Save a Child's Heart

Feb 2013 – Present · 8 yrs 11 mos

Children

Based in Tel Aviv, SACH provides life-saving cardiac surgeries to young children from developing nations. These children usually do not have access to the necessary healthcare in their home countries, so SACH flies them to Tel Aviv, houses / feeds / preps them for surgery, performs the surgery, rehabilitates them and then sends them home with a new lease on life. Do to some miraculous work, they have gotten the cost of saving a life down to \$15,000! If you are curious to get involved or learn more, shoot me a note!

The Mary Parrish Center

Aug 2012 – May 2016 · 3 yrs 10 mos

Human Rights

The Mary Parrish Center is a community in Nashville, TN that provides support and care for women and children who have been victims of domestic abuse. By creating a safe, communal home for individuals and families, and by providing job, interview and healing opportunities, The MPC offers a second chance to escape an unfair and harsh reality.

Through our student/Greek-life led non-profit efforts at Vanderbilt University, I was a core part of a collective that raised over \$250,000 for The MPC across the 4 years, primarily through building on campus music festivals.
