Counterparts may be delivered via facsimile, electronic mail (including pdf or any electronic signature complying with the U.S. federal ESIGN Act of 2000, Uniform Electronic Transactions Act (UETA) or other applicable law) or other transmission method and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.
- d. **Governing Law.** This Agreement shall be governed by and construed under the laws of Delaware as applied to other instruments made by Delaware residents to be performed entirely within the Delaware, regardless of the laws that might otherwise govern under applicable principles of conflicts of law.
- e. **Notices.** All notices and other communications given or made pursuant to this Agreement shall be in writing and shall be deemed effectively given upon the earlier of actual receipt or: (a) personal delivery to the party to be notified, (b) when sent, if sent by electronic mail or facsimile during normal business hours of the recipient, and if not sent during normal business hours, then on the recipient's next business day, (c) five days after having been sent by registered or certified mail, return receipt requested, postage prepaid, or (d) one business day after deposit with a nationally recognized overnight courier, freight

prepaid, specifying next business day delivery, with written verification of receipt.

- f. **Severability.** If one or more provisions of this Agreement are held to be unenforceable under applicable law, such provision shall be excluded from this Agreement and the balance of the Agreement shall be interpreted as if such provision were so excluded and shall be enforceable in accordance with its terms.
- g. **Escrow Procedures.** No investor funds shall be released from escrow until the Target Offering Amount is met for the Offering. The Target Offering Amount must be met on or before the Subscription Close Date for funds to be released from the escrow to the Company.
- h. **Entire Agreement; Amendments and Waivers.** This Agreement constitutes the full and entire understanding and agreement between the parties with regard to the subjects hereof. The Company's agreements with each Holder are separate agreements, and the sales of the aPledge Digital Security Tokens with the Agreement to each Holder are separate sales. Nonetheless, any term of the Agreement may be amended and the observance of any term of the Agreement may be waived (either generally, and in a particular instance, either retroactively or prospectively), with the written consent of the Company and Majority Holders, provided that no amendment that adversely affects the economic rights of a holder of aPledge Digital Security Tokens will be effective against that holder except with his, her, their or its consent. Any waiver or amendment effected in accordance with this Section 7h shall be binding upon the Company and each current and future holder of an aPledge Digital Security Token purchased in the Offering.
- i. **Intercreditor Repayment Obligations at the Maturity Date or Upon a Default.** Each Holder agrees that upon an Event of Default before, on, or after the Maturity Date the payments to the Holders in the Offering shall be made pro rata among all Holders until all such amounts are paid in full. Nothing in

this Section 7i shall prohibit the Company from redeeming the aPledge Digital Security Tokens held by a Holder prior to the Maturity Date in accordance with Section 2c of this Agreement. If any Holder shall at any time receive, whether or not an event of Default has occurred, any payment of principal, interest or other charge arising under the Agreement, or upon any other obligation of the Company or any sums by virtue of counterclaim, offset, or other lien that may be exercised, or from any security, other than payments made on the same date in such pro rata amounts to all Holders, each Holder shall share such payment or payments on a pro rata basis with the other Holders.

- j. **Senior Indebtedness.** The indebtedness evidenced by this Agreement is subordinated in right of payment to the prior payment in full of any Senior Indebtedness in existence on the date of this Agreement or hereafter incurred. “Senior Indebtedness” shall mean, unless expressly subordinated to or made on a parity with the amounts due under this Agreement, all amounts due in connection with (i) indebtedness of the Company to banks or other lending institutions regularly engaged in the business of lending money (excluding venture capital, investment banking or similar institutions and their affiliates, which sometimes engage in lending activities but which are primarily engaged in investments in equity securities), and (ii) any such indebtedness or any debentures, notes or other evidence of indebtedness issued in exchange for such Senior Indebtedness, or any indebtedness arising from the satisfaction of such Senior Indebtedness by a guarantor.

8. **Dispute Resolution.**

- a. **General Rule.** Any dispute under this Agreement will be resolved through arbitration, not through the court system. All arbitration will be conducted in Wilmington, Delaware unless both parties agree otherwise in writing in a specific case. All arbitration will be conducted before a single arbitrator in following of the rules of the American Arbitration Association. Except as

required by law, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

- b. **Appeal of Award.** Within thirty days of a final award by the single arbitrator, either party may appeal the award for reconsideration by a three-arbitrator panel. If there is an appeal, the other party may cross-appeal within thirty days after notice of the appeal. The panel will reconsider all aspects of the initial award that are appealed, including related findings of fact.
- c. **Effect of Award.** Any award by the individual arbitrator that is not subject to appeal, and any panel award on appeal, shall be final and binding, except for any appeal right under the Federal Arbitration Act, and may be entered as a judgment in any court of competent jurisdiction.
- d. **No Class Action Claims.** NO ARBITRATION SHALL PROCEED ON A CLASS, REPRESENTATIVE, OR COLLECTIVE BASIS. No party may join, consolidate, or otherwise bring claims for or on behalf of two or more individuals or unrelated corporate entities in the same arbitration unless those persons are parties to a single transaction. An award in arbitration shall determine the rights and obligations of the named parties only, and only with respect to the claims in arbitration, and shall not (i) determine the rights, obligations, or interests of anyone other than a named party, or resolve any claim of anyone other than a named party, or (ii) make an award for the benefit of, or against, anyone other than a named party. No administrator or arbitrator shall have the power or authority to waive, modify, or fail to enforce this paragraph, and any attempt to do so, whether by rule, policy, and arbitration decision or otherwise, shall be invalid and unenforceable. Any challenge to the validity of this paragraph shall be determined exclusively by a court and not by the administrator or any arbitrator. If this paragraph shall be deemed unenforceable, then any proceeding in the nature of a class action shall be handled in court, not in arbitration.
