# Vikas Garg

Founder & CEO, abillion  
Singapore, Singapore

## Summary

Hi I'm Vikas and I started abillion, a social platform on a mission to help a billion people save the planet. Before starting abillion I worked in finance. Besides LinkedIn, I'm @vikas on the abillion app!

A few quotes that inspire me:

When a platform is self-service, even the improbable ideas can get tried, because there's no expert gatekeeper ready to say "that will never work!" And guess what - many of those improbable ideas do work, and society is the beneficiary of that diversity. - Jeff Bezos

Whoever saves one life saves the world entire. - the Talmud
