018 · 1 yr 2 mos

Brest, Bretagne, France

Crédit Mutuel Arkéa offers banking and financial services to 4.7M customers in France. As part of the Bank innovation group, I developed prototypes leveraging artificial intelligence and relying on predictive analytics, facial recognition (identity and emotions) and conversational technologies.   ...see more

Software Developer, R&D

Starbreeze Studios · Internship

Sep 2016 – Dec 2016 · 4 mos

Région de la baie de San Francisco

Starbreeze Studios AB is a Swedish video game developer and publisher based in Stockholm. I worked on a 3D development tools project to improve team collaboration in real time. Embedded in the 3D company software it reduces conflicts when merging work targeting the same scene.   ...see more

Software Developer, IT Architecture and Technologies Group

Thales Underwater Systems · Internship

Jun 2015 – Sep 2015 · 4 mos

Brest, Bretagne, France

Thales is a French group designing and building electrical systems and providing services for the aerospace, defence, transportation and security markets.

Working for the IT Architecture and Technologies Group, I built from scratch a web ...see more
