Risk Factors

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Newly formed company with limited operating history: The Company has a limited operating history and has not generated any revenues from its primary project. The Company relies on the artist's past streaming numbers as a good indicator of performance for this

upcoming project.

Competition: The Company faces competition from other companies/ individuals with better funding or more experience in the industry. These competitors include other music artists worldwide. Many of these artists may have access to other financial, technical, and human resources, which could give them advantages in developing and marketing their music. These competitors can take away market share from the Company, which could significantly impact revenues.

Dependence on key personnel: The Company's future success depends, in a significant part upon the continued service of the management team, specifically Jay White and Steve Tatone, the performer and producer. The Company's success is dependent on the ability of the performer to appear and perform at the venues. The loss of the management team could have a material adverse effect on the company to complete the tour.

Audience appeal: The Company's main source of revenue will be from ticket sales to upcoming shows. The Company will rely on Neil Diamond's current fan base and the ability to attract new fans to venues. Since audience appeal depends on critical reviews and changing public taste, predicting audience appeal can be unpredictable, which can affect the success of the Company.

Limited rights for investors: Class B Unit Holders will not have any voting rights in the Company. All business and creative decisions with regard to the tour shall be made solely by the Manager, which includes but is not limited to managing the tour.. Investors will not have any right to rescind, terminate or enjoin the exploitation of the tour.

Indemnification: Under certain circumstances set forth specifically in article 8 of the operating agreement, covered person under the Company (the Manager) will be indemnified for any liabilities or losses against all claims, demands, liabilities, costs, expenses, damages, losses, suits, proceedings and actions, whether judicial, administrative, investigative or otherwise, of whatever nature, known or unknown, liquidated or unliquidated.

Indemnification under such provision could reduce or deplete assets of the Company.

Recording and production: There are substantial risks associated with recording and producing music, including death or disability of key personnel, inability to stick to budget or recording timelines, and other factors causing delays. These potential problems may increase cost of recording or producing or may cause the entire project to be abandoned.

Potential need for additional financing: There is no assurance that unforeseen events will not occur, resulting in the need to raise additional funds beyond what the Company and Manager project. Companies with limited operating histories, such as the Company and the Manager, do not always use capital in the most efficient manner. Thus, the Company and the Manager may need to raise additional capital to fund future operations and satisfy future capital requirements of the Company. Failure to raise

additional needed funds may have an adverse effect on the Company. Additionally, any additional funds raised will result in dilution of each investment. The Company and the Manager do not anticipate that additional financing will need to be obtained, but there can be no assurance that additional capital will not be needed.

Illiquidity of investment: There is no public market for the securities being sold in this offering. In addition, no sale, transfer or assignment of securities will be permitted unless authorized by the Manager of the Company. As a result of these restrictions, members may not be able to liquidate their investment in the event of an emergency and the securities may not be readily accepted as collateral for a loan.

Uncertainty of projections: Projected future cashflows are based on certain assumptions and other information available to the management team including past performance on previous projects of the management team. These assumptions and future events are inherently uncertain and unpredictable. Each investor should be aware that neither the Company nor the management team guarantees or warrants any specific projected results of an investment in the Company. Investors should seek professional counsel to determine their suitability of an investment in the Company and tax consequences resulting therefrom. The Company does not guarantee that the list of risk factors above is a complete explanation of the risks involved in an investment in the Company.

THE OFFERING

9. What is the purpose of this offering:

The Company intends to use the net proceeds for this offering to produce and promote The Sweet Caroline Tour. The Company expects but cannot specify with certainty to use the net proceeds from the Offering in the manner described below. Therefore, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering:

See proforma projections above

11. How will the issuer complete the transaction and deliver securities to the investors:

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment: When an Investor decides to invest in the Company, the investor will go through a four-step investment process on Music Benefactors ("Portal"):

1. Select investment amount and agree to the terms and acknowledge the disclosures. 2. Investor will sign Investor Agreement via an e-signature. 3. Investor will input payment information that will be used to complete the transaction. 4. Investor will finish the investment and will receive a notification email pursuant of Reg CF. Rule 303(d).

2. Transfer of Funds: After confirming that Investor has completed the investment process, the Portal will export the transaction information to a third-party bank to process the transaction. If the transaction is successful, the funds will be transferred to an escrow account equal to the transaction amount and a confirmation message will be sent to the Portal. If the transaction is unsuccessful, the third-party bank will notify the Portal that the transaction was unsuccessful, and no transaction amount would be processed. The Portal will decline the Investor Commitment and will notify the Investor that his/her investment commitment could not be processed.

3. Original Deadline Closing: If the minimum target offering amount is met by the deadline date disclosed on the Company's deal page and on the Form C, the Investor funds will be transferred from escrow to the Company's account. If the minimum target offering amount is not met by the deadline date, the Investor funds will be returned to Investor's account.

4. Early Closing: If the target offering amount is met prior to the deadline date, the Company may choose to close the offering earlier, but no earlier than 21 days after the date on which the offering went "live" or when the Form C was submitted and became posted on the Company deal page on the Portal's website. The Company will notify the Portal that it wishes to close the offering early. The Portal will send out a Notice of Early Completion of Offering email pursuant of Reg. CF Rule 304(b) at least five days prior to the new deadline. At the time of the new deadline assuming that the offering still meets the target offering amount after any cancellations, the Investor funds will be transferred escrow to the Company's account.

5. Investor Agreement: If the offering successfully closes, each investment will be recorded in the Company's books and records. Investors will be able to see their investment in their dashboard on the Platform under "My Investments." Under each transaction, the Investor will also be able to view and download the Investor Purchasing Agreement.

12. How can an investor cancel an investment commitment:

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled, and the committed funds will be returned.

An Investor's right to cancel: An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/ or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days or receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that Investor is required to receive. If a material change occurs within five days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not meet minimum target amount, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Investor will receive a notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's funds.

The Company's right to cancel: The Company has the right to cancel the Investment Agreement you will execute with us for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

16. How may the terms of the securities being offered be modified:

The terms of the securities may not be modified

Restrictions on Transfer of the Securities Being Offered

The securities being offered may not be transferred by any purchaser of such securities during the one-year period beginning when the securities were issued, unless such securities are transferred:

- (1) to the issuer;
- (2) to an accredited investor;
- (3) as part of an offering registered with the U.S. Securities and Exchange Commission; or
- (4) to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term “accredited investor” means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person. The term “member of the family of the purchaser or the equivalent” includes a child,

stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister in-law of the purchaser, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER’S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.: **N/A**

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above:

Investors in Class B Units do not have any voting rights in the Company. As a result, majority voting shares holders, specifically Class A Unit holders could limit Investor rights in a material way. For example, those voting rights holders could vote to change the agreements governing the Company’s operations, engage in additional offerings, or sell the Company to a third party. These decisions could affect gross revenues and diminish payments made to Investors and could dilute Investment shares.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer:

Class B Unit holders will receive aggregate distributions in an amount equal to 100% of their capital contributions (“Recoupment”) as mentioned in Schedule A of the Company’s operating agreement.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered:

The Manager pursuant of article 4 is vested with full, exclusive, and complete discretion, power, and authority, to manage, control, administer, and operate the business and affairs of the Company for the purposes herein stated. Therefore, the Manager may make decisions that the Investors disagrees with or that negatively affects the value of the Investor’s securities in the Company and the Investors will have no recourse to change these decisions. The Manager will try to make decisions that are in the Company’s best interest.

For example, voting rights holders could vote to change the agreements governing the Company’s operations, engage in additional offerings, or sell the Company to a third party. These decisions could affect gross revenues and diminish payments made to Investors and could dilute Investment shares.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions

The securities being offered in this Regulation Crowdfunding raise have been determined by the Company as a direct ratio to the budget of the Tour. The Company did not employ investment banking firms or other outside organizations to make an independent evaluation. The offering price should not be considered to be indicative of the actual value of the securities offered pursuant to this Form C.

In the future, these securities will be valued taking into account factors that are industry standard:

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Manager will make strategic decisions for the Company and the Investor will have no independent right to name or remove a member or officer of the Management of the Company. The value of the Investor's securities in the Company will largely depend on the Tour's ability to generate revenue. There are many factors that will determine the tour's success. Other risks can be found under question 8.

The Company may sell securities to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction.

The Company may also choose to sell the Company to a third party. Minority ownership holders will likely have little to no control of this decision, which could affect the return on investment.

23. What are the risks to purchasers associated with corporate actions including:

- additional issuances of securities,
- issuer repurchases of securities,
- a sale of the issuer or of assets of the issuer or
- transactions with related parties?

Additional Issuances of Securities:

The Issuer may decide to issue additional issuances of securities to entice strategic partners or seek more funding. These new securities may dilute the Investor's interest.

Issuer Repurchases of Securities:

The Issuer may have the authority to repurchase securities from the Investor, which may serve to decrease any liquidity in the market for such securities.

A sale of the issuer or of assets of the issuer:

The Manager may decide to sell part of, or all of the Company as written in the operating agreement. There can be no guarantee that the value received by the Investor from this sale including any remaining fair market estimate remaining in the Company will be equal to or exceed the Investor's initial capital contribution to the Company.

Transactions with related parties:

The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the Manager of the Company will be guided by his/her good faith judgement as to the Company's best interest. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length but will be in all cases consistent with the duties of the management of the Company to its LLC Members. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

The Company has no debts.

25. What other exempt offerings has the issuer conducted within the past three years? **None**

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12-month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest: (1) any director or officer of the issuer;

(2) any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;

(3) if the issuer was incorporated or organized within the past three years, any promoter

of the issuer; or
(4) any immediate family member of any of the foregoing persons.

No

WHEREAS, the existing Members and the Managers have set out fully in the Operating Agreement their respective rights, obligations and duties with respect to the Company and its assets; and

WHEREAS, Subscriber wishes to purchase from the Company, and the Company wishes to issue to Subscriber, a membership interest in the Company in the form of a number of units, each represented by a capital commitment in the aggregate amount of \$1.00 (a "Unit");

NOW, THEREFORE, in consideration of the premises and the mutual covenants contained in this Agreement, the parties agree as follows:

1. Subscription for Units.

1.1 Agreement to Sell and Purchase. Subscriber hereby agrees to purchase from the Company, and the Company hereby agrees to issue and sell to Subscriber, subject to Section 2.2 (Rejection of Subscription) of this Agreement, the number of Units set forth below Subscriber's signature on the signature page hereto (the "**Purchased Units**"), all subject to the terms and conditions set forth in this Agreement.

If the Company rejects such subscription, the Company shall refund to Subscriber all funds submitted by Subscriber to the Company in connection with such rejected subscription.

2.3 Default. If Subscriber fails to perform his obligations hereunder within five days after receipt of notice by the Company to Subscriber of such failure, the Company may, at its sole option: (a) if such failure occurs prior to the Closing, refuse to issue the Purchased Units to Subscriber; or (b) if such failure occurs after the Closing, result in the reversion of all rights, title and interest in the Units to the Company and a rescission of the transactions contemplated hereby.

2.4 Failure of Closing to Occur. The Company shall have no liability to Subscriber for (a) the failure of the Closing to occur or (b) its failure to issue the Purchased Units to Subscriber.

2.5 Obligations of Subscriber. At the Closing, Subscriber shall execute the Operating Agreement and such other documents as are deemed by the Company to be appropriate, advisable or necessary to consummate the transactions contemplated hereby and thereby.

2.6 Subscription Irrevocable. Except as provided under applicable state securities laws, this subscription is and shall be irrevocable on the part of Subscriber.

3. Representation and Warranties of Subscriber.

Subscriber hereby represents and warrants to the Company as follows:

3.1 No Conflicts. The execution and delivery of this Agreement do not, and the consummation of the transactions contemplated hereby will not, violate any terms of any material contractual restriction or commitment of any kind or character to which Subscriber is a party or by which Subscriber is bound.

3.2 Risk of Loss. Subscriber is able to bear the substantial economic risks of an investment in the Company and to sustain a complete loss of such investment. Subscriber recognizes that the acquisition of the Purchased Units involves a high degree of risk. Subscriber is cognizant of and understands all of the risks related to the purchase of the Units, including those set forth in Section 3.7 (Restrictions on Transfer) of this Agreement pertaining to transferability. Subscriber has adequate net worth and means of providing for his current needs and possible personal contingencies and has no need for liquidity in this investment. Subscriber's commitment to investments which are not readily marketable is not disproportionate to his net worth and his acquisition of the Purchased Units will not cause his overall commitment to such investments to become excessive.

3.3 Access. Subscriber acknowledges that all documents, records and books pertaining to this investment have been made available for inspection by him, his counsel, and his accountants. Counsel and accountants for Subscriber, and Subscriber himself, have had the opportunity to obtain any additional information necessary to verify the accuracy of the contents of the documents presented to them, and to confer with and to ask questions of, and receive answers from, representatives of the Company or persons authorized to act on its behalf concerning the terms and conditions of this investment and any additional information requested by Subscriber or his representatives. In evaluating the suitability of this investment in the Company, Subscriber has not relied upon any representations or other information (whether oral or written) other than as set forth in any documents or answers to questions furnished by the Company. Subscriber is making this investment without being furnished any offering literature other than the documents or answers to questions described above.

3.4 Investment Intent. The Purchased Units are being acquired by Subscriber for the account of Subscriber, for investment purposes only, and not with a view to, or in connection with, any resale or distribution thereof. Subscriber has no contract, undertaking, understanding, agreement or arrangement, formal or informal

with any person or entity to sell, transfer or pledge to any person or entity all or any part of the Purchased Units, any interest therein or any rights thereto, and Subscriber has no present plans to enter into any such contract, undertaking, agreement or arrangement.

3.5 Reliance on Representations. Subscriber understands that no federal or state agency has passed on or made any recommendation or endorsement of the Units. Subscriber further understands that the Company, in offering the Purchased Units for sale to Subscriber, is relying on the truth and accuracy of the representations, declarations, and warranties made by Subscriber herein and in the investor suitability questionnaire completed, executed and delivered by Subscriber to the Company contemporaneously herewith.

3.6 No Registration. Subscriber acknowledges that, because the Units have not been registered under the Securities Act of 1933 (the “**Securities Act**”), and because the Company has no obligation to effect such registration, Subscriber shall continue to bear the economic risk of his investment in the Purchased Units for an indefinite period.

3.7 Restrictions on Transfer. Subscriber agrees that he will not sell or otherwise transfer the Purchased Units other than in accordance with the terms and conditions of the Operating Agreement. It is understood that the Units cannot be liquidated easily, that no public or other market exists for the Units, and that no such market is expected to develop. Subscriber is aware that, because the Purchased Units have not been registered under the Securities Act or applicable state securities laws, any resale inconsistent with the Securities Act or applicable state securities laws may create liability on Subscriber’s part or the part of the Company, and agrees not to assign, sell, pledge, transfer or otherwise dispose of the Units unless they are registered under the Securities Act and applicable state securities laws, or an opinion of counsel satisfactory to the Company is given to the Company that such registration is not required. Subscriber is aware that the Company will impress on the back of any certificate representing Units a legend substantially as follows:

- *These Units have not been registered under the Securities Act of 1933 or applicable state securities laws. They may not be offered or transferred by sale, assignment, pledge or otherwise unless (i) a registration statement for the Units under the Securities Act and applicable state securities laws is in effect or (ii) the Company has received an opinion of counsel satisfactory to the Company to the effect that such registration is not required.*

3.8 Sophistication. Subscriber possesses a sufficient degree of sophistication, knowledge, and experience in financial and business matters such that he is capable of evaluating the merits and risks of acquiring the Purchased Units.

3.9 No Oral Representations. No person representing the Company or purporting to do so has made any oral representation or warranty to Subscriber which is inconsistent with the information provided in writing to him. Subscriber agrees that he has not relied and shall not rely on any such representation or warranty in connection with any decision to acquire the Purchased Units.

3.10 Execution on Behalf of Certain Entities. If this Agreement is executed on behalf of a partnership, trust, corporation or other entity, the undersigned has been duly authorized to execute and deliver this Agreement and all other documents and instruments (if any) executed and delivered on behalf of such entity in connection with this subscription for the Purchased Units.

3.11 Brokers. No broker, finder or intermediary has been paid or is entitled to a fee or commission from or by Subscriber in connection with the purchase of the Purchased Units nor is Subscriber entitled to or will accept any such fee or commission.

3.12 Indemnification. Subscriber acknowledges that Subscriber understands the meaning and legal consequences of the representations and warranties contained in this Agreement, and hereby agrees to indemnify and hold harmless the Company and any affiliate of the Company, and the officers, members, managers, associates, agents and employees of the Company and their affiliates, and any professional advisers to any of the above parties, from and against any and all loss, damage or liability (including costs and reasonable attorneys' fees) due to or arising out of a breach of any representation, warranty or acknowledgement of Subscriber or failure to fulfill any obligation of Subscriber, whether contained in this Agreement or in any other document completed as part of the sale of the Purchased Units to Subscriber, or arising out of the sale or distribution by Subscriber of any securities in violation of the Securities Act or any applicable state securities laws. Notwithstanding any of the representations, warranties, acknowledgements or agreements made herein by Subscriber, Subscriber does not hereby or in any other manner waive any rights granted to him under federal or state securities laws.

3.13 Subject to Operating Agreement. The Units subscribed for herein shall at all times be subject to the terms of the Operating Agreement.

Subscriber hereby agrees, on behalf of himself and his designated representative, if any, to keep confidential at all times any nonpublic information which such persons may acquire concerning the Company pursuant to this Agreement or otherwise. Nothing in this Section 3.14 (Confidentiality) shall be construed to impose a confidentiality obligation on such persons in connection with (a) any information already possessed by such persons which such persons acquired from sources other than the Company, or (b) any matter which is at the date of this Agreement, or thereafter becomes, public knowledge through no act or failure to act by the undersigned or designated representatives of Subscriber.

3.15 Survival. The foregoing representations and warranties of Subscriber shall survive the Closing. Subscriber represents and warrants that the representations, warranties and acknowledgements set forth above are true and accurate as of the date hereof and as of the Closing. If in any respect such representations and warranties shall not be true prior to the Closing, the undersigned will give prompt written notice of such fact to the Company.
